The Lok Sabha met at Eleven of the Clock

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

Inducements for Encouraging Family Planning

*301. SHRI SAMAR MUKHERJEE : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) the number of cases of sterilization, insertion of loops and the number of regular users of conventional contraceptives for each year between 1968 and 1971 :

(b) what kind of inducements are being offered for encouraging the people to undertake family planning or to undergo sterilization ; and

(c) whether Government are contemplating the introduction of old age security scheme to encourage family planning ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA) : (a) A statement containing the required information is laid on the Table of the Sabha.

(b) No direct inducements are offered but persuasion and education is used to secure the willing involvement of the people for acceptance of Family Planning.

(c) No, Sir.

Statement

Year	Sterilizations	IUCD insertions	Conventional Contraceptive acceptors	Total acceptors
1967-68	1,839,811	668,979	475,236	2,984,029
1968-69	1,664,817	478,731	960,896	3,104,444
1969-70	1,422,118	458,726	1,515,329	3,396,173
1970-71 (incomplete figures)	1,275,962	458,185	2,054,789	3,798,936

SHRI SAMAR MUKHERJEE : The Census report is now out. So, will the hon. Minister enlighten us about the total impact of family planning in regulating the population on a national scale ?

SHRI D. P. CHATTOPADHYAYA : During 1967-68, 18,39,811 people had been sterilised, and IUCD insertions had taken place in the case of 6,68,979 persons ; conventional contraceptives had been accepted by 4,75,236 persons.

SHRI INDRAJIT GUPTA : All that has been given in the statement.

SHRI SAMAR MUKHERJEE : What has been the impact ?

SHRI D. P. CHATTOPADHYAYA : The impact has been considerable, because the projected population growth has been arrested to a considerable extent.

SHRI SAMAR MUKHERJEE : In which State has the effect been relatively more in comparison with other States ?

SHRI INDRAJIT GUPTA : In which State has it been the most and in which has it been the least ?

SHRI D. P. CHATTOPADHYAYA : I find that in the case of Dadra and Nagar Haveli, Nagaland, Tamil Nadu, Maharashtra, Rajasthan, West Bengal, Andhra Pradesh, Bihar and Gujarat, the impact has been felt relatively on a lesser scale.

श्री बी० पी० मौर्य : जहां तक आप्रेशन का सवाल है, उनकी संख्या लगातार जो आंकड़े इन्होंने दिये हैं। उनसे पता चलता है कि घटती चली जा रही है। इसके साथ साथ कुछ ऐसी भी शिकायतें आई हैं मेरे क्षेत्र से तथा और जगहों से भी जहां मैं जाता हूं कि वहां सत्तर-सत्तर साल की आयु के लोगों के आप्रेशन कर दिये जाते हैं और उनको इस गिनती में शामिल कर लिया जाता है। मैं जानना चाहता हूं कि इसके बारे में मंत्री महोदय क्या करने जा रहे हैं।

निर्माण और आवास तथा स्वास्थ्य और परिवार नियोजन मंत्री (श्री उमाशंकर दीक्षित) : माननीय सदस्य ने जो प्रश्न उठाया है वह एक समिति हद तक सही हो सकता है। लेकिन यदि आप देखेंगे तो आपको विदित होगा कि अब उसमें स्टेबिलिटी आ रही है, स्थिरता आ रही है। शुरू में कुछ हद तक यह बात रही होगी और इस कारण चिन्ता भी रही होगी। लेकिन जब से उस पर ज्यादा ध्यान दिया गया है तब से आपने देखा होगा कि स्थिरता आ रही है। चिन्ता पैदा करने वाले आंकड़े न बढ़ कर अब जो आंकड़े दिये जा रहे हैं वे अधिक विश्वसनीय हैं।

श्री हुकुम चन्द कछवाय : क्या यह सही है कि रेलवे कर्मचारियों तथा काश्तकारों पर आप्रेशन कराने के लिए दबाव डाला जाता है? क्या यह सही नहीं है कि रेलवे वालों को कहा जाता है कि तुमको छुट्टी तथा तनख्वाह भी तभी मिलेगी जब तुम आप्रेशन करवा लोगे? क्या यह भी सही है कि काश्तकारों को कर्ज का पैसा या कुएं खोदने के लिए पैसा या बीज, खाद आदि खरीदने के लिए पैसा कुछ स्थानों में तभी दिया जाता है जब वे डाक्टर का प्रमाणपत्र लेकर आते हैं?

अल्पसंख्यक लोग इस प्रकार का बहाना करके टाल देते हैं कि उनका धर्म ऐसा करवाने की इजाजत नहीं देता है। मैं एक फेमली प्लानिंग कमिटी में गया था और वहां मुझे इसके बारे में एक डा० ने बताया था कि अल्पसंख्यकों का धर्म इजाजत नहीं देता। मैं जानना चाहता हूं कि क्या यह भी सही है? इसके बारे में आप क्या कर रहे हैं?

श्री उमाशंकर दीक्षित : माननीय सदस्य के पास हमारे भी अधिक जानकारी है, ऐसा मालूम पड़ता है। हमारे पास इस तरह के दबाव की सूचना नहीं है। मैं अपना निजी मत प्रकट करूं तो मैं कहूंगा कि थोड़ा बहुत दबाव हो तो अच्छे परिणाम हो सकते हैं। अनुचित दबाव नहीं होना चाहिए। उचित दबाव से लाभ ही होने वाला है। लेकिन हम दबाव की नीति पर नहीं चल रहे हैं। हमारा मत यह है कि मिद्दांततः जब जनता में इसकी स्वीकार्यता बढ़ जायगी तभी इस क्षेत्र में भारतवर्ष में सफलता मिलने वाली है। दबाव या इंड्र्यूमेंट में मैं मानता हूं कि अधिक सफलता नहीं मिलेगी।

SHRIMATI JYOTSNA CHANDA : Just now the hon. Minister stated that encouragement and education are given to take advantage of the family planning programme. Are Government aware that a minority community is not taking advantage of these incentives? If so, do they propose to enable them to do so? Is any law in contemplation for this purpose?

SHRI D. P. CHATTOPADHYAYA : The facilities of family planning are being utilised by all communities more or less. If there is difference, it is due to the lack of education and other relevant information.

Sale of Arms to South Africa

+

*303 SHRI N. S. BISHT :
SHRI R. P. DAS :
SHRI T. S. LAKSHMANAN :

Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the U. N. Special Committee

on Apartheid has stated in its report that the U. S. A., Britain, France, West Germany, Israel, Switzerland and Belgium are selling arms to South Africa despite the U. N. embargo and that it is a clear breach of Security Council's decision ; and

(b) if so, the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) The Special Committee on Apartheid has stated that the decision of the U. K. Government to resume arms sale to South Africa is a breach of the Security Council resolutions imposing the arms embargo. The Committee has also stated that in the case of France, the Federal Republic of Germany, Israel, Switzerland, Belgium, the U. S. and others, information has been restricted so that the amount of coverage given in the Rapporteur's reports to their collaboration does not necessarily reflect the full extent to which they are involved in the arms trade with South Africa. According to the Committee, it is essential that all breaches of the embargo by the States concerned should be stopped forthwith.

(b) The Government of India have faithfully abided by the Security Council's resolution imposing an arms embargo against South Africa and, in the U.N. and elsewhere, have also called upon all other States to implement the embargo fully and unconditionally. India will participate in a mission of the Special Committee on Apartheid which will visit Europe and Africa with a view to mobilising public opinion and coordinating action against apartheid in South Africa.

SHRI N. S. BISHT : Are Government contemplating any direct and dynamic action which will compel South Africa to give up its apartheid Policy ?

SHRI SURENDRA PAL SINGH : I do not know what the hon. Member means by 'direct and dynamic action'. We have done everything possible in the world forums, in the U.N. and elsewhere, to condemn South Africa's action and have always supported all resolutions in favour of imposing an arms embargo on S. Africa.

SHRI N. S. BISHT : Is the Government

aware whether the embargo was imposed on South Africa by various countries ? Will the hon. Minister state the name of such countries ?

SHRI SURENDRA PAL SINGH : In July, 1970, a resolution was passed by the Security Council not only placing an embargo but supporting all the previous resolutions on the same subject and appealing to the world community to strengthen this move. Practically all countries, all Members of the Security Council, supported the resolution, excepting the U. K., France and U.S.A. who abstained from voting.

SHRI DASARATHA DEB : If Britain does not stop the sale of arms to South Africa, will the Government of India quit the Commonwealth ?

SHRI SURENDRA PAL SINGH : Our views regarding the supply of arms by U. K. to South Africa have been made known here on a number of occasions, and we have condemned this intended action in the part of U. K. in no uncertain terms. As for quitting the Commonwealth, it is a much bigger question which cannot be decided here.

SHRI P. VENKATASUBBAIAH : In view of the fact that Gt. Britain, which is a member of the Commonwealth, has flagrantly violated the decision taken by the Security Council and has not observed the embargo, may I know whether this matter will at least be raised in the Commonwealth Conference and brought home to the U. K. Government that in case it does not respect the wishes of the Security Council, our Government will sever its connections with the Commonwealth ?

SHRI SURENDRA PAL SINGH : I do not know which Commonwealth conference he is referring to. There is no likelihood of a conference taking place in the near future. A conference did take place in Singapore in January last, and this matter was discussed there.

SHRI INDRAJIT GUPTA : In view of the fact that the U. K. Government is reported to be insisting that its supply of arms to South Africa is within the framework of the Simons-town Agreement and therefore does not constitute a violation of the Security Council decision, what is the attitude of the Government of India towards this action of the U. K. Government in so far as it has a bearing on the current attempts being made by the U. K. and

U. S. Governments to increase their military presence in the Indian Ocean, because South Africa would be only at one end of the Indian Ocean? And does not the Government think that this affects our national interests, security interests, and from that point of view, have they made any strong representation directly to the U. K. Government?

SHRI SURENDRA PAL SINGH : It is true that in support of their decision, the U. K. Government have invoked the Simons town Agreement, and they have made it known to the Special U. N. Committee that they are under some legal obligations in terms of this agreement to supply arms to South Africa, but this attempt of the U. K. has been criticised by us. We do not accept it, nor does the Special Committee on Apartheid.

Expansion of Ordnance Factories

*304. **SHRI S. M. BANERJEE :** Will the Minister of DEFENCE be pleased to state :

(a) whether there is any scheme for further expansion of the Ordnance Factories with a view to reaching a state of self-sufficiency in the matter of conventional weapons ; and

(b) if so, the Ordnance Factories which are likely to be expanded ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) Yes, Sir. Development and production of weapons and other defence equipment is a continuously evolving process. Consequently, a number of projects are always under consideration for production in the existing defence factories or in the new units to be set up for this purpose.

(b) It is not in the public interest to disclose this information.

SHRI S. M. BANERJEE : I am happy that we have reached the stage of self-sufficiency in the matter of conventional weapons. I would like to know whether it is a fact that at present in all the ordnance factories less than 50 per cent of the production capacity only is being utilised, whether there are any schemes to improve the position by utilising at least 70 to 80 per cent of the capacity and if so, what are the schemes.

SHRI VIDYA CHARAN SHUKLA : It is not true that in all the ordnance factories less than fifty percent of the capacity is being utilised. However in certain ordnance factories there is less utilisation of the capacity. We have answered a question earlier in the Lok Sabha, for instance, about the clothing factory at Shahjahanpur....

SHRI S. M. BANERJEE : My question does not relate to clothing factory ; it relates to other factories, arms and ammunition factory, cordite factory and so on.

SHRI VIDYA CHARAN SHUKLA : There are certain factories which are not utilising the full capacity and we are continually looking for additional ranges of production for the benefit of our armed forces. We do not want to produce goods which are not needed merely for utilising the installed capacity. We have to balance the requirements with our capacity to produce and therefore we are keeping a constant watch on the entire sector.

SHRI S. M. BANERJEE : Is it a fact that after such a long time the Government has taken a decision to set up an Ordnance Production Board with a view to step up production in the ordnance factories and to decentralise the powers in the hands of various general managers and to give it to a properly constituted board and if so, has any final decision been taken or is likely to be taken about the association of workers in that Board?

SHRI VIDYA CHARAN SHUKLA : This board has been set up and has actually started functioning from 31st May. We hope that with the setting up of this Board many decisions which normally took many months or even years sometimes to take would now be expedited. This Board is necessarily a board for administrative efficiency and expediency and therefore the question of workers' participation may not be quite relevant. What is more relevant is workers' participation in a greater measure on the factories where items are produced because this Board is necessarily a board to streamline the functioning of various agencies which are concerned with defence production in the country. This particular question of workers' participation, the extent, the manner and the way in which it should be done is being considered in respect of the various defence production units.

SHRI H. K. L. BHAGAT : Is it possible for the Minister to let us know the target date by which we would be self-sufficient in the supply of conventional weapons ?

SHRI VIDYA CHARAN SHUKLA : We have stated several times in the House that we are more or less self-sufficient in conventional weapons. There is no question of setting a target date in such cases. This is a dynamic process which goes on from year and to year. We have to keep pace with the rest of the world keeping in front the various kinds of weapons that are developed so that our armaments do not become obsolete. The question of complete self-sufficiency could never arise.

SHRI DINEN BHATTACHARYYA : May I know whether a certain percentage of the conventional weapons are now exported from India and if so which are the countries to which they are exported ?

MR. SPEAKER : This question relates to another Ministry.

SHRI VIDYA CHARAN SHUKLA : We do export certain varieties of conventional weapons. But I do not think that it is proper for us to disclose either the quantity or the countries which purchase arms from us.

SHRI BUTA SINGH : There is acute shortage of small arms in the country resulting in large-scale smuggling of arms like revolvers, pistol, etc. There is no provision either in the ordnance factories or in the private sector to manufacture these arms. May I know if there is any scheme with the Government to stop smuggling and to have some unit in the public sector to provide small arms, especially in the border states so as to stop smuggling of small arms ?

SHRI VIDYA CHARAN SHUKLA : According to the industrial policy resolution adopted by the House in 1952, it has been decided that the arms production, whether for civilian use or for the use of our armed forces, will be made entirely in the public sector. It is true that from time to time there have been demands from the public for certain types of arms or arms for personal safety or display and in the past when there was not a heavy rush on certain kinds of weapons, the ordnance factories were producing double-barrel breech-loading

shot guns and a certain variety of rifles which were converted from .303. But it is a fact that this has not been able to meet the entire demand in the country, and it is also a question to be considered whether we should allow or encourage the proliferation of arms into various areas where it could be misused. As the hon. Member knows, there are factories which have been going on for several years, before this particular policy decision was taken, in the small-scale sector and the cottage industry sector which are producing small arms, breech-loading weapons and also muzzle-loading weapons. As far as the Government is concerned, at present there is no intention to make any change in the policy.

Adulterated Food Articles in Delhi

*305 SHRI KALYANASUNDARAM : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) Whether 10 to 30 per cent of the samples of food articles collected each month in Delhi are found adulterated ;

(b) If so, which are the articles usually found adulterated and what are the substances used for adulterating these articles ;

(c) What harm these substances will produce on human bodies ;

(d) Why food adulteration continues to be a major evil despite measures taken to combat it ; and

(e) the steps Government propose to take to put a stop to this evil ?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKER DIKSHIT) : (a) Yes, Sir.

(b) A statement is laid on the Table of the Sabha.

(c) The adulterants like lead chromate etc. used in spices or certain coal-tar-dyes used in confectionary, sweets etc. are toxic and carcinogenic in nature.

(d) The number of traders dealing in food articles is very large and they are widely dispersed all over the city. It is therefore diffi-

cult to ensure that all of them conform to the highest norms of commercial conduct. There is however reason to believe that in Delhi steps taken by Government have brought about some decline in the incidence of food adulteration.

(c) The provisions of the Prevention of Food Adulteration Act have already been made

more stringent and the States asked to ensure proper enforcement of the Act. All the 106 Sanitary Inspectors in the Municipal Corporation, Delhi have been delegated powers of food inspectors. In addition, there is a Central Squad under the Corporation consisting of 8 Food Inspectors under the supervision of a Senior Officer to lift food samples.

Statement

Name of the article		Adulterants
1. Milk	...	Water and abstraction of fat by skimming
2. Ghee	..	Vanaspati
3. Cream, butter	...	Deficiency of fat or addition of Vanaspati
4. Ice-cream	...	Use of non-permitted colours or deficiency of milk solids
5. Spices	...	Excessives and or grit, insect infestation, extraneous colours like lead chromate or coal-tar-dyes
6. Honey	...	Commercial invert sugar
7. Wheat and wheat products	...	Insects, grit and deficiency in Gluten
8. Coffee Chicory Mixture	...	Use of excessive amount of chicory
9. Soft drinks	...	Use of non-permitted colours or suspected matter
10. Fruit products	...	Deficiency in fruit contents or addition of non-permitted colours.
11. Oils	...	Addition of cheaper oils.

SHRI KALYANASUNDARAM : Sir, from the answer given by the Minister and also the statement placed on the Table of the House, it appears that all essential articles of consumption are being adulterated on a very big scale. I understand that the food inspectors in Delhi are able to catch only the small vendors and they are not empowered to catch the person at the point of adulteration, that is, the wholesale producers who are responsible for the adulteration. May I know whether the Act is going to be amended so as to empower the Food inspectors to attack at the point of adulteration?

SHRI UMA SHANKAR DIKSHIT : The amendment made in 1965 has, in my opinion, considerably improved the position. If we increase this kind of measure, I am not sure to what extent it will be effective, but I am not straightway able to say whether on merits we should amend the Act in order to cover the extra field pointed out by the hon. Member.

SHRI KALYANASUNDARAM : May I know how many cases were detected in Delhi

recently and how many of them were small vendors and how many wholesale dealers?

SHRI UMA SHANKAR DIKSHIT : It is difficult for me to give separate figures for small and large vendors. So far as Delhi is concerned, the percentage of samples found adulterated was in 1965, 22 per cent as against the All-India figure of 31 per cent; in 1966, 22 per cent against 25.5 per cent on All-India basis; in 1967, 19.9 per cent against 25.2 per cent on All-India basis and in 1968, 16.8 as against the All-India figure of 24.3 per cent. The latest figures are not exactly available, but I am assured that the trend had been maintained.

श्री मूलबन्ध डागा : खाद्य पदार्थों में जो मिलावट करते हैं और जो उन खाद्य पदार्थों को बेचते हैं क्या दोनों को एक ही सजा मिलती है? जो मिलावट करने वाले हैं उनको भी वही सजा मिलती है और जो बेचने वाले हैं उनको भी वही सजा मिलती है?

श्री उमाशंकर दीक्षित : जो पकड़े जाते हैं उन्हें ही सजा होती है चाहे वह बनाने वाले हों चाहे बेचने वाले ।

श्री मूलचन्द झागा : लेकिन बेचने वाले का कसूर उतना नहीं होता जितना बनाने वाले का होता है ।

श्री अमरनाथ बिष्टालंकार : मिनिस्टर साहब ने बताया कि दूकानदारों की तादाद बहुत ज्यादा है और इसलिए यह मुश्किल हो जाता है कि पूरी तरह से उनको पकड़ा जा सके, तो क्या यह ज्यादा आसान नहीं है कि मैनुफैक्चरर्स को पकड़ा जाय क्योंकि उनकी तादाद कम है और कानून को एफेक्टिव बनाया जा सकता है, जब मिलावट करने वालों को ही पकड़ा जाय, न कि बेचने वालों को ।

श्री उमाशंकर दीक्षित : इसका मैं अध्ययन करूंगा । मैं तत्काल नहीं कह सकता हूँ कि ऐक्ट के अधीन कितना संभव है या नहीं । लेकिन यदि संभव होगा और आवश्यक होगा तो इस पर हम अवश्य विचार करेंगे । लेकिन यह हमने जरूर किया है कि अधिक वित्तीय व्यवस्था की है जिसमें समय-समय पर अधिक जगहों में लोग जाकर परीक्षण इत्यादि कर सकें ।

श्री हुकम चन्द कछवाय : अक्सर ऐसी चीजें हल्दी, मिर्चा, धनिया, जीरा इत्यादि जो खड़े मसाले बाजार में बिकते हैं उनको छोटे व्यापारी बड़े व्यापारियों से लेकर आते हैं, तो मेरा यह कहना है कि यह जो खड़े मसाले होते हैं उनका भी सेम्पल लेते हैं और उन्हें भी लोग पकड़ते हैं और पकड़ कर हैरेस करते हैं इसलिए कि उनसे कुछ ले दे कर मामला रफा दफा कर दिया जाय, क्या यह सही है ?

श्री उमाशंकर दीक्षित : इसकी सूचना नहीं है । यदि माननीय सदस्य कोई सूचना देंगे तो उस पर अवश्य विचार करेंगे और उनको उत्तर भी देंगे ।

SHRI DINESH CHANDRA GOSWAMI : There is a provision under the Food Adulteration Act by which, if a trader, if his goods are found to be adulterated, can make a good defence if he can show that he purchased the goods in the same condition from a producer. There is no provision in the Act by which the producer can be made liable. Is Government contemplating amending the law to catch such producers ?

SHRI UMA SHANKAR DIKSHIT : I cannot say that we are contemplating it. But I shall examine the suggestion.

श्री बा० पी० शौर्य : अध्यक्ष महोदय, राजधानी में मिलावट की कोई कमी नहीं है । मैं आपके माध्यम से मंत्री महोदय से जानना चाहता हूँ कि कुछ चीजों में मिलावट करना जहर देने के समान है । जिस तरह से ताजीरात-ए-हिन्द में जहर देने की सजा रखी गई है, क्या उसी तरह की सख्त सजा मिलावट करने के लिए नहीं रखी जा सकती ताकि इस काम में रुकावट आ सके ।

श्री उमाशंकर दीक्षित : पहले सिर्फ फाइन के साथ 6 महीने की सजा थी—मैं समझता हूँ कि यह कोई मामूली सजा नहीं है....

श्री बा० पी० शौर्य : 6 महीने की सजा तो कुछ भी नहीं है । इसके लिए कम से कम कैपीटल पनिशमेंट होना चाहिए ।

श्री उमाशंकर दीक्षित : पब्लिक ओपीनियन के साथ कानून बनाना ज्यादा अच्छा रहेगा, लेकिन अगर पार्लियामेंट का ऐसा विचार हो और हमें ऐसा मालूम पड़े तो उसपर भी विचार हो सकता है ।

SHRI T. BALAKRISHNIAH : May I know what steps have been taken to check the production of adulterated stuffs which are injurious to health ?

MR. SPEAKER : The Minister has replied to it earlier.

Grounding of Indian Air Force Planes for want of spare parts

***306. SHRI YAMUNA PRASAD
MANDAL;
SHRI S. M. KRISHNA :**

Will the Minister of DEFENCE be pleased to state :

(a) whether a number of Indian Air Force Planes are lying idle for want of spare parts ;

(b) if so, since when these planes are lying idle ; and

(c) the steps taken by Government to dispose of these planes or manufacture spare parts for those aircraft in India ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) to (c) A statement is laid on the Table of the House.

Statement

1. Aircraft are sent to the repair agencies for periodical overhauls after they have done the prescribed number of flying hours or for repairing damages sustained by them in accidents. This is a normal feature of any Air Force. A certain number of aircraft are, therefore, bound to be found on the repair or the overhaul line at any time. There has been no serious difficulty in the procurement of spare parts required for servicing/overhauling the aircraft. No aircraft are lying idle for want of spare parts.

2. Consistent with the economics of production, spare parts for indigenously produced aircraft are being manufactured within the country to the extent possible. Steps are also being taken to expand their range. Spare parts are required both in the operative units and in the repairing agencies. Complete self-sufficiency in the manufacture of all the required spare parts indigenously is difficult to be achieved and can only be attempted over a period of time. For imported aircraft also, efforts are being made to achieve as much indigenous production of spare parts as practicable.

श्री यमुना प्रसाद मंडल : अध्यक्ष महोदय,

अभी मंत्री महोदय ने अपने उत्तर में कहा है कि—

“A certain number of aircraft are, therefore bound to be found on the repair or the overhaul line at any time.”

क्या आप इनकी संख्या बता सकेंगे कि कभी-कभी रिपेयर के लिए कितने एयरक्राफ्ट रखे जाते हैं ?

दूसरे—आपने स्टेटमेंट में कहा है—

“Complete self-sufficiency in the manufacture of all the required spare parts indigenously is difficult to be achieved and can only be attempted over a period of time.”

क्या आप इसके बारे में बता सकेंगे कि इस मामले में हम कब तक पूरे रूप से स्वावलम्बी बन सकेंगे ?

श्री विद्याचरण शुक्ल : अध्यक्ष महोदय, पहली बात तो यह है कि हम कितने हवाई जहाज रिपेयर या ओवरहाल के लिए भेजते रहते हैं, इसे सार्वजनिक रूप से बताना ठीक नहीं होगा। इसलिए इसको बताने में मैं असमर्थ हूँ।

जहाँ तक दूसरे प्रश्न का सम्बन्ध है, यह बात साफ है कि हवाई जहाज बनाने की जो टेक्नोलॉजी है, उसमें हर साल इतना परिवर्तन होता रहता है कि हमें नये-नये हवाई जहाजों के बारे में सोचना पड़ता है। हवाई जहाज हम बाहर से भी लेते हैं और अपने देश में भी बनाते हैं। बाहर से जो हवाई जहाज खरीदते हैं, उनके सम्बन्ध में भी हमारा यह प्रयत्न अवश्य रहता है कि उनके स्पेयर पार्ट्स भी हम अपने देश में बनाएं ताकि अधिक से अधिक स्वावलम्बी हो सकें। लेकिन फिर भी यह कहना असम्भव है और किसी भी देश के लिए असम्भव होगा कि वह पूर्ण रूप से इसमें स्वावलम्बी हो सके। फिर भी जो कुछ हम कर सकते हैं वह हम कर रहे हैं लेकिन यह दावा करना गलत होगा कि किसी भी समय किसी एक चीज में सम्पूर्ण रूप से स्वावलम्बी हो सकें।

Allotment of land to Tara House Building Cooperative Society, Delhi

*307. SHRI S. C. SAMANTA : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the progress made in the matter of allotment of land to the various House Building Cooperative Societies in Delhi and New Delhi ;

(b) the number of Societies still awaiting allotment and the prospects for such allotment in future ; and

(c) by what time a decision is likely to be taken in the case of one Tara Cooperative House Building Society, consisting of M.Ps. and non-M.Ps. ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) 141 Cooperative House Building Societies have so far been allotted undeveloped / development land in Delhi/New Delhi.

(b) Cases of 29 Cooperative Societies are being considered for allotment of land under Group Housing Scheme.

(c) Decision in principle has already been taken to allot them land on Group Housing basis in South Delhi. Further steps in this direction are being taken.

SHRI S. C. SAMANTA : Is it not a fact that Tara Cooperative House Building Society consists mostly of Members of Parliament and ex-Members ? Yet, no land was allotted to them for the past eight years and in the mean time many Members have become ex-members. What is the reason for this delay ?

SHRI I. K. GUJRAL : The case of Tara Cooperative Society has been an unfortunate one, in the sense that they were offered a piece of land on the other side of the Jamuna but, unfortunately, at that time that land was not acceptable. Now we have decided to give them land under the group housing scheme in South Delhi. I hope and I can only say that, provided cooperation comes from Tara Cooperative Society also—we should be able to finalise it very soon.

SHRI S. C. SAMANTA : The members of the Society were informed that they should apply to the Minister of Housing. If it is so, why were they asked, to do so ?

SHRI I. K. GUJRAL : I do not know who asked the members to apply to the Minister of Housing. If the Society had asked them to do so, I cannot be held responsible for that.

SHRIMATI MUKUL BANERJEE : What measures is the hon. Minister thinking of taking to recover those lands, which were promised in writing to some housing cooperatives but where the Jana Sangh administration, in order to catch votes for the Corporation elections, allowed the irregular colonisers to build hundreds of houses ?

SHRI I. K. GUJRAL : This is an unfortunate situation that some lands, which were under acquisition and for which even payments had been made, are now being trespassed upon and some unauthorised construction has come up. The DDA is now trying to get those lands reclaimed so that they could be given to the original owners.

SHRI SUBODH HANSDA : The Minister just now stated that land was going to be allotted to the Tara Cooperative Housing Society but that lands would be allotted only if the cooperation of the Tara Cooperative Society would be available. May I know whether the Tara Cooperative Housing Society is not cooperating with them for allotment of land ?

SHRI I. K. GUJRAL : I think, my hon. friend has overstressed my casual remark. We want to finalise it very soon. I hope, the Tara Cooperative Society will also be cooperative because at an earlier stage land could have been allotted if they had taken the land across the Jamuna. But, unfortunately, the insistence was on this side of the Jamuna. That is why now we have taken a decision in principle to give them land on this side of the Jamuna, that is, South Delhi, under the group housing scheme.

SHRI K. SURYANARAYANA : May I know whether the Tara Cooperative Society is allotting sites and plots to MPs, ex-MPs and other members, who are already having houses in Delhi and outside ; if so, what are the reasons ?

MR. SPEAKER: It is too detailed a question. They have not got any land yet and you are worried about the allotment?

SHRI I. K. GUJRAL: The rule is that every person, whether a member of a cooperative society, before he is allotted a plot of land, has to file an affidavit saying that he or his dependants or his wife do not own any plot or house in Delhi. Those who cannot qualify under this, that is, those who cannot file this affidavit, will not be given land.

Indo-Nepal Relations

+
*309. **SHRI NIHAR LASKAR:**
SHRI P. GANGADEB:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the attention of Government has been drawn to the statement made by the Prime Minister of Nepal as reported in 'The Hindustan Times' of the 20th April, 1971, in which he is reported to have pledged better ties with India; and

(b) if so, the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Yes, Sir.

(b) We have always stressed our friendship for Nepal and, therefore, welcome the Nepalese Prime Minister's statement.

SHRI NIHAR LASKAR: I would like to know from the hon. Minister whether the King of Nepal is visiting India very shortly and, if so, whether they will take this opportunity to discuss about our mutual interests and things which concern both countries and try to develop relations between these two countries.

SHRI SURENDRA PAL SINGH: His Majesty the King of Nepal is due to pay a two-day visit to New Delhi very shortly—I think, from the 10th June to the 12th June—and during his stay here the Prime Minister and the King are likely to discuss all matters of mutual interest and other outstanding issues

which are at present standing between the two countries.

Self-sufficiency in Chemical Fertilizers

*310. **SHRI P. VENKATASUBBAIAH:** Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether self-sufficiency has been reached in the production of chemical fertilizers in the country;

(b) if so, whether import of fertilizers will be stopped; and

(c) whether the cost of production of Chemical Fertilizers has been brought down in order to enable the farmers to bring down the production cost of food crops and other commercial crops?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) No, Sir.

(b) Does not arise.

(c) Cost of production of fertilizers in public sector units and therefore the prices of fertilizers have not generally come down. The position is the same in the case of private sector units as far as is known.

SHRI P. VENKATASUBBAIAH: May I know whether the ratio of production both in the private sector and public sector has not gone up because of the fact that we are not able to utilise the rated capacity and, in that case, whether the Government will take proper steps to see that the projects under public sector are worked to full capacity so that we may be able to come up to the self-sufficiency level?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): It is true that the public sector and private sector projects are not worked to full-rated capacity. As far as public sector projects are concerned, all possible efforts are being made to see that they work up to rated capacity. But in the case of certain fertiliser projects like Sindri which have become too old, even the rated capacity has to be revised in terms of the condition of existing machinery.

SHRI P. VENKATASUBBAIAH : May I know whether the Government have taken any steps to expedite the completion of the coal-based projects like Ramagundam and Talchar and ; if so, when will the projects be completed and production started ?

SHRI P. C. SETHI : As far as Talchar and Ramagundam projects are concerned, we are making all possible efforts to expedite them. But on account of various things to be tied up, as far as foreign collaboration, import of machinery and technical know-how are concerned, because these projects are based on coal, it is taking some time. But we are trying our best to expedite them.

PROF. S. L. SAKSENA : There is a great demand of fertilisers and there is deficiency in the production of fertilisers in the country. May I know by what time do you hope to fulfil the demand by our own production ?

SHRI P. C. SETHI : As far as production of nitrogenous and phosphatic fertiliser is concerned, it is hoped that by 1975-76, we shall be able to become self-sufficient. But as far as K_2O is concerned, it is imported and, in that variety of fertiliser, it would be difficult to become self-sufficient.

श्री के० एन० तिवारी : मैं जानना चाहता हूँ कि इस देश में फर्टिलाइजर की जो प्रेजेंट डिमाण्ड है उसमें सप्लाई की क्या पोजीशन है, स्पेशली नाइट्रोजिनस फर्टिलाइजर के सम्बन्ध में ?

SHRI P. C. SETHI : During 1970-71, the demand for nitrogenous fertiliser was estimated to be 1.748 million tonnes. As far as phosphatic fertilisers are concerned, it was estimated at 0.567 million tonnes and as far as K_2O is concerned, the estimate was 52.56 million tonnes. As far as the supply position is concerned, in the case of nitrogenous fertilisers it was 0.830 tonnes and in the case of phosphatic fertilisers it was 0.203 million tonnes and, as far as K_2O is concerned, it was all imported.

SHRI RAJA KULKARNI : Will the hon. Minister tell us what was the Plan target for fertiliser production in the first two years of the Fourth Plan ? I want to know why the demand is not picking up, falling short of the Plan target ?

SHRI P. C. SETHI : As far as demand in the Fourth Plan period is concerned, for nitrogenous fertilisers, it was estimated to be 3 million tonnes and for phosphatic fertilisers it was 1.20 million tonnes. It is true that as far as demand is concerned, last year, it did not register a proper growth although in the previous years, the growth was from 18 to 19 per cent and it touched even 22 per cent at one period of time. Last year, it had gone down. There may be various factors, may be on account of conditions of rails or various other factors.

SHRI D. D. DESAI : Since you are importing crude for naphtha which is the base raw-material for fertiliser production, what objection have you got to importing ammonia so that fertiliser could be cheaper ?

SHRI P. C. SETHI : As far as the question of fertiliser based on imported naphtha or ammonia is concerned, it is a matter which will have to be decided keeping the national interest in view. The entire policy will have to be decided from this point of view. India being a country which is surplus in coal, we will have to think whether we can have coal-based fertilizer or fertilizer based on imported ammonia.

SHRI PAINULI : In view of the fact that there is acute shortage of phosphate in the country and we have to import it from other countries involving considerable amount of foreign exchange, will the hon. Minister please inform us whether it is true that the NMDC has abundant exploration of rock phosphate in Mussoorie hills ?

SHRI P. C. SETHI : It is difficult to reply on behalf of NMDC.

Demand of Apology by Pakistan for Harassment to the Wife of India's Deputy High Commissioner in Dacca

*311. **SHRI SHYAMNANDAN MISHRA :** Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government had demanded an apology from the Pakistan Government for harassment to the wife of Shri K. C. Sen Gupta, India's Deputy High Commissioner in Dacca ; and

(b) if so, the reply of Government of Pakistan ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) (a) The Government had protested strongly against the objectionable behaviour of the Pakistani authorities in subjecting Smt. Sen Gupta to harassment and maltreatment. Government demanded not only that the culprits should be punished but also that suitable amends should be made by the authorities responsible.

(b) The Pakistan Government have rejected the charge of maltreatment and harassment of Smt. Sen Gupta. They have stated that it was because of mistaken identity that she was not allowed to leave for New Delhi on the 1st April, 1971.

SHRI SHYAMNANDAN MISHRA : Not being able to do much about the insult meted out to Mrs. Sen Gupta, may we know what Government is doing about the harassment that has been meted out to her husband, our Deputy High Commissioner in Dacca ?

SHRI SURENDRA PAL SINGH : It is a separate question which does not arise out of this question. But I will try to answer that. The House knows the conditions under which our Deputy High Commissioner is being kept in Dacca and this matter was discussed on a number of occasions. He is undergoing a lot of hardship. He is not able to go out of the house or meet his staff. This is contrary to Vienna convention. We have pointed this out to Pakistan on a number of occasions. We have kept other friendly outside countries informed. The latest position is that we have also imposed similar restrictions on their man in Calcutta and we hope this will have some salutary effect on Pakistan.

SHRI SHYAMNANDAN MISHRA : May we know whether there is any degree of reciprocity between the treatment meted out to our diplomatic personnel there and the treatment meted out to the Pak-diplomatic personnel here to the extent that is consistent with civilized behaviour of Government ? Is there any hiatus or difference in the two treatments ?

SHRI SURENDRA PAL SINGH : Reciprocity has to be accepted by both the sides. It is

true. It is also true that in certain matters Pakistan is behaving in a manner not in keeping with international law. It is true we have not retaliated in time. The reason is this. We in India consider ourselves an ancient nation and we have culture and civilization going back to thousands of years and it is not always possible for us to stoop down to the same level as Pakistan and behaving in the same way.

SHRI SHYAMNANDAN MISHRA : I have been misinterpreted. I myself suggested consistent with the civilised behaviour of our Government, and said that we should do something effective. Now the Minister gives some dissertation about civilised behaviour that our Government would adopt.

SHRI S. M. BANERJEE : I would like to know from the hon. Minister whether it is a fact that our Deputy High Commissioner in Dacca.....

MR. SPEAKER : Let the hon. Member confine himself to the wife of the Deputy High Commissioner only.

SHRI S. M. BANERJEE :.....the Deputy High Commissioner, his wife and other staff who are there are virtually interned and anything can happen unless they are properly brought back to India, and if so, what steps have been taken to bring back his wife from Dacca and save her from further humiliation, along with her husband.

SHRI SURENDRA PAL SINGH : His wife is already in India.

SHRI S. M. BANERJEE : Along with her husband ? What about her husband ?

MR. SPEAKER : The hon. Member wants her to be sent back to Dacca ?

SHRI S. M. BANERJEE : I do not want her to be sent back. I want her husband also to be brought back in view of the bad treatment meted out to them.

MR. SPEAKER : The hon. Minister replied to that question a little earlier.

SHRI S. M. BANERJEE : What steps have been taken to bring them back here in India?

SHRI SURENDRA PAL SINGH : As I had already mentioned, we are making all possible efforts to get our Deputy High Commissioner from Dacca ; certain difficulties have cropped up, and we are trying to negotiate, and we are seized of the matter.

SHRI TRIDIB CHAUDHURI : In this connection,....

MR. SPEAKER : The hon. Member may confine his question only to the wife of the Deputy High Commissioner. The main question relates only to her, but the husband also has come into the picture. If the hon. Minister has got the information, I have no objection.

SHRI TRIDIB CHAUDHURI : I am not very much interested either in the husband or in the wife. I want to ask a general but serious question. I understand from newspaper reports that our High Commissioner in Pakistan, Mr. B. K. Acharya has come to India on retirement or on leave preparatory to retirement. In view of the serious state of relations between India and Pakistan, what is the actual state of affairs, and who is looking after our interests there ? Will Government immediately send a senior officer there so that our interests in Islamabad and also Dacca may be properly looked after ?

MR. SPEAKER : This has gone much beyond the scope of the main question. From the wife of the Deputy High Commissioner, the question has now gone to Shri B. K. Acharya.

SHRI SURENDRA PAL SINGH : Have you allowed the question, Sir.

MR. SPEAKER : If he is not in a position to answer, I cannot force him. Now, next question.

Utilization of Rostam Crude Oil

*313. **SHRI D. D. DESAI :** Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the quantity and value of Rostam Crude produced in Iran through M/s Hydrocarbons and India's share thereof ;

(b) the quantity lifted and the price realised by Government so far ; and

(c) the immediate and long-term plans which Government have formulated or have under implementation for offsetting rising foreign exchange bill of imported crudes by utilising Rostam Crude ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) Hydrocarbons India Private Ltd.'s entitlement is 1/6th share of the total production of Rostam crude oil. Total quantity produced up to April, 1971 is US barrels 33,930,898. Its value is dependent on the realised price.

(b) Quantity lifted by HLPL up to April 1971 is US barrels, 3,298,254. Total sale proceeds received up to April, 1971 is U.S.\$ 2,297,652.68. Sales are made on usual credit terms of 120 days.

(c) A number of offers for purchase of HIPL's share of Rostam crude on suitable terms are being received and considered and there will be no difficulty as a short-term measure to dispose of by sale the crude. As for long-term plans for utilisation of the crude, proposals for its utilisation in Barauni and in the next refinery to be soon taken up in the Public Sector are under examination.

SHRI D. D. DESAI : Since Government is already forgoing its share and—in disposing of its limited offtake at a throw-away price, would it not consider putting up a refinery at Kandla at the earliest so that the drain on our foreign exchange is reduced and we are able to use our own crude ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : As far as Rustam crude is concerned, at one time it appeared that it would be difficult to sell it. But now that is not so ; it is being sold ; we have already sold the quantity we had in our possession to Spain and a few other countries. As far refining capacity, we are also making the necessary changes in the Barauni refinery so that Rostam crude could be used there because we have already a 1-million tonne extra capacity at Barauni.

SHRI D. D. DESAI : Since there is already a proposal for putting up a crude oil refinery in North India, could we not consider fixation of the site on the basis of first cost, that is, capital cost and the end-product cost, that is,

the cost of the finished product to the customer? On both these counts, Kandla would be a better site than any other in North India..

MR. SPEAKER : He is making a suggestion.

SHRI D. D. DESAI : I will put it this way: Would Government not consider Kandla as the site in view of the lower first capital cost and the end product cost? Will the site selection be based on technical and commercial considerations or on political considerations?

SHRI P. C. SETHI : The question is a limited one, limited to Rostam crude and its utilisation. If you allow it, Sir, I would like to say that as far as the location of the site in the north-west is concerned, it has been given to a technical committee whose report we are awaiting. Their examination would be based on techno-economic feasibility studies of the places considered, keeping in view the inputs and products which would be sold in the market, and the matter would not be decided only on political considerations.

Death of Major Bahuguna

+
*314. **SHRI HUKAM CHAND KACHWAI :**
SHRI MANORANJAN HAZRA :

Will the Minister of DEFENCE be pleased to state :

(a) whether the Everest climber, Major Bahuguna died due to hunger and fatigue, while he was climbing the Everest;

(b) whether the attention of Government has been drawn to the statement of Mr. and Mrs. Michel Vaucher and Dr. Pierre Mazeaud co-participants of the late Major who left the Everest expedition blaming the behaviour of the expedition leaders for his death; and

(c) if so, the reaction of Government thereto?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) to (c) Brief reports on the death of Maj. Bahuguna have been received from the leader of the expedition. A tape-

recorded version of the evidence taken by the leader while investigating the case is expected shortly. In view, however, of the conflicting reports emanating from different sources on the subject, the Indian Mountaineering Foundation has set up a Committee to go into this matter. The members of the Committee are Brig. Gyan Singh, Leader of the Indian Mount Everest Expedition, 1960 and Major HPS Ahluwalia, one of the summiters of the successful Indian expedition to Everest in 1965. When the committee's report is received the position may be clearer.

श्री हुकम चन्द कछवाय : जिस समिति के बनाने की बात कही गई है वह कब बनी और उसके कब तक अपनी रिपोर्ट दे देने की आशा है ?

श्री विद्यावरण शुक्ल : जहां तक मुझे मालूम है, पन्द्रह बीस दिन पहले ही यह कमेटी बनी है। मैं यह तो नहीं कह सकता कि कब तक इसकी रिपोर्ट आ जायेगी, लेकिन उम्मीद यह है कि वह जल्दी उपलब्ध हो जायेगी।

श्री हुकम चन्द कछवाय : जैसा समाचार-पत्रों में पढ़ा गया है, भूख और थकान के कारण उनकी मृत्यु हुई है। क्या सरकार का ध्यान समाचार-पत्रों में छपी खबरों की ओर गया है? यदि गया है, तो इसमें कहाँ तक सत्य है?

श्री विद्यावरण शुक्ल : इन सब बातों को देख कर ही यह सोचा गया कि इसको तय करने के लिये जांच समिति बनाई जाय क्योंकि इसके बारे में लोगों ने तरह तरह से अपनी अपनी बातें बतलाई हैं। जब जांच समिति उन बातों में जायेगी तभी सत्य का पता चलेगा।

श्री पैनली : क्या यह सच है कि मेजर बहुगुणा ने कभी भी इस टीम के साथ एक्सपेडिशन में जाने की इच्छा जाहिर नहीं की थी और रक्षा मंत्रालय के एक वरिष्ठ अधिकारी ने उनको इस एक्सपेडिशन में जाने के लिये मजबूर किया था?

MR. SPEAKER : How does it arise out of the question?

SHRI INDRAJIT GUPTA: What proviso, if any, has the Government made for Maj. Bahuguna's family?

SHRI VIDYA CHARAN SHUKLA: Maj. Bahuguna was insured for Rs. 30,000 during this expedition. That money would come. Then, for his commissioned service, his family will be entitled for the following benefits according to the Government rules. First, family pension to the widow of Rs. 220 per month; then, children's allowance of Rs. 40 per month per child; thirdly, educational allowance of Rs. 40 per month per child beginning from the age of 5 and ending at the age of 18 years; family gratuity of Rs. 6,500. These are the benefits which will be available to the family of the late Maj. Bahuguna. Apart from this, the Indian Mountaineering Foundation has awarded posthumously its gold medal for distinguished mountaineering to Maj. Bahuguna.

SHORT NOTICE QUESTION

Shortage of Kerosene Oil in Orissa State

1. **SHRI CHINTAMANI PANIGRAHI:** Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government are aware of the acute shortage of kerosene oil in Orissa state for the last two months;

(b) if so, the reasons for the same; and

(c) the steps taken by Government to ensure adequate supply of kerosene oil to Orissa by now to relieve the common-man from his hardship?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) Reports of shortage of kerosene oil have been received from the State Government during May, 1971 only in respect of the Balasore, Bhadrak and Mayurganj area of north Orissa, served by the oil companies' depots at Balasore. There have been no complaints from the rest of the State.

(b) Extensive thefts of overhead traction wires and other equipments have resulted in occasional reductions in rail transport capacity

ex-Calcutta. It has, therefore, not been possible to despatch the needed quantities of kerosene by rail from Calcutta, the normal supply source for this area. However, to the extent feasible, substantially increased supplies have been made to the State from Vishakhapatnam, the other source of supply for kerosene and oil products to the State.

(c) The following steps have been taken:-

(i) The oil companies have advised their agents to uplift maximum possible kerosene by road from their storage depots and installations at Calcutta.

(ii) The State Government has been requested to induce the agents to maximise road upliftments of kerosene from Calcutta.

(iii) The State Government has been requested to distribute the available supplies of kerosene equitably and to ensure that it is sold at the controlled price fixed by the local State officials under the Essential Commodities Act.

(iv) Dependence on rail transport for the movement of kerosene from Calcutta is being progressively brought down by maximising the utilisation of the Haldia-Barauni-Kanpur pipelines.

SHRI CHINTAMANI PANIGRAHI: The hon. Minister just now stated that the report of acute shortage of kerosene oil in the State came to the notice of the Government of India only towards the end of May. But this shortage started in April, and in May it was quite acute. What was the quota allotted to Orissa in February-March and to what extent supply was adhered to. What is the actual controlled price fixed for Orissa so far as kerosene oil is concerned?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): We came to know of the shortage from the State Government and various complaints that were received in the ministry, and the hon. Member also spoke to me about this shortage. Particularly after he spoke to me, I asked the officers

of the IOC to go to the spot and discuss it with the State officers. Then we have come to know about the entire position. About the monthly supply to Orissa, I should like to point out that the monthly supply to the State has not actually gone down. We have tried to supply kerosene from Visakhapatnam in order to cater to the needs of the Orissa State. It is true that Balasore depot was being served from Calcutta but on account of railway difficulties there was shortage of kerosene in the Balasore depot. That particular region alone experienced some difficulties, not the other areas. The kerosene control order is common to all the States; freights and other charges have to be added to it.

SHRI CHINTAMANI PANIGRAHI : May I know from the hon. Minister whether the shortage has actually been overcome and whether people are really getting it as they used to get it in February and March? Recently the Government had taken up a new distribution system so as to improve the availability of kerosene in North Bengal and Bihar and Assam and to eastern U. P. which areas also were experiencing shortage. Orissa has been excluded from this new system. Are they going to transport more Kerosene to Orissa so that the other parts of Orissa also would not suffer? Acute shortage is not restricted to Balasore area only.

SHRI P. C. SETHI : Artificial shortages in kerosene are created on account of two factors. One is that kerosene is being mixed with high speed diesel oil because of the high level of difference in duty among them and secondly by some unscrupulous dealers. Therefore a new system was devised. The dealers were asked to take from the tank. This system functioned in Maharashtra very well. The authorities in Orissa accepted this scheme but later on they said that they would not take up the scheme. We are actually negotiating with them. In order to overcome difficulties of traction we are actually moving kerosene through the pipeline from Haldia to Barauni; it will reach Barauni by tomorrow. We shall be able to overcome the difficulties of both Bihar and Orissa on account of this method. We are also taking up the pumping of kerosene from Barauni to Kanpur. Thus the difficulties of traction are being overcome.

SHRI D. K. PANDA : The retail price of

kerosene is going up day by day compared with the wholesale prices. What steps are the Government going to take to put an end to this sorry state of affairs?

SHRI P. C. SETHI : As far as the distribution and price control of kerosene are concerned, that has to be imposed through the State Government machinery, and we have taken it up with all the State Governments that they should strictly see to it that the kerosene Control Order is strictly enforced and there is no blackmarketing in it.

श्री रामावतार शास्त्री : मिट्टी के तेल की कमी सब जगह है—हमारे सूबे में भी है। मैंने बिहार में मिट्टी के तेल की कमी के बारे में प्रश्न पूछा था, लेकिन दुर्भाग्य से वह अनस्टांड क्वेश्चन बना दिया गया। वहां एक बोतल की कीमत डेढ़ रुपया वसूल की जा रही है। इस स्थिति में गरीबों की क्या हालत होती होगी। मैं यह जानना चाहता हूं कि सरकार मिट्टी के तेल की प्राइस को ठीक करने के लिये कौन से उपाय कर रही है।

श्री पी० सी० सेठी : मैंने बताया है कि प्राइस को कंट्रोल में रखने का उपाय यह है कि कैरोसीन की जितनी आवश्यकता है, उसके हिसाब से हम अपने देश में कैरोसीन पैदा करें और जो कमी रहे, उसको इम्पोर्ट करके पूरा करें। कैरोसीन का इंडिजिनेस प्रोडक्शन 1967 में 20 लाख टन था, जबकि इस समय वह 29 लाख टन है। इससे जाहिर है कि देश में कैरोसीन का प्रोडक्शन बढ़ा है। इसकी कमी को पूरा करने के लिए हमने 1967 में 4,48,000 टन इम्पोर्ट किया और इस साल 4 लाख टन इम्पोर्ट किया। प्रोडक्शन और इम्पोर्ट दोनों बढ़ाये जा रहे हैं। ट्रैक्शन या रेलवेज की वजह से डीपोज में जो कमी है, उसको दूर करने के लिये जो उपाय किये जा सकते हैं, वे किये जा रहे हैं। कैरोसीन की सप्लाय का नया तरीका अपनाया जा रहा है। इस बारे में यह शिकायत आई है कि अगर मरचेंट्स को सीधे बैगन्ज भेजे जाते हैं, तो वे जान बूझकर किसी तरीके से ऐसा करते हैं कि डिलिव्री उन के पास न आये। इस

बजह से भी घासलेट की कमी हुई। इसलिए अब यह व्यवस्था की गई है कि तेल को डीपो पर दिया जाये और वे लोग डीपो पर से लें। डीपो पर कैपेसिटी बढ़ाने की कोशिश की जा रही है। जहां तक घासलेट के कंट्रोल आर्डर को लागू करने का सवाल है, हमने स्टेट गवर्नमेंट के अधिकारियों से निवेदन किया है कि वे कंट्रोल आर्डर को सक्ती के साथ अमल में लाने की कोशिश करें।

श्री बिभूति मिश्र : मैंने इस सम्बन्ध में प्रधान मंत्री को पत्र लिखा था। उन्होंने बड़ी सहानुभूति के साथ लिखा कि उत्तर बिहार को तेल की जिस कठिनाई का सामना करना पड़ रहा है वह दूर कर दी जायेगी। हमारे यहां मोतिहारी से 110 मील पर बरौनी पड़ता है। वहां तेल पड़ा हुआ है। लेकिन गांवों में तेल दो रुपये बोतल के हिसाब से बिकता है। क्या मंत्री महोदय होलसेलर्ज और डिलर्ज के लैवल पर एक नान-आफिशल कमेटी बनाने की बात सोच रहे हैं, जो उनका हिसाब देखें कि कितना तेल आया और किस प्रकार उसका डिस्ट्रीब्यूशन हुआ; यदि हां, तो सरकार कब तक इस व्यवस्था को काम में लायेगी।

श्री पी० सी० सेठी : जहां तक बिहार में घासलेट की कमी का ताल्लुक है, मुझे पक्का यकीन है कि जब बरौनी से पाइपलाइन के द्वारा घासलेट पहुंच जायेगा, तो उसके बाद घासलेट की कमी नहीं होगी। जहां तक एडवाइजरी कमेटी बनाने का सवाल है, यह कंट्रोल आर्डर स्टेट गवर्नमेंट एनफोर्स करती है। यदि कलेक्टर चाहे, तो वह जिला स्तर पर ऐसी एडवाइजरी कमेटी बना सकता है। इसमें हमारी तरफ से कोई एतराज नहीं है।

श्री हुकम चन्द कछवाय : मंत्री महोदय ने कहा है कि तेल की कमी इसलिए हुई है कि बहुत से लोग तेल को पेट्रोल में मिलाते हैं। मैं यह जानना चाहता हूं कि ऐसे लोगों को पकड़ने के लिए क्या उपाय किये जा रहे हैं। मध्य प्रदेश

में भी मिट्टी के तेल की बहुत भयंकर तंगी है। विशेषकर मंत्री महोदय के चुनाव-क्षेत्र में लोग त्राहि-त्राहि कर रहे हैं। वहां पर सवा, डेढ़ रुपये की बोतल मिलती है। क्या मंत्री महोदय वहां अतिरिक्त तेल पहुंचाने की व्यवस्था करेंगे?

अध्यक्ष महोदय : यह सवाल उड़ीसा के बारे में है, लेकिन माननीय सदस्य बिहार और मध्य प्रदेश वगैरह के बारे में सवाल पूछ रहे हैं। जो लोग प्रोसीडिंज को पढ़ेंगे, वे कहेंगे कि मेम्बरसाहबन तो ये सवाल पूछ रहे थे, लेकिन स्पीकर भी उनकी इजाजत दे रहा था। इसलिए आप मुझपर मेहरबानी करें।

श्री हुकम चन्द कछवाय : अध्यक्ष महोदय, यह सारे देश का मसला है। मंत्री महोदय ने स्वयं कबूल किया है कि तेल को पेट्रोल में मिलाया जाता है।

अध्यक्ष महोदय : लेकिन आप तो यहां क्वेश्चन में मिलावट कर रहे हैं।

SHRI S. B. GIRI : The minister said that it is the unscrupulous traders who have created artificial scarcity. May I know how many of such people have been arrested?

SHRI P. C. SETHI : I did not say so in such general and broad terms; I said, some unscrupulous traders do try to do it. It is for the State Government to take suitable action against them.

(a) whether there is any proposal before Government for the merger of the Hindustan Antibiotics Ltd., Pimpri with the Indian Drugs and Pharmaceuticals Limited; and

(b) if so, the reaction of Government thereto?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) No, Sir, there is no such proposal before Government at present.

(b) Does not arise.

पाकिस्तान द्वारा भारत की जल सीमा का उल्लंघन किया जाना

*312. श्री ओंकार लाल बेरवा : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) ताशकन्द करार के पश्चात पाकिस्तान द्वारा भारत की समुद्र सीमा का अब तक कुल कितनी बार उल्लंघन किया गया है ;

(ख) भविष्य में इस प्रकार के उल्लंघन रोकने के लिए सरकार द्वारा क्या कार्यवाही की गई है ; और

(ग) उपर्युक्त अवधि में इस प्रकार के उल्लंघन की घटनाओं के दौरान पाकिस्तान के कितने सैनिक तथा नागरिक गिरफ्तार किये गये ?

रक्षा मंत्री (श्री जगजीवन राम) : (क) ताशकन्द समझौते के बाद पाकिस्तानी युद्ध पोतों द्वारा हमारी अधिकृत जलसीमा का कोई उल्लंघन नहीं किया गया है ।

(ख) और (ग) प्रश्न नहीं उठते

Purchase of Crude oil directly from the producer country due to rise in price of Aghajari Crude

*315. SHRI A. K. GOPALAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a, whether Government have taken any steps to purchase the crude oil directly from the producer country in view of the rise in the price of Aghajari Crude supplied to Cochin Refinery by C. F. P. of France ; and

(b, if so, the nature of those steps ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b) The price of crude has been raised not only by CFP supplying crude to Cochin Refinery but also by other private oil companies supplying crude to their own refineries and the Darius crude being supplied to the Madras refinery. The possibility of purchasing crude directly by producing countries and other ways by which crude can be procured by Government from cheaper sources are being explored.

Trade Training to Jawans

*316. SHRI TEJA SINGH SWATANTRA : Will the Minister of DEFENCE be pleased to state :

(a) whether Government have prepared a scheme to impart training in some trade to the Jawans one year before their retirement in order to enable them to earn easily their livelihood after retirement ;

(b) if so, the salient features thereof ; and

(c) when the scheme is expected to be implemented ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) to (c) A number of pre-release training schemes are being implemented. The duration varies according to requirement and the different courses for training in earth-moving equipment, farm machinery, agriculture, dairy, cattle development, bee-keeping and mushroom cultivation. A more comprehensive scheme for imparting a pre-release and a continued post-release training to a maximum of 1000 men every year in collaboration with State Governments is presently under the consideration of Government.

Jhuggies at Bapu Dham, Chanakya Puri, New Delhi

*317. SHRI B. K. DASCHOWDHURY : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether a large number of Jhuggies emerged at Bapu Dham, Chanakya Puri, New Delhi soon after the stay orders were passed ;

(b) whether many Government servants residing in the adjoining Government colony have also constructed Jhuggies at Bapu Dham in the fake name of their relatives ;

(c) the criteria of regularisation of these Jhuggies Government propose to adopt ; and

(d) how much land will be required to rehabilitate these Jhuggi dwellers ?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT) : (a) No stay orders have been received from any court. A number of Jhuggies have however emerged at Bapu Dham, Chanakya Puri.

(b) Government have no such information.

(c) According to the Jhuggi Jhonpri Removal Scheme, the pre-July, 1960 squatters are provided alternative plots in comparatively central localities and the post-July, 1960 squatters are taken to camping sites on the periphery of the city. The scheme is, however, under review.

(d) No such assessment has been made.

Import of parts of MIG and other Planes

***318. SHRI N. SHIVAPPA :** Will the Minister of DEFENCE be pleased to state :

(a) whether India has to import parts of a number of MIG, and other planes from foreign countries ; and

(b) if so, whether Government are proposing to manufacture them in India ?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM) : (a) and (b) Spare parts for MIG-21 and other aircraft are manufactured in the country to the maximum extent practicable. Since it is not yet possible to manufacture the entire range of spares indigenously, requisite imports are arranged from the country of origin of the aircraft.

Traders of Indian origin in Kenya

***319. SHRI G. Y. KRISHNAN :** Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Traders of Indian Origin in

Kenya have been asked recently to close their business and leave that country ; and

(b) if so, the reaction of Government of India thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) In April, 1971, 410 non-citizen traders in Kenya, mostly of Indian origin, were issued non-renewable trading licences valid for six months with effect from 1st May, 1971. They are required to complete transfer of their businesses to Kenyan citizens during the six months period. No orders requiring the affected traders to leave the country have been issued.

(b) The Government of Kenya have taken these measures in their sovereign right, and in accordance with their declared policy of Africanisation of trade and commerce.

These affected traders of Indian origin who chose to come to India for permanent settlement are entitled to liberal Customs and Import Trade control concessions from the Indian authorities.

Political solution of Bangla Desh suggested by U. K. and U.S.S.R.

***320. SHRI SAMAR GUHA :** Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government have studied the implications of the suggestion made by Russia and United Kingdom about political solution in regard to freedom struggle in Bangla Desh ;

(b) whether these two countries have made any move in this matter ;

(c) if so, the progress made in this direction ;

(d) whether Government of India has been consulted by those countries ; and

(e) if so, their reaction in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) to (c) The Soviet Government have informed us that apart from President Podgorny's statement

they have impressed through diplomatic channels on the Government of Pakistan the undesirability of the use of force and the need for a peaceful political settlement.

The U. K. Government have informed us that they are in touch with the Pakistan Government about the desirability of a peaceful political settlement.

However, we have no indication of any positive reaction from Pakistan.

(d) and (e) The Government of India have been in constant touch with foreign governments including the governments of the USSR and UK, and have impressed on them the urgency of stopping the further influx of refugees, to create conditions for their safe and early return, to stop military action and the use of force and seek a peaceful political solution with the elected representatives of the people.

Revocation of Armed Forces (Special Powers) Regulation, 1958

*321. DR SARADISH ROY: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the attention of Government has been drawn to the Nagaland Assembly's Resolution asking the Union Government to revoke the Armed Forces (Special Powers) Regulation, 1958 immediately;

(b) if so, the salient features thereof; and

(c) the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Yes, Sir.

(b) The Armed Forces (Special Powers) Regulation, 1958 has been extended from the 5th April, 1969 to the 4th April, 1972 by the Armed Forces (Special Powers) Continuance Act, 1969. The Regulation confers certain powers upon officers of the Armed Forces in areas which are declared as "disturbed" by the Governor of Nagaland. After the agreement on the suspension of operations, a three mile belt along the international border of Nagaland with Burma is the only area which has continued as a "disturbed" area under the Regula-

tion. The rest of Nagaland is no longer a disturbed area, but for so long as the Regulation remains in force, any part of Nagaland can be declared as a "disturbed" area if circumstances necessitate it.

(c) The Resolution is based on a misunderstanding of the reality of situation and the need for security.

‘इंडियाज चायनाबार’ नामक पुस्तक की सामग्री के स्रोत की जांच

*322. श्री अटल बिहारी वाजपेयी : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने उस स्रोत के बारे में इस बीच जांच पूरी कर ली है, जहां से ‘इंडियाज चायना बार’ नामक पुस्तक के लेखक श्री नैविल मैक्सवेल को भारत की सुरक्षा से सम्बद्ध गुप्त और विशिष्ट जानकारी प्राप्त हुई थी ; और

(ख) यदि हां, तो उसके क्या निष्कर्ष निकले हैं ?

रक्षा मंत्री (श्री जगजीवन राम) : (क) और (ख) केन्द्रीय अन्वेषण ब्यूरो द्वारा अभी जांच की जा रही है।

Jhuggi Deals at Chanakya Puri

*323. SHRI BISHWANATH JHUNJHUNWALA :

SHRI R. KADANAPALLI :

Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether Government's attention has been drawn to the news item appearing in 'Hindustan Times' dated the 12th May, 1971 that the petty political leaders are selling plots to "jhuggi" dwellers at a price varying from Rs. 200 to Rs. 1600 depending upon the size of the plot in Chanakya Puri, New Delhi ; and

(b) whether Government have fully investigated into the matter, if so, their findings?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): (a) Yes, Sir.

(b) As no specific instances have been brought out, Government do not contemplate investigating the matter.

Merger of Safdarjung Hospital with the All India Institute of Medical Sciences, New Delhi

*324. SHRI K. LAKKAPPA : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether any decision has since been taken by Government in regard to the merger of Safdarjung Hospital with the All India Institute of Medical Sciences, New Delhi ; and

(b) if not, when a decision is likely to be taken in the matter ?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT) : (a) and (b) The matter is under consideration.

Reorganisation of Willingdon Hospital and Nursing Home, New Delhi

*325. SHRI C. K. CHANDRAPPA : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether Government are taking steps to reorganise the administration of the Willingdon Hospital and Nursing Home, New Delhi;

(b) whether the criticisms about the proposed reorganisation have been brought to the notice of Government; and

(c) if so, the decisions thereon ?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT) : (a) So far only certain discussions of a preliminary nature have taken place between the officers of the Directorate General of Health Services and the Willingdon Hospital regarding the following :—

(i) distribution of beds between different units;

(ii) phasing of reorganisation of the hospital by shifting beds to the newly constructed multi-storeyed 360-bed block; and

(iii) to fix priorities for the development and reorganisation of the hospital.

(b) and (c) Do not arise.

Oil Occurrence in Andhra Coastal Belt

*326 SHRI B. N. REDDY : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the Oil and Natural Gas Commission had taken any steps to study the possibility of oil occurrence in the Andhra coastal belt;

(b) if so, what are those steps;

(c) whether any drilling operations had been conducted; and

(d) if so, the result thereof ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b) Yes Sir. Geological and geo-physical surveys have been carried out in the Krishna-Godavari delta areas of the Andhra coastal belt. Currently seismic surveys are being carried out by Oil and Natural Gas Commission using field parties. In the offshore extension of the Krishna-Godavari basin, reconnaissance seismic surveys were carried out by Oil and Natural Gas Commission using a Soviet offshore seismic vessel.

(c) Surveys carried out so far have not revealed any drillable structure for oil and gas accumulation. Therefore, exploratory drilling operations have not been conducted so far.

(d) Does not arise.

विकासशील देशों को उनके विशेषज्ञों के देश से बाहर जाने पर मुआवजे का प्रस्ताव

*327. श्री जगन्नाथ राव जोशी : क्या विदेश मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या संयुक्त राष्ट्र संघ परिषद् के

समक्ष यह प्रस्ताव आया है कि विकासशील देशों को उनके यहां से अन्य देशों में जा रहे प्रशिक्षित विशेषज्ञों की संख्या के अनुपात में मुआवजा दिया जाना चाहिये ; और

(ख) यदि हां, तो इस पर सरकार की क्या प्रतिक्रिया है ?

विदेश मंत्रालय में उप-मंत्री (श्री सुरेन्द्र पाल सिंह) : (क) जी हां। सोवियत प्रतिनिधिमंडल ने आर्थिक सामाजिक परिषद् के 50वें अधिवेशन में, जो 26 अप्रैल से 21 मई, 1971 तक न्यूयार्क में हुआ इस विषय पर एक प्रस्ताव पेश किया।

(ख) चालू वर्ष में आर्थिक सामाजिक परिषद् का भारत सदस्य नहीं है, लेकिन प्रेक्षक की हैसियत से एक भारतीय प्रतिनिधि-मण्डल ने 50वें अधिवेशन में भाग लिया। आर्थिक सामाजिक परिषद् में विचार-विमर्श के दौरान यह पाया गया कि इस सोवियत प्रस्ताव से कई व्यावहारिक कठिनाइयां उत्पन्न होती हैं, विशेषरूप से इस बारे में कि मुआवजे का हिसाब ठीक-ठीक कैसे लगाया जाए। अतः सोवियत प्रतिनिधिमंडल अपने मसौदे का इस प्रकार संशोधन करने के लिये सहमत हो गया, जिससे विकसित देशों के छात्रवृत्ति पाने वाले विद्यार्थियों और प्रशिक्षणाथियों को अपने देशों में स्थायी रूप से बसाने के लिये उन्हें प्रेरित करने का कोई विशेष उपाय न करें। आर्थिक सामाजिक परिषद् में इस प्रकार का एक प्रस्ताव पारित हुआ और भारत सरकार इससे सहमत है।

Proposal for de-linking of price formula for the Oil Refinery products from Persian Gulf prices.

*328. SHRI DASARATHA DEB : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Government are considering a proposal to de-link the price formula for the oil refinery products from the Persian Gulf prices; and

(b) if so, the salient features of the proposal ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b) The price formula for products is normally determined every 3 to 5 years, after the whole question has been reviewed by a price enquiry committee. Its report and recommendations are thereafter considered by the Government and are adopted with or without modifications. The last such Committee to go into the question was headed by Shri Shantilal Shah. The decisions on its recommendations, contained in Government Resolution of 11th May, 1970, a copy of which was laid on the Table of the Lok Sabha on the same date, will be valid for a period of 3 years from 1.6.1970, unless extended or revised earlier.

National Museum of Armed Forces

*329. SHRI C. CHITTIBABU : Will the Minister of DEFENCE be pleased to state :

(a) whether a vast treasure of military heirlooms and trophies are with various Regiments of the Indian Army ; and

(b) if so, whether a National Museum of the Armed Forces is proposed to be set up to house these heirlooms and trophies for enabling the general public and the military historians to see them ?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM) : (a) and (b) A proposal to set up a Defence Services Museum at Delhi has been under consideration. It is not intended to display the antique furniture and trophies which are at present held in the old Regiments as their property.

Setting up of Department of Physical Medicine in All India Institute of Medical Sciences, New Delhi

*330. DR. RANEN SEN : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether after a long delay Department of Physical Medicine has been opened in the All India Institute of Medical Sciences, New Delhi recently ;

(b) whether it is the only Institution in

Delhi to open the Department, but without proper specialist; and

(c) if so, the reasons, therefor ?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT) : (a) The Department of Physical Medicine and Rehabilitation has been functioning in All India Institute of Medical Sciences since July, 1962.

(b) Departments of Physical Medicine are also in existence in certain other Hospitals of Delhi. It is not correct that the Department of Physical Medicine and Rehabilitation in All India Institute of Medical Sciences is functioning without proper specialist.

(c) Does not arise.

"India's Defence Bill lowest in group"

1396. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of DEFENCE be pleased to state :

(a) whether his attention has been drawn to the news item appearing in the Indian Express, New Delhi, dated the 7th May, 1971 under the caption "India's Defence Bill lowest Group"; and

(b) whether while India's Defence expenditure has decreased by 11 per cent in the years after the Indo-Pak war of 1965, Pakistan's Defence expenditure has gone up by 80.5 per cent in the same period ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) and (b) Yes, Sir. Because of the revision of parity in the rupee with effect from the 6th June 1966, India's defence expenditure in terms of United States dollars has decreased from \$ 1843.23 million in 1965-66 to \$ 1377.59 million in 1968-69. The defence expenditure of Pakistan is known however to have increased substantially over the same period in terms of US dollars.

दिल्ली में अतिरिक्त कालोनियां बनाना

1397. डा० लक्ष्मीनारायण पांडे : क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) दिल्ली शहर के विकास के लिये

कितनी अतिरिक्त कालोनियों का निर्माण करने का है ;

(ख) इस समय कितनी कालोनियां निर्माणाधीन हैं ; और

(ग) निर्माण कार्य में तेजी लाने के लिये सरकार ने क्या कार्यवाही की है ?

निर्माण और आवास मंत्रालय में राज्य मंत्री (श्री आई० के० गुजराल) : (क) केन्द्रीय सरकार ने अपने कर्मचारियों के लिये दिल्ली में विभिन्न टाइप के क्वार्टरों का निर्माण-कार्य आरंभ किया है। इसके अतिरिक्त जनता की आवश्यकताओं की पूर्ति के लिए दिल्ली में रिहायशी कालोनियों का विकास करने के लिये एक सांविधिक संगठन नामतः दिल्ली विकास प्राधिकरण स्थापित किया गया है। प्राधिकरण ने, अब तक, 14 रिहायशी कालोनियां विकसित की हैं। अन्य 3 कालोनियों को जल्दी ही विकसित करने का प्रस्ताव है।

(ख) 14 कालोनियों में से 12 कालोनियों में मकानों का निर्माण-कार्य प्रगति पर है।

(ग) प्राधिकरण यह सुनिश्चित करने के लिये, कि मकानों का निर्माण-कार्य, यथासंभव शीघ्रता से हो, प्रयत्न कर रहा है।

स्वतन्त्रता सेनानियों के स्मारकों पर व्यय

1398. डा० लक्ष्मीनारायण पांडे : क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) सरकार ने गत दो वर्षों में किन-किन स्थानों पर स्वतन्त्रता सेनानियों के स्मारक स्थापित किये हैं ;

(ख) सरकार ने उन पर कितना व्यय किया है ; और

(ग) उनके रख रखाव पर वार्षिक व्यय कितना आता है ?

निर्माण और आवास मंत्रालय में राज्य मंत्री (श्री आई० के० गुजराल) : (क) पिछले दो वर्षों में जामा मिलिया, नई दिल्ली में स्वर्गीय डा० जाकिर हुसैन की कब्र के आस-पास के क्षेत्रों को ही सुधार के लिये लिया गया है।

(ख) 65,129 रुपये।

(ग) मई, 1971 तक 1,088.66 रुपये।

Scarcity of drinking water in Ahmedabad City

1400. SHRI SOMCHAND SOLANKI: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether Government are aware that the population of Ahmedabad city has reached to 17 lacs and the problem of scarcity of drinking water is becoming critical day by day ;

(b) whether the Government of Gujarat have requested the Central Government to solve the problem of drinking water for Ahmedabad city ; and

(c) if so, the decision taken by Government thereon ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA) : (a) and (b) Government has not received any scheme from Gujarat State for augmenting the water supply of the Ahmedabad city. It may be mentioned that central assistance for water supply schemes to the States is being given in the shape of block loans and block grants. The responsibility for allocating funds and implementation of schemes rests with the State Governments.

(c) Does not arise.

Extension of 'Lal Dora' in villages of Delhi Union Territory

1401. SHRI DALIP SINGH : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the action Government are taking for

extension of 'Lal Dora' in villages of Union Territory of Delhi ;

(b) the number of Delhi villages having 'Shamlat Deh' where the 'Lal Dora' can easily be extended ;

(c) the number of such villages where there is no 'Shamlat Deh' where the extension of 'Lal Dora' will not be possible ; and

(d) whether there is any proposal under consideration of Government that in such villages where the 'Shamlat Deh' is not available Government will acquire the land adjacent to the village existing population and allot the same to the inhabitants on 'No-profit' No loss' basis ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) Work is already in hand.

(b) and (c) There is no 'Shamlat Deh' in Delhi now. Gaon Sabha land is, however, available in 51 villages.

(d) Land is proposed to be made available either through the process of consolidation of land holdings or by acquisition.

Plots for landless people of Delhi

1402. SHRI DALIP SINGH : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) what steps Government are considering for providing plots to the landless people of the Delhi villages ; and

(b) the last target date up to which the work of extension of 'Lal Dora' is likely to be completed ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) This is proposed to be done, to the extent possible, either by extension of 'Lal Dora' or during the process of consolidation of land holdings or acquisition of land for extending the village abadi.

(b) No target date for completion of the work of extension of the 'Lal Dora' has been prescribed.

नागालैंड में युद्ध-विराम का बढ़ाया जाना

1410. श्री मोहन स्वरूप :

श्री विश्वनाथ झुंझनवाला :

श्री विश्वनारायण शास्त्री :

क्या विदेश मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या नागालैंड में अस्थायी युद्ध-विराम की अवधि, जो 30 अप्रैल तक थी, 31 जुलाई, 1971 तक बढ़ा दी गई है ;

(ख) क्या बिप्रोही नागाओं के साथ बातचीत चल रही है ; और

(ग) यदि हां, तो उक्त अवधि में कोई समाधान निकल आयेगा और यदि हां, तो उसका ब्योरा क्या है ?

विदेश मंत्रालय में उप-मंत्री (श्री सुरेन्द्र पाल सिंह) : (क) युद्ध-विराम कहना गलत है। कार्यवाही स्थगित रखने से सम्बद्ध जो समझौता 30 अप्रैल को समाप्त होने वाला था, उसे बढ़ाकर 31 मई, 1971 कर दिया गया था। इसे और बढ़ाकर 30 जून, 1971 कर दिया गया है।

(ख) जी नहीं।

(ग) 1960 में नागा नेताओं के साथ नागा समस्या का एक समाधान निकल आया था। राज्य विधान सभा के पिछले आम चुनाव में इस समाधान की पुष्टि की गई थी। छिपे नागाओं के साथ और कोई राजनीतिक बातचीत करने का कोई इरादा नहीं है। जब कानून और व्यवस्था पूर्ण रूप से फिर स्थापित हो जाती है तब 1960 में जो समझौता हुआ था, उसपर आगे भी अमल किया जा सकता है। लेकिन भारतीय नागरिक के रूप में नागा, राज्यपाल और नागालैंड सरकार को नागालैंड की उन्नति के लिए सुझाव देने में स्वतंत्र है।

प्रधान मंत्री का नया निवास स्थान

1411. श्री एस० डी० सिंह : क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या प्रधान मंत्री की रिहायश के लिए कोई विशेष भवन नियत करने की कोई योजना सरकार के विचाराधीन है ; और

(ख) यदि हां, तो उस भवन का नाम क्या है अथवा क्या इस उद्देश्य के लिए कोई नया भवन बनाने का प्रस्ताव है ?

निर्माण और आवास मंत्रालय में राज्य मंत्री (श्री आई० के० गुजराल) : (क) और (ख) जी, नहीं। सरकार ने प्रधान मंत्री के लिए राष्ट्रपति-भवन समूह में एक नया भवन बनाने का निर्णय किया था, परन्तु यह प्रस्ताव फिलहाल आस्थगित कर दिया गया है।

Alleged Italian Film Derogatory to India in Locarno Film Festival

1412. SHRI N. SHIVAPPA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether a foreign film entitled 'Les Chieve' which is derogatory to India was shown at Locarno Film Festival :

(b) if so, whether Government have lodged any protest with the Government of Italy in that regard ; and

(c) the result thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) In the Official 'Festival Catalogue' no film entitled 'Les Chieve' is mentioned, and according to present information, this film was not shown at the Lacarno Film Festival. However, we are having this matter re-checked.

(b) and (c) Do not arise.

Law and Order situation in Nagaland

1413. SHRI N. SHIVAPPA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) the number of Naga Leaders who have surrendered to or were arrested by the Indian authorities during the last 6 months, month-wise ;

(b) whether Government of India have taken any steps to solve the problem regarding the law and order situation in Nagaland ; and

(c) if so, the result thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Since the 15th November, 1970 upto the 15th May, 1971, three Underground Naga leaders were arrested. In addition, about 40 self-styled officers of the so-called Naga Army and the Underground groups have either surrendered or have been captured by the Security Forces during the same period.

(b) and (c) The Law and Order situation in Nagaland has improved considerably over the past many months. The State Government who are in control of the situation, have continued to take steps to counter the activities of the Underground groups and provide satisfactory protection to the villagers. Efforts of the Underground Nagas to extort money and rations and to get recruits are proving increasingly unsuccessful due to the non-cooperation of the villagers. The resistance offered by the villagers has noticeably increased because of their desire for peace.

Naga leaders have continued their informal contacts with the Underground Nagas to bring them to the path of peace and reason.

Recovery of dues from Pakistan

1414. **SHRI D. D. DESAI :** Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government have recovered from Pakistan all dues, including the shipments, the Pakistan Government had expropriated during the last Indo-Pakistan conflict ; and

(b) if not, the steps being taken or proposed to be taken by the Indian Government now to recover all past dues from the Pakistan Government ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) No, Sir.

(b) Government have repeatedly urged upon the Government of Pakistan to start discussions for the restoration of the property seized in the 1965 conflict, as envisaged in the Tashkent Declaration, but Pakistan's response has been negative and unhelpful so far.

Alleged sale of Blood by Contractors to various Nursing Homes and Hospitals in Delhi

1415. **SHRI MUHAMMAD SHERIFF :
SHRI B. K. DASCHOWDHURY :**

Will the Ministry of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether Government are aware that in the Capital there are some contractors who sell blood to various Nursing Homes and Hospitals ;

(b) whether these contractors collect blood from the labourers and receive 40 to 60 per cent of the amount from the sale ; and

(c) if so, the action taken against those contractors ?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT) : (a) There are no contractors to sell blood to Hospitals and Nursing Homes in Delhi. In one institution, however, namely, the All-India Institute of Medical Sciences, a contractor has been engaged to procure donors and is paid one rupee for each blood donor as his fee. The actual donor is paid Rs. 15/- directly.

(b) Government have no information about it.

(c) Does not arise.

Policy regarding supply of Drinking Water to Rural Areas of Chandigarh

1416. **SHRI A. N. VIDYALANKAR :** Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether in the urban areas of Chandigarh Union Territory, no drinking water supply has been assured in a number of villages some of which are situated at a distance of half a mile ;

(b) whether owing to running of numerous tubewells in the urban areas, village wells and hand pumps have dried up and people of villages have lost all supply of drinking water ; and

(c) if so, the immediate steps that are proposed to be taken to assure adequate supply of drinking water to these villages ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA) : (a) Yes.

(b) No. The water supply tubewells are sunk into deeper strata and do not affect the hand pumps and wells in the surrounding villages which are sunk in shallow water. The Chandigarh Administration has reported that the drying up may be due to extensive exploitation of water for agriculture or natural lowering of spring level.

(c) In order to extend water supply to the nearby villages, the Chandigarh Administration have asked the villagers to deposit the cost of extending water supply lines to their areas .

Manufacture of Nuclear Weapons

1417. PROF. S. L. SAKSENA : Will the Minister of DEFENCE be pleased to state Government's policy in regard to the manufacture of Nuclear weapons and how India proposes to meet the Chinese threat to our security ?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM) : Government's policy on the manufacture of nuclear weapons has been explained in Parliament on several occasions. It is to use nuclear energy for peaceful purposes only. Government believe that the defence of our borders can be best ensured by adequate military preparedness based upon conventional weapons. In their view, the possession of nuclear weapons is no substitute for such military preparedness. Our assessment as well as our plans are naturally kept under constant review, the paramount consideration being given to the need for safe-guarding national defence and security.

Termination of Production of Pushpak Aircraft by Hindustan Aeronautics

1418. SHRI SAMAR MUKHERJEE : Will the Minister of DEFENCE be pleased to state :

(a) whether the Hindustan Aeronautics is

going to terminate the production of the Pushpak Aircraft ; and

(b) the reaction of Government thereon ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) and (b) All orders placed for Pushpak Aircraft have been completed by HAL (Bangalore Division). At present there are no further orders for manufacture of Pushpak aircraft. Production can be resumed if further orders for a sufficient number of aircraft are received.

Provision of shelter to persons sleeping on pavements in Delhi

1419. SHRI SHASHI BHUSHAN : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the estimated number of persons who sleep on pavements in Delhi ;

(b) the class of people among those who sleep on pavements ;

(c) the number of persons who died of exposure during the last winter and sunstroke during the last summer as they had no roof over their heads ; and

(d) the schemes formulated by Government to provide shelter to these people ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) About 7,000.

(b) Generally people who are Jhalliwallas, rickshaw and handcart pullers, shoe-shine boys etc.

(c) None as a result of sun-stroke and 10 as a result of exposure to cold.

(d) There are 10 permanent night shelters in Delhi. During the winter of 1970-71, 11 more night shelters were opened on temporary basis. These 11 temporary night shelters were closed on 31st March, 1971. During the winter season of 1971-72, subject to the availability of funds, temporary night shelters will be opened according to requirements.

Pakistani ships impounded in Calcutta and Vishakhapatnam Ports

1420. SHRI SAMAR GUHA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether three Pakistani ships carrying food to East Bengal have been impounded in Calcutta and Vishakhapatnam ports;

(b) whether the citizens of East Bengal who have crossed into India in millions are entitled to use this food ; and

(c) if so, the reasons why these ships have not been unloaded and food sent to the evacuee camps ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) No, Sir.

(b) and (c) Do not arise.

वीर तांतिया टोपे के अवशेष

1421. श्री अटल बिहारी वाजपेयी : क्या विदेश मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या 1857 के स्वतन्त्रता संग्राम के महान सेनानी वीर तांतिया टोपे के कुछ अवशेष जैसे अचकन, बाल आदि जिन्हें कुछ वर्ष पूर्व ब्रिटिश सरकार से प्राप्त किया गया था उनके मंत्रालय के अधिकार में है ;

(ख) यदि हां, तो क्या शिवपुरी जहां वीर-तांतिया टोपे को 18 अप्रैल, 1859 को फांसी हुई थी में गठित तांतिया टोपे समिति ने सरकार से उक्त अवशेषों को जनता में प्रदर्शित करने हेतु उसे देने के लिए मांग की थी ; और

(ग) यदि हां, तो समिति द्वारा किये गये अनुरोध को स्वीकार न करने के क्या कारण थे ?

विदेश मंत्रालय में उप-मंत्री (श्री सुरेन्द्र पाल सिंह) : (क) जी नहीं। यूनाइटेड किंगडम

से प्राप्त होने के बाद इन पवित्र अवशेषों को स्थायी प्रदर्शन के लिए कलकत्ते के विक्टोरिया मेमोरियल म्यूजियम में भेज दिया गया था।

(ख) और (ग) तांतिया टोपे समिति ने 15 से 22 अप्रैल, 1969 तक जो प्रदर्शनी की थी उसके लिए इन पवित्र अवशेषों की उसने मांग की थी लेकिन वह हमें इतने विलम्ब से प्राप्त हुए थे कि इन्हें समय से नहीं भेजा जा सकता था।

मुबारकपुर (बिहार) में किसानों की भूमि का अर्जन किया जाना

1423. श्री रामावतार शास्त्री : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने दानापुर छावनी बोर्ड के निकट मुबारकपुर गांव में किसानों की भूमि अर्जित की है ;

(ख) क्या जिन किसानों की भूमि अर्जित की गई है उन्हें मुआवजा नहीं दिया गया है और यदि हां तो विलम्ब के क्या कारण हैं ;

(ग) क्या बिहार सरकार ने मुआवजे की रकम का अनुमान उनके मंत्रालय को भेजा है और यदि हां, तो उसका ब्यौरा क्या है ; और

(घ) केन्द्रीय सरकार ने अनुमान के अनुसार बिहार सरकार को कितनी धनराशि का भुगतान किया है और कितनी धनराशि का भुगतान किया जाना बाकी है तथा सरकार द्वारा उक्त धनराशि का कब तक भुगतान करने का विचार है ?

रक्षा मंत्री (श्री जगजीवन राम) : (क) से (घ) दानापुर छावनी के निकट मुबारकपुर गांव में लगभग 77.37 एकड़ अधिगृहीत भूमि अर्जित करने के सिलसिले में दिनांक 10-10-69 को सरकारी आदेश जारी किए गए थे। उक्त भूमि को अन्तिम रूप से अर्जित किए जाने के संबंध में प्रपत्र "जे" के रूप में एक अधिसूचना दिनांक

16 नवम्बर 1970 को राज्य सरकार के राजपत्र में प्रकाशित हुई थी। उक्त अधिसूचना में कुछ असंगतियां होने के कारण राज्य के राजस्व विभाग के अधिकारियों ने राज्य सरकार के मुद्राणालय प्राधिकारियों को उस अधिसूचना के सम्बन्ध में एक शुद्धिपत्र राज्य के राजपत्र में प्रकाशनार्थ भेज दिया है।

अधिगृहीत भूमि का 1969-70 तक का किराया मुआवजा अदा कर दिया गया है। भूमि अर्जन अधिकारी, दानापुर को अनुदेश दिये गए हैं कि जब तक सरकार उक्त भूमि को अर्जित नहीं कर लेती तब तक उसका किराया मुआवजा दिया जाता रहे।

भूमि अर्जन अधिकारी ने उन लोगों को, जिनकी भूमि अर्जित की जा रही है, "लेब पर" भुगतान करने के लिए 6,43,215 रुपए निकाले हैं। राज्य के राजपत्र में प्रपत्र "जे" अधिसूचना का शुद्धिपत्र प्रकाशित होने के बाद ही भूमि अर्जन अधिकारी उक्त राशि संवितरित करेगा।

भूमि अर्जन अधिकारी, दानापुर ने अभी तक उक्त भूमि का अर्जन मुआवजा अन्तिम रूप से निर्धारित नहीं किया है। उन्हें उसे शीघ्र निर्धारित करने के लिए कहा जा रहा है।

बिहार में मिट्टी के तेल की कमी

1424. श्री रामावतार शास्त्री : क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार में मिट्टी के तेल की बहुत कमी है ;

(ख) यदि तेल उपलब्ध होता है भी तो क्या उपभोक्ताओं को उसके लिये अत्यधिक मूल्य देना पड़ता है ; और

(ग) तेल की कमी को दूर करने के लिए और उसे निर्धारित मूल्य पर उपलब्ध करने के लिए सरकार द्वारा क्या कार्यवाही की जा रही है ?

पेट्रोलियम और रसायन मंत्री (श्री पी० सी० सेठी) : (क) से (ग) मार्च और अप्रैल, 1971

में बरौनी तथा गरहरा में रेलवे स्टाफ के एक खण्ड द्वारा हड़ताल के साथ साथ ऊर्ध्वस्थ कर्षण तार (ओवरहेड ट्रैक्शन वायर) तथा अन्य रेलवे उपकरणों की चोरी के कारण कलकत्ता से रेलों के आने जाने में आकस्मिक बाधाओं के परिणाम-स्वरूप बिहार राज्य में मिट्टी के तेल की कमी की शिकायतें प्राप्त हुईं। इस समस्या का तत्काल दीर्घअवधि हल निकालने के लिए, योजनाओं को अन्तिम रूप दिया गया तथा हल्दिया से बरौनी तक सीधे पाइपलाइन के माध्यम से मिट्टी का तेल भेजने हेतु इन योजनाओं को अधिक प्राथमिकता पर कार्यान्वित किया जा रहा है। मिट्टी के तेल का प्रथम प्रेषण बरौनी में 8 जून तक पहुंचना है। तत्पश्चात् यह (मिट्टी का तेल) उक्त राज्य की आवश्यकताओं के अनुरूप उपलब्ध हो सकेगा। इसके पश्चात् बिहार राज्य की मिट्टी के तेल की अधिकांश आवश्यकताएं राजबन्ध, बरौनी और पटना में पाइपलाइन के निकासी नली केन्द्रों (पाइपलाइन आफ-टेक पाइन्ट्स) से पूरी की जाएगी। एक पखवाड़े के भीतर स्थिति सामान्य हो जानी चाहिए किन्तु इसी बीच उपलब्ध उत्पाद के साम्य वितरण को सुनिश्चित करने के लिए सरकार से निवेदन किया गया है। राज्य सरकार को आवश्यक वस्तु अधिनियम, 1955 के अन्तर्गत, उन सारे मामलों को निपटाने के लिए, जिनमें व्यापारी, स्थानीय राज्य प्राधिकारियों द्वारा निर्धारित मूल्यों से अधिक मूल्यों पर मिट्टी के तेल को बेचते हैं, आवश्यक सांविधिक अधिकार प्राप्त हैं।

सरकारी अधिकारियों द्वारा बिल्ली में अस्पतालों के प्रमुख अधिकारियों के रूप में काम करना

1425. श्री रामावतार शास्त्री :

श्री मुहम्मद शरीफ :

श्री सामिनाथन :

क्या स्वास्थ्य और परिवार नियोजन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने सफदरजंग अस्पताल

तथा दिल्ली के अन्य अस्पतालों का प्रबन्ध-कार्य चिकित्सा विशेषज्ञों से लेकर सरकारी अधिकारियों को सौंपने का निर्णय किया है ;

(ख) यदि हां, तो इसके क्या कारण हैं ;

(ग) क्या केन्द्रीय सरकार स्वास्थ्य योजना में कार्य करने वाले चिकित्सा विशेषज्ञों ने उपर्युक्त निर्णय का विरोध किया है ; और

(घ) यदि हां, तो इस सम्बन्ध में सरकार की क्या प्रतिक्रिया है ?

स्वास्थ्य और परिवार नियोजन मंत्रालय में राज्य मंत्री (श्री डी० पी० चट्टोपाध्याय) :
(क) ऐसा कोई निर्णय नहीं लिया गया है ।

(ख) यह प्रश्न नहीं उठता ।

(ग) इस प्रकार किसी सम्भावित कार्रवाई के प्रति आशंका केन्द्रीय स्वास्थ्य सेवा के विशेषज्ञ अधिकारियों ने प्रकट की है न कि केन्द्रीय सरकार स्वास्थ्य योजना के ।

(घ) इस समय प्रश्न नहीं उठता ।

Assessment of Pollution of Drinking Water

1426. SHRI H. M. PATEL : Will the Minister of HEALTH and FAMILY PLANNING be pleased to state :

(a) whether at any stage Government have made any assessment with regard to pollution of drinking water in the country, its causes and effects on the population;

(b) if so, the findings thereof ; and

(c) the steps taken so far by Government in this direction ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA) : (a) and (b) Yes. Central Public Health Engineering Research Institute, Nagpur, Indian Council of Medical Research, New Delhi and Central Inland Fisheries Research

Institute, Barrackpore and other organisations have conducted several river-pollution studies which revealed that water pollution problems exist in localised pockets in several parts of the country.

(c) A comprehensive bill to prevent water pollution in the country called the 'Prevention of Water Pollution Bill, 1969' has already been introduced in the Rajya Sabha.

Action taken by India re: Aggression in Laos

1427. SHRI H. M. PATEL : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government had taken any diplomatic initiative as Chairman of the I C C in Laos on the fresh military flare-up in Laos; and

(b) if so, what steps were taken and the results achieved ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b) Government of India have consistently held the view that the only path to a solution of the problems of Laos lies in the vacation of all foreign interference and the continuation of the dialogue between the Laotian parties with a view so achieving a negotiated settlement. Government of India, therefore, expressed regret and concern at the recent escalation of the conflict and urged restraint. The Indian representative on the I C C also suggested that the I C C might issue an appeal calling for the reaffirmation of Laotian neutrality ; for respecting the Geneva Agreements of 1954 and 1962 ; and offering "good offices" to the parties in Laos to enable them to continue their dialogue towards a peaceful settlement.

दिल्ली विकास प्राधिकरण के कर्मचारियों को बोनस दिया जाना

1428. श्री नरेन्द्र सिंह बिष्ट : क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली विकास प्राधिकरण के

कर्मचारियों को बोनस की कुछ राशि दी जाती है और यदि हां, तो बोनस पाने के अधिकारी कर्मचारियों की विभिन्न श्रेणियां क्या हैं और उन्हें बोनस किस तिथि से तथा किस दर पर दिया जा रहा है ;

(ख) क्या बोनस अदा करने की घोषणा करने के उपरान्त दिल्ली विकास प्राधिकरण ने निम्न तथा मध्यम आय वर्ग के लोगों को लाटरी द्वारा भूमि आवंटित नहीं की है और यदि हां, तो उसके क्या कारण हैं ; और

(ग) दिल्ली विकास प्राधिकरण के लाटरी द्वारा निम्न तथा मध्यम आय वर्ग के लोगों को बड़े पैमाने पर विकसित भूखंड देने की योजना का ब्यौरा क्या है और उक्त योजना का क्रियान्वयन कब तक किया जायेगा ?

निर्माण और आवास मंत्रालय में राज्य मंत्री (श्री आई० के० गुजराल) : (क) जी, हां। अदायगी, दिल्ली विकास प्राधिकरण के सभी नियमित तथा कार्यप्रभारित कर्मचारियों को की जाती है (जिसमें वेतन के स्वीकृत समय मानों में वेतन ले रहे प्रतिनियुक्ति पर आए लोग भी शामिल हैं)। 1964-65 से अदायगी प्रति वर्ष 4 प्रतिशत से 19 प्रतिशत के बीच की विभिन्न दरों पर की गई है।

(ख) जी, नहीं। 1967 से 1970 तक रिहायशी योजनाओं के अन्तर्गत, निम्न तथा मध्यम आय वर्गों में 2,576 व्यक्तियों को आवंटन किये गये।

(ग) भूमि के बड़े पैमाने पर अर्जन, विकास और निपटान की योजना में, निम्न तथा मध्यम आय वर्ग के व्यक्तियों को पूर्वनिर्धारित दरों पर लाटरी द्वारा, आवंटन के लिए रिहायशी प्लॉटों के विकास की व्यवस्था है। निम्न आय वर्ग के मामले में प्लॉटों का आकार 125 वर्ग गज तक, मध्यम आय वर्ग के मामले में 126-200 वर्ग गज तक सीमित है। दिल्ली विकास प्राधिकरण

योजना को, पिछले कई वर्षों से कार्यान्वित कर रही है

Meeting of World Peace Congress in Budapest

1429. SHRI N. S. BISHT : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) Whether the meeting of the World Peace Congress was held in Budapest recently.

(b) if so, the names of the countries which participated in the Congress and the subjects discussed therein ;

(c) whether India pleaded for the support of freedom movement in Bangla Dosh ; and

(d) if so, the reaction of the participating countries thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Yes, Sir.

(b) It is understood that delegates from the countries and international organisations indicated in the attached lists [Placed in Library. See No. L T-339/71] participated in the Congress and discussed subjects mentioned in the Agenda attached herewith. [Placed in Library. See No. L T-339/71]

(c) The Indian delegation urged support for the freedom movement in East Bengal.

(d) The Bangla Dosh representative was Chairman of Commission on Colonialism and Racism, which passed a resolution calling for an immediate stop to Pakistan's massive war against the people of Bangla Dosh and return of the refugees who are now in India. In the final report of the Secretary-General, while referring to the struggle against imperialism, a mention was made of the grave developments in Pakistan and the genocide in East Bengal. The presence of the Indian delegation at the World Peace Congress in Budapest has served to arouse the conscience of the assembled delegates regarding the grave situation in East Bengal and has corrected many wrong impressions among them regarding the nature of the struggle of the people of East Bengal.

राजधानी में विषाक्त सर्प फार्म स्थापित करने के लिये वित्तीय सहायता

1430. श्री हुकम चन्द कछवाय : क्या स्वास्थ्य और परिवार नियोजन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या फ्रेंड्स इंटरनेशनल (इंडिया) के नियन्त्रणाधीन भारतीय आयुर्वेदिक चिकित्सा अनुसंधान एवं प्रशिक्षण परिषद् ने, विदेशी मुद्रा अर्जित करने के लिये सरकार को राजधानी में विषाक्त सर्प फार्म स्थापित करने की योजना का सुझाव दिया है ;

(ख) क्या उपर्युक्त परिषद् ने, इस योजना को क्रियान्वित करने के लिये सरकार से वित्तीय सहायता की भी मांग की है ;

(ग) इस योजना के अन्तर्गत कितने विषाक्त सर्प रखे जायेंगे ; और

(घ) इससे प्रति वर्ष कितनी विदेशी मुद्रा की आय होगी ?

स्वास्थ्य और परिवार नियोजन मंत्रालय में राज्य मंत्री (श्री डी० पी० चट्टोपाध्याय) : (क) भारत सरकार को ऐसे कोई सुझाव नहीं मिले हैं।
(ख) जी नहीं।

(ग) और (घ) प्रश्न नहीं उठते।

दिल्ली स्थित कर्जन होस्टल और पटौदी गेस्ट हाउस में भोजन तथा आवास गृह

1431. श्री हुकम चन्द कछवाय :
श्री जगन्नाथ राव जोशी :

क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली स्थित कर्जन होस्टल के 'एफ' ब्लॉक और पटौदी गेस्ट हाउस में ठहरने वाले व्यक्तियों के लिए भोजन और आवास शुल्क

तथा इस मद के अन्तर्गत अन्य व्यय का भुगतान करना अनिवार्य कर दिया गया है ;

(ख) कर्जन होस्टल के 'एफ' ब्लॉक और पटौदी हाउस में आवास किराया तथा भोजन आदि का दैनिक शुल्क क्या है ;

(ग) क्या सरकार के विचाराधीन ऐसी कोई योजना है जिसके अन्तर्गत केवल आवास किराया ही लिया जायेगा तथा भोजन का शुल्क देना अनिवार्य नहीं होगा ; और

(घ) यदि हां, तो सरकार का इस सम्बन्ध में भविष्य में क्या कार्यवाही करने का विचार है ?

निर्माण और आवास मंत्रालय में राज्य मंत्री (श्री आई० के० गुजराल) : (क) कर्जन रोड होस्टल के 'एफ' ब्लॉक में कुल 126 'सूट' (कमरों के सेट) हैं। इन "सूटों" में रसोई की सुविधा नहीं है। 30 'सूट' दौरा करने वाले अधिकारियों को आवंटन के लिये आरक्षित रखे गये हैं। जिन अधिकारियों को ये सूट आवंटित किये जाते हैं उनके लिये भोजन अनिवार्य है। शेष सूट नियमित आधार पर अधिकारियों को आवंटित किये जाते हैं और उन द्वारा आहार-प्रबन्धक से केवल नाश्ता लेना ही और उसके लिये आहार-प्रबन्धक को सीधे 1.50 रुपये प्रति देना ही अपेक्षित है।

पटौदी हाउस में राज्य अतिथि गृह (स्टेट गेस्ट हाउस) के दो भाग हैं, अर्थात् मुख्य भवन तथा साथ के हटमेंटस्। मुख्य भवन में 'सूट्स' राज्य के अतिथियों के लिये उद्दिष्ट हैं और उन्हें आहार-प्रबन्धक से भोजन अनिवार्य तौर पर लेना पड़ता है। साथ के हटमेंटस् नियमित आधार पर आवंटित किये गये हैं और प्रत्येक हटमेंटस् में केवल एक व्यक्ति को आहार-प्रबन्धक से भोजन लेना होता है।

(ख) कर्जन रोड होस्टल के "एफ" ब्लॉक में तथा 'गेस्ट हाउस' (पटौदी हाउस) में वास के लिये

दर और खाने के लिये दैनिक प्रभार विवरण "क" में दिये गये हैं, जो सभा-पटल पर रख दिये गये हैं। [प्रन्चालय में रख दिये गये। देखिये संख्या L.T. 340/71]

(ग) जी, नहीं।

(घ) ऊपर 'ग' को देखते हुये प्रश्न ही नहीं उठता।

होम्योपैथिक चिकित्सा प्रणाली के कालेजों और अस्पतालों पर विश्वविद्यालयों का नियंत्रण

1432. श्री हुकम चन्द कछवाय : क्या स्वास्थ्य और परिवार नियोजन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या राज्यों तथा केन्द्रीय प्रशासित क्षेत्रों में होम्योपैथिक चिकित्सा प्रणाली के कालेज तथा अस्पताल मान्यता-प्राप्त विश्वविद्यालयों के नियंत्रणाधीन नहीं है ; और

(ख) क्या सरकार का विचार इस सम्बन्ध में कोई कार्यवाही करने का है ?

स्वास्थ्य और परिवार नियोजन मंत्रालय में राज्य मंत्री (श्री डी० पी० चट्टोपाध्याय) : (क) भारत के 47 होम्योपैथिक कालेजों में से 44 कालेजों का प्रबन्ध प्राइवेट संस्थाएं कर रही हैं और केवल तीन कालेजों का प्रबन्ध सम्बन्धित राज्य सरकारें कर रही हैं। विश्वविद्यालय के नियंत्रण में कोई होम्योपैथिक कालेज नहीं है।

(ख) होम्योपैथी नियंत्रण परिषद् की स्थापना के लिये कानून बनाने का विचार है। यह परिषद् होम्योपैथिक शिक्षा के स्तर के साथ-साथ इस व्यवसाय के विनियमन की भी जांच करेगा।

होम्योपैथिक चिकित्सा पद्धति का विकास एवं प्रसार

1433. श्री हुकम चन्द कछवाय : क्या स्वास्थ्य और परिवार नियोजन मंत्री यह बताने की कृपा करेंगे कि :

(क) होम्योपैथिक चिकित्सा पद्धति का विकास एवं प्रसार करने के लिये सरकार ने क्या कार्यवाही की है ;

(ख) क्या होम्योपैथिक चिकित्सा पद्धति को लोकप्रिय बनाने के लिये कोई प्रस्ताव सरकार के विचाराधीन है ; और

(ग) यदि हां, तो उसकी मुख्य बातें क्या हैं ?

निर्माण और आवास तथा स्वास्थ्य और परिवार नियोजन मंत्री (श्री उमाशंकर दीक्षित) :

(क) से (ग) स्वास्थ्य राज्य विषय है और यह मुख्यतः राज्य सरकारों का काम है कि वे होम्योपैथिक चिकित्सा पद्धति के प्रचार के लिये समुचित कार्यवाही करें। चौथी योजना में होम्योपैथी सहित देशी-विदेशी पद्धतियों के विकास के लिये केन्द्रीय क्षेत्रों में 7.83 करोड़ रुपये और राज्य क्षेत्र में 8 करोड़ रुपये की व्यवस्था की गई है।

केन्द्रीय सरकार ने केन्द्रीय स्वास्थ्य योजना के अन्तर्गत दो होम्योपैथिक औषधालय खोले हैं।

सरकार ने एक चार वर्षीय डिप्लोमा पाठ्यक्रम भी स्वीकार किया है और राज्य सरकारों को सुझाव दिया है कि वे उसे अपनायें। केन्द्रीय होम्योपैथी परिषद् के गठन के बारे में भी समुचित कानून बनाने का विचार है। इस परिषद् के माध्यम से सभी राज्यों में होम्योपैथी प्रशिक्षण का स्तर एक समान करने तथा होम्योपैथी द्वारा चिकित्सा करने वालों का विनियमन करने का विचार है।

भारत सरकार ने हाल में ही भारतीय चिकित्सा और होम्योपैथी में अनुसंधान करने के लिये एक केन्द्रीय परिषद् स्थापित की है। इस परिषद् के तत्वावधान में हावड़ा में होम्योपैथी का एक केन्द्रीय अनुसंधान संस्थान तथा दिल्ली में एक होम्योपैथिक औषध मानकीकरण एकक स्थापित किये जा चुके हैं। 1971-72 में दो अनुसंधान केन्द्र तथा 1972-73 तथा 1973-74 में एक-एक केन्द्र स्थापित करने का विचार है।

इसके अलावा, यह परिषद् देश के विभिन्न भागों में स्थित होम्योपैथी के 10 अनुसंधान केन्द्रों को वित्तीय सहायता दे रही है। चौथी योजना अवधि में होम्योपैथिक अनुसंधान योजनाओं के लिये 36.98 लाख रुपये की व्यवस्था की गई है।

Medical Reimbursement to Civilian Employees of Ordnance Factories

1434. SHRI S. M. BANERJEE : Will the Minister of DEFENCE be pleased to state :

(a) Whether the civilian employees of the Ordnance Factories proceeding on leave to their permanent home towns or their family permanently residing in home towns/villages are not entitled to medical re-imbursement, whereas all the Central Government employees including Civilian Defence Employers other than those in Ordnance Factories are paid the same ; and

(b) if so, the reasons for this discrimination ?

THE MINISTER OF STATE DEFENCE PRODUCTION IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) Yes, Sir.

(b) Whereas the Ordnance Factories employees are governed by the Regulations for the Medical Services of the Armed Forces, 1962, other Central Government employees including civilian Defence employers receive medical facilities under either Central Services (Medical Attendance) Rules, 1944, as amended or Central Government Health Scheme. While under the latter two sets of Rules, the facilities mentioned in part (a) of the question are available, such facilities are not admissible under the Regulations for the Medical Services of the Armed Forces, 1962, which govern the Ordnance Factories employees and the Service personnel.

Thefts in Maulana Azad Medical College Hostel, New Delhi

1435. SHRI SHASHI BHUSHAN : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether the attention of Government

has been invited to the news item appearing in the 'Evening News' dated the 15th April, 1971 to the effect that girl students of Maulana Azad Medical College Hostel feel insecure due to increasing number of thefts ?

(b) whether a large number of lady doctors and girl students have complained that the college authorities were showing lack of concern at the menace which has been on the increase for the past 12 months ; and

(c) the action taken by the authorities and the police to recover the stolen articles and to take preventive measures ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA) : (a) Yes.

(b) No.

(c) Police was informed immediately in each case and they are seized of the matter. Essential security measures, including provision of one extra chowkidar and erection of protective walls, have been taken.

Lack of Facilities at T. B. Control Units

1436. SHRI SHASHI BHUSHAN :
SHRI K. M. MADHUKAR :

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether the attention of Government has been invited to the news appearing in the 'Hindustan Times' dated the 17th April, 1971 to the effect that TB control units lack films, drugs, staff and equipment ;

(b) if so, the reaction of Government thereto ; and

(c) the steps taken by Government to make available all these facilities with a view to treat the patients properly and effectively ?

THE MINISTER OF STATE IN THE MINISTRY HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA) : (a) Yes.

(b) and (c) The District TB Control Units established and upgraded during the

Fourth Five Year Plan are provided with full set of X-ray and Laboratory equipments received from the UNICEF. A full team of trained staff is also posted at each of these units. Besides, anti-TB drugs and 70 mm X-ray films are also supplied to these units by the Government of India. Maintenance of the District TB Control Units established before the commencement of the Fourth Five Year Plan, has become the liability of the State Government. However, anti-TB drugs are being supplied to these units also by the Government of India from the current financial year, subject to the recovery of the cost of the drugs for the committed level from the cash grants given to the States at the end of each financial year. 70 mm X-ray films are also supplied to these units as far as possible.

Anti-social element at Officers' quarters at Cossipore, Dum-Dum Road, Calcutta

1437. SHRI DINEN BHATTACHARYYA : Will the Minister of DEFENCE be pleased to state :

(a) whether Officers' Quarters of Cossipore Gun and Shell Factory which is situated on Dum-Dum Road, Calcutta, have now become a den of anti-social elements ;

(b) whether the anti-socials make use of this establishment for making bombs and as a base for the activities in Dum-Dum area and the inmates of quarters have become subjected to various forms of torture by the anti-socials ; and

(c) if so, the steps Government are contemplating for countering the anti-social element ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) No, Sir.

(b) No, Sir. However it is true that the inmates of these quarters have been lately subjected to threats and intimidation by anti-social elements.

(c) Since the Factory Estate is located in the midst of civil population, it is for the State Government to take necessary steps. The management of the Factory keep the law and order authorities informed of any incident that occur from time to time and get their help as and when required.

Foreign-owned Drug Manufacturing Companies in India

1438. SHRI YAMUNA PRASAD MANDAL : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the names and number of foreign-owned drug manufacturing companies in India ;

(b) the amount of profit earned by each company separately during the last three years, year-wise ; and

(c) the amount of Income-tax paid by each company during the last three years ; year-wise ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) It is presumed, by foreign-owned drug manufacturing companies is meant such of the companies as have foreign equity capital exceeding 50%. On this basis, the required information in respect of the units borne on the books of the Directorate General of Technical Development is as under. Information in respect of the units in the small scale sector is not available. It is being collected and will be laid on the Table of the House.

Output of Hindustan Latex

1439. SHRI M. RAM GOPAL REDDY :
SHRI T. S. LAKSHMANAN :

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) what is the annual output of the Hindustan Latex ;

(b) whether it is able to meet fully the domestic demand ; and

(c) if not, the steps Government propose to take to increase the supply of rubber contraceptives ?

THE DEPUTY MINISTER IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI A. K. KISKU) : (a) The installed capacity of Hindustan Latex Limited is 144 million pieces of Nirodh per annum. The Undertaking went into commercial production in July, 1969. The output has been as follows :—

Period	Output
(i) from July' 1969 to 31st March, 1970	40.45 million pieces:

(ii) from 1st April, 1971
to 31st March, 1971 77.43 million pieces*

*Full capacity was not utilised for want of orders.

(b) No. The requirements of Nirodh for the National Family Planning Programme are, however, being met partly by utilising free gifts of Nirodh given by friendly countries and partly by resorting to purchases from other indigenous sources.

(c) Government have approved in principle the proposal to double the production capacity of the Nirodh Factory of Hindustan Latex Limited. The Company has been asked to submit a detailed Project Report.

Conditions of Commonwealth illegal immigrants detained in U. K. Jails

1440. SHRI M. RAM GOPAL REDDY :
Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the attention of Government has been drawn to a news appearing in the 'Indian Express' of the 24th April, 1971 that Commonwealth illegal immigrants in U. K. are kept in harrowing conditions in the British jails ; and

(b) if so, the steps which Government have taken to see that their conditions are improved ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Yes, Sir.

(b) The report which appeared in the 'Indian Express' of the 24th April 1971 appears to have been based on a report in the *Sunday Times* of April 11. These reports seem to give an exaggerated picture of conditions in Pentonville prison. Soon after the *Sunday Times* report appeared, our High Commission in London made necessary enquiries through the British Home Office in the matter. While there is undoubted over-crowding, conditions in the prison are not quite as bad as depicted in the news story. There are 1200 prisoners in Pentonville prison at any one time, of whom illegal immigrants from various parts of the world constitute not more than a hundred. Being unconvicted prisoners, the latter get better treatment than the remaining 1100 convicted prisoners. Illegal immigrants are allowed to wear their own clothes, eat their own food supplied by friends, and meet visitors. They do not have to work and can even meet each

other at specified hours. In view of the above and also in view of the fact that immigrants held in Pentonville prison belong to all parts of the world and stay there for short periods, no further approach to the British Government was made.

Conference of State Health Secretaries and Family Planning Officers

1441. SHRI JAGDISH BHATTACHARYA :
SHRI DASARATHA DEB ;
SHRI CHANDRA SHEKHAR SINGH :

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) the decision and the recommendations of the Conference of the State Health Secretaries and Family Planning Officers thereof; and

(b) the reaction of Government thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI A. K. KISKU) : (a) The main recommendations of the Conference of State Health Secretaries Administrative Medical Officers, Family Planning Officers and Mass Education and Information Officers held from 28th to 30th April, 1971 are given in the Statement laid on the Table of the House. [*Placed in Library. See No.L.T—341/71*]

(b) The recommendations are under consideration.

Visit by Russian Oil Experts to India

1442. SHRI N. K. SANGHI :
SHRIMATI JYOTSNA CHANDA :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the Russian Oil experts who concluded their visit to India recently have made plans for oil exploration by deep well drilling at Jaisalmer in Rajasthan and they are evaluating prospects of various areas to determine priorities to be undertaken by the Oil and Natural Gas Commission ; and

(b) the time by which the evaluation will be completed and the areas being evaluated ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) The Oil and Natural Gas Commission had already taken a decision to conduct deep drilling in Jaisalmer area. The Russian Oil experts, who visited the country recently, agreed with this decision.

Another Soviet team, which came before the above mentioned Russian Oil experts, and which is still in India is currently engaged in a study which includes the evaluation of the prospects of the various areas and determination of the priorities of work to be undertaken.

(b) The study will cover all sedimentary basins in the country and is likely to be completed by September, 1971.

Training to Ceylonese personnel to fly MIG-17

1443. SHRI P. GANGADEB :
SHRI NIHAR LASKAR :

Will the Minister of DEFENCE be pleased to state :

(a) whether Ceylon Government have requested India to train the Ceylonese personnel to fly MIG-17 aircraft, given to them by Russia ; and

(b) if so, the reaction of Government thereon ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) Yes, Sir.

(b) The request has been accepted in principle.

Heads of Indian Missions abroad

1444. SHRI SHYAMNANDAN MISHRA :
Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) the number of officials and non-officials working as Heads of Indian Missions abroad ; and

(b) the comparative annual figures since 1967 ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) On

date, there are 55 career and 16 non-career Heads of Missions accredited to one or more countries. The 16 non-career Heads of Missions include non-officials, non-IFS Officers and retired officers.

Production of antibiotics by I. D. P. L. at Rishikesh Plant

1446. SHRI D. D. DESAI : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the total value of antibiotics produced by the Rishikesh Plant of the Indian Drugs and Pharmaceuticals Limited ;

(b) whether the capacity of the tetracycline group of antibiotics was fixed at 120 tonnes when the actual consumption was 10 tonnes Per year ; and

(c) the reasons for raising the capacity of manufacturing of 70 tonnes of Chlorotetracycline when doctors in India no longer prescribe this antibiotic ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) The total value of antibiotics produced at Rishikesh Plant of the Indian Drugs and Pharmaceuticals Ltd. during 1970-71, was of the order of Rs. 558.90 lakhs.

(b) The detailed project report envisaged a total capacity of 120 tonnes of the tetracycline group of antibiotics but the actual capacity created is only 76.5 tonnes per annum including 26.5 tonnes of chlorotetracycline. The present demand in the country for tetracycline Hcl is of the order of 90 tonnes.

(c) The capacity for chlorotetracycline actually created in the plant is only 26.5 tonnes. In view of the lack of adequate demand for this item various proposals for alternative use of the capacity are under consideration.

Financial aid for expansion of hospitals in West Bengal

1447. SHRI SUBHODH HANSDA : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether West Bengal Government have asked for any financial help for expansion of Hospital as well as for supply of sufficient medicines ; and

(b) if so, the reaction of Government in this regard ?

THE MINISTER OF WORKS & HOUSING, AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT) : (a) and (b) The Government of West Bengal have recently requested for additional funds for establishment of 100 clinics under the Calcutta Metropolitan Development Authority. For this purpose they have requested the Health Ministry to take up the matter with the Planning Commission for increasing the Plan provision for Health for West Bengal by Rs. 231 lakhs. At present the approved outlay for the Health Sector in the State Plan is Rs. 1,563 lakhs. This proposal is under consideration of the Central Government.

Further in connection with the relief work for refugees from East Bengal, the Government of West Bengal have forwarded a scheme for medical care and health relief measures inclu-

ding water supply and sanitation. The Ministry of Rehabilitation have now approved the scheme subject to technical details being cleared.

In so far as the supply of medical stores is concerned, supplies are being made to the Government of West Bengal, as also to the other States where refugees have come, to meet their requirements.

Survey for Oil in West Bengal

1448. SHRI SUBHOD HANSDA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether search for natural oil in West Bengal has been abandoned ;

(b) if not, the areas selected for surveying and the stage at which the survey result stands ; and

(c) whether any drilling will be made on the basis of the survey results ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :
(a) No, Sir.

(b) Seismic surveys have so far been concentrated in areas south-west to south-east of Calcutta, covering Tamluk-Haldia, Budge Budge-Diamond Harbour, Bodra-Port Canning and Barasat areas. These are areas where prospects of finding oil are considered particularly favourable. These areas have been covered by semi-detailed seismic reflection surveys, with detailed seismic surveys in Chhitanyapur-Haldia, Budge Budge-Bawali, Bodra and Barasat areas, using analogue magnetic recording instruments. During the field seasons 1970-71, two parties have been working in and around Bodra area with digital seismic-units.

(c) Drilling will be undertaken if these digital seismic surveys indicate the presence of favourable structures for oil/gas accumulations.

Retrenchment of Naval Employees

1449. SHRI A. K. GOPALAN : Will the Minister of DEFENCE be pleased to state :

(a) whether a number of employees in

the Naval Bakery, Naval Base, Cochin have been retrenched from the service ;

(b) if so, the total number of employees retrenched ;

(c) the reasons for the said retrenchment ; and

(d) the steps taken to absorb them in some alternative posts ?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM) : (a) to (c) As the bakery at Cochin has been closed down, 15 employees have been retrenched.

(d) Efforts are being made to offer alternative appointments to the affected individuals.

Formation of Joint Committee of Government and Drug Industry Representatives to study the Impact of Drug (Prices Control) Order, 1970

1450. SHRI TEJA SINGH SWATANTRA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the drug industry has suggested the formation of a joint committee of Government and industry representatives to study the effects of Drug (Prices Control) Order, 1970 and its implementation ; and

(b) if so, Government's reaction thereto ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b) A suggestion that a Joint Committee be set up to study the effects of the Drugs (Prices Control) Order 1970 was made in the speech of the Chairman, Reception Committee at the 6th All India Drugs and Pharmaceutical Manufacturers Conference held in Bombay on the 2nd May, 1971. The then Minister in charge of Petroleum and Chemicals (Shri D. R. Chavan) who inaugurated the meeting pointed out that the drugs industry and the trade have been consulted from time to time regarding the working of the Drug (Prices Control) Order 1970 and that the practice would be continued. He added that in the circumstances, the setting up of a formal committee of the kind proposed was not considered necessary, by Government.

Plastic Cornea Grafting

1451. SHRI D. K. PANDA :
SHRI BISHWANATH JHUNJHUN-
WALA :

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether Government have verified the rival claims made by two teams of Eye-Surgeon at Patiala and Delhi regarding the pioneering work in Plastic cornea grafting ; and

(b) if so, the results thereof ?

THE MINISTER OF WORKS & HOUSING, AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT) :

(a) and (b) The Indian Council of Medical Research has supported studies on clinical trials of keratoprosthesis at two centres namely, Government Medical College, Patiala and Dr. Rajendra Prasad Centre for Ophthalmic Sciences, All India Institute of Medical Sciences, New Delhi. At Patiala, the work was started in June, 1969. According to the latest report received, keratoprosthesis made of methyl methacrylate was implanted in the eyes of 4 patients successfully, the first operation having been performed in December, 1969. Follow up has shown no indication of any foreign body reaction towards the implanted keratoprosthesis, causing extrusion of the implant or demanding removal of the keratoprosthesis. Vision has improved except in one case where there was retinal malfunction.

At the Dr. Rajendra Prasad Centre Ophthalmic Sciences, New Delhi, similar work was undertaken in April, 1970. In the latest report received, it is stated that a methyl methacrylate polymer has been prepared by the special technique of ultraviolet polymerisation. The apparatus and the technical details of polymerisation have been indigenously developed. Various designs of plastic cornea have been experimented upon animals and final selection has been made for clinical trials. The first grafting of this indigenously made plastic cornea was done on the 28th April, 1971 and the patient can now recognise faces.

Commissioning of First Indian Built Naval Frigate, Nilgiri

1452. SHRI MUHAMMED SHERIFF :
Will the Minister of DEFENCE be pleased to state :

(a) whether there has been delay in commis-

sioning of first Indian-built Naval Frigate, Nilgiri ; and

(b) if so, the reasons therefor ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) Yes sir ; by about 5 months.

(b) The delay is the result of cumulative effect of the difficulties experienced in this first ever production of a highly sophisticated Frigate in the country.

Rejection of offer of Government accommodation by Employees

1453. SHRI B. K. DASCHOWDHURY :
Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the number of Government servants who were offered Government accommodation on Doctors' recommendations, but did not accept the same up to the 31st March, 1971 ;

(b) the reasons for not accepting the Government accommodation ; and

(c) how much loss Government has suffered due to Government quarters remaining vacant owing to rejection of offers by the employees ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) Out of 649 Govt. employees, who were offered general pool accommodation on medical grounds in Delhi, New Delhi, during the period from December, 1967 to March, 1971, only 17 employees did not accept the allotments.

(b) In 15 cases no reasons for non-acceptance of the allotments were given by the employees concerned but in 2 cases the employees concerned did not accept the allotments as they wanted accommodation in a particular area.

(c) According to the provisions contained in the Allotment Rules, when an acceptance is not received from the officer concerned to whom the allotment is made, within the stipulated period, the accommodation is allotted to the next officer on the waiting list. The question of loss of revenue does not arise.

Cut in the U. N. Budget

1454. SHRI N. SHIVAPPA : Will the Minister of EXTERNAL AFFAIRS be pleased to state ;

(a) whether India's delegate to U. N. has felt concerned over the slashing by the Secretary-General of the U. N. Budget ; and

(b) if so, the effect of this cut on the financial commitments to support the activities of the U. N. Organisational systems ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Yes, Sir.

(b) The Secretary General gave an assurance that the reduction would not affect the implementation of the approved work programme of the U. N. It will be possible to assess the impact on the work programme only after the conclusion of the financial year 1971.

Recommendations made by Shantilal H. Shah Committee on Oil Prices

1455. SHRI N. SHIVAPPA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state the steps Government have taken to curb the remittances in the light of the recommendations made by Shantilal H. Shah Committee on Oil prices ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : Government initially asked the Oil Companies to report the extent of their remittances on account of Engineering Services, Technical Information Services, Royalties, Licence Fees etc. The Oil Companies have stated that they have not remitted any amount not permissible either under the provisions of the Refinery Agreements or by the provisions of Foreign Exchange Regulation Act. The matter is being further pursued.

Expenditure on Allopathic, Homoeopathic and other remedies of treatments

1456. SHRI S. N. MISRA : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) how much money has been spent by

Central Government on Allopathic remedy of treatment and how much on Homoeopathic and other Indian remedies of treatment, including research thereon, in the financial year ending 31st March, 1971 ;

(b) the steps taken to assist and popularise Homoeopathic and Indian remedies of treatment ; and

(c) whether adequate funds and facilities would be made available for Homoeopathy ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHAYAYA) : (a) Health is a State subject and provision of medical care is the responsibility of the State Governments concerned. In Delhi, however, the Central Government servants are governed by the Central Government Health Scheme. There are 60 Allopathic, 5 Ayurvedic and 2 Homoeopathic dispensaries functioning under the Central Government Health Scheme. The expenditure during the year 1970-71 amounted to :

Allopathy	.. Rs. 1,04,45,000
Ayurveda	.. Rs. 3,56,000
Homoeopathy	.. Rs. 43,000

In respect of Central Government servants and members of their families residing outside Delhi, they are governed by the Central Services (Medical Attendance) Rules except for Allahabad and Bombay where the Central Government Health Scheme is in operation only on Allopathic lines. The expenditure in respect of these two cities was as follows :

Bombay	.. Rs. 6.51 lakhs
Allahabad	.. Rs. 12.46 lakhs

Since expenditure on medical treatment is reimbursed to other Central Government servants by the various Departments/Ministries, figures of expenditure in this respect are not available with this Ministry.

With regard to research a sum of Rs. 155 lakhs was spent by the Indian Council of Medical Research during the year 1970-71 ; while the Central Council for Research in Indian Medicine and Homoeopathy gave grants amounting to Rs. 53 lakhs during the same period for research purposes.

(h) The Government of India have established a Central Council for Research in Indian Medicine and Homoeopathy which body is giving grants to the various institutions engaged in research. In addition, grants are given to a number of Ayurvedic medical colleges for upgrading the existing Departments. A Central Council of Indian Medicine is being established under an Act of Parliament for regulating Ayurvedic education and its practice. Necessary legislation for the setting up of a similar Council for Homoeopathy is under consideration.

The Government of India have informed all State Governments to the effect that along with modern system of Allopathy, Ayurveda, Unani and Homoeopathic system of medicine should contribute towards the development of the National Health Services in the country. It is, therefore, also for the State Governments to take necessary steps to propagate the Indian systems of medicine including Homoeopathy.

(c) In the Fourth Plan a sum of Rs. 58.30 lakhs has been provided for undergraduate education in Homoeopathy and a sum of Rs. 36.98 lakhs for Research Schemes.

Production of .22 Rifles, Pistols and Revolvers for Public Use

1457. SHRI S. N. MISRA: Will the Minister of DEFENCE be pleased to state:

(a) whether the Defence Department has produced for public use 2.2 Rifles, Pistols and Revolvers;

(b) if so, the prices thereof; and

(c) by what time these fire arms will be available in the market; and

(d) what estimate for marketing these fire arms has been made?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) The Department of Defence Production has plans to produce for public use .22 Rifles (and not 2.2 Rifles) and .32" Pistols. There is no plan to produce Revolvers for public use.

(b) Prices would be decided after the bulk manufacture has been started.

(c) The pilot batch of .22 Rifles has been manufactured. As soon as this batch is cleared in proof bulk production will be taken up. Every effort is being made to put the Rifles in the market as early as possible. A project has recently been sanctioned for the manufacture of certain army stores and .32" Pistols for the civilian use and though the manufacture is expected to be established in about 3 years time, the capacity would be initially utilised for production of service stores.

(d) No indication can be given at this stage.

Visit of the Officials of F.A.C.T. to foreign countries

1458. SHRI M. K. KRISHNAN: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the number of times the officials of Fertilisers and Chemicals Travancore Limited, Kerala have gone abroad during the last three years;

(b) the total expenditure incurred on these trips; and

(c) the details thereof?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) and (b) The number of officers of Fertilizers and Chemicals Travancore Limited who had gone abroad during the last three years and the expenditure incurred thereon are given below:—

Year	Number of officers	Expenditure
1968-69	66	Rs. 6,74,891/-
1969-70	47	Rs. 4,18,086/-
1970-71	18	Rs. 1,22,117/-

(c) The officers of Fertilizers and Chemicals Travancore Limited were sent to Japan, Italy, U.S.A., U. K., Ceylon and Syria in connection with the designing, etc. of the projects under implementation by the Company, for negotiation on tenders of foreign countries for setting up of plants and for training under USAID programmes.

Doctors Working in Emergency Department in Willingdon Hospital, New Delhi

1459. SHRI G. Y. KRISHNAN : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether Government are aware that the Doctors working in Emergency Department in Willingdon Hospital do not pay proper attention to the patients ; and

(b) if so, whether Government have considered any proposal to make surprise visits to such Hospitals ?

THE MINISTER OF STATE IN THE MINISTRY HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA) : (a) No. Patients are looked after by the doctors on duty.

(b) Officers of the Directorate General of Health Services visit the Hospital frequently sometimes without intimation to the Hospital

Employment in MIG Factory

1460. SHRI G. Y. KRISHNAN : Will the Minister of DEFENCE be pleased to state :

(a) the number of persons given employment in the Sonabada MIG Factory since its inception ;

(b) the number of Scheduled Castes and Scheduled Tribes who were given opportunities ; and

(c) the criteria adopted in this regard ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) Number of persons employed in MIG Factory, Sunabada as on 1st January, 1971 is 2484.

(b) 139 belong to Scheduled Castes/Scheduled Tribes.

(c) In 1969, a directive was issued by the Government laying down the percentage of vacancies to be reserved for Scheduled Castes and Scheduled Tribes for various classes of employees. This directive was amended in 1970. The directive as amended also lays down the procedure for carrying forward vacancies

if suitable candidates are not available in a particular year. The Hindustan Aeronautics Ltd. is currently following these directives.

Purchase of Submarines from Britain

1461. SHRI R. R. SINGH DEO : Will the Minister of DEFENCE be pleased to state :

(a) whether Government of India is trying to buy submarines from Britain ; and

(b) if so, the total financial implications of this project ?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM) : (a) and (b) It is our policy to acquire military hardware from a variety of sources, depending on its suitability and availability. It will not be in public interest to disclose details.

Effects of Deficiency of Protein on Health of Adults

1462. SHRI R. R. SINGH DEO : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether a recent study conducted by the doctors of the All India Institute of Medical Sciences, New Delhi, revealed that an average Indian consumes only three quarters as much protein now as he did in 1965 and that deficiency of protein has serious effects not only on children but can also seriously impair the health of adults ;

(b) whether Government have studied the implications of the finding of the doctors of the All India Institute of Medical Sciences ; and

(c) if so, the steps proposed to be taken by Government in its nutritional programmes in an effort to check the decline in the consumption of protein ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA) : (a) Recent studies conducted by the All India Institute of Medical Sciences among the rural population of the Nainital District in Uttar Pradesh revealed that deficiency of calories and proteins can impair the health of not only children but also of adults. The Institute have not made any studies for

comparing the present consumption of protein to that in 1965.

(b) and (c) Government are alive to the problem of protein value and mal-nutrition in the country and a co-ordinated approach towards the problem of mal-nutrition is being undertaken by the various Departments of the Government. This comprises supplementary feeding programmes amongst the vulnerable sections of the population, production of nutrition education and extension, applied nutrition programmes, and treatment and screening of early cases. The following measures are adopted to improve the level of nutrition :

1. Supplementary feeding is provided through the following programmes which are run with aid of various agencies :

(a) Feeding under the Applied Nutrition Programme ;

(b) Feeding through Balwadis ;

(c) School feeding programme ; and

(d) M.C.H. milk feeding programme.

2. Imparting nutrition education to the mothers to enable them to utilise commonly available cheap foods for providing nutritious diet to their children.
3. Treatment of early cases of malnutrition through MCH Centres.
4. The Department of Food have taken steps to combat protein malnutrition among children and other vulnerable group by starting projects for the manufacture of high protein foods such as 'BALAHAR', MULTIPURPOSE FOOD AND WEANING FOOD.
5. Production of adequate quantity of food of right quality to the extent possible.
6. Provision of adequate distribution machinery to ensure adequate amount of food to all segments of population.
7. Control of environmental sanitation in order to reduce infection which always precipitates malnutrition.
8. Specific ameliorative measures against certain malnutrition conditions like anaemic, goitre, keratomalacia etc.

दिल्ली में हुन्नी-सोपड़ियों की संख्या में असामान्य रूप में वृद्धि हुई है और कुछ राजनीतिक नेताओं के हस्तक्षेप के कारण इनके बिराने में बाधा हो रही है ;

1463. श्री बडल बिहारी बालवेई : क्या निर्माण तथा आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली विकास प्राधिकरण के प्रवक्ता के अनुसार लोक सभा के मत चुननों के उपरांत दिल्ली में हुन्नी-सोपड़ियों की संख्या में असामान्य रूप में वृद्धि हुई है और कुछ राजनीतिक नेताओं के हस्तक्षेप के कारण इनके बिराने में बाधा हो रही है ;

(ख) यदि हां, तो इस बारे में क्या कार्यवाही की जा रही है ?

निर्माण और आवास मंत्रालय में राज्य मंत्री (श्री बाई० के० गुजराल) : (क) दिल्ली विकास प्राधिकरण द्वारा ऐसा कोई ध्यान जारी नहीं किया गया है ।

(ख) प्रश्न ही नहीं उठता ।

Exploration of Oil with Foreign Collaboration,

1464. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of PETROLEUM AND CHEMICAL be pleased to state :

(a) whether Government are considering to have foreign collaboration for exploration of oil reserves in the country ; and

(b) whether any decision has been taken in this regard ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : Sir.

(b) Does not arise.

Mediation by Swiss Government regarding Repatriation of Diplomats

1465 SHRI BISHWANATH JHUNJHUNWALA :

SHRI C. K. CHANDRAPPA :

Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the Swiss Government had

agreed to mediate between India and Pakistan over the evacuation of the Indian Diplomatic personnel from Pakistan ;

(b) if so, whether the efforts of the Swiss Government have yielded any results ;

(c) if not, the reasons for the same and whether any other country has offered to negotiate in the matter ; and

(d) if not, how Government propose to secure the release of the Indian diplomats ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) The Swiss Government on the request of the Government of Pakistan, agreed to lend their good offices in regard to the arrangements for ascertaining the wishes of those members of the erstwhile Pakistan Mission in Calcutta who declared their allegiance to the Government of Bangla Desh.

(b) Negotiations are still continuing.

(c) Negotiations have become protracted because of Pakistan's unreasonable insistence that it is India's responsibility to make those persons of the erstwhile Pakistan Mission in Calcutta who changed their allegiance to the Bangla Desh Government, to meet a representative of the Pakistan Government individually. We have made it clear that this is a matter for these persons themselves to decide.

(d) As stated above negotiations are continuing in this matter.

Jobless Doctors in Mysore State

1466. SHRI DHARAMRAO AFZALPURKAR : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) the number of Doctors who are jobless in Mysore State ;

(b) whether Government have received any representation from the House Surgeon's Association of Mysore in this regard ; and

(c) if so, the reaction of Government thereon.

THE MINISTER OF WORKS AND HOUSING, AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT) : (a) to (c) The information is being collected from the State Government of Mysore and will be laid on the Table of the Sabha in due course.

Appointment of a Commission to study the aspects of manufacturing and marketing of drugs

1467. SHRI DHARAMRAO AFZALPURKAR : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the Indian Medical Association has approached the Union Government to set up a Commission to go into all the aspects of manufacturing and marketing of drugs ; and

(b) if so, the reaction of Government there to ?

THE MINISTER OF PETROLEUM AND CHEMICAL (SHRI P. C. SETHI) : (a) Yes, Sir.

(b) Government feel that there is no need to set up any such Commission at this stage as they are fully seized of all matters relating to manufacturing, pricing and marketing of drugs in the country.

Recruitment of Staff in Eastern Branch of Indian Oil Corporation.

1468. SHRI JYOTIRMOY BOSU : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the number of officers and staff recruited for Eastern Branch of the Indian Oil Corporation during the last three years (year-wise) ;

(b) the comparative figures of officers and staff during the last three years ;

(c) the reason for making recruitment of officers in the Corporation in a disproportionate manner ;

(d) the details of restrictions imposed during 1968-69 and 1969-70 on new recruit-

ment of clerical cadres for the Eastern Branch and the reasons therefor ;

(e) whether similar restrictions were imposed in regard to the recruitment of officers ; and

(f) if not, the reasons therefor ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) The position is as below :—

Year	Officers	Staff	Total
1968-69	15	125	140
1969-70	19	117	136
1970-71	6	70	76

(b) The comparative strength of officers and staff including transfers is as below :

Year	Officers	Staff	Total
1968-69	308	1522	1830
1969-70	347	1608	1955
1970-71	372	1650	2022

(c) Considering the nature of business of the Marketing Division, there is no disproportionate recruitment of officers.

(d) Additional requirements of officers and staff are established only after scientific work studies are undertaken. The question of placing any special restrictions on recruitment of clerical cadres, therefore, does not arise.

(e) and (f). Do not arise.

Loans to various Housing Schemes in the States

1469. **SHRI JYOTIRMOY BOSU :** Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the total Central assistance in the form of loans and grants, sanctioned and disbursed to each State and Union Territory on account of (i) Subsidised Industrial Housing Scheme, (ii) Low Income Group Housing Scheme, (iii) Slum Improvement Scheme, (iv) Plantation Labour Housing Scheme, (v) Colliery Labour Housing Scheme, and (vi) Rural Housing Scheme during the year 1970-71 ;

(b) the actual utilisation of Central assistance by each State and Union Territory on each of the housing schemes during the same period ;

(c) the total number of houses planned to be constructed under each of the housing schemes by each State and Union Territory during the year 1970-71 ;

(d) the total number of houses actually constructed during the same period ; and

(e) the housing schemes taken up in the current year by each State and Union Territory ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) and (b) Four of the Schemes namely, Subsidised Industrial Housing Scheme (now known as Integrated Subsidised Housing Scheme for Industrial Workers and Economically Weaker Sections of Community), Low Income Group Housing Scheme, Slum Clearance/Improvement Scheme and the Village Housing Project Scheme, introduced by this Ministry, are included in the State Sector. Since the beginning of the Fourth Plan, Central assistance to the States for various State sector programmes, including these Schemes, is being given in the form of 'block loans' and 'block grants' without its being tied to any specific Scheme or Head of development. The State Governments are free to determine the amounts they would like to allocate out of the block central assistance, for implementation of any of the State sector schemes, according to their own requirements and priorities. Central assistance allocated and actually utilised by the State Governments for these four schemes during 1970-71, has not been reported by them. Similarly the amounts actually utilised by the Union Territories with legislature for implementation of these schemes during 1970-71, have not yet been communicated by them. As regards Union Territories without legislature, the Central assistance allocated and drawn under the four schemes is indicated in statement I laid on the Table of the House. [Placed in Library. See No. LT—342/71]

Central assistance allocated and drawn by the various State Governments and Union Territories under the Subsidised Housing Scheme for Plantation Workers, which is a Cen-

ral Sector Scheme, is given in Statement II laid on the Table of the House. [Placed in Library. See No. LT—342/71]

As regards the housing scheme for coal miners, no Central financial assistance is given to the State Governments and Union Territories. However, assistance is given to the managements of collieries out of Coal Mines Labour Welfare Fund. During 1970-71, Rs. 128.20 lakhs were paid to the managements by the Coal Mines Welfare Commissioner.

(c) and (d) Information relating to the number of houses sanctioned and completed during 1970-71, based on progress reports received so far from the State Governments in respect of the four State sector housing schemes and the Subsidised Housing Scheme for Plantation Workers is given in Statement III laid on the Table of the House. [Placed in Library. See No. LT—342/71]

As regards the Housing Scheme for Coal Miners, against 6000 houses planned to be constructed by various Colliery managements during the year 1970-71, 4,180 houses were completed.

(e) Apart from the schemes mentioned above, all other Social Housing Schemes of this Ministry viz. Middle Income Group Housing Scheme, Land Acquisition and Development Scheme, and Rental Housing Scheme for State Government Employees are being continued during the current financial year, and will continue to remain in force during the remaining period of the Fourth Five Year Plan.

नेहरू होम्योपैथिक कालेज, नई दिल्ली के विस्तार के लिये वित्तीय सहायता

1470. श्री जगन्नाथ राव जोशी : क्या स्वास्थ्य और परिवार नियोजन मंत्री यह बताने की कृपा करेंगे कि :

(क) नई दिल्ली की डिफेंस कालोनी में स्थित नेहरू-होम्योपैथिक कालेज के विकास और विस्तार के लिये केन्द्र सरकार ने अनुदान और सहायता के रूप में कितनी धन राशि दी है;

(ख) भविष्य में इसके विकास और विस्तार के लिये सरकार द्वारा प्रस्तावित योजना की मुख्य बातें क्या हैं ; और

(ग) वित्तीय वर्ष 1971-72 के लिये इसे कितना अनुदान दिये जाने का प्रस्ताव है ?

निर्माण और आवास तथा स्वास्थ्य और परिवार नियोजन मंत्री (श्री उमाशंकर दीक्षित) :
(क) 1964 से 1970 तक के वर्षों में, इस कालेज को 3,14,000 रुपये दिये गये हैं ।

(ख) दिल्ली प्रशासन ने बतलाया है कि उन्होंने इसके विकास के लिये कोई योजना नहीं बनाई है ।

भारत सरकार उप स्नातक होम्योपैथिक शिक्षा के वर्तमान स्तर में सुधार कर उसका विकास करने के लिये आर्थिक सहायता देने की एक योजना पर विचार कर रही है । इसन व्यौरों को अभी अन्तिम रूप नहीं दिया गया है ।

(ग) दिल्ली प्रशासन चालू वित्तीय वर्ष में एक लाख रु० देने के एक प्रस्ताव पर भी विचार कर रहा है ।

होम्योपैथी अनुसन्धान केन्द्रों की स्थापना

1471. श्री जगन्नाथ राव जोशी : क्या स्वास्थ्य और परिवार नियोजन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या देश में होम्योपैथी अनुसन्धान केन्द्र के स्थापित करने की कोई योजना सरकार के विचाराधीन है ; और

(ख) यदि हां, तो ये केन्द्र कब तक स्थापित हो जाएंगे तथा उनपर कुल कितनी धनराशि खर्च की जाएगी तथा इस सम्बन्ध में कार्य कब तक पूरा हो जाने की सम्भावना है ?

स्वास्थ्य और परिवार नियोजन मंत्रालय में राज्य मंत्री (श्री डी० पी० चट्टोपाध्याय) :
(क) और (ख) भारतीय चिकित्सा और

होम्योपैथी को केन्द्रीय अनुसन्धान परिषद के सीधे नियंत्रण में दो अनुसन्धान संस्थान काम कर रहे हैं और देश के 10 अन्य अनुसन्धान केन्द्रों को वह वित्तीय सहायता प्रदान कर रहा है। परिषद 1971-72 में दो और अनुसन्धान केन्द्र तथा 1972-73 और 1973-74 में एक-एक केन्द्र खोलना चाहता है। परिषद के शासी निकाय ने चौथी योजना अवधि में होम्योपैथिक अनुसन्धान योजनाओं के लिए 36.98 लाख रुपये का प्रावधान करना स्वीकार कर लिया है।

Incentives to Doctors to work in Rural Hospitals

1472. SHRI P. K. DEO : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether there continues to be tremendous dearth of doctors in the rural Hospitals and Health Centres and large number of centres are still without doctors ;

(b) if so, to what extent the situation is improved since August 26, 1969 when the then Health Minister informed Parliament that of the 4919 Primary Health Centres in the country, 352 were without doctors ; and

(c) what new incentives were offered by Government to attract doctors taking rural services and what were the results achieved ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D.P. CHATTOPADHYAYA): (a) Only 280 out of 5092 Primary Health Centres were without doctors as on 31-12-1970. 3182 Primary Health Centres have only one doctor each.

(b) The number of Primary Health Centres has increased to 5092 as against 4919 and the number of Primary Health Centres without doctors has gone down to 820 from 352 as informed earlier.

(c) The Government of India have evolved a scheme for giving an allowance of Rs. 150.00 p. m. to the doctors taking rural services in 400 difficult rural areas.

As this a State subject, following steps are taken by the State/Union Territory Governments to attract the doctors to take the rural

1. Formation of unified cadres for doctors working in rural as well as urban areas.
2. Provision of total package of incentives such as grant of rural allowance, transport facilities, free furnished quarters, protected water supply, electricity etc.
3. Improvement of physical facilities of Primary Health Centres, particularly in respect of buildings, residential quarters.
4. Re-employment of retired doctors willing to serve in rural areas.
5. Grant of advance increments.

Some States have also offered scholarships/stipends to the medical students for binding them for service in rural areas for a certain number of years.

Training in Skyjacking by Pakistan to Naga, Mizo and Kuki Hostiles

1473. SHRI P. K. DEO : Will the Minister of DEFENCE be pleased to state :

(a) whether Government are aware that Pakistan has constructed a small landing strip south-east of Rangamati in East Pakistan where training in skyjacking is being imparted to Naga, Mizo and Kuki hostiles ; and

(b) if so, the reaction of Government in regard thereto ?

THE MINISTER OF DEFENCE (SHRI JAGJWAN RAM): (a) Government have no such information.

(b) Does not arise.

Survey for Oil in Orissa

1474. SHRI P. K. DEO : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether reconnaissance gravity-cum-magnetic survey has been done by the Oil and

Natural Gas Commission in the coastal districts of Orissa to find out oil in that area ; if so, the result of the survey ; and

(b) when Government propose to take up exploration work in that area ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) Yes, Sir. Results of these surveys have indicated possibilities of thickening of sedimentary rocks towards the coast in a south-easterly direction.

(b) As stated above, exploration work in the sense of surveys has already been taken up in the past in this area. Further, seismic surveys are also planned for the future. As for exploratory drilling it would be undertaken only after the seismic surveys lead to the discovery of favourable structures.

Setting up of a Nylon Factory in Tamil Nadu

1475. SHRI MURASOLI MARAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the Government of Tamil Nadu has proposed the setting up of a Nylon factory in Tamil Nadu ; and

(b) if so, the action taken by Government on the request ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) and (b) Yes, Sir. An application from the Tamil Nadu Industrial Development Corporation Ltd. (a State Government undertaking) for a licence to set up a nylon yarn unit in Tamil Nadu has been received and is under consideration of the Government.

Killing of Hindus in East Bengal by West Pakistan Army

1476. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government have made any assessment of the total number of Hindus residing in East Bengal who have been killed by the West Pakistan Army during their current fight with freedom fighters.

(b) if so, their number ; and

(c) whether Government have taken up officially the cause of Hindus with the Government of Pakistan and if so, their reaction ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b) No precise assessment has been possible.

(c) Government have in the past reminded the Pakistan Government frequently of its obligation to its minority communities and it will take this up with the Pakistan Government when more precise information becomes available of the consequences of events in East Bengal since the 25th March.

Petro-Chemical Complex in Tamil Nadu

1477. SHRI MURASOLI MARAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the Government of Tamil Nadu have requested the Central Government for setting up a Petro-Chemical complex in Tamil Nadu ; and

(b) if so, the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) and (b) An application from the Tamil Nadu Industrial Development Corporation Ltd. for the grant of a licence for setting up a petro-chemical complex in Tamil Nadu has been received and is under consideration:

संसद् सदस्यों के फ्लैटों से सम्बद्ध नौकरों के क्वार्टरों में सफाई सम्बन्धी प्रबन्ध

1478. श्री नरेन्द्र सिंह बिष्ट : क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या संसद् सदस्यों के फ्लैटों से सम्बद्ध नौकरों के क्वार्टरों के लिए सफाई के उपयुक्त प्रबन्ध नहीं किए गए हैं ;

(ख) क्या इन क्वार्टरों में बिजली पानी देने की कोई व्यवस्था नहीं है ; और

(ग) यदि हां, तो इस सम्बन्ध में क्या कार्य-वाही की जा रही है ?

निर्माण और आवास मंत्रालय में राज्य मंत्री (श्री आई० के० गुजराल) : (क) संसद सदस्यों के प्लेटों से संलग्न सर्वेडस् क्वार्टरों के लिए सफाई की उचित व्यवस्था विद्यमान है ।

(ख) जी, नहीं ।

(ग) प्रश्न ही नहीं उठता ।

Doubling of Haldia-Barauni Pipeline

1479. SHRI S. C. SAMANTA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Haldia-Barauni Pipeline is going to be doubled very soon ;

(b) whether the construction of the second line will be done departmentally or through contracts ;

(c) whether it will go side by side of the existing pipeline ;

(d) whether this time coal-belt areas will be avoided ; and

(e) whether further defects in the original line will be found out and remedied ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) to (c). When the present Haldia-Barauni Pipeline is utilised for the transportation of crude, it would be necessary to lay a separate product pipeline to transport products to Mourigram and Rajbandh installations. The new pipeline will follow the same alignment as the present pipeline from Haldia to Baradabar in the acquired Right-of-Way. From Baradabar to Rajbandh either the existing alignment can be followed or as an alternative a new alignment can be made from Mourigram to Rudrani beyond which the pipeline will follow the alignment of the existing pipeline up to Rajbandh.

The second alternative will reduce the overall length of the pipeline, but needs a survey to be conducted between Mourigram and Rudrani. No decision has yet been taken whether the line will be constructed departmentally or through contractors.

(d) The new pipeline will terminate at Rajbandh about 20 KMs away from the coal field area.

(e) No further defects in the original line have been found.

Rehabilitation, training and appointment of Ex-servicemen

1480. SHRI S. C. SAMANTA : Will the Minister of DEFENCE be pleased to state :

(a) whether a novel scheme to rehabilitate ex-servicemen has been sponsored by some industrial firms ;

(b) if so, whether in collaboration with the Director General of Resettlement of the Defence Ministry, the firms are recruiting retired Army Officers for training in several courses and to appoint them in production engineering, personal and civil administrative departments of their respective offices later ; and

(c) whether many of the retired ex-Officers are also working on a contract basis in the Border Security Force ?

THE MINISTER OF DEFENCE (SHRI JAGJWAN RAM) : (a) and (b) No, Sir. There is no such scheme for Ex-servicemen. However, such a scheme has been organised, in collaboration with M/s Hindustan Lever Ltd., for officers of the rank of Lt. Col. to Brig., and of equivalent ranks in the other two Services, who have retired or are due to retire, and are below 48 years of age. Nine officers of these ranks have joined the training which commenced at the Administrative Staff College on 10th May, 1971 and is likely to last for about one year, including in-plant training in certain firms. While there is no guarantee of a job being given to each of these officer trainees at the end of the training period, it is expected that they will normally make the grade and be absorbed in one of the firms participating in the scheme.

(c). No trained ex-Army officers are working in the BSF on *contract* basis. Retired Army officers are, however, serving in the BSF on re-employment terms.

Diversification of production of Soda Ash in Western Region

1481. SHRI SAMINATHAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the steps taken to diversify the production of Soda Ash in Western region; and

(b) the steps taken to reduce the import of 10,000 tonnes of Soda Ash per annum through the State Trading Corporation ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) There is concentration of the soda ash industry in the Western region. Three out of the four existing units, accounting for a capacity of 430,000 tonnes/year out of a total of 470,000 tonnes/year, are located in that region. Appreciating the need for dispersal of the industry, letters of intent have been issued for the establishment of two units, one in Maharashtra and another in Tamil Nadu for a capacity of 66,000 tonnes/year each. A letter of intent has also been issued for effecting substantial expansion to the existing unit in U.P. by 110,000 tonnes/year. A proposal for the establishment of a soda ash unit of 66,000 tonnes/year capacity at Haldia in West Bengal is also under consideration.

(b) The following steps have been taken to minimize imports and to achieve self-sufficiency as soon as possible :—

- (i) Existing units have been asked to increase production to the extent possible.
- (ii) Applications for the establishment of additional capacity have been invited recently by means of a Press Note, for ensuring more production as a long-term solution.

Statue of Mahatma Gandhi at New Delhi

1482. SHRI C. CHITTIBABU : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether the Committee constituted by

Government last year for selecting the site and design for putting up the statue of Mahatma Gandhi at New Delhi has submitted its report :

(b) if so, the findings of the Committee; and

(c) the decision of Government thereon ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) Yes, Sir. The Committee of Assessors was constituted only to select the final design of the statue of Mahatma Gandhi to be installed near India Gate.

(b) The Committee did not find any of the eight maquettes submitted by the sculptors, suitable for the purpose of erecting a national memorial in honour of Gandhiji.

(c) Government agree with the above finding of the Committee.

Safety and security of Personnel and Records of Deputy High Commissioner's Office in Dacca and in other places in Pakistan

1483. SHRI TRIDIB CHAUDHURI : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) the developments leading to the closure of Indian Deputy High Commissioner's Office in Dacca and that of the Pak Deputy High Commissioner's Office in Calcutta since April, 1971 ; and

(b) the steps taken by Government to ensure the safety and personal security of Indian diplomatic personnel and Deputy High Commissioner records in Dacca in particular and of Indian Diplomatic personnel and their family members in different centres of Pakistan like Karachi and Islamabad ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) On the 18th April, the erstwhile Pakistan Deputy High Commissioner in Calcutta, Mr. Hossain Ali, and 54 members of his staff renounced their allegiance to the Government of Pakistan in order to serve the cause of Bangla Desh.

On the 20th April the Pakistan Government appointed Mr. Mehdi Masud as their new Deputy High Commissioner in Calcutta. Mr. Hossain Ali, however, refused to surrender to him the building and premises of the erstwhile Pakistan Deputy High Commission in Calcutta. Thereupon, on the 23rd April, the Pakistan Government announced the closure of their Mission in Calcutta with effect from the 26th April, 1971, and asked the Indian Mission in Dacca to be closed on the same date. The explanation given by the Pakistan Government for this action was that the Government of India did not afford necessary facilities to the newly appointed Pakistan Deputy High Commissioner.

(b) The Pakistan Government has been reminded that it is their responsibility to ensure the safety of all the personnel of our Missions in Pakistan, including our erstwhile Mission in Dacca. They have also been reminded that international law and diplomatic practice enjoin on them the duty to provide facilities for the return of our staff, their personal belongings and official property and records.

Expenditure on Foreign Missions of India

1484. SHRI S. N. MISRA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) the details of Ambassadorial and other offices under his Ministry existing outside India as on the 31st March, 1971 ;

(b) the expenses incurred by such Ambassadorial and other offices individually in the last financial year ending on the 31st March, 1971 ;

(c) in how many of these offices Indian manufactured cars which have been provided by Government are being used by our offices attending those Embassies etc. ; and

(d) if all of them are not using the Indian manufactured cars, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) to (d) A Statement is placed on the Table of the House. [Placed in Library. See No. LT-343/71]

Sainik School in Himachal Pradesh

1485. PROF. NARAIN CHAND PARASHAR : Will the Minister of DEFENCE be pleased to state :

(a) whether a decision to start a Sainik School in Himachal Pradesh has been taken by the Central Government ; and

(b) if so, when and where the school will start functioning ?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM) : (a) and (b) A Sainik School is started in a State only on receipt of a proposal to that effect from the State Government. Government of India have not received any proposal from the Himachal Pradesh Government to start a Sainik School.

Visit by Indian Oil Corporation's Delegation to U.A.R.

1486. SHRI T. S. LAKSHMANAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether an Indian delegation led by the Chairman of the Indian Oil Corporation visited U.A.R. last year ;

(b) if so, the reasons for the visit ; and

(c) the outcome thereof ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) Yes, Sir.

(b) To discuss with the Egyptian General Petroleum Corporation the feasibility of importing El-Morgan crude oil from U.A.R. in India and other matters of mutual interest.

(c) The delegation reported that El-Morgan crude was of interest to the IOG.

The other matters of mutual interest discussed during this meeting were :-

- (1) import of petroleum products from India by EGPC ;
- (2) exchange of trainees in the field of refining, exploration and offshore drilling ;

(3) possibility of India assisting UAR in some of their refining and petroleum projects ; and

(4) collaboration in setting up of the Egyptian Petroleum Institute.

Follow up actions are underway.

Decline in Production of Nitrogenous Fertilizers

1487. SHRI BRIJ RAJ SINGH (KOTAH) : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the nitrogenous fertilizer production for the year 1970 has gone down by a million tonnes ; and

(b) if so, the reasons for this shortfall ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. G. SETHI) : (a) and (b) The production of nitrogenous fertilizers in the year 1970 was 8,04,042 tonnes in terms of nitrogen. No target of production for the calendar year 1970 was fixed, but the revised target for 1970-71 (April, 70—March, 71) was 8,50,000 tonnes of nitrogen. As against this, the production was 8.3 lakh tonnes. The slight shortfall in production compared to target was mainly due to power cut in Nangal factory and due to accidents and labour troubles in the factories at Kanpur, Baroda and Rourkela.

Cases of Keratoplasty in Delhi

1488. SHRI B. S. MURTHY : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) the number of Keratoplasty (corneal grafting) cases undertaken in Delhi from 1st January, 1970 to 30th April, 1971 ;

(b) the number of successful cases ; and

(c) the special facilities provided for further research in Keratoplasty ?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY

PLANNING (SHRI UMA SHANKAR DIKSHIT) : (a) and (b).

	No. of cases undertaken	No. of successful cases
Dr. Rajendra Prasad Centre for Ophthalmic Sciences, New Delhi.	92	94%
Safdarjang Hospital, New Delhi.	2	1
Irwin Hospital, New Delhi.	322	229

(c) All facilities for research exist at the Dr. Rajendra Prasad Centre for Ophthalmic Sciences, New Delhi. The Indian Council of Medical Research are financing two research schemes, namely, (1) Therapeutic value of Keratoplasty in alkaline and Acid Burns of the Cornea and (2) Role of immuno suppressive agents in graft re-action.

Blood donations in Tripura

1489. SHRI BIREN DUTTA : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether the Blood Bank of Tripura has been completely disorganised ; and

(b) if so, the steps Government propose to take to get blood donations in Tripura ?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT) : (a) and (b) The required information is being collected and will be laid on the Table of the Sabha in due course.

मध्य प्रदेश में भोपाल नगर का विकास

1490. श्री गंगा चरण दीक्षित : क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने मध्य प्रदेश में भोपाल नगर के विकास के लिये कोई विस्तृत योजना तैयार की है ; और

(ख) यदि हां, तो उसकी मुख्य बात क्या है और इस प्रयोजन के लिए कितनी धनराशि का आवंटन किया गया है ?

निर्माण और आवास मंत्रालय में उपमंत्री (श्री आई० के० गुजराल): (क) और (ख) "नगर विकास" के विस्तृत कार्यक्रमों का बनाना राज्य क्षेत्र में है। "नगर विकास" परियोजनाओं को बनाने तथा मंजूर करने में राज्य सरकारें सक्षम हैं। निर्माण तथा आवास मंत्रालय के पास मध्य प्रदेश सरकार द्वारा भोपाल नगर के लिए बनाई गई विकास योजना का कोई ब्यौरा नहीं है।

मध्य प्रदेश में कोयले पर आधारित उर्वरक कारखाना

1491. श्री गंगा खरण दीक्षित : क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का विचार चालू वित्तीय वर्ष में मध्य प्रदेश में कोयले पर आधारित एक उर्वरक कारखाना स्थापित करने का है ; और

(ख) यदि हां, तो उसकी रूप रेखा क्या है।

पेट्रोलियम और रसायन मंत्री (श्री पी० सी० सेठी) : (क) और (ख) सरकार ने मध्य प्रदेश में कोरवा नामक स्थान पर कोयले पर आधारित एक उर्वरक मन्थन की स्थापना का अनुमोदन किया है, जिसकी यूरिया के रूप में 1,229,000 मीटरी टन नाइट्रोजन की वार्षिक उत्पादन क्षमता होगी। इस समय यह बताना सम्भव नहीं है कि इस परियोजना को ठीक समय में क्या कार्यान्वित किया जायेगा क्योंकि इसके कार्यक्रम के बारे में अभी निर्णय नहीं हुआ है।

Eastern Headquarter of Oil and Natural Gas Commission without General Manager

1492. SHRI BISWANARAYAN SHASTRI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the eastern headquarter of Oil and Natural Gas Commission is without a General Manager for months together ;

(b) if so, the reasons therefor ; and

(c) whether it is hampering the proper working of the Commission ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b) The post of General Manager, Eastern Region, Oil and Natural Gas Commission, at Nazira (Assam) fell vacant on April 19, 1970, due to retirement of the incumbent. The efforts of the Commission, since then, to find a suitable person to man this post substantively, have not succeeded as yet, and are still continuing.

(c) No, Sir. To avoid any dislocation of work, the Commission have appointed senior officers to officiate in the post and to attend to its duties, till a substantive appointment to this post was made.

Removing of Rigs from Shivasagar district without drilling

1493. SHRI BISWANARAYAN SHASTRI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether recently in Eastern Region, Oil and Natural Gas Commission had prepared some ground in five places in Shivasagar district and fixed rigs and subsequently removed them without drilling ; and

(b) if so, the reasons therefor ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) No Sir. There has been no case in the recent past where Oil and Natural Gas Commission in their Eastern Region have moved a Rig out of drill-site without drilling the well.

(b) Does not arise.

नगरों तथा गांवों में रहने वाले व्यक्तियों के लिए मकान

1494. डा० लक्ष्मी नारायण पांडे : क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) नगरों में कितने व्यक्ति आवास की पर्याप्त व्यवस्था के बिना रह रहे हैं ;

(ख) गांवों में कितने व्यक्ति आवास की पर्याप्त सुविधाओं के बिना रह रहे हैं ;

(ग) उपर्युक्त मकानों के बिना रहने वाले व्यक्तियों के लिए सस्ते मकानों तथा न्यूनतम सुविधाओं की कब तक व्यवस्था कर दी जायेगी; और

(घ) आगामी 5 वर्षों में वर्षवार ऐसे कितने मकानों का निर्माण किया जायेगा ?

निर्माण और आवास मंत्रालय में राज्य मंत्री (श्री आई० के० गुजराल) : (क) और (ख) इस बारे में फिलहाल कोई विश्वसनीय आंकड़े उपलब्ध नहीं हैं। 1971 की जनगणना में इस बारे में एकत्रित किए गए व्योरे की जांच में काफी समय लगेगा। तथापि, चौथी योजना (1969-74) के लिए आवास पर कार्यकारी दल ने, योजना के आरम्भ में देश के शहरी और ग्रामीण क्षेत्रों में आवास की क्रमशः 119 लाख और 718 लाख एककों की कुल कमी का अनुमान लगाया था। ये आंकड़े इस मान्यता पर आधारित थे, कि प्रत्येक परिवार के पास उचित प्रकार का एक पक्का रहने योग्य रिहायशी एकक होना चाहिए तथा तदनुसार इसमें कच्चे तथा जीर्णवस्था के वे मकान शामिल हैं, जिनका बदला जाना अथवा पर्याप्त सुधार करना अपेक्षित है।

(ग) उपलब्ध सीमित साधनों, उन साधनों पर माँगों की प्राथमिकताओं तथा समस्या की विशालता को देखते हुए, इसके समाधान के लिए समय की कोई सीमा नहीं बताई जा सकती।

(घ) सामाजिक आवास और नगर-विकास कार्यक्रमों के कार्यान्वयन के लिए चौथी पंचवर्षीय योजना में 195.27 करोड़ रुपये की व्यवस्था शामिल है। इस लागत से चौथी पंचवर्षीय योजना के दौरान, लगभग 2,00,000 मकानों के निर्माण किए जाने की आशा है।

बिहार में कुष्ठ रोगियों को राहत देने के लिए सहायता

1495. श्री जगन्नाथ मिश्र : क्या स्वास्थ्य और परिवार नियोजन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या केन्द्रीय सरकार को उपलब्ध जानकारी के अनुसार बिहार में कुष्ठ रोगियों की संख्या 2.8 लाख है जब कि राज्य कुष्ठ रोगी प्राधिकरण द्वारा हाल ही में किये गये सर्वेक्षण के अनुसार राज्य में उनकी संख्या 6.1 लाख है ; और

(ख) यदि हां, तो राज्य प्राधिकरण द्वारा किए गए सर्वेक्षण को ध्यान में रखते हुए कुष्ठ रोगियों को राहत देने हेतु सहायता देने के लिए केन्द्रीय सरकार का क्या कार्यवाही करने का विचार है ?

स्वास्थ्य और परिवार नियोजन मंत्रालय में राज्य मंत्री (श्री डी० पी० चट्टोपाध्याय) : (क) भारत सरकार के पास उपलब्ध सूचना-नुसार, बिहार में कुष्ठ रोगियों की संख्या 2.8 लाख है। यह संख्या 1963 में उपलब्ध मख-विज्ञान (एपिडिमियोलॉजिकल) आंकड़ों पर आधारित है। फिर भी राज्य सरकार के राज्य कुष्ठ अधिकारी द्वारा प्रस्तुत रिपोर्ट के अनुसार ऐसे कुष्ठ रोगियों की संख्या 6.1 लाख है।

(ख) 1955 में बिहार में चलाए गए राष्ट्रीय कुष्ठ नियन्त्रण कार्यक्रम के ढाँचे के अन्तर्गत, घर-घर जाकर इलाज करने वाली चलती फिरती गाड़ी के आधार पर कुष्ठ रोगियों को चिकित्सीय राहत मुहैया करने के लिए पहले ही 22 कुष्ठ नियन्त्रण एककों तथा 10 सर्वेक्षण शिक्षा एवं उपचार केन्द्रों की स्थापना की जा चुकी है। इसके अतिरिक्त, कुष्ठ क्षेत्र में इस काम के लिए तीन स्वैच्छिक संगठनों को अनुदान भी दिया जा रहा है। अब तक 25 लाख लोग इसके अन्तर्गत आ गए हैं और राष्ट्रीय कुष्ठ नियन्त्रण कार्यक्रम के उपर्युक्त तीनों संगठनों द्वारा 65679 मामले दर्ज किए गए हैं।

1971-72 में, राज्य सरकार को 2 कुष्ठ नियन्त्रण एककों, 5 सर्वोच्च शिक्षा तथा उपचार केन्द्रों की स्थापना करने तथा एक पुराने सहायता प्राप्त केन्द्र को पूरे कुष्ठ नियंत्रण एकक के रूप में उन्नयन करने के लिए कह दिया गया है। चौथी पंचवर्षीय योजना में इस काम के लिए निर्धारित प्रतिमान के अनुसार राज्य सरकारों को शत-प्रतिशत केन्द्रीय सहायता दी जा रही है।

Central Aid for Road Development Plans for Delhi and New Delhi

1496. SHRI H. K. L. BHAGAT : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

Provision of Sewage and Drainage Facilities for Trans-Yamuna Areas in Delhi

1497. SHRI H. K. L. BHAGAT : Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state :

(a) whether there are any plans for the provision of sewage disposal and proper drainage facilities for the trans-Yamuna areas in Delhi ;

(b) since when these plans are pending ; and

(c) when they are likely to be implemented ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA) : (a) to (c) The exact position is being ascertained and the required information will be laid on the Table of the Sabha.

Development of Tripura Town

1498. SHRI BIREN DUTTA : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether any scheme has been proposed by the Tripura Government for the development of Tripura Town, specially Agartala ; and

(b) if so, the nature of proposal ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) and (b) The Government of Tripura have prepared a development plan for Greater Agartala, with the help of the Town and Country Planning Organisation of the Government of India, to control and regulate future development of the town and its environs. The plan covers an area of approximately 16,340 acres, envisaged to accommodate a population of 3 lakhs by 1996. According to the plan, one lakh persons are to be accommodated in the existing Agartala town (between Haora river and Katakhal), another one lakh in Kunjban-Nandan Nagar Complex (north of Katakhal), and the remaining one lakh in areas south of Haora river in Jogindra Nagar, Champamura and Malya Nagar,

1500. SHRI PHOOL CHAND VERMA : Will the Minister of DEFENCE be pleased to state :

(a) whether the number of votes in different Wards in Ambala Cantonment Board (Haryana) is extremely unequal ;

(b) whether the Ambala Cantonment Board has demanded reorganisation of the Wards to have equal number of votes vide its Resolution No. 9 dated the 13th October, 1970 ;

(c) if so, the decision of Government thereon ; and

(d) when the first elections of Ambala Cantonment Board will be held and whether the elections would be held on the basis of old or new wards ?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM) : (a) The distribution of voters amongst the Wards is unequal, varying from 2877 to 8610.

(b) The Resolution No. 9 dated 13.10.70 does not contain any demand for re-organisation of Wards.

(c) Does not arise.

(d) Next election would ordinarily be due before 28th September, 1971, but no final decision has been taken thereon.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE**OUTBREAK OF CHOLERA IN AN EPIDEMIC FORM AMONG THE REFUGEES FROM BANGLA DESH**

SHRI CHINTAMANI PANIGARHI (Bhubaneswar) : Sir, I call the attention of the Minister of Health and Family Planning to the following matter of urgent public importance and I request that he may make a statement thereon :

"The reported outbreak of cholera in an epidemic form among the refugees from Bangla Desh and action taken by the Government to meet the situation."

SHRI KALYANASUNDARAM (Tiruchirappalli) : On a point of order, Sir. This is not an epidemic in the ordinary course. This relates to the whole question of Bangla Desh. In my calling attention notice, I had drawn the attention of the Home Minister. I do not know how it got changed into Health Minister. I do not know whether it was done by your office. The House expects either the Prime Minister or the Defence Minister to answer it.

MR. SPEAKER : This is about the cholera epidemic and the Health Minister has to reply to it.

SHRI INDRAJEET GUPTA (Alipore) : The Prime Minister should at least be present here now, because she has returned from Calcutta.

SHRI S. M. BANERJEE (Kanpur) : The question is not merely of cholera epidemic. The question is of law and order situation in West Bengal. After coming from Calcutta, the Prime Minister should make a statement here *suo motu* (Interruptions).....

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): Mr. Panigrahi's call attention relates directly to health matters. If there are any other matters, they can be raised separately.

The sudden influx of refugees from East Bengal in large numbers following the unprecedented and brutal attack by the West Pakistan Army has posed a human problem of great magnitude. Government are alive to the emergent and large scale requirements of medical care arrangements for these refugees. We are doing all that lies within our means and we are stretching our means to the maximum; but we must all remember that the problem is colossal.

A majority of these refugees are arriving in a condition of exhaustion caused by malnutrition. A number of persons, it is reported have died after crossing the border. The precise cause of all the deaths reported is not known.

Most unfortunately and in spite of all the care we have taken, a growing number of cholera cases have been reported from the evacuee camps. It appears that the infection has been carried by the evacuees from East Bengal. Government are greatly concerned and we are fully in touch with the developments. We have information that there have been about 9,500 cases of cholera till June 4th and that about 1,250 persons have died. But for the timely and well organised efforts made by Government for preventive and curative medical care, the incidence of deaths might have been higher.

First reports about the occurrence of cholera cases were received in early May from Cachar District of Assam. Later, similar reports were received about cases from Malda, 24 Parganas and Nadia Districts also.

Fifty lakhs doses of preventive vaccine for cholera have already been supplied to the States bordering East Bengal. We have approached various agencies including foreign agencies for building up stocks of vaccine. For the treatment of cholera patients, supplies of Normal Saline and Molar-lactate have been arranged. Jet guns are being rushed to West Bengal. Disposable syringes are being sent.

We have transferred a 400-bedded mobile hospital from Rajasthan to West Bengal and sanctioned additional mobile hospital and beds. A number of doctors have been requisitioned from the Railways and AMC officers pressed into service.

For the transportation of patients, doctors, medicines and equipment, vehicles are being moved from Bombay and some have been obtained from the UNICEF at Calcutta.

The Indian Red Cross have arranged for supply of some nutritive food for the refugee children.

To meet the pressing need for safe drinking water in the refugee camps, 1500 tube-wells have already been commissioned in the camps.

We deputed a doctor from the All India Hygiene and Public Health Institute to study the situation and assess the precise cause of the reported deaths. Two epidemiological teams have been set up at Calcutta and Gauhati for emergency investigation of cases of out-break.

We are receiving daily reports from our Liaison Officer in Calcutta. The Prime Minister has visited the area. The Minister of State for Health has also been on a tour of the affected areas. Secretary Health has visited and the DGHS is being deputed to visit the spot.

The State Governments concerned have been advised to intensify protective care of the local population in areas where the camps have been established.

The problem is big and has been growing with the continuing influx of refugees. We shall not relent in our efforts to tackle it. We shall do all that we can to deal with this great human tragedy.

SHRI CHINTAMANI PANIGRAHI: All the reports that are available so far go to show that while the peoples' revolution in Bangladesh started from the 25th March, the incidence of this dreadful disease took a serious turn only towards the 29th of May. According to foreign observers about 60 million people in Bangladesh and in the eastern States of our

country are now threatened with this virulent type of cholera which, as the hon. Minister has stated, has spread from Bangladesh. Since this epidemic started from Bangladesh will the government request the military scientists to enquire whether it was part of the campaign of the military authorities of Pakistan to exterminate the entire nation and also India by secretly unleashing a bacteriological war? Then, the earlier assumption of the government was that the refugees would go back after six months. Now that assumption has proved wrong and the epidemic is spreading. May I know whether the government will get an assurance from the foreign powers and the international agencies that they will share the entire burden of relief which will come to about Rs. 400 crores? May I also know whether the government, including the Health Ministry are preparing a long-term phased programme for the betterment and protection of the refugees because they are not likely to go back after six months? If so, the Government should let us know what new formula has been arrived at, what assurances they have got from the world powers who will come to our assistance and whether this operation will continue only up to six months after which they will go back or they will continue for 1½ years.

SHRI UMA SHANKAR DIKSHIT : So far as the first question is concerned, he refers to military strategy and things of that sort, and that we should undertake an inquiry of that character. I do not think that it is indicated and my reply is in the negative.

So far as the other aspects of the question he has raised are concerned, we have sent a team for inquiring into the medical aspect of it. I have said in my statement that the strain or the nature of the cholera is peculiar to East Bengal. In previous years also the same classical nature of cholera had been prevalent in East Bengal. The same character has been discerned in the tests that our teams have carried out. On that point there is hardly any difference. Therefore I do not think any further action is necessary.

So far as his last question is concerned, it really covers a much wider area and I do not think I would like to attempt an answer to that.

SHRI CHINTAMANI PANIGRAHI : Per-

haps the hon. Minister could not recollect my question. The last part of my question was : What is the total expenditure that you have thought of incurring and are you going to extend it to 1½ years?

SHRI UMA SHANKAR DIKSHIT : If I may say so without any disrespect to the hon. Member, the approach is rather unfortunate. We cannot start planning for years ahead, assuming that refugees will stay for all time. We have examined the situation and are watching it carefully. Our plans will be directly and carefully attuned to the situation. It is wrong, in my opinion, to think of refugees staying here for all time to come.

So far as aid is concerned, the various international agencies have been approached. I am not in a position to say that the response is satisfactory, but the general mental approach is improving and the agencies are also responding with concrete suggestions. But we have in the present state to depend on our own effort essentially.

PROF. S. L. SAKSENA (Maharajganj) : I have carefully read the statement of the hon. Minister. He has himself admitted that it appears that the infection has been carried by the refugees from Bangla Desh, that is, East Bengal. I admire the effort that he has made and is making. I know him for so long and he is a very efficient person. But I want to know how he can cope with this problem when the infection comes from East Bengal. Unless we tackle it at the source and stop the infection in East Bengal, all the refugees coming from there will carry the infection. So, how long can he stop people from dying of cholera? I will, therefore, again impress upon the Prime Minister that unless she recognised Bangla Desh, we could not go in and tackle the disease there, from where it is coming.

I have learnt from newspapers that there is no arrangement in East Bengal for curing it. There are no medicines, hospitals or doctors and people there are dying like flies. People who come here bring the infection. This will continue and, I am afraid, it will infect our local population also in West Bengal. I would like to know how he wants to tackle the problem now itself so that it does not become more serious in the future.

[Prof. S. L. Saksena]

Then, the number of refugees is sometimes given as 45 lakhs, 47 lakhs, 50 lakhs and so on. What is the actual number of refugees and what is the average rate of their coming into India ?

Further, in how many camps they are housed Statewise and from how many camps cholera cases have been reported. What steps have been taken by the Government to prevent infection to the local population of West Bengal and other States. If it is not properly checked, it will affect other provinces also.

There are reports of starvation deaths in West Bengal. These are the paper reports :

"Over 300 people have died of starvation in the Rangpur and Lalmanirhat areas of Bangla Desh according to reports from across the border..... Villages have been experiencing acute scarcity conditions following indiscriminate looting and destruction of godowns by Pakistani troops and their Muslim League supporters....."

They are destroying every grain in villages and so there are so many refugees. What are we going to do there to provide food to starving people in Bangla Desh ?

I want to know if you are aware that if food is not rushed to villages in Bangla Desh, there may be famine, much bigger than the one which occurred in 1943. I would like you to tell me how you are trying to protect the refugees from starvation and cholera. Heavy rains have also come in. There is no shelter. Most of the refugees do not have any shelter. What is being done for their shelter ? What are you actually doing to tackle all these problems ?

SHRI UMA SHANKAR DIKSHIT : Sir, I would answer the questions so far as health and sanitation are concerned. I have already indicated the measures that we have taken to tackle the problem. His first question was as to how we propose to tackle the problem. I have in detail indicated how we are actually tackling the problem. As soon as refugees arrive we contact them. We are taking every conceivable care in the matter of food, in the matter of shelter, in the matter of medicines and all that. Preventive action is being taken at a rate

which has never been tried before. I have already indicated in detail what we are actually doing.

Then, he has asked about the number of refugees, the number of camps and how many refugees are there in each of the camps. I can give the number of refugees coming, week by week. The number of refugees for the first week ending 17-4-71 is 1,19,566 ; 24-4-71—6,55,874 ; 1-5-71—8,67,428 ; 8-5-71—15,72,220 ; 15-5-71—23,99,667 ; 22-5-71—33,71,931 and 29-5-71—36,88,350. This is week by week position of the number of refugees arriving into the country on the eastern side.

As regards camps, according to information available up to 4th June, the Statewise break of refugees is as follows. Camp in West Bengal—22,65,000 refugees ; Assam—87,000—and odd ; Meghalaya—1,86,000 ; Tripura 3,81,000 and Bihar—3965. The total number of refugees in camps will be 27,22,561. In respect of outside camps, this is not Statewise, but the total here is 20,15,497.

PROF. S. L. SAKSENA : How many camps are affected by cholera ?

SHRI UMA SHANKAR DIKSHIT : I don't have that statement now.

SHRI KALYANASUNDARAM : What are the international agencies which have been approached by way of help regarding medicines and supply of drugs ? This is a question which I am addressing to the Health Minister. What was the response from them ? From which country has the Government got its required aid and how much ? This is point number one.

My second question is this. Is it a fact that Pakistan has poisoned the wells in the border regions ? What is the action taken against that ? Is it possible that this poisoning is the cause of the spread of cholera into our side ? I am encouraged to put a question to the Prime Minister who has just returned from Calcutta. The House would expect her to make a statement immediately. These epidemics and other problems are due to the influx of refugees and this influx is mounting up every week. It seems as if Pakistan has declared and is carrying on war against our economy

and health. It is a war against our economy. Our economy is threatened. How long can this country go on like this? So, I want to know what the Government proposes to do to protect the people in their own homeland. It is a larger question connected with the struggle in Bangla Desh and the brutal massacre carried on by West Pakistan army inside Bangla Desh.

Our country is vitally interested in this matter. If this continues, our economy will be ruined. It is a direct threat to the health of the citizens of our nation. Can our country afford to witness the whole thing as helpless spectator? What is the action which Government proposes to take? Let us take a lesson in the way Chamberlain appeased Hitler. Already we are delaying matters. Chamberlain's appeasement emboldened Hitler. Our Government is emboldening the Pakistan military authorities to more and more adventure. May I know from the Government as to what action they propose to take in this regard? I request the Prime Minister to reply to this part of my question. The first two questions relate to Health Minister.

SHRI UMA SHANKAR DIKSHIT : We approached UNO and WHO and they care in all possible ways, helping us in their own region in their own way. Both these agencies are helping. I do not know what further details would be necessary. The WHO is giving a number of items. It includes medicines and other requirements, particularly vaccines. We have to build up supply for the whole country, particularly the Eastern States and have adequate supplies. If he wants, I can give each figure. But I don't think that would advance his point of view in any manner.

AN HON. MEMBER : What about poisoning of the wells in the border regions?

SHRI UMA SHANKAR DIKSHIT : Over and above what I have stated, there is no other information either in the Ministry of Rehabilitation or in the Ministry of Health. No such information has been received upto now.

SHRI S. M. BANERJEE : On a point of order. My hon. friend's question had two parts. The first part was about the cholera epidemic. That has been replied to by the hon. Minister. But the second part was what action had been taken to see that they were kept in their

own country, and my hon. friend made a request that question should be replied to by the hon. Prime Minister. Either the Prime Minister should say that she does not want to reply or she should say something.

MR. SPEAKER : Shri M. Kalyanasundaram can look after himself very well.

SHRI S. M. BANERJEE : We support each other.

SHRI INDRAJIT GUPTA : I think the Prime Minister is not averse to saying something. Let her tell us something.

SHRI KALYANASUNDARAM : Let the Prime Minister say what she knows about. She has just returned from Calcutta. The House is expecting her to say something.

अध्यक्ष महोदय : आप सारे लोग एक साथ क्यों बोलते हैं? किसी की समझ में नहीं आ रहा है।

श्री श्यामनन्दन सिन्हा (बेगसराय) : पूछ रहे हैं इलाज क्या किया।

MR. SPEAKER : Would the hon. Prime Minister like to say something?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BOARD-CASTING (SHRIMATI INDIRA GANDHI) : I am sorry that my coming here seems to have enlarged the scope of the question.

SHRI SHYAMNANDAN MISHRA : There has been a persistent demand that she should come.

SHRIMATI INDIRA GANDHI : I was on the way here, but as you know, I get waylaid by people from various States ...

AN HON. MEMBER : Not hijacked?

SHRIMATI INDIRA GANDHI : I think that my colleague, the Health Minister, has given full information so far as the actual calling-attention is concerned, that is, as regards what we are trying to do about the outbreak of cholera and the general health of refugees who are pouring in and also how this situation

[Shrimati Indra Gandhi]

affects the local population. I do not think I can add much, because the other question asked by the hon. Member is an overall question which we have discussed many times. I should only like to refute that part of this statement where he says that we are trying to encourage the Government of West Pakistan or that we are appeasing them in any way, I protest against that statement.

SHRI SHYAMNANDAN MISHRA : Indirectly encouraging.

SHRIMATI INDIRA GANDHI: Neither indirectly nor directly are we encouraging them. In fact, we are very active in drawing the world's attention to the real state of affairs there. As the House knows, this is a rather delicate matter which we have discussed on numerous occasions with the Members of the Opposition and we can discuss it again with them. I do not think that one can talk about these things especially in answer to a calling-attention-notice which deals with a specific matter such as the outbreak of cholera.

श्री रामशेखर प्रसाद सिंह (छपरा) : अध्यक्ष महोदय, माननीय मन्त्री जी ने स्वीकार किया है कि अधिकांश रेफ्यूजीज जो कैम्प में आये हैं वह पहले से ही हैजे से रोगग्रस्त थे। मैं जानना चाहता हूँ कि जो रेफ्यूजीज रोगग्रस्त थे उनको और जो स्वस्थ थे क्या उनको अलग-अलग कैम्पो में रखने की व्यवस्था की गई है? यदि नहीं तो जैसा कि अखबारों में पढ़ने को मिला है कि कलकत्ता एरोड्रोम के पास भी एक रेफ्यूजी कैम्प है जिसको हटाने के लिए सिविल एविएशन डिपार्टमेंट ने निवेदन किया है क्योंकि अगर वहां पर उस कैम्प में हैजे से रोगग्रस्त लोग हुए तो हैजे का प्रकोप बढ़ सकता है और यह भी भय है कि सारे देश में उसका प्रकोप बढ़ जाये तो उन कैम्पों से निकट की बस्तियों में हैजे का प्रकोप न बढ़े उसके लिए कौन सी व्यवस्था की गई है?

श्री उद्दालकर बीकित : बंगाल के निकट जो राज्य है बिहार और उड़ीसा, उनकी सरकारों को और बाकी देश की सारी राज्य सरकारों को हमने इस बात की तरफ ध्यान दिलाते हुए

आग्रह किया है। जैसा कि माननीय सदस्य ने मेरे उत्तर को लेकर कहा कि जो लोग पहले आते हैं वे वही आकर गिर जाते हैं तो जो गिर जाते हैं उनका प्रश्न तो है नहीं लेकिन जो कैम्पों में पहुँच जाते हैं उनकी परीक्षा की जाती है और जिनमें कालरा या गैस्ट्रो एन्ट्राइयटस के सिम्पटम्स पाये जाते हैं उनकी तात्कालिक सुश्रूषा और चिकित्सा हो जाती है और इसके लिए जितनी भी सामग्री चाहिए वह सब कैम्पों में मौजूद है।

जहां तक इस रोग के प्रकोप के बढ़ने की बात है, एक कैम्प से दूसरी जगह पर जब उनको हम भेजते हैं जैसे कि मध्य प्रदेश के माना कैम्प में भेज रहे हैं तो उनको हम बजाये ट्रेन के और तरह से सीधे भेजते हैं ताकि रास्ते में उनका किसी और से सम्पर्क न आये। इस प्रकार से जितना भी प्रकाशन सम्भव है वह हम ले रहे हैं। इसके अलावा दूसरी स्टेट्स में हम बहुत सारी सामग्री खासकर प्रिवेन्टिव मेडिसिन्स और वैक्सीन्स वगैरह भेज रहे हैं।

STATEMENT RE: COLLISION BETWEEN LUCKNOW-GORAKHPUR PARCEL PASSENGER AND KANPUR-BARAUNI FAST PASSENGER ON N. E. RAILWAY

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : I lay on the Table a statement regarding collision between 184 Dn. Lucknow-Gorakhpur passenger and 32 Dn. Barauni-Kanpur fast passenger outside Gonda station of N. E. Railway on 5-6-1971.

Statement

On 5-6-71 Train No. 184 Down Lucknow-Gorakhpur Parcel Passenger passed through Gonda Kachahri station on the Lucknow-Gonda single line Metre Gauge section of the North Eastern Railway at 03.34 hours. While this train was standing outside the first stop signal of Gonda station for reception, train No. 32 Down Kanpur-Barauni fast passenger which left Gonda Kachahri station at 03.46 hours came from behind and collided with the rear of the train No. 184 Down at about 03.53 hours. As a result 3 inspection carriages attached in the rear of the Train No. 184 Down were badly damaged and capsized and the third-class-cum-luggage and brake van of the train and two third class coaches next to it also capsized. The engine of Train No. 32 Down derailed of its front wheels.

In this accident 8 persons, all of them railway employees and their dependants who were travelling in the inspection carriages, were killed : 5 on the spot and 3 in hospital. Seven persons of whom 4 are railway employees and their dependants and 3 passengers sustained grievous injuries and another 2 persons of whom one is a railway employee and the other a passenger sustained minor injuries. In addition 9 persons who had sustained only trivial injuries were discharged after being rendered first-aid.

Immediately after the accident all the injured persons were rendered first-aid and rushed to the railway and civil hospitals at Gonda. The 4 railway employees and their dependants who sustained grievous injuries and one railway employee with minor injuries are being treated in the Railway Hospital, Gonda and 8 passengers with grievous injuries and one

[Shri Hanumanthaiya] with minor injuries are being treated in the Civil Hospital, Gonda.

The Deputy Minister of Railways accompanied by Member (Transportation), Director (Signalling and Telecommunication), Railway Board and the General Manager, North Eastern Railway rushed to the site of the accident from Delhi by air. They inspected the site of the accident and visited the injured persons in the hospitals.

Ex-gratia payment has been made to the next of kin of the dead and to the injured.

The Additional Commissioner of Railway Safety, North Eastern Circle, Calcutta will hold his statutory inquiry into this accident tomorrow.

Pending the inquiry, the train crew of No. 32 Dn. Kanpur-Barauni fast passenger and the concerned staff responsible for train operations at Gonda Kachahri station have been placed under suspension.

GENERAL BUDGET, 1971-72—GENERAL DISCUSSION—Contd.

MR. SPEAKER : We resume discussion on the General Budget. There are 13 hours and 15 minutes yet to go.

SHRI SHANKARRAO SAVANT (Kolaba): Mr. Speaker, Sir, the Finance Minister deserves to be congratulated on making the best of a bad situation.

We are only recently recovering from the severe jolt which our economy received at the time of devaluation. We went for devaluation in the fond hope of improving our adverse balance of trade as we believed at that time that as a result of devaluation, our imports would be cut down and our exports would receive a boost. This expectation however, did not come true and for full three years we were left to lick our wounds. Our perseverance however started yielding dividends since last year. The Economic Survey for 1970-71 clearly shows that we have made considerable

headway in agriculture and industry. The Report says on page 85 :

"Money supply with the public which increased at the rate of about 8 per cent during 1968-69, has witnessed a certain accelerated growth during the subsequent two years. The annual growth rate works out to 10.8 per cent for 1969-70 and 9.2 per cent for 1970-71".

In the case of our balance of trade, this is what is said on p. 49 :

"The overall balance of payment during 1970-71 showed a sharp reversal from the favourable position in 1969-70... Thus for the first time during the Second Plan, there are no outstanding drawings on the IMF".

Again on p. 51 :

"A further reduction in the trade deficit was one of the factors leading to the overall improvement in the balance of payments during 1969-70".

While thus we were making progress in all spheres and when our economy was poised for a further leap, we were suddenly faced with the evacuee problem which has threatened to eat up most of our extra earnings in agriculture, trade and industry, during the last two years. For this catastrophe, nobody is to be blamed, but we have willy-nilly to tackle it.

The second challenge to our economy is of our own making. It arises from our own slogan of *garibi hatao*. If we were to concentrate all our efforts only to ensure economic growth, it would have been a much easier task ; but we want there should, at the same time, be social justice. The two things cannot go easily hand in hand. This means that the incentive, which is the main plank in a planned economy, must not be dampened, and at the same time, jobs must be found both for the educated and for the uneducated. This requires rare acumen and accurate foresight. The Finance Minister, therefore, deserves to be congratulated because he has shown tremendous courage in augmenting the annual plan by Rs. 300 crores. If only he were to stick to the old annual plan, there would have been no need for extra taxation. But he has augmen-

ted the annual plan by Rs. 300 crores, and he has also augmented the share to be given to the States by Rs. 74 crores, and that is the reason why he had to face a deficit of Rs. 397 crores in the Budget, and hence the need for extra taxes and duties.

A gap of this magnitude naturally could not be left uncovered, and he has tried to net in nearly Rs. 177 crores by way of taxes and duties. In so doing, he has naturally taken special care to see that tax-dodgers do not go scot-free. At page 2 of his speech, he has enumerated special measures which he proposes to take, so that the tax-dodgers do not go scot-free.

The real effect of these measures will not be felt during this year. It will be known only in the next two or three years, and then we will be able to understand what a great foresight has been exercised by the Finance Minister.

The Budget has been criticised by the right-wingers and the left-wingers simultaneously. The right-wingers have stated that it will dempne the initiative, while the left-wingers have said that there is no socialism in the Budget, that it is absolutely capitalistic and it cannot meet the demands of the *garibi hatao* slogan. Both the criticisms are wide of the mark.

In the course of his speech, Shri Samar Mukherjee denounced the Budget as unsocialist and even reactionary. He laid down the proposition that indirect taxes always fall upon the common man and that as the proportion of indirect taxes to direct taxes is very great in the Budget, the Budget will hit the common man. I would like to point out in this connection that indirect taxes do not necessarily fall upon the common man. They fall upon the consumer. It all depends upon the type of consumers they encounter. For example, when there is a tax on cigarettes, the consumers being from the upper middle classes, it is they who will be hit by it, but if the tax is on tobacco itself, the consumers being common people, the common people will be hit by it. So, we cannot lay down the proposition that indirect taxes always hit the common man. They hit the consumer, not necessarily the common man. In this case, there are indirect taxes no doubt, but all the indirect taxes are not of such a nature that they will hit the common man.

Secondly, his proposition is that the preponderance of indirect taxes over direct taxes itself shows that this is not a socialist Budget. This is just the reverse of what actually happens. In a socialist society, the means of production being owned by the State, there is hardly any scope for direct taxes. In a socialist society there is bound to be a preponderance of indirect taxes over direct taxes. So, the proposition that he has laid down that because there is a preponderance of indirect taxes over direct taxes is not a social budget, is absolutely wrong. On the contrary, the reverse is true.

Mr. Samar Mukherjee also tried to distinguish between State capitalism and socialism. The distinction is too pedantic and has no bearing on the budget before us, I do not want to go into it any more.

The next speaker was Mr. Indrajit Gupta who also belonged to the Communist party of the right group. He made no new points but only reiterated the arguments of Shri Samar Mukherjee in more eloquent and more explosive words. He parsistently averred that the budget provides an infrastructure only for the private sector. Granting for the time being that it does so, does it not at the same time provide an infrastructure for the public sector? If that is so, what is the use of hitting at the budget on that score?

Curiously enough the two sections of the Communist Party received strong support from the ultra-rightist Jan Sangh in denouncing the budget as unsocialist and unrealistic. The young prince of Gwalior, Shri Madhavrao Scindia speaking in strident tones not only cursed the budget but with the air, ego and gusto to a Delphic oracle predicted that evil days are in store for Shri Chavan, the maker of the budget. Need I remind him that his leader, Shri Biharilal Bajpai had made similar predictions about Mrs. Indira Gandhi before the election and just the reverse of that prediction had taken place? The young Maharaja coaxingly referred to Shri Chavan as a leading Maratha and in that context referred to his own Maratha lineage. But he would do well to note why Yeshwantrao became leader of the Marathas while the Maharaja has failed to do so though he and his illustrious mother addressed quite a few election meetings in Bombay. Yeshwantrao is a leader

[Shri Shankarrao Savarkar] of the Marathas because he mixes with them and shares their weal and woe, while the young Maharaja exults in basking in the sunshine eluded by an oligarchic organisation like the Jan Sangh which is far removed from the masses. If the Maharaja cared to study past history he would know that Mahadaji Shinde, the founder of his dynasty became great by his loyalty to the Maratha confederacy and not by ploughing a lonely furrow (*Interruptions.*) He made an enigmatic remark 'magic wands and godfathers cannot change the hard facts of economics'. He did not expand his remarks but it is obvious that by magic wand he referred to the slogan of 'garibi hatao' and by godfather he referred to Mrs. Indira Gandhi. It was entirely out of place.

I shall refer to two or three things about the budget. The Finance Minister has placed an excise duty on coarse variety of cloth. This duty will go against the principles enunciated by the hon. Minister himself because it will fall upon the common man and is therefore conducive to the rise in prices. Secondly excise duty on petroleum and petroleum products will also affect the people. Transport is not a luxury and there is no substitute for it. Thirdly, there is a duty on maida which will be felt by the poor in urban areas. We cannot make a distinction between the poor in the urban areas and in the poor in the rural areas and therefore this duty also deserves to be amended.

My contention is that after making some of these amendments in the budget, the budget on the whole is a budget for the common man and deserves to be supported. I would fervently request the hon. Finance Minister to make the necessary amendments of taxes which are going to hit the common man and the poorer sections of the society.

13.00 hrs.

SHRI DASARATHA DEB (Tripura East) : Mr. Speaker, Sir, I rise to oppose this budget. My party spokesman, Shri Samar Mukherjee, has sufficiently dealt with the economic aspects of this budget, and I do not propose to deal with those aspects.

Mr. SPEAKER : May I request you to continue after lunch ?

13.01 hrs.

The Lok Sabha adjourned for Lunch till Fourteen of the Clock.

The Lok Sabha re-assembled after Lunch at five minutes past Fourteen of the Clock

[MR. DEPUTY-SPEAKER in the Chair]

GENERAL BUDGET, 1971-72—GENERAL DISCUSSION—Contd.

SHRI DASARATHA DEB : This is a further reflection of the approach and attitude of the ruling class towards the social, economic and political problems. This budget envisages the imposition of more burdens on the common people. As a result of the proposed enhanced taxation imposed on maida, coarse cloth, readymade garments (particularly garments of cheaper variety), motor spirit and increased railway freight and passenger fare the common man will be hit most. Because of the increase in transport costs the prices of the essential commodities will become still higher and the common people will be hit much by this budget which our Finance Minister has proposed for this year. The victims of the soaring prices would be the common man, the working class and the peasantry, those who belong to the low-income group. This is a pro-capitalist, anti-common people budget.

The capitalists everywhere delight in sucking the blood of the common people, the working class and the peasantry. In our country also the capitalist section wants to survive at the cost of the common man. They pick money out of the pockets of the common man, rob him, fill up their own pocket and build a fortune. This is the characteristic of the capitalist class. Our government, which represent the monopolists, big business houses, zamindars and the richer section of the produce, have produced this budget. That is why I said in the beginning that I rise to oppose this budget.

During the 23 years of Congress regime the poor have become poorer and the rich richer. All this talk of socialism, of social welfare etc. is nothing but a deception or pretention.

Does this budget contain even an iota of direction for building a socialistic economy, to provide land to the landless and poor people, to provide employment to the unemployed people or to raise the standard of living of the common man? No, Sir; not at all.

Every year they produce a budget which takes the commodities more and more, thus increasing their prices still further. That is the real characteristic of our government, as we have seen all along. Some people lamented that this Congress Government did not keep up their promises, the promises which they have given during the election period. But is it something new? Since 1952 Congress Government gave so many promises to the voters at the time of the election and after coming to power they never fulfilled those promises. They have always betrayed the people in the past, they are betraying them now and they will betray them in the future, because they represent the capitalist class. They cannot give any relief or facility to the common people because it is not in their nature.

Even a cursory glance at the budget shows that it is a police-biased budget. The budget allocation for CRP is Rs. 77,67,33,000. Apart from that, there are allocations to the BSF and the Industrial Security Force etc. The total expenditure comes to nearly Rs. 100 crores for maintaining the police battalions at the Centre. This Congress government wants to strengthen its own police force because it knows that its anti-people behaviour will not go unchallenged, that people will challenge it, people will come forward to protest against it and resist it. That is why it has increased its police budget.

Then, as if the increase in the police force is not enough, it has come forward with another Preventive Detention Act, now called the Maintenance of Internal Security Act. They want this because they want to put the people who are opposed to them inside the prisons without any trial.

See the Budget for the Tribal areas and you will find that the allocation of funds for police is to the tune of Rs. 14,92,23,000 but for education it is only Rs. 92,33,000 and for public health only Rs. 74,51,000. Not only that, in Andaman and Nicobar Islands also I

find that the police budget is very much. It is Rs. 93,53,000 but for education it is only Rs. 63 lakhs.

That is why I say this. To what items does our Government attach much importance? Not to health, not to education, not to development work, not to the uplift of Scheduled Castes and Scheduled Tribes, not to the development of backward areas but to increasing the police strength. To strengthen itself it has allocated a lot of money for the Police.

This is the thing that is taking place in our country and these people advocate that they are building socialism, that they are giving some relief to the poor people. But the real thing in their mind is what the capitalists think. Let the common man go to hell but the capitalists must survive. This is the crux of their Budget. Because they are looting the common man, they want to strengthen the police and to suppress the working class, the employees the peasantry and other people who at last are bound to rise against their exploitation and repression.

Yahya Khan has been butchering in East Bengal—now it is Bangla Desh—with the help of 70,000 military. But what is our Indira Government doing in West Bengal? In West Bengal we find the West Bengal police strength itself is 60,000 and the CRP and BSF strength is 50,000. Before the last general election they deployed another 5,000 military force. It comes to a total of 1,60,000. Now Shri Ajoy Mukherjee wants another 25,000. That means, it will come to near about 2 lakhs. This is the thing that is going on. I want to protest against that. This should not go unchallenged by the people. Let our Government realise that.

Coming to the point of the Centre and the States, I should be very precise. I say that more power and wealth has been concentrated in the hands of the Centre and they want to concentrate it more. Really, the States are quite helpless. Even to start a small project or some welfare work etc., they are to wait for the grants from the Centre. I think, this state of affairs should be put an end to. The States should be given more power and at least 75 per cent of the total income from excise etc., should be given to the States themselves.

[Shri Dararatha Deb]

Coming to Tribal welfare, in the Fourth Five-Year Plan at page 403, the Plan suggests :

"The first step necessary for raising the economic condition of the Tribal population is protection from exploitation. This has to be supported by legislative and executive measures. It is also necessary to ensure that this protection to Tribes in the matter of eviction and land alienation, scaling down the debts, regulating moneylending and controlling the rate of interest, is properly enforced at the field level."

But this Budget does not indicate even the making of a beginning to fulfil that task. This is only tall talk and this tall talk has been uttered by the ruling class just to fool the people, to catch their votes and not to do anything about them.

After 23 years of Congress rule, we have found that tribals have lost what they had earlier. During the British period, they had their cultivable lands which they have lost now. They had jungle and forest lands for shifting cultivation. They have lost those lands because almost all the areas have been brought under "Reserve Forests" and the tribal people are not even allowed to enter jungles and forests. They have been thrown out of employment.

In Tripura, 2000 tribal people were uprooted from agricultural land and 4000 tribal families were ousted from their occupation because they could not cultivate forest lands for Jhum cultivation as such lands have been brought under "Reserve Forests". More than 1000 families are implicated in forest cases on the plea that they have violated the Forest Act and they have been pressurised into taking loans from unscrupulous money-lenders at an exorbitant rate of interest to defend their cases, etc. Therefore, I say, so far as the Government is concerned, in words, they always express in favour of the tribal people. But actually they are not doing anything for them. They are doing contrary things.

In Tripura itself, the tribal belt has been seriously disrupted due to infiltration and penetration of non-tribal people. There is no check on it. In fact, the Government is encour-

aging the infiltrators. The result is that the tribals have been facing serious aggressions on their home land.

Where is the Government's scheme to protect the handicapped people? There is nothing. Even the other day, my hon. friend has been complaining about the difficulties that they are facing. The same thing is taking place in other parts also. It is high time for the Government to set apart at least some lands in the tribal areas exclusively for the tribal people and no other people should be allowed to infiltrate, to settle, on those lands. In many places, the tribals have been deprived of their own rights, etc. Now, the Government should examine and see that all the tribal belts are declared as scheduled areas. In those areas, some autonomous regional committees should be set in the tribal belts wherever it is practicable and feasible and the developmental work at least should be given to those tribal regional committees.

In this connection, the Administrative Reforms Commission headed by Mr. K. Hanumanthaiya has given certain suggestions regarding Manipur and Tripura States as to how these tribal areas should be constituted. I suggest, those recommendations may be taken as a guide-line.

Finally, I want to place certain suggestions before the hon. Finance Minister to give up the policy of taxing the common man through indirect taxation, to withdraw the proposal of enhanced rate of taxation on maida, coarse cloth, ready-made garments of cheaper variety, motor spirit and cigarettes, etc.; to reduce the budget of CRP and divert the funds to other developmental works; to retain the existing tribal compact belts undisrupted and give regional autonomy to tribal areas wherever it is feasible, to withdraw CRP from West Bengal forthwith and to give 75 per cent of the income from excise which is collected from the States to the States.

SHRI N. K. P. SALVE (Betul) : Mr. Deputy-Speaker, Sir, ever since the Budget was presented in this House by the hon. Finance Minister, the Opposition Members have mounted a tremendous attack on the Finance Minister and have unleashed a fury which is almost unprecedented both for its virulence as well as for its stupendous irrationality.

My friends belonging to the leftist parties have been merciless on the Finance Minister as well as the Opposition Members belonging to the reactionary rightist parties have been ruthless on the Budget proposals. By a strange irony, for diametrically opposite reasons, while advancing arguments which were not only diametrically opposite but destructive of each other both of them have reached the same conclusion to our benefit, a very highly political conclusion, that in these Budget proposals, we have perpetrated a fraud on the people, the grandiose poll promises were something up to which we have not lived and that in this Budget we have let down the people and we have not come up to the expectations of the people. It is their right to make a political capital out of every situation that they can but only, Sir, if these critics were a little less dishonest politically and a little more objective academically, I have no doubt in my mind, the three extraordinary features, the three exceptional features in this Budget could never have escaped their notice.

The first extraordinary feature in this Budget is this. It is the extremely meritorious and the efficient management of the country's economy in the year that has gone by, i.e., 1970-71. The Budget figures are available and the actuals are available to us. We have got the Economic Survey for the year ending the 31st March, 1971. We know how this year has been. Anyone who has made objective study of the Economic Survey would have no doubt in his mind left to come to the conclusion that this year is very distinctive for economic effervescence and for sustained growth.

Not long ago, at the time of mid-term poll, it was alleged by my friends from the Opposition—especially from the Jan Sangh Members, who always have their wide mouths open and minds shut,—that mid-term poll was 'devised' by Mrs. Gandhi and Mr. Chavan because the country's economy had been brought to a ruin and disaster. It was contended in my constituency and in every other constituency that the mid-term poll had been sought before the regular Budget had been put before the country because the country's economy had been brought to the brink of a disaster and the country's economy had been mismanaged.

Sir, I only hope that the qualms of conscience, if they have any, would trouble them for

having been so fraudulent with the Electorate and having made such gross misrepresentations to the people. We know they did not gain anything out of dishonest political propaganda.

The second extremely extraordinary feature of this Budget which cannot escape the notice of anyone who is a student of fiscal affairs is the judicious and the prudent treatment given to the wide margin in the Receipts and Expenditure side. The Receipts and Expenditure side was left with a deficit of Rs. 440 crores. Rs. 397 crores is the net amount; but we have reckoned also the amount of Rs. 43 crores which would be going to the States. The difference comes to a large amount of Rs. 440 crores. Apart from slight murmurs here and there about the expenditure side no one from the Opposition has come out with any specific suggestions as to what should be done to economise. A lot of Political advice was there that expenditure should be reduced. But no one has come forward to say how expenditure should be reduced.

SHRI INDRAJIT GUPTA (Alipore): Not on staff cars and chaprasis.

SHRI N. K. P. SALVE: We don't want staff cars and chaprasis either.

Here is this large deficit of the order of Rs. 440 crores at existing levels of taxation and it is a delicate task for any Finance Minister to deal with it. He has dealt with this skilfully and deftly. Otherwise our price structure would have been thrown out of gear and our economy would have a different picture before us. He has handled this aspect of the matter skilfully and deftly.

The second important feature of the Budget is that the gamut of indirect taxation for the first time, takes in a much wider section of the community. For the first time, the gamut extends to those who are not so rich. This is a decision for which we are, for the time being, paying a rather heavy political penalty.

This is a temporary political penalty, because certain sound economic decisions will have to be taken by a Finance Minister and it

[Shri N. K. P. Salve]

is not always that sound economic decisions will always be politically popular; and if they are not always going to be politically popular it does not matter; we shall have to stand up to the criticism, and it is only time that will show that they are sound decisions. For, one thing has to be understood clearly. If the enduring disparities in wealth, opportunity, power and incomes are eradicated and have to fight, then where is the affluent section on the one side as against the not-so-affluent on the other? The entire section is one and the same, that is precisely what is contemplated. After I have explained the impact of direct taxation on the affluent section, it will be clear that there is going to be no more any such thing as affluent section; as long as our taxes are enforced properly and effectively, and as long as people pay their taxes honestly, honest assessors can never hereafter be affluent. That is one thing which is absolutely clear. If the disparities in income and wealth between the rich and the not-so-rich are eradicated and they become a thing of the past, then it is absolutely imperative, as a corollary or sequeter of this phenomenon that tax has to be levied on those who are not so rich. When that is done, then our political opponents are trying to exploit the situation. But not one of them has come forward to point out how this difficulty of bridging Rs. 440 crores has to be solved satisfactorily.

Yesterday, I read Shri Atal Bihari Vajpayee having said that Government had not taxed air-conditioners, refrigerators etc. It is a matter of opinion as to which item has to be taxed and which item is not to be taxed. But the basic principle remains that ultimately they will have to tax the items and extend the gamut of taxation even to those who are not so rich, if they are to augment their revenues, if they are to carry on the development plans and if they are to carry on the administration of the country. Those who are trying to make political capital will very soon realise that here also they will abort once again in their efforts.

I was surprised to learn of the criticism by some Members that this budget was not a socialistic budget, that this was not the type of budget which would help create an egalitarian society. I fail to understand how a man possessed of his rational faculties can ever come out with this type of criticism or argument. It

is scandalously dishonest. Either the person does not understand what the impact of direct taxation is going to mean on the affluent section or if he understands and still he says so, then he must be an idiot, congenital or of his own choice. My respectful submission is that it may be that along with the rich, the not-so-rich are also taxed. That is true. But so far as the affluent and rich sections are concerned, a crushing blow has been dealt to them in these budget proposals, and if the laws as they now stand are implemented sincerely and efficiently, if evasion is curbed, I have no doubt in my mind that in a few years' time, we shall have no complaint left about an eradication of disparities.

There is an extremely steep rise in the wealth tax rates. There is withdrawal of exemption outright, where wealth exceeds the maximum exempted amount being one lakh of rupees in the case of an individual and two lakhs of rupees in the case of a Hindu joint family. I am going to point out just now a concrete instance that if a person has a little property as Rs. 1.50 lakhs worth, the burden of wealth tax is going to be more than the income-tax itself. Is this not socialistic? There is also a steep rise in the capital gains tax. I dare submit that our rates of taxation on each slab with the increase that has now come about in the surcharge on individuals and joint families are the highest in the world on every slab.

AN HON. MEMBER: Congratulations.

SHRI N. K. P. SALVE: My hon. friend does not seem to be very happy that it is so. The difficulty with them is this. On the one hand, they say the budget is not socialistic; on the other, when we point out that it is, they congratulate me. At any rate, I accept the congratulations even if he does not mean so for we deserve them.

SHRI R. V. BADE (Khargone): Socialistic by taxing maida

SHRI N. K. P. SALVE: If he has not understood what I am trying to say, it is not my misfortune.

So far as the creation of an equalitarian society is concerned, it is only through direct taxation that it can be brought about. Anyone who says that indirect taxation is going to have any effect or significance in ending the disparity between the rich and the poor is, I think, putting the cart before the horse. It is only through direct taxes that we are going to slash or take away a substantial chunk from the rich and put it into the exchequer. The result is that the supposed rich man has very little left with him after paying income tax and wealth tax.

Not going far away, I will take my own instance. I have received as salary for the month of May the magnanimous bounty in an amount of Rs. 4.83. A man reaches a stage in his life where he starts hating the sight of a cheque. I have received this cheque after deduction of my house rental, alteration of bungalow, rental for my furniture, fridge etc.

I have made some calculations on my income-tax liability.

MR. DEPUTY-SPEAKER : Is this the position every month or only this month ?

SHRI N. K. P. SALVE : I have not the slightest intention of suggesting that I am privileged. We are all in the same boat every month.

As regards your question, I do not know. But for this month, it is so. My calculations are for this month only. (व्यवधान) ...कछवाय जी, इसके कैलकुलेशंस जो है उनको थोड़ा समझ लीजिएगा कि कितना ज्यादा आयकर देना पड़ता है और तब आप समझ पायेंगे कि इस देश को हम समाजवाद की तरफ बढ़ा रहे हैं या नहीं । (व्यवधान)

I have made some calculations on the income of Rs. 500. There are 12 slabs of income tax and this amount is to be taxed in the 9th slab. Rs. 350 plus a surcharge of Rs. 35 will have to be paid on it. It comes to Rs. 385. For paying this, I will have to fall on my savings. This will have to come out of my professional earnings. I will have to earn Rs. 1170. to be able to save Rs. 385 after payment of tax on that earning. Thus out of a total earning of Rs. 1170 plus Rs. 500 which comes to Rs. 1670, I am left with the magna-

nimous bounty of Rs. 4.83—to pay for my petrol, maida and other things. This will give some idea of how expensive it is for some of the professionals to come and sit in this chamber. But that is a different story.

AN HON. MEMBER : They are not expected to come here.

SHRI N. K. P. SALVE : Is it not socialistic ? Is it not sufficiently socialistic ?

May I also give another illustration which might interest members ? This is where wealth tax exceeds income-tax on a meagre amount of Rs. 1,50,000, where Rs. 75,000 is the capital for one's business and Rs. 75,000 is the house property. On this, the total income earned by an assessee is Rs. 17,500 say 12 per cent. The gross rental income on a property of Rs. 75,000 is Rs. 7,200 and the net rental coming after tax and repairs works out to Rs. 5,400. Then the income-tax attributable to the house property will only be Rs. 680 and the wealth tax will be Rs. 750. Still is this not socialistic ? It will become the most pusintive hobby for any one to own property in days to come ; it is only the unwise, the thoughtless, who will think of owning property, specially property not sufficiently lucrative. On Rs. 60,000 the income tax is Rs. 26,450 and the balance left is Rs. 33,550, i.e., about Rs. 2,800 per month. And if I earn ten times more, Rs. 6 lakhs, the balance left after tax is only Rs. 57,200, i.e., 4,765 when you are earning Rs. 50,000 per month. This also is not sufficiently socialistic ?

There is an actual case that was referred to me for opinion. A house property in Bombay is worth Rs. 20 lakhs and has a net rental income of Rs. 3 lakhs. The taxation on the income on the said property is Rs. 2,49,550, and the wealth tax on this house property, including the additional wealth tax on urban assets, is Rs. 1,65,000. The total of taxes thus is Rs. 4,14,550 i.e. Rs. 1,14,550 more than his entire income. So, a person possessed of his senses will never think of property worth Rs. 20 lakhs hereafter.

This in fact is a case referred to me for a certain opinion. They wanted to know whether the *vires* could be challenged of the additional wealth tax levied on the urban assets. This is how the present direct taxation is proceeding

[SHRI N. K. P. SALV]

and to say that it is not socialist is extremely uncharitable. You may not agree with us, with our philosophy and ideology, but surely this is socialistic, and there is going to be eradication of disparities as a result of this, I have no doubt in my mind.

All these laws which are socialistic in their approach are excessively rigorous and harsh and cannot be very strictly and faithfully implemented, the reason being that the tax administration machinery working under a democratic set-up has its own limitations. After all, we are not working under a totalitarian or despotic regime. But I do hope that tax evasion would be seriously curbed, for, if that is not done, then, tax becomes penalty only for the honest and becomes an extremely rewarding adventure for the dishonest and the tax-evader.

I welcome the measure that has been taken to acquire property at the cost mentioned in the document itself, if the value is understated to avoid tax. The Maharaja of Gwalior is not here. I would like him to support this measure and I do hope that this provision is made retrospective so that Government can acquire even those properties where there was fraud sought to be perpetrated by understating the value of the property in the last ten years.

A word about structural changes in the corporate sector. The Bombay papers are now writing that whatever structural changes have been made in the taxation of the corporate sector are going to act as a damper and are a retrograde step affecting the buoyancy of production which had gathered momentum in the previous year. This is nothing but intimidating tactics. The six structural changes which have been made do not even touch the fringe of the fiscal programme and plans which might have been contemplated by these companies. They are very ordinary changes, the most important being that there is an increase in the surtax where the chargeable profits exceed 15% of the capital employed. Otherwise, the substantive rates remain the same. Development rebate is threatened to be brought to an end from 1974 and there are a few other structural changes which do not mean very much. In fact, Dalal Street in Bombay has reacted very favourably as soon as the budget proposals were announced. They thought they were

excellent proposals. Investment market was very strong, very firm and stable on the day budget was presented. Some of the members including myself had stated after budget that the corporate sector could pay some more tax and that had not been provided for in the budget proposals. On the third day market started going down retrospectively, I cannot understand why? If these were honest trends and not manipulated this would never have happened. The investors understood the proposals on the first day as much as they understood them on the third day. Now Bombay papers are trying to create an unnecessary bogie of the structural changes in the income-tax of the corporate sector. They do not in fact touch the fringe of the matter. Rs. 16 crores to be raised from corporate sector is not a large amount which is going to disturb the economy nor the investment climate, nor production, nor productivity.

One thing is clear. The effective rates for the corporate sector on its true commercial income are at tremendous variance with the paper rates. In the small booklet that I had published, *Is India the Highest Taxed Nation?* I had done a little exercise and tried to ascertain what were the effective rates, whatever might have been the rates on paper, in the Schedules in the Finance Act from year to year. I have taken the figures from an article prepared by the Federation of Indian Chambers of Commerce and Industry. This is not just faked up with a socialistic objective or purpose to support Mr. Chavan or Mr. Ganesh.

Effective rates on Commercial profits had worked out, in the case of a priority industry to 30 per cent in the first year, 35 per cent in the next year, 36 per cent in the third year, 36 per cent in the fourth year, 35, 56 per cent in the fifth year. This is the conclusion I had reached. The Reserve Bank had in its bulletin issued in 1969 had made certain calculations of the profits of as many as about 3,00 public limited companies and the conclusion it had reached was that on its commercial income the total tax liability did not exceed 47.5 per cent in the aggregate excluding the development rebate and concessions to priority industries. I refer to the conclusion I had reached in this book. "It has to be understood by knowledgeable study of Indian taxation that 'effective rates' of corporate taxation in India are far below the 'paper rates'.

SHRI R. V. BADE : Is the tax on maida socialist tax ?

SHRI N. K. P. SALVE : I am coming to the direct taxation ; tax on maida must go. That is my proposition. The Finance Minister should undertake an enquiry to determine what are the effective rates in the corporate sector and determine a tax plan for five years. In the course of the next five years, substantive rates of corporate taxation can easily be increased by 5 to 10 per cent. We need stability and simplicity in our tax laws. Let them have a fixed taxation for five years ; it does not matter. We may fix up a rate of 90 per cent but in effect after so many incentives, concessions, rebates and deductions the tax comes to 30 per cent. We are deceiving ourselves if we think this variation in paper rate and effective rate is immaterial. At least we must have proper statistics in the matter.

There has been a heavy dose of indirect taxation. My only question is : why should the Finance Minister pass on the entire burden of indirect taxation of excise to consumer ? There are companies which are making tremendous profits. If you see the balance sheets of manufacturers of toilet soaps, you will find that they are making fantastic profits. We are supplying them the raw material, tallow at cheap rates. We are exporting mangoes, bananas, cattlefeeds and we starve ourselves and are exporting even rice to get tallow and supply to the factories at cheap prices and they are making profits. It is the consumer who must not pay the additional levy.

SHRI INDRAJIT GUPTA : That is also socialism.

SHRI N. K. P. SALVE : We are not perfect in every manner. I do hope that the Finance Minister will make a note of it and issue directions that the companies which are manufacturing toilet soap shall not increase their price.....(Interruptions).

MR. DEPUTY-SPEAKER : I can give him all the 13 hours of the Congress Party if all the Members of that party agree.

SHRI N. K. P. SALVE : The same applies to brass utensils, pressure cookers, gas, readymade garments. The entire matter should be got examined and the companies should be

asked to bear the burden. The levy on maida should go and also the levy on petrol should go. We have rotten cars whose carburetors do not consume petrol but they drink petrol. Unless we have better cars, unless we have better carburetors, the increased petrol price will be too high. The levy on petrol should go.....(Interruptions.)

Everything that the Finance Minister did was opposed by our friends on one principle or the other. They say : do not tax the rich because of production, productivity and investment principle ; do not tax the not-so-rich because of the socialist principle ; do not tax the assesses in the corporate and non-corporate sector because of the fiscal principle ; do not tax cigarettes and alcohol on the friendship principle ; do not club the incomes of husband and wife and tax them, on biblical principle and finally do not tax glassware, brassware and cosmetics on hen-pecked husband's principle. The only thing that comes to light is the utter lack of any principle in their criticism.

SHRI BALATHANDAYUTHAM (Coimbatore) : Mr. Deputy-Speaker, Sir I rise to oppose the budget. I raise the demand that the road block put up by those whom the people believed were going to be sappers and miners be removed. You could not have expected a more congenial background for carrying out the wishes of the people just now. The background was politically and economically the most favourable. It was politically favourable in this, that the mandate given by the people which the Finance Minister chooses to call the mandate for socialism, was a mandate for a change of the Constitution. The mandate was given to amend the Constitution. The astute Prime Minister asked the people to give her two-thirds majority. She posed the picture of the pauper and the prince, and showed herself as a valiant warrior on the side of the poor, and pointed out to the Supreme Court and to the provisions of the Constitution which were standing in the way of elementary economic reform.

Now, the massive mandate is for an amendment of the Constitution, and to remove that block on the road of progress. Having got that mandate, you also get the report of the Economic Review and, as far as it goes, the economic conditions seem to be set for a good take-off. Having got this mandate and having

[Shri Balathandayutham]

had this background of economic set-up, I do not see why the Finance Minister should have come forward with a budget as it is.

As our leader pointed out in his speech, the struggle for resources is grim. We quite understand the difficulty of the Finance Minister in trying to fill the gap of nearly Rs. 400 crores. Resources have to be found. The country of classical capitalism found its resources for development by piracy on the high seas by sending Clives and Hastings for colonial loot. Unfortunately, for our Indian capitalist class, the high seas are no more open for piracy nor are the colonies open for loot. Those countries which built up their Under industrial base took 300 years. We cannot afford to wait for 300 years. these circumstances, the Government of India has to wage a grim struggle for finding the resources. Yes. We have to find resources and have we really searched for the resources? The resources are to be found in a very narrow base. The resources are to be found not in the rural sector, because it is assigned to the States; the resources have to be found from the urban sector and that too not from all the classes. For resources we have borrowed heavily from abroad. When you want to fill up the gap of some Rs. 300 crores or Rs. 400 crores, was it difficult for the Government to ask for a moratorium? A country like Britain had asked for a moratorium from America. Last year, you had paid nearly Rs. 400 crores towards principal and debts. Now, if we ask for a moratorium of five years, can't we find resources that way? Government says no, because it is a question of creditworthiness. So, you would not resort to those people because the people are already mute to be taxed. Have tried surplus in the public sector? No, because we have only started the dialogue with the public sector. There is the Indian Oil Company managed by people who have got hidden links with foreign companies and from whom you cannot expect a surplus. Have you tried to utilise public financial institutions? Yes; LIC and IDB have given loans to monopoly houses to the tune of Rs. 161 crores and more. It was very interesting to hear the Minister saying that the LIC investment in public sector was Rs. 1.14 crores with a return of 10 per cent and in the private sector, it was Rs. 233.94 crores with a return of 6.8 per cent. When he was asked why he should not try to utilise the investment the national interest, his reply

was very brief: "The public finance corporations should look to the public sector undertakings with more interest." This is the positive indirection given by the Government. LIC will go out of the way to help big money-bags to save their holdings when they get into financial morass. Did Government think of nationalisation of foreign monopolies in India? No. It will lead to international complications. Even when they nationalise, we have seen how they do it from the way they have done in regard to general insurance. Even for managing general insurance, they have to give compensation. So, this source also is not open to them.

There was a tax called expenditure tax. But Shri Morarji Desai said, they had to spend more for its collection than the revenue itself. Is it not a fact that in India, there are people who are spending extravagantly, living ostentatiously, with a vulgar display of wealth in the midst of poor down-trodden people? Still, expenditure tax will not work and they will not resort to it. Will they try to realise the arrears of income tax amounting to Rs. 700 and odd crores? No. There are legal difficulties. They are very clever evaders and Government is not equal to them. They have been talking about black money all the time. What harm is there if you try demonetisation? The Finance Minister has rejected it offhand. What do you lose? A trial costs nothing. But there comes the fear of creating confusion and you are afraid of reaction. But taxing people is not difficult at all.

Take the imposts on the corporate sector. The tribute paid to the Finance Minister is, for the first time there is no new impost on the corporate sector. He has been raised to a historical figure and congratulated for setting up a record by his massive taxation measures in peace time. Has the Government applied its mind to the question of utilising the full capacity of the machinery installed? Everybody tells us that 50 per cent of installed capacity in this country is not being tapped. But there is no effort in that direction. He has taken the line of least resistance, i.e. taxing the people. They are not prepared to resort to any of these methods for finding resources. What is easy for them is to tax the people, that is indirect taxes. So, two easy methods are there; one is to loot the people and the other is pick-pocketing, inflation.

Coming to indirect taxes, since it has been dealt with by many members, I do not want to dwell on it at length. But the Finance Minister, while dealing with the tax on maida and petrol said that it was consistent with the socialist pattern. I can tell you that in a socialist country the two things you can look forward to as the cheapest things are bread and travel. In the country which is marching towards communism the first to be given is free bread and then free travel. So, that is the direction. Therefore, when I was reeling under the massive blows of taxation of the Finance Minister there came before my mind the picture of Marie Antoinette telling the hungry people "If you have no bread, why not eat cake?"

I want to ask the Finance Minister one pertinent question. Why are you giving up the principle of the last budget, the principle of avoidance of multiple effect of taxing intermediates that enter into the cost of other goods? Why are you so soft to the corporate sector? The answer is "we want re-investment." My simple answer is that if they reinvest, it is in the private sector. The *dharma* in the private sector is fish eating fish. Re-investment in the private sector will lead to development of monopolies and the whole platform of the other side during the elections and ever after was that monopolies block the road to progress.

So, my contention is that the taxation measures of the Finance Minister are self-defeating. He proposes price stability, which is not there; you can see it. He proposes social justice. Patently, it is not there because the poor are being hit on account of the price rise. With regard to economic growth, the upheavals among the people because of the rise in prices is going to upset growth. So, what they are doing is they are cutting the branch on which they are now securely sitting.

He has made a claim of an increased investment of Rs. 300 crores in the budget for development. I want to say that in the last 12 months the price increase has been 7 per cent, offsetting this Rs. 300 crores which he has envisaged. What is more, if you see the ratio between investment and national income it was 11 per cent earlier and now, it is 9 per cent.

Another claim they have made is a crash programme for unemployment. The words

must have meaning. How can you call this a crash programme? If you link Cauvery and Ganges, I can understand your calling it a crash programme. If you convert all the metre-gauge lines into broad-gauge, I can understand you are calling it a crash programme. What is this crash programme with Rs. 50 crores when 55 textile mills have been closed according to your own answer?

With regard to employment, 50 per cent of the employees of the Central Government, nearly, 28 lakhs of them are getting a basic pay of less than Rs. 100. This is what they are getting when they are employed. And yet you call this a crash programme.

Then you say that you want to reduce and tax the salary and perquisites that are obtaining in the private sector. But when a question was asked about the salary and perquisites the answer was that "the information asked for is not readily available with the department as the same is not required to be furnished by the companies in terms of the Companies Act, 1956". This shows that they are not serious about the proposal because they have no idea of its magnitude.

Coming to Centre-State relations, my State has done whatever the Centre has asked it to do. In the State of Tamilnadu we have the agricultural income-tax, educational cess and raffles. Yet we are not having enough resources for welfare schemes.

Further, with regard to language, out of Rs. 25 crores allotted for the Fourth Five Year Plan, Rs. 12 crores are being spent for Hindi alone.

15.00 hrs.

With regard to Bangla Desh, the Budget is going to be upset. Our socio-economic structure is going to be upset. What is more, we are going to have an inimical border without Bangla Desh. You have to take the offensive because that is the best defence today.

Finally, I thought the Clives and Hastings of Indian capitalism had been removed by the electorate in the elections in 1967 and impeached in 1971, but the ghosts of Clives and Hastings of Indian capitalism are haunting the Treasury Benches and I would like the wizard of the Prime Minister to exercise those Trea-

[Shri Balathandayatham]

sure Benches of those ghosts. A crash programme of nationalisation is the only answer for all the three objectives set forth by the Budget. I want to know whether they have the will to do it.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : Mr. Deputy-Speaker, Sir, I have watched the Budget discussion for the last two or three days with great attention and interest. It has been a very serious discussion and it is not only as a Minister but also as a much more serious student of the present Indian situation that I will try to bring some element of seriousness into it. I am saying this because I was listening to my hon. friend and colleague, Shri Balathandayutham. I thought, during the last 15 or 20 years he must have grown but the way he has put this very serious problem, he was speaking in the same manner in which he was speaking in the Annamalai University, and what has happened during the last 20 years in the situation of the country, in the correlation of political forces, in the economic situation that exists today, seems to have been completely lost on him.

SHRI KALYANASUNDARAM (Tiruchirappalli) : Perhaps he has not grown in the way in which you have grown.

SHRI K. R. GANESH : It is very difficult to come to any dispute with a very revered political leader like Shri Kalyanasundaram. So, shall leave it.

SHRI N. K. P. SALVE : He concedes that you have grown.

SHRI K. R. GANESH : This budget has come in a particular background and I place this background before you and the House.

A massive mandate was given to the party in power for change and for a radical social transformation. There is a reality of the economic situation which we cannot get out of. Being a very large and big country with a huge, multitudinous population that we have got, certain economic realities have grown during the last 20 years and these factors had to be taken into consideration in framing the Budget.

Then, there are certain constitutional problems which this House is aware of, which have been debated in the country and on which certain directions have got to be taken. The people of this country have given a mandate and in this House itself it has been proclaimed and conceded that if we have to bring about a radical social transformation, a certain amount of constitutional changes become necessary. •

There was also the problem of Bangla Desh. It is a huge problem. The only difficulty is that our friends opposite want the Government to act on Bangla Desh and to come to grips with the huge, massive, colossal problem, which the nation in its entire history has not yet faced ; yet, after saying that, they would even not concede to the Finance Minister the massive effort that he has tried to make in the given situation.

I am not one of those, sitting on the Treasury Benches, to say that this Budget is socialist Budget. I am not going to say that. This Budget is a very honest effort in the given situation to rise the necessary resources so that in the coming years, it will be possible for us to build a national economy on the edifice of which socialism can be built in our country. It is an honest attempt that the Finance Minister has made.

Budget is one of the instruments. It is not a total instrument. The total national strategy has got to be seen and viewed in the context of our national situation to understand the direction in which the country is going. Whatever positive features there are in the Budget to which many hon. Members have pointed out, apart from that, we have to see the total national strategy of national revival and national advancement. The national strategy along with Budget, I submit, is following a very serious consideration given by the Government to bring about constitutional amendments in those sections and clauses in which the national advance is being hampered.

There is the decision to abolish privy purses and privileges of princes, to take over general insurance as a step towards nationalisation of general insurance and the dialogue and discussion that is going on today to bring about a ceiling on urban property. As regards land

reforms, I concede with some hon. Members on that side, that we may not be fully convinced that all that is possible in land reforms has been done. The Government itself has said that much more has got to be done. But certain steps have been taken and certain changes have taken place. The entire country-side looks much different than what it was when we became independent. A vigorous effort has got to be made. Certain administrative, political and other steps have been taken to see that full-scale land reforms as is practicable in the given situation are carried out.

Then, as regards monetary and fiscal policies of the Government, the nationalisation of banks is a big instrument to re-orient the entire monetary and fiscal policies in the direction of helping the public sector and taking away the concentration of economic power. In this connection, I would also like to place before you the recent guide-lines that have been introduced as far as the investment of financial institutions is concerned in the various big monopoly houses and other houses that my hon. friend has mentioned. Certain guide-lines have been given in which the shares of big financial institutions, at what point of time and under what conditions, could be converted into equity capital and all that.

This total picture has got to be seen before we can understand the present situation. Budget is one of the instruments in the total national strategy that has got to be seen.

SHRI R. V. BADE : Mr. Salve said that those who say, Budget is not a socialist Budget are idiots. Now, the Minister himself says that it is not a socialist Budget. He says that it is only a step towards socialism.

SHRI K. R. GANESH : It will be difficult to understand my arguments which I am placing for my hon. friend. Socialism is not built in one Budget. It is a very long-drawn-out process. What we can say is that we want to build up socialism. Whether you like it or not, whether the forces that are outside this party like it or not, we want to build up socialism because in a large country like India, there is no other way except to build up a socialistic society.

There is another point that I wish to make. One of the criticisms has been that "garibi

hatao" slogan has not been implemented. Of course, that is not a very serious criticism made by serious Members who participated in the debate. This "garibi hatao" slogan represents the will of the people. Now, "garibi hatao" is not going to be achieved by one Budget alone. It is not going to be done even in five Budgets till this Government will last. It has got to be a long-drawn-out process of national advance. We are indicating that national advance in this Budget. The way the country is going has been indicated in the various steps that Government had taken as I have indicated earlier. The whole indication of the national revival has got to be seen in this picture.

One serious criticism was made about growth. Both Mr. Indrajit Gupta and Mr. H. M. Patel, very senior Members, said that there has not been sufficient emphasis laid on growth in this Budget.

SHRI INDRAJIT GUPTA : He was referring to growth in the private sector while I was referring to growth in the public sector.

SHRI K. R. GANESH : I hope you will concede me when I say I am not trying to equate your position with his position.

It is not only the increase of Rs. 155 crores in the Plan outlay that has got to be seen, but we have to see this in the light of the various provisions that have been made in the Budget. For example, we have got this Rs. 25 crores for eradicating urban unemployment and Rs. 50 crores for the crash programme. I concede that this is not sufficient for meeting the growing problems that we are facing. But certain provisions have got to be made. Rs. 75 crores out of this Budget is not a small sum. It is true that massive resources have got to be raised. But what are the mechanics of raising that ? What is the way ? Certain political realities have got to be understood. There is one thing which we have got to remember that this country has got a very narrow tax-base. This narrow base of 10% or 15% of people is there in which we have to do all permutations and combinations. So, the first thing to be done is this, that this tax-base has got to be enlarged. We have to create necessary conditions to enlarge this tax-base.

With the present 10 or 15 per cent tax-base

[Shri K. R. Ganesh]

it is not possible for us to raise massive resources in a country like ours, with its complex and difficult problems. We want to use the Parliamentary system as a means of advancing and building up our economy, as a means of using that national economy to build Socialism in this country. This is what we are trying to experiment. It has been possible to achieve some success because a leader of vision and statesmanship and world perspective, Jawaharlal Nehru, carried this country forward. After all we have the public sector enterprises. After all we have built certain bases for future growth. We have made some advance. The position in 1967 was presenting a situation of disappointment and frustration. That situation has completely changed and the expectation of the people has been roused.

We, who want national advance, have got to see that these hopes and aspirations of the people are directed into proper channels. My main idea in intervening in this debate is to point out that the budget has to be seen in the context of the totality of situation. A levy here or levy there is but a small item in the mechanics of taxation as far as this budget is concerned. I am quite sure that the Finance Minister, after having heard the views of the House will certainly take many of these factors into consideration.

If the total outlay, not only the increased outlay on the Plan but also these outlays of Rs. 50 crores and Rs. 25 crores and the outlays that have been made for rural works programme are all added together, then it would come to a development outlay of nearly Rs. 240 crores and not just Rs. 155 crores. That is what I am submitting namely that we have got to see the total investments that are being made in the various sectors of our economy, in the very vitals of our economy.

I have very long briefs here with me, from which it is possible to contest every figure that has been given by every hon. Member, whether it be the question of direct taxes or indirect taxes, or the question of the total direct and indirect taxes accruing to the national revenues, or it is the question of the levies falling on the 10 per cent base in relation to the total *per capita* income of the country. I can contest any figure that hon. Members can give.

My object in intervening in this debate is to place before the House the total perspective of the budget in the context of the national situation.

SHRI S. M. BANERJEE (Kanpur) : Does his brief have figures of evasion ?

SHRI K. R. GANESH : I have those figures also. I have answered that point already. I can tell him the increase in arrears of income-tax that we have got. Shri Indrajit Gupta mentioned the figure of Rs. 700 crores. I may tell him that this figure is not also correct, because that is the gross demand that we have made, and there are many other factors in connection with that.

The total taxes that have been collected out of the arrear demand have been growing from year to year—from Rs. 59.94 crores in 1964-65 to Rs. 159.61 crores in 1970-71. This is provisional figure for 1970-71.

As a result of the vigorous steps taken by the Department in connection with collections, the actual collections in 1970-71 came to Rs. 826.29 crores. This is also a provisional figure, as against the budget estimate of Rs. 778.75 crores.

As I was submitting, the Finance Minister was faced with a very difficult task, in the context of the socio-economic conditions as they exist today in our country. I concede that we have to make a break-through and bring about radical changes in relation to the economic condition. But as the conditions exist today, and as the Constitution stands today, as the realities of the economic situation stand today, the Finance Minister has made a bold effort to raise the necessary resources and while raising these resources to see that the taxation does not fall on the common man or on the poverty-stricken man of this country I wish to submit that I want to make a difference between the common man and the poverty-stricken man. In this country, 90 per cent of people have got a *per capita* income of less than Rs. 500 odd. It is this concentrated poverty, it is this huge unemployment problem that has got to be attacked, that has got to be tackled and for which resources much more massive, perhaps ten times more massive, have got to be raised. If we have got to apply our mind to the concentra-

trated poverty which exists in the rural and urban areas, then hon. members will agree that some of the taxation measures that have been suggested for taking away resources from that section which afford to pay are justifiable. I do not deny the right of Members to criticise some of the levies that the hon. Finance Minister has put and at the appropriate point of time he will consider the criticisms, but if we have got to take the total picture of the Indian situation in view, if we have to eradicate the concentrated poverty which exists in its most humiliating form, if we have got to ensure a very fast rate of economic development which implies that necessary surpluses will have to be generated, if we have got to hold the commanding heights of the economy in the shape of a larger public sector, if we have to see to it that concentration of economic power in the hands of a few is broken, it is necessary for us to see that this 10 per cent which can afford to pay a little more bears that extra burden.

Let us take the Bangla Desh issue. It is a colossal problem that has come on us. It is a national problem. If we have to tackle it in the way hon. members want it to be tackled, resources are necessary and will have to be raised. This problem of raising resources is there in any underdeveloped or developing country.

Then take the food subsidy. We have to see that the price to the consumer is not increased and the price to the cultivator is not lowered also. On this account, we incur an expenditure of Rs. 30 crores. It is a measure of social justice, distributive justice to help the weaker sections of society.

Again, in this year's budget, there is a provision of Rs. 100 crores on account of interim relief recommended by the Third Pay Commission.

SHRI S. M. BANERJEE : He is talking of interim relief. Is it not a fact that the cost of living index has reached the 10 point average and according to the last Pay Commission formula, the Central Government employees are entitled to another slab of dearness allowance? Has it not touched 225 points?

SHRI K. R. GANESH : This is not a point which immediately arises out of it. Tomorrow

there is a question on this in the Rajya Sabha.

SHRI S. M. BANERJEE : I am a member of the Lok Sabha. I cannot go and sit in the Rajya Sabha.

SHRI N. K. P. SALVE : He can sit in the gallery.

SHRI D. D. DESAI (Kaira) : Are we hearing a thesis on *garibi hatao* or *garibi badhao*.

SHRI R. S. PANDEY (Rajnandgaon) : It is both *garibi hatao* and *amiri hatao*.

SHRI K. R. GANESH : He does not understand what *garibi* is. To him it is just a slogan. Either my English is bad or his capacity to understand me is very low.

When I referred to *garibi*, I was referring to the concentrated poverty that exists in the rural, urban and slum areas. Let him not speak about motor spirit, petrol and things like that. It may be all right for political slogan mongering. Any Government that comes and sits in these benches has got to take into account the conditions obtaining in India which I depicted and has got to apply itself to solving this problem of concentrated poverty, the problem of accelerating growth at a very fast rate, the problem of building up a viable public distribution system and so on. These are the basic problems of the Indian economy today. So, the strategy laid down by the Finance Minister in his budget, the total strategy of which I had spoken in the beginning, was in the direction of meeting these huge gigantic problems. Government is giving consideration to the question of arrears of tax, realisation of income-tax dues, the question of black money for which a Committee has been set up—an interim report has been submitted by it—and to the question of better utilisation of the public sector so that the public sector generates more and more surpluses, and when the time comes, the Government will come out with their policy. I can assure the House that this Government which can nationalise the Banks, L. I. C. and General Insurance, which can bring about land reforms, which has brought about in the last 20 years all the important legislative measures that this country is proud of, is also capable of tackling this problem which the hon. Members have mentioned.

[Shri K. R. Ganesh]

There is only one question concerning my constituency to which I wish to refer. Shri Dasaratha Deb raised the question of the outlay on the Andaman and Nicobar Islands and said that less was spent on education. For his information and the information of the House I may submit that *per capita* expenditure on education in the Andaman and Nicobar Islands is the highest in the country. The territory is so spread, so far as flung, that it is necessary to build a school even where there are only five or ten students. There are places in the islands where there are primary schools with less than 10 students, but you have to provide primary schools. Having put people there, you have to provide them with certain minimum necessities of life, certain minimum educational facilities. The total number of schools, higher secondary, primary and middle schools in the islands, will be the highest in the country.

I submit that the Finance Minister, in the given conditions of our country, political, economic and constitutional conditions, has made a massive, bold effort to raise resources for the advance of the country so that in the years to come he can lay a firmer basis for a rapid rate of growth and for more equitable distribution and social justice.

SHRI BIRENDER SINGH RAO (Mahendragarh) : Mr. Deputy Speaker, Sir, in his Budget speech in the opening lines Mr. Chavan has claimed that the economic picture of our country is very promising. I fail to understand how such a senior leader and administrator like our present Finance Minister can say that the economy of our country presents a very promising picture. He should show very well that the present structure of our economy stands on the shifting sands of foreign aid and that the basis of this economy is fictitious figure of our national savings. He has also failed to assess realistically the problem of refugees from Bangla Desh.

I am a soldier, an ex-Army man. I have listened to most of the speeches and would like to express a soldiers' point of view. The Finance Minister has made very significant changes in increasing the outlays on social welfare and development as he has said, but it pains me to see that no proper attention has

been paid to the defence of our Country. The outlay on our defence is about the same as it was last year.

AN HON. MEMBER : No.

SHRI BIRENDER SINGH RAO : Very little increase. I have seen the figures.

AN HON. MEMBER : How much do you want ?

SHRI BIRENDER SINGH RAO : I want it to be doubled, if you want to remain independent and save your country. This is what I am going to say.

We are refusing to face facts. Since the Prime Minister moved a resolution in this House expressing sympathy with the freedom fighters of Bangla Desh much water has flowed under the bridge. It is a sad and dismal failure of our foreign policy and also our defence organisation. Our only sin is that we are a weak nation. We have not built up our military power otherwise we would not have been facing the problem of Bangla Desh today. Most of our friends in the House may not have seen what war brings. I have been in the battle and I have seen the plight of people on whose land war is fought. I have witnessed its horrors. I have also been very closely associated with defence efforts after the Chinese aggression of 1962. As a former soldier I warn the Government that the people, least of all the soldiers, would not tolerate another debacle like the 1962 one because of the inefficiency of the Government to raise our defence potential. We should pay immediate attention to our defence needs and we should treat this period as a national emergency. Rs. 785 crores proposed to be given to States as grant-in-aid to be wasted could all be diverted to Defence ; Rs. 50 crores provided for creating employment opportunities and another Rs. 25 crores for providing employment to the educated unemployed could also be diverted to defence because our defence services could provide best opportunities for the employment of our young men. There could be a lot of employment by developmental activity thus created all over the country. Programmes like community development should be scrapped. A lot of money could be saved and diverted to build an efficient Navy and Air Force. It is very painful to see that while India is sur-

rounded on three sides by sea, we do not build a strong navy. We are concerned about what is going on in the Indian Ocean, but our Navy is insignificant. Is it worth being called a Navy? Are we really competent to fight our two strong neighbours, at least one of them is very strong—China. We need a much larger air force to meet them. We have to increase our armed strength. I am sorry to say that very little attention has been paid by the Government and also the Members of the House to this question. If we do not pay attention immediately to this problem, time will be lost. We are already too late. We are talking about recognition of Bangla Desh. I wish it had been recognised within fifteen days after the trouble started. We are moving towards September and October, the same period when China attacked, when the Tibetan passes would open. Very little time is left. We could just move like Hyderabad into Bangla Desh and help freedom fighters to consolidate their position there in four months and could have come out. Then we could face the whole world. If nothing has been done so far, I would say that it is meaningless to ask that Bangla Desh should be recognised. Whether we recognise it or not, it matters little. What we need is strength and we should build up military strength speedily. Then only we can help Bangla Desh. We can only then find friends in the comity of nations. We are isolated today. We have no mutual defence pact with even the smallest country like Nepal or Ceylon. Our roving ambassadors are going from door to door but they find the doors are closed. Champions of human rights have closed their eyes to what is happening in Bangla Desh. Pakistan has turned the table on us. We should declare a national emergency and pay immediate attention to our defence and increase our military power. They claim that this is a socialistic budget. I heard the hon. Minister just now saying that some of us did not understand what *garibi* is. It is irrelevant to give the slogan of *garibi hatao* today, I say that our slogan should be '*takat badao*'. That is the only thing. Without that, we cannot exist. Sir, I want to ask the Minister very humbly, what does he mean by "Remove *Garibi*?" What the poor people want is bread, cheap bread. What they want is coarse cloth at least to cover their bodies. What they want is a shelter.

I would like to tell him that during the last 20 years—I do not know if they had tried to

find out this—how much the prices have fallen and what is the value of our cash today. Rs. 100, twenty years ago, means Rs. 59 today in India. That is the fall in the value of money. There is so much increase in the money circulation during the last 20 years. From Rs. 2,000 crores, the money supply has increased to Rs. 7,000 crores. And on top of all this, since the nationalisation of banks, the situation has been further aggravated. The borrowings by commercial banks from the Reserve Bank of India have increased by more than double in two years; from Rs. 169 crores to about Rs. 370 crores. What is all this going to bring if not higher prices.

I would like to compare the prices of consumer goods. A poor man wants cloth. But they are snatching it from him. They are increasing the duty on coarse cloth, so that he cannot even scratch his sweating body. If you compare the price of coarse cloth with the price of land, what do we see? Just to give you an example, land in the countryside is selling at eight annas per square yard or per square metre. That is the average price of land; very good, cultivable land; and that is land for ever; for his children for generation this land becomes one's property. One has the right to bore through the earth on one's land from India to America on the other side. This land is available at eight annas per square yard. But the cheapest variety of cloth today costs Rs. 2.00 to Rs. 2.50 per meter, nothing less than that.

The most important thing for the wage-earner is bread. I wonder if our Finance Minister is as innocent as the Dauphin of France who said during the French Revolution, "These people are shouting for bread; why should they shout for it? Why can't they eat cakes?" Duty on bread maida is really hard. I would say bread should be the cheapest thing. There should be no duty on bread. It should be subsidised. Most of the people, poor wage-earners, take their breakfast and luncheon with bread and a little *chana*. This is what they are doing in Delhi and other towns. You go to any housing colony; you will see it. But they have even tried to increase the price of bread, and coarse cloth.

I am surprised that the Finance Minister's attention has also been drawn to the painted lips and the colour on the shallow cheeks of Indian women. He is probably the greatest

[Shri Birender Singh Rao]

Mahratta of the 20th century, and it is certainly not in keeping with the great Mahratta tradition of giving protection to women and honouring them. The aids to beauty for our women should not be taxed. It is not chivalrous. It is also not fair to the Prime Minister. She is the symbol of Indian women today, and I know from personal experience that the women in India, irrespective of how their husbands or brothers voted, have voted for the Prime Minister's party in general simply because she belongs to their class. So, the Finance Minister would probably agree to withdraw this tax on aids to beauty. I think he would be making a very good gesture.

There has been some criticism about the agricultural sector not being touched. I would say, what has been done already is too much. Our agricultural machinery is already selling in the blackmarket at very high prices. Levy has been imposed on tractors and a tractor can now be bought only at Rs. 10,000 more, in the blackmarket. It also goes against the Directive Principles of State Policy. Article 48 lays down that Government shall try to have modernised agriculture in the country. We are passing through a transitional period. At this time when we are just becoming a little self-sufficient in food grains, peasants should be left untouched. Peasants should be encouraged; you are going to need their services. In conclusion, I would like to quote Goldsmith:

"For Princes and Lords may flourish or may
fade,

A breath can make them, as a breath
has made,

A bold peasantry, its country's pride,

If once destroyed, can never be sup-
plied."

SHRI C. M. STEPHEN (Muvattupuzha): Sir, I rise to support the budget. I compliment the Finance Minister for the boldness and purposefulness of the budget. The budget is not a mere statement of income and expenditure. In a democratic set-up, every budget is a milestone in the onward march of the nation. This budget is much more so, because it comes after a national referendum as to the direction and goal to which the people of this country want this country to be taken.

15.43 hrs.

[SHRI N. K. P. SALVE in the Chair]

When I approach the budget, I apply three yardsticks to decide whether it measures to my expectations, viz., whether the budget is purposeful or whether the Finance Minister has conceived in the budget the purpose which the nation wanted him to hold in view; whether the Finance Minister has evolved the correct strategy for the purpose of taking the country to the goal to which we are to go; and, whether proper policies and programmes—fiscal and political—have been evolved for implementing the strategy that has been laid in the budget. Measuring it by these three yardsticks, I am completely satisfied with the budget; it is satisfying in an extreme measure. In no respect the budget has fallen short of my expectations. Apart from being a member of the ruling party, as a person responsible to the people who have elected me, I have tried to analyse the budget more critically than my friends opposite. The more closely I look at the budget, the deeper I analyse it the more convinced I am becoming that this budget is the best that can be presented in the obtaining situation.

With regard to the first yardstick, the Finance Minister is very clear in his mind. He has spelt out the purpose with which the budget has been evolved in no uncertain terms viz., "national growth coupled with social justice".

He has no illusions as to the effectiveness of this budget. He candidly states at the end of his speech:

"It is hardly possible to claim that a new social and economic order can be ushered in through budgetary policy alone, much less through a single budget."

There is no tall claim about this. But the question is what is the direction, whether the direction is correct, whether the policies are correct and whether he has kept in his view what the people want the Finance Minister of this country to keep in view.

He has kept in his mind a future India in which there will be social justice, a future India

in which there will be progressive growth, a future India in which there will be distributive justice. He has kept that in his mind and I do not think that anybody in the opposition will challenge this statement of mine. I do not think anybody in the opposition will challenge that the people of this country want to go to this ultimate goal which the Finance Minister has delineated before us.

Now the question is whether there is a proper strategy. While hearing the budget speech I was reminded of a speech which I have listened to, a speech by Pandit Jawaharlal Nehru at the AICC session, when he was trying to outline the basic plan for the country. He said : "I want to cut a coat; I have a particular measurement; but the cloth available to me does not measure up to the dimension of the coat". Then he asked the AICC "What should I do ? Should I cut the coat in accordance with the cloth which is available to me or should I get the cloth and cut the coat to suit my physical frame ? The people of India want a particular dimension. So, I will get the resources to cut the cloth according to the requirements of the people." This is the standard that the Finance Minister applied in framing the budget. May I submit that the Finance Minister could have, if he wanted, presented a budget which was balanced and in a measure surplus also ? He could have limited the plan expenditure to the actuals of 1970-71 and could have avoided to offer to spend Rs. 300 crores more. He could have forgotten about the unemployment problem in this country and could have avoided to set apart Rs. 50 crores for a crash programme and Rs. 25 crores for the educated unemployed. He could have forgotten in his callousness the plight of the children of this country and could have avoided injecting into this budget a programme of Rs. 10 crores for them. In that way, he could certainly have saved Rs. 375 crores and that would have meant that he could have presented a budget which was completely balanced and slightly in the surplus.

But should he have done that or should he have sought to implement the programme incorporating all these things in it ? The Finance Minister could have assumed the posture that here is a Finance Minister coming in the course of a few years who, for the first time, is presenting a balanced budget, a surplus

budget. He could have taken the credit for it and perhaps applause from the galleries. But I say that he would not have been honest to the nation if he had done so. So, he tried to cut the coat in accordance with the requirements of the nation. Putting his confidence in the people of this country, in the patriotism of the people of this country, taking strength from the progress that this country has made in the course of the last few years, he told himself, "I believe in India, I believe in the people of this country, I will go to the people and ask for tax and I will get the tax so that this country can march forward". It is therefore that I say that this budget is purposeful, there is a strategy in the budget. The strategy of this budget is not one of stagnation, the strategy is not one of limiting oneself to the resources at hand, the strategy is one of self-generating dynamism, the strategy is one of growth and march forward, the strategy is one of progress with growth. This is the strategy that is evolved in this budget and that is a strategy that is certainly unimpeachable.

If that strategy is accepted, then the question is whether proper measures have been evolved here, fiscal measures have been evolved here. Here the question of distributive justice comes in, its social impact. Sir, when you were sitting here you have spelt out the impact of the direct taxes. I do not want to go into it further. My hon. friends on the other side were saying that the corporate sector has been spared. I do not understand from where they got this information. If one thing has to be said about this budget it is that a definite attempt has been made to make a dent into the corporate sector.

An effort is made to put a ceiling on the income from the corporate sector. No company will be permitted hereafter to pay out more than Rs. 5,000 as salary. No company will be permitted hereafter to shell out more than Rs. 1,000 as allowances and all that. For whatever capital gain there is, there is tax being imposed. Higher wealth tax is being imposed. The corporate sector is being taxed and this is the beginning of the taxation.

But may I say that the corporate sector cannot be shaken completely because we want a mixed economy here ? If there is a guarantee for the reinvestment of the corporate sector money in this country and if it is not

[Shri C. M. Stephen]

drained out by the leeches, there is no danger in the corporate sector being left with a certain measure of money so that reinvestment may take place until such time that the public sector grows up tall enough to absorb the whole thing and take over the productive enterprises of this country. I do not want to go further into it.

Coming to direct taxes, I remember, in the Taxation Enquiry Committee of 1954, Dr. John Mathai put forth one suggestion. The ultimate aim he spelt out was that the highest income after tax, that is, the net income, should not be more than a multiple of 30 of the income of the lowest slab of the Indian tax-paying assessee. That is, the highest income must not be more than 30 times the lowest slab. What is the picture we are finding here? A person who is earning Rs. 10 lakhs, after tax and surcharge, is going to get Rs. 67,000, which means, ten times the lowest slab man. Could it be more steep and more regressive? Therefore that is being done. But what is more important is the concessions that have given.

MR. CHAIRMAN : You will please conclude now. Time is over.

SHRI C. M. STEPHEN : One more aspect is deficit financing. It is only to the extent of Rs. 220 crores. In the Fourth Five-Year Plan deficit financing is contemplated to be Rs. 850 crores and the Fourth Five-Year Plan contemplates that in relation to the resources deficit financing can be to the extent of 5 per cent. If this is the standard, with Rs. 375 crores more that you are putting in and out of the entire resources that would be pumped in, this Rs. 220 crores is absolutely nothing.

MR. CHAIRMAN : I am afraid, you will have to conclude now.

SHRI C. M. STEPHEN : It is not going to raise the price level at all.

There are certain points I want to make but as there is no time I am concluding. The unemployment problem which is there is being tackled in a very vigorous way. When we come to the question of the overall Plan tempo, we find that is being taken up on a higher

tempo. I am really sorry that I am not spared sufficient time to go ahead a little more.

MR. CHAIRMAN : Kindly conclude.

SHRI C. M. STEPHEN : I want two minutes.

MR. CHAIRMAN : You will not take any more time. Please conclude.

SHRI C. M. STEPHEN : Others are given. I ask you only for two minutes more. My party will allow it, I am sure.

MR. CHAIRMAN : Kindly conclude. Kindly appreciate my difficulty. I am helpless in the matter. You will please conclude.

SHRI C. M. STEPHEN : I am not in the habit of encroaching upon the time limit, but there are certain points which I do want to make out. I crave of my party to give me a few minutes more, if there is anybody here. The Minister is here and he is agreeing. It is the party's time.

MR. CHAIRMAN : It is not in my hands. I am bound by certain rules. Kindly conclude.

SHRI C. M. STEPHEN : The party can give me the time.

SHRI K. MANOHARAN (Madras North) : You are wasting your time. Go ahead.

SHRI C. M. STEPHEN : I am concluding.

My hon. friends on the other side attack this Budget. I do not want to reply to that attack but the basic question remains that a national challenge and a national task have got to be fulfilled. My hon. friends on the other side have been making grimaces about *garibi hatao* and all that. I have an answer to that. Has anybody got an illusion that overnight in the morning, poverty can be removed? Poverty can be removed only by successive action. The question is whether the direction is correct and I say that the direction is correct.

One more point and I have done. The Finance Minister has laid emphasis on regional

imbalance. He has laid the emphasis correctly. The unemployment question is a major question. I may make a mention of the crying unemployment problem in my State. The unemployment problem is characteristic of my State, that is, educated unemployment problem. We have got refugees from East Bengal coming on. But you are having refugees in a long line coming out of Kerala, the educated people, who want jobs.....

MR. CHAIRMAN : Now, I am on my legs. Of course, it is an interesting speech. But you have to finish now. Please sit down.

SHRI C. M. STEPHEN : Just half a minute more. I am winding up.

I would appeal to the hon. Finance Minister and the Government of India to take a particular part of the country, for example, Kerala, where there is a particular problem and to tackle that problem on a crying-solution basis. The unemployment problem in my State may be taken up like that and it may be tackled on that basis.

With these words, I support the Budget completely with a full satisfaction that I have got before me a Budget which is progressive, bold, purposeful and satisfying in all respects and in all measures.

SHRI BISWANARAYAN SHASTRI (Lakhimpur) : Mr. Chairman, Sir, I rise to support the Budget proposals. I also take this opportunity to welcome the Budget as a growth-oriented Budget. The Budget has made certain marked departures from the past in respect of creating a cess for the children, imposing restrictions on expenditure by the companies and acquiring property at the declared value by the owners.

The Budget is not merely a statement of receipts and expenditure nor it is an account maintained by a housewife. The budgetary provisions reflect public finance. It is a barometer which indicates prosperity of the country, the social conditions and the standard of living of the nation. Therefore, the Budget proposals are to be examined from those angles. It should not be taken as to whether a tax is imposed here or there. But it is the totality of the view that has to be taken into account.

From that point of view, I consider this Budget as a growth-oriented Budget.

The Budget proposals have been criticised by the Members of the Opposition Benches in all imaginary ways. All the adjectives current in political lexicons have been used to denounce it. Perhaps, they want to make their existence felt by the people in this way. The Budget should be examined objectively. There should not be any subjective view.

The Congress Party received a massive mandate in the recent mid-term poll from the people for transformation of the society to lead the nation in the path of progress to prosperity. To put this question as to whether the Budget proposals have helped in ushering a new order, the answer is "Yes". The next question is "How?". To answer this question, let me point out the weaknesses of Indian economy and India's public finance. These are, to my mind, (a) inadequate resources, (b) inequal distribution of wealth and (c) slow pace of industrial development.

Since the Finance Minister has to find out resources, he cannot but step up resources to finance industry and other things for rapid growth. Of course, he can borrow money from foreign countries. But a nation's strength does not lie in what it can borrow from other countries. Its strength lies in what it can produce.

Again, there are political difficulties. If there is a deal with the USA, the slogan raised is : The country is mortgaged. If the deal is with U. S. S. R., the bogie is : India has become a satellite of Russia. When there is an impose on the affluent society—I should say, on those who have something more than the others,—the cry is raised. 'The budget is anti-people.'

16.00 hrs.

This reminds me of a Jataka story.

Once a dacoit in a forest used to rob and kill passers-by. But he would not kill a person unless the person is made to appear a guilty one. He had his own standard of judgment. He had a bed and he asked his victim to lie on the bed. The dacoit warned him that he would be killed if he was found shorter or longer than the bed by a hair-breadth. And consequently, the poor fellow was killed.

[Shri Biswanarain Shastri]

The Budget proposals may appear short to those who do not believe in democracy and long to those who are opposed to socialism.

One should not make his mind too much prejudiced and adopt a fault-finding attitude. It appears full of blemish to a prejudicial mind even though there is no blemish.

The Finance Minister proposes to mobilise resources for growth and growth alone can lead the country to prosperity and socialism. Only growth can remove and banish poverty. Therefore the budget is consistent with the Slogan—*Garibi Hatao*.

It is said that there is no tax on corporate income. That is not the correct picture. The tax on corporate sector may apparently appear static in the present time but in the near future it will create more and more avenue and yield more taxes, in the coming years. There are restrictions placed on salaries, perquisites, travelling expenses etc. There are taxes on the maintenance of guest houses. These are only a few of the various taxes on the corporate sector.

Coming to the Taxation proposals I want to say a few words. What should be the fiscal policy that should be followed by the Government of India? What is it that should be done in the present context to usher in the promised socialist society?

In ancient times the fiscal measures were such that there should not be any heavy burden on the agriculturists. They are not only the backbone but the kingpin of the nation. So far as businessmen and traders are concerned, the taxation should be gradual. Whatever tax is imposed, that has to be realised in full and then only new levy may be imposed.

I am afraid whether the Government has got the machinery for realising these amounts. I do not know whether the Finance Minister has got the machinery geared up to this extent whatever proposals are made would be fully implemented.

It is apprehended that when new taxation comes into force there will be price rise. If the pace of growth makes steady progress the fear

is baseless. If there is no growth of course there will be price rise. In a changing situation nobody can say that price will remain ever steady.

The Indian economy operates on a very narrow margin. Therefore, marginal shortfall in supply and marginal increase in demand may upset the entire economy. There should be emphasis laid more and more on Resources and the Finance Minister has done well in mobilising resource for growth.

During the last three plan periods the average annual total output has been increasing at the rate of $3\frac{1}{2}$ per cent. Against this average the annual growth rate of population is about $2\frac{1}{2}$ per cent. It means, we had a nominal 1 per cent average *per capita* output. If there are no resources there cannot be growth and the country cannot progress towards prosperity.

Therefore, taxation is inevitable. Now, the question comes on which subject there should be tax. There is objection that tax has been levied on maida, petroleum and other things. Of course, those things should not be taxed. But to mobilise resources, such things as are utilised by the majority of the people cannot be exempted.

So far as tax on lipstick is concerned, it is stated that it is a tax on cleanliness. But if any body remembers or recollects the origin and development of the application of lipstick, he will be horrified because it has a very nasty past.

While making the budget proposals, I am sure the Finance Minister has kept in view the social obligations and the social needs. In this respect, I would quote what the Prime Minister said while presenting the budget last year, namely :—

"The budget has been prepared to reconcile the imperatives of growth with concern for the well-being of the needy and the poor."

I would appeal to the Finance Minister here about one thing—some concession of taxes on motor spirit. He has imposed tax on items like motor spirit, maida, soap and other such things. These are the things which are used by the lower middle class people and others, not but

by the common people in the villages. Those who have criticised this have the people living in the urban areas in their view. You may go to the villages and see if anybody uses bread or things prepared out of maida. The people living in the cities are more vocal and they are an organised society, and, therefore, their voice is raised here by their representatives, but the voice of the people living in the interiormost villages has never been raised.

There is scope for practising economy on the expenditure side. To mention briefly, luxury cars should be done away with. There is scope for practising economy in our foreign missions abroad.

Coming to my State, I must speak one word. We live in a peculiar geo-political condition that is not of our creation and we are destined to live there. Private capital is shy of coming there, and the Government of India are not coming in a big way to establish industries there, and, therefore, there is regional imbalance in growth. If there is regional imbalance, the country as a whole cannot prosper.

So far as the employment position is concerned, the BSF and the CRP are the two big things where there is big recruitment, but I am sorry to say that not many persons have so far been recruited to these forces from Assam. Since these provide the greatest employment avenue I would take this opportunity to appeal to the Government of India to look into this matter.

SHRI VIKRAM CHAND MAHAJAN (Kangra) : There has been great criticism regarding the budget proposals. Some have gone far and have criticised it by saying that it is a sort of betrayal of the masses and of the trust reposed by the people. As my hon. friend Shri Biswanarayan Shastri has put it, one cannot be more effective by using adjectives but it is only mere oratory. But one has to look into the realities to find out what exactly the budget means.

The present budget is, one cannot deny it, a great step in the march towards socialism. A real effort has been made to reduce inequalities and to meet the problems facing the country. The main problems facing the country are the problem of inequality, the problem of unemployment, the problem of poverty and the problem of population explo-

sion, and the problem of malnutrition which the newer generations are facing. For example, our younger generations are not getting enough nutritive food. The result is that they are both physically and mentally under-developed.

In this year's budget, a big attempt has been made to see that they get proper nutrition. Thus for the first time perhaps in the central budget, there is a provision for nutrition for the young children.

Secondly, there is an attempt to reduce inequalities. For example the rate of wealth tax has been raised. If a person has a wealth of Rs. 15 lakhs and he puts it in fixed deposit in a bank, it will fetch $7\frac{1}{2}$ or 8 per cent; if he invests it in companies, he may get 10 per cent. On a wealth of Rs. 15 lakhs, income at the rate of 10 per cent would come to Rs. 1,50,000. On this, income tax would take away about Rs. 80,000 to Rs. 90,000 and he would be left with Rs. 60,000 or Rs. 70,000. So on a wealth of Rs. 15 lakhs, the net income would be Rs. 70,000—a return of 5 or 6 per cent on capital. What would happen if with each successive year, the wealth of that person would be going down, from Rs. 15 lakhs to Rs. 14-1/2 lakhs and so on. So in this budget there is an attempt to reduce excessive concentration of wealth among the higher echelons.

Then the budget enhances the income tax on incomes over Rs. 15,000 a year, leaving out the weaker sections. Similarly taxes have been imposed on luxury goods, not necessities like wheat, rice, dals etc. Of course, as speaker after speaker pointed out, there is scope for modification of the tax on maida, and petrol, specially those who run taxis and scooters. I hope the Finance Minister will reconsider this at the appropriate time. Also I personally think the tax on coarse cloth should go, but there is justification for taxing the finer varieties of cloth.

Thus an attempt has been made to tax the wealthier sections of society, leaving more benefit to the lower income groups. The exemption limit now provided comes practically to Rs. 6,000 a year. This is quite fair.

Now, I would like to give a few suggestions which may be looked into. There is great scope for economy in the administrative structure. We have a chain of officers, from the clerk, to the head clerk, to the section officer, then

[Shri Vikram Chand Mahajan]

under-secretary, then deputy secretary, then joint secretary, then additional secretary and then Secretary. Each has its complement of chaprasi etc. which means that there is a multiplicity of officers in the entire bureaucracy. Not only it causes a heavy strain on the economy, but efficiency also suffers. The time has come to reconsider whether we really need such an elaborate echelon of officers. It happens that the main decision is taken at the lower level; for example, the clerk takes the decision and I think in 90 per cent of cases, this decision goes through with minor modifications. Therefore, it can be considered whether it is not proper to cut out this elaborate system which has become outmoded and reduce the number of officers, having one or two instead of such a lot of them.

Secondly, I find that the Estate Duty which is painless and brings about social justice has not been revised this year. Our rates are lower than those of Great Britain. I, therefore, suggest that a higher Estate Duty should be imposed. It will be easier to pay and it is also not deterrent to the economy of the business. There is no ceiling on business income. In fact, it does not deter a person from earning more as some other taxes may. This is one of the strongest arguments put forward in favour of a higher Estate Duty and lesser taxes on regular incomes. I think the present income-tax should continue and at the same time we should have a higher Estate Duty.

We have a great problem of population explosion. The present system of taxation favours the married man and the person with a larger family. A bachelor has to pay more than a married man and a married couple has to pay more than a person with more than two children. So I suggest that the bachelors should be given more incentives and people with larger families should be taxed more. Those who exceed the limit should pay a sort of penalty for depriving the children of the weaker sections of the society from getting the best out of the provisions made by the country. Therefore, I suggest that there should be a tax on larger families.

Deficit financing should not be resorted to such a great extent because ultimately it hurts the weaker sections of the society and it is in fact a sort of indirect tax. Deficit

financing is necessary in a growing economy to a certain extent, but if it crosses the upper limit, then it starts hurting the economy. I think deficit financing to the extent of Rs. 220 crores would not help the economy and may hurt the economy. Therefore I suggest that this heavy deficit financing should be avoided.

Finally, I submit that the Budget on the whole is an attempt to reduce inequalities among the different sections of the society. It is a budget which does help investment and growth. I hope that the suggestions which I have made will be considered.

श्री मूलचन्द डागा (पाली): सभापति महोदय; हम भारतवासियों में एक आदत है कि हम अपनी लाचारियों और परेशानियों को पचाना जानते हैं। हम हर प्रकार की कुर्बानियाँ करने के लिए तैयार हैं और कठिनाइयों को झेलने के लिए तैयार हैं, लेकिन सरकार के द्वारा जो धन-दौलत इकट्ठी की जाती है, उससे लाभान्वित कौन होता है? आखिर सरकार हम पर कितना बोझ डालना चाहती है? जैसा कि मैंने कहा है, हम भारतवासी अपनी परेशानियों को सहने के आदी हो गये हैं। लेकिन आम लोगों की कुर्बानी से जो धन उत्पन्न होता है, जो साधन जुटाये जाते हैं, उनका लाभ एक विशेष वर्ग उठाता है। सरकार ने जो टैक्स लगाये हैं, उनका लाभ किसको हुआ है? सरकार कई सालों से मूल्यों को नियंत्रित नहीं कर सकी है और कीमतें बराबर बढ़ती जा रही हैं। सरकार की नीतियों के कारण दूसरी और तीसरी योजनाओं के दौरान मुद्रा 17 गुना बढ़ गई है। यह सोचने की बात है कि उससे देश के कौन-कौन से वर्ग मजबूत हुए हैं।

आप बार-बार कहते हैं, हम भी मानते हैं इससे गरीबों को लाभ होगा लेकिन एक बात मानने की यह है कि आपकी कीमतें दिनों दिन बढ़ती जाती हैं। उनको रोकने में भारत सरकार बिल्कुल असफल रही है। दूसरी योजना के अंदर 33 प्रतिशत मूल्य बढ़ गए और अब तीसरी योजना के बाद 32 प्रतिशत बढ़े। इसका संबंध बड़ा कारण यह है कि 1939 में 249 करोड़

मुद्रा थी वह 1970 में बढ़ कर 4248 करोड़ हो गई। इस तरह से आपकी मुद्रा बढ़ती गई और आज आप टैक्स लगाने की बात कहते हैं। आप टैक्स लगाइए, लेकिन भारत की आर्थिक दृष्टि से आज बड़ी हीन अवस्था है। हम तो इसको हीन अवस्था ही कहते हैं कि आज हम सुगन्धित तेलों पर और साबुन पर और ऐसी चीजों पर टैक्स लगाते हैं यह कहकर कि यह विलास की सामग्री हैं। आज हमारे यहां यह विलास की सामग्री लगनी हैं; फाइनेंस मिनिस्टर कहते हैं कि यह विलासिता के अन्दर आती हैं। 23 साल के बाद यह हालत है। मैं पूछना चाहता हूँ, दूसरे देशों के मुकाबिले में आज हम कहां टिकते हैं? अपने पास का देश है चाहे पाकिस्तान है और चाहे लंका है, उनकी नेशनल इनकम आप देखिए और अपनी देखिए तो दुख मालूम होता है कि किस तरह से हम लोग अपने आप को उठाने की बात कहते हैं। योजनाओं की कोई बात नहीं। आप टैक्स लगाइए, वह भी हम देने को तैयार हैं, कुर्बानी के लिए भी हम तैयार हैं, हिन्दुस्तान के लोग सारी कठिनाइयां उठाने को तैयार हैं। लेकिन उससे लाभ क्या होता है? जिस दिन आपका बजट आया भाबों की उछल कूद उसी दिन से शुरू हो गई। इससे पूंजीपति लाभान्वित हो सकते हैं, सरकारी कर्मचारी लाभान्वित हो सकते हैं, या कोई विशेष वर्ग लाभान्वित होगा, लेकिन हिन्दुस्तान के जो गरीब हैं उनको इससे लाभ नहीं पहुंचा है। वह गरीब ऊपर नहीं उठे हैं, वह और दबे हैं। आप देखिए हम लोगों को खाने को जो मिलना चाहिए वह 23 सौ कैलोरी भोजन मिलना चाहिए और भारत को मिलता है 18 सौ कैलोरी। पाकिस्तान को 2,290 कैलोरी, लंका को मिलता है 2,180 कैलोरी, इटली को 2,860 कैलोरी और अमेरिका को 3,200 कैलोरी। तो भोजन जो हमको मिलता है उसमें कमी है और जो हमारी वार्षिक आय है उसको ले लीजिए तो उसमें भी कमी है। आप देखिए आज हम लोग कहां तक आगे बढ़े हैं? भारत के प्रत्येक व्यक्ति की वार्षिक आय इन तीन योजनाओं के बावजूद 453 रुपये है जब कि पाकिस्तान की 810 रुपये, जापान की

6908 रुपये, जर्मनी की 11340 रुपये, फ्रांस की 13035 रुपये और अमेरिका की 24773 रुपये हैं। तो आप किन बातों में आगे बढ़े हैं? हम टैक्स देने को तैयार हैं। मुल्क के ऊपर खूब टैक्स लगाइए लेकिन उसका नतीजा क्या निकलता है? दस करोड़ रुपया हमने बच्चों के लिए रख दिया, उनके पोषण के लिए, बहुत बड़ी बात अखबारों में आ गई। हमने 50 करोड़ बेकार युवकों के लिए रख दिया, अखबारों में आ गया। लेकिन काम कितना हुआ? बैंकों के राष्ट्रीयकरण के बाद क्या आपने देखा कि बैंकों के कर्मचारियों का ऐंटीच्यूड क्या हो गया है? जितने छोटे काश्तकार हैं दस से पन्द्रह बीघे काश्त करने वाली उनको कितना कर्जा इन बैंकों से आपने दिलाया? जो छोटी-छोटी जमीनों पर काश्तकर रहे हैं, जिनके पास जमीन केवल एलाट की हुई है, जो खातेदार नहीं हैं उनको कौन आज कर्जा देता है? आज बैंकों में क्या हालत हो रही है कभी देखा आपने, कर्मचारियों में कितनी स्फूर्ति आ गई है? सारा प्रशासन ढीला है। निकम्मा है अव्यवस्थित है। सारे प्रशासन पर करोड़ों रुपये आज खर्च हो रहे हैं। करोड़ों रुपये हम सरकारी कर्मचारियों को तनख्वाहों में देते हैं और हर साल बजट में वृद्धि होती जाती है। इधर हमने बजट बढ़ाया उधर मूल्य बढ़ गए। तनख्वाहें जो बढ़ी उस के करोड़ों रुपये देने हैं। करोड़ों रुपये तनख्वाहों के सारी स्टेट्स को देना है। बैंकों का कर्जा आज कितने करोड़ रुपये हमको देना है?.... (व्यवधान).... ओवरड्राफिट तो है ही। सरकारी कर्मचारी जो तनख्वाह पाते हैं, क्या इतनी तनख्वाह बाजार में कहीं वह पाएंगे? लेकिन हम उनकी तनख्वाह फिर भी बढ़ाना चाहते हैं। जो वास्तव में काम करने वाले हैं वह हिचकिचाते हैं उनमें हिम्मत नहीं है, साहस का कदम वह उठा नहीं सकते। यह बजट है क्या? सरकारी अधिकारी बैठते हैं अपने कमरे में जिनको आंकड़ों का बड़ा ज्ञान है और सिर्फ किताबी ज्ञान है वह बजट बनाते हैं। जो मिनिस्टर होते हैं उन्होंने अपनी कलम से कुछ हेर फेर कर दिया और बजट बनकर आ जाता है। कमेंट्री हो जाती है; अखबारों में निकल जाता है। लेकिन जो गांवों

[श्री मूलचन्द डागा]

का रहने वाला है वह इस समाजवादी बजट से जो इंदिरा जी का बना है उससे प्रभावित नहीं होता है हम चाहे जितनी लम्बी डींगें होंगे। आज बंगाल की समस्या का नाम लिया जाता है। बंगाल की समस्या को तो हमने खड़ा कर दिया। उसी समय हमने निर्णय ले लिया होता तो यह समस्या खड़ी नहीं होती। आज कहते हैं कि पचास लाख आदमी आ गए, अब समस्या खड़ी हो गई। अगर उसी समय निर्णय ले लेते तो यह स्थिति नहीं आती। आज हिन्दुस्तान में निर्णय लेने वाला नहीं रहा। समय से निर्णय न लेने के कारण इतना और डेफिसिट बढ़ा। इसी तरह आज हिन्दुस्तान में कई बातें ऐसी हैं। कौन कहता है कि आप राज्य सभा रखें, अपर हाउसेज रखें। क्या जरूरत है कि मंत्रियों के इतने ज्यादा पद रखें? लेकिन आज प्रशासन का जो खर्चा है उसको कोई रिड्यूस करना नहीं चाहता, उसके लिए कोई कदम उठाना नहीं चाहता। आप देखते हैं कि सरकारी कर्मचारियों के साथ कौन झगड़ा मोल ले? हड़ताल हो जायगी। कोई मजबूत कदम उठाने की हिम्मत नहीं पड़ती है। मैं कहना चाहता हूं कि हम समाजवाद का कदम उठाना चाहते हैं तो एक बात से उठ सकता है कि हम लोग कुछ ठोस और मजबूत कदम उठाएं.... (व्यवधान).... आप राज्य सभा भंग कर दीजिए। क्या जरूरत है राज्य सभा की? क्या जरूरत है आपको अपर हाउसेज की? क्या जरूरत है इतने मंत्रियों को रखने की?....

AN HON. MEMBER : What is the need of this House also ?

श्री मूलचन्द डागा : That is necessary. रखना चाहते हैं रखिए, नहीं रखना चाहते हैं न रखिए। जिसने आपके उपक्रम चले उनमें सब में आपका लाल रहा। अरबों रुपये की दीलत उनमें लगी और करोड़ों का लाल हो रहा है। एक बड़ी बात यह और हुई कि जो गांवों में छोटी-छोटी इंडस्ट्री चलती थी उसके लिए आपने एक सर्कुलर निकाला 29 मई, 1971 को जिसके अनुसार हजारों छोटे-छोटे गृह उद्योग करने वाले बेकार हो गए।

उसके अनुसार जो न पावर इस्तेमाल करते हैं न स्टीम, जो हैंड आपरेटेट काम करने वाले हैं उनके ऊपर भी एक्साइज ड्यूटी आपने इतनी बढ़ा दी जितनी लूम पर थी। इस प्रकार राजस्थान के गांवों के हजारों आदमी जो इस धंधे में लगे थे जो हाथ से काम करने वाले थे उनको समाप्त करने का काम आपने कर दिया। हजारों लोग बेकार हो गए। जो भिबंडी से कपड़ा आता था उसके लिए पावर लूम पर जो टैक्स लगता था वह लगा दिया और जो हाथ से काम करते हैं, एलेक्ट्रिसिटी नहीं, स्टीम नहीं, कुछ नहीं इस्तेमाल करते उनके ऊपर भी उतना ही टैक्स लगा दिया। इस तरह हजारों की संख्या में वह स्पिडलर्स बेकार हो गए। तो आप कहां उनको रखना चाहते हैं? इसलिए मेरा खयाल है कि इस पर भी आपको विचार करना चाहिए और मैदा के मामले पर तो आप सोचते ही होंगे कि मैदा पर टैक्स न लगाया जाय।

SHRI Y. S. MAHAJAN (Buldana) : Mr. Chairman, Sir. I welcome the budget presented by the Finance Minister to this House. I welcome it because it is progressive, radical in nature and purposeful. Under a planned economy like ours, the annual budget is an important instrument of economic policy. It is not merely a statement of revenue and expenditure. It also incorporates the capital receipts and capital expenditure of the community. That is, on a certain expectation of resources, it arranges for their disposal, that is it decides how the money resources are to be expended for the development of the economy. I think the budget must be considered from this developmental point of view.

We have adopted a policy of planned economic development for the last 20 years. In the first 10 years, from 1951 to 1960 our real income increased by 3.7 per cent per annum and the *per capita* real income increased only by 1.7 per cent per annum. During the next nine years, till 1969, the progress was not so satisfactory. We registered a progress of 3.4 per cent, but with population increasing at 2.4 per cent, the real *per capita* income increased only by 0.9 per cent. Thus, over these 19 years, there has been a distinct improvement in our economic conditions, but it has not come up to our expectations. During

the last year—1970-71—our economic progress has been fairly satisfactory. Our foodgrains production has increased by 5 to 6 million tonnes. Industrial production increased by 5 per cent. The real national income increased by 5.5 per cent. This is the second time that we have done it according to the targets set in the fourth Five year plan. Not only has agricultural production responded well, but our exports increased. Our foreign balance was in a strong position and foreign aid is being reduced.

Under these circumstances, it was natural for the Finance Minister to feel encouraged to embark on a larger annual programme of development this year. He has decided that during 1971-72 we should spend not Rs. 155 crores but Rs. 300 crores more than last year on economic development. This larger investment is going to be distributed between important areas, or I should say, strategic areas like shipping, ports, roads, mines and metal, agriculture and family planning.

It has been said that this programme is meant to benefit the private sector. This is looking at it from the wrong point of view. We want to develop the public sector so that it would occupy the commanding heights of the economy. The public sector is the spearhead of one economic advance. If it advances, the whole of our economy will advance and we can progress more rapidly.

This budget has to be welcomed also because it is an important landmark in our march towards socialism. This is perhaps the most radical budget so far, because it slashes down the inequalities to a considerable extent. Mr. Chairman, in your speech you had dealt with this point but at the risk of repetition, I may point out, if you earn Rs. 1 lakh more, you have to pay Rs. 60,000 by way of income tax. If you earn Rs. 1 lakh more, you pay Rs. 92,000. On the third lakh, you pay Rs. 97,500. That means, no honest man can ever be rich in this country. Holding of property beyond Rs. 5 lakhs becomes uneconomic. After Rs. 10 lakhs, it is still more uneconomic. After Rs. 15 lakhs, it is impossible, because you have to pay a tax of Rs. 8 per cent. If you invest Rs. 15 lakhs on housing or put it in a bank, you cannot get a net income of more than Rs. 8 per cent. Therefore, we have virtually a ceiling on income as well as

on property. This is an important landmark in our march towards socialism.

Thirdly, we welcome this budget because it makes a determined effort to solve the problem of unemployment. This problem has been with us since 1942, or since the end of the second world war. At the beginning of the Second Plan we had a backlog of five million. At the beginning of the Third Plan it rose to 7 million. At the beginning of the Fourth Plan we had a backlog of 10 million to 14 million and it is expected that by the end of the Fourth Plan it will reach 20 million. Though the plans have been arranged in such a way to create employment to the maximum extent, that does not solve the employment problem because our population has been increasing at a phenomenal rate. Therefore, some special efforts have to be made outside the plan. This budget proposes that we should spend Rs. 50 crores for a crash programme for increasing employment in the rural areas. It has further provided Rs. 25 crores for giving aid or self-employment opportunities to the educated people in this country. For the first time we have gone beyond the plan and made this arrangement. People have criticised the Finance Minister on the ground that the amount provided is too small. But it is only the beginning. Our Government is quite conscious of the immensity and urgency of this problem. I am quite sure that our Government is prepared to increase this provision ten-fold, if necessary, to see that this problem is solved. Well begun is half done.

Lastly, this budget has been criticised by the members of the opposition on the ground that it would increase the price level. So far as the prices of petrol, fine and super-fine cloth are concerned, I agree that their prices will increase but they are commodities which are consumed by the middle and higher middle class and richer sections of the community. So far as the commodities consumed by the poor people of this country are concerned, their prices will not increase. Take the case of coarse cloth. There the duty has been raised from 3.6 paise to 4 paise. In the case of medium cloth the duty has been raised from 4.8 paise to 6 paise. Nobody in this sense will contend that these increases are appreciable. Again, take the case of soap. Laundry soap and household soap have not been touched by the increase in excise duty. Even the duty on

[Shri Y. S. Mahajan]

maida is only 10 paise per kilogram. But since this is linked with the health and nutrition of children, and since our responsibility towards children is absolute its fulfilment should not depend on yield from taxation of maida. I think it will not be inadvisable if the Finance Minister reconsiders his position in this matter.

It is reported that meetings have been arranged and *morchas* organised against this budget because it is contended that prices will increase by 8 to 10 per cent. This is an absolutely wrong conclusion. The price level depends on a number of factors, many of which are beyond the control of the government. Suppose the influx of refugees increases tomorrow to a larger number. Naturally, our expenditure will go up. Similarly, suppose the monsoon fails next year, then also the prices will go up. So, the question we have to consider is whether the budget is responsible for increasing the prices. I submit that the prices will not increase on account of the budget.

The Finance Minister deserves all our sympathy and whole-hearted support for the reason that he has brought forward this budget under the shadow of a very great tragedy, a tragedy which has resulted in the massacre of lakhs of people and the fleeing of millions of people to this country. They are people who were formerly our citizens. They are people who belong to us and we have to give succour to them. We do not know how much of expenditure will have to be incurred till they are repatriated. This budget has been brought forward at such a critical time. Therefore, this deserves support from all sides of the House, because this is a calamity for which the Finance Minister is not responsible, the Government of India is not responsible. Under these conditions, I hope this House will give its whole-hearted support to the budget presented by the Finance Minister.

श्री रुद्र प्रताप सिंह (वागवकी) : मान्यवर, आपका मैं दिल से आभारी हूँ जो आपने सदन में 1971-72 के बजट पर अपने विचार प्रकट करने का अवसर दिया। मैं इसका समर्थन करना चाहता हूँ।

श्रीमन्, मैं सबसे पहले अपने दल के नेता,

अपने प्रधान मंत्री को इस बात के लिये बधाई देना चाहता हूँ कि उनके नेतृत्व में देश में कांग्रेस दल को स्पष्ट बहुमत मिला और इस के फलस्वरूप यहां पर केन्द्र में एक ऐसी सरकार का गठन हुआ जो कि देश में वास्तव में समाजवाद लाना चाहती है। मैं वित्त मंत्री जी को इस बात के लिये बधाई देना चाहता हूँ कि उन्हें लोक सभा के मध्यावधि चुनाव में जनता का जो दल को आदेश प्राप्त हुआ है उसका स्मरण है और तन, मन, धन से उसका पालन करना चाहते हैं। श्रीमन्, वह आदेश था देश में सामाजिक और आर्थिक विषमता को दूर करने का। देश से गरीबी, बेकारी और बेरोजगारी को हटाने का और देश के जो पिछड़े हुये हिस्से हैं उनका संतुलित विकास करने का। और साथ ही साथ इस बात का भी आदेश था कि देश के अन्दर एक सामाजिक और आर्थिक ऐसी व्यवस्था की जाय जिसके अन्दर जो जनता है वह शोषण से मुक्त हो सके।

श्रीमन्, यह वास्तविकता है कि देश में कृषि के क्षेत्र में उत्पादन में वृद्धि हुई है। परन्तु इसके साथ साथ यह भी दृष्टि में रखना चाहिये कि लागत में भी पर्याप्त वृद्धि हुई है। इसके लिये आवश्यक है कि मिर्चाई के साधन बढ़ाये जायें और अधिक उन्नतिशील बीजों का अविष्कार किया जाय। साथ ही साथ कृषकों को जो कृषि के यन्त्र हैं उनके मिलने में बड़ी कठिनाई हो रही है, जैसे छोटे ट्रैक्टरों का देश में बड़ा अभाव है। उनके बनाने की व्यवस्था की जाय जिससे कृषकों को औद्योगिकीय ट्रैक्टर प्राप्त हो सकें। हमारा ऐसा विश्वास है कि अगर ऐसी व्यवस्था सरकार की नफ में हो जायगी तो इस समय देश के जो उद्योग कृषि के क्षेत्र में हैं, जो उनकी उत्पादन क्षमता है, उसमें दुगनी वृद्धि सम्भव हो सकती है।

श्रीमन्, गन्ने की खेती की स्थिति बहुत ही गम्भीर है। मैं माननीय सदन का ध्यान इस ओर आकर्षित करना चाहता हूँ कि स्थिति यहां तक पहुंच गयी है कि मिलों के ऊपर किसानों का कई वर्ष का गन्ने का मूल्य वकाया पड़ा हुआ है जिसकी अदायगी नहीं हो पा रही है जिसकी वजह से

स्थिति बहुत भयानक हो गयी है और यहां तक स्थिति पहुंच गई है कि काश्तकारों के ऊपर जो अन्य बकाया है उनकी अदायगी के लिये काश्तकारों को अपनी घरों के जेवर बेचने पड़ रहे हैं। अगर मिल मालिकों के पास काश्तकारों की बकाया अदायगी के लिये पैसे न हों तो मैं चाहूंगा कि मिल ओनर्स के घरों के जेवरों को नीलाम कर के किसानों के गन्ने की कीमत दिलाई जाय।

श्रीमन्, लघु उद्योगों के क्षेत्र में भी पर्याप्त उन्नति हुई है। मगर इसके साथ-साथ इस बात की आवश्यकता है कि उस क्षेत्र में लागत और कार्यकुशलता में भी वृद्धि की जाय। साथ ही साथ औद्योगिक प्रशिक्षण की भी बड़ी आवश्यकता है जिससे जो लोग उद्योगों में लगे हुए हैं वह अधिक कुशलतापूर्वक कार्य कर सकेंगे तथा जो शिक्षित बेकारी है वह भी दूर हो सकेगी। इसके अतिरिक्त यह भी आवश्यक है कि जहां तक हो अधिक से अधिक बड़े-बड़े उद्योगों का राष्ट्रीयकरण किया जाय। और साथ ही साथ उद्योगों के क्षेत्र में लाभ, और व्यवसाय की दृष्टि से सरकार की ओर से बड़े-बड़े उद्योगों की स्थापना की जाय।

श्रीमन्, मैं सरकार को इस बात के लिये बधाई देना चाहता हूं कि सरकार ने ग्रामीण क्षेत्र में प्रत्येक परिवार में कम से कम एक व्यक्ति को रोजी देने के लिये व्यवस्था की है, साथ ही शहरी क्षेत्र में भी रोजगार देने के लिये कृतसंकल्प है और उसके लिये वृत्तवद्ध है। उसके लिये अलग से बजट बनाने की बात कही गई है।

श्रीमन्, यह बड़ी प्रसन्नता की बात है कि सरकार का ध्यान मूल्यों के बढ़ने पर पूर्ण रूप से है और इस बात के लिये प्रयास करना चाहती है कि भविष्य में किसी प्रकार की मूल्यों में बढ़ोतरी न हो।

श्रीमन्, बजट में इस बात का भी जिक्र किया गया है कि प्रादेशिक जो असमतार्य हैं, असंतुलन है, उनको दूर करने का प्रयास किया जायगा। यह एक बहुत ही सराहनीय कार्य होगा और मेरी समझ में इससे देश में जो संतुलित विकास होगा

उससे देश के अन्दर एक राष्ट्रीय एकता की भावना पैदा होगी।

श्रीमन्, यह प्रसन्नता की बात है कि सरकार ने नौकरशाही के ऊपर भी ध्यान दिया है और यह महसूस किया है कि देश की प्रगति के मार्ग में, और देश में समाजवाद लाने के मार्ग में जो नौकरशाही बाधक है उसको ठीक करना चाहिए।

औद्योगिक सम्बन्धों में सरकार श्रमिकों के साथ जो सलाह-मस्विरा करना चाहती है वह देश में समाजवाद लाने की दिशा में एक मजबूत कदम होगा।

श्रीमन्, सरकार ने बीमा का जो राष्ट्रीयकरण किया है मैं उसके लिये सरकार को बधाई देना चाहता हूं और इस बात के लिये सरकार से आग्रह करना चाहता हूं कि निकट भविष्य में तीव्रता के साथ उद्योगों के क्षेत्र में भी इस राष्ट्रीयकरण की परम्परा को जारी रखे।

श्रीमन्, सरकार ने गन्दी बस्तियों के सुधार के लिए, और बच्चों के पोषण के लिए जो योजनाएं बनायी हैं वह देश की उन्नति में सहायक होंगी। साथ ही साथ पब्लिक स्कूलों में 25 प्रतिशत स्थान गुणवान उम्मीदवारों के लिए सुरक्षित किए जा रहे हैं यह एक बहुत ही महत्वपूर्ण कदम है, इसके द्वारा हम योग्यता और क्षमता के अनुसार देश के बच्चों को एक अवसर प्रदान करने जा रहे हैं।

श्रीमन्, पूर्वी बंगाल में जो लोग भारत आए हुए हैं उनकी सरकार ने जो सहायता की है उसके लिए सरकार सराहना की पात्र है। लेकिन मैं जरूर कहूंगा कि अपने देश की आर्थिक स्थिति को देखते हुए यह बहुत जरूरी है कि इस बात की व्यवस्था की जाय, जैसा कि बजट में कहा गया है कि, वह लोग इज्जत के साथ अपने घरों को वापस चले जायें। इसके लिये जो भी राजनीतिक, कूटनीतिक और सामरिक नीति अपनाने की आवश्यकता हो उसको अपनाने में कोई हिचक नहीं होनी चाहिए।

[श्री खर प्रताप सिंह]

इसी प्रकार मे आय के साधनों के बारे में सरकार ने ऐसी नीति बनायी है कि जिससे कर निर्धारण से बचने का कोई तरीका न निकाल सकें, और जो असमानतायें हैं वह समाप्त हों। सरकार ने यह भी ध्यान रखा है कि जहाँ तक सम्भव हो आवश्यक वस्तुओं पर करों का प्रभाव विशेष रूप से न पड़े। कर प्रत्यासन को और अधिक सरल करने की वान कही गयी है, यह बड़ी प्रसन्नता की बात है।

शहर और देहात, दोनों क्षेत्रों में धन और आय की समान सीमा निर्धारित की जाय तभी देश में वास्तविक समाजवाद की स्थापना हो सकेगी।....

सभापति महोदय : अब आप अपना भाषण समाप्त करे।

श्री खर प्रताप सिंह : अब चूंकि समय कम है इसलिये मैं, दो एक महत्वपूर्ण बात जल्दी जल्दी में कहना चाहता हूं। व्यक्तिगत सम्पत्ति की उच्चतम सीमा निर्धारण के बारे में जिस नीति की घोषणा की गयी है यह समाजवाद की दिशा में एक बहुत मजबूत कदम होगा।

अन्त में, चूंकि समय नहीं है, एक महत्वपूर्ण बात का जिक्र करना चाहता हूं। इस बजट में इस बात का ध्यान रखा गया है कि जहाँ तक सम्भव हो सके अमीर लोगों के ऊपर अधिक टैक्स लगे और गरीब लोगों पर नहीं लगे। यह बहुत अच्छी बात है। गरीबों के काम में आने वाली चीजों पर कम से कम करों का बोझ पड़े और जिन वस्तुओं का इस्तेमाल गरीब बहुत कम करते हैं, या बिल्कुल नहीं करते—जैसे कि नशीली और विलासिता की चीजें हैं,—इनपर जो टैक्स लगाया गया है मेरी समझ में वह कम है। अगर इनमें वृद्धि की जाय तो ठीक होगा, विशेष रूप से नशीली वस्तुओं पर और अधिक टैक्स लगा सकते हैं।

अन्त में मुझे यह कहना है कि आज आर्थिक

क्षेत्र में विपमताओं को समाप्त करने के लिए केन्द्र तथा राज्यों के कार्य क्षेत्र का जहाँ तक प्रश्न उठता है और उससे सम्बन्धित जो संवैधानिक प्रश्न उठते हैं उनको समाप्त करने के लिए अगर आवश्यक हो तो हमारे देश में जो वर्तमान संविधान है उसमें निश्चित रूप से संशोधन किया जाय।

यह जो घाटे का बजट है इसका कारण हमारे साधनों का अभाव न हो कर हमारे राष्ट्रीय चरित्र की कमी है। अगर चरित्र में उन्नति हो जाय तो घाटे की व्यवस्था दूर हो सकती है। सार्वजनिक क्षेत्र में जो उद्योग हैं, और जिनका हम राष्ट्रीयकरण कर देते हैं, अगर हमारा राष्ट्रीय चरित्र उठ जाय तो उनमें घाटे का कोई प्रश्न ही नहीं उठेगा। इसके लिए मेरा सुझाव है कि जहाँ तक हो सके शिक्षा का राष्ट्रीयकरण किया जाय।

“समाजवाद की राह पर मैं अकेला ही चला था जानिवे मंजिल, मगर लोग मिलते गए, कागवां बनता गया।”

इन शब्दों के साथ मैं इस बजट का समर्थन करता हूं।

SHRI S. RADHAKRISHNAN (Cuddalore) : The Finance Minister has presented this budget which is really a socialist budget, I support the Budget and the Demands.

I want to place before the House certain major issues to be considered by the Members. I wish to draw the attention of Mr. Baladhandayutham from the benches of the Communist party. He was making a ghostly touch in his budget speech and he has made a ghostly disappearance from the House. I remember that he was saying that Hastings and Clives of Indian capitalism have been impeached and the ghosts of Hastings and Clives are occupying the Treasury benches. What I say is that those ghosts are not occupied only in treasury benches but ghosts are there in the Opposition benches also. There are ghosts everywhere in all parties even in the name of communism.

In the last mid-term election people gave a massive mandate and they have impeached some of the ghosts from the Opposition benches.

[SHRI K. N. TIWARY in the Chair]

I wish to place before the House certain important issues to be considered by hon. Members. This is about the dissatisfaction and misapprehension prevailing in the States all over the Country, in some States and particularly Tamil Nadu.

The Chief Minister of Tamil Nadu Mr. Karunanidhi presented the Budget in the floor of the Assembly during the month of March. He expressed his dissatisfaction. He stated that the Finance Commission and the Planning body had been partial in making the allotment to the State. This is found in the Budget speech presented before the Assembly. The Chief Minister made special attempts to say that the Fifth Finance Commission and the Planning Commission had been partial. He has argued that near about Rs. 800 crores has been given to other States under Special Accommodation. He said: "I am not going to argue whether this amount is given or not, but in the interest of the national integration I want from the Finance Minister a categorical reply to remove away the suspicion that is prevailing here." He has argued that calculating on the various commitments made, the figure comes to roundabout Rs. 98.5 per head, calculated on the basis of all-India, whereas, if it is worked out for Tamil Nadu alone, it comes to Rs. 87.5 per head. In the First Five year plan itself the allotment for Tamil Nadu comes to 10.8 per cent whereas in the Fifth Plan it comes to only 5.7 per cent, that is, half of the total percentage given in the First Plan. I want to say, in the interest of the nation, that let the Finance Minister come out and clear away the suspicion that is prevailing.

The country has to be ruled as a total entity and anything detrimental to national integration should be eschewed. The activities of the Central Government and the budget that they present should reflect the aspirations of the States. The Central budget should be a consolidated one reciprocating the aspirations

and wishes of the States. That is the first point that I would like to make out.

Regarding taxes, my hon. friend Shri Balathandayutham and others have criticised them and said that they are a burden on the people. No doubt, that is the usual criticism which is made. As usual, our friends opposite call themselves socialists and they think that they are the only socialists in the country, and, therefore, they have availed of this opportunity to make a best show of their performance as if they are wedded to socialism. Our Minister of State in the Ministry of Finance, Shri K.R. Ganesha has ably replied to my hon. friend Shri Balathandayutham. The people of our country have seen many of these socialists in power in different States of India; we have seen many of our Opposition parties ruling in different States under the banner of socialism and with the word 'socialism' imprinted or engraved in it. They have been given a chance to rule in some parts of our country, as for instance Kerala and West Bengal, and we know how they ruled. They rule those parts of the country and ultimately they were ruled out of the country. The people have given a massive mandate to our party, and they have expressed their faith in the causes of Shrimati Indira Gandhi. So, our friends need not worry about socialism and other things. Socialism and other things are safe in the hands of Shrimati Indira Gandhi and her Government.

SHRI M. M. JOSEPH (Permade): Deficit budgets have become a permanent feature of the Indian economy. This time, the Union Minister has presented a deficit budget of Rs. 397 crores against which he has announced fresh levies for Rs. 177 crores still leaving a deficit of Rs. 220 crores. There is every likelihood of the deficit being increased for the year 1971-72. The budget provides for only Rs. 60 crores for the refugees from Bangla Desh, an amount which may have already been spent. On the Prime Minister's own calculation, Rs. 180 crores may be needed for six months only. But in the budget, provision is made for a sum of Rs. 60 crores, though he expects no more than Rs. 20 crores by way of foreign assistance. How can he be certain that there will be no further influx of refugees? I doubt whether the refugees will not swallow much of the annual plan allocations for 1971-72. So, the Central budget deficits will be

[Shri M. M. Joseph]

considerably larger than what the Finance Minister expects, and thus the gap between income and expenditure will be larger.

It appears that Rs. 731 crores remained uncollected during 1970-71. Government would do well to collect the arrears first and utilise it for the developmental works instead of levying new taxes on consumer goods which are necessities for the common man. The pity is that most of the tax money will be invested in the public sector industries which go on incurring losses year after year. Rs. 100 crores was spent during 1970-71 for clearing the heavy losses on Industries in the public sector. If this is continued, the private management may be forced to think why they should not also be as bad as the public sector.

The Union Finance Minister has succeeded in his revenue-raising exercise. His eye has caught almost everything under the sun. He has relied very heavily on indirect taxes. The proposals will fetch Rs. 177 crores during the remaining months of the financial year, out of which more than Rs. 75 crores will be through indirect taxes.

17.00 hrs.

Really, there are some redeeming features in the present budget. Raising the exemption limit of individual income-tax, encouraging small savings, making special provision for the educated unemployed and fixing a salary ceiling of Rs. 5000 per month are welcome features. A sum of Rs. 25 crores is being set aside for schemes specially designed to absorb the educated unemployed; I hope my State, Kerala, which is in the forefront of the arena of the unemployed, will stand to benefit considerably.

The Finance Minister said in his speech that the Government have received from the people a massive mandate for socialism. I do appreciate it, but the Minister and Government as a whole should think again whether this budget leads to socialism or not. The new proposals would make the common man's bread, clothes and travel costlier. Bread is the cheap food of the poor; bread and butter is a common middle class breakfast, not the privilege of the rich or of the higher income groups. The increase in the excise duty on

maida is, no doubt, an anti-socialistic step. We, the Christians, pray every day: 'Give us this day our daily bread'. If the Government do not come forward with a proposal withdrawing the excise duty on maida and bread, the poor children of our nation will, I am sure, begin to pray: 'Oh, Mr. Chavan, allow us not to *chavan*; give us our daily bread at a moderate cost'. *Chavan* in our language means to 'die'.

Similarly surprising is the statement that readymade garments are mostly purchased by the well-to-do. The additional excise burdens on the cotton textile industry will have an adverse effect, particularly at a time when the industry is in such a bad shape. The overall effect of these duties will be to increase the cost of living on the masses. The increase in petrol prices would make travelling more expensive. Three-wheelers and taxis are bound to raise their fares because of the increase in running cost. Every new levy will have a chain reaction. The increase in the duty on petrol will be reflected in higher cost of road travel. With rail fares being increased, travel by road as well by rail is going to be most costly.

The 20 per cent tax on foreign travel will affect our economy adversely. At least exporters should be exempt from this tax. My humble suggestion is that the Government should come forward with a proposal withdrawing the excise duty on maida, bread, coarse cloth, petrol and readymade garments.

श्री शिवकुमार शास्त्री (अलीगढ़): सभापति महोदय, सबसे पहले मैं वित्त मंत्री जी को आचार्य शुक्ल की जो एक कसौटी थी, करों के विषय में, उसको बतलाना चाहता हूँ और उसके प्रकाश में वे स्वयं निर्णय कर सकेंगे कि जो कराधान वे कर रहे हैं वह कहाँ तक उचित है। आचार्य शुक्ल ने कर के विषय में यह लिखा है:

मधु दोह दुहेद्राष्ट्रं भ्रमरा इव पादपम् ।

टैक्स लगाते समय, कर लगाते समय यह ध्यान रखना चाहिए कि जिस तरह से भ्रमरा फूल से रस ले लेता है, न उसके रंग को बिगाड़ता है और न उसकी गंध में कमी आने देता है

लेकिन उसके साथ साथ वह अपना भाग ले लेता है और जिस प्रकार से गौ का बछड़ा दूध पीने के लिए माता के थन को चूसता है और इस तरह से चूसता है कि उसको अपनी खुराक मिल जाए और थन को हानि न पहुंचे, उसी प्रकार से प्रजा के ऊपर कर लगना चाहिए।

इस प्रकाश में अगर आपने जो कर लगाये गये हैं उनको कसौटी पर कसेंगे तो आपको निराशा ही हाथ लगेगी। यह भौंरा फूल के रंग और रूप को बिगाड़ने की बात ही क्या, ऐसा लगता है कि ऐसा फूल पर झपटा है कि फूल ही डाली के साथ नहीं रहेगा। उसी प्रकार बछड़े की जो उपमा दी गई है कि पेट भरने के लिए थन से उसको दूध मिल जाए और थन को हानि न पहुंचे, उसको क्षति न पहुंचे, उसके घाव न हो, किन्तु यहां ऐसा लगता है कि यह बछड़ा इतना बेदर्द है कि माता के थन को ही दूर कर देना चाहता है।

भारतवर्ष में प्रतिवर्ष बजट आता है और लोग पहले से ही भयभीत हो जाते हैं। हर कोई समझने लग जाता है कि जो गरीब है, जो रोज मजदूरी करते हैं उन पर मुसीबत आएगी और फिर महंगाई बढ़ेगी। यद्यपि इस बार के चुनाव के पहले जनता को यह बहुत बड़ी आशा थी कि शायद अब की बार ऐसा नहीं होगा लेकिन यह सिद्ध हो गया है कि ऐसा सोचना बेसमझी की ही बात थी। ऐसा हो नहीं सकता है। शासन को चलाना है तो उसके लिए पैसा तो चाहिए ही।

मेरे सैयाद की तालीम की है धूम गुलशन में, यहां जो आज फंसता है वह कल सैयाद होता है।

शासन अगर चलाना है तो उसको चलाने के लिए पैसे के कुछ स्रोत तो चाहियें ही। लेकिन देखना यह चाहिये कि जिन लोगों से कर लिया जा रहा है उनमें कितनी क्षमता है और कहां तक उससे लिया जा सकता है। जहां से बचत हो सकती है, जहां से किरफायत हो सकती है, जब

तक उस पर दृष्टि नहीं डाली जाएगी और एक ही जगह से अगर कर चूसा जाएगा तो निराशा ही हाथ लग सकती है। उसका परिणाम यह होगा कि जो दबे हुए हैं वे और भी दबते चले जाएंगे।

मैदे पर लगे टैक्स का और उसकी महंगाई का रोना रोया जा रहा है। सरकार की दृष्टि में यह कम बढ़ाया गया है। लेकिन हम तो रोज देखते हैं कि डबलरोटी पर दस पैसे उस दिन ही बढ़ गए थे जिस दिन पूरा बजट भी पेश नहीं हुआ था। साबुन की टिककी पर भी दस पैसे बढ़ गए। इसी तरह से और भी चीजों के दाम बढ़ गए। इस सब से बढ़ कर जो बहुत कठिन परिस्थिति आने वाली है वह है बंगला देश से आने वाले रिफ्यूजीज की। मुझे तो ऐसा लगता है कि आपका सारे का सारा ढांचा ही उसके कारण बिल्कुल अव्यवस्थित हो जाएगा। मैंने एक बड़ी ही मनोरंजक बात एक व्यक्ति से सुनी थी जो हमारे बजट के आलोचकों के विषय में पूरी तरह फिट बैठती है। आप इन चीजों के विषय में क्या सोचते हैं, इसको तो आप छोड़ दें। हमने एक बहुत बड़ी मुसीबत मानवीय दृष्टिकोण से स्वीकार की थी और करनी चाहिए थी। प्रत्येक मानव को उस आपत्ति के समय में उनकी सहायता करनी चाहिए थी अपने आपको बचाने के लिए और उनको बचाने के लिए भी। लेकिन जिस सतर्कता की आवश्यकता थी वह नहीं बरती गई। पहले सप्ताह या दस दिन के अन्दर ही बंगला देश को मान्यता देकर उनके आर्थिक और सैनिक क्षेत्रों में उनको सहयोग देना चाहिए था जैसा कि आपने लंका द्वारा की गई सहयोग की प्रार्थना पर अपने सहयोग का हाथ आगे बढ़ाया था। लेकिन यहां आपने वैसा नहीं किया।

क्षिप्रमक्रियमाणस्य कालः पिबति तद्रसम् ।

अगर आप कोई काम करना चाहें और सोचने-सोचने में ही सारा समय गुजार दें तो

[श्री शिव कुमार झास्नी] होता यह है कि वह समझ ही सारे के सारे रस को भी जाता है। यही बंगला देश के विषय में हुई है। इस समय भी लाखों व्यक्ति रोष चले आ रहे हैं। एक डेढ़ करोड़ का प्रतिदिन आपका व्यय हो रहा है। अब साठ करोड़ रुपया आपने बजट में रखा है। उससे क्या हो सकता है। कुछ नहीं हो सकता। यह तो वैसी ही बात है कि एक बेचारी बुढ़िया की चक्की के पाट पिस गये और उसको खोटने वाला एक व्यक्ति आ गया। उसने उसको कहा कि इसकी खोट कर ठीक कर दो ताकि आटा पिस जाए। उसको चक्की देने के बाद वह पानी लेने के लिए चली गई। अब जो खोटन वाला था वह जवान आदमी था। उसने जोर से पाट पर जो हथौड़ा मारा वह टूट गया। वह घबरा कर उठा। उसने देखा कि यह तो नुकसान हो गया है तो ऊपर छीके में एक घी का घड़ा रखा था उसका सिर उससे जा टकराया और वह गिरकर टूट गया। इसको देखकर वह घर से भाग निकलना चाहता था। बुढ़िया दरवाजा बाहर से बन्द कर गई थी। उसने एक जोर से दरवाजा खोलना चाहा। दरवाजे के किवाड़ पुराने थे वे भी टूट गए और टूटने के साथ ही वहां एक चर्खा पड़ा था, दरवाजा उसपर आ गिरा और वह भी टूट गया। वह नौजवान तेजी से भाग निकलना चाहता था कि कहीं बुढ़िया न आ जाए। बुढ़िया सामने से पानी लेकर आ रही थी। आते ही उसने उससे पूछा कि चक्की ठीक कर दी। उसने उत्तर दिया बिल्कुल ठीक कर दी। वह कहने लगी मजदूरी तो लेते जाओ। उसने उत्तर दिया नहीं आज ऐसे ही सही। उसने उसको पकड़ा लेकिन नौजवान ने जोर से उसको धक्का दिया और नतीजा यह हुआ कि उसके सिर पर जो पानी का घड़ा था वह जमीन पर आ गिरा और वह स्वयं भी गिर पड़ी। वह रोने लगी और कहने लगी, अरे यह घड़ा भी तोड़ दिया मैं तुझे रो लूं। उसने कहा अन्दर जाकर देख, तब इकट्ठी रोना, कहां कहां रोओगी। इकट्ठा ही एक बार रो लेना। यहां भी यही बात। मैदा की तरफ देखते हैं, डबलरोटी की तरफ देखते हैं, साबुन

की तरफ देखते हैं या किसी दूसरी तरफ देखते हैं तो यही वृत्त नजर आता है। बंगला देश की अकेली समस्या ऐसी है कि जिसको देखकर चारों तरफ रोना पड़ता है। मैं समझता हूं कि अब भी समय है कि हम सोचने विचारने में समय न गुजारें और कुछ ठोस कदम उठावें। सरदार पटेल ने एक बार एक बात कही थी। उन्होंने कहा था अगर इसी तरह से बे लोन हमारी तरफ आते रहें तो इनके लिए आपको जमीन देनी पड़ेगी, भूभाग देना पड़ेगा। जिस चीज से आप डरते हैं वह तो आपके ऊपर आने वाली है। आ रही है। इस प्रकार आप बचना चाहें तो नहीं बेचेंगे। यदि आप सावधान होकर और अपने दायित्वों और कर्तव्यों को निभाने के लिए दिलेरी से आगे बढ़ेंगे तब तो इस समस्या का समाधान हो सकता है और यदि आप दायें बायें झांकेंगे तो उससे इस समस्या का समाधान होने वाला नहीं है।

इस सारे बजट को इस परिपेक्ष्य में देखना चाहिए।

वित्त मंत्री को इस विषय में अनेकों बार सुझाव दिये गये हैं कि वह किस किस मद में मितव्ययिता कर सकते हैं। इस लिए उन्हें इस बजट में यह व्यवस्था करनी चाहिए थी कि हम अमुक-अमुक मदों में किफायत करके इतनी राशि बचायेंगे। जो टैक्स बकाया पड़ा हुआ है, उन्हें उसको वसूल करने के लिए पग उठाने चाहिए थे। अगर ऐसा किया जाता, तो यह निराशाजनक स्थिति सामने न आती।

मैं आशा करूंगा कि जो सुझाव दिये गये हैं, मंत्री महोदय उनको दृष्टि में रखेंगे, वह जहां से बचत कर सकते हैं, वहां से बचत करेंगे और बंगला देश के लिए जो कदम उठाना चाहिए, उसे सतर्कता से उठावेंगे।

SHRI J. B. PATNAIK (Cuttack): I rise to support the Budget and to congratulate the Finance Minister on doing the best of the difficult job. The economy of the country is poor. It is 80 per cent rural and 85 per cent

in private hands. So poverty here is not only a problem to be solved, it is an impediment to the solution of the very problem. It is therefore from this point of view that we shall have to see this Budget. A challenge has been thrown and the Finance Minister has taken up this challenge. In response to the commitment of the party he has rightly discharged his duty to the nation.

There has been a lot of talk about the abolition of poverty. Some Members from the opposition party have ridiculed the idea and the party's commitment to the abolition of poverty. I say that if poverty is to be abolished from this country and if socialism is to be brought about in this country, it is only this party which can bring about socialism and which can abolish poverty and not those people who have monopolised socialism on the opposition benches.

What is expected of a Finance Minister in the present circumstances is not to usher in socialism only through one Budget or a few Budgets and the Finance Minister has put this point very ably in his speech. What is expected of the Finance Minister is to bring forth such proposals which can lead to taking bold steps towards the socialist goal. We shall have to consider this Budget from that standpoint and see whether the Finance Minister has been able to take a bold step towards elimination of the regional imbalances and the disparities in income. He has taken the right step in this direction. He has moved against concentration of wealth in a few hands, and for locating unearned incomes and unaccounted wealth. He has been able to give more opportunities to those who are socially backward and economically retarded. He has taken a bold step towards solving the problem of unemployment in the country and he has made a large provision for the quicker growth of the country's economy. The Finance Minister has promised legislation against benami holdings and undervaluing of properties. He has provided Rs. 75 crores for providing employment to people both in the urban and rural areas. He has provided in actual terms of expenditure Rs. 300 crores more in the Plan outlay for the Centre than what was done in the previous year.

There is much controversy regarding deficit financing and indirect taxation. In a develop-

ing economy, deficit financing to a reasonable extent is allowed. I may quote here some of the examples of history. The Soviet Union in the decade 1929 to 1939 has multiplied its industrial output by three times but the prices have risen in that country by seven times. Even then, this has not affected the economy of that country. During the three decades preceding the first Great War, Japan's economy also showed a rise in prices. The prices had risen 200 per cent, but at the same time, there has been a remarkable industrial growth and there has been a remarkable agricultural growth. So, deficit financing is not always bad. Deficit financing to a reasonable extent somewhat becomes inevitable in a developing economy, and from that standpoint, we have to judge the deficit financing in our budgets.

Then, there is a controversy regarding the increased rate of indirect taxation. In fact, as an inducement to save and as an inducement to invest, a proportionate increase in indirect taxation has been accepted as a feature of modern economy.

With these words, I would now make a few submissions to the Finance Minister. His statement regarding elimination of regional disparities is welcome, but if we take the three Plans into consideration, the rich States have become richer and the poor States have become poorer. The States which are at the bottom of the economic ladder are the States of Bihar and Orissa. The *per capita* Central assistance to these States during the Fourth Five Year Plan is going to be Rs. 63 and Rs. 71 respectively, whereas to some States it is going to be between Rs. 157 to Rs. 382. If this becomes the attitude, how can we eliminate regional imbalances in this country?

What is needed to turn the corner is provision for rapid electrification and irrigation facilities in this country. I propose that there should be a countrywide plan for electrification and for extension of irrigation facilities to every inch of land. There are now certain States where electrification facilities have been provided to almost every village, from 60 per cent to 100 per cent of the villages. There is, on the other hand, a State like Orissa where electrification facilities have been provided only to two per cent of the villages. So, this disparity in electrification in this country could be removed if there is a plan on the basis of the

[Shri I. B. Patnaik]

whole country and not Statewise plans. I would submit to the Finance Minister whether it would not be possible to have a type of Commission for both electrification and irrigation for the whole of the country, and for this, the responsibility should be taken by the Centre and the States equally.

I would suggest two measures in the interests of augmentation of our Government's revenue. One is nationalisation of import and export trade. This would give us a large investible surplus and secondly the arm of taxation should be extended to the rich peasantry in the rural areas. The Finance Minister has given an indication in that respect, and I would submit that if it is possible he should see that these peasants are brought under the arm of taxation and concentration of wealth in the rural areas could thus be prevented.

I propose that much stress should be given to full utilisation of the machinery for industrial production in the country. Now we have a lot of idle machines and idle industries, and that is not only a sheer wastage but there is something wrong in our economy. There should be a proper vigilance on our part and attention should be paid that full utilisation is made of our whole industrial capacity.

With these words, I support the budget presented by Finance Minister.

श्री अचल सिंह (आगरा) : अध्यक्ष महोदय, आज हमारे सामने सन् 1971-72 का बजट जो पेश हुआ है वह बजट है जिसके बारे में यह कहा जा सकता है कि यह समाजवाद के रास्ते पर फिट नहीं करता है क्योंकि बजट देश की गरीबी की और खुशहाली की एक तस्वीर होता है। हमारा देश एक गरीब देश है। उसके लिए यह बजट फिट नहीं करता है। क्योंकि मैं देखता हूँ कि पिछले 20 साल से हर साल डेफिसिट बजट बनता चला जाता है और हर साल टैक्स पर टैक्स बढ़ाए जाते हैं। आखिर को कहीं टैक्स की रुकावट भी होगी? अगर इस साल हमने टैक्स लगाया, पार साल फिर लगाएंगे तो हालत क्या होगी? एक समाजवादी देश—पोजीशन हमारी यह होनी चाहिए कि सरप्लस

बजट बने जिससे लोगों को राहत मिले और आराम मिले। यहाँ पर जो बजट हमारा बनाया गया है उसमें काफी टैक्सेज बढ़ाए गए हैं और उन टैक्सेज की वजह से हम देखते हैं कि अभी से बाजार में काफी तेजी हो गई है। कोयला जो खास ईंधन है गरीब आवामी के बास्ते और अमीर के बास्ते वह दस बारह रुपये का 40 किलो बिक रहा है। मिट्टी का तेल है, साम सब्जी है, दालें हैं, घी, दूध, मसाले हर चीज काफी तेज है। हम इस बात का अनुभव करते हैं कि पिछले दस साल में रुपये की कीमत काफी गिर गई है। जो सामान दस साल पहले 1 रुपये में मिलता था वह आज तीन रुपये चार रुपये में आता है। इसलिए हमारी कोशिश यह होनी चाहिए कि हम टैक्स लगाएं। सरप्लस बजट बनाएं और वह सरप्लस बजट बनाना कोई बड़ी बात नहीं है। हमारे देश के बास्ते क्यों कि हमने अपने देश में रेलवे में लगभग 35 सौ करोड़ की पूंजी लगा रखी है, पब्लिक सेक्टर में लगभग 4,000 करोड़ रुपये लगे हुए हैं। अगर इनमें दस परसेन्ट भी फायदा करें तो साढ़े सात सौ करोड़ रुपये का फायदा हो सकता है जब कि डेफिसिट कुल साढ़े तीन सौ करोड़ या 400 करोड़ का है। हम देखते हैं कि प्राइवेट प्रोजेक्ट्स में काफी फायदा होता है, दस बीस परसेन्ट तक वह फायदा करते हैं लेकिन हमारे जो पब्लिक प्रोजेक्ट्स हैं उनमें करोड़ों रुपये का नुकसान होता है। हमारे जितने कारपोरेशंस हैं, लाइफ इंश्योरेंस और बीसियों कारपोरेशंस हैं उनमें भी नुकसान होता है। लाइफ इंश्योरेंस में जरूर फायदा है। लेकिन जैसे मैंने पब्लिक सेक्टर के प्रोजेक्ट्स के बारे में बताया, इनमें अगर हमारे अधिकारी जो उसके इंचार्ज हैं वह ढंग से काम करें तो काफी फायदा हो सकता है। लेकिन हम देखते हैं, जैसा अभी एक माननीय मिनिस्टर श्री कुमारमंगलमजी ने कहा था, कि वहां के डायरेक्टर चेयरमैन या इंचार्ज जो भी हैं वह लाई आफ लाईस बनकर बैठ रहते हैं, वह खूब आराम करते हैं और वहां पर काफी भ्रष्टाचार चलता है, रिश्वत चलती है, चोरी चलती है जिससे काफी नुकसान होता है। तो अगर इस

तुम सब का ध्यान दें और उनसे कह दें जो इंचार्ज हैं कि अगर आप ठीक तरह से काम नहीं करते हैं और हमको कम से कम दस परसेंट पन्द्रह परसेंट का फायदा नहीं देते हैं तो आप इस योग्य नहीं हैं कि आपको यहाँ रखा जावे, तो मेरा ख्याल है कि मजबूर होकर वह ठीक काम करेंगे। लेकिन चूँकि उनसे कोई जवाब तलब नहीं किया जाता है इसलिए उनको मौका मिल जाता है और हर साल नुकसान उठाना पड़ता है जिससे डेफिसिट बजट बनता है और फिर टैक्स लगाना पड़ता है। तो अगर हमारे वित्त मंत्री जी या प्राइम मिनिस्टर एक कमीशन मुकर्रर करके हर एक पब्लिक सेक्टर की प्रोजेक्ट की जांच करवाएं और उसमें जो अधिकारी इस तरह से निकम्मे हैं उनसे जवाब तलब किया जाए तो अवश्य उनमें फायदा हो सकता है क्योंकि हम देखते हैं कि प्राइवेट जो फार्मस हैं जो टैक्सेज भी देती हैं, इतना खर्चा करती हैं तब भी दस बीस और तीस प्रतिशत तक फायदा वह करती हैं और इन्हें कोई इनकम टैक्स नहीं देना पड़ता, कोई और टैक्स इनपर नहीं लगता। इन सरकारी उपक्रमों पर तब भी वह घाटा देते हैं। तो मैं तो यह कहूँगा कि मंत्री महोदय इसके ऊपर ध्यान दें। मेरा ख्याल है कि अगर उन्हें कसा जाय और रेलवे को भी और पब्लिक प्रोजेक्ट्स को भी तो आइन्दा साल देखेंगे कि डेफिसिट बजट नहीं होगा। आज हम एक विशेष सर्किल में पड़ गए हैं। बाजार में तेजी होती है तो सरकारी कर्मचारी तनखाह बढ़ाने की मांग करते हैं, पे कमीशन बैठता है, मजदूरों के लिए वेज बोर्ड बैठता है, तनखाहें बढ़ती हैं और फिर उसका असर बजट पर पड़ता है, फिर डेफिसिट फाइनेंसिंग होती है। इससे बचने का तरीका यही है कि जो हमारे पब्लिक सेक्टर के प्रोजेक्ट्स हैं और रेलवे है इनमें ठीक तरह से काम हों और मैं समझता हूँ कि माननीय वित्त मंत्री इसके ऊपर ध्यान देंगे। इन शब्दों के साथ जो बजट उन्होंने रखा है मैं उसका समर्थन करता हूँ।

SHRI RAJA KULKARNI (Bombay-North East): Mr. Chairman, Sir, I welcome the budget presented by the Finance Minister and

I congratulate him for bringing such a budget at a time when the country is taking a turn and a new direction on its onward march towards creating conditions for the establishment of a socialist society. The budget as a whole, is all stimulant to the economy as it stands, without being provocative to any section of the society.

The parties which have made an attack on the budget, both inside the Parliament and outside,—probably these are the parties which are now talking of the interests of the people but during the elections they did not understand the interests of the people, and the people have rejected them. But now they talk about understanding the people. But the budget shows that it is only the Finance Minister and the Government who have really understood the interests of the people, and they have brought these proposals here. These proposals deserve whole-hearted support from all sections of the people, whether in the rural areas or urban areas.

It is true that there have been certain taxes because of which there have been attacks on the budget. But a proper evaluation of a budget can be made, not on the basis of any isolated proposal here and there incorporated in the budget. The budget can be properly evaluated by the context in which it is put up. It is the economic context of the situation of today that has given effectiveness to the budget.

It is the nationalisation of banks, it is the nationalisation of insurance, it is the promise which the Finance Minister has given about the two Bills which are to be brought forward—one about acquiring power to government for purchasing property at prices recorded in the sale deeds as well as the new Bill which has been promised for discouraging the practice of benami transactions in land and property—these along with the already existing institutions which have come for checking the monopoly—have raised the creative value of the budget.

MR. CHAIRMAN: The hon. Member may continue his speech tomorrow. We have now to take up the Half an Hour discussion.

17-30 hrs.

HALF-AN-HOUR DISCUSSION

SETTING UP OF THE MILLS IN ORISSA AND OTHER STATES

SHRI SURENDRA MOHANTY (Kandrapara): Mr. Chairman, on the 26th May there

[Shri Surendra Mohanty]

were two unstarred questions on the subject of setting up jute mills in Orissa and some other States in implementation of the recommendations of the committee that had been appointed to go into this question. But I must confess, the two written answers left me in the dark as much as I was when I had drafted the question. In that context I had requested for this half-an-hour discussion and I am grateful to all those because of whom this discussion has been made possible.

It may be recalled that a committee had been appointed in keeping with an assurance which the hon. Minister had given on the floor of the House. It may further be recalled that just on the eve of the dissolution of the last Parliament, on 16th December, 1970, in course of a discussion on a motion for setting up jute mills in Orissa. The hon. Minister was more than anxious to set up a committee which would immediately go into the question of setting up of jute mills in Orissa and some other eastern States. I would quote from the proceedings. The hon. Minister said :—

“It goes without saying that Orissa’s plight is very bad. Orissa as a jute-growing State should have a mill and, therefore, I propose to set up a committee very shortly, tomorrow or the day after, to make a quick survey of jute-growing district of Orissa, Bihar and Assam also.”

When Shri Ranga intervened and asked, “What about Visakhapatnam and Srikakulam?”, the hon. Minister was so anxious to receive this report that he said :—

“If you like, Andhra Pradesh will also be included, but it will take time. We want to finish the survey in three months’ time so that I can do something about it.”

My question is: Why that sense of urgency is not reflected in the subsequent proceedings of the Government after they had received the report? The answers to the unstarred questions, to which I referred to earlier, reveal that the report is still under consideration. The House is anxious to know from the hon. Minister what exactly are the issues which are baffling the Government and why the Govern-

ment is taking so long a time to consider? How long will the Government take to examine the report? These are some of the aspects which this House will be interested to know, because this committee had been appointed in keeping with an assurance which the hon. Minister had given to this House.

As I have said earlier, the Minister is more than convinced about the need for setting up a jute mill in Orissa. I will give here certain figures from which the House will consider for itself the legitimacy or otherwise of the demand of Orissa for a jute mill. Andhra produces 2,60,000 bales of jute and has four mills; Assam produces 11 lakh bales of jute and has got one mill; Bihar produces 7,61,000 bales of jute and has three mills; West Bengal produces 36,99,000 bales of jute and has 64 mills; Madhya Pradesh without producing jute has got one mill and U. P. also has three mills without producing any jute, whereas Orissa which produces nearly 6 per cent of the total produce of jute, that means, 6 lakh bales, has none.

In that context I would urge upon the hon. Minister to consider that, in the absence of a jute mill in the State, the jute growers do not get even half the price which the speculators and the middlemen fetch in the Calcutta market for Orissa jute. The State Government in this context has been repeatedly urging upon the Government of India for a jute mill in the State. In 1970 the State Government’s request had been turned down under the plea that there was no market for Indian jute products. But in 1962 the jute committee, which had been appointed to go into this question, had recommended *inter alia* in its report :—

“However, India’s output of jute goods has not increased in proportion to the rise in the world consumption of goods in the last decade. Whatever may have been the circumstances which in the past prevented a larger share of increased world market coming to the Indian jute industry, it appears necessary to take energetic measures now to increase exports and take the fullest possible advantage of the increased world demand.”

This demand has become all the more imperative in the context of the present crisis

in Bangla Desh or East Bengal. Therefore, I would like to know from the hon. Minister whether, in view of this recommendation, the Government during the current Plan period proposes to set up new units, particularly, in Orissa. If the Government feels any difficulty in setting up a jute mill in Orissa, we are entitled to know the reasons. It can be said and, perhaps, it will be said that in view of the jute mills in West Bengal undergoing difficulties in obtaining international market, it will serve no useful purpose if the jute mill proposed to be set up in Orissa also produces the same range of jute goods. The Orissa Government has already mentioned in their feasibility report as to how Orissa's market can sustain not only one jute mill but two jute mills in the State to meet the internal demand. So, the plea that the jute goods have got no international market will have no bearing on the subject. It is imperative that Orissa which produces 6 per cent of the entire jute produced in the country—when it is going without a jute mill, when the jute growers, the peasantry, are not getting even an economic price for their jute—a jute mill is set up in Orissa without avoidable delay.

Lastly, the most important question in this regard is whether the jute mill is going to be set up in private sector or in public sector. I would urge upon the Government not to allow the private sector to set up a jute mill in Orissa because it is the very private sector which has been exploiting the peasantry for all these years through their middlemen and through their agents. Therefore if a jute mill is allowed to be set up in the private sector, the field of exploitation will shift from Calcutta market to Orissa. The Government of Orissa have also submitted to the Central Government to set up a jute mill in the public sector and, failing that, if that is not found possible, the jute mill should be set up in the co-operative sector and the private sector will have nothing to do with it.

In conclusion, I would like the hon. Minister to state here categorically whether in keeping with the earlier assurances and in pursuance of the recommendations of the Committee that had been appointed, a jute mill is going to be set up in Orissa during the current Fourth Plan period.

SHRI S. C. SAMANTA (Tamluk): I would like to know when the Committee is

going to submit its Report and I would like the Government to see that it is expedited. As the hon. Minister and the Ministry are convinced of the setting up of some jute mills in Orissa, why has the Committee been appointed? What are the difficulties? Why should a decision not be taken as early as possible?

SHRI INDRAJIT GUPTA (Alipore): I would like to know from the hon. Minister whether, when taking a final decision on the question of setting up new jute mills, they are going to bear in mind the recommendations of the Srivastava Committee Report which has laid down in order of priority that the first priority should be given to making existing uneconomic jute mills economic and the second priority should be that mills which are running fairly well should be modernised and made more efficient.

The third priority should be that mills which are lying closed should be opened.

The fourth priority should be starting of new mills.

I am not against opening in Orissa or anywhere else; please don't misunderstand me.

I would like to know from the Minister whether in this task of starting new mills these priorities laid down by Srivastava Committee are going to be followed or not, because, there is a good amount of idle capacity in the industry as it exists at present, and I also want to know whether any new mills which will be set up will be oriented primarily to the local market for jute goods and thirdly I want to know whether,—as Mr. Mahanty suggested,—whether it will not be in the private sector but either be in the public sector or in the co-operative sector.

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA): Mr. Chairman, Sir, I am grateful to Mr. Mohanty for raising this subject in the House in this session.

You will remember, Sir, that sometime in December, as Mr. Mohanty pointed out, our old colleague Mr. Surendra Nath Dwivedy raised this very question in the House and I assured him that a Committee would be set up. Mr. Samanta wanted to know about the Committee. I wish to tell him that this Committee

[Shri L. N. Mishra]

was appointed, the Committee had made a survey and submitted a Report and that the Report is presently under our examination. There are of course some problems about which I will go into detail in a few minutes.

Mr. Indrajit Gupta raised some questions about uneconomic units being made economic and about the Srivastava Committee. It is very important to consider all this, especially, since we have very limited resources. We have to apply our mind to this aspect. We have number of mills in this country, especially in Bengal, which are out-dated, old, uneconomic, and have to be modernised.

We have a provision of Rs. 8 crores for modernisation of jute mills. Unfortunately this has not been used by the jute mill owners and we have been persuading them, pressing them, that they should modernise especially in the present situation when we have been facing tough competition in the matter of jute products abroad. Of course, it is a fact that in the last few weeks the situation has improved a little bit because of the situation in Bangla Desh but if the jute industry has to survive, all the old mills have to be modernised.

The products of jute are used for sacking, hessian, packaging, jute carpeting and for many other purposes. I am glad to say that some good results have been achieved as a result of research work carried in the uses of jute. Only two days back I was having a look at some of the samples of jute products produced in the the Research Institute. It was difficult for me to believe that it was jute product; it looked like raw silk, very good for tapestry or curtain etc. And, therefore, jute has to serve these needs also. The basic point which Mr. Mohanty raised is the question of backward States, like Bihar, Orissa, Andhra, Assam, etc. Orissa is backward; there is no doubt about it. If the jute growers have to be removed from exploitation it is necessary that the State should come into the picture and do something about it.

We have already set up a Jute Corporation for the marketing part of raw jute. Your district and my district produces jute. Bengal produces a large quantity of jute. Bengal has a number of mills. There is no question of

want of urgency on the part of the Government. The urgency is there.

I want to assure the House about this. This idea of having jute industry in other States, or having diversified industries, is with us in principle. I agree with it. I am for it. I shall see to it that the backward States like Orissa and Bihar and Assam and Tripura and Andhra Pradesh too get some new mills or modernised mills. As you know, the investment in a new mill is about Rs. 2½ to 3 crores. That is the investment required for setting up a new mill. Therefore, it is not so easy as to say that we should go at it immediately.

The committee has made some recommendations. I shall not like to go into the details because the recommendations are under examination, and we do not want to commit ourselves to any of the recommendations made by the committee. I would only assure hon. Members that the committee's recommendations will be examined, and we hope that the detailed examination will be completed within three months' time.

To some extent, the delay was unavoidable. As I would put it, there were many factors which had caused this delay. The situation in Bangla Desh has also been one of the main reasons. Our attention was diverted to that. To be very fair to the House, I would also confess that I too had not much of time to apply my mind to this problem because of the elections and the fact that after the elections I had gone abroad. But I am now seized of the matter, and I shall assure the House of this much that I shall see to it that the idea of setting up new mills in these backward States materialises.

SHRI INDRAJIT GUPTA: In which sector?

SHRI L. N. MISHRA: Shri Surendra Mohanty wanted to know whether we were going to have it during the Fourth Plan. I would not like to say anything at this stage; it depends on a number of factors. But I shall try to see that something is done. The Fourth Plan as it is today does not contain any provision for a new jute mill in Orissa or Bihar. So, we shall have to make new provision for it, and the Planning Commission and the Finance Ministry will have to be persuaded

for that purpose, and especially the Finance Ministry, because we need foreign exchange also, and in fact, the foreign exchange content for one mill is quite heavy. Therefore, these things have to be sorted out. If we are able to sort them out, there is no reason why Orissa or Bihar or Assam or Tripura or even Andhra Pradesh should not have a new mill.

The other question is whether it would be in the public sector or the co-operative sector or the private sector. We shall prefer the co-operative sector and will encourage people to come forward and set up new mills in the co-operative sector. The co-operative sector is our first preference. If for any reason the co-operative sector does not succeed for the reason that they have no finance etc., then I would prefer the public sector. But suppose the co-operative sector and the public sector both do not work? I do not think they will not work; they will work; in fact, why should they not work? The main idea is to give mills to these backward States, so that the growers are benefited, the workers get employment and the people of the area get something out of the new industry. So, I do not rule out completely the private sector. I do not rule it out. But conditions will be there. They must set up new mills, and they must make their investment and so on. But the private sector will be the

last choice. The first is the co-operative sector. The second will be the public sector and the third can be the private sector. I do not think that I shall give it to the private sector, but I am not ruling out the private sector. If both these other avenues fail, then we might allow the private sector to come in.

I have nothing further to add. I would only say that the urgency is there. I do understand and appreciate the problem and the need for new mills. I am one of those who have known this problem. I still feel that it has been very unfair that the jute industry has not been diversified so far. It should have been diversified a long time ago, and the backward States like Orissa, Bihar, Assam and Tripura and Andhra Pradesh, which grow jute should get the benefit; they grow jute, and, therefore, there is no reason why they should not get the benefit of a new mill in their area. This idea is therefore there. The committee's report is before us. We will examine it, and as I stated earlier, we will come to some conclusion within three months' time.

[Mr. Speaker in the Chair]

ORAL ANSWERS TO QUESTIONS

Shortage of Myrobulam Nuts in Leather Industries, Kanpur

*333. SHRI S. M. BANERJEE : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether all the Tanneries, Ordnance Equipment Factory and Tanning and Footwear Corporation of India at Kanpur were on the verge of closure due to non-availability of Myrobulam Nuts from Madhya Pradesh ;

(b) if so, the steps taken by Government in this regard ; and

(c) whether arrangements have been made for regular supply of this item for the smooth running of these leather industries ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) The tanning industry particularly at Kanpur has had to face considerable difficulty due to non-release of myrobulam nuts by the Government of Madhya Pradesh.

(b) and (c). The matter was taken up with the State Government who have since decided to auction 1.6 lakh quintals of myrobulam nuts during the next two weeks, which will ease the supply position.

SHRI S. M. BANERJEE : The Ordnance Equipment Factory at Kanpur, previously

known as Harness and Saddler Factory, the tanneries of the Footwear Corporation of India and nearly 30 other tanneries are practically facing closure because of the non-availability of myrobulam nuts, called *harar*, for dyeing purposes. So have supplies reached the government factory and other tanneries ?

SHRI GHANSHYAM OZA : I share the concern of the hon. member. We are sadly aware that certain units are suffering because these nuts are not available, but as the hon. member very well knows, this is a subject with which the Madhya Pradesh Government is directly concerned. We have prevailed upon that Government and in a short time they are releasing this quantity. The auctions are starting on 10 June. They have nationalised this trade.

We have exerted all the pressure that we can on the State Government. We are very much aware of the position.

SHRI S. M. BANERJEE : While I welcome the nationalisation of Myrobulams—of all things *harar* has been nationalised—I would like to know whether the price has been increased, as it would effect the consumers not only at Kanpur but in all the other places, and Kanpur is one of the places which manufactures the maximum leather products, and whether the price has been fixed in consultation with the Central Government especially for those factories which are controlled by the Ministries of Defence and Industrial Development, because one of the factories is under you.

SHRI GHANSHYAM OZA : To be very frank, we have no control over the price factor. Auctions are going to take place. The whole trade has been nationalise by the Madhya Pradesh Government and the auctions will start from 10th June. The price will be fixed in the auction.

SHRI S. M. BANERJEE : My question is what price has been fixed after nationa-

lisation, whether it will depend purely on the auction. In that case, again competition remains, and it is as bad as being in the hands of the contractors. I want to know whether a reasonable price has been fixed.

SHRI GHANSHYAM OZA : There is no statutory control over the price. Prices have not been fixed by the Government of India. The trade has been nationalised. Auctions will take place and the highest bid at the auction will decide the price.

श्री बी० पी० मौर्य : क्या आप ने कभी हर्षा का सन्स्टिट्यूट ढूँढने का प्रयत्न किया है ताकि जो चमड़े का उद्योग गिरता जा रहा है वह न गिरे और विदेशी मुद्रा हमारे ऊपर बोझा न बने ?

SHRI GHANSHYAM OZA : We are taking all necessary steps to promote this industry. We have working groups and some committees have been appointed to find out how to overcome the difficulties faced by the industry.

SHRI B. P. MAURYA : Always committees are appointed and never any results are forthcoming. I want to know when this committee was appointed. This is a very vague reply.

SHRI GHANSHYAM OZA : Though this does not directly arise out of the question, I wanted to help the hon. Member and give him as much information as possible. If he tables a separate question, I will give all the information.

श्री हुकम चन्द कछवाय : मध्य प्रदेश और बिहार से काफी मात्रा में हर्षा और आवला चमड़ा उद्योग के लिए कानपुर आता है। मध्य प्रदेश से जो आवला आता है उस को आदिवासी तोड़ कर 8 आ० बोरी बेचते हैं, इस तरह से जो आवला बिहार से आता है वह 1 क० बोरी आता है। चूंकि इतना कम पैसा मिलता है इस लिए आप ने इस का राष्ट्रीयकरण किया है, और हम इस का स्वागत करते हैं, लेकिन जो पैसा आपने तय किया है उस से कम मिलता है। मैं जानना चाहता हूँ

कि उन को अधिक से अधिक पैसा मिले इस के लिए आप ने क्या प्रबन्ध किया है ?

SHRI GHANSHYAM OZA : This question should be addressed to the State Government.

Progress Re: Construction of Gumti Hydel Project

*334. SHRI DASARATHA DEB : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the 7th Report of the Estimates Committee of Tripura Legislative Assembly adversely commented on the slow and unsatisfactory performance of the National Projects Construction Corporation Limited which has been given contract for construction of Gumti Hydel Project, Tripura ; and

(b) if so, the steps taken to expedite completion of the Project ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI D. N. KURIEL) : (a) and (b). A statement is laid on the Table of the House.

Statement

(a) The Estimates Committee of Tripura Legislative Assembly have in their 7th Report commented on the slow progress of Gumti Hydel Project, but not on the performance of the National Projects Construction Corporation Limited.

(b) The following steps have been taken to expedite completion of the projects :

1. Arranging for double shift working in the Project by National Project Construction Corporation.
2. Augmenting the machinery and equipment required for the construction of the project by National Project Construction Corporation.
3. Generally intensifying the tempo of the works so as to enable quick completion of the project.

SHRI DASARATHA DEB : May I know if it is a fact that the National Projects Construction Corporation has been

given the contract on the terms that 15 per cent of the expenditure on the project will be its profit, and if it is a fact that the NPCC did not construct a small bridge over the Gumti River so that the transport costs would be higher? May I know why these extraordinary terms have been given to the NPCC?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : This project is located in a very inaccessible place. As there was no chance of getting any contractor, the NPCC was brought in.

We have adopted the same process, the same agreement at the Farraka barrage and we have adopted the same thing here also. We do not think that there is anything wrong in having the provision for 15 per cent over the actual cost.

SHRI DASARATHA DEB : Because of Mizo raids in this project area and because of lack of protection from the Government the workers are not encouraged to stay there and work. Is that also one of the causes for the delay of the completion of the project?

DR. K. L. RAO : The reasons for delay are not the ones the hon. Member has mentioned. The main reasons are : the project having been located in an inaccessible site, we had to take more time for the supply of construction material and constructing a road from Amarpur the nearest town. There was also difficulty in getting explosives. That was there all over India. Then there was a flood in 1970 which was rather excessive and this caused further delays in the construction of the project.

Shortage of Iron and Steel in Small-Scale Industries in Bihar

+

*335. **SHRI YAMUNA PRASAD MANDAL :**

SHRI K. LAKKAPPA :

Will the Minister of **INDUSTRIAL DEVELOPMENT** be pleased to state :

(a) whether 400 small industrial units in the State of Bihar are facing shortage of iron and steel and are reported to be on the verge of closure ; and

(b) if so, the steps taken or proposed to be taken to avert this crisis ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) and (b). The information has been sought from the Government of Bihar and will be laid on the Table of the House.

श्री यमुना प्रसाद मंडल : मैं जानना चाहता हूँ कि कब से भाष बिहार सरकार से यह जानकारी मंगा रहे हैं? कहीं ऐसा तो नहीं होगा कि आफ्टर डेथ, आफ्टर क्लोजर यह जानकारी आए।

अध्यक्ष महोदय : पहली सरकार की तो डेथ हो गई, अब दूसरी बताएगी।

श्री यमुना प्रसाद मंडल : क्या बता सकते हैं कि कब तक जानकारी मिल जाने की इनको आशा है?

श्री सिद्धेश्वर प्रसाद : बिहार सरकार को जितनी जल्दी हो सके जानकारी भेजने के लिए कहा गया है। जैसे ही जानकारी प्राप्त हो जाएगी, इसको समा पटल पर रख दिया जाएगा।

Rural Electrification during Fourth Plan

*336. **SHRI S. R. DAMANI :** Will the Minister of **IRRIGATION AND POWER** be pleased to state :

(a) the nature of proposals received from the State Governments for rural electrification during the Fourth Plan;

(b) the number out of them that have been cleared and the progress made so far; and

(c) the guidelines that have been indicated to the State Governments for drawing up their programmes of work ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER : (SHRI B. N. KUREEL) : (a) to (c). A statement is laid on the Table of the House.

Statement

(a) and (b). The State Governments have indicated outlays for rural electrification in the State Plans as per the statement enclosed. Schemes as submitted by the States are examined and cleared by the Technical Advisory Committee. Seven schemes submitted by State Governments for implementation during the Fourth Plan have been cleared. 13 schemes are under processing in the Central Water & Power Commission. The Rural Electrification Corporation has been set up in the Central Sector to provide additional finances for rural electrification schemes of the State Electricity Boards. Schemes are submitted by State Electricity Boards to the Rural Electrification Corporation in accordance with the criteria prescribed by the Corporation. 181 schemes have been submitted by the various state Electricity Boards out of which 110 have been sanctioned at an estimated cost of Rs. 62 crores. The remaining 71 are under examination. Up to 31st March, 1971, the number of pumpsets energised is 16,27,310 and the number of villages electrified is 1,05,870 as compared with 73,971 villages electrified and 10,88,777 pumpsets energised at the beginning of the Fourth Plan.

(c) According to the guidelines approved by the National Development Council and communicated to the State Governments for the formulation of the Fourth Plan, the bias in rural electrification programmes continues to be on the energisation of irrigation pumpsets for increasing food production. According to the directives issued by the Government of India, the Rural Electrification Corporation is required to finance rural electrification schemes formulated on the basis of a project approach and on the consideration of economic viability so that extension of electricity alongwith other investments and inputs results in increased agricultural production and reasonable returns on agricultural investments. The Corporation has been further directed to waive the condition of economic viability in respect of projects in backward areas for a short initial period not exceeding five years. The Rural Electrification Corporation has accordingly finalised detailed norms and criteria which have been communicated to the State Electricity Boards for preparation of schemes.

Statement

SHRI S. R. DAMANI : According to the statement of the 181 schemes, 110 schemes have been approved and 71 schemes are still pending. How long have these schemes been pending and what are the difficulties standing in the way of approving these schemes ? Is there any time bound programme to electrify the villages, especially in the backward areas ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : The question refers to schemes being sanctioned by the Rural Electrification Corporation which looks to the viability of a project. Every month they sanction a large number of projects and whenever any project does not satisfy the viability criteria they send it back to the State and get full information and then they pass it. I expect all these processes would be complete in the next one or two months and there would be no difficulty about that. As regards the time-bound programmes in the country, in our country there are 5.75 lakhs of villages and we have electrified 1.05 lakhs of villages. We hope to electrify fifty percent of these villages before 1980. Thereafter it will be much more easier because by that time we would have put in transmission lines all over the country, and it would be easier than to electrify the rest of the country.

SHRI S. R. DAMANI : I want to know whether the electricity rate changes from State to State and whether Government have any intention to regulate it and bring it to a uniform rate and also give some subsidy as was given by the Tamil Nadu Government so that poor farmers can use electricity ?

DR. K. L. RAO : The question of getting a uniform rate all over the country is one that we are also concerned about; we shall be happy to have that uniform rate. This can follow only when we have built up an All India grid and the various States also agree to such a procedure. I hope we shall be able to do that in the course of the next ten years. As regards subsidy I may mention that a few years back we used to give a subsidy whenever the rate exceed 12 paise. Now it is felt that it is not necessary and the farmers will be able to pay even more than 12 paise also and so the subsidy has been withdrawn. We hope that the rate will generally be between 12 and 15 paise per unit in most of the States.

श्री रामावतार शास्त्री : अभी देहातों में बिजली की कितनी आवश्यकता है इसको हम सब लोग जानते हैं। मैं जानना चाहता हूँ कि इसको ध्यान में रखते हुए क्या बिहार गवर्नमेंट न आपके पास इस सम्बन्ध में कोई योजना भेजी है और अगर भेजी है तो उसकी मुख्य-मुख्य बातें क्या हैं और आपने उसके सिलसिले में क्या फैसला किया है ?

SHRI K. L. RAO : There is no scheme as such for the whole State of Bihar. They are submitting schemes from time to time. I only wish that more of them are submitted, because we know that Bihar is one of the States where electrification is much behind. So, we have been writing to the Bihar Government also ; I have recently written to them to increase the number of schemes that can be sent in so that it will be possible for us to clear more of the schemes.

श्री के० एन० सिबारी : उस रोज मन्त्री महोदय ने जवाब देते हुए कहा था कि नार्थ बिहार में सब से कम बिजली की सप्लाई है और बरौनी में इनका पावर स्टेशन काम नहीं

कर रहा है। मैं जानना चाहता हूँ कि बरौनी में जो ट्रबल है वह कल तक खत्म होगी और बिहार को कब तक सप्लाई मिलेगी ?

क्या यह सही नहीं है कि नार्थ बिहार में बिजली का रेट सब से अधिक है ? अगर यह सही है तो इसके सम्बन्ध में क्या स्टेप लिए जा रहे हैं ?

DR. K. L. RAO : It is true that North Bihar has got very little electric power ; its *per capita* consumption probably is very little eight kilowatt hours per person, against the average of 90 for the whole of India. So, we are aware of it and we are trying to put more and more projects there. Samastipur is one and there is one near the West Bengal-Bihar border. Unfortunately, these schemes for the projects have been received only recently. Of course Barauni is there ; we have to see to its maintenance and repair. But what we require is more or additional power to be produced by stations located in that area besides getting power from Gaya to serve North Bihar.

SHRI S. B. GIRI : In Andhra Pradesh, electricity is produced particularly in the Telengana region, but the electricity has been used in the rest of Andhra Pradesh. May I know when all the villages in the Telengana region will be electrified proportionately with Andhra Pradesh ? (*Interruption*) Because the hon. Minister comes from Andhra Pradesh, though electricity is produced in Telengana, more than 7,000 villages are yet to be electrified in Telengana. While electricity is being taken to Andhra Pradesh, may I know when all the villages of Telengana will be electrified.

DR. K. L. RAO : I am sorry that the hon. Member has made an insinuation which is absurd. I wish to strongly protest at the way in which this question is put ; that is not the way to serve Telengana. (*Interruption*)

SHRI S. B. GIRI : It is a fact that Telengana has been neglected. It has been proved also. Though electricity is produced in Telengana, many of the Telengana villages have not yet been electrified. (*Interruption*)

MR. SPEAKER : Order please. You can ask this question in some other shape also. Do not try to promote your case through this innocent question.

SHRI KALYANASUNDARAM : On a point of order. When I am standing on a point of order, the Minister must sit down. The Minister has used the word 'absurd'.

MR. SPEAKER : No points of order during the Question hour.

SHRI KALYANASUNDARAM : The Minister has used the word 'absurd' against this hon. Member. Whatever may be the politics there, is it parliamentary to use the word 'absurd'.

MR. SPEAKER : I hope the Minister is too gentle to use such words. I hope he knows that though there is no objection, in the Parliamentary sense, to the use of this word 'absurd', still, in that context, it should not have been used. May I ask him to correct himself ?

SHRI P. VENKATASUBBAIAH : But while putting the question also, no insinuation should be made.

MR. SPEAKER : I have said it should not have been done.

DR. K. L. RAO : I do not think I have used that word in any bad sense, but if it hurts, I withdraw it.

MR. SPEAKER : Thank you very much. What is the reply to Mr. Giri's question ?

DR. K. L. RAO : We do not have anything like Telengana power. The power generated is in Andhra Pradesh as it is today. We have got figures only for the whole of Andhra Pradesh. Whatever power is produced, they are utilised to the benefit of various places. So far as rural electrification is concerned, we have taken a very large number of steps to supply electricity to as many backward areas as possible. Telengana, having been considered as a backward area, it has got the unique opportunity of getting one Rural Electric cooperative project worth Rs. 3 crores, which many other States do not have.

SHRI G. VISHWANATHAN : Does the Rural Electrification Corporation have any target by which total rural electrification of the country will be achieved and if so, what is the estimated cost of total rural electrification ?

DR. K. L. RAO : The corporation is a financing body. It gives loans to various State Electricity Boards and other cooperative organisations. Its finances are about Rs. 150 crores for the Fourth Plan. It has so far sanctioned projects worth Rs. 75 crores.

SHRIMATI LAKSHMIKANTHAMMA : May I know whether there is any proposal to expand the kothagudam thermal power station which is situated in Telengana ?

DR. K. L. RAO : There is a general shortage in Andhra Pradesh. Our future plans do provide for the expansion of Kothagudam and many other projects.

SHRI A. P. SHARMA : The other day the Minister said that some of the State Governments have not utilised the money sanctioned for rural electrification. I want to know the position in Bihar. Will he ask the State Government to see that more progress is made in 1971-72 ?

DR. K. L. RAO : Quite so. We are very anxious that the money sanctioned by the Rural Electrification Corporation should be spent as quickly as possible. I shall be drawing the attention of the Bihar Government to expedite it.

SOME HON. MEMBERS rose—

MR. SPEAKER : There are so many rising. They can have a half-hour discussion on this.

SHRI K. S. CHAVDA : Electricity in Gujarat is dearer than in other parts of the country. May I know whether the Minister has recommended to the Ministry of Petroleum and Chemicals to reduce the price of gas and residual fuel oil so that electricity may be cheaper in Gujarat ?

DR. K. L. RAO : This concerns the general policy of price fixation of gas and oil. Many years ago we have suggested it but at the moment, it is under discussion between the Ministry of Petroleum and Chemicals and Gujarat Government. We have not taken any initiative in this matter.

SHRI C. K. CHANDRAPPAN : May I know whether the Government of Kerala has submitted a time-bound programme of electrification of all the villages in three

years' time and whether the Government of India has approved the scheme?

DR. K. L. RAO : A number of schemes have been received by us from the State Governments. I do not know exactly which scheme the hon. Member is referring to. Quite a number of schemes have been submitted to us from time to time and they are being cleared as quickly as possible. If the hon. Member writes to me about the particular scheme that he has got in view, I will make enquiries.

MR. SPEAKER : I find that the number of hon. Members standing up are more than those who have already asked questions. I think we can allow a half an hour discussion, if it is demanded. Those who are left out may try their chance there. But we cannot afford to prolong this question indefinitely.

**Satpura Thermal Power Station,
Madhya Pradesh Lying Idle**

*337. **SHRI N. K. SANGHI :** Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Satpura Thermal Power Station in the coal belt area in Madhya Pradesh is lying idle for want of coal ;

(b) whether the shortage of coal is due to lack of co-ordination between the power plant and the National Coal Development Corporation and the failure of N.C.D.C. to adequately exploit the coal reserves in the area ; and

(c) if so, the steps being taken to energise the plant ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : (a) to (c). A statement is laid on the Table of the House.

Statement

(a) The Satpura Thermal Power Station is not lying idle for want of coal. The Station is operating in accordance with the system load condition, the number of generating sets in operation at any one time varying from 3 to 4 sets, for which necessary coal is being obtained.

(b) Of the present requirements of coal of about 1900 tonnes per day, N.C.D.C. is

supplying about 1200 tonnes only and the balance of 700 tonnes is being obtained from the Pench Valley Coal-fields. The shortfall in the supply of coal from the N.C.D.C.'s own mine of Patherkheda in the vicinity of the power station is on account of shortfall in the production level at the mines and delay in implementing their expansion project which would enable the full needs of Satpura power station being met from these mines.

(c) As already stated, the power station is operating according to the system load demands. However, in view of the necessity for the station to step up generation further for feeding increased power and energy into the Bhakra System action has already been initiated by N.C.D.C. to develop the expansion project at Patherkheda which has already been sanctioned. The supply of coal will now progressively increase to 2500 tonnes per day by 1974-75 which will suffice for stepping up generation at the station. In the meantime, additional coal supplies are being obtained from Pench Valley Coal-fields by rail and road.

SHRI N. K. SANGHI : We have just now heard the clamour for electricity all over the country and yet in the Satpura Thermal Power Station only three sets are running against the five sets installed. As against the total demand of 3,500 tonnes of coal we are getting only 1,900 tonnes. May I know how much extra freight has been paid in getting the balance of coal for last year for the third plant of the Satpura Power Station ?

DR. K. L. RAO : Actually, the number is not three ; we have been running four machines now. Apart from coal, one difficulty in the case of Satpura has been transmission lines. The lines we have got are not enough. Therefore, we have recently decided to set up a 220 kv line from Satpura to Itarsi, Bhopal and Rana Pratap Sagar. When that line is completed in the course of one year, then it would be possible to push up the power generation at Satpura. We are also trying to have one Satpura-Nagpur line. When these two lines are established then it is possible that all the power generated at Satpura would be fully utilized. Regarding the question of coal apart from what NCDC is supplying, we are getting it from Pench Valley at an extra cost of Rs. 19 per ton.

SHRI N. K. SANGHI : Since power shortage is a chronic problem which has created difficulties to the States, what is the difficulty in expediting the lines to Nagpur and Rajasthan so that power can be used by Madhya Pradesh and Rajasthan ?

DR. K. L. RAO : It is true that there is some delay in the case of inter-State lines. That is why we have recently decided that inter-State lines, inter-regional lines shall be constructed by the State. If there is any delay, we propose to take over the construction of these lines in the Central sector.

SHRI N. K. P. SALVE : Are the government aware that the Satpura Thermal Power Station can run its three generators with the coal which can be extracted from the Patherkeda mine, which is adjacent to the thermal station ? Are they aware that out of four lines only one line is working and the other three are neglected ? Would you take some steps to ensure that these mines work efficiently ? If they work efficiently, will there be any necessity of getting coal from Patherkeda mines in the private sector and paying Rs. 9 per ton extra ? Secondly, is the Minister aware that the capacity of this thermal station can be augmented to 1,000 Kw, as there is adequate coal in the area adjacent to the thermal power station which has not been exploited ? If the government is aware of that, what steps are they taking in the matter ?

MR. SPEAKER : He is giving information in the form of a leading question. Why does he not ask a direct question ?

SHRI N. K. P. SALVE : It is a direct question. Would they exploit the coal in the coal-bearing area and augment the capacity ?

DR. K. L. RAO : It is a very good idea for generation of power and we are programming to make 1,000 kw power in the next decade. It is also true that the coal there can be exploited to meet the demand of the thermal station. Unfortunately, NCDC has not been able to meet all the requirements. There are many reasons for it. Actually, I am most anxious that the coal mine should be worked by the power station, in which case we will get coal much cheaper. This is a matter for discus-

sion between the Madhya Pradesh Government and the NCDC and I wish Madhya Pradesh Government success in their efforts.

SHRI N. K. P. SALVE : What amount augmenting the supply ?

DR. K. L. RAO : I have already replied to it.

SHRI D. D. DESAI : In view of resistance by certain States for inter-linking the power grids in various States, would the hon. Minister consider making allocation of funds on the basis of certain tie-up with transmission lines.

DR. K. L. RAO : I have not exactly followed the hon. Member. Probably, he means there should be more of transmission lines. I am fully aware of that. We are trying to augment the voltage to a higher level. We are using 220 kw and we are going to have 400 kw so that more power can be transmitted.

SHRI D. D. DESAI : My question was whether the hon. Minister will consider funds tied-up with particular inter-linked transmission lines inter-connecting the various State power grids ?

SHRI K. L. RAO : That is what I submitted.

MR. SPEAKER : The question is about the Satpura Thermal Power Station. How is it linked up with this ?

SHRI D. D. DESAI : Madhya Pradesh has to be linked up with various States so that more power can be generated by Satpura if transmitted and utilised.

DR. K. L. RAO : That is what I submitted. We are trying to inter-connect every State with other States. Madhya Pradesh is already linked up with Maharashtra. We are going to augment the voltage to a higher level. We are also inter-connecting with Rajasthan, Uttar Pradesh and from Amarkantak to Rihand.

SHRI SANJEEVI RAO : Since a lot of coal is being accumulated at Singareni coal mines, what is the exact position of start-

ing power stations in the Singareni coal mines area ?

DR. K. L. NAO : Singareni is full of coal. We are planning for the next decade for further expansion of power in that area.

Electrification of Indian Railways

*341. SHRI M. KATHAMUTHU : Will the Minister of RAILWAYS be pleased to state :

(a) whether scheme for electrification of Railway routes during the Fourth Plan have been finalised ; and

(b) if so, the decision taken in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI) : (a) Yes, Sir.

(b) Electrification of the following Railway sections comprising 1758 route kms. have already been approved for being taken up during the Fourth Five Year Plan :

Section	Route Kms.
1. Virar-Sabarmati	442
2. Waltair-Kirandul	471
3. Panskura-Haldia	69
4. Tundia-Delhi	292
5. Madras-Vijayawada	484
	1758

SHRI M. KATHAMUTHU : I understand the Study Team of Railways has recommended electrification of Madras-Cochin Section. May I know from the hon. Minister why the Programme is not included in the Fourth Plan.

SHRI MOHD. SHAFI QURESHI : This electrification requires a very high initial investment which is to be justified economically on sections carrying a very high density of traffic. As and when we feel that the density of traffic is so great that we have to electrify, we will certainly take that into consideration.

SHRI M. KATHAMUTHU : Will the hon. Minister consider electrification of

Madras-Arakkonam line at the first stage as it being a very heavy traffic area ?

MR. SPEAKER : This is a general question about electrification of Indian Railways.

श्री हुकम चन्द कछवाय : अध्यक्ष महोदय, मैं मन्त्री महोदय से यह जानना चाहता हूँ कि क्या यह माँग भी आई है कि बम्बई से बड़ौदा और बड़ौदा से अहमदाबाद बिजली की लाइन चालू की जाय ?

श्री मुहम्मद शफी कुरेशी : माँगें तो आती रहती हैं। इसके बारे में मुझे कोई खास वाकफियत नहीं है।

SHRI B. S. MURTHY : The Vijayawada-Madras Electrification was taken up in the Third Five Year Plan. It has not been completed. I want to know the reason.

SHRI MOHD. SHAFI QURESHI : As I have already stated the project Madras-Vijayawada section has been approved for execution during the Fourth Five Year Plan.

Linking Up of Container Freight Service with International Traffic

*345. SHRI KALYANASUNDARAM : Will the Minister of RAILWAYS be pleased to state :

(a) whether there is a proposal to link up streamlined container freight service with international traffic by the utilisation of container-ships ;

(b) if so, the main features thereof ; and

(c) what preparatory work is being done to implement the proposal ?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI) : (a) The subject is under examination.

(b) and (c). Government of India has appointed a Working Group to go into the matter. The draft report of the Working Group will be finalised shortly, and on its

receipt with the Government, Government will consider this matter.

SHRI KALYANASUNDARAM : In considering this proposal, may I know what are the advantages that the Railways are thinking to gain by this ?

SHRI MOHD. SHAFI QURESHI : As I have stated the matter has been referred to the Committee. It is only after getting the report that we will be able to know what the position will be.

Narmada River Tribunal

*349. **SHRI D. D. DESAI :** Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the progress so far made by the Narmada River Tribunal ; and

(b) the date by which the Tribunal Report is likely to be presented ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) The adjudication proceedings are in progress.

(b) While efforts are being made by the Tribunal to complete their work as expeditiously as practicable, it is not possible at this stage to indicate when the adjudication proceedings are likely to be over.

SHRI D. D. DESAI : In the meantime what arrangements are made by the Government to control the floods of Narmada and to compensate the annual losses due to this flooding by Narmada draining Madhya Pradesh ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : The question is about Tribunal. He has asked about controlling the flood of Narmada. The flood can be controlled only after the construction of the dam. In the meantime the Gujarat Government is taking action to protect some of these areas and to remove some of these villagers, to other villages.

SHRI D. D. DESAI : The dam has been withheld for some long time. The position is that hundreds of villages are submerged year after year. Some sort of arrangement and some equity has to be adopted.

DR. K. L. RAO : I could not follow.

SHRI D. D. DESAI : Dam construction is withheld because it is submerging some area and a village or a few villages of Madhya Pradesh. Would not Government care to consider similarly a situation where thousands of villages...

MR. SPEAKER : The main question relates to the work of the tribunal. But if the hon. Minister is in a position to answer the question, I do not mind...

SHRI D. D. DESAI : The answer given so far was vague and there was no substance in it...

DR. K. L. RAO : The hon. Member is saying, I think, that we are afraid of submerging villages in Madhya Pradesh but we do not care for the submerging of villages in Gujarat, and, therefore, he wants that something must be done about it.

SHRI PILOO MODY : There is flooding of the villages in Gujarat.

DR. K. L. RAO : I am afraid that this is a theoretical way of talking about things. The tribunal has to sit and give its judgment before we can say that steps can be taken to prevent flood damage or give flood protection in the Narmada valley. It is true that any river towards the end where it joins the sea forms a delta, and that portion is always low, and, therefore, the Broach area is submerged and it is subject to flooding from year to year. But it is quite true that the lands on which floods and flood damage can be prevented are by the construction of the detention reservoir and the construction of embankments. These two have to await a final decision to be given by the tribunal.

श्री भागीरथ भदर : अध्यक्ष महोदय, नर्मदा के बारे में जो ट्रिबुनल बनाया गया है, वह कब तक फैसला कर देगा ? दूसरा प्रश्न ये जो मध्य प्रदेश के कुछ गाँव डूबने जा रहे हैं, वे कितने गाँव हैं, उनमें कितनी भूमि डूबने जा रही है तथा उसके लिए शासन क्या बिचार कर रहा है ?

MR. SPEAKER : The main question

relates to the progress of the work of the tribunal. If the hon. Member wants other details, if he gives separate notice, the hon. Minister will be able to answer it. But it does not arise out of the main question.

SHRI S. B. GIRI : Part (b) of the main question has not been answered.

MR. SPEAKER : He has answered it already.

Report of Inquiry Commission, British India Corporation

*351. **SHRI S. M. KRISHNA :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the inquiry against the British India Corporation, Kanpur has since been completed ; and

(b) whether Government proposed to lay on the Table of the House the report of inquiry and if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) Yes Sir,

(b) It would not be in the public interest to lay on the Table of the House the Report of the Investigating Authority. However, a statement containing salient features of the Report is laid on the Table of the House.

STATEMENT

Summary containing salient features of the Report on B. I. C. Affairs

1. The Investigation Authority consisting of Shri S. P. Singh found that there was marked deterioration in the affairs of the Corporation during the years 1965 to June, 1968 i. e., the period covered by the investigation. He has summed up his findings as follows :—

“Bank borrowings increased ; credit worthiness declined ; administration became loose in all the units ; the morale of the officers and the staff was adversely affected and serious irregularities occurred in the maintenance of accounts. Indigenous wools and raw hides were purchased at rates higher than the prevailing rates. Imprudent methods were adopted in the purchase

of import entitlements through N. D. R. in 1966. Large stocks of slow moving and sub-standard goods were produced in both the woollen branches and leather units in 1965-1966 leading to huge accumulation of stocks resulting in heavy losses. The sale of holding interest in the two sugar companies in 1967 was a transaction very much against the interest of the Corporation. The Cooper Allen and North West Tannery Branches were already sick units and they deteriorated further during the year in question. Apart from the defective purchase of raw hides, there was unplanned purchase of stores and chemicals. The policy relating to the sale of civilian footwear was also defective. Shady deals and corrupt practices were resorted to by some of the officers of this unit. All these contributed to the mounting losses. The causes of adverse trading results in all the units were not so much due to the external circumstances or circumstances beyond the control of the Management as to the internal mismanagement which largely contributed towards the marked deterioration in the affairs of the Corporation. In 1967 the financial position of the Corporation became so bad that cheques for even small sums of Rs. 2.75 or Rs. 3.00 were dishonoured by the State Bank of India.”

2. In view of his finding mentioned above, the Investigating Authority concluded that the opinion of the Central Government in 1968, to the effect that the management of the affairs of the Corporation was being conducted in a manner highly detrimental to the undertaking and the public interest, was justified. The Authority recommended that the Central Government may have to consider the desirability of issuing appropriate directions to the Company as provided for under Sections 16(1) of the Industries (Development and Regulation) Act, 1951 to ensure the competent and efficient management of the undertaking.

SHRI S. M. KRISHNA : After persistent demands made on the floor of the House, an inquiry commission was appointed to go into the sordid affairs of the British India Corporation in Kanpur. The salient findings of the inquiry commission

are as follows. I would just quote two lines from the report of the commission.....

MR. SPEAKER : Let him not quote from it

SHRI S. M. KRISHNA : I just want to draw the attention of Government to what exactly they have been doing

MR. SPEAKER : I do not want this practice to be adopted by this House. Let the hon. Member kindly ask a straight question. Let him put it in the shape of a question.

SHRI S. M. KRISHNA : In view of the shady deals and corrupt practices which were found by the inquiry commission, what is it that the Government of India have done, after the report was submitted to Government ?

SHRI GHANSHYAM OZA : We have issued several directives, and we are seeing that they are followed by them.

SHRI S. M. KRISHNA : He says he has given several directives. Is it a fact that even today the executive power vests with the Bajorias, the persons who were responsible for this massive mismanagement in BIC, Kanpur ?

SHRI GHANSHYAM OZA : It is true we have not taken over the management,

SHRI S. M. KRISHNA : What prevents Government from taking over ? Have not demands been made on the floor of the House ?

SHRI PILOO MODY : Political considerations.

SHRI GHANSHYAM OZA : No political considerations at all. We are hopeful that if the directives are implemented, things will look up. We are giving a trial before taking over.

SHRI S. M. BANERJEE : It is agreed that certain directives have been issued. But the main purpose of the inquiry, and the intention of the late lamented Pandit Nehru, was to take over some of the concerns, specially, Cooper Allen, which has been taken over by Government—I congratulate them

on it—and Lal Imli because the major part of the work done by them is for defence. Now that Shri Uma Shanker Dixit, who was the Chairman, has become a Minister, who is going to be the Chairman ? Also will the executive power remain with the Bajorias or with Government ? This is a matter in which we cannot have a mixed economy. It has to be run efficiently; 35,000 workers are there.

SHRI GHANSHYAM OZA : These are suggestions for action. We are equally eager that things look up and the Corporation is run properly.

SHRI S. M. BANERJEE : My questions were specific. First I asked who is going to be the Chairman now that Shri Dixit has become a Minister.

MR. SPEAKER : He has taken note of it.

SHRI N. K. P. SALVE : Consider Banerjee.

SHRI S. M. BANERJEE : I have great regard for Shri Oza. But he must answer my question.

MR. SPEAKER : Who does he want ?

SHRI S. M. BANERJEE : Any person of integrity, but we do not want a politician, certainly not a defeated politician.

MR. SPEAKER : He asked about the future Chairman.

SHRI S. M. BANERJEE : Not future. Who is going to be the Chairman in place of Shri Dixit ? The question I asked was whether the executive power would remain with Government or the Bajorias ?

SHRI GHANSHYAM OZA : Beyond giving specific directives for improvement of the management, we cannot at present go. As for the Chairman, the question is being looked into.

Increase in Freight Rates and Passenger Fares

*352. **SHRI S. C. SAMANTA :** Will the Minister of RAILWAYS be pleased to state :

(a) whether over the past 20 years, staff

costs on Indian Railways had gone up by 148 per cent, fuel costs by 133 per cent and repair and maintenance costs by 198 per cent, but freight rates during the same period had risen by 67 per cent and passenger fares by 69 per cent only ; and

(b) if so, the reasons why Government did not make corresponding increase in the freight rates and passenger fares ?

THE MINISTER OF RAILWAYS
SHRI HANUMANTHAIYA : (a) and (b). A statement is laid on the Table of the House.

Statement

(a) The latest figures based on the Revised Estimates of 1970-71 show the following increases in the *per capita* cost of staff and prices of important stores consumed by the Railways and the increases in the average rate charged per passenger kilometre and tonne kilometre between 1951 and 1971 :

	Percentage increase in 1970 -71 over 1950 - 51
<i>per capita</i> post of staff	171
Index of wholesale prices of —	
(a) Coal	138
(b) Mineral oils	102
(c) Electricity	88
(d) Iron & steel manufactures	200
(e) Cement	148
Average rate realised per passenger kilometre	69
Average rate realised per tonne kilometre	69

(b) The reasons are .

(i) Such a steep increase would have far reaching repercussions on the economy of the country.

(ii) It would weaken the competitive position of the Railways, particularly in respect of high-rated commodities and medium-distance passenger traffic.

(iii) It would be strongly resented by rail users.

(iv) It was felt necessary that the benefits flowing from modernisation (dieselisation,

electrification and improved signalling the economies of scale should be the rail users.

SHRI S. C. SAMANTA : With the increase of passenger fares and freight, has there been an increase in the facilities, and if so, by what per cent ?

SHRI HANUMANTHAIYA : Facilities have been increased. The expenditure having risen from Rs. 2.4 crores in 1951-52 to about Rs. 4.5 crores, it is a hundred per cent increase in passenger amenities.

SHRI S. C. SAMANTA : The hon. Minister has given us figures of increase of fares and freight in the last 20 years ? How do they compare with the fares and freight in neighbouring countries ?

SHRI HANUMANTHAIYA : I require notice.

SHRI INDER J. MALHOTRA : When does the Minister plan to start making efforts towards decreasing, instead of increasing, the fares and freight.

SHRI HANUMANTHAIYA : I have already indicated in my budget speech as well as in my reply to the general debate on the Railway Budget, several steps have been taken and the results will be known by the time we reach the stage of the next budget.

SHRI P. VENKATASUBBAIAH : May I know whether, in order to economise expenditure and bring down the passenger fares and freight rates, they will also think in terms of ushering in a sort of a crash programme to convert the different gauges into one uniform broad gauge ?

SHRI HANUMANTHAIYA ; I have made an announcement of policy on that also.

SHRI N. K. P. SALVE : In order to economise on expenditure and increase efficiency, would the Minister consider scrapping this obsolete and useless institution of the Railway Board which has been found to be a white elephant ; if not, why not ?

MR. SPEAKER : I am sorry this is not relevant.

Master Plan for Rural Electrification in Rajasthan

*354. SHRI BRIJ RAJ SINGH—KOTAH : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Rajasthan Government have recommended to the Central Government for selection of 10 Districts in Rajasthan for preparation of a Master Plan for rural electrification ; and

(b) if so, the main features of the proposal ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). A statement is laid on the Table of the House.

Statement

(a) and (b) No recommendation has been received from the Rajasthan Government regarding preparation of a Master Plan for rural electrification in some selected districts of Rajasthan. A provision of Rs. 14 crores has been made in the State Plan for rural electrification schemes envisaging the energisation of 35000 pumpsets. The Rural Electrification Corporation is also providing additional finance to the Rajasthan State Electricity Boards for implementation of rural electrification schemes. So far the Rural Electrification Corporation has sanctioned five schemes for Rajasthan at an estimated cost of Rs. 3.23 crores for energisation of 9465 pumpsets and electrification of 429 villages. In all, from finances provided in the State Plan and by the Rural Electrification Corporation and other financing institutions, the State Electricity Board expects to energise 50,000 pumpsets and electrify 2800 villages during the Plan period as compared with 19154 pumpsets energised and 2219 villages electrified at the beginning of the Fourth Plan.

SHRI BRIJ RAJ SINGH—KOTAH : Is the name of Kotah District also included ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : Yes, it is a very important place.

SHRI BRIJ RAJ SINGH—KOTAH : Are you doing something about this

Refinance Scheme which provides funds to put electricity in the villages ?

DR. K. L. RAO : We are having a big programme, and for Rajasthan I think five projects have been sanctioned. We are expecting many more projects to be sanctioned because Rajasthan is very backward in rural electrification.

Introduction of direct Train from Delhi to Waltair

*358. SHRI B. S. MURTHY : Will the Minister of RAILWAYS be pleased to state :

(a) whether there is any direct train or bogie/bogies from New Delhi to Waltair ;

(b) if so, the frequency thereof ;

(c) whether III sleeper accommodation is available there considering that passengers have to spend two days and two nights on the train ; and

(d) if not, whether his Ministry is contemplating to provide the said accommodation ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes, Sir. A composite First-cum-third class through coach.

(b) Twice a week by 15 Dn/16 Up. G.T. Express and the connected 45 Up/46 Dn Express trains.

(c) No, Sir.

(d) No, Sir.

SHRI B. S. MURTHY : I have already pointed out in the question that the passengers have to spend two days and two nights on the train. May I know whether the Railway Board is contemplating some facilities to be provided for long-distance travellers ?

SHRI HANUMANTHAIYA : The answer has been given. The permissibility of the load capacity is the limiting factor. Therefore, it is difficult to accept the suggestion of my hon. friend.

SHRI B. S. MURTHY : It is not a suggestion, it is a question.

WRITTEN ANSWERS TO QUESTIONS

Setting up of Industrial Units in Backward Areas by Big Business Houses

*331. SHRI P. K. DEO : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government have taken a decision to insist upon the big business houses to set up new industrial units and ancillaries in backward regions on certain conditions ;

(b) if so, under what conditions ; and

(c) the number of applications received from big business houses to set up new industrial units since January, 1971 and the number of licences/letters of intent granted under the new decision ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). It is an accepted policy of the Government to accord preferential and priority treatment to applications for setting up new units or expansion of existing units in industrially backward areas, subject to economic viability and technical feasibility of the proposals. Government have also decided that applications from the Larger Industrial Houses, who are normally expected to participate in and contribute to the establishment of industries in the 'core' and 'heavy investment' sectors, could also be considered for setting up units even in other industries in backward areas where other entrepreneurs are not willing to invest.

(c) During the period from 1-1-1971 to 31-3-1971, 77 applications have been received from concerns belonging to or controlled by the 20 Larger Industrial Houses. Out of these 77 applications, 14 were for the establishment of new undertakings. During this period, 27 Industrial Licences and 2 Letters of Intent have been issued to concerns belonging to or controlled by the 20 Larger Houses. Out of these, 3 licences are for new undertakings and 3 for 'carrying on business', and one letter of intent is for a new undertaking in backward regions.

Delay in construction of Beas-Sutlej Link Project

*332 SHRI B. K. MODAK : Will

the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the construction work on Beas-Sutlej Link Project is getting delayed due to paucity of funds ; and

(b) if so, the steps taken by Government to provide funds in time ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : (a) No, Sir. The requisite funds for the Project are being provided.

(b) Does not arise.

मेरठ में इलाहाबाद उच्च न्यायालय की बेंच का स्थापित किया जाना

*338. श्री रामचन्द्र विकल : क्या बिधि और न्याय मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या इलाहाबाद उच्च न्यायालय की बेंच के मेरठ में स्थापित किए जाने का प्रश्न विचाराधीन है, यदि हा, तो कब से ;

(ख) इस माग को करने वाले व्यक्तियों/पक्षों के नाम क्या है ; और

(ग) इस सम्बन्ध में अन्तिम निर्णय कब तक ले लिए जाने की सम्भावना है ?

बिधि और न्याय मंत्रालय में राज्य मंत्री (श्री नीतिराज सिंह चौधरी) : (क) जी नहीं ।

(ख) और (ग). मेरठ में उच्च न्यायालय की न्यायपीठ की माग करने वाले । सकलपी की प्रतिमा बार एसोसिएशन नगीना, बलकटरेट बार एसोसिएशन, बुलदशहर मेरठ बार एसोसिएशन तथा पश्चिमी उत्तर प्रदेश चैम्बर आफ कामर्स, मेरठ से 1969 में प्राप्त हुई थी । चूकि उत्तर प्रदेश सरकार की कोई प्रस्थापना इस सम्बन्ध में नहीं थी इसलिए इस मामले में केन्द्रीय सरकार के विनिश्चय करने का प्रश्न ही नहीं उठता ।

Flood Control in Assam

*339. SHRI JYOTIRMOY BOSU : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the attention of Govern-

ment has been drawn to the demand made by the Assam Chief Minister to take over the responsibility of flood control in Assam by taking over the Brahmaputra Flood Control Commission ; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : (a) and (b). The Chief Minister of Assam has written to the Prime Minister stating that the task of controlling the Brahmaputra and its tributaries is beyond the resources of the State Government and that the responsibility should be taken over by the Central Government and has suggested that this matter could be discussed.

This matter is yet to be discussed.

Proposals to Halt Deluxe and Western Express Trains at Sawai Madhopur

***340. RAJMATA GAYATRI DEVI :** Will the Minister of RAILWAYS be pleased to state :

(a) whether Government have accepted the proposal to halt the Deluxe and Western Express Trains at Sawai Madhopur Junction ; and

(b) if so, from which date the proposal would be implemented ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) and (b). The stoppage of 25-Dn/26-Up Airconditioned Paschim Express at Sawai Madhopur station has been provided with effect from 1-4-1971.

Issue of Licences to Voltas for Manufacture of Additional Machinery

***342. SHRI CHINTAMANI PANIGRAHI :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to

(a) whether Voltas has been licensed for the manufacture of additional machinery of nearly a crore of rupees per year ; and

(b) if so, whether this was scrutinised before hand by the Monopolies Commission ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). Yes, Sir. M/s. Voltas were granted an industrial licence in August, 1969 for the manufacture of 12 numbers a year of Rotary-cum-Down Hole Blast Hole Drills valued at Rs. 1.08 crores. The question of scrutiny by the Monopolies Commission did not arise as the Monopolies and Restrictive Trade Practices Act had not come into operation then.

Coaches of Calcutta-Bound Coalfield Express Gutted at Dhanbad Station

***343. SHRI KRISHNA HALDER :
SHRI SAMAR GUHA :**

Will the Minister of RAILWAYS be pleased to state :

(a) whether 3 coaches of Calcutta-bound Coalfield Express were gutted at Dhanbad Station on the 11th May, 1971 ;

(b) if so, the reasons thereof ;

(c) whether the attention of Government has been drawn to the increasing number of accidents to Railway trains such as short circuit etc. ; and

(d) if so, the steps taken by Government to avert such incidents ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) On 11-5-1971 when the rake of Coalfield Express consisting of 14 coaches was standing berthed in a siding at Dhanbad Station, the dining car and the adjacent third class chair car of the rake caught fire at about 04.15 hours.

(b) An inquiry was held but due to the dining car from where the fire originated having been destroyed by fire, no definite cause could be established.

(c) No, Sir. The facts are otherwise and the incidence of fires in trains has come down significantly. During the year 1970-71 i.e. April, 1970 to March, 1971, there were only 12 cases of fires in trains against 47 cases during the previous year i.e. 1969-70.

(d) (i) As a result of detailed studies conducted by the Research Designs and Standards Organisation, comprehensive modifications were carried out in the

electrical train lighting system of coaches.

- (ii) All coaches particularly wooden bodied coaches are being tested for leaks.
- (iii) Insulating sleeves are being provided on leads of fans and junction boxes.
- (iv) Branch wiring of coaches is being thoroughly checked during periodical over-haul.

Bottling Plants for Gold Spot and Coca-Cola

*344. SHRI S. P. VERMA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

- (a) the number of bottling plants bottling Gold Spot in the country in the year 1965 and 1970 and their locations ; and
- (b) the number of bottling plants bottling Coca-Cola in the country in the year 1970 ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) Twenty eight bottling plants were bottling Gold Spot' in the country in the year 1970 as against fifteen such plants in the year 1965. A list showing the location of 'Gold Spot' bottling plants is laid on the Table of the House. [Placed in Library. See No. LT-344/71.]

(b) Twenty-one bottling plants were bottling 'Coca-Cola' in the year 1970.

Closure of Small Scale Industries due to shortage of Coal and Steel

*346. SHRI BISHWANATH JHUNJHUNWALA :
SHRI NATHU RAM
AHIRWAR :
SHRI CHANDRIKA PRASAD :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

- (a) whether a large number of small industrial units in the country are faced with the consequence of closure due to the acute shortage of coal and steel ; and
- (b) if so, the total need of these units and the steps taken by Government to meet them ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD):

(a) No, Sir.

(b) Does not arise.

Shortage of Power in Delhi due to fall of Water Level in Sutlej

*347. SHRI N. S. BISHT :
SHRI K. M. MADHUKAR :

Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether he has stated that Delhi is likely to face an acute shortage of power in case the water level in the Sutlej river does not rise ; and

(b) if so, the measures taken or proposed to be taken by Government to maintain adequate supply of power to Delhi ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : (a) and (b). In the statement laid on the Table of the House on the 25th May, 1971, I had pointed out that if the inflows into Bhakra did not improve, there would be reduction in generation of about 2 million units per day at Bhakra and as a consequence all the States receiving power from the Bhakra Project would have to cut down their power consumption. This would affect Delhi as well. Accordingly, Government had prepared a scheme for load shedding in Delhi area which was being kept ready for implementation, in case the power supply position at Bhakra aggravates. (However, the position has since improved considerably). The measures included load shedding of about 30 to 50 MW in Delhi by—

- (i) Shifting of shop hours.
- (ii) banning the use of decorative lights and illumination of fountains.
- (iii) regulating cinema shows.
- (iv) staggering of industrial loads.
- (v) phased load shedding of feeders in different areas of different hours of the day.

Apart from improvement in power generation at Bhakra, commissioning of the 55 MW generating unit at I.P. Station, Delhi in a few weeks' time, commissioning of Badarpur Thermal Power Station next year and inter-connections with neighbour-

ing power systems, will ensure maintenance of adequate supply of power to Delhi.

New Procedure of counting of Votes

*348. SHRI JAGANNATHRAO

JOSHI :

SHRI R. V. BADE :

Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether during the last Elections to Lok Sabha, substantial changes were made in the procedure for counting of votes without consulting the major political parties ; and

(b) if so, the names of the political parties, separately, which supported or opposed the new procedure for counting of votes ?

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY) :

(a) and (b). The counting procedure was changed by making suitable amendments to the Conduct of Elections Rules, 1961, on the basis of the recommendations received from the Election Commission. The procedure thus adopted for amendment of the rules does not constitute any departure from the practice hitherto adopted, nor does the law governing the conduct of elections provide for any prior consultation with the political parties before amendments to rules could be undertaken. A letter dated the 20th January, 1971, jointly signed by the following persons belonging to the political parties indicated against their names was received in the Election Commission expressing opposition to the introduction of last minute changes in the rules :

1. Shri Pitamber Dass — Jan Sangh
2. Shri Raj Narain — Samyuktha Socialist Party
3. Shri S. D. Mishra — Congress then led by Shri Nijalingappa
- 4 Shri R. C. Cooper — Swatantra

No communication opposing the new procedure was received from any other political parties.

Shortage of Coal in Delhi due to Strike of Railway Workers

*350. SHRI G. Y. KRISHNAN : Will the Minister of RAILWAYS be pleased to state :

(a) whether due to the strike of Railway workers there has been an acute shortage of coal in the capital since January, 1971 ; and

(b) if so, the steps taken by Government in this regard ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) and (b). Strike of Railway Staff and other factors have affected movement of coal to Delhi since January 1971 and even earlier since September 1970.

Drop in movement of coal to Delhi was caused due to a general drop in coal loading from West Bengal and Bihar fields during 1970-71 and particularly since September 1970 due to the serious difficulties faced by the railways in the Eastern Sector for reasons beyond their control. The single largest factor affecting the smooth train running and supply of wagons to collieries in West Bengal and Bihar fields has been the adverse law and order conditions in West Bengal such as the thefts of wagon fittings, over-head traction wires, telecommunication cables, track materials etc., victimisation of passenger and goods trains, assault and murders of railway staff, looting and arson of railway property at stations and offices, lightning and prolonged strikes by railway staff, bomb attacks at stations, yards and colonies, bundhs, hartals, and other stoppages of work paralysing railway operation and many other such anti-social activities. Proper and effective action to control such activities in a function of the State Governments. The railways on their part have strengthened their own Protection Force in the area to the maximum extent possible. Closest possible co-ordination is being maintained by the Railway authorities at all the levels with the State Government of West Bengal to enable them to deal with such activities effectively. They have been requested at the highest level to take firm and effective steps to restore normalcy in railway working in the area. There has, however, been no improvement in the situation so far. Once the railway working in that area is restored

to normal there will be no difficulty in meeting the coal demands satisfactorily.

Recommendations of Sub-Committee of Development Council on Leather and Leather Goods Industries

*353. SHRI DHANDAPANI : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government have accepted the recommendations of the Sub-Committee of the Development Council for Leather and Leather Goods Industries ;

(b) the steps taken by Government for rationalisation of production through mechanisation and modernisation ; and

(c) the main recommendations of the above Sub-Committee ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) The recommendations of the Sub-Committee (Machinery Sub-Committee) (apart from those of the Committee and the Panel) were considered and accepted by the Development Council for Leather and Leather goods Industries at their fifth meeting held on 25th November, 1970. These recommendations are under the consideration of the Government and will be implemented to the extent feasible.

(b) Efforts are made by the Government to rationalise the production of leather and leather goods industries through mechanisation and modernisation. Some of the steps taken by the Government in this direction are that liberal import of machinery is being allowed for balancing, modernisation and replacement purposes under the Registered Exporters Policy for these items. In so far as small scale industries are concerned they are getting necessary help for mechanisation from the National Small Industries Corporation through their hire purchase scheme. Apart from this, the STC is also assisting the small scale units in product development and setting up of fresh capacities.

(c) A statement containing the recommendations of the above Sub-Committee as accepted by the Development Council for Leather and Leather goods Industries is laid on the Table of the House.

Statement

(i) D.C., S.S.I. may assess the present

capacity for the manufacture of a leather, footwear and leather goods machinery in the small scale sector and encourage the setting up of a unit for undertaking manufacture of some of these machines.

(ii) D.G.T.D. may also be requested to study the feasibility of setting up of capacities for the manufacture of some of the sophisticated machines, the manufacture of which cannot be undertaken in the small scale sector.

(iii) C.S.I.R. should take concrete steps for developing and exploring the possibilities of indigenous know-how for the manufacture and improvement of some of the machines which are required for those industries with the active participation of C.M.E.R.I. (Central Mechanical Engineering Research Institute) and C.L.R.I. (Central Leather Research Institute). If necessary the manufacturers of leather, footwear and leather goods machinery may be associated for getting quick results.

(iv) The proto-type centres run by the National Small Industries Corporation may explore the possibilities of setting up of capacities for the manufacture of some of the machines with indigenous know-how, if necessary in cooperation with C.M.E.R.I. and C.L.R.I.

(v) Quick changes are taking place in the manufacture of machineries required for tanning, footwear and other leather goods industries. This is obviated because of the necessity to meet demand for high quality and types of leather, footwear and leather goods, which are required in various countries. The methods of construction and manufacture of footwear is changing at a very quick pace. It would be, therefore, advisable to have a Standing Committee appointed by the Ministry of Industrial Development and Internal Trade to study and watch the progress that is taking place in the machine manufacturing industry in the country and abroad so that the necessary entrepreneurial guidance can be given for setting up of new capacities with latest techniques.

(vi) Some of the shoe machinery manufacturers are finding it difficult to get essential imported components for the production of these machineries in the country because of the non-existence of any provision in the I.T.C. Policy for allowing imports according to the approved manufacturing programme. It is, therefore, recommended that when the

new policy for the 1971-72 is announced, specific provision may be made for allowing imports of essential components according to the particular manufacturing programme of the machinery manufactures.

(vii) Although there are units for the manufacture of leather, footwear and leather goods in the country, there are not enough trained technicians for the short-term and long-term maintenance of the machines. It is, therefore, suggested that large scale units having machines would train adequate number of people in the maintenance of these machines so that their services can be made use of by new units which are set up in the country.

(viii) Training of technical personnel for the specific requirements of leather and footwear machinery should be paid adequate attention to. In order to acquaint these technical personnels with the latest advances in such machinery, periodical visits to internationally known machinery fairs should be undertaken. Particularly in the footwear apart from new machines, radical new changes in techniques of production are constantly being evolved, and show technologists in this country should be permitted and encouraged to keep full abreast of such developments.

(ix) Every year the Ministry of Education sponsors several candidates in various branches of industry for training abroad. It is suggested that training in the design, maintenance and manufacture of leather, footwear and leather goods machinery should also be included in the programme.

(x) In case any indigenous manufacturer of all these machineries require their people to be trained abroad or require services of foreign technicians in the manufacture of these machines (including footwear moulds, industrial sewing machines, etc.) every facility may be provided by the Government.

Absorption of Retrenched Employees of Railway Electrification Project

*355. SHRI SAMAR MUKHERJEE : Will the Minister of RAILWAYS be pleased to state :

(a) whether the then Railway Minister assured several Members of Parliament that all the 600 retrenched employees of Railway Electrification Project would be reinstated and absorbed in regular employment anywhere on the Indian Railways ;

(b) if so, how many of them have been absorbed so far and given regular employment ; and

(c) the reasons for not absorbing the entire staff till now ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Several Members of Parliament had represented this matter to my predecessor. His decision, which is on record, was that the discharged casual labourers of the Railway Electrification should be given preference and also considered against additional vacancies.

(b) and (c). Casual labourers to the tune of 366 have already been taken back in the Railway Electrification Allahabad. In view of the workload tapering off, further chances of any of the casual labourers being absorbed are very remote. Efforts have, however, been made to get regular employment for Railway Electrification casual labourers. After screening, a panel of 158 surplus casual labourers was initially formed, out of which 114 have since joined the Jagadhri, Kalka, Alambagh and Bikaner workshops. 2 further panels of 100 and 117 have since been formed for appointment on the Northern Railway.

Credit from Nationalised Banks for Early Completion of Rajasthan, Gandak, Kosi and Other Canal Projects.

*356. SHRI BHOGENDRA JHA : Will the Minister of IRRIGATION AND POWER be pleased to state.

(a) Whether the Rajasthan, Gandak, Western Kosi and other big Canal Projects require huge amounts and the major cause of delay in their completion is paucity of funds ; and

(b) whether his Ministry has approached the Ministry of Finance for securing credit from the nationalised banks for early completion of such projects and if so, the result thereof ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : (a) Yes, Sir.

(b) The nationalised banks lend mostly short-term credit and occasionally medium-term credits only. They also lend support to the borrowing programmes of the State Governments, but they do not finance directly irrigation projects which require very long-term loans.

Introduction of Express from New Delhi to Madras.

*357. SHRI MURASOLI MARAN : Will the Minister of RAILWAYS be pleased to state :

(a) whether there is any proposal to introduce an Express to Madras from New Delhi similar to the Rajdhani Express to Calcutta; and

(b) If so, when it is likely to be introduced ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) and (b). Ministry of Railways have accepted in principle the need for introduction of a Rajdhani Express from Delhi to Madras. This, however, will have to wait till the route from Mathura to Madras is improved to cater for the higher speed.

Industries Suffering for Wanting Coal

*359. SHRI RAJDEO SINGH :
DR. RANEN SEN :

Will the Minister of RAILWAYS be pleased to state :

(a) whether the Railway Board has stated that there is no shortage of Wagons and Coal also;

(b) if so, whether the Railway Board has received representation regarding the demand for coal from the manufacturing industries that they are suffering badly in the country for want of coal; and

(c) Government reaction thereto ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) to (c). There is no shortage of railway wagons or coal as such to meet the current level of the country's coal demands.

The Railway Board have, however, received representations from the manufacturing industries about their difficulties in getting coal particularly from the West Bengal and Bihar fields.

These difficulties have been caused by the Railways' inability to function normally in the Eastern sector. The working of Eastern and South Eastern Railways has been seriously affected by the generally poor law and order conditions in West Bengal and the large scale increase in miscreants activities such as, the theft of wagon fittings, over-

head traction wires, telecommunication cables, track materials etc., victimisation of passenger and goods trains, assault and murders of railway staff, looting and arson of railway property at stations and offices, lightening and prolonged strikes by staff, bomb attacks at stations, yards and colonies, suicides, hartals, and other stoppages of work paralysing railway operation and many other such anti-social activities. Proper action to control such activities lies with the State Governments. The Railways on their part have strengthened their own Protection Force in the area to the maximum extent possible. Closest possible co-ordination is being maintained by the Railway authorities at all levels with the State Government of West Bengal to enable them to deal with such activities effectively. They have been requested at the highest level to take firm and effective steps to restore normalcy in railway working in the area. There has, however, been no improvement in the situation so far.

Disruption of Train Service on the Eastern and South Eastern Sectors of Indian Railways

*360. SHRI H. M. PATEL : Will the Minister of RAILWAYS be please to state :

(a) whether Government have come to know of several cases whether attempts were made to disrupt service by anti-social and anti-national elements on the Eastern and South Eastern sectors of the Indian Railways ;

(b) if so, the various instance in this regard known to Government ;

(c) whether he recently called a meeting of senior officers of various Departments to assess the situation ; and

(d) if so, the main points discussed thereat ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes, Sir.

(b) A statement is laid on the table of the Sabha. [Placed in Library. See No. LT-345/71].

(c) Yes.

(d) A statement indicating the decisions taken at the meeting is laid on the table of the Sabha. [Placed in Library. See No. LT-345/71].

**Grant of Safety Certificates without Testing
the Gears of Newly Introduced Colour
Light Signalling**

1501. SHRI S. M. BANERJEE : Will the Minister of RAILWAYS be pleased to state :

(a) whether the D. S. T. E. (CLS)/RE/Kanpur has given safety certificate of newly introduced colour light signalling stations between Allahabad and Tundla ;

(b) whether it is a fact that before giving safety certificates, he has not satisfied himself by testing the gears, as required in safety rules ; and

(c) if so, the reasons therefor ?

— MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) Yes.

(b) As required under the Rules, the D.S. T. E. (Colour Light Signalling) or A.S. T. E. (Colour Light Signalling) has satisfied himself by testing the gears before giving safety certificates, and where the safety certificate has originally been given by A.S.T.E. (Colour Light Signalling), it has been countersigned by D.S.T.E. (Colour Light Signalling).

(c) Does not arise.

**Gap between Supply and Demand of
Scooters in Delhi**

1502. SHRI CHANDRA SHEKHAR SINGH) : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether, against an average booking of 100 Bajaj scooters per day in Delhi by its authorised dealers, there is only a supply of 400 scooters per month for the people of Delhi, of which a big chunk is given away to people who are entitled to Government quota ;

(b) if so, whether as a result, the people registering these days at Delhi are told that their turn will come in nine years time from now ; and

(c) if so, the action being taken to ease supply position in Delhi ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) :
(a) The average number of orders booked in Delhi for Bajaj 150 cc scooters is around

60 to 65 scooters per day. Against this rate of booking, an average of 730 scooters per month were supplied to the dealers in Delhi during the period from 1st October, 1970 to 31st May 1971. Of this number, an average of 400 scooters per month were delivered to the Government allottees and the balance to the customers against normal bookings.

(b) Yes, Sir,

(c) There is a general shortage of scooters not only in Delhi but throughout the country. In order to augment the production of scooters the Government have decided to set up a public sector unit for the manufacture of a scooter of a proven foreign design for an annual capacity of 1,00,000 numbers. In addition, letters of intent have been granted to 18 parties for the manufacture of scooters based on indigenous designs and resources, for a total annual capacity of 4 14,000 numbers. Applications for substantial expansion from the existing scooter manufacturers, including M/s Bajaj Auto Ltd., are also at present under consideration. It is expected that, with the implementation of these schemes, the supply position of scooters in the country would ease over a period of time.

**Complaint against Yenkey Speedometer
used in Lambretta Scooters**

1503. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether his Ministry has received any complaint from actual Lambretta Scooter owners about certain inherent manufacturing defects in the "Yenkey" speedometers made by a Bangalore firm and used in Lambretta scooters by the Automobile Products of India, Bombay ;

(b) if so, the numbers thereof and the actual nature of complaints against these speedometers ; and

(c) the action being taken in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) :
(a) to (c). Although no complaints about manufacturing defects in the "Yenkey" Speedometers fitted in Lambretta scooters have been received by the Ministry of

Industrial Development from the scooter owners, the manufacturers of Lambretta scooters have reported to the Ministry that 335 complaints in this regard were received by them from the scooter owners during the year 1970-71. The scooter manufactures had taken up the matter with the Bangalore firm and in cases where complaints were received during the warranty period, the defective speedometers have been replaced. The Bangalore firm manufacturing these speedometers has reported that the defects complained of were (a) flickering of the needle and (b) non-functioning of the Odometer. According to them the defects are not due to use of inferior material for producing plastic components as the same material has been used in all types of speedometers with no complaints. The manufacturers claim that the number of complaints constitute less than 3% of the number of speedometers supplied over a period.

The Bangalore firm has explained that they have investigated the defect in detail and are taking corrective action to achieve closer tolerances between the Odo wheel and the traffic wheel to withstand heavy vibrations obtained in Indian road conditions.

मन्दसौर स्टेशन (पश्चिम रेलवे) पर रेलवे आउट एजेंसी का पुनः खोला

1504. डा० लक्ष्मीनारायण पांडे: क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पश्चिम रेलवे के मंदसौर स्टेशन से सीतामढ़ी तक माल भेजने के लिए कोई रेलवे आउट एजेंसी थी जिसे बन्द कर दिया गया है ,

(ख) यदि हा, तो उसके क्या कारण है ;

(ग) क्या उक्त क्षेत्र के नागरिकों तथा व्यापारियों ने इस एजेंसी को बनाये रखने के लिये अनुरोध किया है ; और

(घ) यदि हा, तो इस सम्बन्ध में क्या कार्यवाही की जा रही है ?

रेल मंत्री (श्री हनुमत्सिंग) : (क) जी हां । सीतामढ़ी में एक आउट एजेंसी थी जो मंदसौर रेलवे स्टेशन द्वारा संचालित थी

(ख) यह आउट एजेंसी यातायात न मिलने के कारण बन्द कर दी गई थी ।

(ग) जी हां । आउट एजेंसी को फिर से खोलने के लिए 1966 में प्रमोवावेदन मिले थे लेकिन उसके बाद नहीं मिले ।

(घ) आउट एजेंसी खोलने के लिये एक एजेंट चुनने के वास्ते, 1966 में दो बार टेन्डर मागे गये थे लेकिन कोई उपयुक्त व्यक्ति प्राप्ति नहीं आया । अतः इस आउट एजेंसी को फिर से खोलने का विचार छोड़ दिया गया है ।

अत्यावश्यक सामग्री की कमी के कारण मध्य प्रदेश में लघु उद्योगों का बन्द होना

1505. श्री गंगा चरण दीक्षित : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या इस्पात, लौह अयस्क, इलवा लोहा तथा अल्यूमीनियम की चादरों और सोड़े की कमी के कारण मध्य प्रदेश में कई लघु उद्योग बन्द हो गये हैं ; और

(ख) यदि हा, तो उद्योगपतियों को उक्त सामग्री की सप्लाई सुनिश्चित कराने के लिये सरकार क्या कार्यवाही कर रही है ?

औद्योगिक विकास मन्त्रालय में उप-मंत्री (श्री सिद्धेश्वर प्रसाद) : (क) और (ख). जानकारी इकट्ठी की जा रही है और समा पटल पर रख दी जायेगी ।

Changes in Present Set-up of Judiciary

1506. SHRI R. S. PANDEY : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether Government propose to introduce some change in the present set-up of the judiciary in the country to ensure quick implementation of its policies ;

(b) if so, the salient features of the proposals in this regard ; and

(c) the steps taken so far to implement the changes ?

THE MINISTER OF STATE IN THE
MINISTRY OF LAW AND JUSTICE
(SHRI NITIRAJ SINGH CHAUDHARY) :

(a) No, Sir.

(b) and (c). Do not arise.

**Introduction of a Comprehensive Legislation
for amending Procedural Law and
Criminal Matters**

1507. SHRI DHANDAPANI : Will
the Minister of LAW AND JUSTICE be
pleased to state :

(a) whether the Committee of Judges
appointed to go into the problem of arrears
in the High Courts has submitted its report;
and

(b) if so, the decision taken by the
Government thereon ?

THE MINISTER OF STATE IN THE
MINISTRY OF LAW AND JUSTICE
(SHRI NITIRAJ SINGH CHAUDHARY) :

(a) No, Sir.

(b) Does not arise.

Supply of Coal to North Bihar Area

1508. SHRI JAGANNATH MISHRA :
Will the Minister of RAILWAYS be pleased
to state :

(a) whether North Bihar has been
allowed to suffer with regards to the supply
of coal in the name of Rational Move-
ment ;

(b) whether the supply of coal to North
Bihar is allowed *via* Barauni which will not
only cost less to consumers but it will also
create an additional market in that region ;
and

(c) is so, whether Government propose
to take immediate steps to see that this long
felt demand of North Bihar is met at an
early date ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) to (c).
There is no restriction to the booking of
coal to North Bihar *via* Garhara. Such
movement is, however, rational from the
Raniganj coalfields only, except for soft coke
and hard coke which can move even from
the Jharia field to North Bihar *via* Garhara
as the size of movement involved is com-
paratively small. The other coal originating
from Jharia and Karanpura fields has to

move *via* Manjushahi due to the operational
difficulties involved in its movement *via*
Garhara. Enough coal is available in the
Raniganj fields to meet the requirements of
North Bihar.

**Alleged Political Interference in the day to
day Administration of Railways**

1509. SHRI S. A. MURUGA-
NANTHAM

SHRI R. R. SINGH DEO :

Will the Minister of RAILWAYS pleased
to state :

(a) whether a top ranking retired offi-
cial of the Railways has in reply to a ques-
tionnaire circulated by the United News of
India expressed the opinion that politicians
from Ministers to trade union leaders and
party workers interfered in the day-to-day
administration of the Railways, corroding
staff discipline and seriously impairing effi-
ciency; and

(b) if so, Government's reaction there-
to ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) Yes,
Sir.

(b) It is considered that for the satis-
factory functioning of an organisation like
the Railways it is desirable that there is no
interference with day-to-day conduct of
affairs by political or other external authori-
ties. In a letter dated 23rd March, 1971
addressed to all Members of Parliament, the
Minister for Parliamentary Affairs and Ship-
ping and Transport has appealed to them to
desist from taking up matters relating to the
service conditions of individual Govern-
ment employees and to set sound conven-
tions designed to assist members in the per-
formance of their Parliamentary duties.

**Indianisation of Superior Posts in Foreign
owned Companies**

1510. SHRI M. KATHAMUTHU :
SHRI SHYAMANAND
MISHRA :

Will the Minister of INDUSTRIAL DE-
VELOPMENT be pleased to state the pro-
gress made towards Indianisation of superior
posts in the foreign owned and foreign con-
trolled companies in India ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD): The Indianisation of superior plant in foreign-owned and foreign-controlled concerns

has been registered steadily upwards at all levels. The following statement shows the number of Indians and non-Indians employed in foreign and foreign-controlled companies on salaries of Rs. 2000/- and mensum.

State Trading in Consumer Goods

1511. SHRIMATI BIBHA GHOSH : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government propose to introduce State Trading System throughout India for main consumer goods in order to stabilise prices; and

(b) if so, the main features thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD):

(a) There is no proposal to introduce State Trading System for main consumer goods.

(b) Does not arise.

Industrial Units to provide employment to unemployed Engineers

1512. SHRI P. K. DEO : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether some industrial units for the manufacture of components for the Thumba Rocket Launching Station are being

proposed by Government to be started for unemployed engineers ;

(b) whether similar schemes to provide employment to unemployed Engineers of other areas have been envisaged by Government; and

(c) if so, where new industrial units for the proposed schemes will be located?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD):

(a) Yes, Sir. A Committee of technical Officers was constituted to select schemes and suitable technicians and entrepreneurs to run them.

(b) and (c). Government gives all encouragement to similar small scale ancillary units being set up wherever large undertakings exist.

जयपुर में राजस्थान उच्च न्यायालय की बेंच को पुनः खोलना

1513. श्री शिवराज सिंह : क्या विधि और न्याय मंत्री यह बताने की कृपा करेंगे कि :
(क) क्या सरकार, राजस्थान के लोगों द्वारा

अनुभव की जा रही कठिनाइयों और उनकी निरन्तर मांग को ध्यान में रखते हुये राजस्थान उच्च न्यायालय की बेंच पुनः खोलने की आवश्यकता समझती है ; और

(ख) क्या विधि आयोग की यह सिफारिश कि राज्यों में उच्च न्यायालय पृथक-पृथक बेंचों के स्थान पर एक ही उच्च न्यायालय होना चाहिये, किसी भी अन्य राज्य में क्रियान्वित नहीं की गई है और राजस्थान उच्च न्यायालय की जयपुर स्थित बेंच को उपर्युक्त सिफारिश के आधार पर बन्द कर दिये जाने के कारण केवल राजस्थान के लोगों को कठिनाई हो रही है ?

विधि और न्याय मन्त्रालय से राज्य-मंत्री (श्री नीतिराज सिंह चौधरी) : (क) और (ख). राजस्थान उच्च न्यायालय की जयपुर स्थित न्यायपीठ 1958 में राजस्थान राजधानी जांच समिति की सिफारिश पर तोड़ दी गई थी और उस विनिश्चय का कोई सम्बन्ध विधि आयोग की सिफारिश के साथ नहीं था। उच्च न्यायालय की कोई न्यायपीठ उसके मुख्य स्थान से भिन्न किसी स्थान में होनी चाहिये या नहीं इस पर सबसे पहले राज्य सरकार को, उच्च न्यायालय के साथ परामर्श करके विचार करना होता है। राजस्थान उच्च न्यायालय की न्यायपीठ जयपुर में फिर स्थापित करने की कोई भी प्रस्थापना राज्य सरकार से प्राप्त नहीं हुई है।

Steel shortage for wagon building Industry in West Bengal

1514. SHRI P. K. DEO : Will the Minister of RAILWAYS be pleased to state:

(a) whether all the wagon building units in West Bengal are on the verge of bankruptcy due to steel shortage; and

(b) if so, the steps taken by Government to save these industries?

THE MINISTER OF RAILWAYS (SHRI HANUMANTPAIYA) : (a) No. Wagon builders in West Bengal have however complained about inadequate supply of steel for wagon orders.

(b) The requirements of steel for wagon orders are sponsored by the Ministry of Railways under the same priority as given to Railways' own requirements. However wagon builders have not been able to fully avail the allocation of indigenous supply given to them due to financial difficulties.

Further, to meet the shortfall in indigenous supply in certain categories, Railway Board have arranged import of about 15230 tonnes of steel from their own resources, during the period April '70 to May '71. Government have also permitted all industries including the wagon builders to import steel to the extent of 50% of their last year's utilisation under public notice No. 140 of Sept. 1970.

Rise in prices of Consumer Goods and Essential Commodities

1515. SHRI R. R. SINGH DEO ;
SHRI HUKAM CHAND
KACHWAI ;
SHRI JAGANNATH RAO
JOSHI :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether prices of consumer goods and essential commodities have considerably increased in the Union Territory of Delhi and other parts of the country during the last three months ;

(b) if so, the extent of rise in price index during this period ; and

(c) the action Government propose to take to control price rise of essential commodities ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) and (b). No, Sir. The prices of consumer goods and essential commodities have generally maintained a steady trend in the Union Territory of Delhi. As regards the country as a whole, a statement is attached showing variations in the wholesale price indices of selected consumer goods as between January and April, 1971.

(c) The Government is taking all possible steps towards maintenance of price stability and policies and measures for checking price increases are kept under continuous review.

**Closure of Match Factories in
South India**

**1516. SHRI DINESH JOARDAR :
SHRIMATI BHARGAVI
THANKAPPAN :**

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the attention of Government has been drawn closure of hand-made match factories in South India, particularly in Sivakasi, due to short supply of essential raw materials ;

(b) if so, the action taken by the Government to provide raw materials such as 'match wax' and blue match paper in time ;

(c) whether the foreign controlled match sector has been allotted such materials according to its full requirements ; and

(d) if so, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD): (a) and (b). No, Sir ; but certain representations were received from Hand-made match factories and their Associations in Tamil Nadu, in regard to non-availability of adequate essential raw materials such as match-wax and blue match-paper. The matter regarding the supply of match-wax is being attended to. As regards blue match-paper, the paper mills have been requested to take necessary steps to maintain supplies of this item to the small scale match manufacturers.

(c) and (d). Both blue match-paper and paraffin wax are indigenously available and no allocations of these materials are being made to large scale match factories.

**उत्तराखण्ड में उपभोक्ता वस्तुओं के
मूल्य**

1517. श्री नरेन्द्र सिंह बिष्ट : क्या औद्योगिक विकास मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का ध्यान इस तथ्य की ओर दिलाया गया है कि उत्तराखण्ड में कोड़े से

बनाये गये अन्दर ही उपभोक्ता वस्तुओं के मूल्यों में भिन्नता पाई जाती है क्योंकि वहाँ रेलवे लाइन की व्यवस्था न होने के कारण वस्तुओं का परिवहन मीटर गाड़ियों, मजदूरों तथा खच्चरों आदि से किया जाता है जिससे भाड़ा-लागत बढ़ जाती है ; और

(ख) यदि हां, तो रिपति में सुधार करने के लिये सरकार ने क्या कार्यवाही की है ?

औद्योगिक विकास मन्त्रालय में सहायक (श्री सिद्धेश्वर प्रसाद) : (क) जी, हां ।

(ख) परिवहन व्यय में विभिन्नता होने के कारण उपभोक्ता वस्तुओं की कीमतों का कम या अधिक होना अपरिहार्य है । विशेष रूप से प्रदेश होने के कारण उत्तराखण्ड क्षेत्र में परिवहन सुविधाओं के विकास में अधिक समय लगने की सम्भावना है, इसे उपभोक्ता वस्तुओं की कीमतों में घट-बढ़ कम होता है ।

**Issue of Industrial Licences to Big
Business Houses**

**1518. SHRI CHINTAMANI PANI-
GRAHI :** Will the Minister of INDUS-
TRIAL DEVELOPMENT be pleased to
state :

(a) whether M/s. Andrew Yule, Walchand, T. V. Sundaram Iyengar Amin and Rallis have got new industrial licences during April, 1970 to April, 1971 ; and

(b) if so, the dates on which these new licences were issued to the aforesaid Big Business Houses ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD): (a) and (b). During the period from 1st April, 1970 to 30th April, 1971, industrial licences were issued to all the industrial Houses referred to, except T. V. Sundaram Iyengar. The number and dates of the licences issued to each of the industrial groups are given below :

House	No. of Licences	Date of Licences
1. Andrew Yule	3	14-4-1970 22-12-1970 19-1-1971
2. Walehand	4	31-12-1970 2-1-1971 18-1-1971 4-2-1971
3. Amin	4	18-6-1970 14-8-1970 9-12-1970 16-1-1971
4. Rallis	1	16-11-1970

Only one licence issued to M/s. Andrew Yule is for establishment of a new undertaking. The other licences are for carrying on the business of the undertaking, for substantial expansion or for manufacture of new article in an existing undertaking.

Cuttack-Paradeep Railway Line

1519. SHRI P. K. DEO : Will the Minister of RAILWAYS be pleased to state :

(a) whether the construction of the Cuttack-Paradeep Railway line is going on according to the schedule ; and

(b) if not, the reason for the delay ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes.

(b) Does not arise.

Setting up of Flood forecasting and Warning Centres

1520. SHRI P. K. DEO :
SHRI B. K. DASCHOWD-HURY :

Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government propose to set up flood forecasting and warning centres in various regions of the country ; and

(b) if so, the names of places (State-wise) where such stations (i) have been set up and (ii) are likely to be set up ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). The central Government have set up flood forecasting Centres in the most vulnerable areas in the country for issue of forecasts of floods. The details of these centres are as follows :

Location of flood forecasting centre	Location of Control room	Rivers for which forecasts are issued
1. Gauhati (Assam)	Dibrugarh Jorhat Nalbari Bespota Road Goalpara Silchar (Assam)	Main Brahmaputra. Pagladiya. Manas, Beki and Barak.
2. Jalpaiguri (West Bengal)	Nil	Teesta
3. Patna (Bihar)	Muzaffarpur Darbhanga Monghyr Birpur (Bihar)	Ganga from Buxar to Farakka, Burhi Gandak, Kamla Balan, Bagmati and Kosi.
4. Lucknow (Uttar Pradesh)	Allahabad Varanasi Gorakhpur (Uttar Pradesh)	Main Ganga at Varanasi Ghagra, Rapti and Gomti.
5. Surat (Gujarat)	Broach (Gujarat) Hoshangabad (Madhya Pradesh)	Narmada and Tapi.

6. Bhubaneswar
(Orissa)

Balasore (Orissa)
Bajahnundry (Andhra Pradesh)

Subarnarekha, Burh-
abalang, Baltarni, Brah-
mani, Rushikulya and
Mahanadi.

7. New Delhi

New Delhi

Yamuna and Sahibi.

There is no proposal at present for setting up further centres and control rooms during the Fourth Five Year Plan period.

Setting up of a Tyre plant in Public Sector with Japanese Collaboration

1521. SHRI YAMUNA PRASAD MANDAL : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government have finalised a proposal to set up a Tyre Plant in the Public Sector with Japanese collaboration ;

(b) if so, the site selected for this plant ;

(c) the estimated production capacity of the plant ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHVAR PRASAD) :
(a) No, Sir.

(b) and (c). Do not arise.

Cost Estimate of Gumti Hydel Project

1522. SHRI DASARATHA DEV : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the estimated cost of Gumti Hydel Project, Tripura ;

(b) whether the cost has been revised, if so, the reasons therefore ;

(c) the revised cost estimate of the project ; and

(d) whether the progress of the work is satisfactory and, if not, the reasons thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) The present estimated cost of Gumti Hydel project is Rs. 633.31 lakhs.

(b) The estimated cost as sanctioned in January, 1965 was Rs. 312.62 lakhs and has since been revised. The reasons for the revision of the cost are (i) change in the design features of the dam from earth-cum-

rock fill dam to brick masonry-cum-concrete dam ; (ii) provision of a partly open and partly cut and cover-channel as against a brick-lined power channel originally ; (iii) increased provision for residential and non-residential buildings ; (iv) general increase in the cost of equipment and (v) corresponding increase on establishment and other indirect charges.

(c) The revised estimated cost of the project is Rs. 633.31 lakhs.

(d) There has been some slippage in the targets of execution of various items of works. The reasons may be attributed to the delay in the supply of explosives for excavation, difficulty in the procurement of steel, lack of proper road and rail communication facilities, maintenance trouble with the construction machinery used by the contractors and late supply of construction power.

Strike by workers of Railway Goods Shed, Alwaye (Kerala)

1523. SHRI A. K. GOPALAN : Will the Minister of RAILWAYS be pleased to state :

(a) whether the workers in the Railway Goods shed, Alwaye (Kerala) launched a one-day token strike on the 5th May, 1971 in support of their demands ;

(b) if so, the main demands of the workers ; and

(c) the steps taken by Government to meet them ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Certain labourers engaged by the merchants' contractors at Alwaye Goods shed struck work for one hour on 5-5-1971 and again from 8-5-1971 to 11-5-1971.

(b) and (c). They demanded higher wages. The contractors having agreed to increase their wages, the strike was called off and the labourers resumed work from 12-5-1971.

Increase in berths and seats in Dehradun Express and Janata Express between Bombay Central and Kotah

1524. **SHRI ONKAR LAL BERWA :**
SHRI HUKAM CHAND
KACHWAI :

Will the Minister of RAILWAYS be pleased to state :

(a) whether Government propose to increase the number of berths and seats in the Dehradun Express and Janata Express between Bombay Central and Kotah ; and

(b) if so, the number of berths and seats proposed to be increased in these trains ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) and (b). The load of 19Dn/20Up Bombay-Dehradun Express has been augmented by 3 bogies between Kota and New Delhi and of 23Dn/24Up Bombay Delhi Janata Express by one III class coach to clear the summer rush.

Conversion of Miraj-Kurduvadi-Latur Line into Broad Gauge (South Central Railway)

1525. **SHRI S. R. DAMANI :** Will the Minister of RAILWAYS be pleased to state :

(a) whether the survey for conversion of the narrow gauge line between Miraj-Kurduvadi-Latur into broad gauge has been completed ;

(b) if so, what are the findings ; and

(c) when the work on this line would be started ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) to (c). Engineering and traffic surveys for the conversion of the Miraj-Kurduvadi-Latur N.G. section to B.G. were carried out in 1956-57 and the project was found to be unremunerative. However, based on the recommendations of the Uneconomic Franchise Lines Committee, 1969, a traffic survey for assessing the present day traffic prospects and justification for the conversion of only the Kurduvadi-Pandharpur N.G. section to B.G. has now been undertaken. A decision regarding the conversion of the line will be taken after the survey is completed and the results thereof become known

Schemes for Expansion of Paper Mills

1526. **SHRI S. R. DAMANI :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether some of the big paper mills have submitted schemes for expansion ;

(b) if so, for how long these schemes are pending, and how many have got clearance ; and

(c) the reasons for the delay in the disposal of the remaining cases in view of the acute shortage of paper in the country.

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDHESHVAR PRASAD) : (a) to (c). Since re-licensing of paper industry in February, 1970, fifteen applications have been received from big paper mills. Of these, seven have already been approved. Three applications received in 1970 are under examination from the angle of Monopoly and Restrictive Trade Practices Act. Five applications received recently are under various stages of procession.

Reform of Election Laws

1527. **SHRI N. K. SANGHI :** Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether the election Commission has reiterated its earlier plea for reform of Election Laws ; and

(b) if so, the nature of reforms suggested and the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY) : (a) Yes, Sir.

(b) Two statements containing the main recommendations of the Election Commission were laid on the Table of the House on the 24th February, 1970, in reply to Starred Question No. 50. Some more recommendations of the Election Commission are contained in its Report on Mid-term Elections 1968-69 (Vol. I—Central) which was laid on the Table of the House on the 21st April, 1970. The recommendations are being examined.

उद्योगों की विकास

1528. श्री राज बंसल विकास : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) उनकी अध्यक्षता में केन्द्रीय उद्योग सलाहकार परिषद् की मई, 1971 में हुई बैठक में उद्योगों के प्रोत्साहन देने के क्या निर्णय किये गये हैं ; और

(ख) उक्त परिषद् के सदस्यों के नाम क्या हैं ?

औद्योगिक विकास मंत्रालय में उपमंत्री (श्री मिर्ज़ा इमर प्रताप) : (क) सम्मति: आशय उद्योगों की केन्द्रीय मन्त्रालय परिषद् की स्थाई समिति जिसकी बैठक 12 मई, 1971 की हुई थी वे हैं। बैठक में जिन विषयों पर विचार-विमर्श किया गया वे (1) लाइसेंस नीति का सरलीकरण करने (2) औद्योगिक विकास धनु-सन्धान से सम्बन्धित थे बैठक में उक्त विषयों के सम्बन्ध में मासिक विचार विमर्श किया गया। बैठक में विचारित कुछ महत्वपूर्ण विषयों में औद्योगिक लाइसेंस देने में होने वाला विलंब कम करना सम्बन्धित प्राधिकारियों द्वारा लाइसेंस आवेदनों के विभिन्न पहलुओं का समकालिक निपटान उदाहरणार्थ पंजीगत वस्तुओं का आयात विदेशी सहयोग आदि उपयुक्त मार्गदर्शी सिद्धांतों और कर्सीटियों का निर्धारित करना और साथ-साथ स्वीकृति सुलभ करने के आधार निर्दिष्ट करना, जानकारी का प्रसारण करना, देशी औद्योगिकी (तकनोलोजी) को विकसित करना, विदेशी भूयोग, धनुसन्धान और विकास के लिये प्रोत्साहन देना आदि थे। बैठक में दिये गये सुझाव सरकार की जानकारी में है और आवश्यक होने पर उपयुक्त कार्यवाही की जायेगी।

(क) क्या मेरठ में एक कार्यकर अधिकारस बंध की स्थापना करने के बारे में मेरठ जिले के नागरिकों का एक प्रतिनिधिमंडल उनको मिला था ; और

(ख) यदि हाँ, तो उनकी मांग पूरी करने के लिये केन्द्रीय सरकार का क्या कार्यवाही करने का विचार है ?

बिधि और ग्याय मंत्रालय में राज्य-मंत्री (श्री नीतिराज सिंह चौधरी) : (क) जी नहीं।

(ख) मेरठ में आयकर अपील अधिकरण की न्यायपीठ स्थापित करने का प्रश्न विचाराधीन है

Thefts, Chain-Pulling, etc. in Railways

1530. SHRI JYOTIRMOY BOSU :
SHRI SAROJ MUKHERJEE :

Will the Minister of RAILWAYS be pleased to state :

(a) whether the number of thefts in running trains, thefts of overhead wiring, stoppage of trains by alarm chain pulling and the number of occasions on which the Railway Protection Force had failed to save Railway properties, showed alarming increase in 1970-71 as compared to 1969-1970 ;

(b) if so, the total number of such instances category-wise during that period ;

(c) the estimated loss suffered by Government as a result thereof ; and

(d) the steps taken by Government to arrest the alarming increase in such incidents ?

THE MINISTER OF RAILWAYS (SHRI HANUWANTHAIYA): (a) Yes, there has been some increase.

(b) to (d). A statement is laid on the Table of the House. [Placed in Library. See No. LT—347/71].

Production and Export of Shoes by Bata Company (P) Ltd., Batanagar (West Bengal)

1531. SHRI JYOTIRMOY BOSU : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the value of production of shoes by the Bata Shoe Company (P) Ltd., Batanagar (West Bengal) between 1968 and 1970 and the share of the company in the total production of shoes in the organised sector at present ;

(b) the country-wise value of exports of shoes by the Company, year-wise, during the last three years and the share of the Company in the total export of shoes from India at present ;

(c) the target of shoe exports, in value as well as in number of pairs, by India for the current year and the estimated share of the Bata Shoe company in the total anticipated export during this year ; and

(d) whether any export supply has been rejected ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD):

(a) The value of production of footwear by M/s Bata Shoe Company (P) Limited, Batanagar in the last three years was as under :—

Year	(Value in Rs. lakhs)
1968	2264.2
1969	2254.5
1970	2041.8

The share of this company in the total production of footwear in the organised sector during 1970 was about 55%.

(b) No company-wise statistics of export of footwear are maintained. A statement containing the country-wise value of export of shoes by Bata Shoe Company as

furnished by the company itself is laid on the Table of the House. [Placed in Library. See No. LT—348/71]. The share of the company with respect to the total exports of the country during January to November, 1970 was about 37%.

(c) The exports target of shoes for the year 1971-72 is fixed at Rs. 16.27 crores of which Bata Shoe Company expects to effect exports to the tune of Rs. 4.70 crores during 1971.

(d) No, Sir. However, according to the firm some export business had been lost due to their inability to meet the price and delivery requirements.

Cost of Power Generation in Comparison to other Countries

1532. SHRI JYOTIRMOY BOSU : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the cost of generation (per unit) of (1) hydro-electric power, (2) thermal power and (3) nuclear power in India.

(b) the comparative cost of generation of each category of power in the U.S.A., Canada, the U.K. and the U.S.S.R. ; and

(c) whether compared to those countries, our generation cost is higher and if so, the factors responsible for the same ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). The required information is given in the attached statement.

(c) Yes, Sir. The reasons for lower cost of power generation in foreign countries are :

- (i) lower plant cost ;
- (ii) economies of scale by use of much larger sizes of generating units ;
- (iii) use of modern techniques in management and operation of power stations ; and
- (iv) large scale transport of fuel by unit trains and pipelines.

1535. **SHRI C. K. CHANDRAPPAN** : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government are aware of the demand for the construction of coastal Railway Linking Ernakulam and Quilon; and

(b) if so, Government's decision in this regard ?

THE MINISTER OF RAILWAYS (**SHRI HANUMANTHAIYA**) : (a) Yes.

(b) A traffic survey for a new line from Ernakulam to Kayankulam (an existing Railway station near Quilon) via Alleppey is in progress and is likely to be completed by the end of August, 1971. A decision regarding the construction of the line will be taken after its financial viability is established through the traffic survey.

Conversion of Jaipur-Sawai Madhopur line into broad gauge and new Railway Track between Dholpur and Gangapur Cities

1536. **RAJMATA GAYATRI DEVI** : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government have accepted the scheme to convert the Jaipur-Sawai Madhopur metre gauge line into a broad gauge line and to lay a new Railway track between Dholpur and Gangapur cities; and

(b) if so, when this scheme is going to be implemented ?

THE MINISTER OF RAILWAYS (**SHRI HANUMANTHAIYA**) : (a) No.

(b) Does not arise.

Construction of over bridges at Jaipur and Sawai Madhopur Junctions.

1537. **RAJMATA GAYATRI DEVI** : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government had a plan to start the construction of an over-bridge at Jaipur and Sawai Madhopur Junctions in 1970-71; and

(b) if so, when the work will be started?

THE MINISTER OF RAILWAYS (**SHRI HANUMANTHAIYA**) : (a) and (b) : At the request of the Government of Rajasthan, the works for provision of over-bridges at Jaipur and Sawai Madhopur were included in the Western Railway's Works Programme for the year 1969-70 and 1970-71 respectively. However, the works could not be commenced so far as the estimates for the road approaches have not been furnished by the state Government. The Railway would sanction the works after receipt of the estimates for the road approaches from the State Government together with an undertaking to bear their share of the cost in accordance with the extent procedure and execute the work on the bridge proper thereafter.

उत्तर रेलवे के बीकानेर डिब्बीजन में नये रेलवे स्टेशनों का खोला जाना

1538. श्री पन्नालाल बारपाल : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उत्तर रेलवे के बीकानेर डिब्बीजन में नये रेलवे स्टेशन खोले जाने की लोग निरंतर रूप से मांग कर रहे हैं और इस सम्बन्ध में कई सर्वेक्षण भी किये गये थे ; और

(ख) यदि हा, तो अभी तक विशेषकर जैतमर और मोहन नगर, रंग महल और पीली-बंगा और खनाणिया और एलनाबाद रेलवे स्टेशनों के बीच नये रेलवे स्टेशन और हॉल्ट स्टेशन न खोले जाने के क्या कारण है ?

रेल मंत्री (श्री हनुमत्तया) : (क) जी हा ।

(ख) वर्ष 1970-71 के दौरान उत्तर रेलवे के बीकानेर मंडल में निम्नलिखित 6 नये गाड़ी-हॉल्ट पहले से ही खुले हैं :

क्रम सं०	हॉल्ट का नाम	जिस तारीख को खोला गया
1.	रायसिंह नगर और गजसिंह पुर के बीच 'फौजुवाला' ।	20-8-70
2.	भिवानी और मन्हेरु स्टेशनों के बीच 'धाना लाइनपुर, ।	1-9-70
3.	सिवानी और भूपा स्टेशनों के बीच 'साइनिवास' ।	2-10-70
4.	बिंगा और परसनेऊ स्टेशनों के बीच 'सीतल नगर' ।	2-11-70
5.	सिरसा और सुचान कोटली स्टेशनों के बीच 'बाजेकन' ।	17-12-70
6.	एलेनाबाद और खनाणिया स्टेशनों के बीच 'सुरेरा' ।	4-1-71
7.	जैतमर और मोहन नगर के बीच गाड़ी हॉल्ट	
8.	रंगमहल और पिलीबंगा के बीच गाड़ी हॉल्ट	

के सम्बन्ध में स्थिति यह है कि इन गाड़ी हॉल्टों

का निर्माण कार्य शुरू नहीं किया जा सका क्योंकि राजस्थान नहर पर पुलों के निर्माण के कारण मूलतः प्रस्तावित स्थानों से हटना आवश्यक हो गया । नये सर्वेक्षण की रिपोर्ट मिल गयी है और उन पर विचार हो रहा है ।

दिल्ली और अंबोहर और दिल्ली और हिन्दु-मलकोट के बीच चलने वाली रेलगाड़ियों का विस्तार

1539. श्री पन्नालाल बारपाल : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली और अंबोहर तथा दिल्ली और हिन्दुमलकोट के बीच चलने वाली दो रेल गाड़ियों का उत्तर रेलवे के बीकानेर डिब्बी-जन में श्रीगगननगर तक चलाने का कोई प्रस्ताव सरकार के विचाराधीन है ; और

(ख) यदि नहीं, तो इसके क्या कारण हैं ?

रेल मंत्री (श्री हनुमत्तया) : (क) जी नहीं ।

(ख) यातायात की दृष्टि से पर्याप्त श्रीचित्य नहीं है ।

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD):

(a) Yes, Sir.

(b) On 23rd November, 1970.

(c) No, Sir.

Reinstatement of Retrenched Employees of Olavakkode Division, Kerala

1542. SHRI M. K. KRISHNAN : Will the Minister of RAILWAYS be pleased to state :

(a) whether the attention of Government has been drawn to the Satyagraha launched by the retrenched Railway employees who were working in Olavakkode Division, Kerala, before the office of the Divisional Executive Engineer during April last, if so, the details thereof ;

(b) whether the Railway authorities have implemented Government's decision to reinstate those retrenched workers in the service ; and

(c) if not, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Some casual labourers under the Executive Engineer, Ernakulam South, who were retrenched on completion of the project they were engaged for, resorted to an agitation.

(b) and (c). There has been no decision to reinstate the retrenched workers. Casual labourers with longer service are available for the reduced workload. However, efforts are being made to find alternative employment for the retrenched workers with Railway contractors in the area.

Seminar on Water Resources of Rajasthan and Gujarat

1543. SHRI K. LAKKAPPA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether a two-day Seminar on water resources of Rajasthan and Gujarat was held in Jaipur during the 2nd week of May, 1971 ;

(b) if so, the nature of discussions held in the seminar ; and

(c) the decisions arrived at ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). Yes. A seminar was organised by the Geological Survey of India of the Ministry of Steel and Mines on the 5th and 6th May, 1971 at Jaipur.

Several aspects of surface water and ground water resources of Rajasthan and Gujarat, including methods of exploration by Geo-physical and Geo-chemical methods and assessment of quality and problems such as desalination, deflouridation and management of water resources etc., were discussed.

(c) The Seminar was of a technical nature and its proceeding are under preparation.

बम्बई स्थित खादी ग्रामोद्योग आयोग
उपनिदेशक द्वारा धन का दुर्विनियोग

1545. श्री अटल बिहारी वाजपेयी : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बम्बई के केन्द्रीय जाच ब्यूरो के कार्यालय में एक व्यक्ति से दस्तावेद सम्बन्धी साक्ष्य सहित इस आशय की शिकायत प्राप्त हुई है कि बम्बई स्थित खादी ग्रामोद्योग आयोग के उपनिदेशक ने 20 लाख रुपये का दुर्विनियोग किया है ; और

(ख) यदि हा, तो इस सम्बन्ध में क्या कार्यवाही की गई है ?

औद्योगिक विकास मंत्रालय में उद्भव
(श्री सिद्धेश्वर प्रसाद) : (क) जी, नहीं।

(ख) प्रश्न ही नहीं उठता।

बिजली की कमी के कारण फरीदाबाद स्थित
कारखानों की हुई हानि

1546. श्री अटल बिहारी वाजपेयी : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का ध्यान 23 अप्रैल, 1971 के "हिन्दुस्तान टाइम्स" में प्रकाशित इस समाचार की ओर दिलाया गया है कि गत तीन महीनों में फरीदाबाद में बिजली की कमी

के कारण 800 कारखानों की उत्पादन में 30 करोड़ रुपये की हानि हुई ; और

(ख) यदि हां, तो उक्त हानि को पूरा करने के लिए सरकार का क्या कार्यवाही करने का विचार है ?

औद्योगिक विकास मंत्रालय में उप-मंत्री
(श्री सिद्धेश्वर प्रसाद) : (क) जी, हां। सरकार द्वारा की गई जाच से पता चलता है कि जनवरी, 1971 से मई, 1971 तक फरीदाबाद स्थित उद्योग में बिजली की कमी के कारण 15 प्रतिशत से 30 प्रतिशत तक उत्पादन घंटों की हानि हुई है। उत्पादन मूल्य की हानि का ठीक-ठीक सुनिश्चय नहीं किया जा सकता है।

(ख) हरियाणा राज्य बिजली बोर्ड फरीदाबाद में एक 55 एम० डब्ल्यू थर्मल प्लांट लगा रहा है जिसके 1974 तक चालू हो जाने की सम्भावना है। इस प्लांट के पूरे हो जाने से, यह आशा की जाती है कि फरीदाबाद क्षेत्र में बिजली की कोई कमी नहीं रहेगी, इसके अलावा, ग्रौर ट्रांसफार्मेशन क्षमता बढ़ाकर स्थानीय वितरण व्यवस्था में वृद्धि की जा रही है।

Suggestions of U.N. Geothermal Experts

1547 SHRI A. K. SAHA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the attention of Government has been drawn to the suggestion made by the U.N. Geo-thermal experts Mr. Bradbury and Mr. Maldev, that India can utilise its geo-thermal resources to provide electricity and drinking water in inaccessible areas ; and

(b) whether the suggestion has been examined by Government and if so, the further steps taken in the matter ?

THE DEPUTY MINISTER IN THE
MINISTRY OF IRRIGATION AND
POWER (SHRI B. N. KUREEL) : (a)
Yes, Sir.

(b) As a first step, the potential geo-thermal areas will have to be thoroughly investigated to establish the feasibility of useful application in power generation and other fields.

The reference to "drinking water" is to a process of desalination using the steam/hot water from geo-thermal sources. All these factors will be kept in view at the stage of developing a project for utilising the geo-thermal sources.

Power Generation

1548. SHRI DHARAM RAO AFZAL-PURKAR : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the m.w. power generation in the States during 1970-71 ; and

(b) the steps being taken to augment power generation during 1971-72 in the various industrial towns of Mysore where there is scarcity ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) The M.W. power generation in various States during 1970-71 is given in the attached statement.

(b) At present, there is no scarcity of power in the various industrial towns in Mysore. During 1971-72, additional power will also be available from the 8th generating unit of 89 MW at Sharavathy Hydro-electric power station in the State.

(SHRI NITIRAJ SINGH GHAUDHARY) : (a) to (d). The information is being collected.

Creation of Irrigation Potential in Fourth Plan

1551. SHRI KALYANASUNDARAM : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the target fixed for creating additi-onal irrigation potential in the Fourth Plan ;

(b) whether there is a likelihood of a shortfall in the creation of irrigation poten-tial during the Fourth Plan ;

(c) if so, the reasons thereof ; and

(d) the steps taken to remove the obstacles.

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) 11.8 million acres from major and medium irrigation projects.

(b) to (d). The provision made in the Fourth Plan for major and medium irriga-tion projects is found to be inadequate in view of the rise in costs of labour and materials as reported by the State Govern-ments. In view of this, there is liklihood of shortfalls in the targets. Proposals have however been made for increasing the out-lay in this sector in the State Plans to make up the shortfall.

Transport Facilities for Fruits to Traders in Andhra Pradesh

1552. SHRI P. NARASIMHA REDDY : Will the Minister of RAILWAYS be pleased to state :

(a) whether any complaints and repre-sentations have been received from the traders in Andhra Pradesh and the State Government regarding the difficulties being experienced in securing adequate transport facility for fruits like Mango and other perishable items like lime ; and

(b) if so, the action taken to remove the difficulties ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) Yes.

(b) To the extent feasible, the luggage van capacity has been augmented *inter-alia* by attaching extra parcel vans to the express trains on Miras-Delhi and Miras howrah routes. Towards Delhi side, 30 extra parcel vans were run and towards Howrah side 279 extra parcel vans were run by express trains during April and May, 1971.

Besides the clearance of additional traffic by extra parcel vans, 76 mango specials were run during May, 1971 to clear the bulk traffic expeditiously.

Extra parcel vans and the special trains would continue to run according to the offering of traffic during the current season.

Killing of Passengers on Sealdah-Belghoria Line

1554. SHRI GADADHAR SHAH : Will the Minister of RAILWAYS be pleased to state :

(a) whether over the past few months a number of people travelling on Sealdah-Belghoria line have been dragged out of train compartments and killed by the anti-social elements particularly in Dum-Dum Junction and other junctions in its neighbourhood ;

(b) if so, the total number of persons who have been killed or injured in such incidents during the year 1970-71 ; and

(c) the steps being taken to provide safety to its passengers travelling on that line ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) to (c). The information is being collected and will be placed on the Table of the Sabha.

की बिगड़ी हुई स्थिति और व्यवस्थाओं की ऐसी हरकतें जैसे मालडिब्बों की फिटिंगों, ऊपरी कवरिंग तारों, अन्य संचारकेबुलों, रेल पथ के खाजानों की बड़े पैमाने पर चोरी तथा यात्रियों और रेल कर्मचारियों को परेशान किये जानें, यात्रियों और मालगाड़ियों पर हमले, मालडिब्बों और रेल सम्पत्ति के लूटे जाने और जनता द्वारा बंद, हड़ताल करने तथा गाड़ियों के रोके जाने के कारण पूर्वी क्षेत्र में गाड़ियों की सेवाओं का गम्भीर रूप से अस्त-व्यस्त हो जाना। इससे न केवल पूर्व क्षेत्र में गाड़ियों के परिचालन पर बुरा प्रभाव पड़ा बल्कि पूर्व और दक्षिण-पूर्व रेलों पर भारी सव्वा में मालडिब्बे रूके पड़े रहे जिसके परिणामस्वरूप अन्य क्षेत्रीय रेलों पर भी मालडिब्बों की कमी पड़ गई। पूर्वी क्षेत्र की स्थिति ऐसी हो गई थी कि अन्य क्षेत्रों से इन क्षेत्रों के लिए लदान में भारी कमी करनी पड़ी जिसकी वजह से अन्य रेलों पर भी लदान पर प्रभाव पड़ा।

Conversion of Nadiad-Bhadran Narrow-Gauge Line into Broad-Gauge Line

1561. SHRI D. D. DESAI : Will the Minister of RAILWAYS be pleased to state :

(a) the progress made in surveying and converting the present Nadiad-Bhadran narrow-gauge line into a broad-gauge line from Bhaili to Modasa via Bhadran-Sujitra-Nadiad-Kapadwanj ; and

(b) the steps taken to expedite conversion of this line ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No such survey is in progress.

(b) There is no proposal for conversion of this line at present.

Setting up of "Task Forces" for removal of obstacles in implementation of Investment Programmes in Industry

1562. SHRI D. D. DESAI : Will the

Minister of INDUSTRIAL DEVELOPMENT be pleased to state the measures adopted by Government to set up "task forces" to remove the obstacles that come in the way of the speedy implementation of investment programmes in the public and private sectors of our industry ?

THE DEPUTY MINISTER, MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : With a view to remove the obstacles that come in the way of speedy implementation of investment programmes in the public and private sectors, the entire gamut of the administrative practices and procedures in this Ministry are being examined in order to expedite decision making, broaden delegation and for streamlining financial and other procedures. A cell has also been created in the Ministry, which would be responsible for constant supervision over the functioning of Public Sector Undertakings.

हड़ताल की समाप्ति के बाद पूर्वोत्तर रेलवे मजदूर सभा द्वारा बिना गयीं शोपन

1563. श्री रामावतार शास्त्री : क्या रेल मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या पूर्वोत्तर रेलवे मजदूर सभा ने बरौनी गर-हरा क्षेत्र के रेलवे कर्मचारियों द्वारा की गई 33 दिन लम्बी हड़ताल की समाप्ति के पश्चात् उन्हें कोई शोपन दिया है ; और

(ख) यदि हां, तो इस पर सरकार की क्या प्रतिक्रिया है ?

रेल मन्त्री (श्री हनुमन्ताया) : (क) जी नहीं।

(ख) सवाल नहीं उठता।

Membership of Registered Trade Unions functioning on Railways

1564. SHRI RAMAVATAR SHASTRI : Will the Minister of RAILWAYS be pleased to state :

(a) the number of Trade Unions func-

tioning on the Railways and registered under the Indian Trade Unions Act, 1926 ;

(b) the names the latest membership figures available with the Registrar of Trade Unions and Registration No. of all these trade unions as in para (a) above ; and

(c) the membership figures submitted to the Registrar of Trade Unions for the years 1967, 1968 and 1969 year-wise by the All India Railwaymen's Federation and National Federation of Indian Railwaymen separately ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) There are nineteen Unions on the Railways which are recognised and registered under Trade Unions Act, 1926. As far as information is available the number of un-recognised unions is eighty.

(b) A statement containing the relevant information in regard to recognised unions is laid on the Table of the House. [Placed in Library. See No. LT-349/71.] Government have no precise information in regard to un-recognised unions.

(c) The Membership of recognised unions affiliated to either of the two Federations as claimed by them is as under :

	1967	1968	1969
Unions affiliated to All India Railwaymen's Federation	411464	410869	419987
Unions affiliated to National Federation of Indian Railwaymen	370068	393307	395485

Rest Giver Station Masters and Assistant Station Masters

1565. SHRI RAMAVATAR SHASTRI : Will the Minister of RAILWAYS be pleased to state :

(a) whether there are provisions on the Indian Railways for providing Rest Giver Station Masters/Assistant Station Masters in grade Rs. 205-280 for giving rest to Station Masters/Assistant Station Masters in grade Rs. 205-280 ;

(b) whether this provision is applied in all the zones and Divisions ; and

(c) the names of Zones and Divisions where Rest Givers are not provided with reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) There is no rule that Rest Giver Station Masters/Assistant Station Masters should be in the same grade as that of the staff to whom they give rest, though according to the practice in force on the Railways, generally Assistant Station Masters/Station Masters in grade Rs. 205-280 are employed to give rest to Station Masters/Assistant Station Masters in the same grade.

(b) and (c). Yes ; however, in Izatnagar, Lucknow and Samastipur Divisions of the North-Eastern Railway, while Assistant Station Masters in grade Rs. 205-280 are working at Rest Givers for other Assistant Station Masters in that grade, a few Station Masters in lower grade are giving rest to Station Masters in grade Rs. 205-280 for the reason that where a Rest Giver has to give weekly rest to staff in different grades, it becomes difficult to provide all Rest Givers in grade Rs. 205-280. However the matter is under review.

मध्य प्रदेश में स्टेशनों पर शेडों की व्यवस्था

1566. श्री हुकम चन्द कछवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश के कितने रेलवे स्टेशनों के प्लेटफार्मों पर शेड नहीं हैं ; और

(ख) उक्त रेलवे प्लेटफार्मों पर शेडों का निर्माण करने के लिए सरकार का क्या कार्यवाही करने का विचार है ?

रेल मंत्री (श्री हनुमन्तैया) : (क) 394।

(ख) प्लेटफार्मों पर छत की व्यवस्था रेल उपयोगकर्ता सुविधा समिति, जिसमें कि जनमत सन्निहित है, के परामर्श से एक निर्धारित कार्यक्रम के अनुसार इस प्रयोजन के लिए निर्धारित मानदण्ड के आधार पर की जाती है। ऐसा करते समय इस बात का ध्यान रखा जाता है कि उस स्टेशन पर कितना

वातायात होता है, जिन अन्य स्टेशनों पर यह सुविधा नहीं है, उनकी तुलना में उस स्टेशन पर इसकी कितनी आवश्यकता है और कितना धन उपलब्ध है। इस सुविधा की व्यवस्था राज्यवार आधार पर नहीं की जाती।

लोक सभा के मध्यावधि चुनावों पर हुआ व्यय

1567. श्री हुकम चन्द कछवाय : क्या विधि तथा न्याय मंत्री यह बताने की कृपा करेंगे कि वर्ष 1971 में हुए लोक सभा के मध्यावधि चुनावों पर कुल कितना व्यय हुआ ?

विधि और न्याय मंत्रालय में राज्य मंत्री (श्री नीतिराज सिंह चौधरी) : 1 71 में हुए मध्यावधि लोक सभा निर्वाचनों पर सरकार द्वारा किए गए कुल खर्च के आंकड़े उपलब्ध नहीं हैं। यह जानकारी मगई जा रही है और सदन के पटल पर रख दी जाएगी।

ग्वालियर डिवाजन में औद्योगिक बस्तियों की स्थापना (मध्य प्रदेश)

1568. श्री हुकम चन्द कछवाय : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का विचार मध्य प्रदेश के ग्वालियर, भिंड, मुरैना, गुना और शिवपुरी जिलों में बेरोजगारी की समस्या हल करने के लिए वहां औद्योगिक बस्तियां स्थापित करने का है ; और

(ख) यदि हां, तो ऐसा कब तक किया जाएगा और उससे लगभग कितने व्यक्तियों को रोजगार मिलेगा ?

औद्योगिक विकास मंत्रालय में उप-मंत्री (श्री सिद्धेश्वर प्रसाद) : (क) और (ख). ग्वालियर, गुना (गुजा), भिंड और शिवपुरी में पहले से ही औद्योगिक बस्तियां काम कर

रही हैं। एक औद्योगिक बस्ती का मुरैना में भी निर्माण किया है लेकिन उसने अभी तक कार्य करना प्रारम्भ नहीं किया।

इन बस्तियों में रोजगार पाने वाले मनुष्यों की संख्या के बारे में सूचना राज्य सरकार से इकट्ठी की जा रही है और वह सभा पटल पर रख दी जायेगी।

दिल्ली से जगदलपुर तक रेलवे लाइन

1570. श्री हुकम चन्द कछवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश सरकार ने राज-हारा से हो कर दिल्ली और जगदलपुर के बीच रेलवे लाइन का निर्माण करने के लिए केन्द्रीय सरकार से अनुरोध किया है, जो सरकार के लिए लाभप्रद होगी ; और

(ख) यदि हां, तो सरकार का इस बारे में क्या कार्यवाही करने का विचार है ?

रेल मंत्री (श्री हनुमंतैया) : (क) मध्य प्रदेश की राज्य सरकार ने दिल्ली राजहारा-जगदलपुर रेल सम्पर्क के निर्माण का सुझाव दिया है और इस लाइन पर होने वाले प्रत्याशित यातायात के बारे में एक रिपोर्ट भेजी है।

इससे पहले 1965-66 में इस परियोजना की व्यवहारिकता एवं लागत सम्बन्धी जो अध्ययन किया गया था उससे पता चला था कि यह परियोजना अलाभप्रद होगी और इस प्रस्ताव को स्थगित कर दिया था। अब दक्षिण पूर्व रेलवे से कहा गया है कि वह राज्य सरकार द्वारा भेजे गए सम्बन्धित आंकड़ों को ध्यान में रखते हुए पहले वाली व्यावहारिकता रिपोर्ट का फिर से मूल्यांकन करे।

Development of Indigenous Know-how

1571. SHRI TEJA SINGH SWATANTRA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether there is a big gap between

India and more developed countries in the field of technological know-how ;

(b) if so, how Government propose to narrow this gap ; and

(c) the steps Government propose to take to ensure better attention by industries on development of indigenous know-how ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD):

(a) Although a strong and diversified industrial base has developed in the country, technological gaps still exist specially in certain newer and sophisticated fields.

(b) With a view to narrow down the existing technological gaps, Government are encouraging development of indigenous know-how by laying more stress on Research and Development and allowing judicious import, on selective basis, of foreign technology.

(c) Several concessions are being allowed for encouraging expenditure on research and development in industry, as incorporated in the Indian Income Tax Act, 1961, as amended from time to time. Technical collaboration agreements are now usually approved for a 5 year duration only. While according Government's approval for foreign collaboration, a condition is invariably laid down that the Indian company should set up a design and research organisation with a view to achieve self-reliance within the period of collaboration agreed to.

Project to Carry Flood Waters from Bhagirathi to Jamuna

1572. SHRI TEJA SINGH SWATANTRA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether a project to carry flood waters of the Bhagirathi, a tributary of the Ganga, to the Jamuna, 16 miles through the mountains, has been approved by Government ;

(b) if so, the estimated cost of the project ; and

(c) the advantages to be derived from the project ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) As

the time of inspection of the proposed storage works on Yamuna, the Union Minister for Irrigation and Power has suggested to the Government of Uttar Pradesh that there appeared to be good possibilities of diversion of the surplus waters of the Bhagirathi during the monsoons to supplement the Yamuna river supplies, and that these should be investigated.

(b) and (c). The project features and the phasing of their implementation can be indicated only after the suggested investigations are done by the Government of Uttar Pradesh.

Accumulation of Forest Products in Palamau (Bihar) due to Wagon Shortage

1573. SHRI RAMAVATAR SHASTRI : Will the Minister of RAILWAYS be pleased to state :

(a) whether the attention of Government has been drawn to the huge accumulation of forest products in Palamau (Bihar) due to the acute shortage of Railway wagons ;

(b) whether the extracting of minerals and forest products is slowing down due to this accumulation thereby threatening unemployment to thousands of workers ; and

(c) the remedial steps taken by Government in the matter ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) to (c). Yes. Some accumulation of demand for movement of forest products from Palamau area has been reported. Traffic in forest produce is entitled to move under Priority class 'E' of the Preferential Traffic Schedule and hence movement of the same can be arranged only after meeting demand for other high priority traffic like coal, foodgrains, fertilisers, cement etc. Further, the bulk of the demands are for destinations in Calcutta area. Railway's capacity to clear traffic to this region has been drastically reduced due to serious dislocation of train services on account of various anti-social activities. Movement of low priority traffic like forest produce to these destinations in Calcutta area can be accommodated only after meeting the needs of other high priority traffic like foodgrains, coal etc.

Within the limited capacity available

below Andal, every effort is being made to maximise loading of forest products from stations in Palamau District as well. During the current year (upto 20th May), 7599 wagons were loaded with forest products from this area.

Work on Idikki Hydro-Electric Project

1574. SHRI MUHAMMED SHERIFF : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the work in Idikki Hydro-Electric Project has been delayed ; and

(b) if so, the reasons for the delay and the steps taken by Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). The work on the Idikki Hydro-electric Project has been delayed on account of frequent labour troubles and strike by departmental staff.

Additional equipment have been/are being procured to accelerate the pace of civil works. Labour disputes are being settled expeditiously and critical items of works have been taken up departmentally.

Employment-Oriented Industrial Programmes

1575. SHRI SHASHI BHUSHAN : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether at the Second Afro-Asian Conference on small industries held in New Delhi in April, 1971, the need to evolve employment oriented industrial programmes was stressed ; and

(b) if so, the schemes formulated by Government keeping in view the increasing unemployment problem ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) and (b). The purpose of holding the Second Afro-Asian Conference on Small Scale Industries was to bring the developing countries on the Afro-Asian region together to exchange their experience in the field of small industries development and to facilitate discussion in the light of the prevailing economic and industrial situation in each of the countries participating in the Conference. It is universally recognised that the development of small scale industries is an effective means of creating substantial employment opportunities for the growing working force. All the schemes being implemented by Government for encouraging small scale industries, both in urban and rural areas; keep in view the increasing unemployment problem.

Schemes to Overcome Anticipated Power Shortage in Tamil Nadu

1576. SHRI S. A. MURUGANANTHAM : Will the Minister of IRRIGATION AND POWER be pleased to state .

(a) whether an acute power shortage is anticipated in Tamil Nadu in the next two to three years ;

(b) whether the Tamil Nadu Government have proposed some new power schemes to be taken up during the Fourth Plan and the Fifth Plan periods, to meet the anticipated shortage ;

(b) if so, the main features of the schemes ; and

(d) whether the Centre has approved the schemes ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) Power shortages of about 30 MW, 200 MW and 150 MW are anticipated by the end of 1971-72, 1972-73 and 1973-74 respectively.

(b) to (d). The information asked for is given in the attached statement.

Recommendations of Malaviya Committee on Small Scale Industries

1577. **SHRI MUKHTIAR SINGH MALIK** : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government have since taken any decision on the recommendations made by the Malaviya Committee on Small Scale Industries ; and

(b) if not, the time by which a decision will be taken on these recommendations ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESWAR PRASAD) : (a) and (b). The Government have taken

appropriate decisions on all the recommendations of the Malaviya Committee except the one relating to legislation for small scale industries in general and ancillary industries in particular. This recommendation is under examination.

Appointment of a Member of Board of Directors of British India Corporation

1578. **SHRI S. M. KRISHNA** : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Shri Sarjoo Prasad Singh who was appointed to conduct the inquiry into the affairs of the British India Corpora-

tion, Kanpur has joined its Board of Directors ; and

(b) if so, the reasons thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD):

(a) and (b), Shri Sarjoo Prasad Singh's name was proposed by a Government nominee at the Annual General meeting held on 22-8-1970 and he was elected by overwhelming majority of votes of the shareholders at the said annual general meeting.

Competition between Rail and Road Transport

1579. **SHRI S. C. SAMANTA :** Will the Minister of RAILWAYS be pleased to state :

(a) whether there is any competition with Road Transport at present ; and

(b) if so, whether users of Railways are complaining, vehemently about the bad service and management and corruption in Railways ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes.

(b) Some complaints of this nature are received, but they are not connected with road competition.

Streamlining of working of Agro-Industries

1580. **SHRI SAMINATHAN :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether there is any proposal to streamline the working of all agro-industries in the country ; and

(b) if so, the salient features of the proposal ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) Yes, Sir.

(b) In order to bring about coordination amongst the various Departments/Organizations dealing with Agro-Industries and the Financial Institutions as well a Standing Coordination Committee has been set up under the Chairmanship of a senior officer

in the Ministry of Industrial Development. It is proposed to augment considerably the technical assistance programme for agro-industries by introducing improved machinery and equipment, training artisans, and establishing regional testing laboratories.

Rail link between Bangarpet and Tirupati via Kolar

1581. **SHRI P. NARASIMHA REDDY:** Will the Minister of RAILWAYS be pleased to state :

(a) whether any representations have been made to Government for providing rail communication between Bangarpet to Tirupati via Kolar, Palamaner ; and

(b) whether Government propose to undertake a survey for providing this rail link ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes.

(b) No proposal for such a survey is at present under consideration.

Issue of Identity Cards to Voters

1582. **SHRI SHYAMNANDAN MISHRA :** Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether the Election Commission has decided on issuing an Identity Card with a photograph to every voter ; and

(b) if so, the cost involved ?

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY) : (a) No, Sir.

(b) Does not arise.

Disparities in Pay and Allowances of Employees in Private Sector and Public Sector Undertaking

1583. **SHRI SHYAMNANDAN MISHRA :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the extent of disparities in higher categories in respect of salary and allowances in private sector and public sector undertakings ; and

(b) the steps Government propose to take to remove the disparity ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD):

(a) and (b). While it may not be practicable to pin-point the extent of disparities in emoluments in various higher categories in public and Private sector undertaking because such emoluments vary considerably as between different undertakings in the private sector. It is recognised that emoluments in the private sector are often higher particularly for top management positions. In the public sector, the higher categories of posts are normally filled by persons drawing one or other of four salary grades ranging from Rs. 2000-100-2500 to Rs. 3500-125-4000, while in the private sector, the structure of emoluments at these levels vary considerably depending on the undertaking which is generally higher than those in the public sector. The salary grades in the public sector have been fixed, taking into account the levels of remuneration considered necessary to attract persons of requisite competence and suitability consistently with the overall socio-economic objectives of Government. It is expected that, over a period of time such disparities as may exist between public and private sector undertakings in this regard will gradually get

narrowed down through taxation and other measures.

Deficit or Penalty Money paid by West Bengal for Wagon-breaking and stealing of Copper Wire

1584. SHRI P. R. DAS MUNSI: Will the Minister of RAILWAYS be pleased to state the net amount of claims or penalty money paid for wagon-breaking and stealing of copper wire in West Bengal during the years 1969 and 1970?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): Statistics of claims for compensation paid on account of goods lost, damaged etc., are not maintained State-wise but Railway-wise. Separate statistics on account of various cases of thefts like wagon breaking, looting etc., are also not maintained. However, the amount paid as compensation on claims on account of thefts and pilferages Railway-wise is shown in the annexure enclosed.

Claims are paid in respect of property belonging to the users and entrusted to the Railways for transport. As copper wires which are stolen belong to the Railways, the question of paying any claim does not arise.

Rajasthan Canal water for Rajasthan and Punjab

Rajasthan Canal is less according to state's share; and

1585. SHRI BRIJ RAJ SINGH-KOTAH: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether the flow of water in the

(b) if so, what are the basic points relating to the supply of water to the Rajasthan Canal and the differences with Punjab?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). The share of Rajasthan in the waters of the rivers Ravi and Beas, taken together, depends on the river flows which vary from time to time and supplies to Rajasthan are being given accordingly. The distribution of this share between the Rajasthan Canal and the Gang Canal is however, done by the Rajasthan Government as considered appropriate.

Memorandum of Demands from Casual Workers working at Lower Parel, Mahalakshmi and Bombay Central (Western Railway)

1586. **SHRI MANORANJAN HAZRA :** Will the Minister of RAILWAYS be pleased to state :

(a) whether a memorandum regarding certain demands of the casual workers working at Lower Parel, Mahalakshmi and Bombay Central on the Western Railway, was sent to him on 2nd August, 1970 ; and

(b) if so, the steps taken by Government to finalise each demand mentioned in the memorandum ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes, Sir.

(b) the demands have been examined and action as considered necessary, is being taken.

Utilisation of Casual Employees for Maintenance of Signalling Installations by Employees of Railway Electrification Kanpur (Tundla Section)

1587. **DR. SARADISH ROY :** Will the Minister of RAILWAYS be pleased to state :

(a) whether the casual employees of railway Electrification, Kanpur, Tundla Section were utilised for maintenance of signalling installation at Tundla, Hirangaon, Kaurara, and Shikohabad stations by DSTE (CLS)/RE Kanpur although they are not entitled to do such work ; and

(b) if so, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) During exigencies of construction casual employees are allowed to do maintenance work under the direction of inspecting officials.

(b) The Railway Electrification is a temporary Organisation which is normally engaged in construction activity and not in maintenance activity. Maintenance of installations which have been commissioned is being undertaken by Railway Electrification for specified periods of short duration with a view to removing any snags or defects that might be noticed in the initial stage and also to keep equipment under observation of the very men, who installed it. Therefore, such short term maintenance has to be undertaken with the help of staff engaged on casual basis but intensive and technically competent supervision is given by the Inspectors and the Officer at site.

Transfers of Employees of Northern Railway in Violation of Rule 146 of Indian Railway Establishment Code

1588. **SHRI MADHURYA HALDAR :** Will the Minister of RAILWAYS be pleased to state :

(a) whether Rule 146 of the Indian Railway Establishment Code is the only authority for transferring any employee, either within the Railway or Inter-Railway ;

(b) if so, how many transfers in violation of the above rule have been filed by the Northern Railway authorities ;

(c) how many cases have been filed by the employees in different Courts asking for protection under the above rule ; and

(d) the action taken against the authorities for ordering such transfers ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No ; there is also rule 2011 of the Indian Railway Establishment Code, Volum II.

(b) and (d). No transfer in violation of the rules has been ordered.

(c) One.

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : The Report of the Uniforms Committee has been twice discussed with the two Labour Federations. Further discussions with the Federations are to be held before a final decision on the Report can be taken.

Demands of Class IV Employees of Foreign Traffic Accounts Office, Western Railway, Delhi

1590. SHRI JAGADISH BHATTACHARYA : Will the Minister of RAILWAYS be pleased to state :

(a) whether a resolution was adopted in a meeting of the class IV employees of the Foreign Traffic Accounts Office, Western Railway, Delhi, held on 22nd December, 1970 ; and

(b) if so, the nature thereof and the action, steps taken by Government therein ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes.

(b) The resolution contained a number of demands on a number of matters such as promotion of Class IV staff to Class III, supply of winter uniforms after 2 years, allotment of quarters, shortage of Class IV staff, issue of post-retirement complimentary passes on the scale admissible to Class III staff etc. These demands have been examined under the extant rules and, on their merits, necessary action has been taken.

Loss of Human Lives in Floods

1591. SHRI SUBODH HANSDA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether any report has been prepared by the Committee set up at the State Ministers' Conference held at Ootacamund in September, 1970 to find out the causes for heavy loss of human lives in the recent floods ; and

(b) if so, the specific measures suggested for obviating recurrence of such a calamity in future ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). The Committee set up by the Government of India in October, 1970, in pursuance of the recommendations made by the Fifth Conference of the State Ministers of Irrigation and Power, has not yet submitted its report. The report is likely to be ready by the end of this year.

Development of Geo-Thermal Plant

1592. SHRI SUBODH HANSDA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government had set up a Committee in 1966 to collect various data for Geo-Thermal Development in the country ; and

(b) if so, whether the Committee has been able to collect data and whether there is any possibility of developing Geo-Thermal Plant in India on the basis of the data collected ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) Yes, Sir.

(b) The Committee collected and collated data on 250 hot springs all over the country and also visited a few of these sites. The Committee has identified certain areas meriting further detailed investigation in regard to their feasibility for being utilised for power development and/or establishing chemical industries.

Requirement of Plant and Machinery for Construction of River Valley Project

1593. SHRI SUBODH HANSDA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the Project Machinery Committee set up by Government has taken stock of the position in regard to the plant and machinery available for construction of River Valley Projects in the country ; and

(b) if not, the time it will take to work out the position ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND

POWER (SHRI B. N. KUREEL) : (a) and (b). The Central Water and Power Commission conducts periodic surveys of construction equipment with irrigation and power projects in the country. According to the survey made for the period ending December, 1970 about 5880 items of equipment valued at about Rs. 105 crores were with the various irrigation and power projects in the country. The Construction Plant and Machinery Committee constituted by the Government of India is required to take stock of the position in regard to the equipment available in the country in irrigation, power and other sectors and to suggest measures for its optimum utilisation. The work of the Committee is in progress.

**Regular Employment to Casual Employees
in Railway Workshop, Jagadhari
(Northern-Railway)**

1594. **SHRI A. K. SAHA :** Will the Minister of RAILWAYS be pleased to state :

(a) whether about 300 casual employees of the Railway Electrification Project, Northern-Railway, Allahabad have been taken in regular employment in Jagadhari Workshop of the Northern Railway so far ;

(b) if not, the reasons therefor and the number of employees actually taken up-to-date ; and

(c) by what time the remaining employees will be given employment ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) to (c). 208 casual labourers of Railway Electrification have been offered jobs in Jagadhari, Kalka, Bikaner and Alambagh Workshops and out of these, about 147 have since joined. Efforts are being made to absorb the remaining casual labourers as far as possible in the vacancies on the Railway. But as this is a continuing process, it is not possible to indicate a definite date.

**Strike by Rail Employees of
Barauni-Garhara Area**

1595. **SHRI BHOGENDRA JHA :** Will the Minister of RAILWAYS be pleased to state :

(a) whether the Minister of Labour and Employment had after detailed talks with

some Members of Parliament and representatives of the All India Trade Union Congress and Purvottar Rail Mazdoor Sabha, appealed to the striking Rail employees of Barauni-Garhara area to resume work, promising non-victimisation and implementation of the project allowance scheme on the pattern of the same in other areas ;

(b) whether the Rail employees ended their 33-day old strike and resumed their work in response to the above said appeal ;

(c) whether large-scale prosecution, suspension, arrests notices of break in service have taken place after the resumption of duty ; and

(d) if so, Government's reaction thereto ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) The relevant information will be laid on the Table of the Sabha.

(b) The striking employees resumed their duties on 27-4-1971 after 33 days of illegal strike.

(c) and (d). Besides natural consequences of break in service of 4094 employees belonging to North-Eastern and Eastern Railways, 40 employees of these two Railways have been placed under suspension following their arrest under Essential Services Maintenance Act, 1968 and/or under different sections of Indian Penal Code. Prosecution cases are pending against them. The natural effects of departmental rules or the law have to remain.

**Schemes Requiring Indo-Nepalese
Co-operation Pending Execution**

1596. **SHRI BHOGENDRA JHA :** Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the names of schemes, projects or proposals requiring the Indo-Nepalese Co-operation, approval or sanction of both or either of the Governments of India and Nepal which are pending consideration or execution ; and

(b) the causes of delay and steps being taken to expedite their finalisation ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a)

and (b). Clearance of His Majesty's Government of Nepal is awaited to the Western Kosi Canal ; Nepal Western Canal of Gandak project ; embankments along the Bagmati ; and the Panchewar and Poornagiri power projects. The proposals under consideration of Government of India are the development of the Karnali and the construction of smaller channels on the Nepal Eastern Canal of Gandak Project.

River Valley Projects pose complicated technical, financial and other issues which have to be carefully examined by the Governments in the light of their requirements and resources before final decisions taken.

Extension of Kamla Embankments and Western Kosi Embankments towards further South

1597. SHRI BHOGENDRA JHA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the proposal for extending the Kamla embankments and Western Kosi embankments towards further south to save Ghanshyampur, Biroul and Kusheshwarthan blocks in Darbhanga District of Bihar is under examination for a long time ; and

(b) if so, the time by which Government propose to take a decision and begin execution of the Project ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). The Government of Bihar have reported that investigations for extending Kamla embankments and Western Kosi embankments were taken up after the floods of 1970 and that the alignment surveys have been completed. However, hydrological observations such as flood levels required for the design of the embankments and the study of the effect of the proposed embankments on the drainage of the areas protected, are to be observed for atleast two monsoon season. The feasibility report is, therefore, expected to be ready only by the end of 1972. A decision on the proposal can be taken only after the feasibility report is ready.

Meeting of the Departmental Promotion Committee and Confirmation of Class I Officers of the Traffic Department

1598. SHRI ONKAR LAL BERWA : Will the Minister of RAILWAYS be pleased

to refer to the reply given to Unstarred Question No. 2377 on the 11th August, 1970 regarding meeting of the Departmental Promotion Committee and confirmation of Class I Officers of the Traffic Department and state :

(a) whether the meeting of the Departmental Promotion Committee has since taken place ; and

(b) if so, when ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No.

(b) Does not arise.

Dispute between Goods Superintendent Carnac Bridge, Western Railway and the All India Railway Commercial Clerks Association

1599. SHRI ONKAR LAL BERWA : Will the Minister of RAILWAYS be pleased to state :

(a) whether there has been some dispute between the Goods Superintendent, Carnac Bridge, Western Railway and the All India Railway Commercial Clerks' Association in regard to the working of the Association at that place ;

(b) whether some exchange of letters had taken place vide Union's letter No. AIRCCA/CCB/1/71 dated the 20th January 1971 and the Goods Superintendent's letters No. E/1160/0/CCB dated the 2nd February 1971 and one office order of the same date ; and

(c) the present position of the matter ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No, Sir.

(b) Yes.

(c) The Commercial Clerks Association have been informed by the Goods Superintendent, Carnac Bunder, that since this Association is not recognised by the Railway Administration, the Administration will not enter into correspondence with them.

Maintenance of Two Seniority Lists of Employees in a Division/ District (Western Railway)

1600. SHRI ONKAR LAL BERWA : Will the Minister of RAILWAYS be pleased to state :

(a) whether two seniority lists are being

maintained for the employees working at Carnac Bridge Goods Shed on Western Railway; and

(b) if so, under what rules and what principles are adopting in keeping two such lists?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): (a) There is one seniority list for each category of staff in a unit except for the category of Goods Clerk.

(b) Since its inception, the Goods Depot at Carnac Bridge has been a self-contained Unit divided into five separate and self-contained Sections. In September, 1957 seniority of these staff was merged with the cadre of Goods Clerks on Bombay Division. Subsequently, a revised decision was taken in consultation with the Labour Unions that (i) for the Goods Clerks appointed prior to 1.5.1951, the five sections would be treated as separate units; and (ii) for those appointed after 1.5.1951, there would be a common seniority list covering the five sections of the Goods Shed. Options were given to the former for coming over to the common pool of seniority.

Measures to Prevent Railway Accidents

1601. SHRI M. RAM GOPAL REDDY: Will the Minister of RAILWAYS be pleased to state:

(a) whether a major Railway accident was averted on the electric Train track between Chetpur and Egmore near Gangu Reddy Station level crossing on the Southern Railway due to a crack, in February last, as a result of the vigilance of a railway employee; and

(b) what steps Government propose to take to prevent accidents to Railways?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): (a) On 24.2.1971 the Signal and Interlocking Maintainer, Electrical, Madras Egmore, while attending to the failure of the gate signal, found that a rail had fractured at km. 5/13-14 on the Up Suburban line between Chetpur and Madras Egmore. On receipt of this information, the Permanent Way Inspector rushed to the site and restored the track with a speed restriction of 8 kmph. Thereafter the rail was renewed the same day.

(b) Cracks in rails occasionally occur when the rails in the track are old. The Keymen during their daily beats keep a watch on the track and report immediately, if any cracks or any other unusual developments are noticed. In addition ultrasonic flaw detectors are used on important lines to detect defective rails with a view to replacing them. Thus the track is systematically inspected and looked after by the permanent way staff to avoid any accident due to crack etc. in rails.

मुरादाबाद डिबीजन में डीजल इंजन चलाने में प्रशिक्षित कर्मचारियों की पदावनति

1602. श्री चक्रिका प्रसाद :

श्री नाथूराम ग्रहिरवार :

क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मुरादाबाद डिबीजन में डीजल इंजन चलाने में प्रशिक्षित किये गये रेलवे कर्मचारियों की पदावनति करने के बारे में उनके अधिकारी विचार कर रहे हैं; और

(ख) यदि हां, तो इसके क्या कारण हैं?

रेल मंत्री (श्री हनुमंतैया): (क) और (ख). 1965 में यह विनिश्चय किया गया था कि ड्राइवर सहायक (डीजल) के पदों को मैट्रिक पास यथोचित रूप में प्रशिक्षित फायरमैनो से भरा जाय। बाद में, जुलाई 1967 में यह विनिश्चय किया गया था कि डीजल और बिजली के विभिन्न पदों पर भ्रष्ट इंजनों के फालतू कर्मचारियों को समाहित करने की दृष्टि से इन पदों के लिए विहित वैयक्तिक अर्हताओं पर बल देना जरूरी नहीं होगा। इसके फलस्वरूप, कुछ ऐसे वरिष्ठ कर्मचारी जो मैट्रिक पास नहीं थे और इसलिए 1965 के आदेशों के अनुसार ड्राइवर सहायक (डीजल) के प्रशिक्षण के लिए नहीं भेजे जा सके थे, उन्हें उनकी वरिष्ठता के अनुसार तैनात करना पड़ा। प्रशिक्षण पूरा हो जाने के बाद ऐसे कर्मचारियों को तैनात करना होगा और उन कर्मचारियों

कर्मचारियों को, जिन्हें पहले शैक्षणिक अर्हताओं के कारण प्रशिक्षित किया गया था, परावर्तित किया जा सकता है। परावर्तन वरिष्ठता के क्रम में करने होंगे, फिर भी, यह सुनिश्चित करने के लिए प्रयास किये जायेंगे कि संबंधित व्यक्तियों को उसी ग्रेड में जिसमें वे काम कर रहे थे या यथासम्भव उसके निकटवर्ती ग्रेड में उपयुक्त वैकल्पिक सामान्य पदों पर रखा जा रहा है।

Shifting of the office of Railway Rates Tribunal from Madras

1603. SHRI MURASOLI MARAN : Will the Minister of RAILWAYS be pleased to state :

(a) whether there is any proposal to shift the office of the Railway Rates Tribunal from Madras to some other place ; and

(b) if so, the reason therefor ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes.

(b) The proposal is under examination.

Conversion of Metre Gauge Lines into Broad Gauge Line in Tamil Nadu

1604. SHRI MURASOLI MARAN : Will the Minister of RAILWAYS be pleased to state :

(a) whether there is any proposal to convert metre gauge lines into broad gauge lines in Tamil Nadu ; and

(b) if so, the main features thereof ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) and (b). A proposal to convert the Madurai-Tuticorin and Maniyachi-Tirunelveli M. G. lines to B. G. has been included in the Railways' perspective plan for gauge conversion. Survey reports for this conversion are at present under examination.

राजभाषा (विधायी) आयोग के उद्देश्य और इसकी स्थापना के बारे में नियम

1605. श्री यमुना प्रसाद मंडल : क्या विधि और न्याय मंत्री यह बताने की कृपा

करेंगे कि राजभाषा (विधायी) आयोग बनाने के उद्देश्य क्या है तथा इसकी स्थापना और इसके चेयरमेन और सदस्यों की नियुक्ति किन नियमों के अन्तर्गत होती है ?

विधि और न्याय मंत्रालय में राज्य मंत्री (श्री नीतिराज सिंह) : राजभाषा (विधायी) आयोग, सरकारी संकल्प सं० फा० 39-61= प्रशा० 1 तारीख 8 जून, 1961 के अधीन गठित विधि विशेषज्ञों का एक स्थायी आयोग है। उक्त संकल्प की एक प्रति, जिसमें अन्य बातों के साथ आयोग को सौंपे गए कृत्य दिए गए हैं, सभा पटल पर रखी जाती है। [ग्रन्थालय में रखी गयी। देखिये संख्या एल० टी०—350]।

आयोग के गठन और उसके अध्यक्ष तथा सदस्यों की नियुक्ति को शामिल करने के लिए कोई अलग-अलग नियम नहीं है। आयोग समय समय पर साधारणतः दो वर्ष में एक बार पुनर्गठित किया जाता है। आयोग जब पुनर्गठित किया जाता है तब जितना काम उसके द्वारा अगले दो वर्षों में किया जाना है उसका निर्धारण किया जाता है और आयोग में नियुक्ति किए जाने वाले सदस्यों की संख्या ऐसे निर्धारण के आधार पर नियत की जाती है। आयोग के अध्यक्ष और सदस्यों के पद धारण करने वालों के लिए कोई विनिर्दिष्ट अर्हताएं या अनुभव विहित नहीं किया गया है। अध्यक्ष का पद अभी तक सेवा निवृत्त उच्च न्यायालय न्यायाधीशों ने धारण किया है। आयोग के सदस्यों के रूप में जो व्यक्ति नियुक्ति किए जाते हैं उनके पास ऊंची विधिक अर्हताएं और अनुभव होता है और हिन्दी/प्रादेशिक भाषाओं में, जिनका वे आयोग में प्रतिनिधित्व करते हैं, उच्च कोटि की निपुणता भी होती है।

Team of Experts to study the possibilities of expansion of salt-manufacturing in Contai Coastal Belt

1606. SHRI SAMAR GUHA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the former Minister of Petroleum and Chemicals had proposed to send a team of experts to Contai in West Bengal to study the possibilities of expansion of salt manufacturing in the coastal belt of Contai ;

(b) if so, the reasons why the expert team was not sent ;

(c) whether Government have abandoned the proposal ; and

(d) if not, when such an expert team will visit Contai ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD):

(a) No, Sir.

(b) to (d). Do not arise.

Rules and Conditions of service for Confirmation of Clerks Grade I Working in Western Railway, Delhi Kishan Ganj Office

1607. MAHARAJA MARTAND SINGH : Will the Minister of RAILWAYS be pleased to state :

(a) whether the Rules and Conditions of service of the Western Railway provide that if an employee has officiated for one year as Clerk Grade I he shall be entitled to confirmation in that grade ;

(b) if so, the number of employees, if any, who completed one year's service in an officiating capacity in the above grade in the Delhi Kishan Ganj office of the Western Railway from the forenoon of 1st April, 1968 to the afternoon of 31st March, 1969 and have not so far been confirmed in the said grade ; and

(c) the reasons for denying them the benefit of confirmation in the said grade ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) As per extant orders, an employee officiating in a regular manner by virtue of his seniority-cum-suitability or position in the panel

against a permanent vacancy should be considered for confirmation after one year of service, provided he fulfills other conditions for such confirmation.

(b) One.

(c) This employee was promoted to officiate as Clerk Grade I with effect from 1-4-1968 and reverted on 12-3-1969 ; thus he was not officiating as Clerk Grade I on 1-4-1969, the date on which he could be considered for confirmation. Subsequently, on a further review, he was allowed proforma promotion from 13-3-1969 to 31-3-1969. Consequent upon this decision, his representation for confirmation is under consideration.

Representation regarding confirmation of non-gazetted staff clerk grade I to Deputy Chief Accounts officer, Western Railway, Ajmer

1608. SHRI FATESINGHRAO GAEKWAD : Will the Minister of RAILWAYS be pleased to state :

(a) whether a representation dated the 6th December, 1969 regarding "Confirmation of Non-Gazetted Staff Clerk Grade I scale Rs. 130-300" had been received in the office of the Deputy Chief Accounts Officer (Traffic Accounts) Western Railway, Ajmer from a Clerk Grade II employee or employees in the office of the Senior Accounts Officer (F. T. A.) Western Railways, Delhi Kishan Ganj ;

(b) if so, whether the representation has so far been replied and if not, the reasons for delay ; and

(c) the action Government propose to take on the representation ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes.

(b) and (c). One Clerk Grade II of the Foreign Traffic Accounts Office of the Western Railway at Kishan Ganj, Delhi, was promoted to officiate as Clerk Grade I with effect from 1-4-1968 and was reverted on 12-3-1969 due to expiry of the post. Subsequently, on a further review, he was allowed proforma promotion from 13-3-1969 to 31-3-1969. Thereupon, the employee made a representation for his confirmation from 1-4-1968. This is under consideration,

विधान होते हुए भाँकरपुर से हस्मपुर तक रेलवे लाइन

1609. श्री राम भगत पास्वाव : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सामान्य जनता सरकार से यह अनुरोध कर रही है कि बिहार के दरभंगा जिले में विधान होते हुए भाँकरपुर से हस्मपुर तक नई रेलवे लाइन बनाई जाये ; और

(ख) यदि हाँ, तो क्या सरकार का विचार उक्त रेलवे लाइन बनाने का है ; और यदि हाँ, तो किस समय तक ?

रेल मंत्री (श्री हनुमंतैया) : (क) जी नहीं। परन्तु सतीना के रास्ते भाँकरपुर से लोक बाजार तक नयी रेलवे लाइन बनाने के लिये अभ्यावेदन अवश्य प्राप्त हुए हैं।

(ख) प्रस्तावित रेल सम्पर्क के लिए शीघ्र ही इन्जीनियरी व्यावहारिकता अध्ययन और धातायात मूल्यांकन करने का विचार है। प्रस्तावित अध्ययन और मूल्यांकन के पूरे हो जाने तथा उनकी रिपोर्टों पर सभी दृष्टिकोणों से जाँच करने के बाद ही इस प्रस्ताव पर आगे विचार किया जायेगा।

Execution of Kameng Project in the North-East Frontier Agency

1610. SHRI VISWANARAYAN SHASTRI : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the Kameng Project in the North-East Frontier Agency is expected to be executed during 1971-72 ; and

(b) if not, the reasons for the delay ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). No, Sir. Stage I of the project is at present under detailed investigations. After the investigations are completed, a project report will be prepared and decision regarding the implementation of the project will be taken thereafter.

Upgradation of Ministerial Staff working in Indian Railways

1611. SHRI RAJDEO SINGH : Will the Minister of RAILWAYS be pleased to state :

(a) whether there is any proposal under Government's consideration for upgradation of ministerial staff working in Indian Railways since last many years ; and

(b) if so, the details thereof ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No. There is a Cabinet decision that there should be a total ban on any upgradation till such time as the final recommendations of the Third Pay Commission are received and considered by Government.

(b) Does not arise.

Fall in Goods Train on Eastern Railway

1612. SHRI RAJDEO SINGH : Will the Minister of RAILWAYS be pleased to state :

(a) whether there has been a considerable fall in the goods traffic in Eastern Railway ; and

(b) if so, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes, the loading of revenue earning goods traffic on Eastern Railway during 1970-71 has been approximately 5.649 million tonnes less than the previous year.

(b) The drop in loading on the Eastern Railway has mainly been due to serious dislocation of train services on account of poor law and order condition and such miscreant activities, as large scale thefts of wagon fittings, overhead traction wires, telecommunication cables, track materials as also victimisation of passenger and Railway staff on trains and goods trains, looting of wagons and Railway property, bundhs, hartals and stoppage of trains by the public.

Overpayment to a Contracting Organisation doing work under Engineer-in-Chief, Electrification, Northern Railway, Allahabad

1613. SHRI C. K. CHANDRAPPA : Will the Minister of RAILWAYS be pleased to state :

(a) whether a large amount of over-

payment has been made to M/s. R. S. Steel, a contracting organisation doing contract work under Engineer-in-Chief, Electrification, Northern Railways, Allahabad, during the period 1969-70 ;

(b) whether the Senior Accountants Officer, Northern Railway, Allahabad and Auditor, Northern Railway, Allahabad had put a strong objection against the above over-payment and for violating the relevant rules in this regard ; and

(c) if so, the action taken thereon ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) No.

(b) and (c). Do not arise.

जाओरा और मन्दसौर रेलवे स्टेशनों (पश्चिम रेलवे) में कर्मचारियों की आवश्यकताएं

1614. डा० लक्ष्मी नारायण पांडे : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) पश्चिम रेलवे के जाओरा और मंदसौर रेलवे स्टेशनों में कार्य कर रहे अधिकारियों और कर्मचारियों की अलग-अलग संख्या कितनी है ;

(ख) क्या वहां यात्रियों और माल के दैनिक यातायात को ध्यान में रखते हुए दोनों ही स्टेशनों पर अधिकारियों और कर्मचारियों की संख्या कम है ;

(ग) क्या कर्मचारियों की कमी को कर्मचारियों और अधिकारियों को समयोपरि भत्ता देकर पूरा किया जा रहा है ; और

(घ) यदि हां, तो इन दोनों स्टेशनों पर कर्मचारियों की संख्या में वृद्धि करने के लिए क्या कार्यवाही की जा रही है ?

रेल मंत्री (श्री हनुमंतैया) : (क)

कर्मचारियों की संख्या

अधिकारियों की श्रेणी III श्रेणी IV संख्या

जाओरा	कोई नहीं	14	13
मंदसौर	कोई नहीं	25	20

(ख) इन दोनों स्टेशनों पर यात्रियों और माल के दैनिक यातायात को देखते हुए कर्मचारियों की संख्या पर्याप्त समझी जाती है।

(ग) कर्मचारियों की कमी के कारण समयोपरि भत्ते का कोई भुगतान नहीं किया गया है। लेकिन जिन स्टेशनों पर कर्मचारियों के छुट्टी पर जाने के कारण अनुपस्थिति बहुत अधिक रही वहां कभी-कभी कर्मचारियों को समयोपरि भत्ता दिया गया है।

(घ) सवाल नहीं उठता।

मालगाड़ी का पश्चिम रेलवे के जाओरा स्टेशन पर खड़े रहना

1615. डा० लक्ष्मी नारायण पांडे : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या 45 माल डिब्बों वाली पूरी लदी हुई एक मालगाड़ी पश्चिम रेलवे के जाओरा रेलवे स्टेशन पर 9 अप्रैल, 1971 से 26 अप्रैल, 1971 तक खड़ी रही ; और

(ख) यदि हां, तो मालगाड़ी के इतने अधिक समय तक उक्त स्टेशन पर खड़े रहने के क्या कारण थे ?

रेल मंत्री (श्री हनुमंतैया) : (क) और (ख). जी हां। 8-4-1971 को पश्चिम रेलवे के नीमच-रतलाम मीटर लाइन खंड के जाओरा स्टेशन पर एक खंडीय मालगाड़ी को खड़ा कर दिया गया था। ऐसा करना इसलिए जरूरी हो गया क्योंकि मजदूरों की निरन्तर कमी बनी रहने के कारण यानान्तरण का काम प्रभावित हो जाने के फलस्वरूप यानान्तरित होने वाले माल-डिब्बे इकट्ठे हो गये थे जिसके परिणामस्वरूप रतलाम यार्ड में मालगाड़ी का आदान नहीं किया जा सकता था। जब रतलाम में एकजित माल डिब्बों की उत्तरोत्तर निकासी हो गयी, तो इस गाड़ी के भी कुछ माल डिब्बों की निकासी 22-4-71 को और शेष माल डिब्बों की निकासी 26-4-1971 को कर दी गयी।

Setting up of a Cement Plant in Himachal Pradesh

1616. SHRIMATI JYOTSNA CHANDA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the number of cement factories to be established in the country during the Fourth Plan ;

(b) whether Government propose to set up one cement plant in Himachal Pradesh in this plan period ; and

(c) if so, what will be the cost and how many persons are likely to get employment thereby ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD):

(a) Ten.

(b) and (c). No, Sir. Government have, however, authorised the Cement Corporation of India to set up a cement plant at Rajban (Paonta) in Himachal Pradesh, but this factory is not expected to be commissioned during the current Plan period. The estimated capital expenditure on the plant is Rs. 761 lakhs. The plant when commissioned will provide employment to about 500 persons directly and 1000 persons indirectly.

Re-Employment of Retrenched Employees of Engineering Section in Khurda Division (South-Eastern Railway)

1617. SHRI CHINTAMANI PANIGRAHI : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government are aware of the mass retrenchment of Railway employees in the Engineering Section in Khurda Division of the South-Eastern Railway in recent months ;

(b) if so, the total number of employees who have been retrenched in this Division between the period March, 1970 to May, 1971 ; and

(c) the steps taken to take back all these retrenched employees ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) to (c). There has been no retrenchment of regular railway employees. About 2,000 casual

labourers were however discharged on this Division between the period March, 1970, to May, 1971 on completion of works. As the absorbing potential varies with the quantum of work fluctuating from time to time, it is not possible to re-engage the discharged casual labourers immediately. Consistent with the policy, all possible efforts will be made to provide them with alternative employment not only against the requirements of labour for new works but also for employment against regular posts.

बलिया-बेरिया बांध

1618. श्री चन्द्रिका प्रसाद : क्या सिंचाई और विद्युत मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उत्तर प्रदेश से आए संसद्-सदस्यों की बैठक में उत्तर प्रदेश के मुख्य मंत्री ने यह कहा है कि यदि बलिया-बेरिया बांध को पक्का नहीं किया गया तो वह इस वर्ष बह जाएगा तथा पूरा बलिया जिला तबाह हो जाएगा ; और

(ख) यदि हा, तो उस पर सरकार की क्या प्रतिक्रिया है और इस सम्बन्ध में क्या कार्यवाही की जा रही है तथा विशेषकर घाघरा नदी द्वारा भूमि कटाव के अन्तर्गत आ रहे गावों की सुरक्षा के लिए क्या उपाय अपनाए जा रहे हैं ?

सिंचाई और विद्युत मंत्रालय में उप-मंत्री (श्री बैजनाथ कुरील) : (क) तथा (ख). उत्तर प्रदेश सरकार ने सूचित किया है कि 23-5-71 को मुख्य मंत्री, उत्तर प्रदेश के साथ उत्तर प्रदेश के संसद् सदस्यों की बैठक के रिकार्ड से यह पता नहीं लगता कि मुख्य मंत्री ने ऐसा बयान दिया था ।

बहरहाल, सरकार को मालूम है कि गंगा द्वारा कटाव के कारण बलिया-बेरिया बांध को खतरा है । राज्य सरकार द्वारा वर्तमान बाढ़-ऋतु के लिए बलिया-बेरिया बांध की सुरक्षा हेतु तत्काल उपाय किये जा रहे हैं । स्थायी उपायों पर भी विचार किया जा रहा है ।

इस समय राज्य सरकार के पास बलिया जिले के कठौडा ग्राम में बाघरा द्वारा कटाव की रोकथाम करने के वास्ते एक प्रस्ताव है। सुरक्षा उपायों के आयोजन के लिए समस्त नदी का व्यापक सर्वेक्षण करना भी राज्य सरकार द्वारा प्रस्तावित है।

**Reduction of Commercial Clerks in
Madurai Division (Southern Railway)**

1619. SHRI CHANDRIKA PRASAD : Will the Minister of RAILWAYS be pleased to state :

(a) whether a study team consisting of Divisional Personnel Officer, Divisional Commercial Superintendent and Divisional Accounts Officer in Madurai Division of Southern Railway enquired about the working posts in Commercial Department ;

(b) whether recommendations of the study team submitted in 1968 had been accepted by the Administration and 27 posts of Commercial Clerks surrendered in the Division from 1968 to 1969 were based on those recommendations ;

(c) whether the study team had examined the existing posts in any other category in Commercial Department and recommended any reduction of posts ; and

(d) whether any further reduction of Commercial Clerks posts was offered against the recommendations of the study team and if so, the reasons of such reductions ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes, in respect of Commercial Staff covered by yardstick.

(b) Yes, out of 27 declared surplus, 23 posts of Commercial Clerks have been surrendered. The remaining four posts will be surrendered after the reclassification of the existing staff at Madurai East, Edavai, Chirayinkil and Kaniyapuram from 'Continuous' to 'essentially intermittent' is completed.

(c) Yes, in respect of Ticket Collectors and Commercial Porters.

(d) No.

**Proposal for a Tube Train and Fly Road,
over Buckingham Canal in Madras City**

1620. SHRI C. CHITTIBABU : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government have received a proposal to have a tube train and a fly road over Buckingham Canal so as to reduce the traffic jam in Madras City ; and

(b) if so, the action taken by Government in the matter ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No.

(b) Does not arise.

इज्जतनगर (पूर्वोत्तर रेलवे) में तृतीय तथा चतुर्थ श्रेणी के कर्मचारियों को मकान किराया भत्ते का भुगतान नहीं किया जाना

1621. श्री सरजू पांडे : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या इज्जतनगर (बरेली), पूर्वोत्तर रेलवे के तृतीय और चतुर्थ श्रेणी के कर्मचारियों को मकान किराया भत्ता नहीं दिया जा रहा है जब कि अन्य स्थानों पर काम करने वाले इसी रेलवे के कर्मचारियों को वह भत्ता दिया जा रहा है ; और

(ख) यदि हां, तो इसके क्या कारण हैं ?

रेल मंत्री (श्री हनुमंतैया) : (क) जी हां, पूर्वोत्तर रेलवे में इज्जतनगर के तीसरी और चौथी श्रेणी के कर्मचारियों को मकान भत्ता किराया का भुगतान नहीं किया जाता है।

(ख) अन्य बातों के साथ-साथ रेल कर्मचारियों को मकान किराया भत्ता इन नियमों के अनुसार दिया जाता है :

किसी ग्रह नगर की नगरपालिका की सीमा की परिधि से 8 कि० मी० तक की दूरी के भीतर काम करने वाले रेल कर्मचारी, चाहे वे उस ग्रह नगर की सीमा के भीतर न भी रहते

हों, उस नगर में स्वीकार्य दरों पर मकान किराया भत्ता पाने के हकदार हैं, बशर्ते कि :

(क) 8 कि० मी० सीमा के भीतर कोई अन्य उपनगरीय नगरपालिका अधिसूचित क्षेत्र या कैंटोनमेंट न हो ; और

(ख) उस क्षेत्र के जिलाधीश/उप आयुक्त द्वारा वह प्रमांशित किया जाय कि वह स्थान अनिवार्य वस्तुओं जैसे खाद्यान्न, दूध, सब्जी, ईंधन आदि के लिए अर्ह नगर पर सामान्यतः निर्भर करता है ।

उपयुक्त (क) और (ख) में उल्लिखित शर्तें एक साथ पूरी होती हैं ।

इज्जतनगर में रहने वाले रेल कर्मचारी, निम्नलिखित कारणों से मकान किराया भत्ता पाने के पात्र नहीं हैं ।

(i) इज्जतनगर स्वयं वर्गीकृत नगर नहीं है ।

(ii) यद्यपि इज्जतनगर बरेली से, जो एक वर्गीकृत नगर है, 8 कि० मी० के भीतर है, लेकिन 8 कि० मी० की सीमा के अन्दर रेलवे बस्ती का अधिसूचित क्षेत्र और एक कैंटोनमेंट बोर्ड है ।

इज्जतनगर (पूर्वोत्तर रेलवे) में रेलवे कर्मचारियों को निवृत्ति की अवधि के लिये वे राशि का भत्ता न दिया जाना

1622. श्री सरजू पांडे : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पूर्वोत्तर रेलवे के इज्जत नगर (बरेली) के उन रेलवे कर्मचारियों को, जिन्होंने 19 सितम्बर, 1968 की हड़ताल में भाग लिया था उनकी निवृत्ति की अवधि की मजूरी का भत्ता नही दिया गया है जबकि अन्य स्थानों

पर कार्य कर रहे कर्मचारियों को इस राशि का भुगतान कर दिया गया है ;

(ख) क्या इस सम्बन्ध में उक्त कर्मचारियों की ओर से कोई अभ्यावेदन प्राप्त हुआ है ; और

(ग) यदि हां, तो उस पर सरकार क्या कार्यवाही कर रही है ?

रेल मंत्री (श्री हनुमंतैया) : (क) से (ग). सूचना इकट्ठी की जा रही है और सभा पटल रख दी जायेगी ।

Broad Gauge Line from Katpadi to Tirupati and Katpadi to Guntakal

1626. **SHRI P. NARASIMHA REDDY :** Will the Minister of RAILWAYS be pleased to state :

(a) whether a survey has been undertaken to convert into broad gauge the present metre gauge track from Katpadi to Tirupati and Katpadi to Guntakal on the Southern Railway ; and

(b) if not, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No.

(b) Due to paucity of funds and inadequate traffic justification such a survey is not being contemplated.

RE. PUBLICATION OF THE LIST OF MEMBERS

SHRI S. M. BANERJEE (Kanpur) : The list containing the residential addresses and the telephone numbers of members and Ministers has not been printed yet. May I request you to direct the Minister of Parliamentary Affairs to let us have at least a cyclostyled list. We do not want a printed one. We should get this list as early as possible.

MR. SPEAKER : It is still under print and will be out in a day or two.

We have also asked for certain details from the hon. Members and many hon. Members have not sent their bio data to us. You should kindly ask all the Members, your friends to send this data so that the who's who can also be handed over to you during this session.

SHRI. S. M. BANERJEE : I want to take one minute; I shall finish before 12 O'clock at any rate.

MR. SPEAKER : We shall take up the call attention now; will get time at the end.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

Reported decision of the British Government to scrap the Indo-British Trade Agreement of-1939

SHRI PILOO MODY (Godhra) : I call the attention of the Minister of Foreign Trade to the following matter of the urgent public importance and request that he may make a statement thereon :

"The reported decision of the British Government to scrap the Indo-British Trade Agreement of 1939 following their insistence on slapping a 15 percent import duty on Indian textiles from January 1, 1972"

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : Mr. Speaker, Sir, in April, 1971 the Government of India had

[Shri L. N. Mishra]

stated that they would take all possible steps to convince the British Government of India's case in the matter of the imposition of a 15% duty on imports of cotton textiles from the Commonwealth preference area including India with effect from 1st January, 1972. As the House is aware, the British Government had made a request for a waiver to release them from their obligations regarding textiles under the Indo-UK Trade Agreement of 1939.

Official level discussions as well as Ministerial level discussions were held in London from the 5th May, 1971 between the representatives of the Indian Government and the British Government.

During the Ministerial discussion I had reiterated India's opposition to the British proposal. I strongly impressed upon them that present proposal was discriminatory, unequal, had been taken unilaterally and must be reversed. This was also inconsistent with international obligations of the UK towards developing countries like India. I had explained at great length the serious adverse effects that this move would have on India's exports of cotton textiles to the U.K. market without providing the expected protection to the British textile industry.

The Government of India is not aware of the reported decision of the British Government to scrap the Indo-British Trade Agreement of 1939.

The British Government's reply, when received, will be examined by the Government of India with a view to taking further appropriate action.

12 hrs.

SHRI PILOO MODY : Sir, I am particularly interested in this matter because I think that my father had a great deal to do in the days before the 1939 agreement was signed particularly in the matter of textile preferences. At one time, in 1948 and the early fifties, India exported one billion yards of cotton textiles and was the largest exporter of cotton textiles in the world. Then Japan nudged us into the second position, and today we are in the fourth position and pretty soon we will sink probably as low as the 10th position, we had developed a quota system with the United Kingdom where they will accept 201 million yards of

our textiles without charging any duty whatsoever. We have not even been able to fulfil those quotas. We have been averaging something like 150 million 160 million yards per years, and last it plummeted down to less than 60 million yards.

The main reason why this country has been reduced to such a position is the high cost economy which successive budgets in this country have managed to bring about and we have had a brilliant example of it only a few days ago from Mr. Chavan. Cotton production in this country has remained stagnant since 1964, producing only about 56 lakh to 58 lakh bales per year. The industry does not get modernised because of its low profitability, the return being somewhere between one and five percent on the capital employed. In November, 1970, six months ago, a scheme was prepared for getting machinery which would also help the machine manufacturers here, which would modernise at least the exporting mills, but for six months, Government has taken no decision on it whatever. The Minister has often in the past misled us by saying that the fourth Plan has provided Rs. 180 crores for modernising the textile industry. It is really an eye-wash, because no funds have been earmarked so far for doing so.

The Manubhai Shah Committee in 1969 made certain recommendations, but no decision has been taken by the Government of India on the recommendations of the Manubhai Shah Committee. The 1939 agreement which grew out of the old imperial preferences which are now called the Commonwealth references, allowed us to exports free of duty in return for which we are supposed to give British exports to India a 10 percent preference over their competitors from the rest of the world. The GATT agreement between developing and developed nations also stipulates that no further burden should be cast on the developing countries. This particular move of the British Government is a violation not only of the 1939 agreement between us but also of the GATT.

Now, in moving in this direction, the British have calculated that whatever damage we can do to them is no way the same as the damage that they can do to us. We have an adverse trade balance with the United Kingdom which is made up by Aid

which finances British exports to India. So, it is a well-considered move, and this move will also affect us in case the agreement is cancelled, and if we are not on our toes, and if we are not lively enough, it is likely to effect the exports of tea, jute, hides, tobacco, oil-cakes and God knows what percentage of our textiles.

We cannot possibly continue to enjoy this sort of Commonwealth preferences for all times to come. We talk a great deal of being self-reliant. We talk about standing on our own legs. Is it not true that Mr. Harold MacMillan, when he was Prime Minister of the U. K., had warned us that they wished to join the Common Market and these Commonwealth preferences would come in the way of their joining the Common Market and therefore, the Commonwealth the countries should do something about easing this out and had recommended that we start gradually accepting an increase in import duties on our exports? In spite of all this, I find that this Government has done nothing in this respect. It just lives from day to day, accepting events as they overcome them. When the Minister had gone to the U.K., I thought it was because he was not in good health and he had gone for medical treatment. I am very glad to see that he is back here hale and hearty. I wish he had improved his condition instead of allowing himself to attend that meeting, because I see that nothing has emerged out of that meeting.

I wish to ask the Government, what steps are you taking to modernise the Indian textile industry, to increase cotton production and to bring about a low cost economy in this country? Are you going to sabotage the entire agreement covering all the commodities, because of the duty that the British have demanded on textiles? The British have been pleading with us, "You are unloading 25 percent of your exports on us. Why don't you spread it around to other European countries?" But this Government, having a good thing in hand, does not want to do anything to make us self-reliant in this matter. Therefore, I would appreciate it if the Minister could give me some categorical replies about modernisation, cotton production and the high cost economy.

SHRI L. N. MISHRA : Regarding high cost of production and non-fulfilment of quota. That is not the problem which was discussed. None of the Ministers or senior officers raised the problem that our product is costly. They did not ask us to modernise the machinery. That is our internal problem. Here is a question of a unilateral decision by the British Government and we are protesting against that. We can come to modernisation and cotton production later; they are our internal problems. Here is a problem which is affecting not only our national economy but the economy of many developing countries. Before entering the E.E.C., they want to do this. We impressed on them, "After your decision to give arms to South Africa, you are going to take this decision. It will have a very adverse effect on the Asian countries, especially the developing countries. On the one hand you say you want to help us in our development; on the other, you are going to withdraw the rights and privileges we had enjoyed since 1939."

Mr. Mody asked whether we are sabotaging other items. No, Sir. At the moment, it is confined to textiles. On an average, we earn about Rs. 21 crores of foreign exchange on textile export to Britain. We are protesting against this decision and we have impressed our case not only on Britain, but we are in touch with the E.E.C. also. We had a meeting with Mr. Taken Dorf, the British Minister for E.E.C. I told him, "You must ask Britain to remember their obligations to India." They have their obligations to New Zealand in respect of butter, and to West Indies in respect of sugar. They have their obligations to India in respect of textiles. Before they enter E.E.C., these are the problems they must answer to the other nations.

We are not happy with the proposal made in 1969 by Mr. Crossland of the Labour Party Government and it is being followed by this Government also. Therefore, I request Mr. Mody to think of this problem at the moment. So far as modernisation is concerned. I am told that the machinery has been ordered in some cases. The textile industry, barring a few mills under N.T.C., is in the private sector. It is for them to modernise the machinery and there are funds provided for that. I am told machinery has been ordered for the modernisation of some of the mills,

[Shri L. N. Mishra]

Shri Mody is a very well-informed person. He knows the condition of the British textile mills. They are much worse than ours. Their production costs are much higher than our production costs. They are out-dated and out-moded. Everyday 30 to 40 mills are getting closed in Britain because they are very inefficient. They are backward scientifically and technologically. They are backward in development. Therefore, to decry our industry is not correct. Here it is a question of international trade.

श्री फूल चन्द वर्मा (उज्जैन) : अध्यक्ष महोदय, माननीय मंत्री महोदय ने जो वक्तव्य सदन के सामने अभी दिया, उसे मैंने बड़े ध्यानपूर्वक सुना और पढ़ा है। उन्होंने अपने वक्तव्य में इस बात को स्वीकार किया है कि ब्रिटेन का जो प्रस्ताव है वह भेदभावपूर्ण है, एकतरफा है और समानता की परवाह न करने वाला है। इससे जो भारत और ब्रिटिश व्यापार करार 1939 का है वह समाप्त होगा। यदि वह समाप्त होता है तो भारत के सूती कपड़ा व्यवसाय के ऊपर काफी गम्भीर असर पड़ेगा। ब्रिटिश सरकार ने भारत के सूती माल के ऊपर जो 15 प्रतिशत आयात कर लगाया है उससे केवल दक्षिण कोरिया और ताइवान का फायदा होने वाला है। एक बात जरूर है कि ब्रिटेन इससे बचा रहेगा और जो राष्ट्रमण्डल के अन्य देश हैं, जैसे सिंगापुर और हांगकांग, उनको कोई फायदा नहीं होगा। ऐसी स्थिति में जब कि भारत राष्ट्रमण्डल से पहले ही नराज है क्योंकि दक्षिण अफ्रीका को शस्त्रास्त्र देने के कारण उसने पूर्व ही अपनी नराजगी प्रकट कर दी है, यदि ब्रिटिश सरकार भारत के सूती माल पर 15 प्रतिशत का आयात कर लगाना चाहती है और उसका कोटा समाप्त करना चाहती है, तो, जैसा मंत्री महोदय स्वयं स्वीकार किया है स्थिति भारत के राष्ट्रमण्डल में इन्हें के अनुकूल नहीं है।

मैं पूछना चाहता हूँ कि यदि ब्रिटिश सरकार ने हमारा कोटा समाप्त कर दिया और

आयात शुल्क में 15 प्रतिशत की वृद्धि कर दी तब क्या हम राष्ट्रमण्डल से अपना सम्बन्ध विच्छेद कर लेंगे? दूसरी बात यह कि यदि भारतीय आयात पर 15 प्रतिशत का आयात शुल्क लग रहा है तो क्या हम ऐसी स्थिति में हैं ब्रिटिश सरकार के जो उद्योग घन्घे यहां चल रहे हैं, जो उनकी इंडस्ट्रीज हैं, कैपिटल्ज हैं उनके विरुद्ध जवाबी कार्रवाई कर सके? इसके साथ साथ एक बात और कहना चाहता हूँ। 8 मई के दिन जब ब्रिटिश प्रधान मंत्री एडवर्ड हीथ भारतवर्ष आये तब उन्होंने भारत की प्रधान मंत्री श्रीमती इन्दिरा गांधी से इस सम्बन्ध में चर्चा की थी। राष्ट्रमण्डल सम्मेलन सिंगापुर में हुआ था वहां श्री स्वर्ण सिंह ने इस सम्बन्ध में विशेष रूप से चर्चा की थी। लेकिन इस चर्चा के बावजूद ब्रिटिश सरकार यह निर्णय लेने में असमर्थ है कि जो 15 प्रतिशत का शुल्क है उसको समाप्त कर दे। मैं जानना चाहता हूँ कि हमारी सरकार कौन सा निर्णय लेने जा रही है जिससे माननीय सदस्यों को इस बात का सन्तोष हो कि भारत के सूती उद्योग पर इसका कोई विपरीत असर नहीं पड़ेगा। यदि फिर भी विपरीत असर पड़ता है तो जो 25 करोड़ रु० का माल हम प्रति वर्ष ब्रिटेन को भेजते हैं अगर हम उसको न भेजे तो हमारी आर्थिक स्थिति पर कोई प्रभाव नहीं पड़ेगा और उससे भारत की कमर भी नहीं टूटेगी, बल्कि ब्रिटेन को शिक्षा मिलेगी और वह अपनी नीति में परिवर्तन करने के लिए बाध्य होगा।

मैं अपेक्षा करता हूँ कि माननीय मंत्री महोदय इन प्रश्नों के सन्दर्भ में अपने उत्तर दें। इसके साथ ही उन्होंने अभी मशीनें मंगाने की बात कही थी। भारतवर्ष में जो मशीनें आयेंगी, मैं जानना चाहता हूँ कि उनमें से कितनी सरकार ने मंगाई हैं, कितनी प्राइवेट फर्मों ने मंगाई हैं और कितनी सोसायटी ने मंगाई हैं। भारतवर्ष में जब मशीनें आ जायेंगी

तो उससे मजदूर जगत में छंटनी हो कहीं ऐसी बात तो नहीं है ?

श्री एल० एम्० मिश्र : माननीय सदस्य ने बहुत सी बातें उठाईं, जिनमें मैं अभी नहीं वह भ्रष्टरूपी बातें हैं और उनको हम बाद में तय कर लेंगे। जहां तक माननीय सदस्य की इस शंका का सम्बन्ध है कि हमारी टेक्सटाइल्स पर असर पड़ेगा, तो इसको हम ने भी कहा है और हम मानते हैं कि यह एक बड़े दुर्भाग्य की बात है। जो ब्रिटिश इंडस्ट्री है उस का फायदा होने नहीं जा रहा है। जो इम्पीरियलिस्ट कंट्रीज हैं, जैसे पोर्चुगल, कोरिया, ताईवान, वहां से तो ब्रिटेन को माल लेना ही होगा, और उन लोगों का जो एक्स्ट्रा का एग्रीमेंट है उसके मुताबिक वह करना चाहते हैं। हम ने सारी बातों को उनके सामने रक्खा और जिन भावनाओं का जिक्र माननीय सदस्य ने किया है कि हमारे कामनवेल्थ के रिश्तों पर इसका असर पड़ेगा, इसको भी उन को समझाया। हमने कहा कि हमारा नया संसद आया है, जिसमें नए नए लोग आये हैं, नए नए विचार के लोग, प्रगतिशील विचारों के लोग, उन पर भी इसका असर पड़ेगा और संसद को अपने साथ ले चलने में हमको कठिनाई होगी। हमने इन बातों को उनके सामने रक्खा। अभी तक जो फैसला हुआ है उसको ध्यान में रखते हुए हमने कहा कि हर चीज पर दुबारा विचार किया जाये और हीथ साहब के सामने जब हमने बात उठाई तब उन्होंने आश्वासन दिया कि हम विचार करेंगे। सिंगापुर में श्री स्वर्ण सिंह ने भी इसको उठाया और विलायत में हम लोगों ने उसको दोहराया। मैं माननीय सदस्य के साथ हूं कि इसकी बहुत बुरी प्रतिक्रिया देश में होने वाली है और विलायत की सरकार को भी अभी वक्त है कि वह इस प्रकार का विचार करे और निर्यात को बदले।

SHRI S. M. BANERJEE (Kanpur) :
At the very outset I must express my surprise at the manner in which my hon. friend,

Shri Piloo Mody, has championed the cause of the British Government. When he was putting his question it appeared to me that he was a member of the House of Commons or of the House of Lords and not of this Parliament. He has accused the Government of India of sabotaging the agreement. He has cited certain facts. The Government of the United Kingdom has violated one of the clauses, a very salient clause, of the Indo-U.K. Trade agreement of 1939. We never violated it. The Minister says :—

“During the Ministerial discussions I had reiterated India's opposition to the British proposal. I strongly impressed upon them that the present proposal was discriminatory, unequal, had been taken unilaterally and must be reversed. This was also inconsistent with international obligations of the U.K., towards developing countries like India.”

Then he says :—

“The British Government's reply, when received, will be examined by the Government of India with a view to taking further appropriate action.”

On the 6th April in the other House the hon. Minister stated the same thing and said that we did not like it; this was very bad and we shall take up the matter with the U.K. Government. Even before that, when he returned from the ECAFE Conference at Manila, he said that he had a talk with the Governor-General there and that Hon Kong and India both would fight the issue jointly. I read this in the newspapers and I have got cutting of it.

This is a deliberate attempt by the British who bled our country white and who are obstructing our progress at every step. They are trying to humiliate our country in the eyes of the other countries. Even in the matter of supply to Pakistan at this hour when they are using that massive aid for bleeding the common people in Bangla Desh, they have not been responding to the request of the Prime Minister. So, we know the character of British Imperialism and we should not be surprised at it.

Today, the world market, as far as export of cotton textiles is concerned, in South-east Asia is captured by China and Japan and our country shall be facing a serious crisis if this is not waived by the British Government. So, I would like to know how long the Government of India is.

[Shri S. M. Banerjee]

going to wait and whether this is not high time that we also give them some sort of an ultimatum and confiscate the British interests in this country or take some retaliatory measures by which they will come to their senses. We should also pay them in their own coin. Apart from a protest, why should we not give them some sort of an ultimatum and threaten them with the consequences of this because we know the maximum foreign interest in our country is the British interest? I would like to know whether retaliatory measures will be taken or not.

SHRI L. N. MISHRA : We have to face this problem with a little patience and also firmness. So far as retaliatory measures are concerned, I would not like to discuss them at this stage. I would only say what are the remedial measures that we are attempting. We are trying to diversify our trade and are trying to build up our textile trade in a number of other countries. If the hon. Member wants, I can give the names of the countries also where our efforts are to increase our exports. We are also in touch with the EEC countries.

SHRI S. M. BANERJEE : I would like to know the names of those countries. We want to know who our friends are.

SHRI L. N. MISHRA : Our exports to UK during the last two years have been declining. Efforts are being made to increase our exports to the following countries, namely, USA, Australia, New Zealand, Western Europe, Soviet Union, Sudan and a number of other rupee countries, that is, Eastern Europe. Our effort is to see that our export does not come down. Our total export to UK is about Rs. 21 crores and if this is implemented by the UK, it would affect our exports to UK. I do not think it will affect 100 percent but it will affect us very considerably, might be 50 per cent or even more. We are only trying at the moment to impress upon Britain to reconsider her decision and to see the reaction of this House. Similar is the feeling of members of my own party. They have come and met me and have told me that if UK is going to take this decision unilaterally, why we do not react a little more firmly.

No country can humiliate, much less Britain, so far as India is concerned. So, there is no question of humiliation. We cannot be humiliated. But here is the question of our right, specially as a developing country. If Britain feels as they claim that they are helping the undeveloped countries to develop and, at the same time, scraps this agreement which has been there since 1939, it not only will not look well but will also have a very bad effect on this country's economy and sentiment. We have conveyed this to the British Government. When they take the decision, we will examine the problem.

SHRI PILOO MODY : Shri Banerjee seems to think that his nationalism is of a higher order than mine because I made a plea for self-reliance in our textile industry, I do not know on whose behalf he was making his plea.

SHRI S. M. BANERJEE : Not on behalf of the textile magnates.

MR. SPEAKER : Order, order.

SHRI PILOO MODY : Either you should have stopped him or you allow me, because he gets away by saying that I belonged to the House of Commons.

MR. SPEAKER : You should get up with my permission and not abruptly.

SHRI S. M. BANERJEE : I used the words "appeared to be".

MR. SPEAKER : You should at least have the courtesy to ask my permission.

SHRI N. K. P. SALVE (Betul) : He rectified it later on and said, "He appears to be a member of the House of Lords."

SHRI PILOO MODY : I think, it should be clarified that self-reliance is not anti-national although beating the British may suit some philosophy that he might have.

SHRI S. M. BANERJEE : Sir, this is a very serious matter. The question is whether the Government of India is going to sabotage the agreement, who sabotaged the

agreement? It is the British Government that has done it and not the Government of India. Instead of defending the Government of India, he tried to defend the other people. It is a shame.

SHRI PILOO MODY : I said the same thing you are saying.

MR. SPEAKER : Mr. Banerjee, you should try to avoid such things. You should not use such words.

SHRI S. M. BANERJEE : You ask the reaction in the House. Everybody says, he is not talking like a Member of this House.

MR. SPEAKER : Shri P. K. Deo—absent.

RE-PAYMENT OF DEARNESS ALLOWANCE TO CENTRAL GOVERNMENT EMPLOYEES AND OTHER MATTERS

SHRI S. M. BANERJEE (Kanpur) : Sir, with your permission, I wish to raise a very important question regarding the payment of dearness allowance to the Central Government employees. According to the present formula of the Second Pay Commission and also that of the Gajendragadkar Commission, once there is an average rise of 10 points in the cost of living index, the Central Government employees throughout the country get entitled to another slab of dearness allowance. According to the figures available to us through the Reserve Bank various other agencies, the cost of living index figure has risen from 215 to 225, that is, there is an increase of 10 points. So, the Central Government employees are entitled to another slab of dearness allowance. I would request the Government and, specially, the Finance Minister to make an announcement in the House that another slab of dearness allowance will be given to the Central Government employees. Since he is not in a position to accept the Call Attention Notice, I would request you and, through you, the Minister of Parliamentary Affairs, the Government and the Finance Minister that, while replying to the General Budget, he must announce it.

श्री एन० एन० बडि (गोरखपुर) : गोंडा में रेल दुर्घटना हुई है जिसमें दस से ज्यादा आदमी मारे गये हैं और काफी लोग घायल-वस्था में अस्पताल में पड़े हैं। मैं आज ही सुबह वहां से स्पार्ट पर इनकवायरी करके लौटा हूं। वहां स्थिति बहुत ही गम्भीर है। हुआ यह कि एक गाड़ी 184 डाउन पार्सल खड़ी थी और दूसरी गाड़ी 32 डाउन गोंडा कचहरी को उसी लाइन पर एलाउ कर दिया गया और टक्कर हो गई। यह बहुत बड़ी ट्रेजीडी वहां पर घटित हुई है। इस छटी लाइन पर आये दिन ऐसी गलतियां होती हैं और एक्सीडेंट हो जाया करते हैं। माननीय उप मंत्री जी भी वहां गए थे। उन्होंने जो एक बयान दिया है उसमें उन्होंने मरने वालों की संख्या बहुत कम बताई है। मैं चाहता हूं कि इस सारी दुर्घटना की अच्छी तरह से जांच हो। इस प्रकार से घटने वाली दुर्घटनाओं पर रोक लगनी चाहिये। मैं चाहता हूं कि आप एक हार्ड टेक्नीकल बाडी एम्पाइंट करें और वह इस चीज की जांच करके वास्तविकता पर पहुंचे ताकि आये दिन इस तरह की दुर्घटनाओं से बचा जा सके। मैं आपके माध्यम से मंत्री महोदय का ध्यान इस ओर आकर्षित करना चाहता हूं और आपसे निवेदन करना चाहता हूं कि आप इसके ऊपर डिसकशन के लिए समय निर्धारित करे ताकि सारे मामलात इस सदन के सामने आ सके।

श्री भोगेन्द्र झा (जयनगर) : अध्यक्ष महोदय, मैं आपकी आज्ञा से एक महत्वपूर्ण विषय की ओर सरकार और खास कर रेल मंत्री जी का ध्यान दिलाना चाहता हूं। सदन को भी ज्ञात है कि बरौनी के इलाके में रेल मजदूरों ने हड़ताल की थी। उसको टालने के लिये 22 मार्च को मैंने रेल मंत्री को लिखा था और हड़ताल 25 मार्च को शुरू होनी थी। रेल मंत्री जी ने उसका जवाब देना भी मुनासिब नहीं समझा। 25 तारीख को मैं और श्री कल्याणसुन्दरम इत्यादि उनसे मिले

[श्री जीमोहन झा]

के। लेकिन मंत्री महोदय कटिबद्ध रहे और उन्होंने हड़ताल करवा दी। 33 दिन तक वह हड़ताल चली। सदन में बताया गया था कि हमारे अफसर कहां गये हैं और रेलों को चालू करवाएंगे। लेकिन एक भी डिब्बा या एक भी इंजन 33 दिनों तक चल नहीं सका। उसके बाद रेल मंत्री ने आश्वासन दिया कि कोई विकिटमाइजेशन नहीं होगा और मांगों के बारे में कहा कि जब निर्णय हो जायेगा तो उसको लागू कर दिया जाएगा। श्रम मंत्री ने भी हड़ताल समाप्त करने का आह्वान किया था। खास कर जो बगला देश में हालत पैदा हो गई थी उसको ध्यान में रखकर 33 दिनों के बाद रेल मजदूरों ने हड़ताल को वापिस ले लिया और काम पर आने की घोषणा की। उनको काम पर जाने नहीं दिया गया और गाड़ियां चालू हो गईं।

उसके बाद 60 के लगभग श्रमिकों को काम से मुम्तिल कर दिया गया है, 3000 से ज्यादा को ब्रेक इन सर्विस का नोटिस दे दिया गया है, कई सौ को गिरफ्तार किया गया है और उससे भी बहुत ज्यादा पर मुकदमा चलाया जा रहा है। यह सुनने में आता है कि रेलवे बोर्ड के चेयरमैन और दूसरे अधिकारी यह धमकी देते हैं कि लोग फिर हड़ताल पर जायें। मैं निवेदन करना चाहता हूँ कि रेलवेज किसी की व्यक्तिगत सम्पत्ति नहीं है। इस संस्थान में जो भी घाटा होता है, वह सारे देश का घाटा है। मैं चाहता हूँ कि श्रम मंत्री और रेलवे मंत्री की ओर से जो आश्वासन दिया गया है, सरकार उसका पालन करे, नहीं तो कुछ लोग मजदूरों को फिर हड़ताल करने के लिये उकसा रहे हैं। यह आवश्यक है कि सरकार दमन की कार्यवाहियों को वापस ले और हड़ताल से पहले की यथास्थिति को कायम करे।

अध्यक्ष महोदय : श्री तुलमोहन राम।

प्रो० एल० एल० सक्सेना (महाराजगंज) : मैंने एक्सप्रेस के बारे में एक चार्ट-नोटिस क्वेश्चन दिया था।

अध्यक्ष महोदय : माननीय सदस्य इन बातों को हाउस में रेफर न करें। वह इस बारे में मुझे लिखें।

श्री तुलमोहन राम।

QUESTION OF PRIVILEGE

Arrest of Shri Tulmohan Ram, M. P. in Bihar

श्री तुलमोहन राम (अरारिया) : अध्यक्ष महोदय, मैं आपका आभारी हूँ कि आप ने मेरे केस को प्रिविलेजिज कमेटी को रेफर करने की आज्ञा प्रदान की। मैं अपने इलाके के छोटे किसानों, खेतिहर मजदूरों तथा अनुसूचित जातियों के पूरे समर्थन से लोक सभा के लिए चुन कर आया हूँ।

MR. SPEAKER : This matter was already before the previous House. It is just a formality.

श्री तुलमोहन राम : मैं प्रस्ताव करता हूँ कि मेरे केस को दोबारा प्रिविलेजिज कमेटी को सौंप दिया जाये।

I beg to move :

"That the question of privilege regarding the alleged arrest of Shri Tulmohan Ram, M.P., on the 28th November, 1969 by Shri Chandrika Prasad, then Sub-Inspector of Police, Mahishi (Bihar) and non-intimation thereof to the Speaker, Fourth Lok Sabha, be referred to the Committee of Privileges of this Lok Sabha."

अध्यक्ष महोदय : यह मामला पहले से ही प्रिविलेजिज कमेटी के सामने है। चूंकि चौथी लोक सभा भंग हो गई, पांचवीं लोक

सभा का चुनाव हुआ है और मेम्बर सभ्य फिर चुन कर भाये हैं, इसलिए टेकनिकल वजह के इन्हें दोबारा यहां लाना सही है। काफी डिस्कशन के बाद इस मामले को प्रिविलेजिज कमेटी को सौंपा गया था। इस लिए इसमें ऐसी कोई मुश्किल नहीं है कि इस पर फिर दुबारा डिस्कशन किया जाये।

श्री जी० पी० नौब (हापुड़) : अध्यक्ष महोदय, मैं इसी संदर्भ में एक निवेदन करना चाहता हूँ।

हमारा यह सदन ब्रिटिश पार्लियामेंट की परम्पराओं को निभा रहा है। परिस्थितियों वश पहला हाउस समाप्त हो गया और उसके साथ-साथ उसकी बनी हुई कमेटी भी समाप्त हो गई, लेकिन सदन के अपमान के रूप में जो फ़ाइम हुआ था, वह अपनी जगह पर बरकरार है। सदन के साथ-साथ कमेटी भी खत्म हो जाये, इससे मुझे परेशानी नहीं है, लेकिन जो फ़ाइम हुआ था, वह तो वैसे ही बरकरार है। इस लिए इस बारे में नियम बनाया जाना चाहिये कि हर हालत में ब्रीच आफ प्रिविलेज का मामला बरकरार रहे। इस वक्त तो वातावरण ठीक है और माननीय सदस्य इस प्रस्ताव को स्वीकार कर लेंगे, लेकिन हो सकता है कि किसी विशेष प्रिविलेज इश्यू को पहली पार्लियामेंट तो स्वीकार कर ले, लेकिन दूसरा सदन उसको स्वीकार न करे। इस लिए इस सम्बन्ध में नियम बनाये जाने चाहिये। हमें ब्रिटिश परम्परा के अनुसार नहीं चलना चाहिये।

MR. SPEAKER : The law of privileges is a very wide. अगर हाउस इस बारे में कोई हदबन्दी करना चाहता है और प्रिविलेजिज को कौडीफ़ाई करना चाहता है, तो वह दूसरी बात है। इस वक्त इस बारे में कुछ करने की कोई जरूरत नहीं है।

It is a very simple matter. I know the rule. I kept it pending. I studied it

as I was in very much doubt about it and I examined it again and again. I say, let it go to the Privileges Committee. They will examine it.

The question is :

"That the question of privilege regarding the alleged arrest of Shri Taimohan Ram, M.P., on the 28th November, 1969, by Shri Chandrika Prasad, then Sub-Inspector of Police, Mahishi (Bihar) and non-intimation thereof to the Speaker, Fourth Lok Sabha, be re-referred to the Committee of Privileges of this Lok Sabha."

The motion was adopted.

MR. SPEAKER : The motion is adopted. This matter stands re-referred to the new Committee.

PAPERS LAID ON THE TABLE

Budget Estimates of the Damodar Valley Corporation for the Year 1971-72

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : I beg to lay on the Table a copy of the Budget Estimates (Hindi and English versions) of the Damodar Valley Corporation for the year 1971-72, under sub-section (3) of section 44 of the Damodar Valley Corporation Act, 1948. [Placed in Library. See No. LT-337/71.]

GENERAL BUDGET 1971-72—GENERAL DISCUSSION—(Contd.)

MR. SPEAKER : The House will now resume further discussion of the General Budget. The balance of time available is 9 hours and 35 minutes, and the lists before me are very long lists.

SHRI SEZHIYAN : From the Congress side.

MR. SPEAKER : Shri Raja Kulkarni may now continue his speech.

SHRI RAJA KUMKARNI (Bombay—North-East) : As I said yesterday, the budget is an integral part of the co-ordinated and integrated complex of instruments being utilised for economic development and social progress. The bank rate, the credit controls, production and distribution regulatory devices, the price mechanism, the investment pattern, foreign trade, all these are inter-related and inter-dependent with the national budget.

They act and react upon each other. The basic character and the effectiveness of the budget is determined more by its inter-relationships with the other instruments of economic development than by any single isolated taxation proposal embodied into its structure. Judged from this point of view and coupled with the robust broad-based economic growth of our country during the last two years, the capacity of the budget to produce desirable results has been increased.

The success of the new agricultural strategy, foodgrains and price support policy, growth of agro-industries, the green revolution, mechanisation of agriculture, beginning of the modernisation of the life of the rural people, faster development of the small scale industrial sector, increased industrial production, international trade at a higher level, the democratic control of the State over the commanding heights of national economy, all these and other facts of the situation render the indisputable character of a socialistic quality to the present budget.

Yesterday, the hon. Minister of State in the Ministry of Finance said that this budget was not socialist. The statement that he made and the statement which I am making are such that there is no contradiction between them. It is not a socialist budget in the sense that it seeks to construct or build a socialist society. However, it is a socialist budget in the sense that it carries out the socialist tasks in a period of transition from the present mixed economy to the socialist economy. In a socialist society, the budget identifies itself with the whole national economic effort in all sectors, in all activities and in all the institutions.

There is very little difference between the national economic plan of development and the budget. It deals with the whole

process of creating national wealth as well as of distributing and utilising the monetary resources. Our nation has not reached that stage; we are in a transition stage from the mixed economy to a socialist economy.

What is the role the budget is asked to play in this transition? The socialistic function of the budget in this situation is to create those forces and factors which would establish the material and technical base upon which a socialist society can then be built. The present budget meets honestly and with all the ability at the command of Government, the conditions of this socialistic milieu.

How has the budget spelled out its socialistic role? The budget helps in consolidating the gains of nationalisation of banking and of the unification and centralisation of insurance and other financial institutions for mobilising the savings in the country. Deployment of these funds in accordance with national priorities has now become easy and smooth. The budget has given a new direction for this process. Recently it was because of nationalisation of banks that it has been possible for Government to give credit of Rs. 344 crores to the agricultural sector, which was not possible till two years ago.

The budget marks a big step in the unification of Central-State financial resources. Unified national social accounting can now be seen on the horizon. It is Centre-State financial relations which have been a source of irritation and provocation during the last so many years. This budget has now shown that now the States are more dependent financially on the Central budget and there is a process of unification and integration of the financial resources of the country, though it is creating new problems. The main problem is the tendency on the part of the States to refrain from making big efforts at tax collections and increase their revenue, but to ask more assistance from the Centre.

In this budget, the share of the States in tax revenues to be collected has gone up tremendously. Out of the total collection of Rs. 2,552 crores, more than Rs. 892 crores will go to the States. Similarly assistance in plan outlay and other assistance by way of loans and advances. Previously this figure was Rs. 1,000 crores; now it is much

more. Apart from these, the tendency of State Governments to overdraw on the Reserve Bank has been on the increase and Central Government has been standing guarantee for these overdrafts. With all the difficulties and problems the fact remains that the Central Government is trying to integrate and unify the financial resources of this country.

The second socialist task which this Budget is trying to fulfil is that it has taken a decisive step in the re-distribution of the income of individuals through income-tax proposals. I am referring to the personal individual taxation proposals in the Budget. The real ceiling has now come on individual wealth at a level much lower than was the case before. On the other hand, there is also relief given to the low income groups. There is rising taxation after Rs. 15,000 of personal income. At the level of Rs. 2 lakhs, income-tax and surcharge together amount to 97.75 per cent, which is going to make unattractive the desire for earning more. The income of every lakh of rupees beyond Rs. 2 lakhs gives a disposable income to the taxpayer of only Rs. 2,250. Added to this is the Wealth Tax on the individual's income. Both the ordinary Wealth Tax and the Additional Wealth Tax have been stepped up to such an extent that the disposable income is completely wiped out at a level much lower than in the previous year. If the income is exclusively from land and buildings, the ceiling will be reached on the disposable income when the wealth is at Rs. 5 lakhs. If the income comes from wealth, land and buildings, the whole income will be absorbed by tax at the level of Rs. 10 lakhs. This is how the Budget has tried to re-distribute the national income. At the same time, the lower income groups in society have been given relief. Salaried employees, earning Rs. 500 per month, have been given relief. They are exempted from income-tax, and they are also given additional concession if they save.

The third task which the Budget has tried to carry out is the creation of additional wealth by raising resources without disturbing price stability. It has given more importance to the expenditure on social services. Deficit financing of Rs. 220 crores is of arrange in which Government has full confidence that prices will not rise be-

yond controllable limits. It is very interesting to note how expenditure on social services and development has grown faster, which is the characteristic of a socialistic Budget in all the developing countries where socialism is being introduced. The 1971-72 Budget has given an amount of Rs. 553 crores, which is 18% higher over the previous year's figure. This figure has risen fast during the last ten years and now it is 150 per cent more. Similarly ; on the capital account also, the amount given, Rs. 684 crores, is nine per cent more than the previous year for social and development expenditure. But this does not come in the way of higher defence expenditure.

A point was made by some hon. Members that this Government was spending more on defence expenditure than on development. It is true that defence expenditure has gone up, but it should be remembered that whatever is being spent by this country on defence is nothing compared to the expenditure of even socialist and communist countries. I have collected figures of defence expenditure for other countries. Take for instance the United States ; it spends 8.5 per cent of its GNP over defence. The USSR is spending more than 8.5 per cent of its GNP on defence. It comes to U.S. \$164 per citizen in USSR. We need a strong defence because of the situation created by Pakistan and China but we are spending only Rs. 3 per citizen in our country. The ratio of our spending on defence to the GNP is hardly three per cent and it is probably the lowest among the socialist or capitalist countries of the world.

The fourth point which this budget has touched is the effort to change the investment pattern to make industrial and economic growth employment-oriented, and to release the forces of economic democracy through its proposals of corporate taxation. I need not deal with the corporate taxation ; they have been given. To a large extent the corporate taxation has been increased during the last ten years, from Rs. 161 crores in 1961 to Rs. 411 crores as under the present budget. *Garibi Hatao* is not just a slogan but at the same time everybody knows that it cannot be achieved in one year. A concerted and concentrated attack has been made through this budget on the unemployment problem. Apart from the provision of Rs. 50 crores for tackling the

[Shri Raja Kulkarni]

rural unemployment—at the rate of Rs. 100 per month it will give employment to five lakhs of people for ten months in a year. 90 per cent of Rs. 50 crores will be spent on wages to these people which means that about five lakhs of jobs will be created. Another provision of Rs. 25 crores for tackling the educated unemployment problem has been made. As is seen from the pattern of investment in the budget more jobs likely to be created. Rs. 102 crores are to be invested in the iron and steel industry and Rs. 151 crores are to be invested on the railways. Employment is likely to be more than the previous years in these industries. It is the experience of this country that in the previous year or earlier years that even with 7 per cent growth in GNP the employment percentage goes up by 2 or 3 per cent; through this budget it may well go up much higher than the previous year. That is why the budget also fulfils the objective of creating more employment.

Thus the budget carries out the socialist tasks in the transition stage. I would at the same time like to make a suggestion to the Finance Minister that looking to the levies and excise duties and duty on petrol, they should be reduced by at least fifty per cent; the duty on maida should be withdrawn.

Similarly, in the small scale sector—

MR. SPEAKER : Your time is up. You are not caring for the bell nor for requests, nothing.

SHRI RAJA KULKARNI : One minute. The small scale soap manufacturers, with a capacity of less than 800 tonnes per year, should be exempted from the existing excise duty.

With these words, I wholeheartedly welcome the budget subject to these three suggestions which I have made.

SHRI K. D. MALAVIYA (Domariganj) : Mr. Speaker, Sir, I stand to extend my general support to the budget which has been presented by the Finance Minister. It is a sincere effort which has to be appreciated by the House which includes also hon. Members who are not in the party. The budget it aims at a certain direction. Whether the direction is correctly maintained or not

depends on factors more than the mere presentation of the annual budget.

The Finance Minister himself has said in the last paragraph of his budget speech that "it is hardly possible to claim that a new social and economic order can be ushered in through budgetary policy alone." Nothing more apt need to be said by the Finance Minister to be in the direction to which they are all committed. It is not only an annual budget which can take us to the direction where we are now all committed. You and I, Mr. Speaker,—all of us are committed to go to do something much more. In the short time that is available to me, obviously I cannot deal with all those aspects which are in my mind, which I will try sometime again, to put before this hon. House to emphasise and streamline once more the ideas that have now to be hammered before the country so that we might be able to go the way that we are now committed.

There is no doubt that we are all as a party, through our leaders, neck-deep committed to a policy and programme which can be reached only through a socialist approach. The *Garibi Hatao* slogan is a very apt slogan, and its programme of action can only be conceived through the socialist path.

13.00 hrs.

In this respect, I would like to draw the attention of the House to three important phenomena which have to be taken into account. The first is obviously the economic policy behind the budget. That economic policy has been accepted by all of us. This policy is ultimately aimed at owing all means of production and distribution by the State in order to build a strong base to State monopoly capital structure; a radical and basic change in the entire institution of servicing the Government has to be carried out. Also correct distribution of commodities and restriction on conspicuous consumption has to be assured. If we can achieve these three things,—if we can try to formulate our postures and programmes,—which aim at concretising the economic policy of *Garibi*

Hatao, of changing the entire bureaucratic set-up in a radical and basic way, and then to restrict consumption with a view to make it a socialist distributive system, then, of course, we can expeditiously go towards our goal.

What are the contents of these three main phenomena which have to be taken care of? The economic policy behind our budget must now more specifically define our goals. We have already committed ourselves to more commanding height for the public sector. But this is not enough. The sooner we realise it, the better it is for all of us that we have to define it more concretely. That is, the entire pattern of our mixed economy has to be public-sector-oriented. So far, it has been private-sector-oriented. The important consumer goods industries are all in the hands of the private sector. They have now progressively but quickly been taken over by the State.

MR. SPEAKER : You may continue after lunch.

13.01 hrs.

The Lok Sabha adjourned for Lunch till Fourteen of the Clock.

The Lok Sabha re-assembled after Lunch at three minutes past Fourteen of the Clock.

[Mr. Deputy-Speaker in the Chair]

GENERAL BUDGET, 1971-72
—GENERAL DISCUSSION
—Contd.

SHRI K. D. MALAVIYA : Sir, if you do not make me nervous by ringing the bell, I promise I shall try to be very brief.

I was submitting before this House that a qualitative change has come in the entire socio-economic approach of the nation after this election. Still, however, this concept of gradualism that is implied in our parliamentary system of Government, parliamentary democracy I should say, must assume a new posture of radicalism. Otherwise, the entire promises and the intentions that are behind the programmes of *garibi hatao* movement are likely to be, I am using a word deliberately, sabotaged. The conditions for sabotage are, unfortunately, already there. The other day there was a debate in the

Rajya Sabha with regard to the setting up of some sort of parliamentary machinery to examine the working of the private sector. I had been shouting about this for some years and in this House I want to raise my voice in support of that demand once more.

This controversy of inefficiency of the public sector and the great profit making abilities of the private sector has, for all time to come, to be settled after examination seriously and sincerely. Therefore, a parliamentary committee or some other body, whichever might be considered appropriate, now be created in order to find out how the entire complex of the private sector industrial concerns is functioning and operating its mechanism of profitmaking and how the public sector is functioning.

There are obvious difficulties of long-term gestations period of basic industries and lack of perspective and vision in the Government ministries and the Planning Commission, which are mainly responsible for delayed profits or loss profits or no profit but that does not, that should not and that must not frighten us.

I also admit that State monopoly capitalism does not lead directly to socialism. There is something in between and that is where I want to go now. It is the question of building a new institution of servicing the Government and the programme of Government. Solely in the interest of toiling people. I deliberately avoid the word, "bureaucracy". The servicing system of the entire Government must now be basically changed. When I say this I do not condemn the bureaucracy. Something has been injected into the entire functioning of our social system whereby we have to conceive of new ideas. The new idea that I venture to put before this House is that if we really want to implement the socialist programme, we have to do two things, namely, change our concept of gradualism in the new situation and build a new army of committed people who will take up this work of implementing the rural and urban development programme or the urban programme. Unless there is a cadre-based political party, committed to implementing the programme of the Government, this Government cannot succeed in implementing this programme.

We have seen enough in the last decades very well intentioned programmes that have been put before us. They have been

[Shri K. D. Malviya]

worked out meticulously and sincerely. But when we started working after freedom, we seemed to have missed the bus. We did not change the outlook and the methodology of working for implementation. It is now high time, when we are starting on a new voyage, to implement our programmes, that we should seriously think of introducing committed people into the entire system of Government.

I said in a meeting of our Congress members—and I repeat it here—that there is no bar to doing this even today. Even in the year 1937 and also later on in 1948, in the pre-independence period, the UP Government entrusted the entire work of rural development programme, which included not only road building, irrigation but all the schemes which are contemplated today within the framework of rural development programme, to a committed politician who was dynamic, a Congressman. He was known as the Rural Development Commissioner or something like that. That dynamic Congressman, who was not appointed through the Public Service Commission. As the Rural Development Commissioner, he built a cadre of about 1,500 Congressmen, politicians, committed people, who carried on the task of rural development. It is another thing that the Congress at that time was not concretely committed to socialism. It was committed to some sort of a programme which was forward looking but it was neither here nor there. Since then we have moved forward to a more concrete socialist programme and commitment to building a socialist economy. We are now neck deep involved in this great task of converting our present economy into a socialist economy.

We cannot get out of it now. That party will be doomed which would like to go back on it now. Therefore, we are going ahead under a bold leadership and people who are determined to go ahead. Time has come to change the entire concept of our bureaucracy right from below. The whole thing has become so rotten. It is so rotten that it cannot be described and it might take hours for me to describe as to how things have gone wrong. Either a deliberate decision on the part of a Government which now enjoys a big majority is

taken and they do it coolly and calculatedly, or a violent revolution will overtake us. And one does not know where that revolution will lead us to. It might be some sort of a cultural revolution or anything. But the impact of that situation is on us. I would, therefore, plead to the Government and to the Finance Minister also be pponder over the deeper aspect of it as to how he is going to implement the programme. The taxes are evaded. You cannot collect the taxes. With all the good intentions what you propose to do you cannot get it done. Because the whole situation is contrary to the normal desire of getting a programme implemented. Something has gone so wrong and in order to undo that, you have to do some more introspection than what has been done.

I would just like to make one point more. The entire programme of industrialisation also has got to be looked from the background of our rural economy which is now an accepted fact. Now this rural economy is still rampant with the phenomena of feudal exploitation. Even the fertiliser that is being distributed there is distributed by private mechanism, by big people who want to come in there. Neither the distribution nor the production of strategic input of agriculture is in the hands of public sector entirely. Unless you build a system of production and distribution which goes directly into the developmental processes of rural economy, you are not likely to change the structure of agriculture and development programmes. All this talk of green revolution is there. It has happened. Many things have favoured us. But we are standing on a critical precipice. The green revolution might just vanish. Because the foundation is not deep, because feudal exploitation is still going on and land reforms have not been implemented by our own men and the relationship between the higher and the lower peasantry is still so bad against the interests of the lower peasantry that you just cannot conceive of going very rapidly towards industrialisation. We all know that a 20 per cent rural population in a country alone creates a situation where industrialisation moves forward. We are still far behind that. We are carrying out an experiment in which through crash programmes, bypassing difficulties, we are trying to go ahead.

How can we succeed if we have not got the means *i.e.*, if we have not got the people committed to our ideology and if we have still a concept of mixed economy which is totally contrary to socialist concept and is leading to build the monopoly class.

Let us take small entrepreneurs. Where are they I want to ask. They are nowhere. Take small industries like the match industry, the pesticides industry, the poultry-feed industry and the small industries which go to make small tools. They are in the hands of people who are controlled by monopolists. I may give you one example. Take for instance, the pesticides industry. In the pesticides industry, there are small entrepreneurs who are controlled by Tata, the I.C.I. people, and nobody can compete with them. They buy all the stock, put it under their own seal and sell it to Government agencies and big cooperatives and all that, so that the entire distribution has gone into the hands of a few people who control the economy so far as production, distribution and commerce in pesticides industry is concerned. Similarly, there is the VIMCO. Just try to find out what is happening in the match industry so long as VIMCO is present there. I can go on giving instances. Take the small aluminium industry the utensil making industry, the non-ferrous metal processing industries, where the entire control of raw materials and of sale, ultimately, to the point where the consumer comes, is in the hands of a few people. These semi-monopolists and giants are being created through a process, through a system, in our industrial complex where the tendency of disparity is growing and the tendency of creating near-monopoly lot is growing.

This is not seen by the Government, but if you go into it, this is the position. I am one of those small entrepreneurs who has done something for the last 3 or 4 years when I was out of this Parliament. I have gone through this agonising process. I tell you there is not a single instance where this big monopoly does not come in and strangle the technique of the small entrepreneur, who is trying his best to survive in this country. He cannot survive unless there is a proper system of distribution. The entire system of supply of raw material is a thing which requires change. It should be institutionalised in such a way that this disparity does not grow. More than that, I do not want to go into it in greater detail.

My last point about prices. The hon. Minister has referred to this in his speech. Rise in prices is a disquieting feature and I do not think that prices can be controlled by this Budget. Even such articles which were not touched even by this Budget have risen in prices. The prices have gone up. The prices do increase and prices go up, erratically, non-sensically and alarmingly.

In saying all this, I am trying to make out a point that in order to retain the price structure within as reasonable a limit as possible in a growing economy like ours, there is need for changing the distribution system and have your own system at various points in associations with peoples' co-operations and associations. The opening of the departmental stores etc. which was done recently, 2 or 3 years ago did not do the trick because there was no committed personnel behind it. It was just a sale market, market for salemanship where anybody should be recruited from any place and put there. The question of profit came in. They were doing all sorts of things which ought not and should not be done in a Government departmental store. So this whole matter has to be gone into very thoroughly with a view to fit them into the changed system of working into the new pattern of things.

Prices of essential commodities can be controlled only when the distribution mechanism is thought *de novo* on the basis of certain ideologies.

These are the general points that I am trying to make.

With regard to some of the items which have been specified by the Finance Minister for earning income and revenue for the Government, I would like him to consider whether maida could be exempted or not. In respect of an journey, I find that professors and certain others are exempted up to 20 per cent rise in fare. This should apply to certain categories of labourers, workers etc, I think some more labour classes could be included in it. I don't know whether Government will get Rs. 7 crores. If it is reduced by a few crores, by Rs. 1 or Rs. 2 crores by way of extending this concession to representatives of workers or to one or two more categories, I think, it will be in line with our political and social objectives.

[Shri K. D. Malaviya]

Unless we change the entire approach in the functioning of the public sector, unless we give a new orientation to the public sector, unless we organise big consumer goods industries in the public sector, the revenues are not going to increase. I am stressing the need for taking more and more consumer goods industries in the public sector.

The Budget on the whole takes us on the line to which we are committed. I have no doubt about it. That is a sincere effort. We are going towards that path. I am more than convinced when I read some newspapers in the morning. In common parlance, they are newspaper of the tycoons. When I read them, my reaction was just the opposite. When such newspapers say that the whole Budget is wrong, my first reaction was just the opposite. This is all the more a reason that I give my support to the Budget.

DR. HENRY AUSTIN (Ernakulam) : Mr. Deputy-Speaker, Sir, much has been said in the last few days on the budget proposals, and, I think, yet something still remains to be said. Much has also been written in the press by way of comments, but I do think that still many things need to be written and commented upon.

I am one of those who think that this budget has been conceived with a full understanding and a wareness of the aims and objectives set out in our election manifesto and the pledges we have given to the people. Shri Y. B. Chavan, our Finance Minister, like a fine archer, has achieved the twin tasks with a single stroke. He has been able to bring down the uncovered budgetary deficits to Rs. 220 crores from Rs. 397 crores. Also he has been able to reduce the cruel contrast between wealth and poverty. The budget has hit the moneyed people, big businessmen, owners of sizable urban property, the upper fringe of the agriculturists and the upper middle class, but it was spared the middle class and those at the lower marginal levels, particularly the forgotten man. Thus, the Finance Minister by his unorthodox and innovative budget has laid his pruning scissors on the rich in towns and the country alike, and has achieved a massive resource mobilisation, a difficult and stiff

task, as he himself put it, and laid the solid foundations of an ebullient Indian socialist society.

I have heard the Opposition leaders making, I would say, uncharitable and rather politically-motivated criticisms against this budget, the main characteristics of which I have made reference to earlier.

Shri Y. B. Chavan has, no doubt, prescribed a stiff dose of new imposts, but viewed in the context of the background in which he had to prepare this budget, I would say that the harsh aspects of the budget are inevitable. First, we have to recall his earlier commitment in March last when he said that the Plan outlay had to be enlarged. Secondly, he had to take into account the demand from every quarters of this country for producing increased employment opportunities, and then again, the crying demand of the newly awakened social classes for bringing down the unpardonable inequalities still obtaining in wealth and income, and of course, as all of us know, the unpredictable situation in West Bengal and other North-Eastern Border States resulting from Pakistani brutalities in Bangla Desh.

So, when one makes a critique of the budget, one has to take into account all these aspects which I am sure the Finance Minister did take into account. Therefore, the task of reducing a deficit of Rs. 397 crores had to be undertaken in this background. He could, however, reduce it only by about one third and he has done a good job in chiselling his levies only on essentials and placing the burden primarily on the right shoulders, namely those who live in conspicuous consumption and ostentatious living and whose wealth and income bear no comparison at all with those of the vast majority of our compatriots.

The increase in the tax on high income and wealth, higher duties on fine cloth and other luxury consumer goods, the ceiling on high private sector salaries are all indicative of the fact that the Finance Minister's concern is to bring down inequalities in income and wealth and between man and man.

Take the controversial levy on petrol. It is largely consumed by the car-owners or car-users. But there was no levy on diesel

oil which is mainly consumed by public transport. Or, take again cigarettes. Cigarettes of certain brands of costlier brands alone have been taxed.

But the cheaper brands will have only less duty. The *bidi* which is being used by the vast majority of our people has been left untouched. These indicate deep concern for the poor, and even as he performs his great and difficult task, he has always kept before him the overriding consideration that the poor man has to be spared. Thus true to his commitment to the cause of the poor, he has produced a purposive budget reflecting his abiding concern for the poor.

Viewed in this context, one feels non-plussed when Opposition leaders come forward and say that this budget is biased in favour of the rich. Some of them have even dared to strike a patronising attitude and point out that the warth of the people would be on us because the poor man is supposed to be hurt by this budget. They have warned, 'beware of the nex election', I would like to tell my friends of the Opposition that our party is the single largest socialist, democratic party in the world. It has on its rolls 40 lakh ordinary members and nearly a lakh of committed effective members forming a cadre. These millions of my colleagues are constantly trying to be in touch with the people. They have established a rapport with the people and they are the transmission belt who communicate with the masses of the people, and they are, therefore, as much concerned as we are about the needs, requirements, hopes and aspirations of the people. We have heard these doubting Thomases, these professional Cassandras, on the eve of the election. They said our party was isolated from the masses. We have since seen how the people responded to the call of the new radical programme we have offered. So, no one need be patronising and tell us to be careful. We will take care of ourselves. This budget, produced as it is, by a committed leader of our party will, I am sure, truly reflect the aspirations of the people and the people in turn will surely appreciate the effort he is making to spare the poor, and cut deep into wealth and income. I know that the opposition comes mainly from these quarters who have been hit by these proposals.

Having said this, I do not want to be understood as being unaware of the other implications of this budget. It cannot be denied that the net effect of all these imposes will be to disturb the general level of prices, even of essential goods. Experience has shown that in our country, every levy of this nature has a chain reaction. For example, although diesel has not been touched, the levy on petrol has had its reaction on it and road travel will become costlier. After the recent increase in fares and freight in the Railway budget, there has been a tendency to switch to road transport. May be by the likely increase in road transport, it has been brought to even level.

The effect of the rise in the prices of soap, coarse and medium textiles, cigarettes and the like may reach the sensitive sections of ordinary people, particularly the lower middle class. But in the background in which the budget has been prepared, these things are inevitable, and this will be understood by the people because they know that a massive mobilisation effort like this will have to be put through in order to accelerate the pace of our economic growth. However, I am sure sincere efforts will be made by the Finance Minister to check the rise in price and to control other inflationary tendencies.

The justification and success of this massive taxation lie on how the money collected is going to be spent. Our main concern so far has been how to raise the money and from whom; now that it has been raised, there is another field to which our concern should turn, that is, how the money is going to be spent. In this connection, I share the views of my esteemed colleague, Shri K. D. Malaviya. It has not been lack of policies that has been standing in our way; how the policies have been implemented was the basic question which we had to confront often.

It is not enough that we allot more money for development works, but whether that money has been utilised is a vital question. For instance, an additional Rs. 10 crores was allotted for the nutrition of children which is a very popular scheme, but I ask the Finance Minister what happened to the sum of Rs. 4 crores allotted last year for the same project. Only Rs. 1.4 crores were spent. What is the justification for the non-spending of the full amount.

[Dr. Henry Austin]

In this connection I would like to draw the attention of the Finance Minister to the fact that it has become a budgetary practice to show that a certain amount has been allotted to a particular Ministry ; but, at the time of spending, the amount is not actually utilised for the purpose intended. That is probably because of the habit of the Finance Ministry to veto spending by the Ministries. The Administrative Reforms Commission had made certain suggestions in this regard to rectify the situation. My own feeling is that there should be some kind of reorganisation in the Budgetary practices of the Finance Ministry. Once the Budget of a particular Ministry has been voted upon, then the Finance Minister or the Finance Ministry should have no more right to interfere in the spending of that Ministry. Now what happens is that even after the Budget of a particular Ministry has been sanctioned, the Finance Ministry interferes at every stage, so that the responsibility of implementation is not pinned on the head of the Department. It is my view that once the Budget of a particular department has been voted, the head of that department should be made responsible for the spending of that money.

SHRI K. D. MALAVIYA : Suppose he over-spends ?

DR. HENRY AUSTIN : If he over-spends or does not spend according to the budget, he should be taken to task. The Finance Minister should take some kind of action to remedy the present situation where money is not spent fully even on humanitarian projects.

A lot of time is spent in inter-Ministerial conferences. This is time-consuming process. If projects are not implemented on time, it is largely because they are delayed by these Secretaries and Under Secretaries and inter-Ministerial Conferences. A Minister of the standing of Mr. Chavan should be capable of seeing that the projects are implemented, and not merely, in getting so much money sanctioned. Then only will be true to our commitments.

The cost of administration is soaring like anything and, something must be done. It has gone up by 300 per cent between 1960-61 and 1970-71. Despite spending

Rs. 170 crores on the administrative services, their output still remains unsatisfactory. The cost on Police Administration has gone up by seven times in the last decade, from Rs. 11 crores to Rs. 174 crores, including money spent on State Police. We know the law and order situation, particularly in Eastern India.

I suggest that when we try to bring in new levies and imposts we should see whether the administrative machinery is also streamlined. In this connection I should like to recall the observations I made during my maiden speech in Parliament. The bureaucratic set-up should be updated. At present it remains still as an amorphous creature of British imperialism and I do not think that this kind of amorphous thing can serve the purposes of a committed socialist order. The Deputy Secretaries, under secretaries and chief secretaries can be replaced. In some of the advanced countries of the world I know there is no such thing as a Secretariat of the pattern we have. A friend of mine, a one-time Minister, was my guest when I was in a western country and the first thing he wanted to see was the Secretariat. I told him there was no secretariat at all in that country. But the Government of our country was working well.

Each Minister should be independent after the Budget is approved. For the purpose of co-ordination the Finance Ministry can function. If you are really committed and want to make rapid social and economic transformation of our society and implement schemes and projects of the like our able Finance Minister has brought out, if you want to achieve socialism which you have promised, if you really want to solve the massive unemployment problem, the first important prerequisite is an effective updated implementation machinery ; that is yet to be done. Unless that is there, in spite of our weeping and wailing, socialism may not come. Our administrative machinery moves slowly and much delay is caused in the implementation of our programmes. Yesterday the Chief Minister of my State convened a meeting of the M.P.s from my State and presented to us a paper which indicated that several proposals have been put forward before various departments ; some of them are very urgent. In a State like Kerala, so many

problems arise now, problems which the other States will be facing only after 15 years from today. They have listed several proposals awaiting sanction. For instance, every year during the monsoon season, so much land is eaten away by sea, so many people lose their homes and their possessions. Some of my friends including myself sent a short notice question on the urgent need for anti-sea-erosion work now that the monsoons have started but it was disallowed. A friend told me that some high ranking officer told him that these things happen every year and nothing can be done about that. I have heard a petty official of my State say that thirty years ago when I was a college student. But in later years some of us took this problem and during the last thirty years, the coastal people of Kerala know, not less than Rs. 75 crores were spent on anti-sea erosion work. It is about a phenomenon about which the high ranking officer here said that nothing could be done.

I would like to commend the proposals listed in the Conference convened by the Kerala Chief Minister yesterday. I request the Government to expedite these items as soon as possible. The more important of these are :

- (1) Introduction of Boeing flights in Cochin aerodrome ; and, if for any technical reason that is not possible, construction of a Civil Aerodrome at Edakattuvayal, the survey of which is already complete ;
- (2) Conversion of Trivandrum-Ernakulam metre gauge line into broad gauge line ;
- (3) Construction of bypass in National Highways. In this connection I thank the Government for sanctioning the Cochin Bypass—a new road from Alwaye to Edacochin, connecting several islands like Nettoor, Panangad, and Kumbaland and bringing life and civilisation to hitherto neglected and underdeveloped regions ;
- (4) Conversion of the West Coast Road into a National Highway and grants to Ernakulam—N. Parur Road ;

(5) Expansion of Cochin-Madurai road as a National Highway ;

(6) Starting of new fishing harbours and particularly the Neendakara Harbour ; and

(7) Pension to the freedom-fighters.

For want of time I cut short. I congratulate the Finance Minister on offering us a purposive budget. It may not usher in immediately Socialism—no one, I suppose, expects it. But I do believe it will lay solid foundation of a Socialist society and successive budgets will build up suitable structures of the egalitarian order to which this budget of a committed socialist will be a path-finder.

SHRI N. SREEKANTAN NAIR (Quilon) : I am not so complacent as my friend Dr. Henry Austin. I do not agree with the Finance Minister that it is a socialist oriented budget ; I consider this to be a capitalist budget. He has been very considerate to the corporate sector. In this budget indirect taxes far exceed direct taxes.

Before the budget was framed, there was a hope given to the people in the country that the budget would offer a very radical change in many aspects of the economy. Especially just before the budget was presented, general insurance was taken over as a prelude to nationalisation. There were very great expectations. But I do not believe this budget has lived up to those expectations.

In his anxiety to expand the sphere of taxation, the Finance Minister has come down on the common man and the farmer. He has taxed maida and also coarse cloth. I think he must have had a very clever thinking in this matter. He perhaps thought that after hearing a lot of criticism in this House, if he takes away these two taxes, he would be acclaimed as an able Parliamentarian and a democrat and a good friend of the poor also. Therefore, just proposing some taxation and taking it away might be his idea of doing something good to the poor man. Otherwise, there is nothing in the budget which helps the poor man ; there is no effort to control the prices. Dr. Henry Austin also agreed that the prices are shooting up and the common man is bound to suffer much more than what he is made to suffer today. That is quite certain.

[Shri N. Srekanthan Nair]

The Finance Minister referred to regional imbalances. In the plan schemes in the past, investment in the public sector has been disproportionate. There was no principle at all which was adopted in those days. Rich States got much more money than the poor States, and the result was that the educated unemployed in Kerala, especially, had been going all over the world including the far-flung areas in India itself and doing what is possible. We have been able to supply, wherever there was demand, throughout India and even to the outside world, Governors, Secretaries and very efficient stenographers, male and female, and very clever technicians. But in so far as our own State is concerned, we have no industries; there is not even a single basic or heavy industry in my State. The public sector investment is also very unfair to our State. In the first five year Plan, the total investment in the public sector was Rs. 78 lakhs in our State as against Rs. 118 crores throughout India. In the successive five year Plans, we were neglected, so much so, that we have a lot of educated people but no industries, and if we go to any other State, what is the position? Every State has got its own *sena*, and every State Government has got its own police, and so almost all the States come out with oppressive measures against us.

I can understand a local or State Government being provincial in outlook, but a Central or Union Minister goes and acts in such a way, and asks the State Governments and the public Sector undertakings not to recruit anyone who is not from the State concerned for any job below Rs. 500. It is unfair. These public sector undertakings have been set up from the common funds of the people, from the money taken from the common man all over the country.

In this context, I just wish to bring to the notice of the House, a cutting which was sent to me. The cutting is from *Ethavada* dated 19th May. It has reported the speech of Shri Moinul Haque Choudhury, Union Minister of Industrial Development. It says that Shri Moinul Haque Choudhury "today announced that he was considering"—the date-line is 18th May—"a proposal to run third shift at the Heavy Electricals with a view to wipe out losses,

Shri Chaudhury made this announcement at the reception accorded to him by the M P Jamait Ul Ulema-e-Hind. He also stated that "he has directed the management to recruit all types of cadre drawing up to Rs. 500 from Madhya Pradesh alone."

This is a statement made by a Central Minister. This naturally leads to difficulties between State and State, and also raise the demand that the public sector investment may be proportionate to the population in every State, so much so that no more or no further investment can be made in certain States and only backward areas may be provided for, till all the States develop equally or reach up to an equal level after some time. Till it is levelled up, naturally people from industrially backward areas must get some job in public sector undertakings. Posts carrying a salary of Rs. 500 and above are very few. The question of employment is so crucial to industrially backward States like Kerala.

We contribute 14 percent of the foreign exchange earnings but when it comes to helping our people to earn foreign exchange, all sorts of restrictions are imposed. Suppose we require some machinery which has to be imported, if that machinery is going to be manufactured somewhere in India, they say, "You must agree to buy one indigenous machinery if you want to import one from abroad." But the indigenous machinery never works. For instance, take the sea-food industry. We wanted diesel engines. They said, "You should buy one indigenous engine if you want to import one." They insist on the ratio 1 : 1 so far as indigenous and imported machinery is concerned. They also said, you should import the foreign diesel engine only from Denmark, because we have got some foreign loan from them. So, the exporter is compelled to buy one indigenous engine. He feels if there is an imported engine, at least that will pull the Indian-made boat back from the mid-ocean. If both the foreign and the Indian boats are made unserviceable in mid-ocean, naturally the people will be killed.

For the last four years, there had been several programmes for helping the sea-food industry like giving them foreign boats, small ships and other facilities. But none of these has materialised. As mentioned by

Mr. Austin, there are three or four ministries which hold indefinite inter-departmental conferences. When one agrees with something, the other opposes it and nothing is done. So, we earn the foreign exchange which is utilised to set up industries in other States, but when we go there for jobs, we are hounded out. That is the situation faced by the Kerala people.

We have got two major industrial proposals before the Government of India. One is to have a titanium complex using our mineral wealth and another is to have a steel plant. Of course, the Government of India has announced that one mini steel plant may be given to Kerala, but such announcements have been there all along. Our ship-building yard is supposed to have materialised. The proposal was there for the last 20 years. Even now, what progress has been made, I do not know. An officer has been pointed and that is all.

A communist member from Madras pointed out that in the five year plan, Rs. 25 crores have been allocated for language, out of which Rs. 12 crores have been allocated for Hindi alone. I concede that as a comparatively backward language, Hindi must get some special consideration but it should not be given so much preference over other languages. This will lead to linguistic and regional rivalries and lead to disintegration

A friend of mine has written a letter to me about that meeting or Mr. M. H. Choudhary. In conclusion, I want to quote a para from it :

"It is not an exaggeration that Mr. Choudhary's dandy look and balderdash talking regarding his indiscriminatory attitude will accelerate and precipitate to come into force a "Pak-Bangla Desh" terrorism in India, as it will help the people of India, especially southern and northern regions to think individually and such feeling might also create in the part of every State Government. This policy can only help complete split, conflict and loss of all peace and tranquility among the people of India."

श्री बभूलाल चम्पाकर (दुर्ग) : उपाध्यक्ष जी, वित्त मंत्री को देश की आर्थिक स्थिति और गरीबी के सम्बन्ध में जितनी जानकारी प्राप्त

होती है उसनी किसी अन्य मंत्री को सम्भव नहीं होती। बजट बनते समय वैसे तो बजट में आय व्यय का व्यौरा होता ही है लेकिन बुनीयादी तौर पर देश की आर्थिक नीतियों में किस प्रकार का परिवर्तन हो तथा किस मार्ग पर वह देश को चलाना चाहते हैं, सरकार का लक्ष्य क्या है, इन सब नीतियों का बजट में जिक्र होता है। हमारे वित्त मंत्री श्री चम्हाण चाहे जिस पद पर भी रहे हों—चाहे महाराष्ट्र में रहे हों या केन्द्रीय सरकार में रहे हों—उन्होंने शानदार कार्य किया और शायद वित्त मंत्री श्री चम्हाण ही एक ऐसे वित्त मंत्री केन्द्र में हैं जो ग्रामीण क्षेत्र के रहने वाले हैं, गांव के रहने वाले हैं। अभी तक कोई भी वित्त मंत्री ऐसे नहीं हुए जिनका गांव से सम्बन्ध रहा हो। जिस समय उन्होंने यह बजट पेश किया उस समय देश को और खास तौर से गरीबों को उनसे कई बातों की आशाएं थी। देश में हमारे जो लगभग 5 लाख 67 हजार गांव हैं, उन गांवों में जो बेरोजगारी है या उनकी सड़कों के सम्बन्ध में जो मांगें हैं उनके बारे में बड़ी-बड़ी उम्मीदें इस बजट में थी। सरकारी नीतियों और देश को क्या मार्गदर्शन दिया जाना है उनका जिक्र ग्राम तौर से बजट में किया जाता है। इस दृष्टि से तीन महत्वपूर्ण बातें देश के सामने थीं—एक तो देश का आर्थिक विकास तेजी से हो, दूसरे अधिक लोगों को काम मिल सके और तीसरी भाषा यह थी कि मूल्यों में स्थिरता आयेगी। जहाँ तक इन तीन उद्देश्यों का सम्बन्ध है, हमने देखा कि उस और कुछ प्रयत्न हुए हैं, खास तौर से गरीबी हटाओं के सम्बन्ध में जो चर्चा चल रही है इस बजट में कुछ हद तक उस का उल्लेख मिलता है क्योंकि जितने भी प्रत्यक्ष कर लगे हैं वे ज्यादातर धनी लोगों पर, खास तौर से शहरी सम्पत्ति वालों पर लगाये गये हैं। इस तरह से जो एक प्रकार की आर्थिक असमानता हमारे देश में चल रही है उसको दूर करने का प्रयत्न अवश्य किया गया है लेकिन फिर भी जैसे 1947 में जब हमारा देश आजाद हुआ

[श्री चन्द्र लाल चन्द्राकर]

था, उस समय देश में जितने सरकारी कर्मचारी थे—अफसर लोग या छोटे कर्मचारी—वे ऐसा समझ बैठे थे कि अब तक देश में अंग्रेजों की सरकार की तरह से जिस तरह से काम चल रहा था उस तरह से काम नहीं चलेगा क्योंकि अंग्रेजों के जो नये लोग आये थे, जो लोग मंत्री बने थे, वे लोग धन के मामले में त्यागी व्यक्ति हैं, धन से उनको मोह नहीं है। लेकिन बाद में थोड़े दिनों के बाद उन्होंने देखा कि हमारे मंत्री लोग भी उसी तरह से शानदार जीवन व्यतीत करने लग गये, जिस तरह से अंग्रेज करते थे, तब उन लोगों को कुछ उम्मीदें हुई कि हम लोग भी उसी तरह से चल सकते हैं जिस तरह से पहले काम करते थे। इसी तरह से अभी हाल में जो चुनाव हुआ उससे देश के धनिकों के मन में बड़ा संदेह पैदा हो गया था कि इस चुनाव के बाद उनकी स्थिति वह नहीं रहेगी जो अब तक चली आती रही है। उनकी सम्पत्ति आदि के काबूव या कहिये कि गरीबों और भूमिहीनों के बीच से जो एक बहुत बड़ा फर्क चला आ रहा है उसको तेजी से दूर करने का प्रयत्न किया जायेगा इसमें कोई शक नहीं कि उस दिशा में कुछ प्रयत्न तो किया गया है लेकिन जितनी आशाएँ थी उतनी दूर तक यह बजट नहीं गया है। यह ठीक है कि देश की परिस्थितियों के अनुसार देश में रक्षा व्यय बढ़ा है, विकास कार्यों के लिये अधिक खर्च रखा गया है बंगला देश से भी बहुत बड़ी संख्या में शरणार्थी आए हुए हैं, इन सब परिस्थितियों के कारण सरकार का खर्च बढ़ा है। इसी लिए सरकार ने 150 करोड़ रुपये का अप्रत्यक्ष कर इस बजट में लगाया, जिस का देश पर काफी बड़ा असर पड़ा है। भले ही सरकार को इस से 150 करोड़ रुपये मिलेगा लेकिन जनता पर तो इससे दुगना या तिगुना भार पड़ गया। उदाहरण के तौर पर कपड़े पर एक पैसे मीटर की वृद्धि हुई है लेकिन धामों में एक मीटर कपड़े पर 10 या 15 पैसे तक बढ़ा दिये गये हैं। इस तरह से

जो प्रत्यक्ष कर लगा है—चाहे कपड़े पर हो या अन्य चीज पर हो—जनता पर उसका असर बहुत बड़ी मात्रा में पड़ा है और मूल्यों में बहुत ज्यादा वृद्धि हुई है। जनता यह आशय कर रही थी कि मूल्यों में स्थिरता लाई जायेगी, जितने हमारे लोग बेकार हैं बेरोजगारी को दूर करने के सिलसिले में कुछ ठोस कदम उठाने की आवश्यकता थी। उस दिशा में कोई विशेष कदम नहीं उठाया गया। इस सम्बन्ध में मेरा एक सुझाव है। हर साल मूल्यों में जो अस्थिरता आती है उसका एक बहुत बड़ा कारण यह है कि बजट में हर साल नये नये अप्रत्यक्ष कर लगा दिये जाते हैं। इसलिए सरकार को अप्रत्यक्ष कर कम से कम लगाने चाहिए और अगर सम्भव हो तो चार पांच वर्षों तक तो बिल्कुल अप्रत्यक्ष कर नहीं लगाने चाहिए क्योंकि जितना अप्रत्यक्ष कर लगता है उससे दुगनी और तिगुनी मूल्यों में वृद्धि हो जाती है। इस तरह से खर्च बढ़ता जाता है और एक ऐसा विसस सकिल बनता चला जाता है जिससे निकलना मुश्किल हो जाता है। मैं चाहता हूँ कि कम से कम दो साल तक ऐसा प्रयत्न कर के देखा जाए कि अप्रत्यक्ष कर बिल्कुल न लगायें जाये और जो खर्चा बढ़े उस को दूसरे साधनों से आय बढ़ा कर पूरा किया जाये। आप सब इस बात को जानते हैं कि जब घर में खर्चा बढ़ता है तो आदमी दो कदम उठाता है—एक अनावश्यक खर्च को कम करके और दूसरे ज्यादा परिश्रम करके अपनी आय को बढ़ाने का प्रयत्न किया जाता है। सरकार को भी यही करना चाहिये लेकिन होता हमेशा विपरीत ही है। अनावश्यक खर्च दिन प्रतिदिन प्रशासन में बहुत अधिक बढ़ रहा है। उदाहरण के लिए 24 वर्षों की आजादी के बाद भी आज देश में हजारों गांव ऐसे हैं, 70, 80 हजार गांव ऐसे हैं जहाँ पीने के पानी की भी व्यवस्था नहीं है लेकिन दूसरी ओर हमारे यहां टेलीविजन के

विस्तार के लिए 120 करोड़ रुपये की व्यवस्था की गई है। हमारे मंत्रालयों में नई नई मोटर कारों या एयर कंडीशनर्स पर इतना अधिक खर्च हो जाता है कि मैं नहीं समझता कि अगर इन खर्चों को चार पांच साल तक रोक दिया जाये तो उससे स्थिति में कोई अंतर पड़ेगा। सरकार ऐसा निश्चय कर सकती है कि जब तक प्रत्येक गांव में पीने के पानी की व्यवस्था न हो, तब तक इस तरह के अनावश्यक खर्च नहीं किये जायेंगे चाहे टेलीविजन में हो या मोटर कार खरीदने में हो या फर्नीचर खरीदने में हो, इन सब खर्चों को बंद कर देना चाहिए। क्योंकि गांव वाले ऐसा महसूस करते हैं कि शहर के थोड़े से लोगों को चाहे मंत्री हो, या धनिक वर्ग हों या अन्य क्लास के लोग हों या गांव के पूंजीपति हों—ये सब सुविधायें प्राप्त हैं, उनके पास टेलीविजन है दूसरी सुविधायें प्राप्त हैं। एक तरफ टेलीविजन पर खर्च बढ़ रहा है, अन्य चीजों पर सरकार का खर्च बढ़ रहा है लेकिन दूसरी तरफ हमारे गांव वालों को पीने का पानी भी नहीं मिलता। हमारे यहां जो बजट तैयार होता है उसको देखने से यह नहीं मालूम होता है कि इस प्रकार की लगजरी आइटम्स पर सरकार का कितना खर्च होता है, जैसे कुल मिलाकर कारें खरीदने पर कितना खर्च हुआ, कुल मिलाकर टेलीविजन पर कितना खर्च हुआ है, पेट्रोल पर कितना खर्च हो रहा है। अगर अलग से इन खर्चों को दिखाने की व्यवस्था हो तब मालूम हो सकता है कि इन पर कितना खर्च होता है, लेकिन यह बात सही है कि इन चीजों पर बहुत काफी खर्च हो रहा है। एक इम्पेडिड कार पर 1500 रुपये महीने का खर्च आता है। इस तरह से एक साल में उस पर जितना खर्च होता है यदि उस धनराशि को हम गांवों में कुएँ बनाने पर खर्च करें तो 6 कुएँ बन सकते हैं। इस दृष्टि से गांव वालों की जो शिकायतें हैं वे बिल्कुल सही हैं। एक ओर तो कर लगाने से जनता पर बोझ

बढ़ता है और साथ ही सरकार का खर्च भी बढ़ता है तो दूसरी ओर उस बढ़े हुए खर्च के लिये सरकार को देश विदेश से बहुत कर्ज लेना पड़ता है। इस समय हमने देश विदेश से जो कर्ज ले रखा है उसका ब्याज ही कितना देना पड़ रहा है। मैं समझता हूं इस देश में निर्माण कार्यों पर जितना खर्च किया जा रहा है उतना ही ब्याज चुकाने पर भी खर्च करना पड़ रहा है।

15.00 hrs.

जैसा कि आस्टिन साहब ने कहा, हमारे प्रशासन पर खर्च बहुत तेजी से बढ़ रहा है। ऐसा लगता है कि जितना भी प्रत्यक्ष कर हर साल लगाया जाता है वह प्रशासन में ही समाप्त हो जाता है। इसलिये जितने भी कर लगाये जाते हैं उसमें से निर्माण कार्यों पर खर्च करने के लिये एक सीमा निर्धारित की जानी चाहिए। जितना भी कर लगे उसमें से अमुक दो या तीन प्रतिशत तो प्रशासन पर खर्च किया जाये और बाकी निर्माण कार्यों पर खर्च किया जाये। इस प्रकार का कोई प्रतिशत अवश्य निर्धारित किया जाना चाहिए वरना होता यह है कि अधिकतर तो प्रशासन पर ही खर्च हो जाता है और निर्माण कार्यों पर बहुत कम खर्च होता है।

हमारी सरकार ने सार्वजनिक क्षेत्र में बहुत सारे कारखाने खोले हैं जोकि बुनियादी उद्योग हैं जिनमें बहुत सारा पैसा लगता है और काफी समय के बाद आय होती है। उसी प्रकार से सरकार को कंज्यूमर गुड्स के उत्पादन को भी अपने हाथ में लेना चाहिए और सार्वजनिक क्षेत्र में कारखाने खोलने चाहिए क्योंकि उनमें आय अधिक भी होती है और तत्काल होने लगती है। सरकार को कुछ धन सार्वजनिक क्षेत्र में कंज्यूमर गुड्स के उत्पादन पर भी अवश्य लगाना चाहिए।

अभी जैसा मैंने सुझाव दिया कि सरकार को अपना खर्च पूरा करने के लिये जो कर

[श्री चन्द्र लाल चन्नाकर]

लगाने पड़ते हैं उसमें अप्रत्यक्ष कर न लाये जायें बल्कि उसकी जगह पर दूसरे साधन अपनाये जायें जैसे कि सार्वजनिक क्षेत्र में जो कारखाने और कम्पनियाँ हैं उनमें आय बढ़ाने के लिये मंत्रियों को उत्तरदायित्व सौंपना चाहिए। मेरा कहने का तात्पर्य यह है कि सार्वजनिक क्षेत्र में जो कारखाने जिस राज्य में हों उस राज्य के मंत्रियों को, उनके अपने विभाग के अतिरिक्त यह उत्तरदायित्व मिलना चाहिए कि कारखाने का उत्पादन बढ़े, आय बढ़े और यदि उस कारखाने की आय बढ़ती है तो एक प्रकार से उसको उस मंत्री के लिए एक कसौटी माना जाना चाहिये।

मैं मंत्री महोदय को दो-तीन सुझाव और देना चाहता हूँ। एक तो यह कि जो हमारा बजट तैयार होता है वह फरवरी में न होकर के अक्टूबर-नवम्बर में तैयार होना चाहिए। इसका कारण यह है गांवों में निर्माण कार्यों के लिये पैसा अप्रैल तक पहुँचता है और तब तक वर्षा शुरू हो जाती है इसलिये उस पैसे का उपयोग नहीं हो पाता है। दुनिया का हर देश वस्तुतः अपनी आर्थिक स्थिति और खेती के आधार पर अनुकूल समय पर अपना बजट तैयार करता है। हमारे यहाँ के बजट अंग्रेजी ढंग से बनते चले आ रहे हैं। फरवरी का महीना अंग्रेजों के लिये अनुकूल होता है लेकिन वही हमारे यहाँ भी चल रहा है। इसलिये मेरा निवेदन है कि बजट अक्टूबर-नवम्बर में बनना चाहिये ताकि समय से पैसा मिल सके और नवम्बर से जून तक पूरे 6 महीने उस पैसे का उपयोग किया जा सके। मेरा दूसरा सुझाव यह था कि सरकार को चार पाँच सालों के लिये अप्रत्यक्ष कर नहीं लगाने चाहिए।

एक बात मुझे यह निवेदन करनी है कि केन्द्रीय सरकार का जो सोशल वेलफेयर बोर्ड है उस पर अनावश्यक खर्चा हो रहा है। आप सभी जानते हैं कि उसमें कौन लोग रहते हैं।

उसमें शहरों की थोड़ी सी साफिस्टिकेटेड महिलाएँ होती हैं। उससे ग्रामीण क्षेत्रों को अधिकतर कोई लाभ नहीं हो पाता है।... (अवधान)...

बिस्स मंत्रालय में उप-मंत्री (श्रीमती सुशीला रोहतगी)। मैंने सुना नहीं, आप बोहरा दीजिये।... (अवधान)...

श्री चन्द्रलाल चन्नाकर : मैं यह कह रहा था कि सेंट्रल सोशल वेलफेयर बोर्ड में धन का दुरुपयोग बहुत होता है। थोड़ी सी शहरों की जो महिलाएँ हैं वे उसमें होती हैं। उससे जितना लाभ होना चाहिए वह नहीं हो पाता है। पैसे का अपव्यय अधिक होता है।

SHRIMATI SUSHILA ROHTAGI : He mentioned "sophisticated" and since it was not connected, I just wanted to know what it is.

MR DEPUTY SPEAKER : It is not unparliamentary.

श्री चन्द्रलाल चन्नाकर : आज देश में परिवार नियोजन की बहुत आवश्यकता है। मैं इसका बहुत जबरदस्त समर्थक हूँ लेकिन मैं यह भी जानता हूँ कि परिवार नियोजन के नाम पर कितना अपव्यय हो रहा है। इस देश में हर साल 60 करोड़ रुपया परिवार नियोजन पर खर्च हो रहा है। मैं चाहता हूँ आप उस पैसे को उपयोगी कार्यक्रमों पर खर्च करें। आप जो भी खर्च की व्यवस्था करें उसमें देखें कि एक एक पैसे का ठीक से उपयोग हो रहा है या नहीं।

इस बजट के सन्दर्भ में कम से कम जो ग्रामीण हैं वे यह महसूस नहीं करते कि देश के विकास में उनका भी सहयोग लिया जा रहा है। वे इस बात को भी अनुभव करते हैं कि यह जो बजट है वह शहरों से, ऊपर से उनके ऊपर लाद दिया जाता है। खास तौर से योजना आयोग को चाहिए कि इस देश में जो करीब एक लाख 20 हजार ग्राम पंचायतें हैं

उनकी इकाई मानकर योजनाओं को तैयार करे जो उससे अधिक लाभ हो सकता है। साथ ही देश में सन् 1947 के बाद से सास तौर पर बढ़ाई की तरफ कम ध्यान दिया जा रहा है। यदि सरकार प्रत्येक गांव पंचायत में पांच-पांच सौ रुपया लाईब्रेरी के लिए दे उससे बहुत अधिक लाभ हो सकता है। इससे कई लाभ होंगे। एक तो जितनी योजनाएँ होती हैं उनके सम्बन्ध में गांव वालों को बहुत कम जानकारी होती है। इसलिए छोटी-छोटी सम्बन्धित पुस्तिकाओं को यदि पंचायतों के पुस्तकालयों में भेज दिया जाये तो उनको अधिक ज्ञान प्राप्त हो सकेगा।

हमारे देश में प्रादेशिक असमानताएँ फैली हुई हैं लेकिन उनकी ओर इस बजट में कोई ध्यान नहीं दिया गया है। उदाहरण के लिए मध्य प्रदेश इस देश का सबसे बड़ा प्रदेश है लेकिन वहाँ पर सड़क और रेल के साधन बहुत ही कम हैं। मध्य प्रदेश में एकतिहाई हरिजन और आदिवासी हैं लेकिन ग्लाक्स में जितनी रकम विकास कार्यों के लिए दी जाती है उसका दसवां हिस्सा भी उन तक नहीं पहुँच पाता है। केन्द्रीय सरकार द्वारा स्वीकृति मिलने के बाद भी उन तक धन नहीं पहुँचता है। मध्य प्रदेश के आदिवासी क्षेत्र में, बेलाडीला से लेकर राजरा तक रेलवे लाइन खोलने की मांग की गई है। नर्मदा बांध के लिए राज्य सरकार पैसा माँगती है लेकिन उसको पैसा नहीं मिलता है। मध्य प्रदेश बहुत ही पिछड़ा हुआ प्रान्त है और उसको जितनी सहायता मिलनी चाहिए वह नहीं मिलती है। केन्द्रीय सरकार से मध्य प्रदेश सरकार को जितनी सहायता मिलनी चाहिए वह नहीं दी जा रही है। मध्य प्रदेश सरकार और वहाँ के लोग इस बात को अनुभव करते हैं कि चाहे रेल की योजना हो या बांध की योजना हो या सड़क बनाने की योजना हो उसके लिए जितना पैसा वहाँ मिलना चाहिए उससे बहुत कम पैसा दिया जाता है।

श्री राज देव सिंह (जीनपुर) : उपाध्यक्ष महोदय, आपने जो बजट पर बोलने का मौका दिया है उसके लिये मैं धन्यवाद देता हूँ। यह बजट जिस स्थिति में हमारे सामने पेश किया गया है उससे निराशा हुई। पिछले महिनों में जो चुनाव हुए उसमें कांग्रेस को जो उम्मीद से ज्यादा सफलता मिली उससे लोगों में बड़ी-बड़ी आशाएँ बंधी थीं कि अब आगे चल कर के कुछ अच्छा काम होगा। और मार्च के अधिवेशन में जिस समय अंतरिम बजट पेश हुआ था तो हमारे वित्त मंत्री महोदय ने भी कुछ इस तरह की बातों का संकेत किया था कि अगला बजट जो मई में आयेगा उसमें इसका इशारा रहेगा कि बजट सोशलिज्म की तरफ चल रहा है। बजट आया, लोगों ने देखा लेकिन उससे लोगों को निराशा हुई, जैसा कि आज मालूम होता है। इसमें कोई शक नहीं कि जिस हालत में बजट तैयार किया गया, हालत यह है कि रेवेन्यू जरूर बढ़ी है लेकिन साथ ही साथ खर्च भी बढ़े हैं, बेजेजे भी बढ़े हैं। लेकिन ऐम्पलाईज का आउट पुट आज उतना नहीं है जो कि 10 साल पहले था। तो ऐसी विषम स्थिति में वित्त मंत्री जी को यह बजट हमारे सामने रखना पड़ा है। जैसा एक साथी ने बताया कि पूंजीपति, कांग्रेस को जो बहुमत मिला है, बजट से पहले यह सोचता था कि गरीबी हटाओ नारे के कारण न मालूम क्या-क्या आफत आयेगी। लेकिन बजट पेश होने के बाद उन्होंने राहत की सांस ली क्योंकि जितना वह समझते थे कि उनको टैक्स किया जायगा, वैसा वास्तव में नहीं किया गया है। इस बजट में कुछ ऐसे प्रोपोजल्स हैं जिनसे बड़े आदमियों पर तो टैक्स लगा ही, साथ ही कोमन मैन पर बहुत ज्यादा टैक्स हो गया और उसके दोपहर तथा शाम के खाने पर भी असर पड़ने लगा। अमीरों पर टैक्स लगने के बाद भी अमीर आज भी कार में चलता है एयर कंडीशन मकान में रहता है जो खाना पहले खाता था वहीं आज भी खाता और पीता

[श्री राज बक्ष सिंह]

है, लेकिन जो सड़क पर रहने वाला मजदूर है, किनारे बाय की दुकान पर बैठकर जो डबल रोटी के टुकड़े उसमें भिगो कर खाता है उस पर भी टैक्स लगाया गया। तो ये कुछ आइटम्स हैं जो खटकने वाले हैं। मैं वित्त मंत्री महोदय से अनुरोध करूंगा कि उन आइटम्स पर वह फिर से गौर करें ताकि कौमन मैन जो इन बजट प्रापोजल्स से हिट हुआ है उससे वह बच सके और उस पर बोझ टैक्सों का कम हो जाय। जैसे कोर्स क्लाय है, अभी जो चार कमीज पहनता था वह साढ़े तीन कमीज पहनने का ही अब बजट बनायेगा। ट्रांसपोर्ट चार्जेंज कुछ बढ़ जायेंगे जिनको कि साधारण आदमी इस्तेमाल करता है। इसी तरह से रेडी मेड गारमेंट्स है। मैदा भी महंगा हो गया।

हमारे जिले से और देश के दूसरे प्रान्तों में परफ्यूमड आयल काटेज इंडस्ट्रीज के माध्यम से कुछ लोग बनाते हैं, कहीं कहीं स्माल स्केल इंडस्ट्रीज में भी बनाते हैं। उस पर अब 10 परसेंट ऐक्सायज ड्यूटी लगायी गई है। हमारे जिले में यह उद्योग हजारों सालों से चलता है और 10 हजार लोगों का जीवन यापन इससे होता है। परसों वहां की एसोसियेशन की तरफ से फोन आया था कि 10 परसेंट उन पर ऐक्साइज ड्यूटी बढ़ा दी गई है। हमारे पास पूरी प्रोसेस के आठ फोटो हैं जिनसे मालूम होता है कि परफ्यूमड आयल किस तरह से पैदा होता है। डायरेक्टर आफ इंडस्ट्रीज, उत्तर प्रदेश इस उद्योग को स्माल स्केल में मानते हैं, और डेबर भाई से इस बारे में बातचीत भी चल रही है। एक तो सेल्स टैक्स के कारण यह उद्योग दबा जा रहा है और इधर 10 परसेंट ऐक्साइज ड्यूटी बढ़ जाने से हम जानते हैं कि यह जो हमारी पुरानी इंडस्ट्री है यह बुरी तरह से समाप्त हो जायगी। इसलिये मैं वित्त मंत्री महोदय से अनुरोध करूंगा कि वह इस सरफ वेज और छोटी-छोटी इंडस्ट्रीज जो किसी

बजट से हिट हुई हैं बजट प्रोजेक्ल्स के कारण, उनके साथ न्याय किया जाय, और लोगों की रोजी छीनने न पाये इसकी व्यवस्था सरकार द्वारा की जाय।

सरकार जब कभी गरीबी की बात करती है, और गरीबों को मदद की बात करती है तो ज्यादातर सरकार की निगाह शहरों के गरीबों की तरफ ही जाती है। गांवों में जो बहुत बड़ी संख्या में गरीब लोग रहते हैं उनकी तरफ नजर नहीं जाती है। गरीब बच्चों को नरिशमेंट का प्रोग्राम, होने वाली माताओं की भलाई और स्वास्थ्य का प्रोग्राम, जो भी चलाया जाता है वह शहरों की तरफ ही चलता है। आज पीनी के पानी की बड़ी कठिनाई गरीबों की बस्तियों में है, लेकिन इन सब के बारे में जो भी इंतजाम किया जाता है वह शहरों में ही होता है देहातों में नहीं होता है। जबकि 82 फीसदी जनता देश की गांवों में रहती है। पांच लाख 67 हजार गांवों में यह लोग रहते हैं, कस्बों की संख्या बहुत ही कम है। लेकिन फिर भी सरकार जो भी कुछ गरीबों के नाम पर करती है वह बड़े बड़े शहरों और कस्बों के लिये ही करती है, गांव वालों के लिये कुछ नहीं किया जाता है। हम लोग यू० पी० से आते हैं, हम जानते हैं कि किस तरह से 20 साल की आजादी के बाद भी हम बहुत पिछड़े हुए हैं। मैं बेकार की बात नहीं कर रहा हूं, आंकड़े दे कर साबित करूंगा। पहली, दूसरी और तीसरी योजना खत्म हो गई लेकिन इसके बाद भी हमारी हालत क्या है? 1951 में जिस समय पंचवर्षीय योजना शुरू हुई पहली उस समय यू० पी० में फी व्यक्ति सालाना आय 259.62 पैसे थी और भारत का औसत था 247.50 पैसे। 1970 में भारत का औसत हो गया 339 रु० और यू० पी० की प्रति व्यक्ति आय का औसत हो गया 253 रु०। यह 1960-61 की प्राइसेज के आधार पर है। यह आंकड़े

सेंट्रल स्टेटिस्टिकल आर्गनाइजेशन के हैं जो कि 27 जई के 'साइनेसियल एक्सप्रेस' में निकले हैं। तो सोचना चाहिये कि आखिर उत्तर प्रदेश जब देश में विकास काम शुरू किया गया था, उस समय माने था। लेकिन तीन पंचवर्षीय योजनाओं के चलने के बाद हम पीछे क्यों हो गये? इसका जवाब क्या है।

पहली प्लान में पर कैपिटल अउट ले, जो हर एक आदमी पर पहली योजना में खर्च हुआ, हिन्दुस्तान और यू० पी० का औसत देखा जाय। पहली योजना काल में जहां भारत में फी व्यक्ति प्लान आउट ले औसत 40 रु० था और यू० पी० में 24 रु० था, दूसरी योजना में भारत का औसत फी व्यक्ति 52 रु० और यू० पी० का 34 रु० फी व्यक्ति और तीसरे प्लान में भारत का फी व्यक्ति प्लान आउट ले का औसत 92 रु० था तथा यू० पी० का 75 रु० फी व्यक्ति था। दो साला योजनाओं में भारत का औसत आता है 58 रु० और यू० पी० का औसत आता है 52 रु०।

इसी तरह से पर कैपिटल सेंट्रल असिस्टेंस को देखा जाय कि कितना स्टेट्स को दिया गया और कितना यू० पी० को दिया गया। पहली योजना में भारत का जहां औसत है 25 रु० पर कैपिटल सेंट्रल असिस्टेंस वहां यू० पी० का 13.38 पैसे आता है। दूसरी प्लान में भारत का औसत 27 रु०, यू० पी० का आता है 17.01 पैसे। तीसरी योजना में भारत का औसत है 58 रु० वहा यू० पी० का है 45.87 पैसे। दो सालाना प्लानों में हिन्दुस्तान का औसत आता है 36 रु० और यू० पी० का आता है 30 रु०। इतना ही नहीं जो सेंट्रल प्रोजेक्ट्स थे, उनमें यू० पी० का कितना भाग रहा, यह भी मैं आपके सामने रख रहा हूँ क्योंकि गरीबी मिटाने के लिये बैंकवर्डनेस मिटाने के लिए वह भी एक बड़ा भारी फीक्टर होता है। पहली योजना में 45.30 करोड़ रु० सेंट्रल प्रोजेक्ट्स में खर्च किया गया, उसमें से यू० पी० को कुछ

नहीं दिया गया। दूसरी योजना में सेंट्रल प्रोजेक्ट्स के ऊपर 694.20 करोड़ रुपया खर्च किया गया, उसमें से भी यू० पी० को कोई हिस्सा नहीं दिया गया। तीसरी योजना में 1144.20 करोड़ रु० खर्च किया गया सेंट्रल प्रोजेक्ट्स के ऊपर, जिसमें से यू० पी० को 72.1 करोड़ रु० दिया गया। मैं आपसे बतलासा चाहता हूँ कि यह है इतिहास उत्तर प्रदेश का। जिस समय स्वराज्य हुआ था उस समय जो उसकी आर्थिक स्थिति थी, बीस वर्ष तक स्वराज्य की गाड़ी चलने के बाद वह उसके पीछे है।

आज यू० पी० के लोग इस बजट को किस निगाह से देखे, यह हमारे सामने प्रश्न है। जो हमारे देश की आबादी है, हमारे सूबे की आबादी उसकी 7 फी सदी है, लेकिन हमारे ऊपर 6 परसेंट खर्च किया जाता है। इतना ही नहीं नेशनल कौंसिल आफ ऐप्लाइड एकॉनॉमिक रिसर्च ने 1955 में 289 जिलों का सर्वे किया था, यह जानने के लिये कि कौन-कौन से डिस्ट्रिक्ट बैंकवर्ड है। उनमें से 27 डिस्ट्रिक्ट यू० पी० में थे। थोड़े वर्षों के बाद प्लानिंग कमिशन ने 303 जिलों का सर्वे किया। उसमें पूरे देश में 75 डिस्ट्रिक्ट बैंकवर्ड मिले, जिसमें से 33 डिस्ट्रिक्ट्स यू० पी० में थी। 1955 में सर्वे हुआ तब यू० पी० में 27 जिले बैंकवर्ड थे और पाचदस साल के बाद जब सर्वे हुआ तब 33 जिले वहाँ पर बैंकवर्ड निकले। 54 जिलों के सूबे में 33 जिले बैंकवर्ड। 9 करोड़ की आबादी में पांच छः करोड़ लोग बैंकवर्ड हैं। साफ पता चल सकता है कि उत्तर प्रदेश का आदमी किस निगाह से इस बजट को देखेगा। एक बात आप को समझ लेनी चाहिये कि उत्तर प्रदेश की उपेक्षा की गई है और अभी तक हम बराबर पीछे चलते गये। इस तरह से हम देखें तो इस बजट से उत्तर प्रदेश के लिये कोई आशा नहीं है।

इसी तरह से आप एलेक्ट्रिक कंजंक्शन को थोड़ा सा सामने रखें। बिजली एलेक्ट्रिफिकेशन

[श्री राजदेव सिंह]

कारपोरेशन बनाया गया। हर एक स्टेट को रुपया दिया गया और एलेक्ट्रिफिकेशन का कार्यक्रम चल रहा है। लेकिन अलग-अलग सूबों में अलग-अलग परसेंटेज रहा एलेक्ट्रिफिकेशन का आन्ध्र में 26.1 परसेंट विलेज एलेक्ट्रिफाई हुए, गुजरात में 18.2 परसेंट, हरियाणा में 50.7 परसेंट विलेज एलेक्ट्रिफाई हुए, अब शायद और भी हो गये होंगे, यह पुरानी जानकारी है, केरल में 73.8 परसेंट विलेज एलेक्ट्रिफाई हुए, महाराष्ट्र में 28 परसेंट, मैसूर में 24.9 परसेंट, पंजाब में 46.2 परसेंट तमिलनाडु में 66.8 परसेंट और यू० पी० में 13 परसेंट विलेज एलेक्ट्रिफाई हुये, यानी सबसे कम।

सिंचाई और विद्युत और मन्त्रालय में उप-मन्त्री (श्री बंजनाथ कुरील) : यह किस साल के फिगरस हैं ?

श्री राजदेव सिंह : 31.3.70 तक के। 1951 से ही हमारी उपेक्षा हो रही है, लेकिन आज भी हमारी हालत अच्छी नहीं है। अभी जिला बनारस के रामनगर में एक ट्रेक्टर फैक्ट्री खुलने वाली थी यूगोस्लाविया के कोलेबोरेशन से लेकिन पता नहीं वह किस दूसरी स्टेट को भेज दी गई। प्रतापगढ़ में प्राइवेट सेक्टर में एक ट्रेक्टर फैक्ट्री खुलने वाली थी, लेकिन सुनते हैं उसको भी खिसकाने की कोशिश की जा रही है। इस तरह से अगर इस स्टेट को पिछड़ा रक्खा गया जहां पर देश की 17 प्रतिशत आबादी रहती है तो देश कभी भी तरक्की नहीं कर सकता।

इस लिये मैं वित्त मंत्री महोदय से अनुरोध करना चाहता हूं, जो यहां बैठे हुये हैं, कि वह उत्तर प्रदेश की कंक्ट्रिब्यूशन को दूर करने की कोशिश करें। इसके लिए उसको ज्यादा से ज्यादा इंडस्ट्री दी जाएं, रूरल एलेक्ट्रिफिकेशन दिया जाये, सिंचाई के साधन दिये जाये कल कारखाने दिये जायें। मैं चाहता हूं कि जो फोटो

मेरे पास है उसको आप देख लें ताकि आपको पता चल जाये कि हजारों वर्षों से जो कंटेज इंडस्ट्री या बिजनेस चला आ रहा है उस पर एक्साइज टैक्स लगा कर आप उसको खत्म करने जा रहे हैं।

इन शब्दों के साथ जो बजट प्रपोजिक्स सदन के सामने रखे गये हैं मैं उनका समर्थन करता हूं।

डा० गोविन्द दास रिछारिया (भरौसी) : उपाध्यक्ष महोदय, माननीय वित्त मंत्री जी ने प्रत्यक्ष कर लगा कर जो हमारे यहां के पूंजीपति हैं उनसे रुपया लेने की जो कोशिश की है मैं उसका समर्थन करता हूं और उनके प्रति आभार प्रकट करता हूं। साथ ही आप के द्वारा उनसे निवेदन करना चाहता हूं कि समाजवादी व्यवस्था लाने के लिये लोकतन्त्रीय आधार पर वह जो समानता स्थापित कर रहे है उसका भी समर्थन करता हूं। हमारे देश में योजनाओं में जहां पहला सिद्धांत यह रक्खा गया है कि हम समानता पैदा करें, वहां दूसरा सिद्धांत यह मानना चाहिये कि हमारे यहां जो क्षेत्रीय असमानता है उसको भी दूर करें और क्षेत्रों में समानता पैदा करें। जो वित्त मंत्री जी यहां बैठे हुये हैं उनके द्वारा मैं योजना मंत्री से कहना चाहता हूं कि तीसरा सिद्धांत अभी आपके सामने हमारे साथी ने उत्तर प्रदेश के सम्बन्ध में उपस्थित किया था। मैं उसको दोहरा कर आपका समय नहीं लेना चाहता, लेकिन यह निवेदन करना चाहता हूं कि एक सिद्धान्त वह यह माने कि आप की तीन योजनाओं में जो असमानता, उत्तर प्रदेश जैसे बड़े भू-भाग में पैदा हो गई है, उसको दूर किया जाये।

इसके साथ ही एक बात की ओर वित्त मंत्री जी का ध्यान दिलाना चाहता हूं कि अभी-अभी 50 करोड़ ६० जो उन्होंने रोजगार के लिये स्वीकार किया है उसका भी वितरण यहां भारत

सरकार की तरफ से होता है। उसमें भी उत्तर प्रदेश को पीछे रखा गया है। वह इस तरह से किया गया है कि, वह जब इस रुपये का बटवारा किया गया तो उसमें यह लिख दिया गया कि जहां पर दस ब्लाक से ज्यादा होंगे वहां के लिये अधिक रुपया नहीं दिया जायेगा। मैं समझता हूँ कि उत्तर प्रदेश का कोई भी जिला ऐसा नहीं है जहां दस या ग्यारह ब्लाकों से ज्यादा न हों, एक आठ जिले को छोड़ कर। इसलिये इसमें भी यू० पी० पीछे रह गया जब 50 करोड़ रु० का बटवारा किया गया। चूंकि वहां हर जिले में 10-15 ब्लाक हैं, इस लिये यह असमानता हो गई। मेरा यह निवेदन है कि आगे जब 50 करोड़ रुपयों का बटवारा हो तो उसमें समानता रखी जाये और हर ब्लाक को एक समान पैसा दिया जाये। इसी तरह से 25 करोड़ रुपया जो आप ने रखा है उसके बटवारे में कोई असमानता न आ जाये आप के विभाग के द्वारा, इसका भी ध्यान रखा जाये।

इसी तरह से आप से एक निवेदन और भी करना है। स्वतन्त्रता के इतने वर्षों के बाद भी आज उत्तर प्रदेश का बुन्देलखण्ड क्षेत्र, हमारे पहाड़ी जिले और मिर्जापुर इस तरह के क्षेत्र हैं जहां के गांवों में रहने वाले लोग पानी के लिये तरसते हैं। आप को आश्चर्य होगा जान कर कि गर्मी के दिनों में बुन्देलखण्ड में लाखों महिलायें दो तीन मील पानी भरने के लिये जाने के लिये बाध्य होती हैं। वहां पानी की बड़ी भारी समस्या है। मैं चाहूंगा कि इन क्षेत्रों के लिये, अर्थात् जिन उत्तर प्रदेश के क्षेत्रों में पानी की ठीक व्यवस्था नहीं है, जो कि मनुष्य के जीवन के लिये सब से आवश्यक वस्तु है, अच्छी व्यवस्था की जाये।

हिन्दुस्तान की असमानता को दूर करने के साथ-साथ एक चीज की तरफ और आप का विशेष ध्यान दिलाना चाहता हूँ। आज हम एक ऐसे चौराहे पर खड़े हैं जहां से समाजवाद की

तरफ आगे बढ़ना है। ऐसे समय में भारत सरकार के नियन्त्रण में चलने वाले जितने कार्य हैं अगर उन से हम को मुनाफा न मिले, इतना अधिक रुपया खर्च करने के बाद भी यदि मुनाफा न कमाया जा सके तो हमारे समाजवादी प्रोग्राम के लिए यह चीज एक चुनौती है। आज हम देखते हैं कि जितने भी भारत सरकार के संस्थान हैं, वह मुनाफे के बजाय नुकसान पर चल रहे हैं। यदि हमको समाजवाद के प्रति लोगों में आस्था पैदा करनी है तो जो व्यक्तिगत क्षेत्र हैं उनको तो हम राष्ट्रीयकरण के अन्दर ले ही जाये, जो हमारे पुराने संस्थान हैं और भारत सरकार के नीचे चल रहे हैं, उनमें चाहे जैसी व्यवस्था हम करें, लेकिन उनमें मुनाफा होना चाहिये। चाहे हम मजदूरों को साक्षीदार बनायें प्रशासन में उनको भागीदार बनायें या कोई और तरीका इस्तेमाल करें लेकिन हमको व्यवस्था को ठीक करना ही पड़ेगा। यह एक चुनौती हमारे सामने आ कर खड़ी हो गई है और इसका हमें समना करना होगा। सरकारी जितने भी संस्थान हैं वे मुनाफे में चलने चाहियें और इसके वास्ते जो भी व्यवस्था आवश्यक हो, वह आपको करनी होगी।

माननीय वित्त मंत्री जी ने व्यक्तिगत करों के मामले में, प्रत्यक्ष करों के मामले में एक ऐसा दृष्टिकोण अपनाया है जिससे मालूम होता है कि हम समाजवाद की तरफ चल रहे हैं। जहां उन्होंने प्रत्यक्ष करों के सम्बन्ध में इस दृष्टिकोण को अपनाया है वहां उनको अप्रत्यक्ष करों के मामले में भी ऐसा ही दृष्टिकोण अपनाना चाहिये। चाहे मंदा हो या साबुन हो या सिले सिलाए कपड़े हों, मैं प्रार्थना करता हूँ कि उन पर वह पुनर्विचार करें ताकि यह जो सुन्दर बजट उन्होंने पेश किया है यह और भी सुन्दर बन सके।

इन शब्दों के साथ मैं आपको धन्यवाद देता हूँ।

*SHRI DHANDAPANI (Dharapuram) : Hon. Deputy Speaker, Sir; many hon. Members of this House have analysed the Central Budget for the year 1971-72 from various view points during the past few days. The hon. Minister of State in the Ministry of Finance, Shri Ganesh, while intervening in the General Discussion yesterday, stated categorically that this Budget has not been framed on the basis of socialistic principles. In the recent General Elections, the people of this country, with the fond hope that the Central Government, under the leadership of Shrimati Indira Gandhi, would relieve the distress of the down trodden and usher in an era of socialism in the country by implementing vigorously programmes based on socialistic objectives voted overwhelmingly in favour of this Government. The hon. Minister of Finance, Shri Chavan has also referred to this aspect in his Budget speech. But, Shri Ganesh clearly expressed his view yesterday that this is not a socialist-oriented Budget. He added that socialism cannot be achieved within a period of one year. We all know that a political party is given the seat of power so that it may implement its policies and objectives for the welfare of the country. The people of our country exercised their franchise in favour of the ruling party and they now expect the ruling party would redeem its pledge contained in their election manifesto.

Shri Chavan has referred to this in his Budget Speech. I quote :

"The massive mandate which this Government received from the people three months ago was a mandate for socialism, a mandate for rapid economic growth matched by increased social justice."

Shri Ganesh has stated that within one year it is not possible to bring in socialism in the country. The Budget is a potent instrument in the hands of the Government to delineate its policies and programmes and also the method of their implementation. When we hear a Minister saying in the first year after the Elections that it is not easy to bring in socialism within one year, we get the doubt that even in 1976 the same excuse might be offered. Though no time-limit can be fixed for creating a socialistic society, yet a climate and consciousness

must be created among the people for realising the objective of establishing an egalitarian society.

Mr. Deputy Speaker, Sir, I would like to ask what tangible and direct benefits would accrue to the poor people through this Budget. If the Government can enumerate a few such benefits, then we are prepared to accept that this is a socialistic Budget. As many hon. Members referred to the taxes levied in this Budget, we find that there is an impost on *maida*. We are aware and we realise that no Government would be able to run the administration without resorting to taxation. My party, the Dravida Munnetra Kazhagam, is also running a responsible Government of a State. It is not just levying a tax on *maida* but the justification put forth is really shocking to us. The justification for this levy on *maida* is that the bread made out of *maida* is consumed mostly by affluent sections of the society. It might be true also. You find that the rich people are served bread in the Inter-continental Oberoi Hotel. At the same time, you also see poor people eating bread in the pavement shops of Delhi Bazzars. We cannot afford to tax bread on the ground that it is a rich man's food because of our unsavoury association with the people frequently visiting Inter-continental Hotel. This is a glaring example of the fallacy of syllogism. Just because a cow with four legs gives milk, you cannot expect milk from a table with four legs. A lone villager in the corner of South takes bread and so also a rich man in the Inter-continental Hotel. The Government, under the false notion that a poor man would feel proud to be compared with a rich levy tax on *maida*.

It is also claimed that revenue of Rs. 7.4 crores would accrue as a result of this tax on *maida* and this amount would be set apart for implementing Children's Nutrition Programme. I don't understand the connection between these two. All the members alike, both from Opposition and from the Congress, have demanded the withdrawal of this levy on *maida*. If Shri Chavan, realising his uneviable position, withdraws the tax on *maida*, what will be the consequence. The poor children will be deprived of the benefits of Nutrition Programme. I am unable to appreciate the so-called socialist-

*The original speech was delivered in Tamil.

oriented Budget which affects the poor people and the poor children alike.

There is no denying the fact that a Government has to impose taxes for its existence. But the question is who should be taxed. We have not touched the Corporate Sector in this Budget. All the members of this House know how the corporate sector functions in our country. We regret that the corporate sector which earns huge profits has been left untouched in this Budget.

Shrimati Indira Gandhi in her Budget Speech last year stated that the income of husband and wife would be taken together for the assessment of income tax. This year there is no mention about it in the Budget. I happened to come across a news item in which Dr. Patel, who prepares the Budget Speech of the Finance Minister, is reported to have said that there is no intention on the part of Government to link up wife's income with that of the husband for the purpose of assessment of income tax. I request the hon. Finance Minister to examine this question.

Besides the corporate sector, there are any number of advocates practising in the Supreme Court and also Doctors earning huge income. They neither give any receipts nor keep proper accounts of their income. There are big lawyers earning Rs. 4.5 lakh a year. I would like to request the Finance Minister to devise ways and means for collecting taxes due from them on their actual income. I would also plead with him that he should take vigorous steps to collect the huge arrears of income tax. It is true that the Finance Minister has referred to the problem of un-accounted money in his budgets speech. But I would urge that, before the conclusion of this session, he should bring legislative proposals before the House to unearth the unaccounted money. To tackle the problem of hoarded black money, there is only one way out for the Finance Minister and that is to demonetize hundred rupee notes and also currencies of higher denomination. There have been reports to this effect in the newspaper but the Governor of the Reserve Bank has denied them. In this House also this report has been contradicted. But I would appeal to the Finance Minister to take the step of demonetizing unhesitatingly so that the vexatious problem of black money can be solved.

Next comes the question of unemployment. In this Budget there is a reference to

this problem. A sum of Rs. 25 crores has been earmarked for creating job opportunities to the educated unemployed. There are 7 crores of unemployed in our country. In the interim Budget there was a provision of Rs. 50 crores for rural employment programme and the share of Tamil Nadu was a meagre sum of Rs. 1½ crores. You can imagine how and to what extent employment opportunities can be created with this paltry sum of Rs. 1½ crores. The unemployment problem is assuming serious proportions and the Government will have to take very effective steps if they want to avoid grave consequences. The Central Government should not only establish industrial units throughout the country but also extend their unstinted cooperation to the State Governments trying to set up such units. The Tamil Nadu Government sought the sanction of Central Government for setting up 140 industrial units last year but they were given permission only for 36 units. It is a pity that permission was refused for 104 units. I know that this problem of unemployment cannot be solved with the help of agriculture alone. There is imperative need for setting up industrial units, big and small, in large numbers if this problem is to be tackled to some extent.

Under the head 'Defence', an amount of Rs. 1079 crores has been allocated in this Budget. We find that a major portion of the allocation is under revenue account and very little is made available to capital account. I am of the view that defence production must be given great fillip. Because of discipline in the Army, the workers in the defence installations would function efficiently and if more defence production units are set up, it would go a long way in mitigating the rigours of educated unemployment.

I would request that a Committee should be set up to consider the question of recurring losses in public sector undertakings and also to suggest measures to prevent such losses. The D. M. K. Party has accepted unreservedly the nationalisation policy of the Central Government. But on account of certain shortcoming in the working of the nationalised sector and also due to administrative lapses, you find heavy losses. If proper steps are taken to streamline the administrative machinery I am sure these nationalised units will become profit-making units. To give an example, there is a cement factory in Mysore. The requirement of

[Shri Dhandapani]

gypsum for this factory is met from Rajasthan. But this gypsum is available at less cost in Udumalaipettai, which is in my constituency. If arrangements are made to utilise this gypsum for this factory in Mysore, naturally this unit will start making profits because the transportation charges will be cut down considerably and the price of gypsum is also less. Though we have repeatedly referred to this, nobody has cared to look into this matter. Such small lapses abound in public sector units. If the hon. Minister takes steps to remove them, then naturally the public sector units would function well.

The hon. Finance Minister has himself accepted that the administration of the nationalised banks is not upto the mark. Even today the directors of not only the State Bank of India but also the 14 nationalised banks are given clean overdraft facilities which help them to indulge in personal aggrandisement. We recently came across the case of misappropriation of Rs. 60 lakhs by one Mr. Malhotra in the State Bank of India in New Delhi. It is not that there is only one Malhotra in Delhi but there are thousands of Malhotras working in the State Bank Branches and also in the 14 nationalised Banks. I would request the Minister to go into the question of improving the working of nationalised banks in all seriousness.

The prices of food articles must be reduced. The hon. Finance Minister has been advising *ad nauseum* the State Governments to reduce the non-plan expenditure. How is it possible? The Central Government is in a position to increase the emoluments of its employees any time and to any extent. When the prices of essential commodities are soaring sky-high, the State Government have no alternative but to increase emoluments of their employees. It is very necessary that the rise in prices of essential commodities must be arrested and brought under control. Also, all efforts must be made to increase the production substantially.

It is stated that a Bill would be circulated to the States for the purpose of putting a ceiling on urban property. There seems to be also another proposals to take over the administration of Estates Duty from the States. This process of circulation and consultation will no doubt take considerable

time. I would like the Finance Minister to thrash out these issues in a Conference of the Chief Ministers of States and take expeditious steps to bring forward the necessary legislation.

Every State is striving hard to implement progressive measures. So far as Tamil Nadu is concerned, we have created a Slum Clearance Board with a view to providing alternative accommodation to thousands of slum dwellers. The State Government has also provided a sum of Rs. 4½ crores for this purpose. I request the Finance Minister to give matching grant to our State Government so that they can take up this work effectively. The Tamil Nadu Government is taking steps to meet the acute housing shortage throughout the State with the help of the Housing Board. The State Government has requested the Centre to provide Rs. 10 crores from the Revolving Fund created for this purpose. I appeal to the Finance Minister to accede to the request of State Government and sanction this amount.

On the occasion of the birth-day of our Chief Minister Kalam Karunanidhi on the 3rd of this month, a scheme of rehabilitation of beggars was started. This scheme is not entirely financed by the State Government, but many voluntary agencies and also individuals have donated substantial amounts for implementing this scheme. There are 60,000 beggars in Tamil Nadu alone, of which 8,000 suffer from leprosy. My Government has initiated this scheme to give immediate medical attention and succour to these 8,000 lepers. I would request the hon. Finance Minister to allocate special funds to our State for eradicating beggary from our State.

Though agriculture is given top priority in this Budget, tractors have been taxed heavily. I request the Finance Minister to re-examine the heavy impost on tractor, which contributes greatly to agricultural progress in the country.

In Tamil Nadu, our life and death question is adequate water supply. Today we are depending upon the tender mercies of the neighbouring States of Mysore and Kerala for our water supply. Cauvery Water dispute is still hanging fire though Tamil Nadu has been crying hoarse for a solution. I request the Minister that this

dispute should be referred to arbitration. In the Fourth Five Year Plan, a sum of Rs. 85 crores has been allocated for Mysore State so that they can utilise fully the waters of rivers flowing westward by constructing dams across them. It looks as if the Government of Mysore is trying to stop the supply of Cauvery Waters simply because Tamil Nadu gets it. Water is not an exclusive property of any individual or State; it is a divine gift to the people. The Central Government cannot be a silent spectator and a mute witness to the sufferings of people in Tamil Nadu. Just because there is a dispute between two States, the Central Government should also not resort to divide and rule policy to suit their convenience and to keep their hold on both the States. If politics is introduced in this matter, I would warn the Centre of serious and grave consequences. According to the provisions of Inter-State Water Disputes Act, 1956, this issue should be referred to arbitration.

Besides setting up industrial units for solving the unemployment problem, the much talked about scheme of linking Ganges with Cauvery should become a reality. It should not become a victim of protracted and futile negotiations. Recently, Dr. K. L. Rao stated that the States will have to be consulted in this respect. I appeal to the Finance Minister that this scheme should be treated as a central scheme and it should be implemented as early as possible. This would create job opportunities for thousands of educated unemployed. There is also another scheme known as Sethu Samudram Project, which is pending for long. If implemented, it will not only create job opportunities for the educated unemployed of that area but will also bring substantial revenues to the Central Government.

I would like to suggest that a Board should be constituted to decide on the utilisation of waters of rivers flowing through two or more States.

We have been demanding that more powers should be given to the States. I would like to state that nobody need apprehend that this demand for more powers will weaken the hands of the Centre. On the other hand, there will be a strong centre because the States will be functioning smoothly. In Tanjore there is a big temple in which we wanted to shift the idol from one place to another. But the Central

Government intervened and stopped us from doing such a small thing. Similarly, in Vellore there is a Fort and also a temple. Inside the temple there is no idol of God. When we wanted to instal an idol of God inside the temple, permission was refused by the Centre. I request that the Central Government should stop the interference in such small matters.

As allocations are made in the Five Year Plans to the States, I would suggest that the States should be earmarked their share of foreign exchange also.

I will like to mention here that the efforts of the State Government to bring prosperity to the poor are not being supplemented by the Central Government. As the taxation proposals in this Budget would add to the distress of the poor people of our country, I request the hon. Finance Minister to withdraw the tax on *maida*, on coarse cloth, on cheap variety of ready garments and soaps. I would also state here that the price of kerosene has gone up in sympathy with the tax on petroleum products. I would request the hon. Finance Minister to take steps to see that the price of kerosene does not go up.

With these words, I conclude.

SHRI AHMED AGA (Baramulla) : Mr. Deputy-Speaker, Sir, I find, the Budget proposals are a very sincere effort at reducing inequality in income and wealth. There is really an effort at reducing the concentration of wealth.

I welcome the Budget. My immediate reaction to the Budget was :

कुछ नहीं तो कम से कम खाबे सहर देखा
तो है ।

जिस तरफ देखा न था अब तक उस
तरफ देखा तो है ॥

The socialism is not going to be achieved by this one Budget alone. It is a process which will take time. The whole question is : Are we going on the right path or are we not going on the right path ? That we are going on the right path is certainly borne out by the proposals that are contained in the Budget. I do not want to repeat what has been said before. I have got something else to say which is more important and which is connected with the Budget,

[Shri Ahmed Aggarwal]

I find, in these Budget proposals that the taxation at the highest level is 97.6 per cent and I again see that after wealth limit at Rs. 17.5 lakhs, the taxation would start eating the holding itself. I see that the Finance Minister has tried to tax the rich. He had also to tax those who could afford to pay as in view of narrow tax base, it was not possible for him to leave them out. I understand there is a resentment against the rise in price of bread and also with regard to ready-made garments and soap.

There are two types of ready-made garments, one worn by the poor and the other worn by the rich. I wish the Finance Minister to look into this aspect again so that the garments which are purchased by the poor are not taxed. There is a difference between the two types of garments, one is sold in poorer areas and the other is sold in places like Connaught Place. Connaught Place garments must certainly be taxed.

We got massive mandate from the people, but not *Alladin's Lamp*. In the Interim Budget, the Finance Minister said that he will give a better budget. But what was the condition after that? Other things have happened. We got the *Bungla Desh* problem. There is massacre going on there. The Finance Minister cannot just forget about that. He has to put one-third for defence purposes and there by the resources get curtailed or limited to that extent. We have always believed that the pre-requisite for development is peace. Therefore, we gave the idea of *panchsheel* to the world.

[Shri K. N. Tiwary in the Chair]

When the Prime Minister went to Lusaka conference where half the world's population was represented by 53 countries, the Prime Minister reiterated Panditji's remarks, which I will quote. He had said :

"We are in no camp and no military alliance. The only camp we should like to be in is the camp of peace which should include as many countries as possible."

Our policy has always been for maintaining world peace. But what has happened during

these 20 years? We have had two wars. We have had one tribal invasion in Kashmir. We are now faced with these war evacuees, 4 millions of them. These 4 millions have to be looked after.

There is the statement made by my once-esteemed leader, Sheikh Abdullah who had been one time a democrat since 1931. He is now supporting the military dictatorship. I am surprised, shocked and bewildered to see this statement of his given to *Rahnuma-Deccan*. He is giving support to military dictatorship and that also of the worst type. We must understand what has happened when East Bengal had opted for Pakistan and they had voted for Pakistan and what is it that has happened now. I wish that Sheikh Abdullah had also given thought to that. Why they want to fall out? Because, they never had proper type of Government. First, they had feudal lords and then they had military dictatorship which was started by Ayub, and now today by Yahya who says, 'I am more loyal than Mujib' who is elected by the people. When they were in the Army Service in 1947 other people were fighting for independence, but not Yahya, not Ayub. Let us try to understand this. They were serving His Majesty's or Her Majesty's Government in Britain then when they were in the army in 1947. Let us try to understand why truncated Pakistan is disintegrating.

16 hrs.

I want to give some figures. What did Ayub do? He created 20 families including his to control the whole economy of Pakistan, and that also in West Pakistan. They control 66 per cent of the industrial capital. Those 20 families control 80 per cent of the country's banking system. Again it is these 20 families who control 97 per cent of the insurance. The Bangla Desh people were earning them the foreign exchange, but almost the whole of that was being spent in West Pakistan. Again, who are these 20 families and what other vested interest. Ayub created feudal lords also from among the army men. He gave land to the retired army personnel and settled them on land and made them into landlords, and thereby he tried to perpetuate a sort of vested interest even in the army and thereby ensure their interest and loyalty for

perpetual rule by the army in Pakistan. This had been the policy of Ayub. But what happened was that even in West Pakistan, there was a movement by the people, by the students and by intellectuals and others. So, Ayub had to go away. He could not remain in power for long. At that time, he had asked Yahya whether he could have martial law again. But Yahya refused. Yahya was wiser at that time. He told Ayub that it was not possible to have East Bengal with them if the imposed martial law. So, Ayub had to hand over to quit and Yahya took over.

Today, we find that Yahya has committed the same mistake that Ayub wanted to commit. Today, he was forgotten the advice that he gave to Ayub, and thus he had invited trouble for himself. Today, the entire East Bengal has gone out of his hands. It is absolutely wrong to say today that Bangla Desh can remain united with West Pakistan any longer. Again, I am reminded of what Sheikh Abdullah has said. He has said that he is supporting Yahya because he wants a united Pakistan consisting of East and West Pakistan. I want to understand what he means by this unity. The two wings are more than one thousand miles apart, and still he wants unity between the eastern and the western wings of Pakistan. For that matter, one could argue that Iraq and Syria should also be united. Iraq and Syria have the same civilisation, Iraq, Syria and Jordan are Muslim countries speaking Arabic and having the same civilisation and coming from the same Semitic race and following the same religion. Why does Sheikh Abdullah not say that they should also be united? If Iraq and Syria and Jordan could be separate Muslim countries, why not Bangla Desh also? It can be a separate Muslim country, and I do not see any reason why we cannot recognise East Bengal as a separate country.

Now, why is it that East Bengal has gone out of the control of West Pakistan? The reason is simple. West Pakistan treated East Bengal as its colony, and that is why they have lost this portion. The Bangla Desh people want their independence, and in fact, they have every right to ask for their independence. Therefore, it is incorrect to say that unity has to be there between East and West Pakistan even at this cost.

We find that Yahya Khan's repression in East Bengal has been mostly against the

students and intellectuals and workers. Abdul Mana has said that about a lakh of workers have been killed during the last two months in Bangla Desh. About one lakh workers besides intelligentsia and students and others who were fighting in the liberation movement have been killed there.

With all this repression, it is not possible for Yahya to keep this area. I therefore plead with Government to see reason and reality and recognise Bangla Desh as a separate entity. It is entirely a separate country.

Now I wish to say a few things about the budget. I would request the Finance Minister to involve the educated unemployed in rural works programmes. Unless this is done, it is not possible to do any thing very substantial in this regard.

Then more loans should be given to the self-employed. At the moment, the rules and regulations and procedures of the SBI and other banks are so rigid that it is not possible to get loans. We want more loans to go to the people so that they can put these loans to productive use for self-employment.

Then I wish to say one thing emphatically. There are Rs. 2,000 crores of black money. Unless we unearth it, it is not possible to go ahead with our programmes without interference from these quarters. I suggest that we demonetise the 100-rupee notes.

I was amazed to read in the papers yesterday a statement issued by Shri Morarji Desai, a great respected leader. He said that this budget would lead to more evasion and that no Finance Minister has been able to please all sections. But I feel Shri Chavan has certainly pleased a very large section, these people who want change and do not believe in *status quo*. In this connection, I am reminded of a beautiful verse which I would like to recite for the House :

जाने क्या सोच कर रो दी चमन में शबनम ।

जाने किस बात पे फूलों को हंसी आई है ॥

SHRI M. T. RAJU (Narasapur) : While I do support the budget proposals of the Finance Minister, I beg leave to express my views and offer a few suggestions on the broader issues of budget policy. Of all the objectives of the taxation proposals, the one that most subverts the socialist mandate is

(Shri M. T. Ramesh)

that relating to reduction in inequalities in income and wealth. In pursuance of this objective, certain increases in the levels of taxation on income and wealth have been proposed. These are necessary and are most welcome. It seems to me, however, that the incidents of these increases will fall not on all rich people, but only on the richest of the rich. At the proposed rates of taxation, there will be an effective ceiling on wealth between Rs. 10-15 lakhs. I am afraid a ceiling at so high a level would hardly serve to usher in socialism in a poor country like ours.

As hon. Members are aware, almost all the State Governments have imposed ceilings on agricultural lands. The ceiling varies from State to State, but by and large it does not exceed 25 to 30 acres of good land. Even on the most liberal valuation, the value of the land up to this ceiling will not be more than Rs. 1½ or Rs. 2 lakhs at the most. Is it right, I ask that an urban businessman should be allowed to accumulate wealth up to Rs. 10 or Rs. 15 lakhs while a man in the rural area who confines himself to the pursuit of agriculture is not allowed to possess land worth more than Rs. 1½ or Rs. 2 lakhs? These differential ceilings are wholly discriminatory. And what is worse, a lower ceiling in the case of agriculture will in effect amount to penalising entrepreneurship in agriculture. It is the rural entrepreneurship that is responsible for the green revolution, and you can hardly sustain this green revolution if there is a flight of talent from village to town in pursuit of higher levels of income and higher levels of wealth.

The Finance Minister himself has pointed out that ultimately the basis of taxation has to be the size of income or wealth irrespective of the fact whether it is derived from agricultural or non-agricultural sources. I entirely agree with the statement. The norms and standards of social justice must apply equally and uniformly, no matter what species of property we are dealing with. I plead, therefore, that from now onwards we should move towards imposing a ceiling on the totality of wealth, on the totality of income held by a person, whether the wealth or the income is derived from agricultural or non-agricultural sources or from both. Pending imposition of a ceiling on the totality of wealth, in my mind it does not seem right

or proper for the existing ceilings on agricultural holdings to be tinkered with.

I would like to make one more point on behalf of agriculturists. It is proposed to levy excise duty on tractors. A rich man no doubt can purchase a tractor paying the excise duty, but it must be realised that the use of tractors is not confined to the rich farmers alone. Field experience would tell you that many small farmers now-a-days, whose holdings are too small to enable them to maintain plough and cattle, are increasingly going in for tractors for ploughing their fields. I would therefore suggest for the consideration of the Government that simultaneously they should take steps to provide tractors to small farmers and marginal farmers on hire basis at subsidised rates. I am suggesting this because I shall be very sorry if mechanisation of agriculture should receive a set back in our country merely because of the levy of the excise duty.

Experience all over the world has shown that mechanisation is a very potent factor for improving agricultural productivity.

I now come to our expenditure programmes. Just as taxation schemes could help us in levelling down the rich, expenditure programmes could on the other hand help us in levelling up the poor. The central objective or policy of the Government avowedly is the abolition of poverty. I should have thought that this budget should have shown the way how the central objective was going to be fulfilled. It is not enough to say that poverty cannot be abolished through one budget alone. A substantive beginning has to be made in the budget. What does abolition of poverty mean in terms of governmental action, in terms of Government's responsibility to undertake measures to abolish it? In my view this would only mean that this class of people who are the most economically backward should first be enabled to attain a standard of living comparable to that now being enjoyed by their more fortunate brethren. I plead that one should begin with the poorest of the poor so that you can make a dent in the poverty line where it is most stinking. Our task then would be to identify correctly those classes who are the most backward who need attention by the community. Such people, in my view, would only be Harijans, tribals and landless poor. It is true we are under-

taking a number of rural schemes and these doubtless will help to raise the income of the down-trodden classes. But the point I want to stress is this. It would not be correct to assume that any increased incomes these new job opportunities may give them will not automatically secure an improvement in their physical and social living conditions. I give you my reason for this. Their present income levels are so low, so appallingly low that any increase that these people are able to achieve will be almost wholly absorbed by current consumption and little of nothing would be left for savings or investment in any durable benefits like housing. These classes are living in segregated congested and most insanitary localities; their housing conditions are appalling. What more lasting social welfare measures can we think of than providing housing to these down-trodden people. I make bold to say that the people of this country will cheerfully bear the burden of the heavy taxation this budget has imposed provided that a substantial part of the new revenues are utilised for providing tangible benefits of direct and immediate nature for improving the living conditions of these down-trodden people. I would therefore plead with the Finance Minister that we should undertake a massive housing programme for the benefit of these backward classes so that every family shall be provided with a dwelling house in the next ten years. A big provision will have to be made in the current budget. I am not asking for anything new. The Finance Minister himself has reminded use of the commitment he has made when he submitted the interim budget, namely, that the budget proper will provide for a significant increase in the outlays on development and social welfare.

So far as the development outlay is concerned, he has fulfilled his commitment by increasing the plan ceiling to Rs. 150 crores, but when it comes to social welfare, I am afraid his fulfilment is by no means articulate. All I am asking for is that he should make a substantial provision in this budget for immediately improving the standard of living of these down-trodden people if his budget is to go down as one drawn up on the basis of a socialist mandate.

सभापति जी, सम्मानित श्रीमती इन्दिरा गांधी के प्रगतिशील विचारों से प्रेरित होकर, उनके इस निश्चय को जानकर कि वे समाजवादी समाज की स्थापना करेंगी, मेरे जैसा व्यक्ति जो समाज है प्रति सर्वहारा वर्ग से सम्बन्धित चल चलाता था, उनके चल में शामिल हुआ। आज उस विश्वास की लड़ी में एक मजबूत कड़ी इस बजट के द्वारा जोड़ दी गयी है। (व्यवधान) जनतन्त्र के शान्तिप्रिय मार्ग पर चलते हुये समाजवादी समाज की स्थापना करना हमारा लक्ष्य है। देश के संविधान ने भी इस तरह का निर्णय किया है। हमारे संविधान में डायरेक्टिव प्रिन्सिपल्स के अनुच्छेद 38 और 39 समय-समय पर हमको सदा प्रभावित करते हैं। सभापति जी, मैं अनुच्छेद 38 और 39 को आपकी अनुमति से कोट करना चाहता हूँ।

38. "The State shall strive to promote the welfare of the people by securing and protecting as effectively as it may a social order in which justice, social, economic and political, shall inform all the institutions of the national life."

39. "The State shall, in particular, direct its policy towards securing—

- (a) that the citizens, men and women equally, have the right to an adequate means of livelihood;
- (b) that the ownership and control of the material resources of the community are so distributed as best to subserve the common good;
- (c) that the operation of the economic system does not result in the concentration of wealth and means of production to the common detriment;
- (d) that there is equal pay for equal work for both men and women;
- (e) that the

[श्री बी० पी० मोर्य]

strength of workers men and women, and the tender age of children are not abused and that citizens are not forced by economic necessity to enter avocations unsuited to their age or strength ;

(f) that childhood and youth are protected against exploitation and against moral and material abandonment."

संविधान के यह अनुच्छेद हमको वक्तन-फवक्तन याद दिलाते हैं कि किस तरह के देश में बजट आयें, किस तरह से देश का संचालन किया जाय जिससे कि हम देश में सम्पत्ति का कुछ विशेष हाथों में न जाने दें और शोषण के जो साधन हैं उनको समाप्त करें। मैं श्रीमन, वित्त मन्त्री का आभार मानना चाहता हूँ कि उन्होंने इस बजट के द्वारा संविधान के इस विश्वास को फिर से मजबूत किया है।

साथ ही साथ सदन का ध्यान मैं उस तरफ ले जाना चाहता हूँ, अभी-अभी कुछ दिन पहले देश के उच्चतम न्यायालय ने गोलकनाथ के केस में यह निश्चय किया कि सम्पत्ति का अधिकार फंडामेंटल राइट्स में शामिल है। इस निर्णय के कारण समाजवाद की राह पर चलने में एक बहुत बड़ा रोड़ा हमारे सामने आ गया। साथ ही सुप्रीम कोर्ट ने यह भी कहा कि इस माननीय सदन को भी फंडामेंटल राइट्स को छूने का अधिकार नहीं है। इसके पश्चात् वित्त मन्त्री ने अपनी चतुराई, विद्वता, दूर-दक्षिता, योग्यता और क्षमता से किस प्रकार सम्पत्ति पर, व्यक्तिगत आमदनी पर रोक लगाई है इसको जनसंघ के लोग न समझें यह मैं मान सकता हूँ, स्वतन्त्र पार्टी के लोग न समझें यह भी मैं समझ सकता हूँ, प्रतिक्रियावादी सदस्य न समझें यह भी मैं मान सकता हूँ, राजाओं और रानियों तथा करोड़पतियों के व्यवहार पर सख्त प्रतिक्रिया करने वाले न समझें यह

भी मैं मान सकता हूँ, लेकिन साम्यवादी न समझें यह बात मेरी समझ में नहीं आती। यह मेरी समझ से बाहर की बात है। 1971 के चुनावों द्वारा जनता ने इस सत्य को फिर से दोहराया है, फिर से निश्चित कर दिया है कि जनता हर कीमत पर देश में समाजवाद चाहती है। दो तिहाई बहुमत हमारे दल कांग्रेस को देकर जनता ने स्पष्ट कर दिया है कि जनता देश में समाजवादी समाज की स्थापना चाहती है। इस देश में हम 'राजाओं, रानियों और करोड़पतियों' को समाप्त करके 55 करोड़ आदमियों का विकास चाहते हैं। यह जनतन्त्र है, पीलू मोदी जी, मोदी-तन्त्र नहीं है।

मैं कुछ आंकड़े देना चाहता हूँ, जो बार-बार इस सदन में कहा गया कि दो लाख की जिस व्यक्ति या परिवार की आमदनी है उससे ऊपर की आमदनी पर 97 परसेन्ट से ज्यादा टैक्स लग जायगा। इस बात को साम्यवादी न समझें, श्री इन्द्रजीत गुप्ता न समझें यह कैसी विडम्बना है। क्योंकि इस बजट के द्वारा वित्त मन्त्री ने बड़ी चतुराई से आमदनी पर एक सीमा बांध दी है उसके बाद कोई भी व्यक्ति सम्पत्ति को अपने यहां पर इकट्ठा नहीं कर पायेगा। साथ ही साथ यह भी आप पायेंगे कि अचल सम्पत्ति पर भी वित्त मन्त्री ने एक सीमा बांध दी है। यह गहराई से जानने की बात है, इसको जनसंघ के मित्र अच्छी तरह समझ सकते हैं इसीलिए इसका विरोध कर रहे हैं। और विरोध करते हैं मंदी को लेकर। मंदी के कर का हम भी विरोध करते हैं, पेट्रोल को लेकर हम भी विरोध करते हैं। (व्यवधान) इसलिये मैं कहना चाहता हूँ वित्त मन्त्री इस बजट को प्रस्तुत करने के लिये बधाई के पात्र हैं।

माननीय इन्द्रजीत गुप्ता जी, जिनसे मैं भी कभी-कभी प्रेरणा लेता हूँ, वे एक साम्य-

बादी विचारधारा का आह्वान करने वाले हैं, उनका एक विशेष जीवन रहा है, मेरे जैसे व्यक्ति उनसे प्रेरणा लेते रहे हैं, लेकिन वह यहाँ पर कहें कि 177 करोड़ रु० का पूरा बजट वित्त मंत्री ने गरीबों पर डाल दिया है, वह सत्य से परे है। क्योंकि जो घन इम्पोर्ट ड्यूटी से आने वाला है वह गरीबों पर पड़ने वाला नहीं है। यह जो लगजरी गुड्स हैं उन पर लगे टैक्स का बोझ गरीबों पर पड़ने वाला नहीं है। इसी तरह से तमाम टैक्सों का जोड़ 144 करोड़ आता है। अब अगर 177 करोड़ में से 144 करोड़ को निकाल दें तो हम पायेंगे कि केवल 33 करोड़ का बोझ गरीबों पर पड़ता है। यह गरीबों पर नहीं डाला जाना चाहिए, यह मैं मानता हूँ। मैंने पर टैक्स लगाना गरीबों के साथ न्याय करना नहीं है। पेट्रोल पर आपने 20 पैसे बढ़ा दिये हैं, लेकिन पेट्रोल पम्प वाले ने 26 पैसे बढ़ा दिये, यह मेरे पास पची है। एक सेठ के कार के पेट्रोल पर, उसकी कार पर कर लग जाय इससे मुझे कोई आपत्ति नहीं है। लेकिन इसमें टैक्सी वाले, स्कूटर वाले भी शामिल हैं। इसीलिये ऐसे करों का हम विरोध करते हैं। लेकिन उसके साथ-साथ बड़े-बड़े कारपोरेशन के टैक्स को किस सरलता के साथ वित्त मंत्री ने बढ़ाकर 16 करोड़ रु० की बढ़ोत्तरी की है इसको साम्यवादी न समझें, यह मेरी समझ में नहीं आता।

वित्त मंत्री ने बहुत सी विशेषतायें अपना करके यहाँ पर बजट प्रस्तुत किया है जिससे देश के उन लोगों पर जो अति सर्वहारा लोग हैं, जो घास खोदकर अपना पेट पालते हैं, जो देहात के लोग हैं, उन पर बोझ न डालें। उन पर बोझ बिल्कुल नहीं पड़ा है। यह मैं मानता हूँ कि देहात के रहने वाले जमींदारों परा बोझ पड़ना चाहिये। यह मैं जरूर चाहता हूँ कि जो ब्लैक मनी का रुपया है उस पर भ्रष्टाचारी से हाथ डाला जाय, घरों की जो सम्पत्ति छिपी हुई है अगर हम उसको ऊपर लायें तो रातों रात में देश की अर्थ-व्यवस्था की काया-कल्प हो

सकती है, लेकिन इसके लिए हमको सस्ती अपनानी होगी।

इसके साथ ही साथ यह भी है कि करों का बोझ शहरों तक ही सीमित नहीं रहना चाहिये। मैं यह मानता हूँ कि देहातों में सड़कें नहीं, टेलिफोन नहीं, बिजली नहीं, अस्पताल नहीं, वे तमाम सुविधायें नहीं हैं जो कि बड़े शहरों में हैं। वह सुविधायें देहातों में नहीं हैं, केवल शहरों और कस्बों में ही हैं। यह सुविधायें देहात तक जायें। इसके साथ ही साथ टैक्स को भी देहात तक जाना चाहिये। जिस किसान की आमदनी 25 हजार रु० सालाना होती है, वह टैक्स क्यों न दे? एक तरफ आप 5,000 रु० सालाना से अधिक पाने वाले व्यक्ति पर टैक्स लगाते हैं जिसका पाप केवल यह है कि वह शहर में रहता है, उस पर आप अंकुश लगाते हैं, लेकिन उधर आप लाखों की सम्पत्ति कमाने वाले जमींदारों पर कोई टैक्स न लगायें, यह तरीका मेरे जैसे इन्सान की समझ में नहीं आता। अभी मेरे मित्र श्री भंडारे ने देहातों के बारे में कुछ कहा था। 23 वर्ष की आजादी के बाद यह सत्य अपनी जगह पर टिका हुआ है कि देहात मालिकों और गुलामों में बंटे हैं। शायद कुछ ही हजार देहात ऐसे होंगे जहाँ ऐसी व्यवस्था न हो, नहीं तो ज्यादातर देहात गुलामों और मालिकों में बंटे हुए हैं। इस व्यवस्था को रोकने के लिए, देहातों में समता लाने के लिए वहाँ पर बड़े जमींदारों के ऊपर भी हमें टैक्स लगाना होगा।

इस बजट में वित्त मंत्री महोदय ने बड़ी चतुराई से अचल सम्पत्ति में अन्डर-हैंड डीलिंग को कंट्रोल किया है, जिस ब्लैक मनी को बड़े-बड़े सेठ अपने उपयोग में लाते थे उसको कंट्रोल किया है। इसके लिये हमारे वित्त मंत्री महोदय धन्यवाद के पात्र हैं। 5 लाख की सम्पत्ति को करोड़पति सेठ एक लाख की कागज में दिखाता था, जिससे हमारी स्टाम्प फीस भी मारी जाती थी और 4 लाख काले बाजार के पैसे को बड़ा भावमी अपने मौज के लिए फिर

[श्री बी० पी० मोर्य]

से इस्तेमाल करता था। इस बजट में पहली बार प्रयत्न किया गया है कि अचल सम्पत्ति में अन्डर-हैंड डीलिंग न होने पाये और देश में तमाम सम्पत्ति खुलकर ऊपर आये। वित्त मंत्री ने बड़ी चतुराई से उस पर टैक्स लगाया है।

पहले इसके कि में उत्तर प्रदेश के कुछ अंकड़े प्रस्तुत करूं, मैं कुछ प्रश्न अपने साम्यवादी मित्रों से पूछना चाहता हूं। क्या यह बजट व्यक्तिगत आमदनी पर रोक नहीं लगाता? क्या यह बजट सम्पत्ति पर रोक नहीं लगाता? क्या यह बजट बेकारी दूर करने के लिए कुछ राहत नहीं देता? क्या यह बजट छोटे बच्चों को अच्छी खुराक मिले इसके लिए व्यवस्था नहीं करता? क्या यह बजट काले बाजार के पैसे पर मजबूती से हाथ नहीं डालता? यदि इन तमाम प्रश्नों का उत्तर "हां" में है, तो किसी भी साम्यवादी व्यक्ति को इस बजट का विरोध नहीं करना चाहिये। उन्हें तो चाहिये था कि वह इस बजट का समर्थन करते।

इसके बाद मैं कुछ उत्तर प्रदेश के बारे में कहना चाहूंगा। उत्तर प्रदेश की दशा बहुत ही खराब है। हम बहुत पीछे रह गये। आजादी से पहले हम बहुत से सूबों से आगे थे, लेकिन योजनाओं के साथ हम पीछे चलते चले जा रहे हैं। अभी हमारे केरल के मित्र शिकायत कर रहे थे। उनका नम्बर तो तीसरा आता है, हमारा नम्बर बारहवां आता है। मेरे पास बहुत से आंकड़े हैं। उनको देने की मुझे आज्ञा प्रदान की जाय और थोड़ा समय भी बढ़ाया जाये। मैं प्रति व्यक्ति केन्द्रीय सहायता के बारे में बतलाना चाहता हूं। नागालैंड 790.07 रु०, जम्मू और काश्मीर 351.94 रु०, केरल में 80.70 रुपये, राजस्थान में 79.50 रु०, हरियाणा में 74.88 रुपये, असम में 135.01 रु०, उड़ीसा में 71.7१ रु०, पंजाब में 65.68 रु०, मध्य प्रदेश में 62.24 रु०, गुजरात में 57.40 रु०, बिहार में 56.69 रु० और उत्तर प्रदेश में, जिसका नम्बर है, 56.19 रुपये। ठीक इसी

प्रकार से केन्द्रीय सरकार की अडिस्टेडिक्मिन्स में जो रकमों लगता है उसमें भी उत्तर प्रदेश का नम्बर जाकर 6ठा बैठता है। हमें से पहले मध्य प्रदेश है, बिहार है, पश्चिम बंगाल है, उड़ीसा है, तमिलनाडु है। इसके प्रतिरिक्त 1960-68 तक जिस प्रकार प्रति व्यक्ति आमदनी बढ़ी है, उसको भी आप देखें तो आपको पता चलेगा कि उस में भी उत्तर प्रदेश में वह कम ही हुई है बढ़ी नहीं है। इसके बारे में अभी एक सम्मानित सदस्य भी कह रहे थे। मैं कहना चाहूंगा कि जिस समय हमारी केन्द्रीय सरकार धन एलाट करती है, उस समय फी कस, फी आदमी का हिसाब लगाकर एलाट उसको करना चाहिये। अगर यह सिद्धांत केन्द्र ने अपना लिया तब उत्तर प्रदेश को उसकी आबादी के हिसाब से अपना हिस्सा मिल सकेगा केन्द्र से, और वह अपना विकास कर सकेगा।

सभापति महोदय : अब आप समाप्त करो। आप पन्द्रह मिनट ले चुके हैं।

श्री बी० पी० मोर्य : मेरी मेडन स्पीच है। पांच मिनट और नहीं तो दो मिनट तो अवश्य दीजिये।

उत्तर प्रदेश में एक सीलिंग का कानून 1960 में लागू हुआ था। उसके सम्बन्ध में एक रिपोर्ट आई थी। उस रिपोर्ट को मैं पढ़ूँ तो आप देखेंगे कि किस तरह से सीलिंग के इस कानून का मजाक उड़ाया गया। इसके सम्बन्ध में रिपोर्ट में यह लिखा हुआ है :

"There appears to be a whole vicious circle operating so far as the documentation of the records of right of village lands vis-a-vis the utilisation of cultivable land is concerned. Unless drastic and very bold steps are taken this deep rooted evil cannot be eradicated".

इसी में यह भी कहा गया है कि पूर्वी जिलों में एक ऐसा जमींदार है जिसके पास कृषि क्षेत्र एकड़ जमीन है। आपने सीलिंग लगाने के लिए उसका उसके ऊपर कोई अंक नहीं हुआ।

मीकरो से उसने बीस हजार, प्रन्नीस हजार पञ्चास हजार, रुपये के रुपये लिखा लिए और इस बात उन लोगों को नया करा होता है। यह तमाम इस रिपोर्ट में आया है उत्तर प्रदेश की बुरी अवस्था की तरफ प्रान्तीय सरकार और केन्द्रीय सरकार को भी ध्यान देना चाहिए।

बजट में लघु उद्योगों की ओर कोई ध्यान नहीं दिया गया है, छोटे उद्योगों की ओर कोई ध्यान नहीं दिया गया है। माननीय उप-मंत्री महोदया बैठी हैं। उनके द्वारा मैं वित्त मंत्री महोदय से प्रार्थना करूंगा कि लघु उद्योगों के लिए एक विशेष व्यवस्था की जाए।

जहां तक शेड्यूल्ड कास्ट्स का सम्बन्ध है, शेड्यूल्ड कास्ट कमिशनर संविधान के द्वारा मनोनीत होता है। लेकिन एक साल से वह जगह खाली पड़ी हुई है, उसकी पूर्ति नहीं की गई है। इससे प्रतीत होता है कि यह सरकार शेड्यूल्ड कास्ट्स की समस्याओं के प्रति कितनी उदासीन हैं। यह उदासीनता इसको त्यागनी चाहिये। कोन लोग हैं जो सरकार को ताकत और शक्ति देते हैं? अति सर्वहारा समाज के लोग ही तो देते हैं। लेकिन आज तक सरकार का ध्यान उनकी ओर नहीं गया है।

मैं उन चीजों की ओर नहीं जाना चाहता कि किस तरह से दूर दराज देहातों में शेड्यूल्ड कास्ट के लोगों को वोट देने का अधिकार नहीं है, किस तरह से उनकी बहन-बेटियों की इज्जत दिन बहाड़े लूट ली जाती है और पुलिस के अधिकारी रिपोर्ट तक नहीं लिखते हैं। लेकिन उस ओर सरकार का ध्यान जाना चाहिये। नक्सलाइट कहीं बाहर से इम्पोर्ट नहीं होते हैं। जब लोगों पर जुल्म पर जुल्म होते हैं तो इसी भूमि से नक्सलाइट पैदा होते हैं। अगर इस कष्ट का निवारण नहीं किया गया, अगर इस क्षोभ को रोकना नहीं गया तो गांव-गांव में आप क्रांतिकारी लीजवानों को देखेंगे, उन को देखेंगे जिन की बहन बेटियों की इज्जत उनकी आंखों के सामने लुटी है कि वह नक्सलाइट हो जायेंगे।

अब मैं सुझाव प्रेसर कर रहा हूँ।

आपने मैदा पर दस पैसे बढ़ा दिये हैं। 7.4 करोड़ रुपये लिए और 1.8 करोड़ रुपया आपने राज्य सरकारों के लिए प्राप्त करने का अनुमान लगाना है। इस तरह से आपको 9.2 करोड़ प्राप्त होगा। यह गरीब जनता के प्रति अन्याय है। इसको तुरन्त हटाया जाये...

श्रीमती सुशीला रोहतगी : मैं माननीय सदस्य को टोकना नहीं चाहती हूँ। लेकिन अभी उन्होंने कहा कि दिन बहाड़े बहन बेटियों की इज्जत लूटी जाती है। बहन होने के नाते मैं कहूंगी कि इस तरह का जनरलाइजेशन न करके कोई स्पेसिफिक शिकायतें उनके पास हों तो उनको वह सरकार के पास तुरन्त भेजें—

श्री बी० पी० मौर्य : साढ़े तीन सौ से ऊपर चुनाव के बाद भेज चुका हूँ, प्रधान मंत्री को, होम मिनिस्टर को और चीफ मिनिस्टर को। ये वेग नहीं डेफिनिट केसिस हैं।

श्रीमती सुशीला रोहतगी : माननीय सदस्य की मेडन स्पीच है और हम सब की शुभकामनायें उनके साथ हैं। मैं उनको टोकना नहीं चाहती थी। लेकिन जो उन्होंने कहा है उससे दुख हुए बैंगर नहीं रहता है। मैं कहूंगी कि इस बात को वह लिखित रूप से भेजें और जो स्पेसिफिक कम्प्लेंट्स हैं उनकी पूरी डिटेल्ज दें ताकि जांच कराई जा सके।

श्री बी० पी० मौर्य : मैं मंत्री महोदया की भावनाओं को ठेस नहीं पहुँचाना चाहता। 374 केसिस मैंने प्रधान मंत्री को, गृह मंत्री को और प्रांत के मुख्य मंत्री को चुनाव के बाद भेजे हैं। आपकी सरकार अभी तक केवल 11 केसिस पकड़ पाई है। बाकी केसिस में कुछ नहीं कर पाई है।

सभापति महोदय : अब आप समाप्त करें।

श्री बी० पी० मौर्य : मैं केवल सुझाव दूंगा।

सभापति महोदय : अब और नहीं।

श्री बी० पी० मोर्य : आप मुझे सदन से निकाल सकते हैं। मैं सुझाव जरूर दूंगा।

MR. CHAIRMAN : Dr. V. K. R. V. Rao.

SHRI B. P. MAURYA : I can walk out. But I will give my proposals first. I was told that I will be given more than 15 minutes. I do not know where is our whip.

सभापति महोदय : बहुत से माननीय सदस्य बोलने वाले हैं। आपके लिए जितना बक्त था, आप उससे ज्यादा ले चुके हैं। आप बीस मिनट तक बोल चुके हैं। अब आप को और टाइम नहीं दिया जा सकता है।

श्री बी० पी० मोर्य : सभापति महोदय, आप एक मिनट में मेरे सुझाव तो सुन लीजिए।

जैसा कि मैंने कहा है मंदा पर से इयूटी को समाप्त कर दिया जाये। तैयार किये हुए मोटे कपड़े पर भी इयूटी लगा दी गई है। वित्त मंत्री का यह सोचना गलत है कि मोटा कपड़ा सिला हुआ भी लक्सरी गुड्स में आता है। वित्त मंत्री ने मोटे कपड़े पर .4 पैसे की इयूटी बढ़ाई है, लेकिन देहात में .4 पैसे बढ़कर दस पैसे हो जाते हैं। इसी तरह साबुन को भी गरीब और मध्यम श्रेणी के लोग इस्तेमाल करते हैं, इसलिए उस पर से भी इयूटी को हटा देना चाहिए। खुशबूदार तेल पर लगाई गई इयूटी को भी समाप्त कर देना चाहिये।

जहां तक पेट्रोल पर लगाई गई इयूटी का सम्बन्ध है, मैं कहना चाहता हूं कि बेचारे टैक्सी वालों ने बड़ी जय जयकार की और वे हमारी कांग्रेस के लिए मुफ्त टैक्सी चलाते रहे। अगर पेट्रोल पर लगाई गई इयूटी को 20 पैसे से 10 पैसे कर दिया जाये, तो कम से कम हम लोगों को मुंह दिखाने का मौका मिल जायेगा।

मैं यह भी कहना चाहता हूं कि बाकी बैंकों का भी राष्ट्रीयकरण कर दिया जाये, क्योंकि हमारी अर्थ-व्यवस्था में बहुत परेशानियां पैदा हो रही हैं। सरकार जिस क्षेत्र में पब्लिक

सेक्टर शुरू करे, उस में वह सेठों को न लाये। सरकार इस्पात कारखानों में सेठों को लाई है। यह समाजवाद की उसकी नीति के विपरीत कदम है।

अन्त में मैं जनसंघी दोस्तों और प्रतिक्रिया-वादियों से कहना चाहता हूं : "इत्तदाये-इष्क है रोता है क्या, आगे आगे देखिये होता है क्या"।

DR. V. K. R. VARADARAJA RAO (Bellary) : Mr. Chrirman, Sir, I rise to support the Budget presented by the Finance Minister who belongs to the party to which I also have the honour to belong. I doing so, I hope, the House will bear with me if I were to give a brief analysis of the Budget as an instrument of economic growth combined with stability and economic justice. I may add that in doing this, I am not only speaking as a party Member but I am also speaking as an economists who has done some academic work in the field of public finance and Indian economic development.

I shall begin with a statement of our economic and social objectives. These are clear and unambiguous. I may list them as under for the purpose of this Budget discussion. Firstly, we want a rate of economic growth that will be of an accelerating character, a rate of economic growth that may make a significant dent on the problem of Indian poverty.

Secondly, we want maximisation of employment both in rural areas as well as of the educated unemployed.

Thirdly, we want expansion of opportunities for what I would call a small man, may be a small industrialist, may be a small professional of a small trader or a small agriculturist, who belongs to what may be called the small sector in the economy.

Fourthly, we want reduction to the maximum extent possible in the disparities of income and wealth with an eventual idea—I hope, I am not misinterpreting my party's policy—of having an 'effective ceiling on both income and property through fiscal measures.

Finally, all this has got to be done along with stability of prices, specially of the prices of essential commodities.

16.45 hrs.

[Mr. R. D. Bhandare in the Chair.]

These, I believe, are the five broad objectives of our economic and social policy which we have accepted and for the implementation of which the Budget can be a very important instrument.

The instrumentalities at the disposal of the budget are the resources it raises, the manner in which those resources are raised and the expenditure for which these resources are raised.

I will begin with the subject, rate of growth. How far are we going to have accelerated rate of growth? The Fourth Plan document had given a figure of Rs. 8871 crores as the Central outlay. I am dealing with the Centre because I do not have with me relevant figures as far as States are concerned. The Fourth Plan gives a figure of Rs. 8871 crores for Central schemes and Centrally-sponsored Schemes. These do not include Central assistance to States. These do not include Union Territories, but only what are called Central Schemes or Centrally sponsored Schemes, for 1969-70 to 1973-74. The Fourth Plan had said that there should be an outlay of Rs. 8871 crores. Two years of the Fourth Plan are now over. We are now in the Third Plan year. I find that the total expenditure incurred and to be incurred taking the proposals and the additions made for the current year into account, comes to the order of Rs. 4,000 crores. Actually it will be a little less than Rs. 4,000 crores. That means Rs. 4871 crores or 55% of the Fourth Plan outlay has to be implemented in the next two years, that is 1972-73 and 1973-74.

The Plan outlay this year would go up by Rs. 155 crores over last year. The next year's plan outlay will have to be stepped up over this year's budget estimate by not less than 600 crores and in the year after that, by probably something like Rs. 700 or 800 crores. If we don't do that, if we don't have this plan outlay, as suggested by the Planning Commission, how are we going to achieve the 5.5 per cent rate of growth which has been laid down as target by the Planning Commission?

In the Fourth Plan first year there was 5.5 percent rate of growth. Well, that is 1969-70. But the Finance Minister says

that he expects a 5.5 per cent rate of growth in 1970-71. Frankly I do not understand it. Either the figure given in the Economic Survey is wrong, or the analysis made all these years is wrong, or the Finance Minister has been wrongly advised.

If we take the Economic Survey it brings out that in the year 1970-71 agricultural production is supposed to increase by 5 per cent and industrial production by 4.1 per cent. The Planning Commission has made it very clear that if you want 5.5 per cent rate of growth, agricultural production should increase at the rate of 5 per cent and industrial production should be increased at the rate of 9 per cent. Only then you will get the 5.5 per cent rate of growth. So I am rather doubtful if 1970-71 is going to record a 5.5 per cent rate of growth. This year, with its additional outlay, I hope we will reach 5.5 per cent; but we must remember that it is not merely a question of investment, but it is a matter of implementing individual targets.

The target for foodgrains production in Fourth Plan year 1973-74 is 129 million tonnes. It started with 95 million tonnes and in the year 1970-71 we reached 105 million tonnes. That means we were able to increase production by 11 million tonnes in this sector which is one of our successful sectors.

In the next 3 years including 1971-72 we will have to increase production by 24 million tonnes. Can we do it unless we have appropriate investment?

Take industrial production. We must get 9 per cent rate of growth. We had 6.8 and 4.1 per cent rate of growth. What about the present year? I do not think we are going to have more than 6 or 7 per cent rate of growth. If we want to fulfil this target in the next 2 years industrial production should gear up by about 9 or 10 or 11 per cent.

Therefore, the budget allocations, I am afraid, in this year's budget have to be viewed in the context of the Fourth Plan, because the budget is our principal instrument for implementing the Plan.

Sometimes, I wonder whether there is indeed coordination between the Finance Minister and the Planning Minister or between the Finance Minister and the Planning Commission. I think it is very important

[Dr. V. K. R. Varadareja Rao]

that the Plan document and the financial budget have got to have close relationship. Unless we have a big increase in the Plan outlay, I do not think that we shall be able to fulfil even the very modest rate of 5.5 per cent of growth which has been postulated in the Fourth Plan. I am afraid, therefore, very regretfully I am not able to describe this budget as a growth-oriented budget.

Regarding the maximisation of employment, I think we have made a new departure. We have not aside Rs. 50 crores for rural employment and Rs. 25 crores for educated employment. I think that it is a good thing. I am not too sure how successful they are going to be. It will all depend upon very detailed planning in depth at the taluk and district levels and the co-operation of the State Governments, because these are not going to be implemented by the Centre but by the States. All the same, I think that it is a good thing that we have made this departure, and I welcome it. I only hope that we shall get some concrete idea in the course of either this year or the next year as to when the actual progress reporting of these schemes for employment has been. In the meanwhile, this is not going to solve our unemployment problem. Rs. 50 crores a year may give us, allowing for expenses and so on, employment for about 300,000 persons, and these 300,000 persons will be for one year only. So, Rs. 50 crores a year will only mean an additional employment of 300,000 people, but every year, people are pouring in into the labour force not in terms of hundreds of thousands but in terms of millions. Therefore, there is no other solution for the problem of unemployment than a massive increase in the rate of economic growth. What we need really is economic growth which would be 8 to 9 per cent a year. I do not think that it is an astronomical figure. Japan has achieved it; Yugoslavia has achieved it; Germany has achieved it, and the Soviet Union also has achieved it. So, I do not see why we should not be able to achieve it.

As far as the problem of small scale sector is concerned, there are Plan schemes, but mainly I think we are relying on the nationalised banking sector. There are no special schemes for them and no special incentives which this budget provides. I would only request the Finance

Minister to give the House either now or later some ideas, not just policy statements or expressions of hope, but facts and figures dealing with the small sector and the backward regions in the economy, how many small people have been helped, how much has been done in the backward regions of the country and so on.

As regards distribution, the budget has certainly made a bold attempt to carry forward what was started last year by Shrimati Indira Gandhi in her budget, when she increased the rates of duty on wealth. This has been followed up by the present Finance Minister, and I congratulate him on the bold step that he has taken in increasing these rates. I welcome the increase in the tax rates on wealth, but with one exception and that is this. I really do not understand how his officers permitted this. I find that wealth tax has to be paid on the entire wealth of the taxed individual, not deducting the exemption limit.

If a man gets Rs. 99,999, or if he has got that much of property, there is no tax. But the moment he gets Rs. 1 lakh, then there is tax on the entire sum of Rs. 1 lakh. This is something which every tyro in public finance knows is not correct. It will lead to marginal difficulties, and it will lead to inequities and it will also lead to attempts by all people round about Rs. 1 lakh or Rs. 1.20 lakhs to see that they go below Rs. 1 lakh. It will hamper savings. In the case of income-tax, what do we do? Rs. 5,000 is exempted. It is out. If a man gets Rs. 5,001, he does not pay tax on Rs. 5,001 but only on one rupee. Therefore, I hope that the Finance Minister will reconsider this proposal and see to it that the exemption of Rs. 1 lakh given in the Wealth Tax Act is made applicable to all people who pay wealth tax and not in the manner in which he has proposed it.

I should also say that the effectiveness of the wealth tax to bring about a reduction in disparity in income does not merely depend on the announcement of the fiscal measures; it depends very much more on implementation. We have had almost penal rates of income tax on personal incomes—I think the percentage is 89 of 90 on the highest margin. Yet we all know that there has not been any noticeable reduction in disparity of incomes in this

country. Therefore, simply to think that by putting more tax rates on wealth is going to bring about a socialist society and bring down the disparity is, in my opinion, not enough. I know the Finance Minister is aware of this, that he is aware of the fact that steps have to be taken to prevent tax avoidance and tax evasion.

I welcome the proposal he has made that Government has the discretion to buy property which is sold at a lower price. Only I would suggest that in order to prevent abuse of this provision, all sales of property should be publicly registered and anybody paying 8 annas or a rupee should be able to find out which property has been sold at what value so that he can bring to the notice of Government any mischief. Leaving it merely to the officials to decide whether the property should be taken over by Government or not would not, I think, serve the purpose.

I would also suggest that Government should acquire the option to take over all titles to wealth in lieu of cash whenever they feel any attempt is being made to undervalue the property or in some other method to avoid the wealth tax.

It is when we come to the other tax proposals, including what I may call omissions in the tax proposals, that one feels perturbed at the effect this budget is going to have on the economy. The budget makes hardly any attempt at taxing the increased income in the rural sector. It is not as if all the rural sector is poor,—nor does it make even an attempt to include agricultural income of an income-tax assessee to determine the rate of tax on his non-agricultural income. I am told on reliable authority that many big business leaders whose incomes run into lakhs of rupees have large agricultural incomes via grape-yards, vineyards, orchards, hybrid seed farms and the like, from which the income is very taxable but on which no tax is paid. Even if we cannot tax these agricultural incomes as such, why should we not include the agricultural income along with the non-agricultural income for determining the tax on non-agricultural income? If there are constitutional difficulties,—we have said in our election manifesto that we shall take the necessary steps to amend the Constitution to remove such difficulties standing in the way of the implementation of our promises. The people have given us the power

to do so. Therefore, I suggest the Finance Minister may kindly give an assurance that, if necessary; constitutional amendments will be put through to provide a just and equitable tax base in this country *vis-à-vis* the rural sector.

Coming to excise duties, I knew all of us are excited that so many taxes have been levied. But I do not think in this poor country we can escape taxing the poor man, the common man, if we want to mobilise resources. But in choosing the commodities or services for taxation, some attention should be paid to their impact on prices, net yield and political discontent generated therefrom. Shri J. R. D. Tata has told us only in this morning's papers that the net loss Air India would suffer would be equal to the net gain the exchequer will make by the tax on foreign travel. If that is so, it means a large number of people will be put to unnecessary hardship without any gain whatsoever to the exchequer.

I do not know if Shri Tata is right or wrong; I have not had the opportunity to examine these figures. But I do want to suggest that this is very important.

The tax on petrol and increase in railway freights are bound to send up transport costs, and if they send up transport costs, it is bound to have an effect on the price level in general. Then, the tax on coarse cloth, ready-made garments and *maidis* will result in hardship to a large number of people.

17.00 hrs.

I would be very much interested to know from the Finance Minister how much of the additions to these taxes is paid by the Government itself, for instance on Government vehicles for Government use, because it is my conviction that we have now reached a stage in our tax-structure when not an insignificant portion of the tax receipts is paid by the Government itself, with the result that expenditure goes up and we are in a vicious circle.

I would also like to take up the whole question of Government expenditure. What is the criterion of Government expenditure? For years, long before I came into this House, I have been pleading, ever since I sat on the Taxation Enquiry Commission, for an Expenditure Commission, not for a

[Dr. V. K. R. Varadaraja Rao]

Retrenchment Committee, that will judge all expenditure, developmental and non-developmental, from the point of view of what I call functional expenditure. I know that carpets and nice furniture are good in drawing rooms and office rooms, but in a poor country like ours, when our taxation is impinging increasingly on the common man, it is very important for us to see that the expenditure incurred is directly functional. May be it may deprive us of some comforts and the rooms may not have all the aesthetics and beauty that we would like to have, but for the time being we can afford to ignore these considerations because the poor man cannot be taxed more and more on the things that he daily eats and consumes in order to provide non-functional expenditure.

I would also like to suggest that the tax structure itself needs to be examined. It is 15 years ago that the tax structure was examined. Since then tax receipts have gone up by 100 per cent, and we have now accepted the socialist ideology. I have no doubt in my mind as a person who has done some work on taxation that the tax structure in the country today has reached the size of an octopus, further added to by the proposals in the present Budget, that its effects on costs, on prices and on production need to be examined. I, therefore, make the serious suggestion to the Finance Minister that he may kindly consider the possibility of appointing a Commission on Taxation and Public Expenditure to study its effect on costs, prices, production and distribution and its role in implementing our declared goal of a socialist society. I do hope that this suggestion will receive proper consideration at his hands and will not be dismissed out of hand as often happens when such suggestions are made.

In a socialist society, public sector enterprises are expected increasingly to contribute their quota to resources mobilisation. They are not just there for some sort of commanding the heights of the economy. They are also there for the purpose of increasing economic services and making more and more funds available for the purpose of economic development, and yet this has not been happening. To the extent that this is not happening, it is a measure of our failure to build up socialist motivation in our economy. I would like to urge upon the

Minister to place on the Table of the House every year a special report on the working of public enterprises for a thorough discussion just as we discuss the general Budget. We are doing it as far as the Railway Budget is concerned. The capital investment in public sector enterprises is almost of the same order as the capital invested in Railways, and they have got to be proper instruments of resources mobilisation. The Finance Minister should create financial history by such a step.

This is the first time after long years when a deficit has appeared in the Revenue Budget. The overall Central deficit, inspite of increased taxation, is of the order of Rs. 200 crores and this is bound to go up because of the Bangla Desh Refugee problem.

The State Governments have an overdraft to the extent of Rs. 260 crores with the Reserve Bank and I am afraid that inspite of the appeal made by the Finance Minister it is not likely to come down. How are we going to maintain stability of prices with such massive deficit financing? I know there is no escape from deficit financing as far as we are concerned. What are we doing to counter the adverse effects of deficit financing. Has the Government got any anti-deficit financing policy? Are they going to have more fair price shops and controlled distribution of essential commodities? How do we deal with the phenomenon of parallel markets with their inevitable impact on the inflationary forces, on the economy? I think the House is entitled to request the Finance Minister to spell out in concrete terms the anti-dotal measures he has in mind for countering the effects of deficit financing. I am reminded of a Chief Minister of one of the States in this country who was very fond of eating sweets and he had diabetes. He would eat sweets and promptly taken an insulin injection. We are in that position; we want sweet—deficit financing. Along with that let us have insulin injection. I would like to know what the insulin injections are.

In conclusion the budget does not wear the new look which was expected after our massive victory at the polls and the pledges made to our people. Of course I do not think that it is a capitalist budget or pro-feudal budget or any such expressions which

have been attributed to it by our friends in the Opposition. I know the Finance Minister's is a very difficult job with many constraints. He has also had not enough time to undertake a thorough review he expected to make between the interim budget and the final budget. All the same it was my duty as a Member of this House to bring before him and this august House, my analysis and suggestions for consideration. Having done this and with the hope that he will make some response to the widely expressed opinion in the House on some of his taxation proposals, I would conclude with an expression of support to the budget.

PROF. MADHU DANDAVATE (Rajapur) : Mr. Chairman. Sir, at the outset let me identify my area of criticism against the budget. In this House the criticism of the budget has come from two sections. There is a section which is disturbed by even minor disturbances that are likely to be caused to the *status quo* by the introduction of this budget. There is another section, a section of socialists which feels that socialist aspirations of the people are not adequately reflected in this budget. I represent this particular section of critics who look at this budget from the point of view of socialist aspirations. The Finance Minister while presenting the Budget to the House said : "the massive mandate which this Government had received from the people three months ago was a mandate for socialism, a mandate for rapid economic growth matched by increased social justice."

The very nature of the ruling party and the governmental agency that is going to implement the budget proposals is such that the socialist aspirations of the people are bound to be frustrated. They are frustrated for more than one reason. After the last elections there were expectations that socialist policy would be pursued and poverty eradicated. On the one side the Congress (R) was able to gain a massive majority ; on the other hand frightened by the big victory of the Congress (R) sections of the Congress (Q) started drifting towards the Congress (R) and the overwhelming majority that the Congress (R) had already received became more massive. While it received more support and encouragement from the bulk of its new supporters it lost its Socialist image in the entire process the monolithic of the old undivided Congress was re-created ; the

monolith consists of elements with diverse political perspectives and conflicting economic interests. Such a monolith of the Congress can never provide the organisational instrument or governmental agency required to re-structure the entire economy of the country on a socialist basis. Though the budget that has been presented here has been clothed in tattered robes of socialism, the basic driving force and the guiding principle of this budget is just welfarism. Welfarism does not believe in any structural changes in the society or in the economy. Thus it is no surprise that in the budget we do not come across any items which suggest any structural changes in our economy.

Sir, briefly I would like to describe the failures of the budget this way. This budget which lacks an integrated socialistic outlook, will miserably fail to bridge the gap between the rich and the poor. It will again fail to end the concentration of economic power, and wealth especially on the rural side, in the hands of the 'new rich.' It will create inflationary pressures and they will generate rise in prices.

Sir, the failure of the Government to generate adequate surpluses in the public sector will also create difficulties in expanding the public sector, and if the public sector, is not expanded, the rate of growth also will be affected. If the rate of growth is affected, the problem of unemployment also cannot be adequately tackled. Therefore, the programme of *garibi hatao* will also face tremendous difficulties as a result of this failure.

The tendency on the part of the tax-evaders and black money holders to pass off the non-agricultural income as agricultural income is not being checked at all. It is the greatest tragedy of our economy, that even on the urban side, those who have amassed wealth, are passing off large portion of this non-agricultural income as agricultural income, and there is no effort on the part of the Government to check this.

We are always told that if agricultural income-tax is to be introduced, that is a State subject. But when we are talking in terms of constitutional amendments, it should be possible for us to bring forward necessary changes in the Constitution and restructure the relationship between the Center and the State. For the sake of income-tax it should be possible for us to

[Prof. Madhu Bhandarkar]

combine non-agricultural income and agricultural income and a definite proportion of the total income-tax can be transferred to the State and that way the developmental activities in the State can be taken up.

This budget will also fail to check conspicuous consumption and avoid non-productive expenditure, because measures like the rigorous expenditure-tax are not being undertaken by the Government for obvious reasons.

I would like to say something about the inflationary pressures that are going to be generated due to this budget. At the very outset, there will be deficit financing to the tune of Rs. 220 crores. This inflationary pressure is bound to result in rise in prices. And when there is rise in prices, the Government will always increase its non-productive expenditure. When the non-productive expenditure is increased, developmental expenditure will be cut down. Here I may quote some relevant figures. As much as 67 per cent or two-thirds of the total expenditure of the Union Government goes into non-developmental activities.

In 1950-51, the rise in non-productive expenditure, was Rs. 291.5 crores. In 1960-61, the rise in non-productive expenditure of the Government was Rs. 541.5 crores, and according to the budget figures for 1970-71, the rise in the non-developmental expenditure is Rs. 2,159.9 crores. Such is the extent of the rise in non-productive expenditure. This will generate inflationary pressures and, therefore, there is bound to be rise in prices. Again there is no comprehensive price policy to hold the price line.

For instance, there are no concrete measures to see that remunerative prices are offered to the agriculturist. No proper balance is maintained between the industrial and agricultural prices. No definite relationship has been built up between the prices and the cost of production. There is no effect of socialisation of wholesale trade in foodgrains and other essential commodities so that the middlemen can be eliminated and replaced by co-operative agencies. To improve the image of the public sector, there is hesitation to bring the production of essential commodities in the public sector.

• The Economic Survey referred to by the

Finance Minister has clearly admitted that there is a problem of under utilised capacity of industries in the private and the public sectors. But there again, Government is refusing to go to the root of the problem, because they do not want to disturb certain sections and certain interests. If there is under-utilised capacity in private as well as the public sectors, it is because of faulty distribution of raw materials. Unless the Government is prepared to set up autonomous corporation agency which will take charge of procuring stocking and securing to the equitable distribution of raw materials, it will not be possible to ensure that this installed capacity is fully harnessed and utilised.

I am not opposed to the public sector. I want its image to improve. But I cannot shut my eyes to its failures. I may give some of the estimates about its inefficiency and losses. Prof. B. R. Shenoy's estimates are: While an average rupee invested by the private sector earns a return of seven paise, a rupee invested by the Government in its productive enterprises yields an average return of two paise. Thus, there is a loss of five paise in the return on every rupee diverted by taxes from the pockets of the people to the coffers of the Government.

For instance, Hindustan Steel, with an investment of Rs. 1100 crores, i. e. one-fourth of the total investment in the Government sector, reported a loss of Rs. 8.76 crores between April and September 1970, despite the price rise given to it in January 1970. The causes of these results are low production and under-utilisation of the installed capacity. Unless these problems are adequately tackled and administrative failures completely removed, it will not be possible to remove the defect of under-utilisation of capacity. Workers must be given a sense of participation in the management so that they will feel that they have a stake in the public sector industries. There is a Monopoly and Restrictive Trade Practices Commission functioning for the last one year, but the House will be surprised to know that up to this date, not a research assistant or investigator has been appointed. Unless these defects are eliminated, this commission will not be able to function effectively.

There is a great deal of tax evasion. I suggest some concrete steps. Non-labour income should not be allowed to pass off as agricultural income. This is the source by which tax on urban income is evaded. As far as the tax structure is concerned, it must not merely be streamlined but it must be simplified and rationalised. If this rationalisation takes place, probably tax evasion may be minimised.

When I criticise the budget, it does not mean that I am not aware of the progressive elements contained in it, which I welcome. For instance, I welcome the increase in the surtax on company profits and the increase in the wealth tax. I also welcome the abolition of development rebate from 1974, but I would put a rider on it. If entrepreneurs take up developmental activities in backward areas, in such cases the rebate may be allowed. But in other field this has to go. I also welcome the steep rise in capital gains tax. I earnestly welcome the Bill to give to Government power to acquire property at the price mentioned in the sales deed. The Finance Minister said, it should not be considered dishonourable to take dishonest person at his word. If some dishonest property holders are going to show under valuation of their property and if by putting a premium on their dishonesty something good can be done for society, it should be welcomed.

A lot of talk has been there about conspicuous consumption which has to be checked. Much has been said about the duties imposed on luxury goods. This morning, I read an article written by Mr. Minoo Masani where in he has described this budget as anti-modernist budget, because there is an impost on lipstick, perfumed hair oils, shampoos, etc. I pity his understanding of modernism. Only affluent section use lipsticks, and other luxury articles. There is no prohibition on other articles there is only a curb through new imports. Affluent sections may use lipsticks, perfumed hair oil, etc., but they should be prepared to pay more duties. The Finance Minister should be able to tell the angry fashionable modern ladies :

"I would like to unravel the natural beauty of the lips in their original form, and colour and I do not want an indelible mark of a woman to be left on man."

In addition to duties on luxury goods I suggest a severe curb on perquisites which constitute a large bulk of non-productive expenditure.

In conclusion I would say that it is a budget that lacks integrated socialist outlook. This budget is a charter of inflation that will induce rise in prices. It is a budget for the kulaks that will ensure security to the "new rural rich". Under this budget green revolution for the rich peasantry and counter-revolution for the landless peasants, the Harijans and the Adivasis.

Sir, when the country became free, a tremendous amount of energy and enthusiasm was released. But the nation's leaders frittered away this energy and enthusiasm. Again, in the last elections, tremendous energy and enthusiasm of the people were released. But I find that those who have formulated this budget have squandered away the upsurge that has been created by the mid-term poll and, therefore, the socialist hopes of the people are frustrated. There would be a vigorous socialist offensive against this budget inside this House and it would be a precursor of the intensified struggle for socialism outside.

SHRI DINESH CHANDRA GOSWAMI (Gauhati) : Mr. Chairman, Sir, the Finance Minister, as was expected, has received his due share of bonquets as well as brickbats. Members on this side of the House have characterised his budget as a budget towards socialism and members of the other side of the House have characterised it as a gross breach of faith of the promises given to the people. I completely dissociate myself from the latter comment though I do not associate myself fully with the view that this budget is invariably going to lead to socialism. I feel that in this budget there is a potentiality of taking a modest march towards socialism. But whether we will achieve that or not will depend upon various factors.

17.22 hrs.

[Shri K. N. Tiwary in the Chair]

We have noticed with great dismay that since independence several factors have come in the way of our progress towards a socialist Society. I will characterise them under four broad categories. The first is the huge wastage of national wealth in un-

[Shri K. N. Tripathy]

productive directions. The second is the lack of a sense of dedication and sincerity among the Persons who are guiding the administrative machineries of the country. The third is the dichotomy in all spheres of life between what is preached and what is practised. Fourthly, there is the existence of an alien feeling between those who rule the country and those who are being ruled.

So far as the first aspect is concerned, namely, huge wastage of national wealth it is a matter of regret that large chunks of money spent for national development go out of circulation each year. They find a place in the hands of a few individuals who block these and put these out of circulation. It is equally a matter of regret that Rs. 890 crores are today lying outstanding in various taxes and other dues. As has been rightly pointed out by the other side of the House, if we could have tapped even one-third of that, this budget would not have shown a deficit. A lot of money is being spent on unproductive directions and corruption is also inflicting a very heavy toll on our economy. It is being said in this country that those persons who are dedicated and sincere to their jobs have no place in the administrative machinery. They are isolated. We have often found that persons who are sincere and dedicated to their job are penalised. It is not only my view. Even the Santhanam Committee while reporting on corruption made the following statement :

"The tendency to subvert integrity in the public service instead of being isolated is growing into an organised and well planned racket."

Therefore, the first task before us would be to stop this huge wastage of national wealth and unless we can achieve it, no budget in whatever way you may prepare it will achieve the desired result.

The second stumbling block in the way of progress is the lack of a sense of dedication and sincerity on the part of those persons who are in the management of the affairs of this country. We have gathered enough experience of redtapism because of which the administrative machinery is extremely slow moving today.

The civil bureaucracy today has become the stumbling block to our progress. Even the Prime Minister had to admit in a meet-

ing on 16th November, 1969, in these words :

"The civil bureaucracy is a stumbling block in the way of the country's progress".

The persons, who are in the management of the affairs of this country, the officials, are not prepared to think and see the thing as it should be seen for the country's progress and it is no wonder because in the matter of appointment, training and all other matters we have almost acquired the British heritage.

I will cite an example. Some of these persons, who were in the administrative machinery of our country holding very key positions, have come to politics. Let us take the case of our friend, Shri B. M. Patel or Shri C. C. Desai or Shri N. Dandekar or Shri Lobo Prabhu. Which party have they accepted ? They have accepted the Swatantra Party, a party which has no faith in the goal of socialism. Am I to understand that they suddenly got convinced of the idealism of the Swatantra Party only after their retirement ? Obviously, they were wedded to these ideas. How could we expect that these persons who had no conviction of socialism, when they were running the administrative machinery exercised all their capabilities to lead the country to socialism ? Therefore, there should be a complete reorientation of our selection of the officialdom.

The third aspect is a complete dichotomy between what is preached and what is practised today. The hon. Finance Minister has levied taxes on all possible items. But, I think, the greatest levy should today be on speech making, because since independence we have developed the habit of talking. It seems, we have developed the habit of thinking that whatever we talk is not meant for us but for others.

MR. CHAIRMAN I am imposing that levy on you.

SHRI DINESH CHANDRA GOSWAMI : Only one minute to develop my last point.

Now we are talking of this massive mandate. Why this massive mandate ? This mandate was because for the first time the people realised that there was a set of leader-

ship which was prepared to translate into practice whatever they preached. Therefore the dichotomy should go.

The last point that I am trying to develop is the existence of an alien's feeling between those who rule the country and those who are ruled. This again is a British legacy. In the creation of this feeling the Opposition parties have played a very important role. At the time of independence we tried to destroy national property on the ground that if we could destroy some of the property, we were marching a step forward towards independence. That is why, the moment there is a agitation, we find trams and buses are being looted. This is the feeling which is also responsible to a great extent for the loss in the national undertakings.

With these words I welcome the Budget proposals and I request the hon. Finance Minister and the Prime Minister to see that these drawbacks are eradicated.

श्री शंकर बयाल सिंह (चतरा) : सभापति जी देश आज जिस मोड़ पर खड़ा है ऐसी स्थिति में वित्त मंत्री जी ने जो बजट 1971-72 का पेश किया है वह एक समाजवादी और प्रगतिशील बजट कहा जा सकता है, लेकिन फिर भी कुछ बातें ऐसी हैं जिनको कहना मैं जरूरी समझता हूँ। बजट पेश होने के बाद जब मैं अपने क्षेत्र का दौरा कर रहा था, तो वहाँ न जाने कितने लोगों ने मुझसे कहा कि क्या आपको हमने इसीलिए चुनकर भेजा था कि नमक पर, कपड़े पर, सिले हुए कपड़ों तथा अन्य सामानों पर आप कीमतें बढ़ा दें? तब मैंने उनसे जरूर कहा कि मैं दिल्ली जा रहा हूँ और आप की यह आवाज अपने वित्त मंत्री तक अवश्य पहुँचा दूंगा।

सभापति जी, मैं आपके माध्यम से वित्त मंत्री जी से कहना चाहता हूँ कि इसमें बहुत कुछ संशोधन की आवश्यकता है। पहली बात तो यह है कि राज्यों को केन्द्र द्वारा जो अनुदान दिये जाते हैं बहुत बड़ी मात्रा में उनका सदुपयोग नहीं होता है। राज्यों को जो पैसा जाता है उसमें से बहुत सारा पैसा उन कामों पर

खर्च नहीं होता है। खीट भात है और खर खर्च भी होता है तो उसका सदुपयोग नहीं होता है। आज के समाज की रीढ़ मध्य-वित्त परिवार है। मैं बड़े भद्र के साथ कहना चाहता हूँ कि आज जो टैक्स लगाए गये हैं उनसे मिडिलमैन (मध्य-वित्त परिवार) बहुत ज्यादा प्रभावित हुए हैं। आप पेट्रोल को ले ले, साबुन को ले लें, रेडीमेड कपड़ों को ले लें, ये सभी चीजें ऐसी हैं, जिनका मध्य-वित्त परिवार अधिक उपयोग करते हैं। पेट्रोल की कीमत बढ़ती है तो उसका अर्थ यह है जिनके पास कार है वे ही अफेक्टेड होते हैं बल्कि जो वे कार हैं वे भी अफेक्टेड होते हैं। बसों का किराया उसी दिन से बढ़ गया जिस दिन की बजट पेश किया गया। टैक्सी स्कूटर में रोज हम इस बात को देखते हैं। पावरोटी का दाम उसी रोज से बढ़ गया जिस दिन की बजट पेश हुआ भले ही बहुत से लोग जो कि इसका व्यवसाय करते हैं उन्होंने पहले से ही मँदा खरीद कर रख लिया हो। ऐसी स्थिति में मैं कहना चाहूँगा कि बजट जो पेश किया गया है उसमें कुछ संशोधन अपेक्षित हैं।

एक बात मैं और कहना चाहूँगा जो कि आवश्यक है। वह यह है कि टैक्स जिन चीजों पर लगाना चाहिए वे बहुत सारी वस्तुयें तो इसमें छूट गई हैं और जिन पर टैक्स नहीं लगना चाहिए उन पर टैक्स लग गया है या जिन पर लगा हुआ था उन पर और बढ़ा दिया गया है। उदाहरणस्वरूप मैं दो तीन बातें कहना चाहूँगा। एक बात तो यह है कि मृत्यु के बाद तो कर की व्यवस्था है लेकिन जन्म कर की कोई व्यवस्था नहीं है। होना यह चाहिए कि जन्म कर अवश्य लगाया जाये। इससे एक तो लोगों में बर्थ कंट्रोल की आदत भी बढ़ेगी और दूसरे जिसके घर में बच्चा पैदा होता है वह वैसे भी खुशी में कुछ खर्चा करता है और यदि आप साथ में जन्म कर भी लगा देंगे तो जो भी कुछ कर उसको देना पड़ेगा उसको वह खुशी-खुशी दे देगा।

[श्री शंकर दयाल सिंह]

इसी प्रकार से जहाँ तक मेरी जानकारी है लोगों को लाटरी के इनाम में जो पैसा मिलता है उस पर कोई भी कर नहीं लगता है। लाटरी के इनाम में किसी को 16 लाख, किसी को 10 लाख, किसी को 5 लाख, किसी को दो लाख और किसी को एक लाख मिल जाता है। यदि आप उसमें से कुछ राशि ले लें तो वह खुशी-खुशी दे देगा। तो ये कुछ चीजें हैं जिन पर कि कर लगना चाहिए था लेकिन लगाया नहीं गया है और जिन चीजों पर नहीं लगना चाहिए था उन पर लगाया गया है। मैं माननीय वित्त मंत्री से कहना चाहता हूँ कि जिन चीजों पर आपने कर बढ़ाया है—चाहे नमक, चाहे पेट्रोल, चाहे सूती कपड़ा और चाहे मैदा ... (व्यवधान) ...

सभापति महोदय : नमक पर कर नहीं लगाया है।

श्री शंकर दयाल सिंह : ठीक है। मेरे कहने का मतलब यह है कि उन चीजों पर जिनमें आदमी खुशी-खुशी कर दे दे, उसको कोई भार न लगे, कर लगाना बहुत आवश्यक है।

बजट के सन्दर्भ में मैं एक बात की ओर और ध्यान दिलाना चाहता हूँ और वह यह है कि शिक्षा के जगत में कसावट की बहुत आवश्यकता है। आज बहुत सी अकादमियाँ हैं जैसे साहित्य अकादमी, ललित कला अकादमी, नाट्य कला अकादमी जिन पर कि बहुत सारा खर्चा होता है लेकिन उनका कार्य ठीक ढंग से नहीं चलता है। मैं चाहूँगा कि वित्त मंत्री महोदय इस बात की ओर भी ध्यान दें कि शिक्षा पर हमारा जो इतना ज्यादा खर्चा हो रहा है उसका लाभ हमें क्या मिल रहा है? आप राज्यों को जो पैसा शिक्षा के लिए देते हैं उसकी कोई उपयोगिता देखने में नहीं आती है। आज आप देहातों में और कस्बों में जाकर देखें कि लोवर, और मिडिल स्कूल और हाई स्कूल इटी-फ़्टी

हालत में पड़े हुए हैं इसलिये मैं चाहूँगा कि जो पैसा शिक्षा के लिए दिया जाता है उसमें कम से कम एक साल अवधि ऐसी व्यवस्था होनी चाहिए कि उनके भवन बन सकें।

इसके साथ-साथ मैं यह भी कहना चाहूँगा कि शिक्षा का एक बहुत बड़ा क्षेत्र और पुरातत्व—आर्कियालाजी—उसमें भी जो पैसा खर्चा होता है उसकी भी कोई उपयोगिता नहीं होती है। उसको ठीक से देखा भी जाता है या नहीं, इसकी भी जानकारी मुझे नहीं है। इस लिये उनमें भी ठीक ढंग से कसावट की जरूरत है।

अन्त में एक बात और कहना चाहता हूँ और वह यह कि पटना बिहार की राजधानी है। पटना की अनेकानेक समस्याएँ हैं जिनकी ओर न तो केन्द्रीय सरकार देखती है और राज्य सरकार को तो इसके लिये फुर्सत ही नहीं है। मैं चाहूँगा कि पटना पर सरकार कुछ ध्यान दे। वहाँ की समस्याओं को देखे और उनको दूर करे। पटना म्यूजियम अभी तक स्टेट सरकार के हाथ में है। वह कला का एक जीता-जागता नमूना है जिसमें बौद्ध काल की अनेक दुर्लभ चीजें हैं। इसलिये मैं चाहूँगा कि उस म्यूजियम को केन्द्रीय सरकार अपने साथ में ले ले और उसकी व्यवस्था ठीक ढंग से करे।

लेकिन इस सबके बाद मुझे एक निवेदन यह भी करना है कि जब तक भ्रष्टाचार और अफसरशाही में सुधार नहीं किया जायेगा तब तक कुछ भी नहीं हो सकेगा। समाजवाद का नारा हम लगाते रहेंगे, लेकिन नतीजा यह होगा कि देश आगे नहीं बढ़ेगा।

इन शब्दों के साथ मैं इस बजट का स्वागत करता हूँ।

SHRI SUBODH HANSDA (Midnapore): In this Budget, the Finance Minister proposes to raise additional sum of Rs. 177 crores by way of fresh taxation to meet the budgetary gap of Rs. 220 crores. He said

that the imposts will not disturb the general price level in the country.

But, I would like to draw the attention of the Finance Minister to the fact that the day after the budget was presented on the floor of the House, the prices of essential commodities in the market went up by 10 percent. If you have gone to the market, Sir, you have experienced that the price level of all the essential commodities—whether taxed or non-taxed—have gone up.

We all know, it is not a new phenomenon. Just after presentation of Budget every year we see that the prices of all essential commodities go up. There would not have been any hesitation to support the Finance Minister's proposal if he had the machinery to control price levels that increase day to day in the country.

What the people want today is this. They want stabilisation of prices, better standard of living and solution of the unemployment problem.

If Government can solve this problem and stabilise the prices of commodities in the country, probably, nobody would have objected to the new taxation measures which would be for the development and growth of the country. If the people feel that this new taxation is for the improvement of their living standards, if the people feel that the country is growing fast, if they see that the industries are coming up, if they see that their earning and wages are going up, if they see that roads are being constructed and irrigation projects taken up, probably, they would not have objected to the Budget proposals so much. But what the people see today is that the unemployment problem is growing day by day.

The Finance Minister has set apart Rs. 75 crores for solving the unemployment problem, that is, for the 'crash programme' in the rural areas.

I do not think that this amount is sufficient to solve unemployment problem that is growing up day by day.

In West Bengal the problem is very acute. We all know that in West Bengal some of the industries are gradually closing down; some of them have declared lock-outs. Number of them have not been able to expand their factories.

In this way, the problem of unemployment is growing day by day.

This must be stopped particularly in West Bengal. All these problem have cropped up because the raw materials, namely iron and steel which are most essential for the growth and development of industries in West Bengal are not being made available to them. West Bengal requires more than one lakh tonnes of iron and steel and they have requested the Government of India to supply this quantity, but unfortunately, only a meagre quantity, that is, only 10 percent of the total requirements, has been supplied to West Bengal. Government should see that the West Bengal industries which are gradually dying day by day are revived.

Everyone of us is aware that there is uneasiness in the State of West Bengal. Everybody in this House knows that there is the Naxalite movement. The Finance Minister should know wherefrom the Naxalite movement has come. Who are those people who are going towards this movement? It is the young educated persons are heading towards this movement, because they are frustrated and they are not getting any employment anywhere. That is why today they have diverted their minds to the Naxalite movement. I would, therefore, request the Finance Minister to allot more money for West Bengal so that the industries in West Bengal could grow up and avenues for employment could be created in all those parts.

Sir, I come from an area which is inhabited by tribal people and the constituency which I represent here is also inhabited by tribal people. This is most undeveloped. The Naxalites, especially the young Naxalites, are inciting the tribal people to join this movement. You know, Sir, that these tribal people are illiterate masses, and they have no work and they are poor and are easily susceptible, therefore, to these influences. Therefore, I would request that the Central Government should allot more money for the development of these areas particularly the areas where the Naxalites have infiltrated, namely the inaccessible areas or the tribal areas. There are no roads there, and nobody, can go into those places. Even when the police raids this place, they cannot move from place to place for want of proper roads. Therefore, once again, I would request the Finance Minister to allot more money for road development in these areas.

Then, we talk of the welfare of the

[Shri Subodh Handsa]

Scheduled Castes and Scheduled Tribes. We have many safeguards for the upliftment of these people. The Central Government allots money for the upliftment of these people. But what happens is that the State Governments do not utilise the money for that purpose but they divert the money for other purposes, and thus the implementation of the programmes for the upliftment of the tribal people suffers. I would request that the upliftment of the tribal people should be taken over by the Central Government.

In 1960, there was a commission on Scheduled Tribes and Scheduled Areas to look into the progress made as a result of the development works and the money allotted by the Central Government for the upliftment of those people. A number of recommendations were made by that commission. But we find that although they have been accepted by Government, they have not been fully implemented so far. I would, therefore, request the Central Government to set up another Commission for the Scheduled Tribes and Scheduled Areas to see how far the Scheduled Tribes have developed since 1960 after the acceptance of the recommendations of the Dhebar Commission's report.

SHRI N. SHIVAPPA (Hassan) : We all know how the nation marched against mountainous hurdles since the advent of democracy till this date. The real starting point of our socialistic programme commenced when our hon. Prime Minister took a very courageous and bold step of crossing all these hurdles and bringing about a consolidated party and strengthening it and committing it to certain declared programmes and policies in the interest of the people, and declaring that under no circumstances there will be any retreat from the implementation of those policies and programmes. Hence at the very outset, I want to congratulate our well-experienced, well-learned, capable, administrative giant, Shri Chavan, for presenting to us a very valuable budget. Of course, this budget has invited for certain healthy reasons and otherwise, unhealthy criticism from opposition corners. Of course, there is some cause for dissatisfaction in certain proposals, but they are not of such great seriousness as to warrant belittling the great importance of the bill that he has placed before us.

To take one example, our opposition friends have levelled their criticism and said that the Bill has not touched a major section of the population, the agriculturists, the rich among the agriculturists and so on. I want to ask this question. Who are the real consumers? Are they the big producers of cosmetics? These Tatas and Birlas and their followers, the big business houses and their agents, are the people who have amassed money, by means fair and otherwise, who are trading in black money and are avoiding many of the taxes. Then a few officials who have got the capacity to pay are there. These belong to the privileged class. They cannot level any criticism against the Bill. Consequently, it is only the agriculturists, the middle class or lower middle class and the poorer sections of the people who are affected by these imposts on petrol, maida and so on. It is they who have to pay; it is the agriculturists who will feel the pinch of the taxes by reason of enhanced prices for their implements etc.

This Bill takes money from the people and it is again to be given to the people. That is the programme of socialism that we are committed to. So far as the industrialists are concerned, in fact they may be jubilant over these; they are happy about tax evasion.

So far as the agricultural sector is concerned, I have my own opinion, not from a personal point of view, not from the point of the interest of our party, but much of the criticism against us made by the Opposition on the ground that it is against the national interest or the interest of the down-trodden people is misplaced because we have already committed ourselves to the people to implement certain programmes and policies for the benefit of the people. There is a saying in Kannada which means this: 'people who without giving a promise about doing this or that, fulfil these promises are the great men and show greatness.' We do not belong to that category. 'But having given promises to the people about satisfying needs, having committed ourselves to fulfil their hopes and aspirations, if we implement these promises, we belong to the middle category, that is persons with the human quality.' We are such people. We the ruling party have promised certain things to our people. We are now fulfilling them.

As for the Opposition, they have their own amorphous organisations, and amorphous principles; they have no slogans or programmes; their criticism is only for criticism's sake. When Mr. Piloo Mody and others speak on the other side, they speak for the rich people and the vested interests. Why not people like Shri Morarji Desai voluntarily surrender all their wealth and personal property here and now for the sake of our socialist policies and programmes? They only talk and criticise.

We are self-sufficient in food today, but by 1981 we would require not less than 160 million tonnes of foodgrains. Our present production is 105 million tonnes. Another 60 million tonnes will have to be produced. Unless this is achieved, we will go down, and the Finance Minister has to take careful note of this.

Tax is to be levied on a person who gets some benefit from the Government and is able to earn more money. What is the benefit that the agriculturists get? We are not able to provide them irrigation facilities, we have not linked the Ganga with the Kaveri.

Our DMK friend stated that Mysore is not giving water from the Kaveri to Tamil Nadu. It could have been raised more relevantly at the time of the Finance Bill or the Demands of the Irrigation Ministry.

So, we have to take the responsibility of the Opposition and raise questions relating to tax evasion, increase in taxes etc., both in our Party and inside the House. I am sure the Finance Minister will give his attention to these things.

People criticise the taxiwallas and scooterwallas for cheap popularity. We know their difficulties, how they are hit by the increase in petrol prices, but the petrol dealers are collecting two paise extra over the tax for what is called service purposes. They should be dealt with mercilessly and drastically according to law. May I appeal to the Finance Minister to take drastic action against this kind of agencies who are amassing money at the cost of others. Take for example cigarettes. A manufacturer might have spent five paise on one cigarette and he will hoard ten lakhs of such cigarettes and after the announcement he will sell that old stock at ten paise each and thus become a millionaire or

lakhier overnight. The smoker is silent. I do not know why the finger should be pointed out at the Finance Minister or the Finance Bill. The cigarette people use bidi. Even in America there is great demand for bidi. Bidi should be exported. Let our cottage industry develop; let our poor people be encouraged. Thereby our socialism will develop; socialist economy will develop and stabilise. Secondly we shall get foreign exchange also. The other Members should not speak only for the sake of argument. There is nothing which adversely affects the industrialist or the businessman. Tax evasion. What is it? Rs. 122 crores is known evasion. Is the tax evader agriculturist or consumer or poor officials? It is only big business houses. Bureaucrats and bigmen who pose themselves as big persons use dictionaries and bombastic words and they come with fine argument and they will say things here for the sake of cheap popularity. What is the unknown tax evasion in this country? If some agency is to be set up, you will find it is Rs. 400 crores. Why not they come forward and say: we have got this money and we shall surrender it. I appeal to them to surrender Rs. 400 crores which is black money with them so that there will be no need for deficit financing. We shall encourage them; we shall give them impetus and ask them to start some more industries and give them more money. But they are not doing it.

I have this appeal to make to our Finance Minister. Our agriculture can no more be run on the old bullocks. We have to mechanise and unless we do that agriculture will not improve; there is no escape from it. We do not need big bulky tractors worth Rs. 99,000 or Rs. 50,000. We have got three plants which can produce power tillers in the country. It is a small one. I have received representation from people all over the country saying that the tax that can be collected from this levy will be very little. If all the small tractor owners who are going to purchase power tillers are taxed we feel that it will be a little unjust; it will be a hindrance to the progress of our agriculture and it will spoil the incentive which we want to give for production. We feel that this aspect should be considered.

18.00 hrs.

To the D.M.K. Member I say that the

[Shri N. Shivappa]

1974 agreement gives ample right to the Mysore State to construct all the projects within 1974.

Nobody on earth can stop the project and there is no necessity to send it for arbitration.

With these words, I thank the Chair for the opportunity given to me to speak on the budget.

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

Export of Jute Goods

*362. SHRI N. K. SANGHI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether export of jute goods in 1970 is slumped to an all time low ;

(b) the measures being taken to increase the export earnings ; and

(c) the target of export during the current financial year ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) to (c). A statement is laid on the Table of the House.

Statement

(a) Yes, Sir.

(b) The measures taken to maximize exports include following :—

(i) increasing area under cultivation and yield of raw jute and mesta

(ii) raising production of jute goods from an average monthly output of 90,000 tons to 110,000 tons.

(iii) reducing domestic consumption of sacking

(iv) products development and diversification

(v) export promotional efforts and

(vi) restraint on speculative activities in hessian

(c) Export target has been stepped up to 7.4 tonne value at Rs. 250 crores approximately.

SHRI N. K. SANGHI : The Minister has accepted in his reply that the export has been the lowest in the year 1970. In the backdrop of the happenings in Bangladesh, I think this is the time when we should rejuvenate our export. Now so many workers are thrown out of employment because of the closure of jute mills. On the 1st of June the Minister stated that efforts are being made to reopen the mills to help the poor workers and on the 2nd June six more jute mills have closed down. May I know what he is going to do to get the closed mills reopened ?

SHRI L. N. MISHRA : In West Bengal there are a number of jute mills which are very much out-dated and old. Even though we would be happy if the mills started working and the labour get employment, the main problem in West Bengal is the modernisation of the jute mills. In that I have not been getting the necessary or expected co-operation from the jute mill owners. Though there is provision for financing it and some funds have been utilized for that, they have not taken appreciable steps to modernise their mills. So far as the mills referred to in this

question are concerned I will look into each individual case myself and see what can be done. If finance is necessary, we will see that the Industrial Finance Corporation helps them. But the real problem in West Bengal is that the jute mills are very much outdated and some of them obsolete.

SHRI N. K. SANGHI : May I know whether the Minister would lay down responsibility in the Ministry on those who had not gone ahead with the purchase of raw jute from Thailand, which has resulted in great loss to this country? Would he also ensure that the opening of new jute mills will be only in Bengal and not outside because of its export potentiality.

SHRI L. N. MISHRA : We had a proposal to purchase jute from Thailand since our internal production was short by 7 lakhs to 8 lakhs tons. But the prices prevailing in Thailand were exorbitant and so that deal was not economical. Though we had asked the STC to make these purchases, because of the high prices prevailing there we did not make these purchases. About the mills in Bengal there was a discussion in this House only two days back and a number of hon. Members have asked for diversification of industry. So, in fairness to the States new industries and mills should be opened in the backward States of Bihar, Orissa, Tripura and Andhra. Therefore, I cannot give this assurance that no new mills would be opened or started in any other State except Bengal.

श्री आर. बी. बड़ै : मैं यह जानना चाहता हूँ कि अभी ईस्ट बंगाल से जो शरणार्थी आये हैं उन में से कितने ऐसे वर्कर्स हैं जो जूट मिल में काम कर सकते हैं, इसका सरकार ने कुछ अन्दाजा लगाया है ?

अध्यक्ष महोदय : अभी इतनी जल्दी कैसे पता लगाया जा सकता है ।

SHRI JAGADISH BHATTACHARYYA : May I know from the hon. Minister whether we purchase finished jute products from foreign countries and, if so, to what extent ?

SHRI L. N. MISHRA : To the best of my knowledge, we do not purchase finished products. Perhaps, there may be some negligible purchases here and there.

श्री राम सहाय पांडे : माननीय मन्त्री जी ने अभी बताया कि जूट मिलों की कंडीशन बहुत खराब है, मशीनें बहुत पुरानी हैं इस कारण मिलें बन्द हैं । मैं जानना चाहता हूँ कि इस बात को दृष्टि में रखते हुए कि पाकिस्तान और भारत में जहाँ तक एक्सपोर्ट का प्रश्न है, बड़ा कम्पटीशन है, मन्त्री जी क्या प्रबन्ध करेंगे उन मिलों के बारे में जिनकी मशीनें खराब हैं, जिनसे अपने एक्सपोर्ट को बढ़ाया जा सके ?

MR. SPEAKER : He has replied to that.

SHRI L. N. MISHRA : It is a fact that next year is going to be a better year for jute exports. At least that is our expectation. The indigenous production of jute this year would be more as compared to last year. On taking advantage of the situation I will only say that we are trying to recapture the US market which we lost as a result of competition from Pakistan, because Pakistan mills are very modern mills. Their quality of jute was also good and we were almost at the point of losing the world market. But the time has come when we should take advantage of the situation and regain the markets, especially when there are signs of improvement in the world market, so far as jute is concerned.

श्री एम. रामगोपाल रेड्डी : मैं मन्त्री जी पूछना चाहता हूँ कि जितना रा जूट है वह सब इस्तेमाल में आ रहा है ? या मिलें बन्द होने की वजह से वह जूट वैसे ही पड़ा हुआ है ?

श्री एल. एन. मिश्र : मेरे खयाल में इस्तेमाल में आता होगा । ऐसी बात नहीं है कि जूट पड़ा रह जाता होगा । यहाँ पर भी इंडिजिनस श्रोके से जूट की काफी अपूर्त है ।

SHRI INDRAJIT GUPTA : In the statement it is stated that one of the measures taken to maximise exports is to increase the area under the cultivation of raw jute. May I know from the Minister whether recently the Government has decided to ask the raw jute cultivators to increase their cultivation by about 25 per cent and, if so, in view of the fact that the anticipated jute crop this year is going to be a very good one, what measures will the government take to guard against a glut of raw jute which may lead to a serious fall in prices and thereby harm the interests of the cultivators.

SHRI L. N. MISHRA : Till now we have experienced shortage of jute. The trends of the world jute market show that there would not be a glut of jute in the world market. In fact, we will have a bigger demand from the market. We will see to it that there is no glut and the growers do not suffer. As the hon. Member knows, we have set up the Jute Corporation and it will be the main function of the Jute Corporation to make purchase of jute. So, whenever there is any fall in price of jute the Corporation will enter the market and make purchases from the jute growers.

Drop in Indian Share of Tea Trade in British Market

*365. **SHRI SAROJ MUKHERJEE :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) the causes for a drop of 16 per cent Indian share of tea trade in the British market in the past 30 years ;

(b) whether African share of tea has increased from 3.8 to 21.2 per cent under similar conditions ; and

(c) if so, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) to (c). A statement is laid on the Table of the House.

Statement

(a) The decline in India's share of tea in the British market is due to the gradual

inroads made by Ceylon, Africa and other teas.

(b) The share of African teas in the British market has gone up from 4.6% in 1940 to 21.3% in 1970.

(c) (i) Emergence of African countries as new tea producing countries and their steady increase in production with a much lower cost of production compared to India ;

(ii) African tea is cheaper than Indian Tea.

(iii) Because of low internal consumption in East African countries, they are exporting as much as they can irrespective of any price consideration. On the other hand high internal consumption in India which accounts for 50% of the total crop makes Indian tea dearer.

(iv) The seasonal pattern of production in India as against year round production in East Africa together with advantages of a shorter lead.

SHRI SAROJ MUKHERJEE : The hon. Minister has evaded the real question. He has accepted that India's share of tea in the British market has declined but he has not mentioned the percentage. My question was whether there is a drop of 16 per cent in the share of Indian tea in the British market in the past few years and he has evaded the question by simply saying that there is a decline. Nor has he mentioned in his reply what steps he is going to take to rectify the position. He has simply referred to the inroads made by Ceylon, African and other teas. Our tea used to have a very good market in the world and we used to earn quite a big amount of foreign exchange which we badly need for building up our economy. Now this Ministry is not doing what it should do to compete with other countries in the world tea market. He has not said anything about them.

MR. SPEAKER : Let him come to the question.

SHRI SAROJ MUKHERJEE : Why is it that the Ministry has not taken any measures to compete with the other countries in the world tea market so that the decline in our share can be checked ? It is not as if remedies are not there to this situation. The remedies are there but the Government have not taken them. Will the Minister tell us what he has done to increase the production of tea in our country? He has mentioned here that internal consumption of tea has increased. It is good. But what steps has he taken to increase production of tea for export ?

SHRI A. C. GEORGE : The question is specifically about the export to UK. We have said that there is keen competition from African tea where the cost of production is low and the internal consumption is also low : so, they are in a better position to export. The only method to counter this is to reduce the cost of our tea production and to make promotional programmes. We are making real headway in our promotional programmes and, at the same time, to reduce the cost of production we are allowing liberal grants for replantation and improved methods of production.

SHRI SAROJ MUKHERJEE : My second question is with regard to the measures for competing in world market. Yesterday he said that in the export of textiles we are being handicapped because of the British moves. Here again, today in tea we are finding that because of British moves our export of tea is also declining. People will think that this Ministry has taken up the job of liquidating foreign trade. We need foreign exchange so much and in textiles, tea, everything, our exports are declining. What is the Ministry doing to compete with other countries ? Will the Minister tell us what measures have been taken regarding it ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : The performance of the Foreign Trade Ministry, if you will permit me to say, this year has been perhaps a record one. We had increased our exports more than our target ; that is, instead of 7 per cent we reached

8½ per cent. Therefore, it is not fair to say that we are liquidating foreign trade.

About tea, the hon. Member may care to go through the papers if he has any. Year before last was a very bad year for tea. Last year was a much better year. As you know, there is an organisation, called the FAO, which looks into world contracts of tea. Of course, we have lost some percentage of the market in the UK. But, as my colleague pointed out, this is mainly because of cheaper variety of tea coming from African countries and also from Ceylon. But the export of tea from our country this year has been better. There is every reason to say that our performance has been satisfactory.

SHRI S. M. KRISHNA : United Kingdom is a small country. So, may I suggest to the Government that if they are contemplating to explore the possibilities of exporting our tea to the other countries, probably there would be lesser competition from African and other tea producing nations ? I would like to know if the Government have any specific programme to explore the possibilities of exporting tea to countries other than the United Kingdom.

SHRI L. N. MISHRA : Today we export a good quantity of tea to USA. Recently, in the new trade pact we have a provision for exporting tea to USSR. We are exporting tea to a number of countries. UK is one of the buyers—of course, it is the main buyer—of our tea.

MR. SPEAKER : The question relates to the British market only.

SHRI P. VENKATASUBBAIAH : In view of the fact that the African countries as well as Ceylon are having keen competition with our country, may I know whether Government can initiate discussions with these countries to have a consortium of tea producing countries so that they may not cut at each other and also hit the trade ?

MR. SPEAKER : This is too farfetched a question.

SHRI PILOO MODY : They want to form cartels, a monopoly.

SHRI L. N. MISHRA : There is a committee set up by the FAO which

regularises export and also the quantity of export from each country. Recently, we had a meeting of this committee in India and some decisions have been taken. As you know, two years back a decision was taken to withdraw 90 million lbs. of tea in the world market because there was a glut in the market of tea. This year, I say, the allotment is not unfavourable to us.

श्री अटल बिहारी वाजपेयी : क्या यह सच है कि ब्रिटेन के बाजार में चाय का सारा व्यापार मुट्ठी भर लोगों के हाथ में केन्द्रित है और उस की नीलामी इस ढंग से की जाती है कि भारत को उस का उचित हिस्सा नहीं मिलता ? क्या मंत्रालय ने इस दृष्टिकोण पर भी विचार किया है ?

श्री एल. एन. मिश्र : यह बात सही है और इसकी कहानी 110 वर्ष पुरानी है। विलायत के कुछ लोगों के हाथ में यह चीज दे दी गई थी। हाल ही में हम लोगों ने यह निर्णय किया है कि चाय की पैकेजिंग हम करेंगे। आप जानते हैं कि यहां से बल्क में चाय भेजी जाती है। लन्दन में उन के पैकेट बना कर बेचे जाते हैं। इस से हमें बहुत नुकसान होता है हम ने एक कारपोरेशन बनाने का विचार किया है और यह पैकेजिंग हम अपने यहां करेंगे। इस से विलायत के बाजार में जिन लोगों के हाथ में यह काम है उन की मोनोपोली नहीं रहेगी।

SHRI INDRAJIT GUPTA : When are you going to do it ? For the last two years we are hearing it.

SHRI L. N. MISHRA : I have not been here for two years.

SHRI PRABODH CHANDRA : Is the Minister aware of the fact that there have been consistent complaints about the quality of tea that has been exported ?

SHRI L. N. MISHRA : I have not received any complaint as regards the quality. As the hon. Member knows, we have pre-shipment inspection and we have strengthened that organisation. So far as

the quality of our tea is concerned, we have not received any complaint from the UK.

Declaration of Birth Anniversary of Dr. Ambedkar as Public Holiday

* 368. **SHRI S. M. BANERJEE :** Will the PRIME MINISTER be pleased to state :

(a) whether several organisations in the country have demanded public holiday on the birth Anniversary of Late Dr. B. R. Ambedkar ; and

(b) if so, the reasons for not declaring this as a public holiday ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (**SHRI RAM NIWAS MIRDHA**) : (a) and (b). The period of our struggle for national revival and freedom produced men and women of eminence in diverse fields of politics, art, literature, religion, etc. Dr. B. R. Ambedkar was one of them. Government feel that a more creative and constructive way of honouring the memory of these great men and women should be found rather than declaring public holidays. In our country the number of such holidays is already large, even though, in pursuance of the recommendations of the Second Pay Commission, the number of public holidays was reduced from 23 to 16 in 1960. Government also feel that when our country ought to make every effort to develop and to face the present difficulties, increasing public holidays would not be the best way of honouring the great men of the past or of promoting national interests.

SHRI S. M. BANERJEE : Before I put my question I may make it clear that my questions are not invariably meant for Central Government employees. Always the hon. Minister gets the idea that I ask only about Central Government employees. I may clarify that it should cover all employees, whether working in the public sector or in the private sector. The Pay Commission does not apply to the private sector. That should be clear.

Now I wish to know from the hon. Minister whether it is a fact that for the last so many years two demands have been made by the Republican Party and those

who believe in Dr. Ambedkar and hold him in high esteem, not because he championed the cause of harijans but also because he championed the cause of parliamentary democracy. The two demands were to have a portrait of Dr. Ambedkar in the Central Hall and to declare his birthday as a public holiday. Public holiday means actually showing respect to someone so that his creation and work could be popularised among the people on that particular day. I would like to know why none of the demands has been conceded by Government.

SHRI RAM NIWAS MIRDHA : There is no doubt about Dr. Ambedkar's eminence as a constitutional lawyer and as a great public man of this country. But, as I said in my answer, declaring public holidays is really not the best and the fittest way of honouring the memory of a great man like Dr. Ambedkar. A lot of requests have come to the Government from time to time from various organisations that Dr. Ambedkar's memory should be honoured by declaring a public holiday. But for the reasons stated by me in my answer, it has not been possible to accede to that request. As a matter of fact, except for Mahatma Gandhi's birthday, there is no national leader whose birthday has been included in the list of public holidays.

SHRI S. M. BANERJEE : Apart from not declaring a public holiday in the larger national interest, I would like to know what other measures have been taken to have a proper memorial for Dr. Ambedkar in the country.

SHRI RAM NIWAS MIRDHA : The Question is specifically about declaring a holiday. As regards honouring Dr. Ambedkar many statues have come up all around the country and a number of institutions have been named after him. The Government always gives importance to the contribution that he has made in our national life.

SHRI K. G. DESHMUKH : May I know whether the Maharashtra Government has made a request to the Central Government for declaring the birth anniversary of Dr. Ambedkar as a public holiday ?

SHRI RAM NIWAS MIRDHA : Yes, Sir. The Maharashtra Government did make a representation in this respect supporting other organisations.

SHRI SANJEEVI RAO : We are having the maximum number of public holidays. Is the Government contemplating to reduce the number of public holidays.

SHRI RAM NIWAS MIRDHA : As I stated, in pursuance of the recommendations of the Second Pay Commission, the number of public holidays was reduced from 23 to 16 in 1960. We are awaiting the recommendations of the Third Pay Commission which is still working and we will give due consideration to whatever recommendations they make.

Export drive for Automobile Ancillary

*369. **SHRI P. GANGADEB :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government are working out a proposal for a dynamic export drive in respect of automobile ancillary to achieve the target of Rs. 100 crores annually ; and

(b) if so, the measures Government propose to take to achieve the same ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) Yes, Sir. It is proposed to raise the exports of automobile ancillaries from Rs. 7.00 crores in 1970-71 to Rs. 10.00 crores in 1971-72.

(b) A statement is laid on the Table of the House.

Statement

In addition to the existing export assistance including advance and replenishment licences, compensatory support, duty drawbacks, customs bonding, freight reductions - etc. the recently established Trade Development Authority has been entrusted with the task of developing both production and export of automobile

ancillaries. The Trade Development Authority is engaged in the following activities :

- (a) Identifying the specific items of automobile ancillaries with comparative advantage and promoting export to both the original equipment and spare part markets ;
- (b) Locating international long-term buyers of ancillaries both as original equipment and as spare parts, and put them in touch with competent Indian manufacturers for start up of negotiations and conclusion of contracts ;
- (c) Locating the specific areas of capacity constraints and processing proposals for expansion or creation of capacity for export production.

Considerable work has since been done in this direction and a number of enquiries received from international firms for a range of ancillaries are at different stages of processing.

SHRI P. GANGADEB : The reply to para 'b' of the statement is not satisfactory. May I know the countries from where these enquiries have been received and how long will it take to process them ?

SHRI L. N. MISHRA: The main countries to which we export these ancillaries are the developing countries. Recently, we have received enquiries from countries like Japan, Western Europe and U.K. also. The orders are being processed and, I believe, the automobile ancillary industry will be in a position to meet the demand.

SHRI P. GANGADEB : May I know the time taken for processing these applications since their receipt ?

SHRI L. N. MISHRA : Till recently, a lot of complaints were received that we take a long time to take a decision on giving export licences. In the last Import-Export licensing policy issued by the Government, a time-table has been fixed. My suggestion to the C. C. I & E is that any decision on

the issue of a licence should be taken within three months' time, either reject it or accept it. So, we are having a time-table for it. I think, we will be able to process them in three months' time.

SHRI P. GANGADEB : May I know the type of ancillaries for which there is demand from international market ?

SHRI L. N. MISHRA : The items of export include fuel injection equipment and parts, elements for spark plugs, piston assemblies and parts, radiators, brake and clutch linings, shock absorbers, leaf springs, engine valves, bus bodies and electrical equipments for automobiles.

प्रेस ट्रस्ट आफ इण्डिया तथा अन्य समाचार एजेंसियों का एक निगम में परिवर्तित किया जाना

* 370 श्री कृष्ण चन्द्र पांडे : क्या सूचना और प्रसारण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या अखिल भारतीय श्रमजीवी पत्रकार संघ ने सरकार से अनुरोध किया है कि प्रेस ट्रस्ट आफ इण्डिया, यूनाइटेड न्यूज आफ इण्डिया और हिन्दुस्तान समाचार, समाचार भारती जैसी समाचार एजेंसियों को एक निगम के रूप में बदल दिया जाये; और

(ख) यदि हां, तो उपरोक्त निगम के कब तक बनाये जाने की आशा है ?

सूचना और प्रसारण मन्त्रालय में राज्य-मन्त्री (श्रीमती नन्दिनी सत्यपथी) : (क) सरकार को भारतीय श्रमजीवी पत्रकार संघ के 15वें वार्षिक अधिवेशन में पारित प्रस्ताव की एक प्रति मिली है, जिसमें केन्द्रीय सरकार से यह अनुरोध किया गया है कि बह पी. टी. आई. तथा यू. एन. आई. के प्रबन्ध को एक सांविधिक निगम को हस्तान्तरित करने के लिए कदम

उठाये। हिन्दुस्तान समाचार तथा समाचार भारती समाचार एजेंसियों के बारे में कोई विशिष्ट सुझाव नहीं है।

(ख) मामला विचाराधीन है।

श्री कृष्ण चन्द्र पांडे : इस सदन में कई बार इस सवाल को उठाया जा चुका है। समाचार भारती के मैनेजर और अन्य समाचार एजेंसियों के मैनेजर लोग श्रमजीवी पत्रकार लोगों को किस तरह से तंग करते हैं यह सर्व विदित है। जब चाहे उनको वे लोग निकाल देते हैं और उनकी कोई सुनवाई नहीं होती है। ऐसी अवस्था में मैं जानना चाहता हूँ कि कब तक यह निगम बना दिया जाएगा ?

श्रीमती नन्दिनी सतपथी : माननीय सदस्य ने समाचार भारती और हिन्दुस्तान समाचार के बारे में सवाल पूछा है। लेकिन यह सवाल पी. टी. आई और यू. एन. आई के बारे में है। उसके लिए मुझे एक बात कहनी है। ये जो न्यूज एजेंसियाँ हैं ये सब इंडिपेंडेंट एजेंसियाँ हैं। उनके ऊपर सरकार का ऐसा हाथ नहीं है कि सरकार यह कह सके कि तुम ऐसा करो या ऐसा न करो।

अध्यक्ष महोदय : आप दूसरा सवाल करना नहीं चाहते हैं ?

श्री अटल बिहारी वाजपेयी : पांडे जी को मालूम नहीं है कि वह दूसरा सवाल पूछ सकते हैं। अगर पता होता तो जरूर पूछते।

श्री राम सूरत प्रसाद : मन्त्री महोदय ने बताया है कि यह प्रश्न विचाराधीन है। मैं जानना चाहता हूँ कि इसको कब तक विचाराधीन रखा जाएगा ? कब तक इस पर अंतिम निर्णय ले लिया जाएगा ताकि लोगों का शीघ्र कल्याण हो सके।

श्रीमती नन्दिनी सतपथी : इस में से वह सवाल नहीं उठता है जो पहले माननीय सदस्य ने उठाया है। जहाँ तक पी. टी. आई. और यू. एन. आई. के लिए कारपोरेशन बनाने की बात है, इसके बारे में मैंने कहा है कि यह अंडर कंसिडरेशन है और हम जल्दी से जल्दी कोशिश करेंगे इसके लिए कुछ करने की।

श्री कृष्ण चन्द्र पांडे : मैं जानना चाहता हूँ कि यह जल्दी कब समाप्त होगी ? जल्दी की क्या कुछ सीमा बांधी गई है ? हर बार यही आश्वासन दिया जाता है कि जल्दी हो जाएगा। इस तरह से कैसे गाड़ी चलेगी ? जल्दी की कोई सीमा तो होनी चाहिये।

अध्यक्ष महोदय : अब आप बैठ जाइये। आपने मौका खो दिया है। बाद में खयाल आ गया आपको।

श्री हुकम चन्द कछवाय : खयाल दिलवाया गया है इनको।

SHRI S. M. BANERJEE : It appears from the statement of the hon Minister that the Government have still to agree to convert the PTI and other news agencies into a Corporation. I would like to know whether several irregularities, misappropriation and other charges have been brought to her notice. These have been brought against the PTI management and the management of Samachar Bharti. I want to know about this. If so, before this decision should be finally taken what steps have been taken by the Government to investigate into those charges ?

SHRIMATI NANDINI SATPATHY : Just now I don't have the information about the charges brought against PTI or UNI or any other news agency. But, as the hon Member has said some charges have been brought against these news agencies We are definitely looking into it to see what Government can do in the matter.

SHRI S. M. BANERJEE : We asked this in this very house when Mr. Gujral

was the Minister dealing with this Ministry. We referred to certain charges and discussed in Parliament then. Are all these washed away or expunged? We have been told that charges have been framed against the PTI management. Now the Minister says she has not received.

SHRIMATI NANDINI SATPATHY : I have not said I have not received. I said I do not have the information with me but if there are any charges definitely we will look into them and see what Government can do in the matter.

SHRI A.N. VIDYALANKAR : Is it not—fact that these are not independent because these agencies are controlled by the newspaper editors who are under the big industrialists?

SHRIMATI NANDINI SATPATHY : Yes, Sir. We know that some of the big newspapers are share-holders and directors in these news agencies.

SHRI ANANTRAO PATIL : May I know from the Minister whether it is a fact that the Members of the Board of Directors consisting of mainly the tycoons of the news-papers are only looking after the welfare of their papers and whether it is also a fact that the subscription of the PTI is prohibitive for small and medium news-papers?

MR. SPEAKER : You need not give information; you may just ask a question.

SHRIMATI NANDINI SATPATHY : I could not follow the second part.

SHRI ANANTRAO PATIL : I asked whether the subscription of PTI is prohibitive for small and medium news-papers.

SHRIMATI NANDINI SATPATHY : Just now I do not have information as to what is the subscription for small and medium news-papers.

SHRI R. K. SINHA : PTI and UNI have monopoly in the matters of news coverage and they don't give correct news. This vitiates the view of the people of the

country. I would like to know whether we could take immediate steps to convert them into independent Corporation controlled by eminent journalists etc. so that the people are fed with objective, reliable and correct news.

SHRIMATI NANDINI SATPATHY : This question of converting them into statutory corporation is under the consideration of the Government. That is what I said in the beginning. While taking this into consideration, we will certainly keep in mind the suggestion made by the hon. Member.

विश्व की मंडी में बड़े इंजीनियरिंग ठेके प्राप्त करने में भारतीय सार्वो की असफलता

*371. श्री प्रदल बिहारी बाजपेयी : क्या विदेश व्यापार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या इंजीनियरिंग निर्यात विकास परिषद् ने एक रिपोर्ट में उल्लेख किया है कि विश्व प्रतिस्पर्धा के कारण अधिकांश मामलों में भारतीय वाणिज्यिक फर्म बड़े इंजीनियरिंग ठेके प्राप्त करने की स्थिति में नहीं हैं ;

(ख) क्या उक्त परिषद् ने यह भी उल्लेख किया है कि विश्व की मंडियों में इंजीनियरिंग ठेके प्राप्त करने के लिये प्रतिस्पर्धा करने हेतु यह आवश्यक है कि इंजीनियरिंग संगठनों, सलाहकार विशेषज्ञों और राज्य व्यापार निगम में समन्वय हो ; और

(ग) यदि हाँ, तो इस बारे में सरकार की क्या प्रतिक्रिया है ?

विदेश व्यापार मंत्री (श्री एल. एन. सिन्हा) :
(क) से (ग) . एक विवरण सभा पटल पर रखा जाता है ।

विचारण

(क) जी नहीं। भारतीय निर्यात सदन, विश्व प्रतिस्पर्धा के बाद भी, विश्वव्यापी निविदाओं के लिए बोली देकर भारी मूल्य की बहुत सी संविदाएं और आघोपान्त (टर्न की) परियोजनाएं प्राप्त करने में सफल रहे हैं।

(ख) और (ग) . भारी मूल्य की संविदाओं और परियोजनाओं में भाग लेने के लिए पहली शर्त यह है कि निर्यात सदन तथा अनेक संगठनों, जैसे कि निर्माताओं, पूर्तिकर्ताओं इंजीनियरी-परामर्शको और सरकारी तथा गैर-सरकारी दोनों क्षेत्रों की वित्तीय संस्थाओं के बीच समन्वय हो और ऐसा होने के कारण भारी मूल्य की संविदाओं के प्रस्तावों पर शीघ्रतापूर्वक विचार किया जाता है और आवश्यक सुविधाएं उपलब्ध कराई जाती हैं।

श्री अटल बिहारी वाजपेयी : क्या मंत्री महोदय ने इंजीनियरिंग एक्सपोर्ट डेवलपमेंट कोसिल की रिपोर्ट पढ़ी है, जिस में यह कहा गया है कि हमें फिलिपाइन्स और सूडान में चीनी की मिलें खोलने के बारे में अवसर मिला था, लेकिन हम ने उसे खो दिया ? इसी तरह के और भी तथ्य उस रिपोर्ट में दिये गये हैं। क्या मंत्री महोदय ने वह रिपोर्ट नहीं देखी है ? अगर देखी है, तो विवरण के (क) में दिये गये "जी नहीं" का क्या मतलब है ?

श्री एल. एन. मिश्र : इस 'जी नहीं' का तात्पर्य उस रिपोर्ट से नहीं है माननीय सदस्य ने पूछा है कि क्या विश्व प्रतिस्पर्धा के कारण भारतीय वाणिज्यिक फर्म अधिकांश मामलों में बड़े इंजीनियरिंग ठेके प्राप्त करने की स्थिति में नहीं हैं। उस के जवाब में "नहीं" कहा गया है। हमारे इंजीनियरिंग गुड्स का एक्सपोर्ट

बढ़ रहा है और गवर्नमेंट इस सम्बन्ध में सब सुविधायें देती रही है। अगर इस में कुछ कठिनाइयां हैं, तो हम देखेंगे कि उस की खास वजह क्या है। माननीय सदस्य को यह जान कर खुशी होगी कि पहले हम 41 करोड़ के इंजीनियरिंग गुड्स का एक्सपोर्ट करते थे, जो कि अब बढ़ कर 115 करोड़ का हो गया है। माननीय सदस्य को यह जान कर भी खुशी होगी कि हमारे इंजीनियरिंग गुड्स जापान, जर्मनी, विलायत और अमरीका आदि देशों में भी जाते हैं। इस के अलावा हम कुछ जायंट वेन्चर्स भी कर रहे हैं, जिस में हम खास तौर से अफ्रीकी देशों और अन्य देशों में उन के साथ मिल कर बड़े बड़े कारखाने लगाना चाहते हैं।

श्री अटल बिहारी वाजपेयी : इंजीनियरिंग एक्सपोर्ट डेवलपमेंट कोसिल ने कहा है कि जो ग्लोबल टेंडर होते हैं, जो विश्व के पैमाने पर टेंडर मगाये जाते हैं, उन में छोटे छोटे उद्योग वाले प्रतियोगिता नहीं कर सकते, इस लिए इस के लिए एक कानसर्टम होना चाहिए, जिस में छोटे उद्योगों का भी प्रतिनिधित्व हो और जो विश्व की प्रतियोगिता में ठहर सकें। मैं यह जानना चाहता हू कि क्या सरकार ने इस मुद्दा पर विचार किया है।

श्री एल. एन. मिश्र : यह सही है कि काम्पटीशन, प्रतियोगिता, काफी है, खास तौर से टेक्नीकल नो-हाऊ और डिजाइन्स में। और पूंजी का भी अभाव है। हम इन तीनों समस्याओं को देख रहे हैं। इंजीनियरिंग एक्सपोर्ट प्रमोशन कोसिल के साथ बातचीत चल रही है कि आर्थिक - फ़िनांशल और टेक्नीकल एसिस्टेंस आदि क्या सुविधायें दी जायें, ताकि हम बाहर के देशों में कम्पिट कर सकें और वहाँ हमारा माल बेचा जा सके।

**Setting up of Public Agency at Calcutta
for Weighing and Measuring
Export Cargo**

*373. **SHRI INDRAJIT GUPTA :**
Will the Minister of FOREIGN TRADE be
pleased to state :

(a) whether the Calcutta Licensed Measures Organisation, which has been doing weighing and measuring export cargo such as tea and gunnies, has recently been closed down ;

(b) if so, the reasons for the closure and whether Government's prior approval was given ;

(c) whether such weighing and measuring operations are essential in the interests of the country's foreign trade ; and

(d) if so, whether Government have set up a suitable public agency to do this work ?

**THE MINISTER OF FOREIGN
TRADE (SHRI L. N. MISHRA) :** (a) to
(d). A statement is laid on the Table of
the House.

Statement

(a) and (c). Yes, Sir.

(b) and (d). Due to recurring losses incurred for the following reasons :—

- (i) Withdrawal of measurement of jute carpet backing cloth by the shipping companies ; and
- (ii) frequent cancellation of the firm's services by stevedores/steamer agents to facilitate expeditious loading of cargoes.

At a Tripartite meeting held by the Union Ministry of Labour, Employment and Rehabilitation held in May, 1971, a settlement for resuming the work of the organisation was arrived at under Section 12(3) of Industrial Dispute Act, 1947 which *inter alia* contained proposal for reorganisation including the staff.

SHRI INDRAJIT GUPTA : In reply to part (c) the answer given is yes, by which I understand that the Minister agrees that the weighing and measuring operations are essential in the interest of the country's foreign trade. If this is so, I want to know why the Government has not taken any steps to ensure that in all the major ports of our country some organisation is set up preferably in the public sector to ensure that proper weighing and measuring of export cargoes is done, instead of leaving it as in Calcutta, to some private agency ?

SHRI L. N. MISHRA : Private agencies are slowly disappearing and in Calcutta also it will disappear.

SHRI INDRAJIT GUPTA : I would like to know whether the Calcutta Licensed Measures Organisation is functioning as agents of the two chambers of commerce, Bengal Chamber of Commerce and Indian Chamber of Commerce and Government have nothing to do with it. I want to know whether it is a fact that exporters are not under any compulsion to have their cargo weighed and measured with the result that under-invoicing and over-invoicing is going on. I want to know what steps the Government is thinking of, to plug these loopholes. What steps are taken to see that these weighing and measuring operations are carried out by a public organisation at these ports ?

SHRI L. N. MISHRA : Under-invoicing and over-invoicing relates to Ministry of Finance. So far as the taking over of the cargo relating to foreign trade is concerned, we have got an organisation. But it had not been effectively functioning. We want to strengthen that organisation at all ports including Calcutta. At the moment it is in private hands and there have been lot of complaints against that.

SHRI ERASMO DE SEQUEIRA : Many of these export contracts specify that the final payment shall be made on the out-turn report not only at the Indian port but at the port of destination. Just now, the hon. Minister has said that he intends to have intensive checking at our port of embarkation. May I also ask him whether any arrangements are proposed whereby the outturn report at the port of destination

will also be supervised by the Indian weighing organisation ?

SHRI L. N. MISHRA : To begin with, we are having only pre-shipment checking or inspection. What the hon. Member has said is a suggestion, and if it is necessary, we shall into look it.

Tea chests lying in Warehouses of Calcutta Port Commission

***376. SHRI DASARATHA DEB :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government are aware that some 35,000 chests containing tea worth about Rs. 12 crores have been lying in the public warehouses of Calcutta Port Commission since January, 1971 ;

(b) whether Government have any plan to take over all private warehouses in Calcutta ;

(c) whether Government are considering a plan to guarantee the minimum quota of chests for the public warehouses ; and

(d) if so, the salient features of the plan ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) Consequent on the declaration of closure of Public Tea Warehouses in Calcutta by Messrs Balmer Lawrie and Co., on 19th January, 1971 a total of 3.80 lakhs Tea chests worth about Rs. 13.5 crores was locked up. Closure was however lifted from 30th April, 1971. The current stock of Tea in Public warehouses is reported to be about 2.3 lakhs chests.

(b) No, Sir.

(c) No, Sir.

(d) Does not arise.

SHRI DASARATHA DEB : In early February, the hon. Minister for Foreign Trade, Shri L. N. Mishra himself said that he was seized of the situation. How is it that even after four months, the matter has not been settled ? May I also know what

steps are being taken to improve the situation ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : The Balmer Lawrie Warehousing Corporation have decided to close down, and we want to take over, and we are in correspondence with the Ministry of Transport. The real problem is to take over all these people who were engaged in this warehousing organisation. We are impressing upon the Ministry of Transport that those who were working in this organisation should not have their services dispensed with but they should be provided with jobs, because they have got experience of the job and also because of the difficult situation in regard to getting experienced men in this field in Calcutta.

Changes in Administrative set-up of Government

***380. SHRI D. D. DESAI :** Will the Minister of HOME AFFAIRS be pleased to state the steps taken in pursuance of the Reports of the Administrative Reforms Commission in regard to speeding up the disposal of cases and the redressal of public grievances, making the administration more responsive to the people's needs and aspiration and for checking corruption ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : Government hope that the progressive implementation of the recommendations of the ARC will improve public administration, of which the quick disposal of cases, the redressal of public grievances and responsiveness to popular needs are important aspects. A major step in the direction of redressing public grievances and checking corruption was the introduction of a bill in Parliament to setting up the institution of Lokpal and Lokayuktas at the Centre. This bill was based on the decisions taken by the Government on the report of the Commission on 'Problems of redress of citizens' grievances.'

SHRI D. D. DESAI : Are Government aware that during the last two consecutive

years, there has been a shortfall in implementing the Plan targets? This has been the result of delays at Government level. What steps have been taken to see that things are expedited? In view of the increase in the Plan targets and Plan inputs, what sort of steps are being contemplated to see that the cases in hand are disposed of quickly?

SHRI RAM NIWAS MIRDHA : The shortfall in Plan expenditure, to which reference has been made by the hon. Member, is due to a variety of reasons. But so far as the delay in Government decisions is concerned, every effort is made to see that decisions are taken as expeditiously as possible. As I said earlier, the various recommendations of the ARC as contained in their reports would as a whole make the Government more efficient and would result in quick disposal of cases.

As regards the specific schemes that can be taken for quicker disposal of cases, it is very difficult to enumerate all of them. As a matter of fact, the whole process of Government, their procedures, their method of work, delegation of powers etc. are involved, about which there is always a continuous thinking. Efforts are made through various orders and practices to see that the disposal of cases and particularly where policy decisions are concerned, is expedited.

SHRI D. D. DESAI : Since Government have not proposed any reduction in expenditure in the budget, will Government consider reduction in time so that the work could be undertaken within half the time or within some sort of targetted time? Have Government anything of that kind in view, that is, reducing the total time for disposal of the outstanding cases by setting some sort of time-limit, whether it be three days or one week or fifteen days or something of that nature?

SHRI RAM NIWAS MIRDHA : There are procedures and certain procedures also contemplate some time-limit, whether it be for sanction of a licence or for disposal of a case at a particular level in the Secretariat. So, wherever possible, some time-limit is always laid down, and an

effort is made to see that cases are disposed of expeditiously, but where a lot of consultation between different Ministries is involved, it does take some time to dispose of cases, but there also inter-Ministerial committees have been set up and they sit together and discuss the important cases and try to expedite them instead of the file being sent round and long notings being made. What I mean to say is that this question of expeditious disposal of Government work is continuously under review and it is always before the Government how these procedures can be improved,

SHRI N. K. SINHA : The hon. Minister has referred to the institutions of Lok Pal and Lok Ayukt. What progress has been made in the States with regard to these institutions because the actual implementation of most of our Plans takes place in the States and I do not think that much progress is being made there?

SHRI RAM NIWAS MIRDHA : I am not aware of which States have taken steps for establishing institutions of this nature. But so far as our own Lok Pal and Lok Ayukt Bill is concerned, that Bill was passed by Lok Sabha and it was pending in the Rajya Sabha, but when the Lok Sabha was dissolved, that Bill lapsed. The Government propose to re-introduce the Bill at a suitable opportunity.

श्री अचल सिंह : क्या मंत्री महोदय बतायेगे कि ऐसा भी कोई फैसला उन्होंने किया है कि खर्च में कुछ कमी की जाय?

श्री राम निवास मिर्धा : खर्च में कमी करने की एक ऐसी समस्या है जो कि सरकार के समक्ष निरन्तर रहती है। जहाँ कहीं भी खर्च ज्यादा होता हो या फिजूल होता हो उस को कम करने की कोशिश की जाती है लेकिन सरकार की कार्यवाहियाँ और गतिविधियाँ इतनी बढ़ गई हैं कि ज्यादा खर्च कम करना सहज ही संभव प्रतीत नहीं होता।

श्री आर. बी. बड़ै : मैं मंत्री जी से यह पूछना चाहता हूँ कि प्रशासन सुधार आयोग की रिपोर्ट आए काफी साल हो गए और फाइलों में सिर्फ रेड फ्लेग और ग्रीन फ्लेग लगाने के और कुछ नहीं हुआ, तो यह रेड फ्लेग और ग्रीन फ्लेग लगाने के बाद भी अगर यह रेड टैपिज्म समाप्त नहीं होता है। तो जैसा कि प्रशासन सुधार आयोग ने कहा है कि पेन-लाइज करना चाहिए वैसा कुछ भी किया है क्या ?

श्री राम निवास मिर्धा : यह स्पष्ट नहीं है कि आयोग की किस सिफारिश की ओर सदस्य महोदय ध्यान आकर्षित कर रहे हैं।

श्री आर. बी. बड़ै : रेड टैपिज्म।

श्री राम निवास मिर्धा : जहाँ तक रेड टैपिज्म का प्रश्न है वह केवल एक सिफारिश, आदेश या कार्यवाही से खत्म होने वाली नहीं है। रेड टैपिज्म तो सारे ही सरकार की प्रक्रिया से और सारे ही काम करने के तरीके से संबंधित है जिस को सुधारने और जिस को सफल बनाने की हमेशा कोशिश की जाती है।

SHRI P. VENKATASUBBAIAH : Apart from normal administrative delays, the delay in responding to public grievances is due to delay in taking responsibility of decisions. Has Government come to any decision as to fixing up responsibility for implementing decisions at the Secretary level and so on ?

SHRI RAM NIWAS MIRDHA : He probably wants to know at what level the decisions or recommendations of the Commission are being implemented,

SHRI P. VENKATASUBBAIAH : No, fixing up responsibility on the officer concerned to implement decisions.

SHRI RAM NIWAS MIRDHA : In the governmental hierarchy, cases are disposed

of at various levels. Many cases do not go to the Secretary at all. I think it is a misconception some hon. members have that every case goes through the Secretary or Minister. That is not so. There is substantial delegation of power in regard to secretariat work; officers at various levels dispose of various cases. So it is not possible to say who is responsible for delay, but whoever is responsible to dispose of cases at a particular level is certainly responsible if there is delay.

Democratic set-up for Chandigarh Municipal Administration

*381. SHRI A. N. VIDYALANKAR : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have considered the desirability of introducing Municipal Administration on democratic lines in Chandigarh ; and

(b) if not, whether Government propose to introduce at least some democratic element in the Chandigarh Municipal Administration ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) and (b). It is not considered advisable at this stage to introduce an elected body to look after civic affairs in Chandigarh.

SHRI A. N. VIDYALANKAR : The Minister has not assigned any reason. Is it not advisable to listen to the representatives of enlightened people living in Chandigarh, instead of denying them participation in municipal administration ?

SHRI K. C. PANT : There is no question of having a municipal body in Chandigarh. One reason is that the status of Chandigarh as a Union Territory is itself a transitional arrangement. As the House knows, certain decisions have been taken with regard to the future of Chandigarh. The entire expenditure is borne by the Central Government. It comes to almost Rs. 100 per capita per annum for civic amenities. If there were to be a municipal body, it would have to levy municipal taxes ; otherwise, there is little point in having such a body if the Centre is to continue to bear all the expenses. As

matters stand, an assurance was given by the erstwhile Punjab Government that no municipal taxes would be imposed for a period of 25 years in the interest of the speedy development of the town. These are the main reasons which have prompted us to take this decision.

SHRI A. N. VIDYALANKAR : Does the Minister feel the time is ripe now to reconsider the whole position and revise the present status of Chandigarh so far as municipal administration is concerned.

SHRI K. C. PANT : The matter has also been gone into thrice, twice in the Home Minister's Advisory Committee and once in the Chief Commissioner's Advisory Committee. On all these occasions, the ultimate decision was not to proceed with it.

Closure of Tea gardens in Darjeeling area (West Bengal)

*382. **SHRI GADADHAR SAHA :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government are aware that a large number of tea gardens have been closed down in Darjeeling area, West Bengal ;

(b) if so, their number and the reasons therefor ; and

(c) whether Government are providing short-term capital to these tea gardens for reopening them ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) and (b). A Statement is laid on the Table of the House.

(c) There is no scheme under consideration for providing short-term capital to reopen the closed tea garden.

Statement

(a) and (b). Three tea gardens in Darjeeling were closed down during the 5 years

ending 1969. One tea garden was closed down due to uneconomic working ; another tea garden was requisitioned for defence purposes and the third garden which was closed down due to uneconomic working had been resumed by the West Bengal Government under the Estates Acquisition Act.

SHRI GADADHAR SAHA : Is it a fact that a large number of tea gardens have been closed in the Darjeeling hill area ? If so, what is the number, what are the causes for the closure and what remedial measures have been taken to reopen them ?

SHRI L. N. MISHRA : As I stated in the main answer, three gardens have been closed, the main reason in the case of two being uneconomic working and in the other case, it was taken over for defence purposes. There is no proposal at the moment to open any of them.

Per Capita Development expenditure in States during Fourth Plan

*378. **SHRI SHYAMNANDAN MISHRA :** Will the Minister of PLANNING be pleased to state :

(a) how would the per capita development expenditure in States vary during the Fourth Plan ; and

(b) the comparative figures during the earlier Plan periods ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) and (b). A statement indicating per capita plan outlays during the Fourth Plan period and comparative figures of per capita expenditure during the earlier periods, is laid on the Table of the House.

Statement

(In Rupees)

<i>All States average.</i>	39	51	91	20	20	21	119

SHRI SHYAMNANDAN MISHRA : After some steps had already been taken by the Planning Commission to help the weaker States, are there any other proposals for the same purpose? Earlier, it was decided that 10 per cent of the total that would be made available to the States would be for the weaker States? What is the position now? Is the Planning Commission thinking of any further measures in this direction?

SHRI MOHAN DHARIA : The NDC has taken this aspect into consideration. According to the decision taken in 1968, the pool from the Fourth Plan was provided for the requirements of Assam, Jammu and

Kashmir and Nagaland. As for the other States, some criteria have been laid down by the NDC; 60 per cent amount goes on the basis of population, 10 per cent goes on the basis of tax effort, 10 per cent for such States whose per capita average income is lower than the national average and 10 per cent for continuing schemes which are spill-over schemes. So this care has been taken. It is for the States to try to mobilise their own resources in their own areas.

SHRI SHYAMNANDAN MISHRA : Has any special request been made by the Government of Bihar for help in a special way?

SHRI MOHAN DHARIA : Requests are being made by all States, even those whose per capita average income is more than the national average. The question is, having regard to various problems of various States, to what extent the Central pool could be allocated. For this purpose, the criteria have been laid down after consulting all Chief Ministers. It is their decision. That is the only decision having regard to the present set up of the country.

WRITTEN ANSWERS TO QUESTIONS

Indo-Soviet agreement for exporting Coir Products to U.S.S.R.

***361. SHRI JYOTIRMOY BOSU :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether any agreement has been signed between India and Soviet Union recently for exporting coir products to the Soviet Union ;

(b) the salient points of the agreement ; and

(c) the steps Government are taking to increase the export of coir products to the Soviet Union ?

THE MINISTER OF FOREIGN TRADE (SHRI L.N. MISHRA) : (a) and (b). No agreement as such between Government of India and Government of USSR has been signed specifically for exporting coir products to the USSR. However, in the Long Term Trade Agreement signed between the two Governments in December 1970 "Coir Goods" is one of the items for export from India to USSR.

(c) Exports of coir goods to USSR have been progressing satisfactorily and there has been no need to adopt special measures for increasing exports of these goods to the USSR.

S.T.C. Units in States for Liaison with Exporters

***363. SHRI BISHWANATH JHUNJHUNWALA :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the State Trading Corporation has decided to set up units in the States to maintain liaison with the exporters of the States ;

(b) if so, when the scheme will be put into action ; and

(c) the share of various States for exports per year through the State Trading Corporation ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a) No, Sir.

(b) Does not arise.

(c) No shares have been fixed.

सरकार द्वारा विभिन्न वस्तुओं के आयात
और निर्यात व्यापार का अपने हाथ
में लिया जाना

*** 364. श्री ओंकार लाल बेरवा :** क्या विदेश व्यापार मंत्री यह बताने की कृपा करेंगे कि :

(क) उन वस्तुओं के क्या नाम हैं जिनका आयात और निर्यात व्यापार सरकार ने अब अपने हाथ में लिया है; और

(ख) वर्ष 1971-72 के दौरान सरकार का विचार किन वस्तुओं के आयात और निर्यात व्यापार को अपने अधिकार में लेने का है ?

विदेश व्यापार मंत्री (श्री एस. एन. मिश्र) :

(क) उन मर्चों की एक सूची सभा पटल पर रखी जाती है जिन का आयात तथा निर्यात

राज्य सभिकरतों के माध्यम से मार्गीकृत किया गया है। [प्रश्नसंख्या में रक्त हो गयी। देखिये संख्या LT-359/71]

(ख) नयी मर्दों के मार्गीकरण के विषय में विनिश्चय सामान्यतः प्रत्येक वर्ष की आयात व्यापार नियंत्रण नीति निर्धारित करते समय किये जाते हैं तथा उसके साथ घोषित किए जाते हैं।

**Alleged entry by Armed men in
Gurdwara Sisganj, Delhi**

***366. SHRI K. LAKKAPPA :
SHRI V. N. P. SINGH :**

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether 35 armed men forcibly entered into the Gurdwara Sisganj, Delhi on the 6th May, 1971 after overpowering the armed Sewadar at the gate ;

(b) if so, the facts of the case ; and

(c) what action has been taken by Government in this matter ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). According to the Delhi Administration, 41 persons including some women and a child locked themselves inside Gurdwara Sisganj on 6th May, 1971, after forcibly evicting the Sewadars from the Gurdwara. A case under the appropriate provisions of law was registered by the Police on the report of the Secretary of the then Gurdwara Prabandhak Committee, Delhi. The Police arrested them on 20th May, 1971 and produced them before a Magistrate. Action is being taken under the relevant provisions of the law.

Crisis in Cigarette Industry

***367. SHRI M. K. KRISHNAN :** Will the Minister of FOREIGN TRADE be

pleased to state :

(a) whether the U. K. Tobacco importers are enjoying special privileges due to the devaluation of the rupee ;

(b) whether Government are aware that Indian Cigarette Industry is facing a serious crisis due to the privileges enjoyed by the foreign tobacco importers ; and

(c) if so, the steps taken by the Government to save the industry ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). No, Sir.

(c) Does not arise.

**Demand for Indian ready-made Garments
in U.S.A. and Western European
Countries**

***372. SHRI N. SHIVAPPA :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Indian ready-made garments are very popular in the U.S.A. and in Western European countries ;

(b) if so, the amount of foreign exchange earned during the last year ; and

(c) the steps Government propose to take to popularise these garments in more countries and encourage for the expansion and modernisation of the Indian garments industry ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) Our garments are gaining popularity in USA and West European markets.

(b) Rs. 187.4 lakhs.

(c) Exhibitions, fairs and fashions shows are being arranged in foreign countries and due publicity is being given to promote exports. Most of the garments manufacturing units are in small-scale sector. Imports of machinery is being arranged on hire-purchase basis through National Small Industries Corporation. The

industry has been allowed the facility of import of special varieties of fabrics for use in making of garments for exports. The provision of manufacture-in-bond for exports would facilitate expanded export production.

**Fixation of rates of Government
Advertisements to News-papers**

*374. SHRI S. R. DAMANI : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) the policy followed for giving advertisements to news-papers and periodicals ;

(b) the criteria laid down for fixing rates ; and

(c) the machinery which reviews the rates from time to time and the extent of discretionary powers exercised by it in disposing of requests for enhanced rates ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : (a) A statement is laid on the Table of the House.

(b) News-papers/periodicals have full freedom to fix their own advertisement tariffs but the Director of Advertising and Visual Publicity makes use of only those news-papers/periodicals whose rates are found acceptable from the point of view of publicity requirements.

(c) Advertisement rates may be revised from time to time by the D.A.V.P. at the request of the publisher or otherwise, on the basis of a sizeable change in effective circulation.

Statement

The consideration kept in view while releasing advertisements to news-papers are to secure the widest possible coverage within the limited funds available by a judicious process of selection of news-papers and periodicals so as to reach the class of readership required to be catered for and the masses in different walks of life. Subject to

this general consideration, it is the policy of Government to make increasing use of medium and small news-papers for Government advertisement.

2. While selecting news-papers and periodicals for the release of Government advertisements the following factors are taken into account :—

- (i) Effective circulation (normally, papers having a paid circulation of below 1000 are not used) ;
- (ii) Regularity in publication (a period of six months of uninterrupted publication is essential) ;
- (iii) Class of readership ;
- (iv) Adherence to accepted standards of journalistic ethics ;
- (v) Other factors such as production standards, the language and areas intended to be covered within the available funds ; and
- (vi) Advertisements rates which are considered suitable and acceptable for Government publicity requirements.

3. Advertisements are withheld from such news-papers and periodicals which habitually indulge in virulent propaganda inciting communal passions or preaching violence, or offend socially accepted conventions of public decency and morals thus undermining the basic national interests. The political affiliation of a news-paper is, however, not taken into consideration while releasing advertisements.

**Allocation of Foreign Exchange
to Calcutta News-papers**

*375, SHRI DINESH JOARDER : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) the estimated amount of foreign exchange made available to the newspapers published from Calcutta separately during the last three years for the import of printing and composing machinery ; and

(b) whether Government are having any proposal to cut down the foreign exchange expenditure of the monopolistic news-papers in order to give encouragement the small news-papers so as to enable them to compete with the big news-papers ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : (a) A statement containing the requisite information is laid on the

Table of the House.

(b) Foreign exchange for import of equipment from abroad is granted to big newspapers including those belonging to the large common ownership units, only for the purpose of replacement of worn-out machinery and in order only to maintain and not to augment the productive capacity of the machinery which are to be replaced. Demand by Bihar Government for C. R. P. Battalions

*877 SHRI R. KADANAPALLI : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether in April, 1971 the Bihar Government had asked the Central Government for more Battalions of the C. R. P. for combating the activities of Naxalites in the State ; and

(b) if so, the steps taken by Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) and (b). No, Sir. However in April, 1971 the Bihar Government asked for two additional Battalions of C. R. P., in connection with their programme of imparting refresher training to their Armed Police to improve their professional efficiency.

The State Government have asked the Centre from time to time for the deputation of the C. R. P., Units in aid to civil power

and the C. R. P. force has been made available to the extent possible.

Memorandum by M. Ps. for formation of a separated state for Telangana

*379. SHRI M. M. JOSEPH : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether any memorandum was submitted to the Prime Minister by the Telangana Praja Samiti Members of Parliament urging immediate decision for the formation of a separate State for Telangana; and

(b) if so, the salient features thereof and the steps taken by Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) A deputation of Telangana Praja Samiti Members of Parliament met the Prime Minister but did not give any memorandum.

(b) Does not arise.

T. V. For States Bordering Pakistan

*383. SHRI P. K. DEO : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether Government propose to instal TV Stations in the Border States to counter Pakistan's slanderous TV propaganda ;

(b) if so, the decision taken by Government in this respect ; and

(c) the period likely to be taken in the implementation of the scheme ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : (a) to (c) . Of the TV stations in Pakistan the one whose programmes spill over into India is located at Lahore. Its programmes can be viewed in certain areas of Punjab and J&K. The question of setting up of TV Stations in the Punjab is under Government's consideration.

Revision of prices of Rayon Yarn and Woollen Fabrics

*384. SHRI H. M. PATEL : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have revised the price of rayon yarn and woollen fabrics ;

(b) if so, the reaction of the industry to the new prices : and

(c) whether the matter has been discussed by the representatives of the industry with Government and, if so, the results thereof ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) There is no statutory control on the prices of rayon yarn and woollen fabrics. Hence the question of revising the prices by Government does not arise.

(b) and (c). Do not arise.

Conference of Chief Ministers and Lieutenant Governors of North-Eastern States and Union Territories

*385. SHRI MUHAMMED SHERIFF : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether a Conference of the Chief Ministers and Lieutenant Governors of the North-Eastern States and the United Territories was held recently to discuss effective steps to co-ordinate their security arrangements and development programmes ; and

(b) if so, the main points discussed ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) and (b) . No such conference has been held. However, P.M. met the Governor of Assam and Nagaland and the Lt. Governors of Manipur and Tripura on 22nd November, 1970 to discuss matter connected with the north-eastern region in the context of the Government's decision to grant statehood to Manipur, Tripura and Meghalaya.

*386. SHRI SAMAR GUHA : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether Television and Documentary films of the refugees, coming from East Bengal after the out-break of freedom struggle, have been taken ; and

(b) if not, the reasons therefore ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : (a) Yes, Sir. TV news films on the subject were taken by the Delhi Television Centre. TV films were also obtained from the stringer cameraman stationed at Calcutta and from VISNEWS service.

Newsreel coverages are being made in the form of lead items in the weekly editions of Indian News Review released

by the Films Division since April 9, 1971. Films Division is now preparing a documentary film on the subject.

(b) Does not arise.

Satellite Channels to Strengthen Telecommunication net-work.

*387 SHRI TEJA SINGH SWAT-TANTRA : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether India will set up 77 Satellite Channels in 1971 to strengthen the telecommunication net-work ; and

(b) if so, the main features thereof ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) and (b). On the basis of traffic forecast, a total of 77 Satellite Channels will be required during 1971-72. However, taking into account the equipment available and already installed, it is expected that about 50 channels will be working by the end of 1971-72. Action is being taken for obtaining additional equipment for providing channels which may be required in excess of 50.

2. Since the commencement of operations through the Satellite Earth Station at Arvi with effect from the 26th February, 1971, 26 Satellite Channels have already been installed and are working with the following countries :

Australia	...	1
Bahrain	...	1
Japan	...	2
Kenya	...	1
Kuwait	...	1
Malaysia	...	1
Singapore	...	1
Switzerland	...	1
United Kingdom	...	12
U. S. A.	...	4
West Germany	...	1

The quality of telecommunication services, particularly telephone service, provided through the satellite telecommunication net-work is of a high standard and is available for all the twenty-four hours, at the existing rates.

Increase in Promotion Quota of I.A.S. officers from State Civil Services

*388. SHRI K. M. MADHUKAR : Will the PRIME MINISTER be pleased to state :

(a) whether Government are considering to increase the promotion quota of I. A. S. from 25 per cent to 50 per cent for the Officers belonging to the State Civil Services ; and

(b) if so, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). The Administrative Reforms Commission in its Report on Personnel Administration has recommended that in order to provide greater opportunities for the advancement of talented persons who are not already in Class I, the quota of vacancies in Class I to be filled by promotion may be increased upto a maximum of 40 per cent. This recommendation covers the Indian Administrative Service also. The recommendation is under examination.

Film Industry of West Bengal

*389. SHRI P. R. DAS MUNSI . Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether the condition of film industry in West Bengal is fast deteriorating and the number of films producing units is also decreasing ; and

(b) if so, the measures Government propose to take to save the film industry of West Bengal ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND

BROADCASTING (SHRIMATI NANDINI SATPATHY) : (a) The condition of the film industry in West Bengal has been deteriorating since independence as partition of the country deprived the film industry located in Calcutta of the sizeable market in East Pakistan. But since 1969-70, there has been no significant change in the number of film producing units.

(b) The State Government appointed a Film Enquiry Committee under Justice K. C. Sen in 1962 and another *ad hoc* Committee headed by Shri R. Gupta in 1966 to suggest ways and means to arrest the deterioration in the film industry in West Bengal. In June 1969, the State Government constituted a State Film Consultative Committee under the Chairmanship of Shri B.N. Sircar, to suggest methods for implementing the recommendations of the two previous committees. The Sircar committee has given a report suggesting various measures for improvement in the film industry in West Bengal. The report is now under consideration of the State Government.

Indo-U. A. R. Annual Trade Plan

*390. **SHRI T. S. LAKSHMANAN :**
SHRI C. CHITTIBABU :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) the items which India imports from the United Arab Republic under the Annual Trade plan, ending in June, 1971 ;

(b) whether the United Arab Republic has been asking for diversification of imports from that country ; and

(c) if so, the proposals made in this regard ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) India imports mainly raw cotton, rice and rock phosphate from the U. A. R. under the present Indo-UAR Trade Arrangements.

(b) Yes, Sir.

(c) The U. A. R. Government have been suggesting imports into India straight-away from the U.A.R. of additional items like television sets, refrigerators, air-conditioners etc., the import of which is banned. They have also offered crude oil but only for export after 1972.

E. C. A. F. E. Conference at Manila

1627. **SHRI NIHAR LASKAR :**
SHRI P. GANGADEB :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether India attended the conference of the Economic Commission for Asia and Far East held in Manila on the 20th April, 1971 ;

(b) whether India put forward proposals at the Conference ;

(c) If so, the number out of them which were accepted ; and

(d) what were the subjects discussed at the Conference and the decisions arrived at ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) to (d). A statement is laid on the Table of the House.

Statement

The 27th Annual Session of the Economic Commission for Asia and the Far East (ECAFE) was held at Manila (Philippines) from 20th to 30th April, 1971. The Indian Delegation to this meeting was led by the Minister of Foreign Trade. A copy of the Agenda adopted at the Session is laid on the Table of the House. [*Placed in Library. See. No LT-360/71*].

2. In pursuance of the directives of the Council of Ministers contained in the Kabul Declaration, attention was directed towards the need to carry forward the schemes for regional cooperation, and particularly, those relating to the Asian Clearing

Union and the Trade Expansion Programme through the adoption of suitable time-table for action. Efforts were also made to further the projects in other supporting fields, particularly export promotion, industrialisation, and transport and communications.

3. The main points urged by the Indian Delegation were the following :-

- (i) The imperative need to combine economic growth with social justice.
- (ii) The need to arrest the declining trend in intra-regional trade and to stimulate trade expansion between ECAFE developing countries through the early adoption of a mutually beneficial programme of trade expansion supplemented by other facilitation measures in accordance with the Kabul Declaration.
- (iii) Expeditious follow-up action on the recommendations of the Preparatory Committee for the establishment of an Asian Clearing Union.
- (iv) The need to evolve multi-national schemes for export credit reinsurance and export credit refinancing with the active involvement of the Asian Development Bank.
- (v) Strengthening and expansion of the scope of the ECAFE Trade Promotion Centre so as to enable it to function as (a) a co-ordinating unit for collection and dissemination of commercial information on a continuing basis and (b) as an effective promotional agency to assist and supplement export efforts of ECAFE developing countries. In particular, it was urged that the Centre should assist developing countries in this region to take the fullest advantage of the generalised scheme of preferences, avail of opportunities arising from untying of aid, and prepare for participation in any scheme for intra-regional trade expansion.

(vi) The need to give attention to the problem of increasing freight costs, and in this connection, to convene a meeting of the Working Party on Shipping and Ocean Freight Rates in 1971.

(vii) The need to give greater attention to commodity problems and in particular, the formulation of suitable commodity arrangements.

4. These suggestions of the the Indian Delegation have been fully reflected in the report of the Commission. The decisions arrived at the Session are incorporated in the Resolutions adopted by the Commission. A set of copies of the Resolutions adopted at the Manila Session has been placed in the Parliament Library.

5. An agreement to establish a Pepper Community was also signed by India, Indonesia and Malaysia at the time of this session in Manila.

उत्तर प्रदेश में पौड़ी गढ़वाल जिले का विकास

1630. श्री प्रताप सिंह नेगी : क्या योजना मंत्री गढ़वाल जिले को पिछड़ा क्षेत्र घोषित करने और वहां मद्य निषेध लागू करने के बारे में 14 अप्रैल, 1970 के अतारांकित प्रश्न संख्या 6255 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि उत्तर प्रदेश राज्य के पहाड़ी जिलों में सर्वाधिक पिछड़े पौड़ी गढ़वाल जिले के विकास के लिए केन्द्रीय सरकार द्वारा क्या कार्यवाही की गई है ?

योजना मन्त्रालय में राज्य मंत्री (श्री मोहन चारिया) : सभा पटल पर एक विवरण रख दिया गया है ।

विवरण

उत्तर प्रदेश के पौड़ी गढ़वाल जिले के विकास के लिए केन्द्रीय सरकार द्वारा की गई कार्रवाई निम्न प्रकार है :-

(1) पौड़ी गढ़वाल जिला उन 8 पहाड़ी जिलों में से एक है जिन्हें त्वरित विकास के लिए अपेक्षाकृत पिछड़ा घोषित किया गया है ।

इन पहाड़ी क्षेत्रों के विकास के लिए सतत प्रयास की आवश्यकता को ध्यान में रखते हुए चौथी योजना अवधि के दौरान राज्य की पंचवर्षीय योजना के लिए स्वीकृत समग्र केन्द्रीय सहायता के अन्तर्गत केन्द्रीय सहायता एक उच्चार सिद्धान्त के आधार पर दी जा रही है 50 प्रतिशत अनुदान के रूप में तथा 50 प्रतिशत ऋण के रूप में जब कि सामान्य सिद्धान्त के अनुसार 30 प्रतिशत सहायता अनुदान तथा 70 प्रतिशत ऋण के रूप में दी जाती है। साथ ही प्रत्येक वर्ष की वार्षिक योजना के अन्तर्गत

पहाड़ी क्षेत्र की योजना के लिए व्यय व्यवस्था की गई है अतः इसका व्यपवर्तन नहीं किया जायेगा।

राज्य की चौथी योजना में पहाड़ी क्षेत्र के लिए 65.05 करोड़ रुपये की व्यवस्था की गई जिसमें 6.94 करोड़ रुपये पौड़ी गढ़वाल जिले के लिए है। इस परिव्यय का विकास की मुख्य भदों के अनुसार ब्योरा तथा चौथी योजना के प्रथम दो वर्ष 1969—71 के व्यय की प्रगति यहाँ नीचे दर्शायी गई है -

पौड़ी गढ़वाल का परिव्यय तथा व्यय

(लाख रुपयों में)

विकास की मुख्य भद	चौथी योजना का परिव्यय	1969-70 का व्यय	1970-71 का प्रत्याशित व्यय
1. कृषि तथा सम्बद्ध कार्यक्रम	254.340	27.350	32.432
2. सहकारिता तथा सामुदायिक विकास	24.810	6 283	5.126
3. सिंचाई तथा बिजली	66 710	16.020	50.680
4. उद्योग तथा खनन	17.790	1 421	1.500
5. परिवहन तथा संचार	178.040	33.296	50.954
6. समाज सेवाएं	151.970	38.910	27.110
7. विविध	0.480	0.018	0.064
जोड़ :	694.140	123.298	167.866

(2) इस जिले को उन केन्द्र प्रयोजित स्कीमों से भी लाभ होगा जो चौथी पंचवर्षीय योजना के दौरान पिछड़े वर्गों के कल्याण के लिए कार्यान्वित की जा रही हैं :

(3) वित्तीय तथा ऋणदात्री संस्थाओं के नए मध्यम तथा छोटे उद्योगों के लिए रियायती बित्त प्राप्त करने हेतु पौड़ी गढ़वाल जिले का वयव एक पिछड़े जिले के रूप में किया गया है।

(4) राज्य सरकार को जा रही है कि वह प्राकृतिक संसाधनों के संरक्षण तथा विकास एवं अवस्थापना सम्बन्धी सुविधाएँ जुटाने के लिए पीड़ी गढ़वाल के लिए एक जिला योजना तैयार करे। इस हेतु एक निर्देश समिति के तत्वावधान में एक सचन सर्वेक्षण की बात पर विचार किया जा रहा है। इस समिति के अध्यक्ष योजना आयोग के एक सदस्य है तथा राज्य योजना एवं वित्त सचिव और राज्य कृषि आयुक्त, योजना आयोग के सलाहकार (उद्योग तथा खनिज) तथा सम्बन्धित सलाहकार (कार्यक्रम प्रशासन) सदस्य हैं।

(5) इस जिले को ग्राम बेरोजगारी के तूफानी कार्यक्रम से भी लाभ होगा जिसे सारे देश में 50 करोड़ रुपये प्रति वर्ष की व्यवस्था करके चलाया गया है।

(6) हाल ही में एक ग्राम बिजली करण निगम की स्थापना की गई है। यह निगम पीड़ी गढ़वाल जिले जैसे पिछड़े हुए क्षेत्रों में ग्राम बिजली करण कार्यक्रमों के लिए राज्य बिजली बोर्डों को रियायती शर्तों पर धन दे रहा है।

Exports of Cashewnuts

1631. SHRI K; LAKKAPPA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the progress made by Government to boost the export of Cashewnuts ;

(b) the foreign exchange earned as a result of the export of Cashewnuts during the last three years, year-wise; and

(c) what are Government's plan to increase the export of Cashewnuts ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI

A. C. GEORGE) : (a) and (c). For export of Cashew Kernels, we are mostly dependent on imported nuts. As a long term measure, therefore, the Ministry Food and Agriculture is taking steps to increase indigenous production. Simultaneously, we are trying to explore new markets for which various promotional measures, such as participation in Trade Fairs, sending out delegations and arranging special promotional measures, are being undertaken. The State Trading Corporation has also been asked to promote the exports of Cashew Kernels, specially to non-traditional markets,

(b) Exports of cashewnuts during 1968-69, 1969-70 and 1970-71 were of the order of Rs. 60.92 crores, Rs. 57.42 crores and Rs. 52.03 crores respectively bringing the net foreign exchange earning to Rs. 29.54 crores during 1968-69, Rs. 29.82 crores during 1969-70 and Rs. 22.78 crores during 1970-71.

नैनीताल में लगाये जाने वाले उच्च शक्ति वाले ट्रांसमीटर का अन्य स्थान पर लगाया जाना

1632. श्री नरेन्द्र सिंह बिष्ट : क्या सूचना और प्रसारण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उच्च शक्ति वाले ट्रांसमीटर को जिसे पहले नैनीताल के निकट लगाया जाना था अब किसी अन्य स्थान पर स्थापित किया जा रहा है; और

(ख) यदि हाँ, तो उस स्थान का क्या नाम है और इसके क्या कारण हैं ?

सूचना और प्रसारण मंत्रालय में उप-मंत्री (श्री धर्मवीर सिंह) : (क) और (ख). यह ट्रांसमीटर अब नजीबाबाद में लगाया जायेगा। तथापि, दो स्टूडियो अल्मोड़ा और पीड़ी में लगाए जायेंगे। ट्रांसमीटर लगाने के लिए नजीबाबाद का चयन कुमायूँ गढ़वाल प्रदेश के अधिक से अधिक क्षेत्र में प्रभावी ढंग से प्रसारण

करने की इसकी उपयोगिता की देखते हुए किया गया था।

**Non-Utilisation of Funds
allocated to Tripura**

1633. SHRI DASARATHA DEB ;
Will the Minister of HOME AFFAIRS be
pleased to state :

(a) whether the Government of Tripura
did not utilise the sum allocated for the
year 1970-71 under different head of develop-
ment ; and

(b) if so, the reasons for such savings ?

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS (SHRI
K. C. PANT) : (a) The Government of
Tripura have reported that the Plan Outlay
for 1970-71 could not be fully utilised under
several heads of development ;

(b) The information is being collected
from the Government of Tripura and will
be laid on the Table of the House as early
as possible

**Supply of Andaman Timber to Official
of Grih Mantralaya**

1634. SARI HUKAM CHAND
KACHWAI : Will the Minister of HOME
AFFAIRS be pleased to state :

(a) whether some superior type of
timber was supplied to some high officials
of the Grih Mantralaya by the Andamans
Administration ;

(b) whether the same was brought to
Delhi by train by a teacher who came as
as escort to school children for youth mela
held in Delhi in the year 1970;

(c) Whether the timber was offered to
the officials as gift or it was on payment
basis;

(d) whether similar type of timber is
available to general public in Andamans on
the same rate as was offered to above
officials; and

(e) if not, whether it attracts any action
under the Conduct Rules of Government
Servants ?

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS (SHRI
K. C. PANT) : (a) to (d). Small
amounts of wood were sold to two officers
of the Ministry of Home Affairs on pay-
ment at the rates it is available to the
general public in the Andmans. In one
case, the quantity of wood was 0.066 cu. m.,
costing Rs. 48 05. In the second case, the
quantity of wood sold was 0.083 cu. m. and
0.032 cu. m. at a total cost of Rs. 108.55 p.
The wood was sold in the month of
October, 1969. Payment was made by these
officers by cheque and the amounts were
adjusted in Government accounts. The
wood was brought to New Delhi by some
officials who were coming here. Neither
these officials nor the Government were put
to any loss or expenditure on this account.

(e) Does not arise.

**Effect of Speculative Activities on Jute
Industry**

1635. THRI TRIDIB CHAUDHURI ;
SHIRI IMDRAJIT GUPTA :

Will the Minister of FOREIGN TRADE
be pleased to state :

(a) whether there has been any spurt in
speculative activities in the raw Jute market
on account of the fall of jute exports from
East Pakistan after March 25, 1971 as a
result of disturbed conditions in that
country; and

(b) the steps taken by Government to
ensure that the interests of jute industry
in India may not be adversely affected by
these speculative activities ?

THE DEPUTY MINISTER IN THE
MINISTRY OF FOREIGN TRADE (SHRI
A. C. GEORGE) : (a) Yes, Sir. The prices
of raw jute have been fluctuating. The
price of the variety jute, commonly known
as Assam Bottom had risen from Rs. 148.70
per quintal on 25th March to Rs. 166.11 per
quintal on 17th April. The prices declined
there after the ranged between Rs. 151.38 to
Rs. 162.0 per quintal,

(b) Crop of jute and mesta in 1971-72 is expected to be very good. With increased availability during the next crop season, violent spurt in jute prices is not anticipated. Constant watch is being kept on prices and such measures as may be necessary will be taken from time to time.

Brain Drain to U.S.A.

1637. SHRI INDRAJIT GUPTA : Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state :

(a) whether the National Science Foundation of the United States of America in a report published recently has stated Indians account for 22 per cent of the total brain drain to the United States of America from developing countries ;

(b) whether the measures so far taken by Government to arrest the brain drain have proved ineffective ; and

(c) if so, further steps Government propose to take in this connection ?

THE MINISTER OF PLANNING, AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM) : (a) Yes, Sir.

(b) The Scientists' Pool Scheme has already helped over 3,000 persons to return and settle down in India. However, the increase in percentage of immigrants to the United States in recent years appears to be due to the new U.S. Immigration Act.

(c) Some of the measures already taken to facilitate the return of Indian Scientists, Engineers etc. are given in the Statement attached. In addition a proposal for creation of supernumerary posts for absorption of brilliant Indian Scientists in India, so that they may not have to go abroad for lack of employment opportunities in the country, is under consideration.

Statement

(A) The following steps have been taken to facilitate return of scientific and technical personnel to India :

(i) Creation of a Scientists' Pool to provide for temporary placement

of well-qualified Indian scientists and technologists returning from abroad.

(ii) Creation of supernumerary posts in approved scientific institutions to which temporary appointments can be made quickly from among the scientists working and studying abroad.

(iii) The Union Public Service Commission and most of the State Public Service Commissions have agreed to treat Indian scientists and technologists whose particulars appear in National Register as 'Personal Contact' candidates for all posts advertised by them. The Union Public Service Commission have also made arrangements for interviewing Indian scientists and technologists abroad for posts in India.

(iv) Maintenance of a Special Section of the National Register of Scientific and Technical Personnel for enrolment of Indian scientists and technologists abroad and for the circulation of their names to all Ministers, Departments of Government of India, State Governments, Union and State Public Service Commissions, Universities, Public Sector Industries and large private sector establishments. The names of such personnel are published in the monthly Technical Manpower Bulletin (CSIR) which is distributed free to about 3000 organisations all over India.

(v) Provision for payment of travel grant to scientists, who, on their selection for appointment in research institutions in India, undertake to serve those institutions for a minimum period of three years.

(B) Some of the measures taken to improve employment opportunities for scientists and engineers are given below :—

(1) Scientists are given merit promotion and advance increments under the Merit Promotion Scheme.

- (2) Merit of scientists from senior Scientific Assistant onwards to the level of Scientist 'C' (Rs. 700-1250) is assessed once in five years for promotion to the next higher post.

- (3) Fellowships are provided in the National Laboratories/Institutes and outside research institutions and Universities to encourage scientific talent in the the country.

- (4) Grant-in-aid to Scientists to carry out research.

Increased Central Assistance to West Bengal

1638. SHRI B. K. MODAK : Will Minister of PLANNING be pleased to state :

(a) whether the *per capita* plan outlay and the Central assistance for West Bengal during the Fourth Plan is the lowest of all the States of India ; and

(b) if so, whether in view of the growing unemployment and other economic problems of that State, Government are contemplating an increased allocation for West Bengal ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) West Bengal has the lowest *per capita* outlay for the Fourth Plan. Its *per capita* Central Assistance is, however, not the lowest in the country.

(b) Central assistance being pre-determined according to the formula accepted by the Committee of Chief Ministers set up by the National Development Council an increase in the size of the State's Plan would be dependent largely on the efforts of the State to marshal its own resources for financing the Plan programmes. The Central assistance for West Bengal during the Fourth Plan was estimated at Rs. 221 crores.

consisting of the following components :

	(Rs. crores)
(i) 60% on the basis of population	159.21
(ii) State Income (10%)	Nil
(iii) Tax effort (10%)	19.50
(iv) Irrigation and Power (10%)	6.44
(v) Special problems (10%)	35.85
	221.00

It may be observed from the above figures that West Bengal did not get any Central assistance under the criterion (ii) mentioned above of the *per capita* income of West Bengal was higher than the National average (Rs. 498 as against Rs. 422).

As an increase in the Plan outlay would depend on the State Governments' capacity to raise its own resources, the State Government has been enabled to channel its additional resources during the Fourth Plan for developmental purposes by providing a special accommodation of Rs. 73 crores to cover its pre-assessed non-Plan gap. In this context, it may be noted that the State's own resources during the Third Plan were Rs. 145 crore against which the State's resources during the Fourth Plan have been estimated at only Rs. 101.5 crores. If efforts are made to raise more State's resources, it may be possible to increase the Plan outlay of the State during the Fourth Plan period. It may be added that the Central Government have provided special assistance outside the Plan for the following schemes for West Bengal's accelerated development :

(i) Calcutta Metropolitan Development District Programme	Rs. 8 crores
(ii) Irrigation Projects (Kangsabati Rs. 2 crores and Minor Irrigation Projects Rs. 170 crores)	Rs. 3.70 crores

As the development of the State depends very much on the total investment made during any period of time, it may be mentioned that the investment in West Bengal of Central industrial projects during the Fourth Five Year Plan is estimated to be Rs. 112.2 crores. During the past 18 years (1951 to 1969) an amount of Rs. 466 crores had been invested in the State on Central Industrial Projects. This gives a *per capita* investment in Central Industrial Projects of Rs. 128 for West Bengal against the national average of only Rs. 57.

Over and above the above schemes, the following special projects to be financed entirely by the Centre have already been started in West Bengal which will have a favourable impact on the unemployment situation :

(i) *Small Farmers' Development Agency :*

Darjeeling, Hooghly and West Dinajpur have been selected under the above scheme with a provision of Rs. 1.5 crores per district during the Plan period.

(ii) *Rural Works Programme :*

One project covering the district of Purulia and another project covering certain areas of the two districts of Bankura and Midnapur have been selected with a provision of Rs. 1.5 crores for each project during the Plan period.

(iii) *Marginal Farmers' and Landless Labourers :*

Purulia and Bankura districts have been selected with a provision of Re. 1 crore per district.

(iv) *Provision of concessional finance by financial institutions :*

The district of Purulia, Darjeeling and Bankura have been selected for the scheme of providing concessional finance by financial institutions for starting new industries and expanding existing industries. The district of Purulia has been selected under the

scheme of providing 10% grant for the establishment of industrial units costing not more than Rs. 50 lakhs per unit.

(v) *Crash Programme for Rural Unemployment :*

The Crash Programme for solving rural unemployment has also been initiated in the State covering all the districts at the rate of Rs. 10 lakhs per year per district.

Survey Conducted by Allahabad University
Employment Information and Guidance
Bureau regarding Selection of IAS
Candidates

1639. SHRIMATI BIBHA GHOSH :
SHRI JAGDISH BHATTACHARYA :

Will the PRIME MINISTER be pleased to state :

(a) whether Government's attention has been drawn to the survey conducted by the Allahabad University Employment Information and Guidance Bureau stating that all the officers selected for I.A.S. had scored poor marks in General Knowledge ;

(b) if so, the main features of the survey made ; and

(c) the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) to (c). Government's attention has been drawn to the 'Determinants of I. A. S. Success Survey' conducted in 1969-70 by the University Employment, Information and Guidance Bureau of the University of Allahabad. The survey was undertaken to make a study of factors which are important determinants of success at the Indian Administrative Service examination. The Bureau addressed in all 92 officers, appointed to the Indian Administrative Service on the basis of the examination conducted by the Union Public Service Commission in the year 1968 and obtained a response from 60. The data thus collected was analysed with a view to enquiring into the family and educational background of the successful

candidates, the determinants of success at the competitive examination and the role of University education in this context. One of the conclusions drawn in this survey is that General Knowledge has a poor weightage in the examination but there is nothing disturbing about it.

Government are of the view that it would not be appropriate to draw any general conclusions from the limited data collected by the aforesaid Bureau in respect of only some of the successful candidates in one year's examination alone and that a more detailed study will have to be conducted to draw valid conclusions on the aspects covered by this survey.

Slow Progress of Work in C.S.I.R.

**1640. SHRI B.K. DASCHOWDHURY:
SHRI BISHWANATH JHUN-
JHUNWALA :**

Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state ;

(a) whether, due to constant change from the purview of one Ministry to another, the work in the Council of Scientific and Industrial Research has slowed down to a great extent ;

(b) since when meeting of the governing body of the Council of Scientific and Industrial Research or meeting of Directors of various Laboratories has not been held ; and

(c) the reaction of Government thereto ?

THE MINISTER OF PLANNING AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM) : (a). No, Sir. The Council of Scientific and Industrial Research (CSIR) functions as an autonomous organisation and its link with the administrative Ministry is only nominal.

(b) and (c). The Conference of Directors of the National Laboratories/Institutes was held on 4th-5th July, 1970 and the Governing Body of the CSIR last met on 24th July, 1970. Steps to hold the next meeting of the Governing Body of the CSIR are on hand. The possibility of holding the

Directors' Conference before the meeting of the Governing Body is also being explored.

Leave Travel Concession to Central Government Employees

1641. SHRI M RAM GOPAL REDDY:
Will the PRIME MINISTER be pleased to state : .

(a) whether a leave travel concession scheme is in force for the benefit of the Central Government employees ;

(b) if so, the main features and objectives of this scheme ; and

(c) how far those objectives have been achieved ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) to (c). A statement is attached.

Statement

The Leave Travel Concession Scheme was introduced on 11th October, 1956 for the benefit of the Central Government employees and its salient features are as follows :-

(a) All regular employees who have put in one year's service are entitled to the travel concession *once* in a block of two calendar years, commencing from 1956-57 for journeys to their home-town and back ;

(b) The concession is admissible not only to Government servants but also to their wives, legitimate and step children residing with and wholly dependent on them, but not to parents, sisters, brothers, etc.

(c) The concession is available only when the Government servant proceeds on regular leave for not less than 15 days and is not admissible to railway employees, members of Defence services and those who are eligible for any other form of travel concessions ;

(d) For the first 400 kms of outward and return journey, the actual fare has to be borne by the Government servant. In respect of Class IV Staff, they will have to bear the actual fare of the first 160 kms each way. For the rest of the distance the Government servant is to be reimbursed in full by Government, the actual fares of the class of accommodation to which he is entitled.

(e) Industrial and Work-charged Staff entitled to regular leave are also entitled to this concession with effect from the block (calendar) years 1960-61 ;

(f) The concession was extended for journeys between places connected by rail/ partly connected by rail and partly connected by road/steamer and not connected by rail. In respect of places not connected by rail, a Government servant may travel by steamer/air where an alternative means of travel is either not available or is more expensive. In such cases, he will bear the same proportion of cost as in the case of rail journeys and the extent of reimbursement would be what would have been admissible had he travelled by rail in the entitled class or 100% of actual expenses whichever is less. The same scale is applied for journeys by private car (whether the car belongs to Government servant or not) the cost of propulsion being borne by Government servant ;

(g) In case where the Government servant is unable to avail of the leave travel concession in a particular block he is allowed to carry it forward and avail of it in the first calendar year of the next block ;

(h) If the family of the Government servant remains at the home-town, the Government servant alone is eligible to avail of the Leave Travel Concession *once* a year ;

(i) Persons whose home-towns are within a distance of 160 Kms in the case of class IV staff and 400 Kms in the cases of others are not entitled to this concession.

The main objective behind the present Leave Travel Concession is to afford some financial assistance to Government servants coming from far off places to

enable them to maintain their domestic and social ties with their places of origin and also to give an all India character to the Central services. The fact that persons from all parts of the country join the Central Services which carry all India transfer liability and the fact that Central Government servants working at distant places from their home-towns do avail of the concession, establish that the scheme has gone a long way in achieving its objectives.

Per Capita Income and Expenditure and Gross National Product

1642. SHRI M. RAM GOPAL REDDY : Will the PRIME MINISTER be pleased to state :

(a) the *per capita* income and expenditure and Gross National Product of India as on 1948 and 1970 ; and

(b) whether any improvement has been noticed in this regard ?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRIMATI INDIRA GANDHI) : (a) The figures of *per capita* national income and gross national product for the years 1948 and 1970 are not available. The estimates for 1954-55 and 1969-70 prepared according to revised series at constant (1960-61) prices are given in the enclosed statement.

The estimates for *per capita* expenditure for the years 1948 and 1970 are also not available. The average *per capita* consumer expenditure of households according to National Sample Surveys (NSS) for the years 1954-55 (8th Round of NSS) and 1964-65 (19th Round of NSS) are given in the enclosed statement,

(b) The increase in *per capita* national income in 1969-70 over 1954-55 was 24 per cent at constant (1960-61) prices. The increase in *per capita* expenditure cannot be estimated from the NSS figures as they are based on current prices.

Extention of Indo-Japan Trade Agreement for Export of Iron ore

1648. **SHRI JYOTIRMOY BOSU :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government's attention has been drawn to a report in the Economic Times, Bombay in its issue dated the 27th April, 1971 entitled "Iron Ore Export : Minerals and Metals Trading Corporation faces mounting losses" ;

(b) if so, the reaction of Government thereto ;

(c) whether a move is about for the extension of the eight years' agreement with Japan for the export of iron ore ; and

(d) if so, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) As had already been pointed out on the 16th December, 1970, in reply to Unstarred Question No. 4896 by the Hon'ble Member, the main factor affecting the economics of iron ore exports is the

transport cost involved in the procurement of the ore from areas far away from the sea ports.

(c) and (d). The particular long-term contract referred to covers the exports of lumpy iron ore from Bailadila *viz* Visakhapatnam Port. Deliveries against this contract during 1970-71 constitute only about one-fourth of the total iron ore exports of about 12 million tonnes by the M. M. T. C.. This contract runs till April, 1980. Hence, the question of its extension does not arise at this stage.

Small and Medium Newspapers

1649. **SHRI JYOTIRMOY BOSU :** Will the Minister of INFORMATION AND BROADCASTING be pleased to refer to the reply given to Unstarred Question No. 72 on the 1st April, 1971 regarding monopolies in Newspapers Industry and state :

(a) the positive steps taken by Government during the last three years to foster the growth of small and medium newspapers ; and

(b) the outcome of the steps so far taken ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) and (b). A Statement is laid on the Table of the House setting out the steps taken so far by the Ministry to foster the growth of small and medium newspapers.

Statement

Government is fully alive to the danger of concentration of ownership in the newspaper industry which may result in regimentation of thought and opinion and is anxious to prevent such developments as far as practicable. Towards this end, the following steps have been taken :

(i) The Press Registrar makes an annual review of the ownership of newspapers and periodicals,

and studies the development of common ownership units and publishes them in a publication called "Press in India", so that the public may become aware of the facts relating to the ownership of newspapers.

- (ii) Under the Registration of Newspapers (Central) Rules, 1956 framed under the Press and Registration of Books Act, 1867, it is obligatory for newspapers to publish annually in the first issue after the last day of February information, *inter alia*, relating to the individuals who own the newspaper and partners or shareholders holding more than one per cent of the total share capital. Failure to comply with this statutory obligation is an offence under the Press and Registration of Books Act, 1867 which is punishable with fine which may extend to Rs. 500/-.
- (iii) Under the newsprint Allocation Policy, additional newsprint is not issued to a group or chain of newspapers for bringing out a fresh publication.
- (iv) On the recommendation of the Diwakar Committee, of the total annual foreign exchange made available for printing and composing machinery 50% is allotted to small newspapers (up to 15,000 circulation), 35% to medium newspapers (circulation 15,000—50,000) and only 15% is allotted to big newspapers (circulation over 50,000).
- (v) Government's advertisement policy aims at staggering and releasing advertisements to newspapers in suitable rotation in order to ensure the use of as many papers as possible so that papers with a big circulation do not get a large share of Government's advertisements. It is the policy of Government to make increasing use of small and medium newspapers, particularly

those published in Indian languages.

- (vi) With a view to obtaining first-hand and detailed factual information regarding the methods of unfair competition and/or restrictive practices, if any, adopted by the larger newspapers to suppress, weaken and eliminate the smaller ones about which there are often complaints, a sub-committee, set-up by the Press Council, invited specific information and instances by a letter addressed to newspapers and periodicals in all languages having a paid circulation of 5,000 copies and above. In reply, only ten dailies and four weeklies mentioned specific cases of what they considered restrictive practices indulged in by bigger papers. The Council is currently pursuing the enquiry by collecting further information regarding instances of restrictive practices.
- (vii) Government are considering the question of setting up a Newspaper Finance Corporation to give financial assistance to small and medium newspapers and not to big newspapers, to help the healthy growth of the former.
- (viii) (a) Government are of the view that but for the steps taken by the Government so far as growth of big chain newspapers would have been more than what it has been. It is not, however, possible to estimate the extent to which steps already taken by Government have been effective. Government believe that the best way to check the growth of big chain newspapers is to foster the growth of small and medium newspapers which are managed on healthy lines and follow an enlightened editorial policy keeping the national interests in view. Government are confident that the steps already taken and the further steps to be taken in the matter will effectively foster the growth

of small and medium newspapers and thereby check the growth of big chain newspapers.

- (viii) (b) As recommended by the Diwakar Committee on Small Newspapers, Government have started a slow speed news bulletin over the All India Radio which purveys important news; particularly for use by small and medium newspapers who, due to financial reasons, are not in a position to subscribe to the service of news agencies.

A departmental study of the ownership pattern of the companies publishing newspapers has been instituted by the Department of Company Affairs.

Crimes committed in Union Territories

1650. SHRI JYOTIRMOY BOSU : Will the Minister of HOME AFFAIRS be pleased to state :

THE DEPUTY MINISTER IN THE
MINISTRY OF INFORMATION AND,

BROADCASTING (SHRI DHARAM BIR SINHA) : (a) Gross Earnings for the period January to April, 1971 were of the order of Rs 1, 24, 63, 000.

(b) and (c). Commercial Service has so far been introduced at 18 Vividh Bharati centres. It will be extended to the remaining ten centres according to a phased programme. Market surveys for this purpose are being conducted. It is not possible at this stage to indicate the revenue which will be earned from these ten centres.

Steps to improve Competitiveness of Textile goods

1655. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) Whether export of Indian textile goods is yielding placed to Japan and Hong-Kong in the same area of competition;

(b) Whether Government have analysed the causes that have been impeding the growth of competitiveness of Indian textile goods in the foreign countries; and

(c) The steps proposed to be taken to improve the competitiveness of the Indian textile goods ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) and (c). Inadequate availability and high prices of domestic cotton coupled with high cost of conversion due to out-dated machinery in Textile Industry have affected adversely competitiveness in foreign markets. The steps taken include:—

- (i) Regulating stringently stocks, credit control and other trading facilities to arrest rise in prices of cotton.
- (ii) Arranging import of large quantity of foreign cotton.
- (iii) Allotment of foreign cotton to exporting mills.

(iv) Modernisation of exporting mills by arranging soft loans and allowing import of machinery.

(c) whether Government have envisaged setting up of an Atomic power plants which will be wholly indigenous; and

(d) The programme of setting up such plants in other states ?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRIMATI INDIRA GANDHI) :
(a) Yes, Sir.

(b) The Madras Atomic Power Station is being built entirely by our scientists and engineers and will have an indigenous content of about 80%. The station is based on design and engineering know-how acquired from Canada in connection with the Rajasthan Atomic Power Station.

(c) Efforts are continuing to increase the indigenous content of Nuclear Power Station.

(d) The Profile for development of Atomic Energy during the current decade envisages the addition by 1980 of 1700 MW installed nuclear power, apart from the stations currently under construction. New Nuclear power stations are proposed to be set up in North, west and south India. Their precise locations can be decided only after the site selection committee appointed by the Department submits its report.

Export of Engineering Goods

1658. **SHRI K. LAKKAPPA :**
SHRI MUKHTIAR SINGH
MALIK :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government propose to boost the export of Engineering goods during the year 1971-72 ;

(b) if so, the main features of the proposal ; and

(c) the extra foreign exchange likely to be earned as a result thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) to (c). Annual Plan for export of engineering goods for 1971-72 has been fixed at Rs. 165 crores as against actual export of Rs. 115.20 crores during 1970-71 which envisages an additional earning of Rs. 50 crores in foreign exchange.

Government have a number of continuing schemes to help exporters to increase production and their marketing capabilities. A statement of some of such schemes in force is attached.

Statement

SCHEME FOR BUILD UP OF EXPORT PRODUCTION AND EXPORT CAPABILITY

1. The Scheme to increase export production include—

(a) Provision of imported raw material to registered exporters under a replenishment licencing scheme.

(b) Supply of indigenous raw material like steel and aluminium on priority.

(c) A system of 'On Account' import licences to registered manufacturers/exporters, having a minimum export performance of Rs. 10/- lakhs or more during the year

1969-70 in respect of non-traditional goods. Alongwith this facility the facilities of advance and imprest licences enable securing of raw materials for export production.

(d) A provision of preferential treatment to export oriented units in the matter of licensing of expanded capacity, improvement in installed capacity and also for imports from preferred sources.

(e) The grant of licences to export oriented units for import of machinery required for expansion, modernisation, diversification of production facilities as well as for research and development, against specially allocated foreign exchange.

(f) Organising of bulk imports of certain raw materials by public sector agencies. The Industrial Raw Material Assistance Centre of STC and similar cells of other agencies nominated for bulk imports will enable registered exporters to obtain supplies off-the-shelf as and when they are required, on surrender of replenishment licence.

(g) Foreign collaboration in the case of export oriented units will be accorded special consideration. The existing agreements providing for restrictions on export franchise are expected to be suitably revised when due for renewal. Foreign collaboration in trading activities can also be considered on merits, if such collaboration is for export.

(h) A provision has been made for grant of import facilities to eligible merchandising export houses to facilitate production according to export needs.

(i) Units in the small scale sector who export more than 25% or more of their production are made eligible to receive allocation from free foreign exchange areas for their import needs.

(j) Recently established Trade Development Authority has been entrusted with the task of promoting export production and overseas marketing of certain selected commodities, in the first instance. This organisation has already undertaken valuable work in this direction.

2. For increasing export marketing capabilities important schemes in force are as under :—

(a) Compensatory support is allowed on exports of selected product to develop marketing competence and to neutralise the disadvantages inherent in the present stage of development of the economy.

(b) Trade agreements provide for export of non-traditional goods.

(c) Under a scheme of assistance from the M.D.F. financial assistance is provided to exporters for export activities like market surveys sales-teams, publicity, participation in exhibition and fairs etc. This assistance is given to recognised export houses and other approved organisations.

(d) Tax relief and concessions are provided on expenditure connect with exports like overseas publicity, foreign office(s) abroad, support of technical know-how and other services.

(e) Drawback of customs and Central Excise duties as also concessional railways freight is allowed on a number of export products.

(f) A scheme of registration of contracts insulates the registered exporters against disadvantageous changes in the pattern of assistance subsequent to their dates of contracts.

(g) Export finance is made available at a concessional rate of 7%. E.C.G.C. cover is available for different export requirements. The IDBI participates alongwith other approved commercial banks in the provision of deferred payment facilities.

3. Several priority industries have been selected and placed under export obligation. *Ad-hoc* obligations have also been placed on a number of units.

4. In process quality control has been introduced in several industries.

5. A wholly owned subsidiary of the State Trading Corporation has been set up

to specialise in exports of large ventures and turnkey projects by participating in global tenders in the field of :

(a) Railway systems—rolling stock, locomotives, track and signalling equipments ;

(b) Public utilities ;

(c) Castings and Forgings, ancillary equipment for big International manufacturing concerns such as Automobile Industry etc.

(d) Complete Industrial Plants and Projects.

Eradication of Poverty in India

1659. SHRI M. K. KRISHNAN :
SHRI MUHAMMED SHERIFF ;
SHRI B. N. REDDY :

Will the Minister of PLANNING be pleased to state :

(a) whether Government have made any study on the basic causes of growing poverty of the people in our country ;

(b) if so, the findings thereon ; and

(c) the steps being taken by Government to eradicate poverty in the country ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) and (b). Economic conditions in the country are under constant study of the Government. In the four year period from 1966-67 to 1969-70, the index number of *per capita* national product (1960-61=100) has risen from 100.5 to 110.8. This should indicate improvement in the economic condition of the country. The Government, however, recognise that, on account of vast disparities of income and wealth, large numbers do not share in the benefits of development. The Government, therefore, take the view that poverty has to be eradicated by vigorously pursuing both sustained growth and greater equality of income and wealth.

(c) The eradication of poverty is necessarily a long-term problem. The

Government are seeking a basic solution to this problem by promoting growth with social justice through appropriate development strategy, institutional charge and economic and social policies. Besides general policies, some measures directed specifically to the improvement of the lot of the poor have been initiated or thought out in recent years. Some of the important ones are listed below :—

1. special package schemes for small and marginal farmers and agricultural workers and programmes of animal husbandry to support their economy ;
2. crash programme for rural employment ;
3. encouragement to States for speedier enactment and implementation of land reform measures aimed at completing the abolition of intermediary rights, reducing rents, providing security of tenure, lowering ceilings, restricting exemptions and distributing the surplus land ;
4. attention to improvement of rural housing, allotment of building sites to landless workers, conferment of homestead rights and grant of assistance to building habitable dwellings ;
5. emphasis on the need to extend the new technology in agriculture to dry farming areas, other new areas and to new crops ;
6. administration of forestry schemes to benefit contiguous rural areas and forest labourers and dwellers ;
7. increased emphasis on welfare and development of backward classes and areas ;
8. nationalisation of banking, promotion of new financial institution, schemes and procedures and re-orientation of banking and credit policies to extend credit facilities

for productive purposes to classes and areas that have been neglected in the past ;

9. added emphasis on clearance and improvement of slums and rehabilitation of slum dwellers ;
10. redistributive taxation and pursuit of other socio-economic measures to reduce disparities ;
11. long-term programmes of rehabilitation and development on a viable basis of individual rural industries ;
12. vigorous promotion of family planning ;
13. the provision in the 1971-72 Budget for the benefit of the educated unemployed ;
14. encouragement of industrial activities in backward areas ; and
15. reappraisal of the Fourth Five Year Plan, to be undertaken shortly, to determine, among others, what further measures could be undertaken to benefit the poor.

Remarks by U.P.S.C. on Government failure to intimate vacancies in advance

1661. SHRI S. M. KRISHNA :
 SHRI P. GANGADEB:
 SHRI MUHAMMED SHERIFF:

Will the PRIME MINISTER be pleased to state :

(a) whether the Union Public Service Commission has criticised Government on its failure to inform in advance about the exact number of vacancies, to avoid delay on the part of the Union Public Service Commission in the declaration of results of the competitive examinations ;

(b) whether it has also pointed out certain other lapses ; and

(c) if so, the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) In their 20th Annual Report the Union Public Service Commission have observed that 'in spite of the instructions of the Ministry of Home Affairs in this behalf, which were reiterated in July 1967, March, 1969 and October, 1969, cases continue to occur where the Ministries / Departments do not intimate their requirements, even approximately for being notified for the information of prospective candidates', and that 'on certain occasions, even the declaration of the result had to be delayed owing to non-receipt of information regarding the exact number of the vacancies from some of the Ministries/Departments concerned.'

(b) Some of the more important observations of the Commission in this regard in the 20th Report, are—

(i) Competitive examinations should be held regularly, as failure to do so detracts from proper maintenance of the efficiency of the administration ;

- (ii) The recruitment pattern to the Services/posts should follow closely the methods prescribed in the Recruitment Rules. In certain cases there had been low intake of direct recruits, thus creating imbalance in cadre structure. In the case of Engineering Services, lower intake had affected adversely employment opportunities of Engineering Graduates.

(c) As observed by the Commission itself, instructions have already been issued from time to time in this matter. The attention of the Ministries/Departments is being drawn again to the observations of the Commission so that there is no repetition of such lapses in future.

Recovery of Chinese made Arms from Refugees coming from East Bengal

1662. SHRI S. M. KRISHNA
SHRI P. GANGADEB

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government are aware that Chinese made arms particularly revolvers and other type of arms have been recovered from the refugees crossing into India from East Bengal ;

(b) if so, the particulars thereof ; and

(c) what steps are being taken to see that Chinese arms do not go in the hands of bad elements in India and that no disorder is created in the country ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) to (c). The required information is being collected and will be laid on the Table of the Sabha.

Adequate vigilance is being exercised by Government over the sale, receipt and possession of illicit arms of local or foreign origin.

Disabilities suffered by P and T Employees participating in 1968 Strike

1663. SHRI S. M. BANERJEE : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether the P and T employees, who participated in the strike of 1968, are still suffering from some disabilities in the matter of promotions because of certain orders ; and

(b) if so, the steps taken by Government to remove the same ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) The disabilities in the matter of promotions of strikers were removed by the general orders issued by the Department of Personnel on 3-3-70. These orders have been made applicable in toto to P and T employees also.

(b) The question does not arise.

Changes in Structure and Functioning of Administrative Machinery

1664. SHRI P. GANGADEB : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the All India Confederation of Officers Association has welcomed and demanded immediate implementation of Government's proposal to accelerate changes in this structure and functioning of the administrative apparatus in order to expedite decision making delegation of powers and responsibilities and streamlining Financial procedure; and

(b) If so, Government's reaction there to ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) Yes, Sir.

(b) Government's policy as announced by the president in his address to Parliament on March 23, 1971 is to accelerate changes

in the structure and functioning of administrative apparatus, expedite decision making, ensure effective delegation of powers and responsibilities and streamline financial procedures. Every effort is being made by the Government to achieve these objectives as expeditiously as possible.

आकाशवाणी के हिन्दी समाचार सैक्शन

1665. श्री कृष्ण चन्द्र पान्डे : क्या सूचना और प्रसारण मंत्री यह बताने की कृपा करेंगे कि :

(क) आकाशवाणी के अंग्रेजी और हिन्दी समाचार सैक्शनों में क्रमशः उप-निदेशकों, सम्पादकों और सम्वाददाताओं की संख्या कितनी-कितनी है; और

(ख) हिन्दी सैक्शन को अंग्रेजी सैक्शन के समान स्थान देने के बारे में सरकार का क्या कार्यवाही करने का विचार है ?

सूचना और प्रसारण मंत्रालय में उप-मंत्री (श्री धर्मवीर सिंह) : (क) और (ख). एक विवरण सदन की मेज पर रख दिया गया है ।

विवरण

(क) समाचार सेवा प्रभाग की हिन्दी यूनिट में काम करने वाले सम्पादकीय कर्मचारी इस प्रकार हैं :—

समाचार सम्पादक	3
सहायक समाचार सम्पादक	8
उप सम्पादक	6
समाचार प्रवाचक-अनुवादक (स्केल : 235-530 रुपए)	8
अनुवादक (स्केल : 425-770 रुपए)	2

अनुवादक 5
(स्केल : 235-530 रुपए)

संवाददाता 2
(मुख्यालय)

रिपोर्टर 1
(प्रादेशिक बुलेटिन के लिए)

इस प्रकार की अंग्रेजी यूनिट कोई नहीं है। जनरल न्यूज रूम के सम्पादकीय कर्मचारी जो नीचे दिए गए हैं, अंग्रेजी तथा अन्य सभी भाषाओं सम्बन्धी कार्य करते हैं :—

मुख्य समाचार सम्पादक 1

समाचार सम्पादक 15

सहायक समाचार सम्पादक 34

सीनियर संवाददाता 2
(रिपोर्टिंग यूनिट में)

संवाददाता 7
(रिपोर्टिंग यूनिट में)

जनरल न्यूज रूम में कार्य करने वाले
उप सम्पादक 4

टिप्पणी :—किसी भी भाषा के लिए कोई अलग उप-निदेशक नहीं है, क्योंकि योजना बनाने और और देख रेख करने के स्तर पर कार्य का आवंटन कार्यात्मक आधार पर होता है, भाषा के आधार पर नहीं ।

(ख) क्योंकि इस प्रकार की कोई अंग्रेजी यूनिट नहीं है, इसलिए हिन्दी यूनिट की अंग्रेजी यूनिट के समान स्थान देने का प्रश्न नहीं उठता । हिन्दी यूनिट में सम्पादकीय कर्मचारियों की जो संख्या है वह सारा हिन्दी कार्य करने के लिए पर्याप्त है ।

समाचार भारती में वित्तीय अनियमितताएं

1666. श्री कृष्ण चन्द्र पाण्डे : क्या सूचना और प्रसारण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या समाचार भारती एक सहकारी न्यूज एजेंसी है और यदि हां, तो क्या सरकार को इस बात की जानकारी है कि इसके कार्य में कुछ वित्तीय अनियमितताएं पाई गई हैं;

(ख) यदि हां, तो मुख्य अनियमितताएं क्या हैं।

(ग) क्या अखिल भारतीय श्रमजीवी पत्रकार संघ ने मांग की है कि उक्त एजेंसी द्वारा की गई अनियमितताओं की जांच करने के लिए एक जांच समिति की स्थापना की जानी चाहिये; और

(घ) यदि हां, तो इस बारे में सरकार द्वारा क्या कार्यवाही की जा रही है ?

सूचना और प्रसारण मंत्रालय में उप-मंत्री (श्री धर्मवीर सिंह) : (क) से (घ). कम्पनी अधिनियम, 1956 की धारा 617 के अर्थान्तर्गत समाचार भारती लिमिटेड एक सरकारी कम्पनी है, क्योंकि इसके अधिकांश शेयर (राज्य) सरकारों द्वारा लिये हुए हैं लेकिन यह एक स्वतन्त्र समाचार एजेंसी है और इसके संचालन पर सरकार का कोई नियंत्रण नहीं है। सरकार को ऐसे अभ्यावेदन, जिनमें भारतीय श्रमजीवी पत्रकार संघ का अभ्यावेदन भी शामिल है, प्राप्त हुए हैं जिनमें वित्तीय अनियमितताओं का आरोप लगाया गया है और इसके मामलों की जांच करने का निवेदन किया गया है। कम्पनी कार्य विभाग (कम्पनी विधि बोर्ड) ने हाल ही में कम्पनी अधिनियम, 1956

की धारा 209 (4) के अन्तर्गत कम्पनी की लेखा पुस्तकों की जांच करवाई। कम्पनी अधिनियम के उल्लंघन के कुछ मामले तथा अन्य अनियमितताएं ध्यान में आई हैं और दिल्ली में कम्पनियों के रजिस्ट्रार को यह सलाह दी गई है कि वह कम्पनी के साथ इस मामले को उठाए।

प्रेस सूचना कार्यालय द्वारा समाचार पत्रों को वक्तव्यों, समाचारों आदि के अंग्रेजी तथा हिन्दी संस्करण दिया जाना

1667. श्री कृष्ण चन्द्र पाण्डे : क्या सूचना और प्रसारण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या प्रेस सूचना कार्यालय द्वारा समाचारपत्रों को भेजे जाने वाले वक्तव्य, समाचार आदि 90 प्रतिशत अंग्रेजी में होते हैं और 10 प्रतिशत हिन्दी में होते हैं; और

(ख) यदि हां, तो क्या सरकार का उक्त सामग्री को हिन्दी तथा अंग्रेजी दोनों भाषाओं में एक साथ भेजने का प्रबन्ध करने का विचार है ?

सूचना और प्रसारण मंत्रालय में उप-मंत्री (श्री धर्मवीर सिंह) : (क) जी, नहीं। अंग्रेजी में जारी किए जाने वाले सभी रिलीजों के 90 प्रतिशत रिलीज हिन्दी में भी जारी किए जाते हैं।

(ख) इन रिलीजों में से बहुत से रिलीज पहले ही साथ-साथ उपलब्ध किए जा रहे हैं और इनकी संख्या बढ़ाने के लिए निरन्तर प्रयत्न किये जा रहे हैं।

Mass fast by All India Radio Technical Employees

1671. **SHRI SHASHI BHUSHAN :** Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether the technical employees of All India Radio went on a mass fast on the 29th December, 1970 demanding implementation of the recommendations of the Betterment Committee ;

(b) if so, the main features of the recommendations of the Betterment Committee ; and

(c) the recommendations which have since been implemented and the reasons for those which have not so far been implemented ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) They staged a demonstration in front of the house of the former Minister of State.

(b) The recommendations of the Departmental Committee (referred to as Betterment Committee) broadly fall under the following two categories :-

- (i) Re-designation of posts and revision of recruitment rules.
 - (ii) Improvement of pay scales of technical employees of All India Radio.
- (c) (i) The recommendation to integrate and redesignate certain technical posts has been accepted and steps are under way to implement this decision in consultation with other Departments of Government of India.
- (ii) The question of improvement of pay scales will have to await the recommendations of the pay Commission.

Complaints regarding unhappy atmosphere created by Hippies

1672. **SHRI N. SHIVAPPA :** Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have received complaints regarding the unhappy atmosphere created by the Hippies in the Capital and in other important cities ; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a). No, Sir.

(b) Does not arise.

Meeting of High Power Review Committee on Telangana

1673. **SHRI P. VENKATASUBBAIAH :** Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the High Power Review Committee on Telangana had met recently under the Chairmanship of the Prime Minister ;

(b) whether any report has been submitted by the Andhra Pradesh Government with regard to the progress made in accordance with 8-point Development Programme suggested by the Prime Minister ; and

(c) whether any decision has been taken with regard to the integration of service of both the regions ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). At the last Review meeting held on 11th May 1971, the implementation of the eight-point programme was reviewed in the light of the information furnished by the Andhra Pradesh Government. The progress made in the integration of services is given in the statement laid on the Table of the House in reply to Unstarred Question No. 1072 on 2-6-1971. The State Government have been advised to expedite action on the pending cases.

Use of Regional Languages as Media for U.P.S.C. Examinations

1674. SHRI P. VENKATASUBBAIAH : Will the PRIME MINISTER be pleased to state :

(a) whether the decision of Government to allow the use of regional languages besides English as the media for Union Public Service Commission examinations is being implemented by the Union Public Service Commission ; and

(b) if not, when this decision will be implemented ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). A beginning in the use of regional languages was made in 1969, when candidates appearing at the Combined Competitive Examination for recruitment to the Indian Administrative Service etc. were given the option to write their answers in two of the compulsory subjects—Essay and General Knowledge—in any of the languages mentioned in the Eighth Schedule to the Constitution, besides English.

Further, Hindi has been permitted as an alternative medium, besides English, for writing the Essay and General Knowledge papers at the Assistants' Grade Examination conducted since 1964 ; also at the Stenographers' Examination to be conducted in 1971 the candidates will have the option to answer the General Knowledge paper and to take shorthand tests, either in Hindi or in English.

The question of extending the option to use the regional languages to other subjects in the Combined Competitive Examination for recruitment to the Indian Administrative Service etc. and to other examinations is under consideration in the light of the experience gained.

Procurement of Pakistani Raw Jute

1675. SHRI INDRAJIT GUPTA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether some Indian jute mill-owners and traders have been procuring Pakistani raw jute from across the border in the chaotic situation prevailing since the Bangla Desh events began ;

(b) if so, whether Government propose to make arrangements to purchase directly, available stocks, from the Bangla Desh jute growers ;

(c) whether Indian cultivators are being asked to step up sowing of jute acreage by 25 per cent over last year's level ;

(d) whether there is likely to be a glut of raw jute next season, leading to fall in prices for the growers ; and

(e) if so, Government's reaction in the matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) It has come to the notice of the Government that some Jute Mills have been purchasing jute coming from East Bengal through their own purchasing agents at various points on the borders.

(b) No, Sir. The State Trading Corporation is in constant touch with Industry regarding this matter.

(c) Vigorous efforts are being made for increasing raw jute production by expansion of area and improving yields per hectare.

(d) No, Sir. In view of the present situation in East Bengal the production of jute goods in India is being increased and this will require total domestic production of raw jute and mesta.

(e) Does not arise.

Boosting Indian Jute Exports

1676. SHRI INDRAJIT GUPTA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether competition of Pakistani Jute Manufactures with the Indian Jute

goods in the overseas markets has considerably diminished due to the recent events in Bangla Desh ;

(b) whether Pakistani output of both jute goods and raw jute has been drastically affected by the war situation there ; and

(c) if so, the steps being taken to utilise this opportunity to boost Indian Jute exports abroad ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). Yes, Sir.

(c) The Ministry of Agriculture in consultation with the State Governments concerned have taken steps to increase the production of jute and mesta in 1971-72. As regards the jute goods, the industry has also planned increased production from a monthly average of 90,000 tonnes to 110,000 tonnes.

(a) whether the State Trading Corporation has been successful in organizing export sales of small entrepreneurs and self-employed persons ;

(b) the nature and manner of assistance actually offered ;

(c) in how many cases they have helped and what are the items exported ; and

(d) how much profit the State Trading Corporation is making on such deals ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) The Corporation is assisting them on the following lines :

(i) exploring possibilities of exporting their products to various countries ;

(ii) helping them with credit facilities ;

(iii) helping them in product development and arranging attractive packing ;

(iv) assisting them in the matter of shipping ; and

(v) helping them in marketing their products abroad.

(c) The Corporation is assisting a large number of entrepreneurs and self-

employed persons in exporting their products.
The items exported are as follows :

Fresh fruits, vegetables, drugs and pharmaceuticals, sanitary bath room fittings, duplicators, cycle parts, human hair products, tea chests, cotton wool, fountain pens, punching machines, pressure machines, pressure stoves, spectacle frames, sports goods, leather footwear, footwear components, leather and leather goods, woolen and mixed knitwear, woolen rumals and shawls etc.

(d) The Corporation charges a nominal service charge depending upon a number of factors like international prices and internal costs.

Free trade zone in Haldia Port Area

1679. SHRI DINESH JOARDER : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have any plan to develop Haldia area in West Bengal as a free trade zone; and

(b) if so, what economic benefit are expected from this measure ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). Suggestions have been received by Government for the setting up of Free Trade Zones at various ports including Haldia. Government consider that it might be advantageous to watch the progress of the Free Trade Zone at Kandla for some more time before setting up other Free Trade Zones.

Airconditioned warehouses for Rubber Stocks

1680. SHRI A. K. GOPALAN : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government will build air conditioned warehouses for keeping rubber stock for more than two years ; and

(b) if so, the main features of the scheme ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). The Rubber Board has been asked recently to submit a detailed scheme for having the scientific warehouses for storing rubber.

Setting up of new post Offices in Tripura

1681. SHRI DASARATHA DEB : Will the Minister of COMMUNICATIONS be pleased to state :

(a) the number of petitions waiting for consideration for starting new post offices in Tripura ;

(b) whether with heavy influx of Displaced Persons in Tripura, extension of Postal Services in rural areas of Tripura has become long over due ; and

(c) if so, the steps proposed to be taken in the matter ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) As on 31-5-71, twenty representations are pending consideration for opening of new post offices in Tripura. Of these, 13 are for opening of extra departmental branch post offices and 2 for departmental sub post offices.

(b) and (c). No proposal has so far been received from any quarter for extension of postal facilities in Tripura due to heavy influx of displaced persons.

Separate P & T Circle for Tripura

1682. SHRI DASARATHA DEB : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether due to absence of easy communications, it has become difficult for the Post and Telegraphs Department, Tripura to function under the Assam Circle with the Head-Quarter at Shillong ; and

(b) if so, whether Government propose to start a separate Circle for Tripura ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) No, Sir.

(b) Does not arise.

Increase in charges for Telephone Holders in Tripura

1683. SHRI DASARATHA DEB : Will the Minister of COMMUNICATIONS be pleased to state :

(a) the annual rental and other charges fixed for Telephone holders in Tripura ;

(b) whether the charges have been increased recently ; and

(c) if so, whether Government propose to bring it down to former rate ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) :

(a) Rentals and call charges of telephone connections depend upon whether the exchange falls under the category of Measured Rate System or Flat Rate System. There are no charges fixed exclusively for Tripura and only a uniform rate is applied for all measured rate exchanges other than Calcutta, Bombay, Delhi and Madras *i. e.* Rs. 300/- per annum within the "local area". In such systems 150 local calls in a quarter are allowed free of charge, next 600 calls charged at 15 P. per call and thereafter at 20 P. per call. In respect of flat rate exchanges providing 24 hours service, a rental of Rs. 340/- per annum is charged and for local calls in such systems no separate charge is leviable.

(b) and (c). The rentals for telephones were last revised in 1969 and they are still current. However, in this year's budget proposals it has been proposed to increase the flat rate rental from Rs. 340/- per annum to Rs. 400/- per annum and the measured rate rental in each system of less than 10,000 lines equipped capacity, from 300 per annum to 320/- per annum.

Telephone Service with Foreign Countries via Satellite

1698. SHRI R. KADANAPALLI : Will the Minister of COMMUNICATIONS

be pleased to state :

(a) the names of countries with which India has a direct telephone service via satellite upto May, 1971 ; and

(b) the names of countries under consideration with which India is going to have the same service in future ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Australia, Bahrain, Japan, Kenya, Kuwait Malaysia, Singapore, Switzerland, UK, USA and West Germany.

(b) the countries which are being considered are :—

Belgium, Canada, France, Indonesia, Italy, Hongkong, Lebanon and Thailand. Four countries out of these eight will be selected depending on co-ordination and traffic demands.

Recommendations by U. P. S. C. Regarding Emoluments and Service Conditions of its Members

1685. SHRI R. KADANAPALLI : Will the PRIME MINISTER be pleased to state :

(a) Whether the Union Public Service Commission had complained to the centre against the non-acceptance of its recommendations regarding emoluments and service conditions of its members;

(b) if so, what were the recommendations; and

(c) The reasons for non-acceptance of the recommendations ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) Yes, Sir.

(b) and (c) . The recommendations made by the commission were :—

- (i) The emoluments of the Chairman and the Members of the Commission should appropriately be placed on par with those of Chief Justice and Judges of a High Court respectively and such parity should be maintained in assigning positions in the Warrant of Precedence also.
- (ii) Pension should be admissible to all 'non-official' members and should not be restricted only to those who have completed three years of service as members; and additional pension should be allowed to 'official' members for the service rendered as such in the Commission as in the case of Judges of the High Court and Comptroller and Auditor General of India.
- (iii) The condition of service of Members of the Commission should be regulated by suitable Parliamentary legislation instead of through the regulation-making procedure.

The recommendations were carefully considered but Government were not able to accept them for the following reasons—

Emoluments : The Chairman of the U. P. S. C. is entitled to a pay of Rs. 3,500 and the other members to a pay of Rs. 3,000 per month. Besides, an officer of the Indian Civil Service or an officer who at the date of his appointment to the Commission is in the service of the Government of India and is entitled, under the rules applicable to him immediately before his appointment, to receive pay at pre-1931 rates, is entitled in addition to a personal pay of Rs. 500 per month on appointment to the Commission. In view of financial stringency it is the general policy of Government to avoid, as far as possible, upward revisions of higher salaries, and it was therefore decided that the question of enhancement of the salaries of the Chairman

and Members of the Commission need not be taken up for the time being.

Pension : A member of the Commission who at the date of his appointment as such was not in the service of the Central or a State Government, a local body or any other body wholly or substantially owned or controlled by Government is entitled to, on his ceasing to hold office as such member to pension at the following rates, namely :—

- (i) In the case of the Chairman Rs. 6,600 per annum if he has completed six years of service; and
- (ii) In the case of a member Rs. 6,000 per annum if he has completed six years of service.

Entitlement to pension is subject to the condition that the member concerned should have completed not less than three years of service for pension as such member and that where the service rendered is for a period of three years or more but less than six years the amount of pension shall be determined in accordance with the formula, namely, that completed years of service for pension shall be multiplied by the amount of the maximum pension admissible and shall be divided by six.

The commission's suggestions for removal of minimum qualifying service of three years for non-official members and for grant of additional pension to official members could not be accepted in view of the principles applicable to the grant of pensions in general and other relevant considerations relating to conditions of service in the commission as compared to the conditions in other bodies.

Regulation of Conditions of Service by Parliamentary Legislation Instead of Through Regulation Making Procedure : Article 318 of the Constitution empowers the President to make regulations as to the conditions of service of Members of the Commission. The U.P.S.C. (Members) Regulations, 1969, were accordingly notified on October 11, 1969.

Firing on Deputy Superintendent of Railway Police, Howrah

1686. **SHRI R. KADANAPALLI :**
SHRI P. K. DEO :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether any arrests were made in connection with firing on the Deputy Superintendent of Railway Police, Howrah on the 10th April, 1971; and

(b) if so, the action taken by Government against the culprits ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) and (b). The Government of West Bengal have intimated that four persons have been arrested and investigation of the case is in progress.

Conversions to Christianity

1687. **SHRI G. Y. KRISHNAN :** Will the Minister of HOME AFFAIRS be pleased to state the number of Adivasis, Scheduled Castes and Scheduled Tribes State-wise converted into Christianity during 1970 ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : The information is not readily available. While, at the census, information has been collected in regard to the members of the Scheduled Tribes, who are Christians, informations has not been collected regarding conversions in 1970 of members of Scheduled Castes or Tribes as Christians.

Report of Netaji Enquiry Commission

1688. **SHRI M. M. JOSEPH :** Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the enquiry has been completed by the Netaji Enquiry Commission ;

(b) if so, the findings thereof ; and

(c) if not, the time by which it is likely to be completed and the report laid on the Table of the House ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) No, Sir.

(b) Does not arise.

(c) The tenure of the Commission is being extended upto the 31st December, 1971 and the Commission is expected to complete its inquiry and make its report by that date.

Celling on Quota Licences to Importers

1689. **SHRI M. M. JOSEPH :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether recently any ceiling was fixed on quota licences to importers in the country; and

(b) if so, what is the ceiling ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) A ceiling of Rs. four lakhs has been fixed for a quota licence to be issued to an established importer for the period April 1971-March, 1972. This restriction does not however, apply to quota licences in respect of books, drugs and medicines and rubber contraceptives.

Foreign Trips by Chairman of S.T.C.

1690. **SHRI D.D. DESAI :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) the number of foreign trips made by Shri P.L. Tandon, Chairman, State Trading Corporation, during 1970, names of the countries visited, purpose for which visits were made and cost to Government including air-fair and foreign exchange involved ; and

(b) the benefits that accrued from these trips in terms of export business ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) During 1970, Shri P.L. Tandon, Chairman of the State Trading Corporation, made one private visit abroad and one official trip connected with S.T.C.'s export business. During the latter trip he visited Kenya, Tanzania, Zambia, Malawi, Uganda, Congo, Nigeria, France, the Federal Republic of Germany, Belgium, Holland, the U.K. and the U.S.S.R. The purpose of the visit to these countries was to study their economies and the present and future role of their State trading institutions with a view to evolving an operational strategy for STC and its foreign offices. The cost of the trip was Rs. 25,364/- made up of air fare amounting to Rs. 16,409/- and foreign exchange expenditure of Rs. 8,954.90.

(b) This trip resulted in the building up of direct contacts with buying agencies in the countries visited, which are expected to help in building up exports of Indian goods to those countries.

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). The entire matter is being inquired into by a Committee set up for the purpose.

Decline in export of Oilcake

1696. SHRI P. K. DEO : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the attention of Government has been invited to a report in the Economic Times of 9th April, 1971 regarding export of oilcake ;

(b) if so, whether country is losing foreign exchange as a result of decline in the quantum of oilcake exports ; and

(c) if so, what is the amount of loss ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) and (c). The Indian shipper has been facing great difficulty in booking export orders for U. K. and Western Europe because of high freight rate and frequent changes in the rate. The matter was taken up with the India U. K. Conference Lines. So far no final decision has been taken. The Government is fully conscious of the problem and the matter is receiving urgent consideration.

Posting of husband and wife at one station

during the years 1967-68, 1968-69, and 1969-70 :-

(Figures in Rs. lakhs)

1697. SHRIMATI MUKUL BANERJEE : Will the PRIME MINISTER be pleased to state whether Government have issued orders or instructions that in cases where the husband and wife are Central Government employees, both of them should, as far as practicable, posted in the same town ?

1967-68 1968-69 1969-70

1. U.K.	10.2	14.6	18.4
2. Belgium	11.1	11.97	12.7
3. U.S.A.	2.2	3.1	5.6
4. U.A.R.	2.2	3.1	2.9
5. Australia	9.8	11.5	12.3

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : No, Sir. Each case is decided on merits by the competent authorities keeping in view the administrative requirements.

Branches of Tea Board opened Aboard

1698. SHRI JAGADISH BHATTACHARYA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the total number of Marketing Development Officers stationed abroad, for opening Tea Board branches ;

(b) the names of countries where they are stationed ;

(c) the total expenses incurred for opening these branches ; and

(d) the net result of this export promotion of tea in 1969-1970 ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). There are five Directors of Tea Promotion stationed in United Kingdom, Belgium, U. S. A., U.A.R. and Australia entrusted with undertaking promotion of Indian tea.

(c) The following expenditure was incurred on the functioning of these five offices of the Director of Tea Promotion

(d) It is difficult to assess the effectiveness of export promotion in terms of export figures in-as-much as exports in a given year fluctuate due to variation in imports resulting from normal economic process of stocking and destocking and also other short term market conditions like production and supplies from other countries. However, as a result of promotion undertaken by Tea Board's five overseas offices, increasing awareness about the quality of Indian Tea was noticed during 1969-70 among foreign packers and tea distributors which led to the marketing of a number of pure and predominantly Indian tea blends. In U. A. R. Indian tea in consumer packets were imported for the first time in November, 1969. Consequent on their decision to increase the percentage of Indian tea from 45% to 75% in the blend Messrs. J. Lyons and Company redesigned and renamed their established 'Quick Brew' as 'Quick Brew Indian Blend' in U. K. in December, 1969. Similarly in U. S. A. two reputed firms of food distributors marketed a pack of hundred percent Indian tea bags and a brand of Instant tea manufactured and exported from India. Sales of a number of pure Indian packs marketed by the local packers on the continent of Europe continued with the active advertising support by the Tea Board. In Australia Tea Board's publicity continued to aim at increasing the awareness of Indian tea.

Popularising Use of Hindi Names by Government Departments

1699. SHRI MUHAMMED SHERIFF : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have issued any instructions to their various Departments for popularising the use of their

Hindi names in official correspondence ; and

(b) if so, what are the instructions and the progress achieved in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a). Yes, Sir. Such instructions have been issued from time to time.

(b) A set of instructions issued so far is laid on the Table of the House. [*Placed in Library. See No. LT-361/71*]. In the very nature of things, it is not possible to make any quantitative assessment of progress in this behalf.

Aid to Mauritius for Broadcasting Facilities and Film Industry

1700. SHRI MUHAMMED SHERIFF : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether India has agreed to aid Mauritius in expanding its film industry and broadcasting facilities ; and

(b) if so, the salient features thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) and (b). All India Radio is supplying to Mauritius Broadcasting Corporation different types of broadcast/TV programmes. An officer of Hindi Unit of M.B.C. is to be given training in AIR. An officer has been deputed as an Adviser to M.B.C. In regard to film industry, the following proposals are being examined by the appropriate Ministries concerned :

(1) Setting up of studio and film laboratories in Mauritius by Indian businessmen ;

(2) Joint film production schemes ;

(3) Training of personnel from Mauritius in film techniques ;

(4) Increasing the export of Indian feature films to Mauritius ; and

(5) Sub-titling of Indian films in French for exhibition in Mauritius.

F.A.O. Meeting on Quantum of Tea for World Market

1701. SHRI MUHAMMED SHERIFF : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether any meeting was held by the representatives of leading Tea producing countries in Rome in April, 1971 under the auspices of the Food and Agriculture Organisation to decide on the quantum of tea that should be placed in the world market during the year ; and

(b) if so, the decision arrived at ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A.C. GEORGE) : (a). Yes, Sir.

(b) It was decided at the meeting that there should be a 15 month quota period running from 1st January, 1971 to 31st March, 1972. For the calendar year 1971, the Global export quota would be 594.8 thousand metric tonnes being the same as agreed at Mauritius for the 1970 arrangement. The quota for the full 15 months period would be decided at a review session of the group to be held about the second half of September, 1971.

श्रीगंगानगर में रेलवे डाक सेवा का कार्यालय

1702. श्री पन्नालाल बारूपाल : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या श्रीगंगानगर में रेलवे डाक सेवा का कार्यालय न होने से डाक के वितरण में भारी कठिनाई का सामना करना पड़ता है ;

(ख) क्या रेलवे डाक सेवा का कार्यालय खोलने का प्रस्तावगत 10 वर्षों से विचाराधीन

(ग) क्या रेलवे डाक सेवा के कार्यालय के लिए सामान एक बार श्रीगंगानगर लाया गया था परन्तु बाद में उसको वापिस कर दिया गया था ; और

(घ) यदि नहीं, तो वहाँ रेलवे डाक सेवा का कार्यालय न खोले जाने के क्या कारण हैं ?

संचार मंत्री (श्री हेमवती नंदन बहुगुणा):
(क) जी नहीं। डाक का वितरण श्रीगंगानगर में छंटाई डाक कार्यालय के खुलने पर निर्भर नहीं करता।

(ख) जी हाँ। छंटाई डाक कार्यालय खोले जाने की मंजूरी दे दी गई है। उपयुक्त स्थान उपलब्ध न होने के कारण इस कार्यालय ने अभी काम शुरू नहीं किया।

(ग) जी हाँ।

(घ) रेलवे स्टेशन के पास उपयुक्त इमारत उपलब्ध न होने के कारण छंटाई डाक कार्यालय खोले जाने का काम रुका पड़ा है।

(क) क्या श्रीगंगानगर में आकाशवाणी केन्द्र की स्थापना के लिए कोई सुझाव प्राप्त हुआ है; और

(ख) यदि हाँ, तो इस सम्बन्ध में सरकार ने निर्णय लिया है ?

सूचना और प्रसारण मन्त्रालय में उप-मन्त्री (श्री धर्मवीर सिंह) : (क) जी, हाँ।

(ख) रेडियो स्टेशन गंगानगर जिले में सूरतगढ़ में स्थापित करने का प्रस्ताव है।

**Delay in Construction of School Building
in P. and T. Colony, Patna**

1704. SHRI RAMAVATAR SHASTRI:
Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether the construction work for a School building in the P and T Colony Kidwaipuri, Patna for which the foundation stone was laid by the then Minister of Information and Broadcasting and Communications, Shri Satya Narayan Sinha, has not yet been started despite sanction of Project Estimates and detailed estimates ;

(b) if so, the reasons for this delay ; and

(c) when the construction work will commence and the School building completed ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) :

(a) Yes, construction work has still to start.

(b) There are several procedural requirements between the stage of making a proposal and commencement of the building work at site, viz.; preparation of preliminary drawings, framing of preliminary estimates, according of administrative approval and expenditure sanction and preparation of working/detailed drawings, detailed estimate, calling of tenders etc., after due publicity, which consume time. Being within Circle's powers of sanction, project and preliminary estimates were sanctioned by the PMG, Patna, in December, 1970. Detailed estimate is sanctioned by Superintending Engineer, who has finalised the same. Notice inviting tenders is under compilation. Therefore, there has not been inordinate delay.

(c) The work is likely to commence by July, 1971 and is expected to be completed by the end of 1972.

Misutilisation of Post Cards by big Businessmen

1705. SHRI RAMAVATAR SHASTRI : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether Post Cards are being used by the Big Businessmen for advertisement, sending communications in printed forms prepagating the business interests and thereby misutilising the Cards which are otherwise meant for poor public to use it as the cheapest means of communication ;

(b) whether the Posts and Telegraphs Trade Unions have proposed to charge more to printed Post Cards or allow manuscript only and thereby save the uncalled for loss to the Department ; and

(c) if so, the action taken by Government in the matter ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Yes, Sir. Postcards are being used by businessmen for sending printed communications.

(b) No such suggestion appears to have been received from the Trade Unions. However, similar suggestions have been received from other sources.

(c) The suggestion to ban printed communications on postcards was examined in the past but the Law Ministry was of the view that an attempt to ban printed communication was likely to adversely attract the provisions of the Constitution.

The question whether a differential rate could be adopted for postcards bearing printed communications is currently under consideration of the Government.

Direct Dialling System between Dausa and Gangapur (Rajasthan)

RAJMATA GAYATRI DEVI : Will the Minister of COMMUNICATIONS

be pleased to state :

(a) whether Government have under their consideration the scheme to link through Direct Dial System the cities of Dausa and Gangapur of Jaipur Division of Rajasthan ; and

(b) if so, when this scheme is going to take a practical shape ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) and (b). No Dausa and Gangapur are at present manual exchanges of 200 lines each with very little trunk traffic between them.

New Telephone Exchanges and Post Offices in Jaipur and Sawai Madhopur

1707. RAJMATA GAYATRI DEVI : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether Government have a scheme to instal new Telephone Exchanges and to open new Post Offices in 1971-72 in the Districts of Jaipur and Sawai Madhopur in Rajasthan ;

(b) if so, the places where these new Exchanges and Post Offices are going to be started ; and

(c) if the reply to part (a) above be in the negative ; the reasons therefor ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) to (c). Yes, Sir. During 1971-72 two new exchanges and 10 new Post Offices are expected to be opened in Jaipur District and 1 exchange and 10 post offices in Sawai Madhopur District.

The exchanges are to be opened at Dudo and Paota in Jaipur District and Toda Bhim in Sawai Madhopur District.

The names of places where post offices are likely to be opened in the above two Districts during 1971-72 will depend on the scrutiny and approval of the proposals received, which conform to the departmental standards prescribed for opening of post offices.

Decline in Export of Tea to Australia

1709. SHRI C. K. CHANDRAPPA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether India's tea export to Australia had fallen sharply during 1970 ; and

(b) if so, by how much and the reasons for this fall ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) There has been a small decline in export of tea from India to Australia in 1970.

(b) The export of tea to Australia in 1970 declined by about five percent from 3.9 m.kg. in 1969 to 3.7 m.kg. in 1970. The decline was due to usual fluctuations in International trade.

Exprt of Inferior Quality Goods

1710. SHRI C. K. CHANDRAPPA : Will the Minister of FOREIGN TRADE be pleased to say :

(a) whether we are exporting goods with inferior quality, as the producers are scuttling the quality control ; and

(b) if so, the steps Government intend to take to ensure standard quality for goods exported ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) No, Sir.

(b) Adequate steps to ensure export of quality goods have been undertaken by the Government through a comprehensive programme of quality control and pre shipment inspection of major commodities prior to their exports, under the Export (quality Control and Inspection) Act, 1963.

Another change to Officers of Central and State Governments to Compete in I.A.S. Examination

1711. SHRI K. M. MADHUKAR : Will the PRIME MINISTER be pleased to state :

(a) whether the Administrative Reforms Commission recommended for giving one chance of competing at the regular I.A.S. Examination to the Officers of the State Civil Services who have completed six years of service and are below 35 years of age, even though they have already availed themselves of two chances at the regular I.A.S. Examination ; and

(b) whether Government propose to give one chance of competing at the regular I.A.S. Examination to all talented persons employed in Government Services (Central and State), Universities and elsewhere who have completed one year or two years of service and are below 35 years of age ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). The Administrative Reforms Commission in its Report on Personnel Administration has recommended that everyone who has completed six years of service in Government and is less than 35 years of age may be given one and only one chance to sit for the open competitive examination for Class I non-technical services, irrespective of the chances already taken, provided that he fulfills conditions relating to educational qualifications. The scope of this recommendation is limited to those who are already in Government Service either at the Centre or in the States. This recommendation is under the consideration of the Government.

Changes in composition of Board of Directors of Cotton Corporation

1712 SHRI DHARAMRAO AFZALPURKAR : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have decided to make certain changes in the composition of the Board of Directors of the Cotton Corporation of India ; and

(b) if so, the terms of services and facilities extended to them along with the Chairman and other Managing Directors?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) No, Sir.

(b) Does not arise.

Automatic Dialling System in Mysore

1713. SHRI DHARAMRAO AFZAL-PURKAR : Will the Minister of COMMUNICATIONS be pleased to state :

(a) the names of towns which are under active consideration for automatic dialling system in the State of Mysore; and

(b) the time by when the decision is likely to be taken ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) and (b) 56 manual telephone exchanges were working in the State of Mysore as on 31.3.71. Out of these exchanges it is proposed to convert the following exchanges to automatic local dialling during fourth plan period.

<i>Sl. No.</i>	<i>Name of exchange</i>	<i>Capacity in lines</i>	<i>Likely year of automatisa-tion</i>
1.	Bagalkot	400	1973
2.	Belgaum	3300	1974
4.	Haveri	300	1974
4.	Karwar	300	1974
5.	Sirsi	300	1974

Interrupted Programmes over All India Radio, Mysore

1714. SHRI DHARAMRAO AFZAL-PURKAR : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether broadcasts from the Mysore All India Radio Station is interrupted

during its operation because of failure of electricity or mechanical troubles ;

(b) if so, whether in course of programme it is also disrupted due to inter-ventions of programmes of other Stations ; and

(c) if so, the steps Government propose to take in this matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) to (c). The All India Radio centre at Mysore is only a studio with recording facilities. Programmes which are recorded there are broadcast from Bangalore station and are not broadcast directly from Mysore. The question of interruption of broadcasts from Mysore station does not, therefore, arise.

1716. SHRI T. S. LAKSHMANAN : Will the Minister of INFORMATION AND

BROADCASTING be pleased to state :

(a) the average duration of silence between the two broadcasts.

(b) whether this inter-item silence is of late more than the average duration resulting in waste of broadcasting time ; and

(c) if so, the measures Government have taken to eliminate such silent gaps ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) Two to five seconds.

(b) No, Sir.

(c) Does not arise.

Setting up of Corporation for Hides, Skins and Leather Exports

1717. **SHRI C. CHITTIBABU :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether it is proposed to set up a separate Hides, Skins and Leather Export Corporation for exporting and augmenting their exports ; and

(b) the incentives proposed to be given to Tamil Nadu exporters for the purpose of export of leather and leather goods ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) No, Sir.

(b) In the matter of export promotion, uniform export assistance is granted irrespective of the State from which the export originates. A statement showing the export assistance given for promoting the export of leather and leather goods is laid on the table of the House.

Statement

The Government have taken the following steps to promote the exports of leather and leather goods :—

(a) In order to increase the unit value realisation, export of raw hides and skins

has been almost completely banned except quota for goat skins which has also been progressively reduced and by the year 1973-74 the exports under this item are likely to stop altogether.

(b) Import of raw hides and skins is placed on O. G. L. This helps in augmenting the supplies of raw hides and skins in the country and reduce the pressure on consumption of superior quality skins leading to their release for export.

(c) Import of wattle bark, wattle extract, and other tanning bark are also placed on O. G. L.

(d) Leather Industry has been categorized as one of the priority industries and it has therefore, been eligible for priority treatment in the matter of allocation of its requirements from preferred sources.

(e) For meeting the scarce material of imported origin, import replenishment at the rates of 3%, 6% and 10% in respect of E. I. tanned leather, Chrome Tanned Leather and Finished Leather respectively has been allowed. In the case of goods and leather footwear, import replenishment is allowed at 15%.

(f) The scheme of draw back of duty on export of leather and leather products has been rationalised and the present general rate is 4.5% on leather footwear and 10% on leather goods.

(g) Leather footwear and components thereof and finished leather and leather goods have been granted air-freight subsidy w. e. f. 1.2.1971 at the rate of 50% of air freight paid but restricted to 10% FOB and 15% FOB respectively.

Development of Coffee Plantation in Tamil Nadu

1718. **SHRI B. NARAYANAN :** Will the Minister of FOREIGN TRADE be pleased to state the steps taken by Government to develop coffee plantation in Tamil Nadu ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI

A. C. GEORGE) : (1) Coffee Board has at the request of State Government surveyed the hill ranges of Dhanknikottai Taluk in Tamil Nadu and submitted a technical report on the suitability of the ranges for Coffee cultivation.

(2) Coffee Board has also offered technical comments at the request of State Government on the feasibility of starting coffee plantations in Kolli Hills in Tamil Nadu.

(3) Technical Officers of the Board are also participating in the implementation of the State Government's Scheme for Development of Coffee Plantations in Yercaud Hills in Tamil Nadu.

The Coffee Board is also operating the following Schemes for development of Coffee Plantations in the country including Tamil Nadu :—

- (a) Scheme for grant of long-term loans for intensive cultivation of small registered coffee holdings ;
- (b) Scheme for grant of long-term loans for replanting, open to all registered estates ;
- (c) Scheme for grant of short-term loans for yearly working capital, open to estates not exceeding 100 acres in extent ; and
- (d) Scheme for supply of equipment and machinery on Hire Purchase terms open to all registered estates.

Exploring New Avenues for Coffee Export

1719. **SHRI B. NARAYANAN :** Will the Minister of FOREIGN TRADE be pleased to state the steps taken for exploring new avenues for coffee exports ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : Exports of coffee from India are governed by the provisions of

the International Coffee Agreement, to which India is a signatory. Under the Agreement, annual quotas are set for exports to quota countries every year depending upon the world import requirements. Exports of coffee to these countries have therefore to be limited to the annual quotas set by the International Coffee Organisation for India for each coffee year (October/September). There is thus a limitation placed on exports of coffee from India to quota countries.

2. Exports to non-quota countries could be made outside the quotas so set and no specific limitations are fixed for such exports by the I. C. O. By progressively increasing the Trade Plan provisions for exports of coffee to non-quota group of countries which are non-traditional markets, exports to which are not covered by the limitation imposed by the ICO, there has been a progressive increase in exports of coffee from India to these countries.

3. It is proposed to send a delegation for the U.K. and European countries to explore possibilities of increasing our direct exports to three foreign exchange markets and also to some non quota countries with which we could possibly increased our trade in coffee.

Export subsidies for Hides, Skins and Exporters

1720. **SHRI SAMINATHAN :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) the steps taken by the Government to face squarely the method of "unpredictable prices and quantam" adopted by China to depress the world market prices of Indian skin and leather ; and

(b) the programme of export subsidies offered to Indian exporters of hides, skins and leather ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). With a view to increasing the export of hides and skins as well as finished leather and leather

manufactures the government have taken the following steps :

(1) Two Export Promotion Councils (i) the leather Export Promotion Council at Madras and (ii) the Export Promotion Council for Finished Leather and Leather Manufactures at Kanpur, have been set up. These two councils undertake promotional activities such as sponsoring trade delegations and sales and study teams to visit markets abroad participation in exhibitions abroad, collecting market intelligence and guiding new exporters.

(2) Basic raw materials required for this industry, such as raw hides and skins and tanning barks and extracts, are permitted for import under Open General Licence.

(3) "Leather and Leather goods" are one of the 59 priority industries. Units in this industry can, therefore, secure import licences on the basis of actual consumption.

(4) Import licence is allowed against exports of various leather and leather products, to replenish the import content in such export products.

(5) There is provision for drawback of duty on export of Blue Chrome tanned goat skins and vegetable tanned leather.

Inflated Telephone Bills for Trunk Calls between Delhi and Bombay due to Faulty Meters

1721. SHRI FATESINGH RAO
GAEKWAD :

DR. KARNI SINGH :

Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether Government are aware of the erratic readings of the meters, recording trunk calls between Delhi and Bombay,

resulting inflated telephone bills of the subscribers ; and

(b) if so, the steps taken by Government to rectify the same ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) No please.

(b) Does not arise.

Location of Calcutta T. V. Station

1722. SHRI SUBODH HANSDA : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether the land for locating the Television Station in Calcutta has been obtained from the Calcutta Corporation;

(b) if not, whether the project will be dropped and shifted to somewhere outside Calcutta ; and

(c) the plan estimate of the project ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) Negotiations with Calcutta Corporation are in progress. Possession of land has not been taken as yet.

(b) No Sir.

(c) Rs. 190 59 lakhs.

Meeting of Indian Council of Institution of Rubber (London) held in Calcutta

1723. SHRI S. C. SAMANTA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether annual general meeting of the Indian Council of the Institution of the Rubber (London) was recently held at the National Test House, Calcutta ;

(b) if so, whether the setting up of another synthetic rubber plant and limitations

to expansion and growth of natural rubber was discussed ;

(c) whether I.R.I. held a symposium on control techniques in rubber compounding ; and

(d) whether rubber technologists who participated in the symposium hoped that the *per capita* rubber consumption in India will become largest outside Europe and North America after a decade ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE : (a) to (d). A Meeting of the Indian Section of the Institution of the Rubber Industry (London) is reported to have been held recently in Calcutta. Government have, however, no precise information about the deliberations of this meeting.

Research made by Scientists of Tata Institute of Fundamental Research, Bombay

1724. SHRI S. C. SAMANTA : Will the Minister of ATOMIC ENERGY be pleased to state :

(a) whether Prof. M. G. K. Menon, Director of the Tata Institute of Fundamental Research, Bombay, said that a group of scientists, led by Prof. D. Lal of the Tata Institute, had found evidence for the existence of super-heavy elements so far unknown ;

(b) if so, whether such elements have been synthesized in the laboratory ; and

(c) what further studies are going to be taken up in near future ?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRIMATI INDIRA GANDHI) : (a) Yes, Sir, in an examination of extra terrestrial materials (from meteorite and lunar samples returned from the Appollo Mission) Professor D. Lal and his colleagues of the

Tata Institute of Fundamental Research have found what appears to be good evidence concerning the existence in the past of super heavy elements much heavier than uranium and probably with a charge around 115 and mass around 300.

(b) No, Sir, not as yet.

(c) Studies are being continued in order to establish in a larger sample and with better precision the above deduction.

Financial Assistance to Punjab

1725. SHRI MOHINDER SINGH GILL : Will the Minister of PLANNING be pleased to state :

(a) the amount of financial assistance sought by the Government of Punjab from the Central Government for the implementation of their schemes during the current Five Year Plan ; and

(b) whether the Central Government have taken any decision about the quantum of assistance to be provided to the State Government and if so, the particulars thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) The Government of Punjab envisaged Central assistance of the order of atleast Rs. 190 crores for financing the State's Fourth Plan outlay of Rs. 325 crores as originally proposed.

(b) Central assistance of Rs. 101 crores has been allocated to finance the approved Fourth Plan outlay of Rs. 293.56 crores. This amount has been fixed according to the formula based on uniformly applied criteria approved by the Committee of the National Development Council.

Special Facilities for Central Government Employees working in Border Areas

1726. SHRI MOHINDER SINGH GILL : Will the PRIME MINISTER be pleased to state :

(a) whether Government have under consideration any scheme to grant special

facilities to their employees working in the border areas ;

(b) whether Government are aware that the Punjab Government have granted some facilities to its employees working in the border areas ;

(c) whether Government have received any representation from any Member of Parliament in this regard ; and

(d) if so, the action taken thereon ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) No, Sir. However, proposals for extension to Central Government employees of any concession of border area allowance that may be sanctioned by a State Government to their employees are considered as and when they are received.

(b) Yes, Sir.

(c) and (d). Yes, Sir. The suggestions made by the Hon'ble Member in his letter dated March 30, 1971, to the Finance Minister are under his consideration.

दिल्ली में डकैती और हत्या के मामले

1727. श्री नाथू राम अहिरवार .
श्री चन्द्रिका प्रसाद :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को ज्ञात है कि चालू वर्ष के दौरान दिल्ली में डकैती और हत्या के कई मामलों में अपराधियों का अभी तक पता नहीं लगाया जा सका है;

(ख) यदि हां, तो इस मामले में सरकार क्या कार्यवाही कर रही है; और

(ग) 1 जनवरी, 1971 से 15 मई, 1971 के बीच दिल्ली में और दिल्ली के आस पास के 20 मील के क्षेत्र में कितने व्यक्तियों की हत्या की गई और कितने दिन दहाड़े लूटे गये तथा इन सभी मामलों में से कितने मामलों में अपराधियों का अभी तक सुराग नहीं मिला ?

गृह मंत्रालय में राज्य मंत्री (श्री कृष्ण चन्द्र पन्त) : (क) और (ख). दिल्ली प्रशासन के अनुसार दिल्ली में चालू वर्ष के दौरान (1-1-1971 से 15-5-1971 तक) कुल सूचित किये गये हत्या के 45 मामलों और डकैती के 3 मामलों में से, अभी हत्या के 14 मामलों तथा डकैती के 3 मामलों का पता लगाया जाना है। इन मामलों के सुरागों का पता लगाने तथा अपराधियों को गिरफ्तार करने के लिए प्रयत्न किये जा रहे हैं।

(ग) इस अवधि के दौरान दिल्ली में दिन-दहाड़े 18 व्यक्तियों की हत्या की गई तथा 26 व्यक्तियों को लूटा गया। हत्या के 7 मामलों और लूट-मार के 6 मामलों में अपराधियों को अभी गिरफ्तार किया जाना है।

दिल्ली के आस-पास 20 मील की दूरी पर बसे हुए अन्य राज्यों के इलाकों के संबंध में सूचना तत्काल उपलब्ध नहीं है।

Automatic Exchanges in Tamil Nadu

1728. SHRI MURASOLI MARAN : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether there is any proposal to increase the number of Automatic Exchanges in Tamil Nadu ; and

(b) if so, the number of Exchanges that will be brought under automatic system ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Yes. It is proposed to automatise all local telephone exchanges in the country in a phased manner in the light of availability of financial and material resources.

(b) There were 39 Manual Telephone exchanges working in Tamil Nadu as on 31-3-71. Out of these, the following 10 exchanges are expected to be automatized by year 1974-75 :—

1. Arni
2. Dharmapuri
3. Karaikal
4. Ramnad
5. Tiruvannamalai
6. Erode
7. Pondicherry
8. Tiruppur
9. Tuticorin
10. Vellore

Shortage of Raw Cashew faced by Cashew Factories in Tamil Nadu

1729. SHRI MURASOLI MARAN : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government are aware that the Cashew factories in Tamil Nadu are facing hardships due to the non-availability of raw cashew ;

(b) whether any request has been made to get the raw cashew through the Tuticorin Port instead of the Cochin Port ; and

(c) if so, the action taken thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) No, Sir.

(b) and (c). Although no formal request has been received, this possibility was examined, but it was found that the requirement at Tuticorin being very small, it was more economical to transport the raw nuts from Cochin, where the ships are off loaded.

Connection of Delhi with Madras by S. T. D. System

1730. SHRI MURASOLI MARAN : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether Delhi will be connected with Madras by S. T. D. system shortly ; and

(b) if so, how soon it will be connected ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) and (b). Trunk Automatic Exchanges (TAXs) have been commissioned at Delhi and Madras. Work of providing point to point STD service between Delhi and Madras is likely to be taken up soon and the service is expected to be available before the end of 1972-73.

Introduction of Telex in Salem (Tamil Nadu)

1731. SHRI MURASOLI MARAN : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether there is any proposal to introduce Telex facilities in Salem in Tamil Nadu ; and

(b) if not, the reasons therefor ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) and (b). A 50 line Telex was commissioned at Salem on 20-3-1971.

Inordinate time taken for outgoing Telephone Calls from Bombay

1732. DR. KARNI SINGH : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether Government have received complaints about the inordinate time being taken by the ordinary and even the urgent telephone calls to go from Bombay to other cities ;

(b) if so, the reasons therefor ;

(c) whether in view of the Prohibitive charges of the lightning calls and also in view of the agonising delays, Government will consider to give some concessional facilities to M.Ps. to enable them to discharge their duties more effectively ; and

(d) if not, the reasons therefor ?

THE MINISTER OF COMMUNICATIONS (SHRI H.N. BAHUGUNA): (a) and (b). Bombay is connected by coaxial cable on the routes Ahmedabad—Jaipur—Delhi—Calcutta and Poon—Bangalore—Madras. Bombay has also direct subscriber trunk dialling service with Poona, Surat and Ahmedabad. On these routes the calls go through quickly and there are no complaints. There are, however, delays and complaints regarding calls from Bombay to Nagpur, Kalyan and stations in Maharashtra and Madhya Pradesh because these are connected by open wire circuits liable to faults and thefts. Coaxial or microwave schemes will replace the important openwire lines in due course.

(c) and (d). The question of any concessional facilities to Members of Parliament would be a matter for Parliament Secretariat to examine.

Commissioning of Bombay-Delhi direct Dialing system on Permanent basis

1733. DR. KARNI SINGH : Will the Minister of COMMUNICATIONS be please to state :

(a) whether the Bombay-Delhi direct dialing system has since been put into commission on a permanent basis ; and

(b) if not, the time by which direct dialing system will be commissioned permanently between the two metropolitan cities ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Not yet. The performance has not yet reached the desired standard and further testing and adjustments are found necessary.

(b) Only after the performance on the route is found fully satisfactory. It is hoped

this work will be completed in three to four months.

मध्य प्रदेश में गिरफ्तार किये गये पाकिस्तानी गुप्तचर

1734. श्री गंगा चरण दीक्षित : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या गत तीन वर्षों में मध्य प्रदेश में पाकिस्तानी गुप्तचरों के कुछ दलों को गिरफ्तार किया गया है ;

(ख) यदि हा, तो तत्सम्बन्धी व्यौरा क्या है तथा उनमें से कितने व्यक्तियों को दोषी करार दिया गया है; और

(ग) उनमें से कितने व्यक्तियों ने अपना दांप स्वीकार कर लिया है ?

गृह मंत्रालय और कार्मिक विभाग में राज्य मंत्री (श्री राय निवास मिर्धा): (क) से (ग). तथ्य मानूम किये जा रहे हैं।

मध्य प्रदेश के आकाशवाणी केन्द्र

1735. डा० लक्ष्मी नारायण पाण्डे : क्या सूचना और प्रसारण मंत्री यह बताने की कृपा करेंगे कि:

(क) आकाशवाणी के ग्वालयर, जबलपुर और रायपुर स्थित केन्द्रों को पूरी क्षमता मुख्य केन्द्रों के रूप में कब तक चालू किये जाने की सम्भावना है;

(ख) क्या सरकार ने इनका पूर्ण क्षमता युक्त केन्द्रों के रूप में शीघ्र ही विकास करने का निर्णय किया है;

(ग) क्या सरकार मंदसौर और जगदलपुर में आकाशवाणी केन्द्र स्थापित कर रही है;

(घ) क्या मध्य प्रदेश सरकार ने केन्द्रीय सरकार से पहले से स्थापित आकाशवाणी केन्द्रों को पूर्ण क्षमता युक्त केन्द्रों के रूप में परिवर्तित करने और नये आकाशवाणी केन्द्रों की भी स्थापना करने का अनुरोध किया है; और

(ङ) यदि हाँ, तो यह अनुरोध कब किया गया था और इस सम्बन्ध में क्या कार्यवाही की गई है ?

सूचना और प्रसारण मन्त्रालय में उप-मन्त्री (श्री धर्मवीर सिंह) : (क) और (ख). ग्वालियर तथा रायपुर के वर्तमान सहायक

केन्द्र 1973-74 में पूर्णरूपेण केन्द्र बन जायेंगे। चौथी योजना अवधि के दौरान जबलपुर के सहायक केन्द्र का दर्जा बढ़ा कर पूर्णरूपेण केन्द्र का दर्जा नहीं किया जा रहा है। पांचवीं योजना अवधि के दौरान इसका दर्जा बढ़ाये जाने की उम्मीद है।

(ग) चौथी योजना अवधि के दौरान जगदलपुर में एक रेडियो स्टेशन स्थापित किया जायेगा। मन्दसौर में रेडियो स्टेशन स्थापित करने का कोई प्रस्ताव नहीं है।

(घ) और (ङ). जानकारी नीचे दी गई है :—

क्रम संख्या	अभ्यावेदन का विवरण	की गई कार्रवाई
1.	बुन्देलखण्ड क्षेत्र में खजूरहो में एक नए रेडियो स्टेशन की स्थापना।	बुन्देल खण्ड क्षेत्र में छत्तरपुर में स्थापित किए जा रहे स्टेशन से कार्यक्रम सुने जा सकेंगे।
2.	विविध भारतीय कार्यक्रम रिले करने के लिए जबलपुर में एक और ट्रांसमिटर की स्थापना।	यह मांग मन्जूर नहीं की जा सकी क्योंकि चौथी योजना अवधि के दौरान विविध भारती के और केन्द्र स्थापित नहीं किए जा रहे हैं। इस मांग पर उत्तरवर्ती योजनाएं बनाते समय विचार किया जायेगा।
3.	बिलासपुर में रेडियो स्टेशन की स्थापना।	बिलासपुर क्षेत्र में रायपुर स्टेशन के कार्यक्रम अच्छी प्रकार सुने जा रहे हैं। अतः इस अवस्था में, वहां रेडियो स्टेशन स्थापित करने की मांग स्वीकार नहीं की जा सकती।
4.	रायपुर स्टेशन की शक्ति में वृद्धि।	रायपुर का वर्तमान ट्रांसमिटर रायपुर के आस-पास के क्षेत्र में पर्याप्त रूप से सेवा प्रदान करता है। पूर्वी मध्य प्रदेश के अन्य भागों में जगदलपुर, अम्बिकापुर तथा रीवा में स्थापित किये जाने वाले नये स्टेशनों द्वारा सेवा प्रदान की जाएगी। इन क्षेत्रों में रायपुर स्टेशन की शक्ति बढ़ा कर पर्याप्त रूप से सेवा प्रदान नहीं की जा सकेगी।

मध्य प्रदेश के औद्योगिक नगरों में स्वचालित
टेलीफोन केन्द्रों की व्यवस्था

1736. श्री फूल चन्द वर्मा : क्या संचार
मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का विचार मध्य प्रदेश
के उज्जैन, देवास तथा अन्य औद्योगिक नगरों
में टेलीफोन केन्द्रों को स्वचालित टेलीफोन केन्द्रों
में बदलने का है; और

(ख) यदि हां, तो कब तक ?

संचार मंत्री (श्री हेमवती नंदन बहुगुणा) :
(क) तथा (ख). 1 जी हां। मध्य प्रदेश सहित
देश भर में सभी बड़े औद्योगिक तथा व्यापारिक
केन्द्रों में सरकार का टेलीफोन एक्सचेंजों को
स्वचालित एक्सचेंजों में परिवर्तित करने का
प्रस्ताव है।

2. अलबत्ता वित्तीय तथा सामग्री संबंधी
साधनों के सीमित होने के कारण
उपर्युक्त कार्यक्रम अगले 15 से 20
वर्षों में पूरा किया जाएगा। इस
उद्देश्य से दो अलग-अलग वर्गों में
कार्यक्रम तैयार किए जा रहे हैं जो
विभिन्न चरणों में पूरे किए जाएंगे।

(क) 500 से अधिक लाइनों की
क्षमता वाले बड़े करचल
एक्सचेंज।

(ख) 100 से 300 लाइनों तक की
क्षमता वाले छोटे एक्सचेंज।

3. इन कार्यक्रमों के अनुसार आगामी
कुछ वर्षों में मध्य प्रदेश में निम्नलिखित एक्स-
चेंजों को स्वचालित एक्सचेंजों में परिवर्तित
किये जाने की संभावना है :

(क) बड़े एक्सचेंज

(i) ग्वालियर 1972 तक

(ii) रायपुर 1974 तक

(iii) जबलपुर 1976 तक

(iv) उज्जैन पांचवीं पंचवर्षीय
योजना के
दौरान।

(v) दुर्ग-भिलाई-खुर्सीपुर पांचवीं पंच-
वर्षीय योजना
के दौरान।

(ix) मऊ 1975 तक

(x) खरगोन 1975 तक

मध्य प्रदेश के ग्रामीण क्षेत्रों में नये
डाकघर

1737. श्री फूल चन्द वर्मा : क्या संचार
मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या इस वर्ष के अंत तक मध्य
प्रदेश के ग्रामीण क्षेत्रों में नये डाकघर खोलने
का सरकार का कोई विचार है; और

(ख) यदि हां, तो जिलेवार इनकी कितनी
संख्या है ?

संचार मंत्री (श्री हेमवती नंदन बहुगुणा) :

(क) वर्ष 1971-72 के अंत तक मध्य प्रदेश

के ग्रामीण क्षेत्रों में 166 अतिरिक्त विभागीय शाखा डाकघर और 12 उप डाकघर खोलने का प्रस्ताव है।

(ख) वर्ष 1971-72 के दौरान मध्य प्रदेश के ग्रामीण क्षेत्रों में खोले जाने वाले प्रस्तावित डाकघरों की जिला-वार संख्या :

- (ii) Extension of Intensive District-Programme to 17 districts in addition to 17 districts taken up in 1969-70. More areas are being

added for specially selected projects for Intensified Family Planning Work ;

(iii) Extension of Basic Health and Family Planning Services in disadvantaged or difficult areas in the country ; and

(iv) Integration of Family Planning and Maternal and Child Health Services, and providing immunisation and nutrition components, thereby making Family Planning more acceptable.

सूती धागे के मूल्य में वृद्धि

1751. श्री सरजू पांडे : क्या विदेश व्यापार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या गत तीन या चार महीनों में सूती धागे के मूल्यों में काफी वृद्धि हो गई है ;

(ख) क्या सरकार को बुनकरों की समितियों से सूती-धागे की मूल्य-वृद्धि के विरोध में कोई अभ्यावेदन प्राप्त हुआ है ; और

(ग) यदि हां, तो इस पर सरकार द्वारा क्या कार्यवाही की जा रही है ?

विदेश व्यापार मंत्रालय में उप-मंत्री (श्री ए. सी. जार्ज) : (क) से (ग). गत तीन महीनों में सूती धागे की कीमतों में कोई उल्लेखनीय वृद्धि नहीं हुई है । परन्तु 1970 की अंतिम तिमाही में कीमतें बढ़ गई थीं और जनवरी, 1971 की समाप्ति तक बिना घटे उनका उध्वमुखी रुख जारी रहा । उसके बाद मूल्य गिरने शुरू हो गये । उचित कीमतों पर धागे की उपलब्धि सुनिश्चित करने के लिए सरकार ने विकेंद्रित क्षेत्र को पूर्ति हेतु सूत का मंडार बनाने की एक योजना शुरू की थी जो अब भी चल रही है ।

**नई दिल्ली में टेलीफोन आपरेटरों की
दैनिक मजूरी पर नियुक्तियां**

1752. श्री पन्नालाल बारूपाल : क्या
संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या जनरल मैनेजर ग्राफ टेलीफोन्स,
नई दिल्ली के टेलीफोन एफीसैंसी सेल में कुछ
टेलीफोन टेस्ट आपरेटर काफी समय से दैनिक
मजूरी के आधार पर काम कर रहे हैं;
और

(ख) यदि हाँ, तो सरकार द्वारा उनकी
सेवाओं को नियमित न करने के क्या
कारण हैं ?

संचार मंत्री (श्री हैमवती नंदन बहुगुणा):
(क) जी नहीं। अलवत्ता सामान्य टेलीफोन
उपकरणों से टेस्टकाल करने के लिए कुछ
नैमित्तिक मजदूर काम पर रखे जाते हैं। यह
काम एक्सचेंजों में टेस्ट बोर्डों पर काम पर
लगाए गए आपरेटरों के काम से भिन्न है।

(ख) इसलिए टेलीफोन आपरेटर के तौर
पर उनकी सेवाओं को नियमित करने का प्रश्न
ही नहीं उठता।

Postal Training Institutes at Darbhanga

1753. SHRI JAGANNATH MISHRA :
Will the Minister of COMMUNICATIONS
be pleased to state :

(a) whether training is being imparted
in the Postal Training Institute at Darbhanga
in Bihar to non-technicians only ;

(b) whether training to technicians is
being imparted in places other than
Darbhanga ;

(c) whether the building in which train-
ing is being given at Darbhanga was
once the palace of Raja Darbhanga ;

(d) whether it is a suitable place for
imparting training to technicians also ; and

(e) if so, when Government contemplate
to start this sort of training there to suit
the conveniences of technicians ?

THE MINISTER OF COMMUNICA-
TIONS (SHRI H. N. BAHUGUNA) :
(a) Yes.

(b) Yes.

(c) Yes.

(d) and (e). Engineering Wing of the
P and T Department has already got a
training centre at Patna for training the
Engineering personnel in Bihar. The Postal
Training Centre at Darbhanga located in the
erstwhile Palace of Maharaja of Darbhanga
is, however, catering to the needs of training
of postal personnel of Assam, Bihar, West
Bengal and Orissa circles and has no surplus
space. The Government have, therefore,
no proposal under consideration for locating
a training centre at Darbhanga for training
of technical staff.

deprived of this privilege ;

(c) whether Government propose to
start this sort of a service in some of the
important places, including Darbhanga, in
North Bihar ; and

(d) if so, by what time ?

THE MINISTER OF COMMUNICA-
TIONS (SHRI H. N. BAHUGUNA) :
(a) At present micro-wave service is in
operation at Dhanbad, Ranchi and Katihar.

(b) No, Sir.

(c) Yes, Sir. A micro-wave project for
linking Muzaffarpur with Patna is under
implementation. A project for Microwave
communication between the towns of

Darbhanga and Samastipur has been drawn up. Present plans also include linking Chapra with Patna by a UHF link of 48 channels.

(d) The Muzaffarpur-Patna microwave project is expected to be completed by the end of this year. The Darbhanga-Samastipur and Chapra-Patna projects are likely to be completed by the end of the Fourth Five Year Plan period.

(b) if so, when the Commission proposed to be set up and

(c) if not what alternatives Government propose for settling this dispute ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) Government have already announced their intention to appoint a Commission but its terms of reference remain to be settled in consultation with the State Governments concerned.

(b) No decision in this regard has been taken.

(c) Does not arise.

Deployment of Army in West Bengal

1756. SHRI JYOTIRMOY BOSU : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have decided to deploy the Army in West Bengal for an indefinite period ;

(b) if so, the reasons therefor ;

(c) when the Army is going to be withdrawn ;

(d) the total expenditure incurred in connection with deployment of the Army in West Bengal from April 1970 to October 1970 and from March 1971 to May, 1971 ; and

(e) whether the Army in West Bengal, in co-operation with the C.R.P. and West Bengal Police, are harassing the innocent people in the name of combing operations?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). The deployment of the Army or the other armed Forces of the Union in aid of civil authority is constantly reviewed, and the Armed Forces of the Union are so deployed only where the situation requires such assistance to be provided.

(d) Information is being collected and will be laid on the table of the House.

(e) No, Sir.

**New Posts and Telegraphs Offices in
Kerala**

1757. SHRIMATI BHARGAVI THAN-KAPPAN : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether there is any proposal under consideration of Government to open new Posts and Telegraphs Offices in Kerala State this year and ; if so, the number thereof ;

(b) the time by when the new Posts and Telegraphs Offices would be opened as also the location thereof ; and

(c) the number of such Posts and Telegraphs Offices to be opened in urban as well as in rural areas ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) It is proposed to open 70 new post offices and 83 Telegraph offices in Kerala State during the year 1971-72.

(b) All these post offices and telegraphs offices are likely to be opened before the close of the current financial year. The locations of the Post Offices likely to be opened will depend on the scrutiny and approval of the proposals received which will conform to the departmental standards prescribed for opening of post offices.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPOREANCE

REPORTED UNEARTHING OF A LONG DISTANCE CALL RACKET IN DELHI

श्री शशि मूषण (दक्षिण दिल्ली) : अध्यक्ष महोदय, मैं संचार मंत्री का ध्यान अविलम्बनीय लोक महत्व के निम्न विषय की ओर दिलाना चाहता हूँ और उनसे अनुरोध करता हूँ कि वे वक्तव्य दें :

“दिल्ली में दूरस्थ स्थानों को टेलीफोन करने का अवध धन्धा करने वाले लोगों के गिरोह का पता लगने के समाचार।”

संचार मंत्री (श्री हेमवती नंदन बहुगुणा) : विभाग को टेलीफोन उपभोक्ताओं से ऐसी शिकायतें मिली थीं कि उन्हें संदेह है कि बेईमान कर्मचारियों की सांठ-गांठ से उनकी टेलीफोन लाइनों से अनधिकृत काल किए जा रहे हैं। इस तरह की हर शिकायत के मिलने पर विभाग इस बात का पता लगाने के लिए उचित जांच-पड़ताल करता रहा है कि क्या ऐसी कोई शरारत की जा रही है। किन्तु इसे सिद्ध करने के लिए कोई ठोस प्रमाण नहीं मिले थे। तथापि संदेह कुछ पक्के होने के कारण कुछ समय पहले कुछ कर्मचारियों की दिल्ली से बाहर बदली कर दी गई थी।

हाल ही में जनता के किसी व्यक्ति से कुछ सूचना मिलने पर विभाग ने कुछ और विस्तृत सूचना एकत्रित की और उसकी तथा केंद्रीय जांच ब्यूरो (सी० बी० आई०) के भ्रष्टाचार विरोधी विभाग की सहायता से 4 जून, 1971 को उन्हें पकड़ने के लिए जाल बिछाने की व्यवस्था की गई। इसके परिणाम-स्वरूप एक लाइनमेन और एक मजदूर को मुखबिर का जयपुर के लिए लम्बी दूरी की काल की पैशवश करते और बम्बई के काल के लिए टेलीफोन उपभोक्ताओं की लाइनों को एक दूसरे से बदलते हुए रंगे हाथों पकड़ा गया। भ्रष्टाचार विरोधी विभाग ने इन दोनों कर्मचारियों को हिरासत में ले लिया है। उनके मामलों में आगे कार्रवाई की जा रही है।

यहां यह उल्लेखनीय है कि ऐसी शरारत इसी कारण से होती है कि कुछ बेईमान टेलीफोन उपभोक्ता निम्न-ग्रेड कर्मचारियों को ऐसी अनधिकृत कार्य करने के लिए प्रलोभन देते हैं। विभाग ऐसे भ्रष्ट तरीकों को समाप्त करने के लिए जनता का सहयोग प्राप्त करने के लिए सक्रिय प्रयत्न कर रहा है।

विभाग को ऐसी शरारत की संभावना के बारे में बहुत चिन्ता है, क्योंकि इससे किसी निर्दोषक उपभोक्ता को अनावश्यक नुकसान हो सकता है। इस संबंध में ध्यानपूर्वक जांच करने के परिणामस्वरूप कई कदम उठाए गए हैं, मिसाल के तौर पर मीटर कक्ष को ताला लगाना और मीटरों पर सील करना। लाइनों के वितरण प्वाइंटों को जहां से कि कल को आसानी से दूसरी लाइन पर डाला जा सकता है, उत्तरोत्तर खम्बों पर और अधिक ऊंचा किया जा रहा है, ताकि लाइनों तक पहुंच ज्यादा कठिन हो जाए। काफी बड़ी संख्या में वितरण प्वाइंटों को ऊंचा कर दिया गया है और अन्य को उत्तरोत्तर

ऊंचा किया जा रहा है। वितरण प्वाइंट बक्से को ताला लगाने का भी एक प्रयोग किया जा रहा है।

श्री शशि मूषण : अध्यक्ष महोदय, मंत्री महोदय से मैं जानना चाहता हूँ कि बेचारा टेलीफोन का बक्सा तो इन्वोसेन्ट है और ताला भी बड़ा इन्वोसेन्ट है लेकिन हिन्दुस्तान के जितने अवैध व्यापार करने वाले हैं, चाहे वे ब्लैकमार्केटीयर्स हों, चाहे सट्टा खोलने वाले हों, चाहे मटका खोलने वाले हों परन्तु कुछ अधिकारी अच्छे भी हैं जो कि उनपर काबू पाना चाहते हैं लेकिन उनको जान से मार देने की धमकी दी जाती है। जब मटका पंजाब में और बम्बई में खुलता है तो मुझे पता है कि इन्दौर जबलपुर, ग्वालियर, भोपाल से बाकी सब कालें बन्द कर दी जाती है और उन लोगों को लाइटेनिंग काल दी जाती है। सारा मटके का घंटा, लाखों रुपए का अवैध व्यापार टेलीफोन डिपार्टमेन्ट से किसी भी ढंग से होता है और अगर कोई अफसर उसको रोकने की कोशिश करे तो कुछ पाकेट ट्रेड यूनियन्स होती हैं अथवा कुछ चीकीदार यूनियन होती हैं जो कि अवैध व्यापार करने वालों की होती हैं और जो कुछ धर्म के नाम पर ट्रेड यूनियन बनती हैं वे इमानदार अफसरों के खिलाफ तार भेजती हैं कि यह अफसर करप्ट है, इसको बदल दिया जाये क्योंकि वे अवैध व्यापार करने वालों को कन्ट्रोल करना चाहते हैं। सारे देश भर में जितना सट्टे का काम है उसके लिए लाइनें हमेशा बिल्कुल खाली रहती हैं भले ही मिनिस्टर की लाइन एंगेज रहे। यही नहीं, इनके खिलाफ ग्वालियर में एक पत्रकार ने लिख दिया कि यह मटका जालंधर से खुलता है और इस तरह से टेलीफोन के जरिए उनको खबरें मिलती हैं तो उस आदमी को झूठे कत्ल के वेश में जालंधर में फंसा दिया गया। इसी तरह से

आगरा के एक पत्रकार को फंसा दिया गया। तो इस डिपार्टमेन्ट के जरिए ब्लैकमार्केटीयर्स जिस तरह से नाजायज फायदा उठाते हैं, ये मटकेबाज और सट्टेबाज जो हैं, मैं चाहता हूँ खास तौर पर सरकार उनपर ध्यान दे और उनके खिलाफ सी. बी. आई. की इन्क्वायरी हो। और धर्म के नाम पर तथा पाकेट यूनियन, जो इस तरह की ट्रेड यूनियन्स चलती हैं उनको खत्म किया जाये ताकि इमानदार अफसर काम कर सकें और उन लोगों को सजा मिले जो कि अब तक इस प्रकार का ब्लैक का व्यापार करते आ रहे हैं। यह आपने चीज है जोकि कई बार अखबारों में आ चुकी है और उसकी तरफ सरकार का ध्यान दिलाया गया है लेकिन यह मटका और सट्टा व्यापार सरकार खत्म नहीं कर सकी है। इसपर सरकार सख्त कार्यवाही करे—यही मैं जानना चाहता हूँ।

श्री हेमवती नन्दन बहुगुणा : माननीय सदस्य को जो जो चिन्ता है काले बाजार, सट्टे बाजार वगैरह वगैरह बाजारों की, मैं भी उनकी चिन्ता में अपने को सम्मिलित करता हूँ लेकिन टेलीफोन विभाग के पास ऐसा कोई जरिया नहीं है कि वह कालर की इन्टेन्शन को पहले से समझ ले कि किस पर्यज के लिए वह काल बुक कर रहा है इसलिए लाइटेनिंग काल जिसका दाम करीब करीब 8 गुना ज्यादा होता है नार्मल काल से, वह एक हाई प्रायर्टी काल है, किसी को भी उसे करने का अधिकार है और अगर वह करता है तो उसमें लाचारी है। लेकिन यह पहला मौका है जब हमने उस सतर्कता को ध्यान में रखते हुए ताकि हमारे विभाग के लोग उपभोक्ताओं के साथ मिल जुल करके कोई गलत कामों में सम्मिलित न हों इस तरह की बात पकड़ी है और 4 जून को उनके पकड़े जाने से स्वयं विभाग में काफी हलचल मची हुई है।

[श्री शशि भूषण]

जहां तक इस बात का सम्बन्ध है कि किसी यूनियन के कहने से हो तो चाहे घर्म के नाम पर, यूनियन हों या अघर्म के नाम पर, यूनियन के कहने से किसी व्यक्ति का ट्रांसफर करने की नीति हमारी नहीं है और जबतक मैं यह काम देख रहा हूं, मुझे पूरी आशा है कि कोई यूनियन इस तरह का काम करके हमको प्रेशराइज नहीं कर सकेगी। — (व्यवधान)...

PROF. S. L. SAKSENA (Maharajganj) : I have carefully read the statement given by the hon. Minister. I am thankful that he laid a trap to catch some people. But the reply he has given seems to convey the impression that he is not aware of the extent to which this racket prevails; he says in his statement : 'no conclusive evidence was forthcoming to establish such mischief'. It is entirely incorrect to say so, Hundreds of complaints come to the department that calls which they never made are being entered in their bills and no action has been taken against the person concerned. I can give the instance of a call of my own brother. Dr. Hori Lal Saxena, Tel. No. 42753. He was given a bill which included a sum of Rs. 22.50 for making a call to Dehra Dun. When he complained that he did not make any call to Dehra Dun the officer wrote to him that he regretted that there was a wrong call entered in his bill and that he was giving him a revised bill. When the officer said that a wrong call was entered, did you find out who was the person who made the wrong entry? And was he given an exemplary punishment? Did you also trace the person who had actually made the call to Dehra Dun and had got it entered in my brother's bill? Was he punished? Was his telephone disconnected? This is the least you could have done to stop the racket.

I have another instance which I wish to bring to the notice of the House. My brother received a telephone bill in which a sum of Rs. 100 was charged for entries in the Telephone Directory for 1970. My

brother asked for details for the entries, but though two months have passed, no details have been sent. Instead of that, a wire was sent to him saying that the Bill "is herewith returned to avoid disconnection of the phone, and refund, if any, intimated by the D. O. will be adjusted in the next bill."

What is worse still, complaints are not kept on the file. They are returned and only the action taken is intimated.

Such instances are happening not only in Delhi but all over India. For instance the Telephone Department in Gorakhpur, sent me a bill several years ago in which they charged Rs. 200 for Trunk calls which I had not made. I complained and they were corrected, but I do not know if anything has happened to the persons concerned. I am sorry that some blacksheep in the department should bring the name of the staff into disrepute. Although I am a trade unionist, I have no sympathies for such black sheep, and they must be dealt with in a harsh manner. I also want that such subscribers whose calls are thus entered in others' bills should have their phones disconnected.

Lakhs of rupees are thus being misappropriated. I hope the hon. Minister who, I know, is a very efficient person, will see to this and clean the whole department. He must stop all these wrong things happening in the department. I hope the hon. Minister will do it.

SHRI H. N. BAHUGUNA : Sir, I am beholden to the hon. Member for giving me information about these things and about his telephone. But I am sorry to say that it would be much better if he sends a letter in writing, pointing out all these things to me,—and I shall also be grateful to him,—so that I may really go into them in fuller details. Presently, I do not have all the facts regarding that case with me, because they do not arise out of this particular question. Therefore, I am sorry I have to disappoint him by saying that presently I have nothing to comment upon.

MR. SPEAKER : He has just quoted an instance; not an individual case but some instances. So, you might reply,

SHRI H. N. BAHUGUNA : So far as this is concerned, my hon. friend will agree with me that this is because of the instructions given that this particular type of case has been apprehended. It is I think about a month now since I have been in this Ministry. Two instances were brought to my notice ; one in Jammu and Kashmir, and the other in Delhi. We had issued definite instructions as to how to seal this leakage and how to give a more efficient and honest service to our customers. So, a number of steps have been taken and more are intended to be taken. As it is, these linesmen, when they go on duty, they have a pass with them. We propose to give them now a new style work pass for that day, for such and such area and for such and such duty, so that he can be apprehended, and you can find out if he was really on duty or was really committing pilferage.

Similarly, so far as the bills are concerned, which are not normally correct bills, because, somebody, if I may say so, pilfered the calls from a particular number, we always go into the details and if we are satisfied that the past bills relate to arrears, it will be indicative which cannot be otherwise explained, and we do give some rebate. That might have been the case of giving a rebate and action taken.

So far as the question of the person making the entry is concerned, now it is an automatic entry. The meter notes automatically, and notes down the reading. Nobody need read it manually. Therefore, I cannot honestly punish the meter. Somebody may make the meter run, may be surreptitiously, and it is this particular thing which is not always known to us. Now that we have come to grips with it, and now that we have arrested these two people, I am more than sure that the cooperation of this House will give us fuller strength to meet with the situation.

श्री अमर नाथ चावला : (दिल्ली सदर) अध्यक्ष महोदय, मैं ऐंटी करप्शन विभाग की सराहना करना चाहता हूं कि जो बहुत असें से यह रैकेट चल रहा था उस को उन्होंने पकड़ा कई सालों से प्राइवेट सर्विसक्राइबर्स की यह

कम्प्लेन्ट आ रही थी कि कई महीनों के अन्दर उन के बिल एकदम जम्प कर जाते थे और इस के लिए उन्होंने ने दरखास्तें भी दीं, उस के ऊपर विभाग ने कोई कार्यवाही नहीं की। अगर विभाग कार्यवाही करता तो शायद पहले ही वह पकड़ में आ जाते। इस के ऊपर मंत्री महोदय क्या कोई जांच बैठाने का वायदा करेंगे ?

मैं एक चीज और कहना चाहता हूं कि सट्टा व्यापारियों को जो टेलीफोन कनेक्शन दिये जाते हैं इस इल्लीगल ट्रेड के लिये, क्या ऐज सच उन को आप डिबार करेंगे कि वह टेलीफोन कनेक्शन न ले सकें, जैसा कि फतेहपुरी में बहुत से व्यापारी ऐसा काम करते हैं ?

श्री हेमवती नंदन बहुगुणा : अध्यक्ष जी, पहले क्या होता था, यह मैं नहीं कह सकता हूं। लेकिन अब ऐसा न होने दें यह हमारा अथक प्रयास रहेगा।

जहां तक फतेहपुरी के सट्टे बाजार का सवाल है, मेरे मित्र जो होम मिनिस्ट्री में हैं उन से हम सहयोग लेने की चेष्टा करेंगे कि किस तरह से सट्टा व्यापारियों पर हम नज़र रख सकते हैं।

RE : RELIEF MATERIAL FOR BANGLA DESH REFUGEES

SHRI INDRAJIT GUPTA (Alipore) : Sir, with your permission, I would like to draw the attention of the house and the Government to a very serious bit of news which has appeared in yesterday's Calcutta papers to the effect that a very large quantity—several hundred tonnes—of relief material which had been received from various foreign countries and agencies for the relief of Bangla Desh refugees, is lying uncleared at the Dum Dum airport. A photograph also has been published, and the report says that from Denmark, Canada, the United Nations, and

[Shri Indrajit Gupta]

relief organizations such as the International Red Cross and so on, a large amount of material-medicines; drugs, foodstuff, tents and such like things has arrived, and it says— I may with your permission, read one short paragraph :

“Despite repeated requests to the Relief and Rehabilitation Ministry, the Relief Department of the Government of West Bengal and Red Cross Society, to take delivery of the goods, none has come forward.....”

This is a strange thing; that there is no room there, and if more material keeps on arriving, there would be no place to stock them. Some of the stock which had come from Canada, which they call high protein cod fish, is lying in a place where it is exposed to rain and some of it got damaged also. But there is nobody to clear it. We have here been told every day that all these measures are being taken on an absolutely emergency and top priority footing. This is a very alarming piece of news. If this is the way relief is going to be administered, I would ask you, and through you I would request the Government, to assure the house immediately that steps will be taken to see that timely and prompt clearance of this relief material is done, and we would also like to know what is the exact position at present.

DR. RANEN SEN (Barasat) : In this connection, I may add—

MR. SPEAKER : No, no.

DR. RANEN SEN : Yesterday, I returned from Calcutta, and that is why I want to make a submission in this connection.

MR. SPEAKER : Mr. Indrajit Gupta has already stated it. You must give some previous notice to me.

DR. RANEN SEN : This is the time of act. It is not merely a question of the Minister making a statement. Unless these materials are lifted from the airport, they

may become useless. The whole airport is full of these materials. That is the first point.

Secondly, the people outside the airport are without any shelter; without any food and without any medicine. While food and medicine are being stocked there, they are not used by anybody. It is a very sad situation. That is why the Government's attention is being drawn now, and the Government has to act now. There is no question of making a statement and trying to satisfy the Members of this house. The cholera epidemic is breaking out and more than 10,000 people are dying, and not merely that one lakh people are suffering and are affected by cholera and the whole of West Bengal is seriously affected by it, not to speak of Bangla Desh. This is criminal negligence on the part of the authorities, whether it is the State Government or it is the Central Government. Now there is real necessity that the Government should immediately send an SOS and try to clear the whole thing.

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : Government entirely share the distress of the hon. Members if any delay has taken place. According to the information that we have received this morning, after we learnt of this issue, all the consignments were cleared immediately, as soon as they were received.

A consignment of 32 tonnes from UNICEF which arrived last evening by Kaledonian Airways was cleared. The only consignment that remains so far uncleared is the one addressed to Cooch Behar relief society by name. We have asked the Additional Secretary who is there to get in touch with the society concerned and we are hopeful that this would be cleared in the course of the day. I can assure hon. Members that we have issued clear instructions, and we are prepared to issue them again, that the relief consignments should be cleared immediately. We are distressed that the whole of the Dum Dum airport should be cluttered with these consignments and we want them to be removed as soon as possible. All the agencies will do whatever is necessary to remove them.

GENERAL BUDGET, 1971-72—GENERAL DISCUSSION—Contd.

MR. SPEAKER : The House will now take up general discussion of the general budget. We have still 5 hours and 15 minutes. When would the Minister like to reply ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : I would like to reply some time tomorrow, either 3 O'Clock or 4 O'Clock. 4 O'Clock would suit me very well. I will take 50 minutes to 1 hour.

MR. SPEAKER : Shri Shivpujan Shastri will continue his speech.

श्री शिवपूजन शास्त्री (विक्रमगंज) : अध्यक्ष महोदय, इस वर्ष का बजट हमें एक नई दिशा की तरफ ले जाता है, इस लिये वित्त मंत्री जी बधाई के पात्र हैं। यह बजट देश की वर्तमान आर्थिक स्थिति की पृष्ठभूमि में है। देश की आर्थिक स्थिति तरक्की पर है, खासकर कृषि उत्पादन 5 प्रतिशत से भी अधिक बढ़ा है। औद्योगिक उत्पादन 5 प्रतिशत अधिक बढ़ा है, लेकिन जितना होना चाहिये उतना नहीं हो रहा है। खासकर खाद्यान्न 100 प्रतिशत अधिक हो रहा है। 1950 में 5 करोड़ टन अन्न होता था लेकिन 1971 में 10.5 करोड़ टन हो रहा है। इस तरह हम देखते हैं कि कृषि उत्पादन दिन दिन बढ़ रहा है। अभी मैंने अपने निर्वाचन क्षेत्र में देखा कि जिन खेतों में एक फसल होती थी, उन में तीन फसलें निकालने की तैयारी हो रही है। मई और अप्रैल के महीने में जहाँ पर पहले कुछ नहीं होता था वहाँ घान बोया जा रहा है। इस मामले में लोग विज्ञान से भी मदद ले रहे हैं और गांवों में भी खेती के लिये ट्रैक्टरों का व्यवहार कर रहे हैं। अगर इस तरह से देखा जाय तो देहातों में कृषि उत्पादन काफी तरक्की पर है। कभी सिर्फ इस बात की है कि जो किसान एक बीघा या पांच बीघे तक भूमि में खेती करते हैं वह ट्रैक्टर को व्यवहार में नहीं ला सकते हैं और अच्छी खाद भी इस्तेमाल नहीं कर सकते हैं। उन के लिये खाद और ट्रैक्टरों का इन्तजाम किया जाना चाहिये।

जहाँ तक पिछले वर्षों का सवाल है, मंत्री महोदय उन को ध्यान में रखते हुए आगे के लिये विचार कर रहे हैं और तैयारी कर रहे हैं। उत्पादन में जो कमी है उस के लिये मंत्री महोदय जिम्मेदार नहीं हैं। उस के लिये देश में काफी जागरूकता लाने की जरूरत है और

लोगों में उत्पादन के प्रति जागरूकता उत्पन्न करने की आवश्यकता है। आज कल हम देखते हैं कि देश में उन चीजों के दाम भी बढ़ रहे हैं जिन पर टैक्स नहीं लगाया गया है। इस का मतलब यह है लोगों की आदत खराब हो गई है। लोग एक नई आदत सीख चुके हैं और वह यह है कि चीज को चुरा कर, नक्ली कमी कर कर के उस को मंहगा कर देते हैं। इस आदत के खिलाफ देश भर में एक नई जागरूकता लाने के लिये तहरीक चलनी चाहिये। यह बजट की कमी नहीं है, यह हम माननीय सदस्यों की कमी है कि हम देश में ऐसा वातावरण नहीं तैयार कर रहे हैं जिस में लोग नाजायज तरीके इस्तेमाल न कर सकें।

अब हम कुछ बजट प्रस्तावों को देखें। लेकिन उस के पहले हम बजट के खर्च पर भी विचार करें। बजट के खर्च को पूरा करने के लिये 177 करोड़ रु. के टैक्स लगाये गये हैं और 220 करोड़ रु० का घाटा छोड़ दिया गया है। लेकिन यह 177 करोड़ रु० बजट में किस काम के लिये रक्खा गया है? जो भी प्रत्यक्ष कर हैं, हम देखते हैं कि कोई भी आदमी उन का विरोध नहीं कर रहा है, क्योंकि यह टैक्स उन लोगों पर लगाये गये हैं जिनसे रुपया लेना चाहिए, जिनके बारे में ऐलान किया है कि हम उन से लेंगे जिन के पास है और उस को हम उन लोगों पर खर्च करेंगे जिन के पास नहीं है। बजट में ठीक वैसा ही किया गया है। जो प्रत्यक्ष कर लगाये गये हैं उन से प्राप्त होने वाला रुपया उन लोगों के लिये रक्खा गया है जिन को उसकी जरूरत है। मंदे पेर जो टैक्स लगाया गया है उस से 7 करोड़ रु० बसूल होगा, वह सारा बच्चों के लिये खर्च किया जा रहा है। क्या बच्चों पर होने वाले खर्च को पूरा करने के लिये मंदे पेर कर लगाना जरूरी नहीं है। इस तरह से देखा जाय तो जितने भी खर्च की मंदे हैं कोई भी नहीं कह सकता है कि उन को काम में नहीं लाया जाना चाहिये।

हमारे वित्त मंत्री जी ने जान बूझ कर उन्हीं मदों को रक्खा है जिन पर खर्च करना बहुत जरूरी है।

जहां तक घाटे के बजट की बात है वह पहले से ही चला आ रहा है, और इस साल घाटे की मद पारसाल से कम है। इस तरह से हम पूरी पूरी कोशिश कर रहे हैं कि घाटे का बजट न होने पाये, लेकिन वह एक दो साल में नहीं हो सकता, उस के लिये कुछ और वक्त चाहिये।

जहां तक समाजवाद का सवाल है, वह तो एक प्रक्रिया है। एक जीवन की राह है। उस के पीछे सिद्धान्त इतना ही है कि समान अवसर सब को मिलना चाहिये, हर एक व्यक्ति को जीने का अवसर मिलना चाहिये। यह अवसर तभी होगा जब जिन लोगों के पास जीवन के ज्यादा साधन हैं, उन से उन को लेकर ऐसे लोगों को दें जिन के पास वह साधन नहीं हैं। यह बिल्कुल जायज है, यह सामाजिक न्याय के अनुकूल है। इस तरह से हम देखते हैं कि बजट के जितने प्रस्ताव हैं वे एक सिद्धान्त के अनुकूल हैं। जो लोग इसका विरोध करते हैं उनके सिद्धान्त कुछ अलग ही प्रकार के होंगे। जो समाजवादी लोग हैं, जो लोग आर्थिक जीवन को पूरे राज्य के हाथ में रखना चाहते हैं उनका राज्य भी एक नई किस्म का होता है, जिस में तानाशाही का मौका होता है। हम उस राज्य कला को, राज्य चलाने के कार्य को पसन्द नहीं करते हैं। हम तो ऐसा राज्य चाहते हैं जिस राज्य में प्रत्येक व्यक्ति को पूरी तरह से विकसित होने का अधिकार मिले। प्रत्येक व्यक्ति को वह अधिकार तभी मिलेगा जब उसको बराबर के अवसर मिलेंगे। इस बजट में बराबर के अवसर देने का प्रयत्न किया गया है। इसलिए मैं इस बजट का समर्थन करता हूँ।

SHRI S. S. MOHAPATRA (Balasore) : Mr. Speaker, Sir, listening for so many hours to the discussion on the Budget, as a teacher of political economy for many years and also as a student, who has read economics and politics, I can only say in this House that this Budget cannot be called a socialist budget but it is a budget which has processed the fundamentals which will go to shape the socialist economy of our state in future. As the Minister, Shri Ganesh, told us the other day, this only budget cannot initiate the process of socialism; there will be many more budgets in this country to be propounded and given to the people by this Government, which will make the sum total of our socialist realisation.

I have listened to the arguments of learned Members in the Opposition who have said that this is not a socialist budget. I have my own conviction that it is very difficult to bring a socialist budget in a democratic set-up. Unless we have partial dictatorship, it is very difficult to control the means of distribution and production in this country. I believe, Shrimati Indira Gandhi, who has been given a mandate by the people to bring socialism to this country can also act as a partial dictator (*Shri Piloo Mody* : She is.) with full cooperation of the people of this country to bring economic resurgence in this sub-continent.

We have heard the budget speeches of previous ministers in this independent country. We have heard Shanmugham Chetty; we have heard Dr. John Mathai; we have heard Shri Deshmukh; we have heard Shri Morarji Desai; but Shri Chavan's budget has evoked full throated hopes in this country and the country expects that in course of time this budget will be the forerunner of further socialist budgets.

I must say that nothing more could be expected in a country which passed through a non-violent revolution. It is possible for Soviet Russia to give socialist budgets in five years' time and it has not been given in Soviet Russia. We have been hearing from the Soviet leaders that free bread will be available to the Soviet people. The Bolshevik Revolution came in 1918 and this is 1971; during all these years the Soviet people have not got free bread. So I say,

in the present circumstances nothing more could be expected of this Government. Probably for the first time in the economic as well as the political history of India this Government has aroused hopes and we can expect that the future budgets will definitely be according to the liking of the people.

We have heard criticism that additional taxes have been imposed on cigarettes, textiles, petrol, telegrams and telephones and that there has been a ceiling on company remuneration. But I must say that this country has to be roused to a sense of supreme sacrifice, no country can achieve socialism. The people of Russia, China, Hungary, Rumania, Yugoslavia, Czechoslovakia—all the socialist countries, whatever, we may name them—must have made the supreme sacrifice for bringing socialism. But we people in our country do not have that spirit of socialist realisation and of sacrifice.

We know, the ministers are living a life of luxury. We know even a parliamentarian like myself, who has been elected by the downtrodden people, who are unfed and unclad, leads a life which I should not lead. At least 50 per cent of remuneration that I get should go to the people. So I say, unless we are roused to the sense of supreme sacrifice, nobody can achieve socialism in this country; socialism will be a hyperbolic nonsense and will never be reality.

The rich agriculturists should have been taxed more in this budget. In Russia the rich kulaks were found to be counter-revolutionary and reactionaries. The Bolshevik Government tried to control them there was a revolution against them. The rich landed peasantry in this country has closed the door for an agrarian revolution. There should be distribution of land and of the national wealth. Then only the common people, the peasants and workers, may realise that here is a government which can give us socialism. This government is bound to be a workers' and peasants' government some day. Then only we can have socialism. When we will find that this government has representation of the workers and peasants—that is what Pandit Nehru thought of and what late Gandhiji also aspired to—then only we can

feel that the future budgets will be in the line of popular thinking and popular desire.

Shri Chavan, the Finance Minister, has earmarked Rs. 60 crores for Bangla Desh. Bangla Desh is a great problem not only for us but for the whole world. It is an international responsibility. But people outside in the country, 55 crores of Indians, feel that probably the India Government could have acted more vigorously, does not matter if it would have amounted to a sense of a little aggression across the border. Rs. 60 crores is nothing. Shri Chavan has shown his supreme sense of financial calculation by trying to narrow the balance of payments gap and all that, thereby trying to secure the economic foundation of this country. But Bangla Desh is a foreign relation question which is very much tied up with our foreign policy.

Our foreign policy is a socialist foreign policy. Long back when Sir Girija Shankar Bajpai was controlling our foreign relations, one of our ambassadors met Sir Vincent Aureol and talked to him about Indian foreign relations. Sir Vincent Aureol said, "I can understand very much about the first sex and the second sex, but your foreign policy is the third sex in politics." For many years it was so, but Nehru changed the very course of Indian foreign policy. Shrimati Gandhi is today following the path which was shown by the late Panditji, of non-alignment. The Bangla Desh question is bound to be a burning question for many years to come and not only Rs. 60 crores but it may so happen the finance Minister has to keep apart Rs. 600 crores for such questions.

Shri Chavan has earmarked Rs. 25 crores for the educated unemployed people. Here I must say that Shri Chavan has not realised the feelings of the vast multitude of unemployed people in this country. I come from a place where probably 90 per cent of the people are in hunger. Rs 25 crores is nothing. We assured the people before the elections that probably from every family one one will get a job somewhere who will get his food. If India has

55 crores of people and there are 4 crores or 5 crores of families, how are we going to employ these 5 crores of unemployed people ?

The unemployed people are becoming Naxalities. The cream of universities, people who topped in universities in West Bengal are becoming Naxalites, because they are unemployed. They do not get food to eat ; they do not have proper clothing ; they see their fathers dying of hunger and their mothers cannot give a morsel of food to the dying children. What will be their reaction ? These educated unemployed people, who got first division in universities brilliant technicians and scientists, do not get any employment. What will be their mental reaction ? The reaction will be the that they will turn into either Naxalites or militant socialists or anything that you may call it. You have to think about these unemployed people and have a crash programme. Now, Rs. 12 lakhs have been given to every district. What will happen ? In a block, one hundred people are to be given employment now I know thousands are there who are not getting food to eat. We are thinking of giving employment to only 100 people in a block. It is nothing, even a collection of pebbles on the seashore. The hon. Finance Minister has to think on this line.

In conclusion, I say, the country has reposed confidence in him, the country has reposed confidence in the Prime Minister and the country thinks, feels and hopes very strongly that socialism is around the corner.

श्री गंगा चरण बोसित (खंडवा) : अध्यक्ष महोदय, वित्त मंत्री ने 1971-72 के लिए जो आय व्ययक प्रस्तुत किया है, मैं उस का समर्थन करता हूँ। जब कोई भी विकासशील देश लोकतांत्रिक व्यवस्था के अन्तर्गत अपनी आर्थिक उन्नति और समृद्धि के चरम लक्ष्य को प्राप्त करने की कोशिश करता है, तो उस को नाना प्रकार के अवरोधों, विरोधों, आलोचनाओं और निन्दाओं का सामना करना पड़ता है। विकासशील देशों में बजट बनाते वक्त आर्थिक उन्नति और वित्तीय स्थिति में संतुलन लाने के लिए

[श्री गंगा चरण दीक्षित]

जनसाधारण पर किसी न किसी प्रकार का बोझ डालना ही पड़ेगा।

यह निस्संकोच कहा जा सकता है कि सरकारी पूंजी निवेश में बढ़ती-चढ़ती किये बिना हम अपने देश की अर्थ-व्यवस्था में किसी प्रकार की उन्नति नहीं कर सकते। हम बजट से यह बात स्पष्ट भलकती है कि हमारी अर्थ-व्यवस्था इतनी जड़ता की दयनीय व्यवस्था में पहुंच गई है कि वित्त मंत्री के लिए सिवाये इधर से कुछ तोड़ने और उधर से कुछ जोड़ने के और कोई चारा नहीं था। लेकिन इस जोड़ने और तोड़ने में भी उन्होंने बड़े कौशल के साथ प्लास्टिक सर्जरी की और इस चातुर्य के साथ बजट को हमारे सामने प्रस्तुत किया कि हमें उस की सराहना ही करनी पड़ती है।

ऐसा मालूम पड़ता है कि वित्त मंत्री गीता के बड़े उपासक हैं और वह गीता के जीवन-दर्शन को हमारे वित्तीय क्षेत्र में उतारना चाहते हैं। जैसा कि मेरे पूर्ववक्ताओं ने कहा है, यह बजट त्याग की अपेक्षा करता है। जब तक इस देश में त्याग की भावना नहीं आयेगी, तब तक हमारी अर्थ-व्यवस्था में सुधार, हमारे देश की प्रगति और हमारी स्वतन्त्रता की रक्षा नहीं हो सकती। एक बात जरूर है कि यह बजट त्याग की अपेक्षा तो जरूर करता है, लेकिन “तेन त्यक्तेन मुंजीथाः” की शर्त पूरी होना अभी बाकी है। जनसाधारण पर केवल कुछ कर लगाया गया है। यदि हम इस बात की कोशिश करते हैं कि हमारा जनसाधारण तनिक भी कराचार के भार से न दबे, तो हम ने जो स्वतन्त्रता प्राप्त की है, उसकी किस प्रकार हम रक्षा कर सकेंगे? स्वतन्त्रता प्राप्त करना कठिन है, लेकिन प्राप्त की हुई स्वतन्त्रता की रक्षा करना उस से भी ज्यादा कठिन है। इस लिए

यदि जनसाधारण पर कुछ थोड़ा सा कर भार आ जाता है, तो उस को लेकर शोर मचाना या नकरात्मक नारे लगाना ठीक नहीं है।

जहाँ तक करों का सम्बन्ध है, वित्त मंत्री ने एक से चार तक पावरलूम चलाने वालों को संयुक्त उत्पादन-शुल्क में कुछ छूट दी है। मैं उस की तारीफ करता हूँ। लेकिन मैं उन से यह अपेक्षा करता था कि वह एक से चार पावरलूम चलाने वालों के संयुक्त उत्पादन-शुल्क को पचास रुपये से दस रुपये करने के साथ साथ उन पर से सेंट्रल एक्साइज ड्यूटी को भी हटा देंगे, ताकि गरीब बुनकरों को काफी राहत मिल सके। आश्चर्य तो इस बात का है कि जो चार इकाई से ऊपर लूम चलाते हैं, उन पर सेंट्रल एक्साइज ड्यूटी कम है, बल्कि जो पावरलूम पर टेरिलीन, नाईलोन और रेशम बनाने वाले हैं, उन पर सेंट्रल एक्साइज ड्यूटी नहीं है और उन्हें सेंट्रल एक्साइज ड्यूटी का लाइसेंस भी नहीं लेना पड़ता है। वित्त मंत्री महाराष्ट्र से आते हैं, जहाँ विद्युत-चालित करघे भारतवर्ष में सब से ज्यादा चलते हैं। अगर वह एक से चार पावरलूम चलाने वालों को संयुक्त उत्पादन-शुल्क में राहत दे सकते हैं, तो मैं उन से यह आशा करता हूँ कि वह उन पर सेंट्रल एक्साइज ड्यूटी भी माफ कर देंगे।

वित्त मंत्री ने अपने बजट भाषण में यह घोषणा की है कि सब राज्य सरकारों में समानता रहेगी, असमानता नहीं। यह एक साहसी कदम है। लेकिन मुझे यह देख कर हैरानी होती है कि एक प्रान्त स्टेट बैंक की शाखाएँ पावरलूम वालों को 2200 रुपये का लोन देती हैं, जब कि उस के पास के ही दूसरे प्रान्त में उसी स्टेट बैंक की शाखाएँ 750 रुपये का लोन देती हैं। मैं इस सम्बन्ध में स्टेट बैंक के मैनेजर्स से मिला। मैं ने उन से पूछा कि क्या कारण है कि महाराष्ट्र में एक पावरलूम

को 2200 रुपये लोन मिलता है, जब कि महाराष्ट्र के साथ लगे हुए मध्य प्रदेश में एक पावरलूम को 750 रुपये से ज्यादा लोन नहीं दिया जाता है। उन्होंने केवल यही बताया कि हम स्थानीय परिस्थितियों की देख कर ऋण देते हैं। मैं वित्त मंत्री से निवेदन करना चाहता हूं कि वह इस ओर ध्यान दें और दो राज्यों के साथ बरते जाने वाली असमानता को दूर करें।

कुछ चीजों को विलासिता की चीजें कह कर यदि हम उन पर टैक्स लगायें, तो वह समझ में आता है। मैं देखता हूं कि वित्त मंत्री ने हरिजन और आदिवासी आदि पिछड़ी जातियों के बच्चों के लिए पब्लिक स्कूलों में पच्चीस प्रतिशत स्थान रिजर्व किये हैं। ताकि वे जा कर समाज के साथ बराबर से एक कंधा लगा कर काम करें। समझ में नहीं आया कि एक ओर तो हम यह कोशिश करते हैं कि पिछड़े वर्ग के लोग हमारे कंधे से कंधा लगा कर हमारे समकक्ष और हमारे साथ बैठें, लेकिन जब शिक्षित हो जायं तब अगर वह बिजली का बल्ब लगाने की कोशिश करें या चीनी के बर्तन में खाना चाहें या वह साबुन का उपयोग करना चाहें तो उन को ज्यादा खर्च करना पड़े। इन को भी यदि हम विलासिता की चीजें समझें तो अन्तर्राष्ट्रीय जगत जब यह देखेगा कि भारतवर्ष में साबुन, चीनी के बर्तन बिजली का बल्ब यह भी विलासिता के अंदर गिने जाते हैं तो यह जरा शर्मनाक बात भारत के लिए होगी।

मैं एक बात और कहना चाहता हूं कि यह पहला ही बजट नहीं है जो कि घाटे का बजट है। इस के पहले भी घाटे के बजट आए और उन बजटों को हमने पचाया। इस से पहले जितने भी घाटे के बजट आए उन को हम ने पचाया और मैं आशा करता हूं कि यह घाटे का

बजट भी हम पचाएंगे। इस घाटे के बजटों के माध्यम से ही हमने क्या क्या नहीं किया? हम ने नये नये कारखाने खोले, हम ने कृषि के उत्पादन में बढ़ोत्तरी की। आज जब हम पुराने जमाने के काश्तकार का चित्र अपने मस्तिष्क में लाते हैं तो ढलते सूर्य के लालिमा-युक्त क्षितिज की पृष्ठभूमि में लड़खड़ाते कदमों को लिए हुए, झुकी हुई कमर, साथ ही साथ हल अपने कंधों पर रखे हुए एक मनुष्य का चित्र हमारे मस्तिष्क में उभर आता है। और आज जब हम उस काश्तकार का चित्र अपने मस्तिष्क में उठाना चाहते हैं तो हमें उस में सजगता दिखती है, चेतनता दिखती है, उस के कदमों में ताकत दिखाई देती है। आज के काश्तकार का नमूना पंजाब का काश्तकार है। पंजाब के काश्तकार को जब हम देखते हैं तो हमारे सामने एक विशाल वक्षःस्थल वाला मानव दिखाई देता है। हमें मालूम पड़ता है कि एक सजग काश्तकार और एक्सचेतन काश्तकार हमारे सामने खड़ा है। तो हम ने काश्तकारी में उन्नति की ओर जो शस्य श्यामलां मातरम् गीत हम गाते हैं उसे हमने चरितार्थ किया। इस से पहले पुराने जमाने में भिक्षा देहि, भिक्षा देहि का गीत जो हम गाया करते थे यह एक शर्मनाक बात भारत के लिए थी। हम कोशिश कर रहे हैं कि हमारा देश स्वावलम्बी बने। इससे पहिले भी बजट घाटे के थे। लेकिन उस समय हम तात्कालिक फायदा उन बजटों से नहीं ले सके। आज हमें उम्मीद है कि घाटे का बजट रहते हुए भी हम यह प्रयत्न करेंगे कि नई क्षमताएं पैदा करें और उत्पादन ज्यादा बढ़ाएं। लेकिन साथ ही साथ यह भी हमें स्याल रखना पड़ेगा कि केवल उत्पादन बढ़ाने से ही घाटे की पूर्ति हम नहीं कर सकेंगे, हमें प्रशासनिक योग्यता लानी पड़ेगी। हमें मितव्ययिता लानी पड़ेगी। हमें जल्दी से जल्दी जो निर्णय करते हैं वह निर्णय लेने पड़ेंगे। जब हम यह तीनों बातें करेंगे तो हमें उम्मीद है कि हम इस घाटे

[श्री गंगा चरण दीक्षित]

के बजट के रहते हुए भी तरक्की करेंगे और हमारा राष्ट्र आगे बढ़ेगा।

मैं एक दो मिनट मध्य प्रदेश के बारे में कह देना चाहता हूँ। मध्य प्रदेश का विस्तार उस के अंदर पिछड़े वर्गों की अधिक संख्या, साथ ही साथ साधनों की बहुलता होते हुए भी उन के दीहन करने के लिए जो वित्तीय सहायता हमें केन्द्रीय सरकार से नहीं मिलती वह एक बड़ी शर्मनाक बात मध्य प्रदेश के लिये है। मध्य प्रदेश में बहुत बड़े साधन हैं। उस का कोई अंचल आप देखें तो वह खनिज की सम्पदा से भरा हुआ मिलेगा। कोई उसका भाग देखें तो चावलों का भण्डार उसे कहा जाता है और साथ साथ गेहूँ के उत्पादन में भी हम विश्व के अन्य किसी भी मार्ग के समकक्ष खड़े रह सकते हैं। हमारे पास वन-सम्पदा अधिक से अधिक है। संयुक्त राष्ट्र संघ के एक और खाद्य और कृषि के विशेषज्ञ प्रोफेसर विस्ट ने कहा है कि मध्य प्रदेश में इतनी ज्यादा वन सम्पदा है कि उस वन सम्पदा से 92 मिलियन घन मीटर औद्योगिक लकड़ी का हम उत्पादन कर सकते हैं। जब कि आज केवल 9 मिलियन घन मीटर वन सम्पदा का उपयोग किया जा रहा है। 92 मिलियन घन मीटर के बजाय केवल 9 मिलियन घन मीटर वन सम्पदा का उपयोग हो पाता है केवल इसलिए कि केन्द्रीय सरकार से वित्तीय सहायता नहीं मिलती। मेरी प्रार्थना है वित्त मंत्री सहोदय से कि मध्य प्रदेश के विस्तार को देखते हुए, मध्य प्रदेश की वन-सम्पदा को देखते हुए, मध्य प्रदेश की खनिज की बहुलता को देखते हुए केन्द्रीय शासन की ओर से उस की अधिक से अधिक सहायता करने की कृपा करे।

श्री सतपाल कपूर (पटियाला) : अध्यक्ष महोदय, मैं बजट के सिलसिले में कुछ बातें

कहना चाहता हूँ। यह बात दुरुस्त है कि इस बजट में जो आउट लाइन दी गई है उसके सिलसिले में एक बात साफ है कि कोशिश की गई है कि हम समाज को बदलें। लेकिन ऐसा लगता है कि जैसे आधे मन से कोई आदमी काम करे; बुझे हुए मन से कोई आदमी काम करे। इस बजट में समाज को बदलने की बातें, मोनोपली को कर्ब करने की बातें तो की गई हैं लेकिन वह सिर्फ आधे मन से या बुझे हुए मन से करने की बात-नजर आती है। आज हमारे सामने यह सवाल नहीं है कि हम इस बजट को किस तरह से पाम करते हैं। सवाल यह है कि आज हिन्दुस्तान के लोग चाहते क्या हैं? उस प्रेरणा को, उस नारे को जो एनेक्शन में हमने लगाया हिन्दुस्तान की जनता आज देखना चाहती है उस तरफ हम कदम उठाते हैं कि नहीं उठाते हैं। यह मैं मानता हूँ कि इस तरफ कोशिश की गई है। लेकिन जो जो कदम उठाने की जरूरत है उस तरफ पूरी संजीदगी के साथ, सीरियसनेस के साथ ध्यान नहीं दिया जा रहा है। मैं कहना चाहता हूँ, आप कहते हैं कि आमदनी बढ़ाती है। लेकिन हमारा बहुत सा खपता जाया हो रहा है। जब तक आप इस मुल्क में मिक्सड एकोनामी सिस्टम रखेंगे, मुश्तर्का इक्वितादी सिस्टम रखेंगे तब तक पब्लिक सेक्टर कामयाब नहीं हो सकता। इसलिए जरूरत इस बात की है कि पूरे दिल से, पूरी हिम्मत से कोशिश कर के हमें मोनोपली को कर्ब करना है। आज हमारे ऊपर इल्जाम लगाया जाता है कि पब्लिक सेक्टर कामयाब नहीं हो रहे हैं जब कि प्राइवेट सेक्टर कामयाब हैं। क्यों? क्यों कि पब्लिक सेक्टर बेसिक इंडस्ट्री में जाता है और प्राइवेट सेक्टर कन्स्यूमर्स इंडस्ट्री में जाता है। वह प्राफिट भी करता है, हम उसका नफा कमाने की इजाजत भी देते हैं, पूरा उसको कंट्रोल भी नहीं करते, उसको ब्लैक करने की इजाजत देते हैं, उसको फलने फूलने की इजाजत देते हैं और उसकी यह भी इजाजत देते हैं कि

वह हमारे पब्लिक सेक्टर में आकर हमें सेबोटेज करे। इसको रोकने की जरूरत है, बदलने की जरूरत है। इस मुल्क में तब्दीली तब तक नहीं आ सकती जब तक आप पब्लिक सेक्टर को कन्ज्यूमर्स गुड्स में इंट्रोड्यूस नहीं करेंगे, जब तक आप प्राइवेट सेक्टर को, मोनो-पलीज को कर्ब नहीं करेंगे। आज हम हर बात को अवायड करते हैं। हम सोचते हैं कि इस मसले को टच करें या न करें। जैसे आज एक बड़ा सवाल है रूरल सेक्टर के अंदर बड़ी आमदनी वालों पर टैक्स लगाने का। फ्यूडल सिस्टम को हम सीलिंग के जरिए घटाना चाहते हैं, सीलिंग से वह बच निकलते हैं। ऐग्रीकल्चरल सिस्टम पर हम टैक्स नहीं लगाना चाहते, ट्रैक्टर पर टैक्स लगा कर उसकी पूर्ति करना चाहते हैं। आज हिन्दुस्तान की प्राबलम है प्राइवेट सेक्टर की मोनोपली, आज हिन्दुस्तान की प्राबलम है बैंड ऐडमिनिस्ट्रेशन, आज हिन्दुस्तान की प्राबलम है पब्लिक सेक्टर का प्राफिट में न चलना हिन्दुस्तान में प्रबलम है बेकारी की, हिन्दुस्तान में प्राबलम है ऐग्रीकल्चर की। ऐग्रीकल्चर सेक्टर में जो बड़े बड़े फर्म बने हुए हैं, उन पर टैक्स लगाना चाहिये। इन तमाम बड़े बड़े मसलों के बारे में.....

अध्यक्ष महोदय : आप लंच के बाद अपनी स्पीच जारी रखें।

[MR. DEPUTY-SPEAKER in the chair].

GENERAL BUDGET, 1971-72—GENERAL DISCUSSION—contd.

श्री सतपाल कपूर : डिप्टी स्पीकर साहब, इससे पहले में कुछ बातें आपकी मार्फत कह चुका हूं। इस बजट से हम कोई बुनियादी तब्दीली नहीं कर सकते हैं। अगर इसी रफ्तार से, जैसे कि हम चल रहे हैं समाज बदलने की तरफ, हम चलें तो मुझे उम्मीद है कि हम कभी अपनी मंजिल की तरफ पहुंच नहीं सकते हैं। आज जरूरत है समाज बदलने की। इस किस्म का बजट, इस किस्म का जज्बा, यह रफ्तार वेलफेयर स्टेट की तरफ तो ले जा सकती है लेकिन सोशलिस्ट स्टेट की तरफ, सोशलिज्म की तरफ हम इस तरह चल नहीं सकते हैं, बढ़ नहीं सकते हैं। उसके लिए हमें बुनियादी तब्दीलियां करनी पड़ेंगी। यह ठीक है कि इस बजट में कुछ बातों की तरफ रौशनी डालने की कोशिश की गई है लेकिन इस बजट ने सरमायेदारों पर तो कोई बहुत बड़ा फर्क नहीं डाला लेकिन गरीब लोगों को नाराज जरूर किया है। तो जरूरत है समाज बदलने की और समाज इस रफ्तार से हम बदल नहीं सकते, उसके लिए कुछ बड़े बड़े काम करने पड़ेंगे। आज हमारा समाज जिस तरह से चल रहा है, हम बेकारी दूर करना चाहते हैं जोकि एक बहुत बड़ा मसला है लेकिन उसके लिए जितनी बड़ी स्पिरिट, जितनी बड़ी कोशिश जितनी हिम्मत करने की जरूरत है वह हम कर नहीं रहे हैं। हम इश्यूज को फेस नहीं करते बल्कि हाच-पाच करके, कनफ्यूज करके छुटकारा हासिल करने की तरफ हम बढ़ रहे हैं। यह तरीका चलने वाला नहीं है, इसको बदलना होगा। आज हमारे देश में हम चाहते हैं कि पब्लिक सेक्टर मजबूत हो लेकिन पब्लिक सेक्टर तो मजबूत होता नहीं बल्कि हमारे काम करने के ढंग से प्राइवेट सेक्टर मजबूत होता है और जहां जहां प्राइवेट सेक्टर को दिक्कत आती है उसके शेयर्स

[श्री सत्पाल कपूर]

हम खरीद लेते हैं। अगर इसी ढंग से पब्लिक सेक्टर बनाना है तो पब्लिक सेक्टर, सोशलिस्ट समाज और सोशलिस्ट एकोनामी ये तीनों बातें विलड होने वाली नहीं हैं, बनने वाली नहीं है, यह बात हमें समझ लेनी चाहिए।

एक सवाल यह है कि नये समाज को बनाने के लिए और बुनियादी तब्दीली करने के लिए क्या हमारा मौजूदा एडमिनिस्ट्रेटिव ढांचा हमें उस तरफ जाने में मदद देता है? मेरा अपना तजुर्बा है कि आज अगर गरीब के लिए आप कुछ करना चाहें तो उसमें जहां सरमायेदादार एक रुकावट है उससे एक बड़ी रुकावट यह एडमिनिस्ट्रेशन है। एडमिनिस्ट्रेटिव रिफार्म्स कमीशन ने अपनी रिपोर्ट दी है और उनमें इस बात का जिक्र आया है कि आप डिले को किस तरह से दूर कर सकते हैं। लेकिन जिस तरह का समाज हम हिन्दुस्तान में बनाना चाहते हैं उस तरह का न तो हमारे यहां नक्शा है और न उस तरह का एडमिनिस्ट्रेशन है। इस मौजूदा एडमिनिस्ट्रेटिव ढंग से आप इस मुल्क के अन्दर बुनियादी तब्दीली नहीं ला सकते। इस तरीके को बदलना पड़ेगा। आज अगर हिन्दुस्तान में सबसे बड़ी कोई रुकावट है तो वह अफसरों का रवैया है। हर वह काम जो आप करवाना चाहते हैं गरीब के हक में वह नामुमकिन है और अमीर के हक में हर काम जो आप करवाना चाहते हैं गरीब के हक में वह नामुमकिन है और अमीर के हक में हर काम मुमकिन है। सारा एडमिनिस्ट्रेशन, उसकी थिंकिंग, उसकी बर्किंग, उसका ढंग और उसका रवैया सब अमीरों के हक में है और गरीबों के खिलाफ है। इस ढंग से हम मुल्क के लोगों को कोई आराम नहीं दे सकते, इस मुल्क में बुनियादी तब्दीलियां नहीं ला सकते। गरीबी

हटाने की बात आप कह सकते हैं और लोगों से वोट ले सकते हैं लेकिन आप गरीबी हटा नहीं सकते हैं, उसके लिए बहुत बड़ी हिम्मत करनी पड़ेगी। इसके लिए हमें तैयार होना चाहिए।

आज कहा जाता है कि पब्लिक सेक्टर में घाटा है और प्राइवेट सेक्टर में मुनाफा है। क्यों? प्राइवेट सेक्टर में तो हम इक्वायरी करते नहीं कि किस प्रकार से वे मुनाफा कमाते हैं। हमारे पास पब्लिक सेक्टर में वेसिक इंडस्ट्रीज है और प्राइवेट सेक्टर में कन्ज्यूमर गुड्स इंडस्ट्रीज बहुत ज्यादा है, उसमें वे किस किस की घपले-बाजी करते हैं उसकी कोई चेकिंग आज हमारे पास नहीं है। हमने कुछ कंट्रोल लगाया है लेकिन आज जरूरत इस बात की है कि एक जुडिशियल कमीशन मुकर्रर किया जाये जो कि प्राइवेट सेक्टर के काम करने ढंग को इक्वायर करे, जो इस बात को देखे कि प्राइवेट सेक्टर टैक्स को किस तरह से इवेट करता है, किस तरह से वह ब्लैक-मार्केटिंग करता है, प्राइवेट सेक्टर गरीबी को किस तरह से बढ़ाता है, ब्लैक मनी किस तरह से पैदा करता है और किस तरह से इस समाज में तरह तरह की बीमारियां पैदा करता है। आज इस तरह का कमीशन बनाने की जरूरत है। मैं समझता हूं सरकार इस बात की तरफ ध्यान देगी।

आज एक बात यह कही जाती है कि समाज को बदलना बहुत मुश्किल है, गरीबी हटाना बहुत मुश्किल है और पब्लिक सेक्टर को चलाना बहुत मुश्किल है।... (व्यवधान)... यह सब कुछ मुश्किल काम है क्यों कि हमारे विधान में कुछ कमजोरियां हैं। अगर आप समाज बदलना चाहते हैं तो इस मौजूदा विधान से सजाज में बुनियादी तब्दीलियां नहीं ला सकते, यह मैं मानता हूं। तो समाज में बुनियादी तब्दीली लाने के लिए,

गरीब की भोंमड़ी में आराम पहुंचाने के लिए अगर विधान बदलने की जरूरत पड़े तो उसमें कोई रुकावट नहीं आनी चाहिए। इस तरफ हमें ध्यान देना चाहिये। मेरा यकीन है कि जब तक आप मौजूदा विधान के ढांचे को नहीं बदलते तब तक आप बुनियादी तबदीलियां नहीं ला सकते। सरकार को उस उस तरफ ध्यान देना चाहिए।

यह ठीक है कि इस बजट में कुछ गलत टैक्स भी लगाये गये हैं। मिसाल के तौर पर मैदे पर और सिगरेट पर टैक्स लगाया गया। क्या ही अच्छा होता अगर आप रुपये, डेढ़ रुपये तक की सिगरेट को छोड़ देते। हां, जो लोग इंडिया किंग और कैप्सटन पीते हैं उन पर टैक्स लग जाता तो मुझे कोई अफसोस नहीं होता। आप टैक्स लगाते जो क्युटिक्योरा, पीयर्स सोप इस्तेमाल करने हैं। लेकिन गरीब आदमी भी जो साबुन इस्तेमाल करते हैं उन पर भी आपने टैक्स लगा दिया। फिर कहें कि हम बड़े आदमी पर टैक्स लगाये हैं इससे कंट्रिब्यूशन पैदा होता है, कोई जस्टिफिकेशन नहीं है। मिट्टी के तेल का आपने बजट में जिक्र नहीं किया। लेकिन उस पर दूसरे ढंग से ऐडमिनिस्ट्रेशन टैक्स ले आया।

अब मैं स्माल स्केल इंडस्ट्रीज जो पंजाब में हैं उनके बारे में कुछ कहना चाहता हूं। पंजाब में बहुत तरक्की हुई है। ठीक है। पंजाब की तरक्की बिड़ला, टाटा की वजह से नहीं हुई, न आपके पब्लिक सेक्टर के कारखानों से हुई है, न पंजाब में बड़े बड़े महाराजा ने रुपया लगाया, बल्कि वहाँ लोगी ने खुद मेहनत की है और हिम्मत करके इंडस्ट्री में आये हैं। मिस्त्री और किसान का लड़का शहर में आया उसने मेहनत की तो एक कंज्यूमर इंडस्ट्री बनाने में कामयाब हो गया। अब आप टैक्स उस पर

लगा रहे हैं जो 5,000 रु० की मशीनरी अपने घर में लगा कर बैठा हैं। आपको उनको ऐंजॉयमेंशन देना चाहिये। आपको कहना चाहिये कि स्माल स्केल इंडस्ट्री में जो ढाई लाख से ऊपरी की मशीनरी लगा रहा है उस पर टैक्स लगेगा। लेकिन ऐसा न करके जो आदमी 20 हजार रु० की मशीनरी घर में लगाये बैठा है उसको टैक्स करते हैं।

लोहे का कोटा लुधियाना में आम मिस्त्री को नहीं मिलता है। उनको लोहा 1800 रु० के भाव से ही मिलता है, जबकि बड़े बड़े सरमायेदारों को कंट्रोल रेट से मिलता है। आज कोटे का तरीका ऐसा बन गया है कि छोटा आदमी ब्लैक में माल लेता है और बड़े आदमी को सरकारी रेट पर मिलता है। इन सब बातों की तरफ में उम्मीद करता हूं फाइनेंस मिनिस्टर साहब ध्यान देंगे तथा जो गरीबों को दुख देने वाले टैक्सेज हैं उनको वापस लेंगे।

श्रीमती सहोबराबाई राय (सागर) : उपाध्यक्ष जी, बड़े भाग्य की बात है कि तीन दिन के बाद आपने हमें बोलने का मौका दिया। श्रीमन्, मंत्री महोदय ने जो बजट पेश किया है उसका मैं स्वागत करती हूं और हृदय से धन्यवाद देती हूं कि जो टैक्स लगाये गये हैं वे बहुत अच्छे ढंग से और सोच समझ कर लगाये गये हैं। क्योंकि देश में गरीबी बहुत ज्यादा है इसलिये गरीबों की उन्नति के लिये पैसा सरकार को चाहिए और उसका प्रबन्ध वित्त मंत्री जी ने सुन्दर ढंग से किया ताकि गरीबों पर ज्यादा टैक्स न पड़े और उनको ज्यादा पैसा मिले अपनी उन्नति के कामों के लिये, और बड़े लोगों पर ज्यादा टैक्स लगे।

सब प्रगती के माननीय सदस्य बोल चुके हैं, कोई ऐसी चीज बकाया नहीं है जिस पर कि मैं बोलूं। हमारे पंजाब के माननीय सदस्य

[श्रीमती सहोराबाई राय]

ने कहा कि पंजाब में काफी खुशहाली है, सरकार का कुछ भी पैसा नहीं लगा। लेकिन मेरा कहना है कि जितना पैसा सरकार ने लगाया है, या दिया है, वह सब पंजाब में ही तो लगा है। वहां अच्छे साधन हैं, कुएं हैं, सब कुछ पैसा आप ही लड़ कर ले गए। इसीलिये दूसरे प्रान्तों की उन्नति नहीं हुई। मेरा निवेदन है कि पंजाब एरिया में अब कुछ भी पैसा न लगाया जाये। पैसा वहां लगाया जाय जहां कि नहीं के बराबर काम हुआ है। पंजाब, हरियाणा और महाराष्ट्र काफी धनी प्रान्त हैं। सरकार को पैसा उन प्रान्तों में लगाना चाहिये जहां न तो बिजली है, न पीने का पानी है, न सिंचाई के साधन हैं और जहां किसानों करने वाले किसान रहते हैं। ऐसी जगह पैसा लगाने की जरूरत है जिस से खेती हो, वहां के लोग अपनी अपनी उन्नति कर सकें। जब हम अपने प्रान्त के मुख्य मंत्रियों से बात करते हैं, अभी पंचमढ़ी में बैठक हुई थी उस में कहा था कि जितना केन्द्र से हम पैसा लायेंगे उतना काम प्रान्त में प्रान्तीय सरकार कर देगी क्यों कि प्रान्तीय सरकार के पास पैसा नहीं है। यह वहां के मुख्य मंत्री का जवाब था।

हमारा मध्य प्रदेश पिछड़ा हुआ प्रान्त है, डकैत एरिया है जिस का कारण मेरी राय में यह है कि पहले वहां राजे महाराजे, यानी बुंदेले थे, उनकी जागीरें चली गयीं, अब कोई जीवन का सहारा नहीं है इसलिये वह डाका डालते हैं। आप को ऐसी जगह पर उद्योग धंधे खोलने चाहियें, रेलवे लाइनें खोलिये जिससे वहां के लोगों को रोजगार मिले। एक मिलिटरी की टुकड़ी खोलिये जिसमें वही लोग भर्ती हो सकें। आज वहां दिन दहाड़े डकैती पड़ती है। ऐसा मालूम होता है कि भारत में जैसे कोई राज ही नहीं है। दिन

दहाड़े औरतों के गहने उतार ले जाते हैं, व्यापारियों को मोटर से उतार लेते हैं और लाख, दो लाख रुपया उन को छोड़ने की एवज में मांगते हैं। वहां के लोग डर के मारे सो नहीं पाते और शहरों की तरफ भागते हैं। जनता बड़ी परेशान है। इसलिये मेरा कहना है कि आप ऐसे कदम उठाये जिनसे वहां की इस समस्या का समाधान हो सके। वहां फौज लगायी जाय। जब आप एक डकैत एरिया का बन्दोबस्त नहीं कर सकते तो भारत की आजादी की रक्षा कैसे कर सकते हैं। हमारे वहां महिलाओं को बड़ी दिक्कत है। लोग तो डरके मारे जंगल में भाग जाते हैं लेकिन महिलायें बेचारी कहां भागें। उनको गोली से मरना पड़ता है। सागर, शाहगढ़, छतरपुर, पन्ना, टीकमगढ़, ग्वालियर, मारैना के बीच में ज्यादा डकैतियां पड़ रही हैं, वहां की जनता परेशान है। आप तो बंगलों में आराम से सोते हैं आपको वहां की कठिनाइयों का क्या आभास हो सकता है। औरतों की साड़ियां, गहने, जेवर ले जाते हैं और बाद में गोली से भी मार देते हैं। इसलिए मेरा वित्त मंत्री जी से निवेदन है कि बुंदेलखंड में फौजी टुकड़ी खोली जाय, साथ ही एक रेलवे लाइन सागर से शाहगढ़, छतरपुर, पन्ना से टीकमगढ़ होते हुए लायी जाय जिससे लोगों को काम मिले। वह एरिया बिल्कुल सूखा है, वहां की रेतीली जमीन है जैसी कि राजस्थान में है। वहां के लोग महुआ पर गुजर करते हैं। इसलिये पंजाब, हरियाणा में पैसा लगाने की जरूरत नहीं है, पैसा मध्य प्रदेश में लगाना चाहिये जिस से वहां का विकास हो। अभी पंजाब के माननीय सदस्य ने कहा कि हम खुद उन्नति के काम करते हैं, सरकार से कोई सहायता नहीं लेते। लेकिन मेरा कहना है कि जितना पंजाब ने ले लिया है उतना किसी प्रान्त ने नहीं लिया। जितने पंजाबी लोग हैं सारे मध्य प्रदेश में भरे

हुए हैं। जंगल, कोयला और मोटर का सारा रोजगार उन के हाथ में है। सब पैसा कमा कर वह ले जाते हैं। आप भारत में कहीं भी चले जाइये आप को दो चीजें सब जगह मिलेंगी। एक भालू और एक पंजाबी आपको सब जगह मिलेंगे। इसलिये मैं कहूंगी कि इन को सहायता की आवश्यकता नहीं है। पैसा वहां लगाया जाय जहां जनता को कष्ट है। लेकिन ऐसा कोई काम नहीं किया जाता है। वित्त मंत्री भी दबाव और दोस्ती के कारण काम करते हैं और जो हम लोग हिन्दी बोलने वाले हैं उनके काम पड़े ही रहते हैं। इसलिये ऐसे क्षेत्रों में पैसा लगाना चाहिये जहां खेती ज्यादा है। वहां ट्रैक्टर बनाने चाहिये। हमारे वहां भूसा ज्यादा होता है वहां पुट्टे का कारखाना खोलना चाहिये क्यों कि सागर और दमोह में गल्ला ज्यादा होता है। वहां के लोगों को सिंचाई, बिजली और ट्रैक्टर के साधन मिलने चाहिये। अगर आप ही पैसा नहीं देंगे तो प्रान्ती सरकार कहां से पैसा लायेगी। उसके साधन तो सीमित हैं।

बुंदेलखंड, जो देशभक्तों का स्थल रहा है, रानी भांसी जहां हुई, अंग्रेजों के जमाने में वहां कोई उन्नति के काम नहीं हुए। इधर 23 वर्ष में जब से देश आजाद हुआ, प्रान्त में जरा कुछ काम हुआ है, लेकिन वह काफी नहीं है और प्रान्तों की तुलना में। वैसे हरिजनों, आदिवासियों की स्थिति अच्छी है। लेकिन शहर की तरफ ज्यादा है, देहात की तरफ कम है। वहां ब्राम्हण, ठाकुर लोग इर्ष्या करते हैं, लोगों को आगे नहीं बढ़ने देते। लेकिन हम कहते हैं कि गरीब हैं बढ़ने दो। जमीन जब भूमिहीनों में बांटी जाती है तो ब्राम्हण, ठाकुर, हम से जब क्षेत्र में जाते हैं तो यही कहते हैं कि आपका भाग्य बड़ा अच्छा

है क्यों कि बजीफा मिलता है, पढ़ाई लिखाई में, सबमें आपको मौका मिलता है। हमारे पास जमीन नहीं है, वह हमको दिलाई जाये। यह कानून भी होना चाहिये कि जो भूमिहीन लोग हैं उनको जमीन मिलनी चाहिये, दूसरी सुविधायें मिलनी चाहिये और केन्द्र से रुपया मिलना चाहिये। बलों के लिये उनको तकावी मिलनी चाहिये। जब तक यह सुविधायें नहीं मिलतीं, हमारे हरिजन और आदिवासी भाई उन्नति नहीं कर सकते। यह ठीक है कि उनको पैसा मिलता है, लेकिन ठीक ढंग से नहीं मिलता। न जाने बीच में वह किसके पास चला जाता है। सरकार को इसकी एन्क्वारी करवानी चाहिये और ऐसा उपाय करना चाहिये कि देहात के लोगों को पूरा पैसा मिले। हम लोगों को जमींदार परेशान करता है, पटवारी परेशान करता है। अगर एक हजार रुपया मिलना है तो जब तक उनको 200 रु० न दिया जाये तब तक वह हमको पैसा नहीं मिलने देते हैं। अगर हम सिफारिश ले कर जाते हैं तो वह कहते हैं कि हम लोग उनके काम में रोड़ा अटकाते हैं। सारा लेन देन प्राइवेटली हो जाता है, गवर्नमेंट को कुछ पता नहीं चलता। आप देहातों में चल कर देखिये कि वहां क्या हाल हो रहा है। वहां कोई तरक्की नहीं हो रही है सिवा इसके कि बेईमानी और ब्लैक मार्केटिंग हो रही है। जब हम लोग पुलिस से कहते हैं तो वह लोग कहते हैं कि हम क्या करें। हमारी इतनी कम तन्स्वाह है तो हम गुजर कैसे करें? लोग बड़ी मुश्किल से उनसे बच पाते हैं।

हमारे वहां सागर यूनिवर्सिटी है। वहां कोई मेडिकल कालेज नहीं है। वहां पर आपको एक मेडिकल कालेज खोलना चाहिये, साथ ही वहां की यूनिवर्सिटी के लिये जो रुपया दिया जाता है उसको और बढ़ाना चाहिये। वहां के लड़कों और लड़कियों ने हमें काफी बोट दिये

[श्रीमती सहोदरा बाई राय]

हैं। वहाँ पर जन कैप की महारानी ग्वालियर ने हमारे लिये बड़ी परेशानी पैदा करने की, कोशिश की खूब रुपया खर्च किया, लेकिन वहाँ की जनता ने उनका समर्थन नहीं किया और वहाँ पर जन संघ का कवाड़ा हो गया। हमारे भी वाजपेयी हंस रहे हैं। मैं कहती हूँ कि आज वह किसी दूसरी जगह से खड़े होकर देख लें, वह कभी भी नहीं जीत सकेंगे। मैं कहती हूँ कि हमारी बात आप को सुननी चाहिये। आपने जो 25 करोड़ रुपया एजुकेशन के लिये रक्खा है उसको लड़कियों की शिक्षा के ऊपर खर्च किया जाये। आज हजारों लड़कियाँ पढ़ कर निकलती हैं। उनको पहले नौकरी मिलनी चाहिये। आज बहुत से हरिजन लड़कियाँ पढ़ लिख कर बेकार घूम रही हैं, उनको काम मिलना चाहिये। हरिजन लड़कियों को अच्छी एजुकेशन देनी चाहिये और बिना पैसे उनको शिक्षा संस्थाओं में भरती करना चाहिये।

कल एक माननीय सदस्य ने कहा था कि यहाँ पर जन्म टैक्स लगाना चाहिये। लेकिन जो गरीब हरिजन और आदिवासी लोग हैं, वह तो कोई टैक्स दे नहीं सकते। कई माननीय सदस्य करोड़पति हैं, वह लोग ज्यादा दे सकते हैं। अगर उनसे ही लिया जाय तो यह कोई बुरी बात नहीं है। किसी माननीय सदस्य ने कहा कि श्रंगार की वस्तुओं पर अगर टैक्स लगाना चाहिये। मैं कहना चाहती हूँ कि महिलाओं के श्रंगार पर अगर टैक्स लगाया जाता है तो हमें बड़ी खुशी है। अगर महिलाओं के जरिये यह टैक्स मिलता है और उससे देश का भला होता है तो महिलाएँ यह टैक्स देने के लिए तैयार हैं और मर्दों के साथ कन्धे से कन्धा मिला कर चलने के लिये तैयार हैं।

बंगला देश से जो शरणार्थी आये हैं उनके लिए ग्वालियर, मोरैना और चम्बल घाटी में लाखों एकड़ भूमि पड़ी है। उसको ट्रक्टरों से जुतवा कर इन शरणार्थियों को वहाँ बसा दिया जाये ताकि उनको अपने कष्टों से निस्तार मिले।

इसके बाद मैं यह कहना चाहती हूँ कि कि 1945-46 में नोआखाली में जब भगड़ा हुआ था हिन्दू मुसलमानों का तब वहाँ महात्मा गांधी गये थे, ठक्कर बापा गये थे, पंडित जी गये थे, सुचेता कृपालानी गई थीं। वह लोग जो मुसलमान हैं वहाँ कहते थे कि :

कान में बीड़ी, मुँह में पान,

लड़ के लेंगे पाकिस्तान।

हिन्दुओं से लेंगे पाकिस्तान,

खून से लेंगे पाकिस्तान।

वहाँ पर लाखों हिन्दू मारे गये थे। उनके मकान जला दिये गये। जो कुछ वहाँ पर उन्होंने किया था हिन्दुओं के साथ में वही आज उनके साथ हो रहा है। वहाँ पर एक जगह पर 700 हिन्दुओं की लाशें निकली थीं महात्मा जी के सामने वहाँ। पर जो कुछ भी हो रहा है वह उस समय हमारे हिन्दुओं के कत्ल के कारण हो रहा है। इस लिये मंत्री महोदय को सचेत रहना है। उन लोगों का कोई विश्वास नहीं है कि कब वे उलट पड़ें। उन के ऊपर पूरी निगाह रखनी चाहिये। वित्त मंत्री जी ज्यादा समय उनको न दें, जल्दी से जल्दी उनको उठावें क्योंकि इसमें बड़ा खतरा है। यह एक राजनीतिक चाल है। अगर वह उनसे हमारा रक्षा नहीं करेंगे और जल्दी नहीं करेंगे तो यह खतरा है कि वह हिन्दुस्तान के लिये नुक्सान पैदा करने वाले हैं। एक दिन आने वाला है जब हिन्दुस्तान में पूरा पाकिस्तान मिल कर रहेगा क्योंकि वहाँ की जनता परेशान है। सारा हिन्दुस्तान एक हो जायेगा और पाकिस्तान नहीं रहेगा।

SHRIMATI MUKUL BANERJEE (New Delhi) : Mr. Deputy-Speaker, Sir, I support the budget proposals and I feel that this is a very progressive budget and also it is fully to the tune of our declared policy of a socialist transformation. I do not agree with those members who say that we gave the slogan of *Garibi Hatao* and now we are going away from it, because at that time when our beloved Prime Minister gave the slogan of *Garibi Hatao*, we did not have this national calamity of Bangla Desh affecting our nation. As our Prime Minister has said this is internal affair of India, and I fully believe, and everybody knows, how it is taxing our country and what a terrible burden it is on our country.

We have always seen that our people are not lagging behind in their support whenever any national calamity comes ; we have seen that in many cases of the contribution of our poor people has been far more than that of the richer people. So, when such a burden has come, we know that our poor people will also be ready to help and support the cause.

There is another aspect which arises. In a developing economy, the tax always rises. But I would only like to say that there is so much of unemployment in our country. For that also, to solve that, we need so much money ; the money will have to come. If we do not get more and more money, if we do not have more and more money to solve this unemployment problem, actually the educated unemployed will be very angry as they are getting angry and they are getting restless. Unless we solve their problems too, unless we increase some of the burden on some of the people, we shall not be able to satisfy them. Rather, the problems will increase and that may hit the basic stability of our country. So, some taxes will have to be raised. Why should we not take the help of the poor people for helping and co-operating in improving the economy of the country? The poor people are not backing away from it.

I would now like to give a few suggestions to the hon. Finance Minister for his consideration. One is, I feel that the tax

on bread should be removed, because even the poor people do not stay only in the villages. There are many, many poor people in the cities and small towns also, and in small towns and cities the poor people cannot buy coal or even wood for preparing their *chappathies*. So, they sometimes find bread cheaper. The low income group people also, especially when both husband and wife are working for a living, they do not find time to prepare *chappathies* and that creates a lot of difficulties. Therefore, I feel that it would be better if the hon. Finance Minister considers this and removes the tax on maida.

Then my second point is this. I would request the hon. Finance Minister to reconsider the tax on petrol. I understand that the International prices of petrol have increased and the prices of petrol here also will increase. But I do not mind if you tax the private cars-owners or the private scooter-owners, the private users. But I do certainly feel that it would be too much on the people because in the remote places like Himachal Pradesh or Manipur and other places, there is no train service and the people can travel only by buses, and on those conveyances also the charges will be too much if the petrol charges go high up.

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : Those buses use diesel and not petrol.

SHRIMATI MUKUL BANERJEE : Still, the people who ply taxis and scooters in the cities are not rich people. So if you have to increase the tax on petrol then you will have to allow the owners of taxis and scooters to raise their fares proportionately. Otherwise, they will lose.

Then I come to the impost on pressure cookers. You may levy a duty, or increase the existing one, on lipsticks and cosmetics. But you should not impose any duty on pressure cookers which is used by even low income group people. Especially when the husband and wife are working the cooking has to be done in a hurry and so people are forced to use pressure-cookers. So, this aspect has to be considered.

[Shrimati Mukul Banerjee]

Then, coming to ready-made garments, I would like to clear some misunderstanding. Some of my friends were saying that all ready-made garments have been taxed. It is not so. I am verrey happy to know from the hon. Finance Minister that tax has not been imposed on all ready-made garments but only on branded qualities. The branded qualities are used only by the rich and not by the poor.

Coming to the tax on soap, a majority of the people in the villages do not use toilet soaps. The use household soaps both for bath and for washing their clothes. Further, there is no increase in the rate of tax on laundry soap.

I am very happy that the hon. Finance Minister has shown concern about the health of the smokers. Of course, it has affected my household also, because my husband is a smoker. I would request the Finance Minister to show the same concern about alcoholic drinks also and tax them still further.

Finally, I would like to say that nothing has been done to improve the plight of the Delhi school teachers with the result that they feel frustrated. Now there is a lot of disparity between the pay scales of the principals and the post-graduate teachers even though their qualifications are the same. While the basic pay of a principal starts from Rs. 700 the maximum salary of a post-graduate teacher is only Rs. 600. In other service conditions also there is a lot of disparity. I would request the Finance Minister to give a little more money for the amelioration of the condition of the Delhi school teachers so that these discriminations can be removed and the teachers can feel happy so that our future generations will get better education.

With these few suggestions, I would like to congratulate the Finance Minister for having presented this budget.

श्री अटल बिहारी वाजपेयी (ग्वालियर) :
उपाध्यक्ष महोदय, मध्याह्नि चुनावों में भारी

भरकम बहुमत प्राप्त करने के बाद वित्त मंत्री महोदय ने एक अंतरिम बजट पेश किया था और उसमें जो कुछ कहा था उसको मैं उनके शब्दों में ही उद्धृत करना चाहता हूँ :

“हम विकास की गति तीव्र करेंगे और सप्ताज के कमजोर वर्गों की आवश्यकताओं को पूरा करेंगे।”

वित्त मंत्री ने आगे चल कर यह भी कहा था। मैं उन्हीं के शब्दों को उद्धृत कर रहा हूँ :

“अब हम गरीबी और अन्याय के विरुद्ध एक नई लड़ाई लड़ रहे हैं। मुझे कोई सन्देह नहीं है कि भारत की जनता एक बार फिर विजयी होगी और इस महान और प्रजातन्त्रीय देश में शीघ्र ही सामाजिक और आर्थिक स्वतन्त्रता का नया अरुणोदय होगा।”

वित्त मंत्री के इन शब्दों से और इन शब्दों में निहित भावनाओं से किसी का मतभेद नहीं हो सकता। किन्तु जब हम उनके नए बजट को इस कसौटी पर कसते हैं तो वह उचित सिद्ध नहीं होता। नए बजट में विकास की दर बढ़ेगी इसका कोई आश्वासन नहीं दिया गया है। कमजोर वर्गों को राहत मिलेगी इसके सम्बन्ध में भी कोई ठोस उपाय या योजना नहीं की गई है। अब यह कहा जा रहा है कि यह बजट समाजवादी नहीं है क्योंकि एक बजट से समाजवाद नहीं आ सकता। यह भी कहा जा रहा है कि गरीबी हटाने के लिए हमारे वित्त मंत्री के पास कोई जादू का डंडा नहीं है। उपाध्यक्ष महोदय, मेरा निवेदन है कि यह बजट विकास विरोधी बजट है। यह बजट बचत को प्रोत्साहन नहीं देता। यह बजट विषमता कम नहीं करता और न यह बजट विकास की दर बढ़ाने के लिए जिन

साधनों को जुटाया जा सकता है उन साधनों को जुटाने का साहसपूर्ण प्रयत्न ही करता है।

उपाध्यक्ष महोदय, मुझे ताज्जुब है कि हर बजट में योजना के नाम पर अधिक रुपया रखने की बात कही जाती है। इस बजट में भी वित्त मंत्री महोदय ने अपने भाषण में कहा है कि हम 155 करोड़ रुपया इस साल की चौथी योजना के लिए अधिक रख रहे हैं। जब वित्त मंत्री महोदय ने यह बात कही तो अनेक माननीय सदस्यों ने तालियां बजाईं। मैं जानना चाहता हूं कि क्या योजना की कसीटी, योजना की सफलता या उसके लक्ष्यों की प्राप्ति केवल उसके लिए रुपया रखने तक ही सीमित है? आप अगर अंतरिम बजट को देखें और वित्त मंत्री महोदय ने एक्सप्लेनेटरी मेमोरेण्डम जो रखा था उसको उठा कर देखें तो आपको पढ़ कर ताज्जुब होगा कि पिछले बजट में हमने अलग अलग मदों के लिए योजना के निमित्त कई जगह रुपया रखा था लेकिन वह रुपया खर्च नहीं हुआ। टोटल प्लान एक्सपेंडीचर पब्लिक सेंटर प्लांज 2122 करोड़ था और खर्च हुआ 1953 करोड़। शार्टफाल था 169 करोड़। रुपया रखा तो गया लेकिन खर्च नहीं किया जा सका। जो रुपया रखा गया और जिन मदों के लिए रखा गया और जो खर्च नहीं हो सका, उसको देख कर आपको ताज्जुब होगा।

रूरल वकर्स (डाउड एरिया) के लिए 25 करोड़ रुपया रखा गया था जबकि केवल छः करोड़ खर्च हुआ और उन्नीस करोड़ बिना खर्च किये हुए पड़ा है। बाज देश के अनेक भागों में अकाल की स्थिति है। उसके लिए संसद ने प्रावधान किया था। लेकिन यह शासन तंत्र इतना निकम्मा है कि वह उस रुपये का लाभ नहीं उठा सका, उसको व्यय नहीं कर सका। फिर जब बजट पेश किया जाता

है तो अधिक रुपया मांगा जाता है। फटिलाइज़र की देश में कमी है। फटिलाइज़र का हम विदेशों से आयात कर रहे हैं। फटिलाइज़र किसानों को महंगा बेचा जा रहा है। लेकिन फटिलाइज़र के लिए हमने 27 करोड़ रुपया रखा था। उसमें से उन्नीस करोड़ खर्च हुआ और आठ करोड़ बच गया। गवर्नमेंट कम्पनीज़ एंड कारपोरेशन्स 241 करोड़ खर्च करने का प्लान किया था लेकिन 191 करोड़ खर्च किया और पचास करोड़ बच गया। मैं यह समझने में असमर्थ हूं कि खर्च में कमी होने के कारण क्या हैं? इस बार भी जो 155 करोड़ रुपया रखा गया है उसमें से वित्त मंत्री महोदय ने हवाला दिया है कि हम अन्न की वसूली के लिए 18 करोड़ रुपया रख रहे हैं। अगर वह पिछले हिसाब को उठा कर देखें तो उनको पता चलेगा कि फूड कारपोरेशन के लिए जितना रुपया रखा गया था वह खर्च नहीं किया गया। मैं जानना चाहता हूं कि अन्न की वसूली फूड कारपोरेशन के अलावा कौन करने वाला है? अगर राज्य सरकारें कर रही हैं तो उसके लिए तो केन्द्र के बजट में प्रावधान करने की आवश्यकता नहीं है। निश्चित रूप से वह रकम फूड कारपोरेशन की मदद में जाएगी और फूड कारपोरेशन पिछले साल का रुपया खर्च नहीं कर सका है।

“गरीबी हटाओ” का नारा लगा था। यह तो कोई नहीं कहता कि एक बजट से गरीबी हट जायेगी। लेकिन अगर गरीबी हटे नहीं, तो कम से कम घंटे तो जरूर। जो कर लगाये गये हैं, क्या वे आम आदमी पर पड़े हुए बोझ को बढ़ाने वाले नहीं हैं? वित्त मंत्री महोदय से पहले रेल मंत्री ने बजट पेश किया और किराये की दर में वृद्धि कर दी—तीसरे दर्जे में सफर करने वालों पर 11 करोड़ रुपये का बोझ डाल दिया और माल-भाड़े की दर में बढ़ीतरी कर दी। क्या

[श्री अटल बिहारी वाजपेयी]

उसका असर चीजों के मूल्यों पर नहीं पड़ेगा ? और उसके बाद पेट्रोल का दाम बढ़ाया गया है। अभी वित्त मंत्री कह रहे थे कि टैक्सी और स्कूटर चलाने वालों को अधिक दाम मिलेंगे। लेकिन वे अधिक दाम किसकी जेब में से जायेंगे ? जो टैक्सी में बैठते हैं, उनकी जेब में से। और ध्यान रखिये कि अगर टैक्सी में बैठने का किराया बढ़ेगा, तो टैक्सी में बैठने वालों की संख्या भी प्रभावित होगी, जिसका घाटा आखिर में टैक्सी चलाने वालों को भी उठाना पड़ेगा। अगर परिवहन महंगा होगा— डीजल के दाम भी बढ़े हैं—तो अन्ततोगत्वा आम आदमी पर जा कर बोझा पड़ेगा। क्या आम आदमी बोझा उठाने की स्थिति में है ?

इस बजट के द्वारा हम ने आम आदमी को कौन सा उत्साह का संदेश दिया है ? विषमता घटाने के लिए कौनसा कदम उठाया है ? जो दुर्बल वर्ग हैं, उनको राहत देने के लिए कौनसी प्रभावी उपाय-योजना की है ?

वित्त मंत्री महोदय ने स्वयं अपने अन्तरिम बजट भाषण में चिन्ता प्रकट की थी कि मूल्य-वृद्धि हो रही है। और यह विचित्र बात है कि अन्न की पैदावार में वृद्धि होने के बाद भी मूल्य-वृद्धि हो रही है। मूल्य-वृद्धि के जो कारण पिछले साल थे, वे अब भी लागू हैं। गन्ने को छोड़कर और व्यावसायिक फसलों की कमी है। उसका परिणाम मूल्यों पर पड़ेगा। वित्त मंत्री महोदय ने अपने बजट में जो कर-प्रस्ताव रखे हैं, उन सब का असर कुल मिलाकर यह होने वाला है कि 8 फ़सदी से लेकर 10 फ़सदी तक चीजों के दाम बढ़ेंगे। हम एक ऐसे झुले बाजार की स्थिति में रह रहे हैं, जिसमें भले ही वित्त मंत्री कहें कि हम आधा पैसा दाम बढ़ा रहे हैं, लेकिन वह उपभोक्ता

तक पहुंचते पहुंचते पांच नये पैसे में बदल जाता है।

श्री हरी सिंह (खुर्जा) : माननीय सदस्य मूल्य-वृद्धि की बात कह रहे हैं, लेकिन उत्तर प्रदेश की मंडियों में जनसंघ के कर्मठ कार्यकर्ता और नियुक्त परचेज एजेंट किसानों को परेशान कर रहे हैं। उनके अनाज को सही दाम पर न खरीद कर दाम गिरा कर खरीदते हैं और उसी को फिर ऊंचे मूल्य पर सरकार को बेच देते हैं। (व्यवधान)

श्री अटल बिहारी वाजपेयी : उपाध्यक्ष महोदय, मैं इस बेतुकी बात का क्या जवाब दूँ ? यह क्या बकवास कर रहे हैं ? यहां मैं कटघरे में नहीं खड़ा हूँ, यह सरकार कटघरे में खड़ी है। अगर जनसंघ के कार्यकर्ता गड़बड़ कर रहे हैं, तो उन पर मुकदमा चलाया जाये। (व्यवधान) माननीय सदस्य को पता नहीं है कि यह बजट पर बहस हो रही है—जनसंघ और कांग्रेस के कार्यकर्ताओं का सवाल नहीं है। क्या कांग्रेस के कार्यकर्ता दूध के झुले हैं ? मैं अभी कांग्रेस के कार्यकर्ताओं के मामले पर भी आने वाला हूँ।

श्री हरी सिंह : माननीय सदस्य बजट के खिलाफ आन्दोलन कर सकते हैं, लेकिन मंडी व्यापारियों से सरकार द्वारा नियत दामों को किसानों को देने के लिए नहीं कह सकते हैं।

श्री अटल बिहारी वाजपेयी : उपाध्यक्ष महोदय, माननीय सदस्य पहली बार यहां आये हैं। आप उनको जरा मना कीजिए। मुझे इस तरह की टोका-टोकी की आदत नहीं है। जनसंघ के कार्यकर्ता क्या करते हैं, यह सदन इस पर विचार करने के लिए नहीं है। (व्यवधान) यह किसानों के प्रतिनिधि हैं। ये बेतुकी और बेबुनियाद बातें कह रहे हैं। यह क्या तरीका

है? अगर इनको सम्यता का शिक्षण नहीं मिला है, तो इन्हें सम्यता सीखनी चाहिए।

श्री हरी सिंह : सत्य कहना सम्यता है।

श्री अटल बिहारी वाजपेयी : जनसंघ के कार्यकर्ता क्या करते हैं, यह सवाल नहीं है। वित्त मंत्री क्या कर रहे हैं, यह सवाल है। हमारे हाथ में सरकार नहीं है। सरकार इन लोगों के हाथ में है। इनमें सुनने का धैर्य भी नहीं है।

उपाध्यक्ष महोदय, मुझे खेद है कि इन्होंने बीच में मेरी गाड़ी पटरी पर से उतारने की कोशिश की।

इस बजट में 170 करोड़ रुपये के टैक्स नहीं लगे हैं, 220 करोड़ रुपये के टैक्स लगे हैं। अगर राज्यों का भी हिस्सा शामिल कर लिया जाये, तो 286 करोड़ रुपये के लगभग नया भार डाला गया है। वित्त मंत्री यह स्वीकार करेंगे कि चीनी आक्रमण के बाद के वर्ष को छोड़कर इतना बड़ा बोझ कभी नहीं लादा गया है। इतना बड़ा बोझ लादने का परिणाम अगर यह होता कि विकास की दर बढ़ती, हर एक सक्षम व्यक्ति के लिए रोजगार का प्रबन्ध होता, उपेक्षित वर्ग और उपेक्षित क्षेत्र अधिक गति से विकासशील हो सकते, तो फिर आम आदमी पर बोझ डाल कर भी स्वर्णिम भविष्य के निर्माण के लिए होने वाले प्रयत्न का समर्थन किया जा सकता था। लेकिन जैसा मैंने पहले निवेदन किया है, बोझ आम आदमी पर पड़ेगा। इस बजट से कौन खुश हैं? बड़े उद्योगपति खुश हैं, जिनके कार्पोरेट सैक्टर को स्पर्श नहीं किया गया है। इस बजट से बड़े किसान खुश हैं, जिनके प्रतिनिधि सत्तारूढ़ दल में बहुत बड़ी संख्या में बैठे हैं और जिनको हाथ लगाने का वित्त मंत्री महोदय ने साहस नहीं दिखाया है।

श्री के. एन. तिवारी (बेतिया) : यह बात नहीं है। उनको भी हाथ लगाया गया है।

श्री अटल बिहारी वाजपेयी : इस बजट से मुनाफाखोर खुश हैं, जिन्हें उपभोक्ताओं से अधिक दाम लेने का अवसर मिलेगा। और इस बजट से असंतुष्ट हैं मध्यम वर्ग के लोग, दलित वर्ग के लोग, पिछड़े वर्ग के लोग, बंधी बंधाई तन्स्वाह पाने वाले लोग, जिन पर बोझ बढ़ा है, जिन के लिए मूल्य-वृद्धि एक भयंकर संकट के रूप में आयेगी।

लेकिन सरकार भी उस संकट से बच नहीं सकेगी। महंगाई भत्ता बढ़ाने की मांग हो रही है। इन्डेक्स 225 बताया जा रहा है। 228 होते ही—दस पायंट बढ़ने पर महंगाई भत्ता बढ़ाना पड़ेगा। केन्द्र में महंगाई भत्ता बढ़ेगा, तो राज्यों के कर्मचारी चुप नहीं रहेंगे। यह मांग जोर पकड़ने वाली है कि महंगाई भत्ते में समानता होनी चाहिए, चाहे केन्द्र के कर्मचारी हों और चाहे राज्य के। और फिर एक विषम चक्र चलेगा, जिस में से निकलने का कोई रास्ता दिखाई नहीं देता है।

यह कहा जा सकता है कि आखिर हम साधन कहाँ से जुटायें। और बजट की कोई भी आलोचना तब तक सार्थक नहीं होगी, अगर हम वैकल्पिक संसाधनों का सुझाव नहीं दे सकते। इस बात पर गम्भीरता से विचार किया जाना चाहिए कि क्या इम्पोर्ट लाइसेन्सों को नीलाम नहीं किया जा सकता है और यदि नीलाम करना उपयुक्त नहीं है, तो आज इम्पोर्ट लाइसेन्सों की बाजार में जो कीमत है, क्या उन्हें उस कीमत पर लोगों को बेचा जा सकता है। वित्त मंत्री महोदय इस बात से इन्कार नहीं कर सकते कि इम्पोर्ट लाइसेन्स में मुनाफे का मार्जिन बहुत ज्यादा है। कुछ वस्तुओं के

[श्री अटल बिहारी वाजपेयी]

आयात के लाइसेन्स दो सौ, तीन सौ गुणा ज्यादा कीमत पर बाजार में बिक रहे हैं। जो वास्तविक उपयोगकर्ता है, वे ऊंचे दाम पर कच्चा माल खरीदते हैं। बीच के लोग मुनाफा बना रहे हैं। यह मुनाफा सरकार के खजाने में क्यों नहीं आना चाहिए? ऊंची से ऊंची बोली बोलने वाले को इम्पोर्ट लाइसेंस क्यों नहीं दिया जाना चाहिए?

जैसा कि मैं ने हवाला दिया है, ग्रामीण क्षेत्र में एक वर्ग के पास समृद्धि—आ रही है, जिस ने खेती के नये तरीकों का उपयोग किया है, जिस के पास सिंचाई के साधन उपलब्ध हैं। जो बड़ा किसान है, वह राष्ट्रीय समृद्धि में भागीदार बन रहा है, लेकिन उस की समृद्धि में से राष्ट्र को जितना भाग मिलना चाहिए था, वह नहीं मिला है। मुझे याद है कि वित्त मंत्री जब गृह मंत्री थे, तो उन्होंने चेतावनी दी थी कि यदि हम ने सावधानी से काम नहीं लिया, तो हरी क्रान्ति, लाल क्रान्ति में बदल जायेगी। मगर इस बजट में कृषि जन्य आय पर कर लगाने का कोई प्रयत्न नहीं किया गया है।

मैं नहीं जानता कि कहाँ तक ठीक है, मैं ने समाचारपत्रों में पढ़ा है कि कोई महाराष्ट्र के मंत्री थे जिन्होंने शादी की दावत दी और उस शादी की दावत में सिर्फ डेढ़ लाख लोग भोजन करने के लिए आए। पड़ोसी गांव की बिजली बुझा दी गई क्योंकि विवाह के मण्डप में उजाला हो सके, क्योंकि एक घर प्रकाश के आलोक से मंडित हो सके। यह वैभव और विलास का एक भोंडा प्रदर्शन है। मुझे खेद है कि वित्त मंत्री महोदय भी वहां उपस्थित थे। मैं उन की कठिनाई जानता हूं कि जब वह वहां पहुंच गए और उन्हें पता लगा कि यहाँ डेढ़ लाख लोग माजूद हैं तो जिन्होंने बुलाया उन को वह क्या कह सकते थे। लेकिन वह यह स्वीकार करें कि ग्रामीण क्षेत्र में कुछ लोगों के हाथ

में जो सम्पत्ति और ग्रामवनी इकट्ठा हो रही है उस में से राष्ट्र को हिस्सा चाहिए। साथ ही सम्पत्ति का यह भोंडा प्रदर्शन रोका जाना चाहिए। और इसीलिए हमारी मांग है..... (व्यवधान).....

एक माननीय सदस्य : ब्राह्मणों को भोजन कराया था।

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, मुझे पता नहीं, यह वहाँ थे या नहीं।

हमारी तीसरी मांग है कि एक स्तर के ऊपर वह स्तर 5 हजार महीना हो सकता है, हम तो चाहेंगे कि ढाई हजार रुपये महीने हो, ढाई हजार रुपये महीने से ऊपर जो भी खर्च करेगा उसे भारी कन्जम्पशन टैक्स देना पड़ेगा। अगर वह रुपया निर्माण में लगता है, उस का स्वागत होना चाहिए। अगर वह उस से शेर खरीदता है, कारखानों का विकास करता है तो उस पर टैक्स लगाने की आवश्यकता नहीं। लेकिन अगर वह अपने उपभोग की वस्तुएं खरीदता है, अपने लिए वैभव और विलास के सामान खरीदता है तो उस पर भारी कर लगाया जाना चाहिए। एक तो इस से साधन प्राप्त होंगे, और दूसरी ओर सादगी का वातावरण बनेगा। लेकिन जब समाचारपत्रों में आता है कि प्रधान मंत्री के एक दिन के दौरे के लिए एक सर्किट को ठीक करने के लिए 25 हजार रुपये खर्च किए गए तो देश में सादगी का वातावरण नहीं बन सकता।

चौथा तरीका जिस पर वित्त मंत्री महोदय गम्भीरता से विचार कर सकते हैं वह यह। हम ने एक ज्वाइंट सेक्टर की कल्पना की है। जो निजी कारखाने चल रहे हैं सरकार उन को कर्जा देती है, बैंक कर्जा देते हैं और फाइनेंशियल इंस्टीट्यूशंस कर्जा देते हैं। उस कर्ज के बदले में इक्विटी शेयर्स प्राप्त करने का प्रयत्न हो

रहा है। इसका कोई विरोध नहीं करेगा। लेकिन दूसरी ओर सार्वजनिक कारखाने हैं, क्या हम ऐसा नहीं कर सकते कि सार्वजनिक कारखानों में जनता को शेयर खरीदने की छूट दे दें? मेजारिटी शेयर नहीं, 30 प्रतिशत, 35 प्रतिशत...

श्री पीलू मोदी (गोधरा) कौन खरीदेगा?

श्री अटल बिहारी वाजपेयी : लोग खरीदेंगे। यह भावना गलत है कि सब कारखाने घाटे में चल रहे हैं, कुछ कारखाने लाभ में चल रहे हैं। जो लाभ में चल रहे हैं उन में लोग शेयर खरीद सकते हैं। वहां के कर्मचारियों की शेयर खरीदने के लिए प्रोत्साहित किया जा सकता है। यह बन्धन लगाया जा सकता है कि कोई एक फर्म ज्यादा शेयर न खरीदे, लेकिन छोटे छोटे लोग बहुत बड़ी तादाद में शेयर खरीदें और पब्लिक सेक्टर सच्चे अर्थों में पब्लिक सेक्टर बने इसका प्रयत्न होना चाहिये। इस से कुछ साधन भी जुट सकते हैं, और अगर कर्मचारियों के, छोटे-छोटे शेयर होल्डरों के प्रतिनिधि चुन कर जाएंगे तो वह नौकरशाही पर नजर भी रख सकेंगे, उम कारखाने की क्षमता बढ़े, उत्पादन बढ़े, इस चीज में भी वह सहायक हो सकते हैं। इस पर भी गम्भीरता से विचार करने की जरूरत है।

वित्त मंत्री महोदय ने टैक्सों के कानून में थोड़ा सा संशोधन करने का प्रयत्न किया है। मैं समझता हूं कि टैक्सों के सारे कानून का पुनर्विचार आवश्यक है और मैं डा. बी. के. आर. वी. राव के सुझाव से सहमत हूं कि एक टैक्सेशन एम्बेयरी कमीशन नियुक्त होना चाहिए जो सारे मामलों में गहराई से जा कर विचार कर सके।

श्री यशवंत राव चव्हाण : उन्होंने एक्सपेंडीचर कमीशन की बात कही थी, टैक्सेशन की नहीं।

श्री अटल बिहारी वाजपेयी : यह कमीशन उस पर भी विचार कर सकता है। और आप चाहें तो दोनों कमीशनों को एक कर दें.....

श्री यशवंत राव चव्हाण : मैं उस को भी नहीं मान रहा हूं।

श्री अटल बिहारी वाजपेयी : आप दोनों को नहीं मान रहे हैं? मेरे सुझाव का विरोध क्यों कर रहे हैं?

आप यह स्वीकार करेंगे कि प्रत्यक्ष कर भी इतना नहीं होना चाहिए कि जिससे बेईमानी को प्रोत्साहन मिले। अब हम लोगों ने जो हिसाब लगाया उसके अनुसार आज स्थिति यह है कि अगर एक आदमी ढाई लाख रुपये सालाना कमाता है तो उसके पास टैक्स देकर 49,325 रुपये बचेगा। लेकिन अगर वही आदमी ढाई लाख से ऊपर साढ़े सात लाख रुपये कमाता है तो उसके पास 16,875 रुपये बचेगा। मैं चाहता हूं कि वित्त मंत्री महोदय इन आंकड़ों की जांच करवाएं। श्री साल्वे ने भी कुछ इसी तरह की बात कही थी। आज यह स्थिति है कि टैक्सों की बहुत बड़े पैमाने पर चोरी हो रही है। सात सौ करोड़ रुपये का इनकम टैक्स बकाया है। हर रुपये कमाने वाले को बेईमान समझा जाता है। यह वातावरण बदलने की जरूरत है। यह वातावरण बदला जा सकता है। आज जितना हम टैक्सों से रुपया वसूल करते हैं एक ओर तो उसको ठीक तरह से वसूल करने की पद्धति अपनायें और दूसरी ओर रह देखें कि क्या ऊंची से ऊंची दर में कुछ कमी करने की गुंजाइश है। मैं नहीं चाहता कि इसका निर्णय कोई राजनैतिक आधार पर किया जाये।

[श्री भटल बिहारी वाष्पेयी]

एक ब्युथलिंगम् कमेटी बनी थी, उसने सिफारिश की कि साढ़े सात हजार रुपये तक इनकम टैक्स नहीं लगाया जाना चाहिए और पब्लिक एकाउंट्स कमेटी में हमने देखा कि इनकम टैक्स डिपार्टमेंट का जितना समय, जितने साधन, जितनी शक्ति छोटी आमदनी वाले लोगों के टैक्सों की जाँच करने में लगता है उतना बड़े टैक्स वालों पर नहीं लगता। नतीजा यह होता है कि बड़े टैक्स देने वाले आसानी से छूट जाते हैं और सारे साधन सारी शक्ति छोटे टैक्स देने वालों पर ही लग जाया करती है। यह सिफारिश स्वीकार की जानी चाहिए और टैक्स वसूलने की मशीनरी को ऐसा मजबूत बनाया जाना चाहिए कि जिससे बड़ी मछलियाँ न निकलने पाएँ। आज बड़े-बड़े मगर मच्छ तो निकल जाते हैं और छोटी छोटी मछलियाँ फँस जाती हैं। आज सबेरे ही एक चर्चा चल रही थी। यह जो डायरेक्ट डायलिंग है इसमें कुछ गड़बड़ी की जा रही है। किसी की लाइन किसी से जोड़ दी जाती है। काल कोई करता है और बिल का भुगतान कोई और करता है। संचार मंत्री ने अपने उत्तर में बताया कि हमने एक लाइन मैन को पकड़ा है और एक चौकीदार को पकड़ा है। क्या यह सारी गड़बड़ी एक लाइन मैन और चौकीदार कर सकता है? जरूर इसके ऊपर और कोई होगा। मगर मगरमच्छ तो निकल जाते हैं और छोटी मछलियाँ फँस जाती हैं। जाल बिछाने का यह तरीका बड़ा विचित्र है। इसको बदलने की आवश्यकता है।

शिक्षित बेरोजगारों के लिए 25 करोड़ की बात की बात कही गई। वित्त मंत्री स्वीकार करेंगे कि 25 करोड़ रुपये की रकम पर्याप्त नहीं है। ग्रामीण क्षेत्रों में रोजगार के लिए जो पहले 50 करोड़ रखा गया है वह भी नाकामी है। होना यह चाहिए कि हम बड़े पैमाने

पर शिक्षित अशिक्षित बेरोजगारों के लिए काम दें। लेकिन यहां फिर प्रश्न पैदा होगा कि साधन कहां से आएँ? वित्त मंत्री कह सकते हैं कि मैं तो सौ करोड़ रुपये रख सकता हूँ, आप मुझे साधन दीजिए।

इस संबंध में मैं निवेदन करूंगा कि हमारे जो राज्य हैं इनके लिए भी कोई फाइनेंशियल डिस्प्लिन है या नहीं? हम एक नियोजित अर्थ व्यवस्था में रह रहे हैं। हम हर एक व्यक्ति से त्याग की, बलिदान की आशा करते हैं। उज्ज्वल भविष्य के लिए वर्तमान में थोड़ा सा कष्टकर जीवन बिताना पड़ेगा इस प्रकार हमारी कामना है। लेकिन राज्य सरकारें किसी भी वित्तीय अनुशासन में रहने के लिए तैयार नहीं हैं। वित्त मंत्री महोदय ने अपने अंतरिम बजट में भी यह आशा प्रकट की थी कि राज्य सरकारें जरा ओवर-ड्रा कम करेंगी और इस बजट में भी उन्होंने यही बात कही है। लेकिन क्या कोई राज्य सरकार मानने को तैयार है? स्थिति यह है कि अब सभी राज्यों के बजट घाटे के बजट हैं। राज्य सरकारें नये साधन जुटाने का साहस नहीं रखती। उन्हें आगाभी विधान सभा के चुनावों की चिन्ता है। इसलिए वह सीधा रास्ता ढूंढती हैं रिजर्व बैंक से रुपया निकालने का। आज स्थिति यह है कि भारत विदेशों से कर्जा ले रहा है और राज्य सरकारें केन्द्र से कर्जा ले रही हैं। राज्य सरकारों के कर्जों की कोई सीमा नहीं है। वित्त मंत्री महोदय की अपीलें पर्याप्त नहीं हैं। उन्होंने स्वीकार किया है अपने बजट भाषण में कि 1970-71 में राज्यों को 195 करोड़ रुपये की विशेष सहायता दी गई मगर ओवर-ड्राफ्ट फिर भी जारी रहा। गत मार्च के अन्त तक कम से कम 14 राज्यों ने कुल मिला कर 260 करोड़ रुपये का ओवर-ड्राफ्ट लिया। अब यह रुपया किस तरह से खर्च किया जाता है, इस की भी कोई देख-रेख नहीं है। वह गैर-परियोजनाओं के व्यय पर भी खर्च किया जा

सकता है, वह ऐसे कामों पर भी खर्च किया जा सकता है जिन की आर्थिक दृष्टि से प्राथमिकता नहीं है लेकिन केन्द्रीय सरकार सलाह देने के अलावा कुछ नहीं कर रही है। मेरा निवेदन है कि केन्द्रीय सरकार चाहे तो इस मामले में संविधान का उपयोग कर सकती है आर्टिकल 360 के अन्दर फाइनेन्शियल इमर्जेंसी घोषित कर सकती है। मैं उसे उद्धित करना चाहता हूँ :

If the President is satisfied that a situation has arisen whereby the financial stability or credit of India or of any part of the territory thereof is threatened, he may by a Proclamation make a declaration to that effect.

15 hrs.

और आगे संविधान में कहा गया :

During the period any such Proclamation as is mentioned in clause (1) is in operation the executive authority of the Union shall extend to the giving of directions to any State to observe such canons of financial propriety as may be specified in the directions, and to the giving of such other directions as the President may deem necessary and adequate for the purpose.

अभी तक हम ने इस प्राविधान का उपयोग नहीं किया। मैं आंकड़े देख रहा था कि राज्य सरकारें किस तरह से ओवर ड्राफ्ट कर रही हैं और मुझे लगा कि इस सम्बन्ध में किसी कठोर कार्यवाही की आवश्यकता है। लेकिन कार्यवाही तब तक सम्भव नहीं है जब तक कि हम राज्यों को डाइरेक्शन न दें और डाइरेक्शन्स आर्टिकल 360 के अन्तर्गत दी जा सकती है। वित्त मंत्री महोदय गम्भीरता से विचार करें कि क्या राज्यों को इस तरह का निर्देश देने का समय आ गया है? जब तक हम राज्यों को एक वित्तीय अनुशासन में नहीं लेंगे, केन्द्रीय स्तर पर कितने ही साधन जुटाएँ जो हमारा लक्ष्य है हम उस को प्राप्त नहीं कर सकते हैं।

राज्यों को इस सम्बन्ध में केन्द्र के साथ कदम मिला कर चलना होगा और यह तब तक सम्भव नहीं है जब तक राज्यों को विवश नहीं किया जाएगा कि उन के पास जो भी साधन उपलब्ध हैं उन का ठीक तरह से उपयोग करें।

यह ठीक है कि वित्त मंत्री महोदय ने अपील की है कि साधन बढ़ाओं, नान-प्लान एक्सपेंडीचर कम करो मगर ये अपीलें कोई असर करने वाली नहीं हैं। केन्द्र को कुछ कठोर कदम उठाने की आवश्यकता है और एक कठोर कदम यह हो सकता है कि आर्टिकल 360 के अन्तर्गत राज्यों को डाइरेक्शन जारी किये जाएं।

उपाध्यक्ष महोदय, बंगला देश के निर्वासितों के लिए केवल 60 करोड़ रुपये की रकम रखी गई। वित्त मंत्री महोदय स्वीकार करेंगे कि 60 करोड़ रुपये की रकम अत्यार्थवादी, अवास्तविक और अपर्याप्त है। स्वयं प्रधान मंत्री जी ने कहा था कि 6 महीने में हमें 180 करोड़ रुपये खर्च करने पड़ेंगे। इस तरह से कुल मिला कर साल भर में कितना व्यय होगा, इस का सहज ही अनुमान लगाया जा सकता है। अन्तर्राष्ट्रीय सहायता पर हम ज्यादा निर्भर न करें। आज सबरे की रिपोर्ट के अनुसार शायद अधिक से अधिक 23 करोड़ रुपये की सहायता हमें प्राप्त हुई है जो ओषधियों के रूप में है, दूध के डिब्बों के रूप में है और अन्य चीजों के रूप में है। अधिकांश बोझ हमें स्वयं उठाना पड़ेगा। 220 करोड़ रुपये का घाटा वित्त मंत्री जी ने पहले ही छोड़ दिया। इस घाटे की रकम और ज्यादा बढ़ने वाली है, निर्वासितों पर खर्च होगा और कुल मिला कर इस से मुद्रा-स्फीति बढ़ेगा, दाम बढ़ेंगे, असंतोष फैलेगा और यह सरकार अपने इन नारों की स्वयं बन्दी बन जाएगी। उपाध्यक्ष महोदय, आर्थिक प्रश्न वास्तविकता का सामना किये बिना हल नहीं किया जा सकता है। आर्थिक पुनर्निर्माण के प्रश्न पर भी देश में एक

[श्री अटल बिहारी वाजपेयी]

मतेष्य स्थापित करना होगा। अर्थ नीति को केवल आकर्षक बना कर हम आर्थिक नियमों को नहीं बदल सकते, नारे लगा कर हम वास्तविकता में परिवर्तन नहीं ला सकते। मैं चाहूंगा कि वित्त मंत्री महोदय को अब चुनाव समाप्त हो गये हैं, सत्तारूढ़ दल भारी बहुमत में आ गया है ...

श्री पीछू मोदी : मेसिव मेन्डेट मिल गया है।

श्री अटल बिहारी वाजपेयी : हां, मेसिव मेन्डेट मिल गया है जो अब मेसिव बडन में बदल गया है।

एक ऐसा मध्यम मार्ग खोजना होगा जो लोकतान्त्रिक ढांचे में हमारे आर्थिक और सामाजिक स्वतन्त्रता के लक्ष्यों को शीघ्रता से पूरा कर सके लेकिन यह तब तक संभव नहीं है जब तक देश में एक नई हवा पैदा नहीं की जाएगी। उपाध्यक्ष महोदय, यह तो 60 लाख का सवाल है क्या यह नये बजट से एक नई हवा पैदा करता है। 60 लाख में इसलिए कह रहा हूं कि अमेरिका में एक अग्रेजी कहावत है कि जब कोई सवाल गम्भीर होता है तो उसे कहते हैं कि यह 64 मिलियन डालर क्वेश्चन है। हमारा देश अमेरिका नहीं है, यहां डालर नहीं रुपया चलता है। वहां डालर की बात करते हैं। हमारे यहां जब कोई महत्व पूर्ण सवाल आएगा तो उसे कहना होगा कि यह 60 लाख रुपये का सवाल है। इसलिए उपाध्यक्ष महोदय, यह 60 लाख रुपये का सवाल है कि यह बजट नया वातावरण पैदा करता है या नहीं?

जब 60 लाख रुपये की बात आ गई है तो मैं यह कह कर खत्म कर दू कि वित्त मंत्री

महोदय जब जवाब दें तो यह भी बताएं कि स्टेट बैंक से जो 60 लाख रुपया निकाला गया वह किस मद में से निकाला गया? इस प्रश्न पर अभी तक प्रकाश नहीं डाला गया है। यह प्रश्न अदालत के विचाराधीन भी नहीं है। नागरवाला महोदय ने 60 लाख रुपया निकाला, मल्होत्रा महोदय ने 60 लाख रुपया दिया, वह स्टेट बैंक के किस मद में से निकाला गया यह सदन जानना चाहता है, यह देश जानना चाहता है और मुझे विश्वास है कि वित्त मंत्री महोदय, इस पर लीपापोती नहीं करेंगे और तथ्यों को सदन के सामने रखेंगे।

SHRIMATI JYOTSNA CHANDA (Cachar) : Sir, in moving to support the Budget proposals, I deem it my duty to bring certain points to the notice of the Government.

I personally represent a constituency which suffers from lack of transport facilities, unemployment and economic distress. The geographical position is such that the three sides are covered by hill areas and one side borders Bangla Desh.

The tragic happenings in Bangla Desh have resulted in the exodus of evacuees from there for the last two months. Now the Pak army is entering into our territory and killing our people. Our border security forces deployed for this purpose are not sufficiently capable to combat with the Pak army. Army should be employed in border areas for security of our people.

I have no need to mention about the atrocities being done by Pak army in Bangla Desh which has been discussed in this august House, but two things I have got to mention clearly. First, for about a month, now the Pak army have made it a point to drive out the minorities from Bangla Desh. Secondly, atrocities on women have gone beyond the concept of civilization.

The entire world is keeping thier mouth shut; the conflicting major nations are apparently one in silence. Should we in India

bear all the brunt of Pakistan's misdoings? Can we not ask the nations who have economic interest in our country to come out in condemnation of Pakistan and suspend all financial assistance until and unless Pakistan restores peace in Bangla Desh and takes back the evacuees by creating a peaceful solution there?

For the last 23 years, Pakistan is always trying to create direct and indirect pressure on India and we have to suffer each time.

It is high time that Pakistan should be asked to hand over territory proportionate for settlement of evacuees forced out from time to time. The demand must be backed by the might of our armed strength.

Now, I come to the Communication question. For us, the Railway track is the main link. As we are faced today, my request to the Government is that the hill section portion from Lumding to Badarpur in N.F. Railway must be given special attention. Night-running of trains in this area should be restored immediately. The other day, the Chief Minister of Nagaland had stated that the Naga problem had been tackled properly; if so, there should be no difficulty in introducing night-running of trains, will lessen overcrowding.

I would like to mention that unemployment and economic distress can be mitigated to some extent if the proposed paper and pulp mill and sugar mill projects are implemented immediately in this area. The Mizo Hills district is rich in mineral resources, which can be tapped by the Government. Fruits like oranges and pine-apples are in abundance in this area, and so, a fruit preservation factory can easily be established here.

The proposed Barak dam project will help agricultural proposes and would also provide cheap power. I would humbly request the Central Government to expedite this in consultation with the Manipur Government.

I would like to draw the attention of the Government and the House to the position regarding education in my district of Cachar. It is a Bengali-speaking area,

and it is under the Gauhati University where there is no recognition of Bengali at the university level. A medical college had been set up in Cachar only three years back, though it was expected to be established there during the Second Plan period. Even now, it is not properly looked after; there is neither proper or required teaching staff who have been appointed, nor has a properly equipped hospital been provided during these three years, nor have suitable buildings been completed. The construction work has been entrusted to a Government-sponsored body which does not care to accelerate the speed of the construction work. The students of this college will have to appear examinations in subjects for which they have not been coached here due to shortage of teaching staff.

A regional engineering college was expected to function here for the last three years, but I understand that before any construction has been undertaken, a principal and some teachers have been appointed, who stay outside Cachar. Is it not a colossal wastage of money?

I would request the Government to investigate into these matters and take proper steps to start teaching in the engineering college and also equip the Silchar Medical College to attain the proper standard so that the graduate of this college will get proper acceptance by the Indian Medical Council, and also to get Bengali accepted as one of the languages along with English and Assamese at the university level.

Before I conclude, I would request the hon. Finance Minister to consider his proposals to levy taxes on maida, coarse and medium cotton textiles and ready-made garments. All these items are used by the poor and middle class people of our society. The exise duty levied on petroleum will definitely result in rise in transport costs which will again hit the poor and middle class people.

We have taken the vow *Garibi Hatao*. Does the hon. Minister think that by the levy of such taxes, poverty will be driven out? Is it not the case that the poor and middle class people will be compelled to

[Shrimati Jyotsna Chanda]

become more and more poor? So, I would humbly request the hon. Minister to withdraw such taxes and give more attention to tightening up measures to stop tax evasion, so that the deficit could be met.

With these words, I support the budget.

SHRI B. R. BHAGAT (Shahabad) : The hon. Finance Minister has done his best of an almost impossible task that faced him. It is natural that the Members of the Opposition should attack him by picking out certain shortcomings in the budget proposals as they see it.

Sir, I would submit that the budget is like a modern art picture or a modern art gallery, where those who go to see it like to see the picture as they want it and criticise it because it does not turn out to be according to their expectation. That is the reason why I find that there is a curious similarity in the line of attack on the budget adopted by Shri Atal Bihari Vajpayee on the one side and Shri Indrajit Gupta on the other, or for that matter by the other leading lights of the Opposition. Each one of them tried to see it as he wanted to through his own eyes.

For example, Shri Indrajit Gupta who criticised the budget thought that the Finance Minister would present it in an ideological pattern would build up a socialist society as he wanted it to be built up, and since the budget does not fit in with his pattern, naturally he attacked the budget. Similarly, Shri Atal Bihari Vajpayee has still not forgotten that the Congress Party has got a massive mandate, and, therefore, he tried to confuse the picture by saying that it had been converted into a massive burden or a massive or rising discontent in the country. There are all the imaginary illusions that he has tried to create.

The fact of the matter is that here is a budget presented in the background and in the light of the most difficult economic situation in the country. The situation is most difficult not because of the fact that there is a complexity created by any policies but because of the fact that ours is a big society consisting of 550 million

people, a society torn by various pulls and divisions, and which is at the bottom of the economic level. There are also practical difficulties in working within a democratic framework with full freedom for all so that each section of our nation gets proper representation in the Government and Parliament. It is in this background that we are trying to change the social structure of the society in a democratic way. That is the difficulty that we are facing. So far as Shri Indrajit Gupta is concerned, it is quite easy for him to accomplish this task, because he has no public opinion to look to. He can straight-jacket society and bring about the change. But we have to look to the people, and, therefore, we have to interpret their mandate as they have given it, and we have to interpret it as we see it in the light of our commitments to the people. But that is not the way that others interpret it. Therefore, Shri Atal Bihari Vajpayee may find that it is not a massive mandate but it is a massive burden.

But, in fact, what is the actual burden? Take the taxation proposals? I do not think that any Member of the Opposition will find fault with the big effort that the Finance Minister has made in raising resources. In one single year, he has sought to raise the largest amount of resources. I do not think that this position is challenged by any Member. Actually, hon. Members would like that in view of the commitments that we have made to the country, whether it be the commitment for development, or the commitment for accelerating the rate of growth or the commitment to the unfortunate refugees from Bangla Desh who have become in an unprecedented number, or the various other commitments, the Plan outlay has to be stepped up. Yesterday, Dr. V.K.R.V. Rao said that we had to step up the Plan outlay. I think Shri Indrajit Gupta also would like it to be stepped up. I think even Shri Atal Bihari Vajpayee would like the Finance Minister to find all the resources possible so that he does not leave a gap of Rs. 220 crores because otherwise it would add to the burden on the people. But when he actually tried to raise resources to the tune of Rs. 177 crores, Members find fault with him. In my opinion, he could have done more, but then there is a limit in a democracy. He has to weight the various forces in the

country. So, when any Member finds fault with him that he has imposed a massive burden, the two things do not go together.

I do not want to go into the details, but if you look into the pattern of taxes, you will find that he has done an excellent job. A peasant that he is, he has seen to it that the burden does not fall on the poor people. With his sturdy commonsense, he has said that the philosophy behind his tax proposals could be summed up in three main principles. He wants to rationalise the tax structure. If anybody wants to do it at one stroke, it cannot be done. But he has tried it. Then he wants to distribute the burden to the more affluent sections of society ; he never claimed that there will not be a single burden on the middle class or the common people. There cannot be any scheme of taxation where the common people will not have to bear any burden. If the burden is very equitably distributed, if the common people also are to bear the minimum share of the burden and if the affluent sections are going to pay more, I do not think there can be any legitimate ground for criticism. Thirdly, he has said that he is trying to distribute the tax burden so as not to add to the inflationary spiral. He has squarely faced the issues and placed them before us. Judged from these points of view, the tax proposals come before us in proper perspective.

Take the wealth tax. For decades there have been yearnings in this House that there must be ceiling on wealth, there should be no windfall wealth in a society like this. By his wealth tax proposals, he has almost tried to achieve a ceiling. He could not do it by law, but he has done it through the instrumentality of taxation of wealth. Now if anybody has more than Rs. 8 lakhs, he will find it not worth it ; it will be going out of his net assests.

Then take the income tax. I do not think his proposal to increase the rate of surcharge on incomes above Rs. 15,000 can be criticised strongly because we have to see that the burden is distributed as equitable as possible.

I will come to the price aspect later, as it is a very significant factor in our

economy ; we cannot analyse it only in the light of the tax proposals. I would only say {at this stage that the taxes as they are, whether the wealth tax or income-tax or the tax on the corporate sector through the capital gains tax or the removal of the development rebate, are not by themselves going to affect the price spiral. I am basing this on facts.

He has rationalised the tax structure so far as import duties are concerned. I wish he goes further in that direction. Instead of four slabs, there should be two. He has made a beginning. From all these points of view, he has done an excellent job and it should be commended.

Now I come to the objectives of the budget. The budget is an important instrument of economic change. It is an integrated process over the years ; we cannot achieve all our objectives in one budget ; economic change, social change and growth have to be brought about by a series of budgets. Let us examine the budget from the point of view of these objectives. The President in his Address says that removal of poverty is the main objective of this Government. This is the mandate the people have given us. Before I go into details, I can say without fear of contradiction that no person here or no sensible person outside believes that poverty can be removed overnight. We have to make a big effort for years together to conquer poverty and usher in an affluent society where everybody gets social and economic justice. But the direction is important. Are we going in the correct direction or not ? I venture to say this budget has given the correct direction and if we follow along this line, sooner than later we will be able to tackle the biggest problem the country faces, the problem of poverty.

In economic terms, how do we analyse this problem. There are four aspects to to it : that problem of unemployment, the problem of level of prices, price stability, then social justice, how the wealth is being distributed, and of growth. All these are inter-related. There cannot be any employment without higher rate of growth. There cannot be growth without price

[Shri B. R. Bhagat]

stability. With runaway prices, there cannot be social justice ; under inflationary conditions, the income of the poorer section will move towards the richer section. Now I would like to offer some suggestions for his future guidance, which I hope he will consider.

First take growth. Yesterday, my colleague, Dr. Rao, analysed it. His conclusion—it is a right conclusion shared by other members—is that the 5.5 per cent growth is not enough to give employment to everybody in the foreseeable future. I am glad the Planning Minister is having a reappraisal of the Plan. Let him come forward with a scheme of orientation of policies and programmes and priorities providing for a higher rate of growth. I think this is possible. I must compliment the Finance Minister on the lucidity of the Economic Survey. He has honestly and straightforwardly analysed the price situation. If anyone reads through the 2½ pages he has highlighted the tasks ahead. From this it is clear that we have to go in for a higher rate of growth than merely 5.5 per cent. In the last two years, we had this growth but the Finance Minister has put this in a pregnant line that “the economy is poised for a bigger task”. The social and economic infra-structure is there ; the administrative structure is there ; the will of the people is there ; the mandate is the will of the people. If there is a strong will in Government and in this House, I think we can attain a rate of 8-9 per cent growth. It is the only answer to the many problems, including the problem of prices, we are facing. He has pointed out that he could only provide additionally Rs. 155 crores for the Plan ; although the last plan did not achieve its full quantum, the additional increase is of the order of Rs. 3000 crores. I wish it could have been more. I knew there is a limit to the physical means of raising resources. But there are other ways. I wish the Finance Minister would consider other ways in which resources can be raised and the urgent task of augmenting plan development finance met. Once the priorities are settled, finance can be found. If we want to meet our stated commitment of providing one person in every family with livelihood of

at least Rs. 100 per month, it means providing 120 million jobs for 120 families. Granting that some are employed, you have to provide at least sixty million jobs. This cannot be done at the present rate of growth. That is the size of the problem. The budget can be a massive burden only when the objectives with which it has been framed are not realised, if the growth rate is not realised, if employment does not increase and if price stability is not achieved and if social justice is not cared for ; only then it becomes burden, otherwise not.

Take the question of price stability. We have the nationalised banking system. The unfortunate tendency for the money supply has been to increase at a faster rate ; it has been unregulated. There is a close link between the money supply, annual growth rate and the price increase. If you know the money supply and the growth rate you can predict what will be the price rise this year or the next year. In 1965-66 the money supply increased by 11 per cent but the net national product declined—it was a bad year—by 15 per cent and the wholesale price index rose by 13.6 per cent. In 1966-67 the money supply increased by 9.3 per cent and the net national product increased by 1.5 per cent and inevitably the wholesale price index rose by 11 per cent while in 1967-68 the money supply increased by 8.1 per cent and the net national product increased by 9.3 per cent and the wholesale price index went down by 1.2 per cent. In 1970-71 money supply increased by 12.1 per cent though we have a nationalised banking structure, it is the highest ever increase, and the net national product increased by 5.3 per cent—that is our plan target and we have achieved it in the last two years—and the rise in price was 5.6 per cent. Therefore I am saying that we must achieve a higher rate of growth if we want price stability.

There are structural imbalances. Food crops have been good and their prices have come down but other prices have gone up. The general level of prices have gone up. It is not enough to have overall growth. Nutritional imbalances are created because pulses are not grown. There should be balanced growth in the industrial sector, in food crops, cash crops and also pulses. Growing wheat is perhaps more profitable

and so the production of pulses is going down which affects the nutritional balance. All this is creating problems and the Finance Minister and the Planning Minister should look into this and see that not only the general rate of growth goes up but that the other factors also are looked after.

How are we to achieve this growth ? I have two suggestions to make. The Finance Minister has done an excellent job within his limitations of providing tax proposals and fiscal measures. There are other measures by which we can raise resources. I had suggested earlier that the import duties should be raised to 50 per cent level ; he has done it in the budget by introducing four slabs 30, 40, 60 and 100 per cent. There is a fifty per cent appreciation in foreign exchange ; anybody who gets an imported machinery has its value appreciated if he uses it well. The unit cost must go down ; the Finance Minister has said so very rightly. For exports, for achieving higher productivity, etc. unit cost must go down. If a person imports machinery and raw material even by paying 50 per cent import duty, he will be able to produce goods at a lower unit cost provided he uses it at the maximum level. That can give him Rs. 200 or Rs 300 crores additionally.

Secondly, I refer to the interest rate. We are used to the old way of the British commercial banks. The Reserve Bank is the biggest culprit in this matter ; they will look to their gilt edged securities and say : what will happen to Government loans, they are doomed. Therefore, there should be no rise in the interest rates ; that is what they will say. But what is the situation in Japan, Yugoslavia and Germany ? Their rate of growth is 15 per cent ; the rate of interest is 13 per cent ; they have also a high rate of employment. We have followed the reverse practice 5.5 per cent or 6 per cent rate of interest. There is negligible employment and the rate of growth is 5.5 per cent. Everybody says that an affluent sector is developing in the rural side creating socio-economic and political problems. Cannot we offer then higher rate of interest and float special unemployment debentures and give them 12 per cent. When the rate is 6 per cent today, who will invest money from the rural sector ? Give them 10 or 12 per cent and you can raise Rs. 300 or 400 crores in one year from the rural sector.

If you make special allowance they can give you more money upto Rs. 500 or 600 crores and you can invest it in the Plan and achieve higher rate of growth and create more employment opportunities. Then alone all the four objectives of higher growth, fuller employment, price stability and social justice will be achieved and if our friend Mr. Vajpayee says that this budget is a massive burden people will give a lie to him. I want these objectives to be realised. With these words I support the budget.

SHRI SHYAMNANDAN MISHRA (Begusarai) : Mr. Deputy-Speaker, Sir, I am quite conscious that I am joining the fray when the excitement is almost over. But I must say right at the beginning that I welcome this budget for being a very good gift to the Opposition. I did not know that the Finance Minister was that kind to the Opposition. But as it has turned out to be it is a good gift and I would not exclude from the list of beneficiaries even the DMK or the CPI who seem to have a clandestine love affair with the ruling party.

I welcome this as being the best confirmation of the worst fears and warnings that we had conveyed to the people about the actions and the deeds of the ruling party. I also welcome it as the best refutation of what the ruling party had said to the electorate during the elections by way of mass bribery.

The Government will have to thank for themselves if they now find that they have been forced to the brink of almost complete disillusionment of the people. It is not the opposition which had pushed them to this brink ; it is by their own act of volition. It seems to me that the three B's, that is, Bangla Desh, Bank Cheating Case and this Budget will have almost brought the credibility of the Government to zero. I am not saying this to satisfy myself. I know the reply that would be coming from the hon. Finance Minister later (*Interruptions*). If they have any doubt about the credibility of the Government having touched the nadir, may I ask them to take an opinion poll right in this city of Delhi. I would venture to say that not even one per cent of the total population of four million or so of Delhi, only the 350 sitting right in front of me and that also under duress and under the party whip, would be voting for you. So,

[Shri Shyamanandan Mishra]

it appears to me that only 0.001 per cent of the population in Delhi, at this point of time, would support this budget.

Now, Mr. Deputy-Speaker, let me comfort the minds of my hon. friends on the other side: it is one of my sadnesses that it should be so, because although we have split into two, the bonds of fraternity have not snapped completely. So I say that this is one of my sadnesses. We would certainly like to support the Government warmly and whole heartedly in this hour of grave crisis. Indeed, there is nothing less than a crisis which is confronting the country at the present moment, and if the Government does not reflect it, I must say that the events will push it out of the warm bath of complacency in no time.

It is, therefore, quite clear in my mind that this cyclone which seems to have hit the country earlier is going to change its direction, and its velocity might remain the same. To repeat, the velocity and the virulence of it might remain, but the cyclone is going to change the direction.

Now, therefore, if this phase develops in the country, would we be happy about this, from the larger national point of view? I have no doubt, as I said, that the crash in some form or the other might come. No one had predicted when Mrs. Bandaranaike became the Prime Minister of Ceylon that there would be a crash in store for Ceylon, a crash the sound of which could be heard on the Mars. But it did happen in Ceylon, and if that happens here too, would we turn round and say to the Government, we told you so? Would we comfort ourselves by saying so? Let me assure this hon. House that to that the answer would be an over whelming no, so far as we are concerned. And we would certainly try to do everything in our power to see that such a situation did not develop. We do not want to allow the architects of disorder to have full play in the country so that there is a situation like the one in the Ceylon or even like a situation that developed in Indonesia earlier.

Now, I do admit that the hon. Finance Minister had an extremely difficult task to

perform. But the question that I want to ask is : could he not courageously and realistically face up to this task? My humble submission is that he has not faced up to this task realistically or even courageously. This is a most unreal exercise in budget-making that I have come across during my 21 years of Parliamentary life. It is an attempt to look normal when the circumstances are really abnormal. Abnormality has been introduced by two or three factors. One is the new-style Pak aggression over this country and *vis à vis* this the warm bath complacency exhibited by the Government. Secondly, the abnormality is also introduced by holding out hopes of instant socialism by the ruling party and soon after retracting from it.

The question, therefore, that arises is whether it is a budget at all, and could there be a budget in the given circumstances which might have even a modicum of economic sense or rationality? My main submission is that so long as this Pak crisis continues and we continue to remain a victim of Pak aggression, there can be no rational budget worth the name. This is what the Finance Minister has tried to gloss over. At least this much he could have done, namely, he could have posed challenges to the country and brought out all the dimensions of the economic problem with which we are faced. But he has tried to conceal the many dimensions of this problem and therefore we find that this is a budget which cannot be considered to be a credible budget at all—or a rational budget for that matter.

Take, for example, this puerile estimate for the refugees—of Rs. 60 crores for the evacuees from Bangla Desh. The most modest estimate would be at least Rs. 2 crores to Rs. 3 crores per day and during the course of a year it is bound to be of the order of Rs. 720 crores or Rs. 800 crores. That means it would absorb almost the entire resources that are available for the defence budget and almost three or four times the expenditure that we incurred on the Indo-Pak war in 1965. We ask you whether we can reconcile ourselves to this estimate of Rs. 60 crores and then endorse the rationale behind this budget. That simply cannot be done.

Therefore, I say this is a very irrational attempt ; it is an attempt which does not even ask the country to be stir itself. The country could have certainly done that. What I have found during the course of the last few years is that although such an opportunity presents itself, we generally muffle it. And this was a great opportunity indeed, to arouse the country to come forward and rally under the banner of the Government with the required amount of resources and sacrifice. But also the government has not done. This also shows that this is not a real budget.

We have been told often times that there is going to be a reappraisal of the Fourth Plan—almost a reformulation of the Fourth Plan. Although it holds out some hopes to the people, I must say that there is a pseudo-radical approach to the whole problem of planning. When our planning has got back to the rails, an attempt is again being made to throw it off the rails. So many things are being held out by way of sop to the people, but planning cannot afford such pseudo-radical gimmicks. However, if there is a hope that the Fourth Plan can be reformulated to the great benefit of the masses, we would certainly co-operate with this exercise. But let it be borne in mind that if it is going to be so, then this is not going to be the real budget ; the budget will have to be revamped and reformulated too. Therefore, I do not consider it for that matter also a real one.

It is my submission, that we had got earlier this year an interim budget, now we have got this unreal budget, then there would come the real budget, which would again be followed up by a supplementary budget. A wonderful series of budgets we are going to have during the course of this year.

SHRI PILOO MODY : Then a bankrupt session.

SHRI SHYAMNANDAN MISHRA : Much is being said about the eradication of poverty, socialism and massive mandate. Now may I submit that whenever some of us sitting on these benches feel any dullness we pray to God that two phrases might drop from some lips to relieve our dullness. And what are those two phrases ? They are "massive mandate" and "*garibi hatao*."

The moment those words are used we seem to be bursting with laughter and all our dullness goes. That has been happening for the last few days we have been sitting here.

SHRI N. K. P. SALVE (Betul) : Is it because of the humiliation you have suffered in the mid-term elections ?

SHRI SHYAMNANDAN MISHRA : You can have all the pleasure and all the euphoria, although your euphoria is proving to be shortlived now.

No one had expected that this would be an anti-poverty budget although the person who served the notice of "quit poverty" has now joined the Central Cabinet to strengthen the hands of the hon Finance Minister. I hope he remembers the great person who had served the notice "quit poverty". It was Shri C Subramaniam, now the celebrated Deputy Chairman of the Planning Commission and the Minister of Planning of the Government of India. It was he who, after the split, during the Bombay session of the Requisitionists' Congress, said : It is this Bombay which had served the notice of 'quit India' and it is this Bombay which is again serving the notice of "quit poverty". If this were the intention of the Government, namely, to serve the notice of "quit poverty" one would turn round and ask why did the Prime Minister say to the Rajya Sabha on the 19th November 1970 that the basic minimum needs of the people could not be fulfilled by 1975-76. It is in the records of Parliament that the Prime Minister had said that the basic minimum needs of the people could not be fulfilled by 1975-76. And, mind you, this was a commitment given by the United Congress to the people of India at the Bhubaneswar session of the Congress in 1964. It was repeated in the Election Manifesto of 1967 and again repeated in the famous Ten-Point Programme. It is this very cardinal objective of the Ten-Point Programme which has been quietly shoved away by the hon. Prime Minister and the Government of India. They have now thrown up their hands saying that this cannot be done. So, I ask you, who is fulfilling the Ten Point Programme ? Who is abiding by the Ten-Point Programme ? Was this not the most important item of the Ten Point Programme? were not the other programmes peripheral and marginal in nature, only subsidiary to this main point, that is, the

[Shri Shyam Nandan Mishra]

fulfilment of the basic necessities of life of the people by 1975-76? And yet we are being asked to believe them when they say that they are really serious about the eradication of poverty!

Again, I would like to remind hon. Members that soon after the elections the Prime Minister was honest enough to say that what she said about the eradication of poverty was nothing extraordinary, and that she had no magic wand to eradicate poverty overnight. When a German journalist asked her: "your father also promised the eradication of poverty, can you give any time-limit?" she said "there can be no time-limit for this". Now, that being so, you can imagine who would have expected that this budget could be a budget for the eradication of poverty.

Moreover, poverty cannot be attacked with a poverty of ideas. For attacking poverty you have to have ideas, the understanding of the extent and death of this problem and the perspective in which this problem could be solved. This cannot be done by augmenting the heat-waves of your words or by indulging in populist demagoguery. This cannot be done in that way. Even the Conservatives, let this hon. House remind itself, when they came to power last time they had also raised something like the slogan of "eradication of poverty" and probably Shri-mati Bandarnayake had promised something more. Thus a claim could not be made on behalf of this budget that its main ethos is the eradication of poverty. If that by any means the claim, then here are some tell-tale evidences that all its basic postulates are quite diametrically opposed to this.

Let me mention a few postulates of the budget, as I understand it. One is,—and this is no falsification of the main theme or the main postulate of the budget attempted by a person who belongs to a party which would like the other party to go down; at any rate that is not my intention—as I see it, the main thesis of this budget is that poor will have to become poorer in order to be poverty-free in the long run. I think I am clear on this point that they will have to become poorer, has been established by everybody on this side. It can be established by them too

unless they are living in some kind of make-believe world, in the world of self-deception, that the poor man's rupee is going to be eroded and their standard of living is going to be brought down. So, that it one of the main these of this budget. Naturally a corollary of this will be that the rich will have to be tolerated or permitted to become richer in order to yield resources for the uplift of the poor. Therefore, you would find that the corporate sector has been let off completely. And this is not the first year when has been done. It has been done in a row for the last three years or so, as I recollect it. So, this is another postulate that we have. Then we find that there is no perspective, no time horizon that it held out by this budget in which one could hope that this enormous problem could be solved.

Therefore, one is bound to ask: if this is the charter for the common man, what could be the charter for the rich?

16 hrs.

So I am constrained to say that this Budget does not meet the needs of the common man at all. In fact, the real test of any budget should be as to how it serves the common man in terms of employment, increased income and setting trends for the achievement of good life which the Third Five-Year Plan had placed before to the people as goal. May I remind this hon. House that this objective of the achievement of good life was placed before the country by no less a person than Pandit Jawaharlal Nehru? So, the common man would try to find out from the Budget whether trends are set in that direction. We do not find anything of that kind in it.

The ruling party does not even benefit from the advice of some important persons whom it invites from foreign countries to deliver lectures to us on important subjects for our advantage. Only a few months back the great Nobel laureate, Professor Tinbergen, had come to deliver the Jawaharlal Nehru Memorial Lecture. He gave a talk on "Mature Socialism". What did he have to say about Mature Socialism? He said that mature socialism means institutionalisation of solidarity in the society and the recognition of the fact that the community was ultimately responsible for the welfare of the individual.

But his main test was the maximisation of the human welfare function. Whether it brings about the maximisation of human welfare function, should be the real test in judging this Budget, and must say that it is stunning disappointment from that point of view too.

But how did one get the hope that this party would be able to deliver the good so far as the eradication of poverty is concerned. The problem which could not be solved during Pandit Jawaharlal Nehru's time would be solved during Shri Chavan's regime or for that matter during Shrimati Indira Gandhi's regime? Do they have a much better political organisation with a great sense of dedication and commitment to the cause than they had in the past? If that is so, we would all be happy for it. Have we got a much better administrative set-up, more cooperative and more efficient, to undertake the task? If not then, what does socialism consist of in reality? Does it consist of words or does socialism require something more than a generous use of words? Therefore I would submit that this Budget does not all take us in the direction about which very loud claims have been made by some hon. Members.

Now let me come to the topic of socialism. I have been telling my friends—and I think it would bear repetition here—that in spite of all the frills and fripperies of socialism that have been sought to be given to this Budget, it does appear to me that the anti-people nature or the anti-socialist nature of the Budget remain in hot pants. It is very clear. What the anatomy of this Budget is, it is not very difficult to find out. With all the Victorian folds of garments that the hon. Minister has tried to give to the Budget its basic nature remains in hot pants.

Why do I say so? Only about two or three weeks back, or maybe one or two months back the hon. Defence Minister of the Government of India was pleased to say that not even in the next half a century India could think of attaining socialism. The Prime Minister, soon after the elections, was pleased to address the Federation of the Indian Chambers of commerce and reassured the industrialists and businessmen "Who has told you that we are your enemies? We are your friends."

We do not want the Prime Minister to be the enemy of the industrialists or the capitalists, but the fact that she did think it necessary to reassure that audience, means that she was not going to make any effective attack on them. How are you going to solve the problem of poverty without attacking property? The main issue in a democracy is whether poverty would use democracy to attack property or whether property in fear of poverty would destroy democracy. That was what Aneurin Bevan had asked at one time an important figure on the British socialist scene.

I do realise—and I would whole heartedly agree with the Finance Minister—that a budget is only of a marginal or peripheral significance so far as the shaping of the contours of society is concerned. There are other more important things to be taken care of and the most decisive determinants are the social and economic policies of the Government, the strategy of social transformation and the character of the ruling and administrative elite which is charged with the responsibility of carrying out these policies. These are broadly three basic determinants of the nature of a society.

Now let us examine this Budget. I must say that the raw head and the bloody bones of this Budget would be found in the cupboards of the social and economic policies of the Government of India. And what were the policies recently promulgated by the Government of India. In spite of them the Government seems to be strutting about the stage as if it is going ahead with the programmes of social and economic advance!

The Government of India, as I told you a moment ago, has already given up its goal of meeting the basic requirements of the people by 1975-76. Secondly, what is more important that has happened—and they have gone away, it seems, with perfect impunity—is that they have brought down the main instrument of socialist advance, that is, the Planning Commission, in prestige, weight and influence. The Planning Commission has been emasculated and rendered almost redundant and vacuous by the Presidential notification. It has transferred all the functions of Planning Commission to the Ministry of Planning.

[Shri Shyamnandan Mishra]

Now we are being told that there is going to be a change in the personnel of the Planning Commission. Some change has already occurred. But may I say that the stature of the Planning Commission seems to be going down every day and whatever chess you might play with personalities, you cannot bring about the real change that you want to in the Planning Commission only by these methods?

Thirdly, the House must take note that the Government has promulgated a policy which now opens out the doors of the core industries to the big business houses. What do we exactly mean now by commanding heights of the economy being in the public sector? I really do not understand that. If the "core" goes to the private sector, then what remains with the public sector? So, I frankly do not understand all this.

It has also been pointed out by some other hon. Members that everything possible has been done by this Government to stifle the Monopolies Commission so that it is like the policeman looking the other way. It does not look at things which are happening merrily in good old ways. Therefore, much hope that was being pinned on this Monopolies Commission comes down to ashes.

Recently, there was a glaring deviation from the industrial policy also in sanctioning what are called the mini-steel plants. There are going to be six of them and each of them of the order of only 50,000 tonnes at the present moment. But who knows economics of scale would not weigh on them later and it will go up to any length and up to any amount. These mini-plants were given by China quite a few years ago. The cost of production of Indian steel is bound to go up. It is these marginal units which are going to raise the cost of steel in this country.

Then, quite understandably, we have now the policy of decontrol in sugar and earlier, quite some time back, there was decontrol in paper. This Government like an honest debtor had to do something for their creditor. Industrialists and businessmen must make

money after they had been able to help them a bit during the most crucial period of their existence. So, now decontrol has been promulgated in sugar and earlier decontrol was promulgated in paper.

I have told you that it is the character of the ruling elite, administrative elite which determines the nature of society. What this elite has been doing is plainly this: it has been radiating irrationality. It does appear to me that economic rationality is the greatest casualty at the present moment. If the towers of power radiate irrationality, there is hardly any nooks and corner in the country which can remain immune from it.

Then one of the most crucial tests of social advance is the ratio between public and private investment. How has this ratio been behaving? Let us examine it on the basis of developments that have been taking place during the first two years of the current Plan.

MR. DEPUTY SPEAKER: Please try to conclude now.

SHRI SHYAMNANDAN MISHRA: I have yet to speak on the taxation proposals of the Budget.

It is clear from the development in the first two years of the Fourth Plan that the earlier trends have been completely reversed. The socialist vehicle seems to be running in the reverse gear. Let us have a look at the relevant figures of 1969-70 and 1970-71. In 1969-70, the ratio between public and private investment was 53.2 and 46.3. In 1970-71, it was 51:49, that is, running close to 50:50. This year, the position may be worse. What happened during the Second Plan? The ratio was 54.1 and 45.3. In the Third Plan, it was 60.6 and 39.4. So, this ratio is becoming adverse and we find that the investment in public sector is going down. What is the hope then for socialist advance I do not know.

The real test of the Budget should be in terms of the Plan and progress. What has happened, so far as two years of the current Plan are concerned, in

respect of the achievement of the target of increase in national income? Much has been made of the fact that we have had an increase of 5.5 per cent in national income during last year. May I have the audacity to challenge it. I have my doubts whether there has been really an increase of the order of 5.5 per cent in national income during last year? It requires a little elucidation. If in the year 1969-70 there could be an increase of the order of 5.3 per cent in national income on the basis of 6.5 per cent increase in agriculture.....

MR. DEPUTY SPEAKER : Please conclude now.

SHRI SHYAMNANDAN MISHRA : Yes ; you allow me a few minutes more. If on the basis of 6.5 per cent increase in agriculture, it was a little over 3 per cent, how does this come about? This time, there has been only a little over 5 per cent increase in agriculture. How could it be 5.5 per cent increase in national income lost if it was only 5.3 per cent on the basis of the figure that I have given.

There is another doubt about this. The Plan stipulation was that there will be 5 per cent increase in national income on the basis of 8-10 per cent increase in industrial production and 5 per cent increase in agricultural production. A miracle has happened that on the basis of 5 per cent increase in both agriculture and industry 5.5 per cent increase in national income has taken place.

Further, much could not be made out of this. Because this is based on stagnation, more or less in industry. It is based mostly on agricultural production. Therefore, the whole process of economic development seems to have received a kind of set back during the course of last one year or so.

MR. DEPUTY SPEAKER : You have taken more time than what is due.

SHRI SHYAMNANDAN MISHRA : Just 2 minutes more.

Coming to taxation proposals, no one expects the Finance Minister to produce

socialism fiscally. There is nothing like fiscal socialism or fiat socialism or legislative socialism. The principles adumbrated are indeed unexceptionable. My submission is that he has acted against the principles which he has enunciated in the Budget itself. Firstly, he has acted against his principle of holding the price line. He has done everything possible that will increase the price line. Then he has left the deficit uncovered to the extent of Rs. 220 crores. Then, he has imposed inflationary taxation. Even this deficit of Rs. 220 crores one cannot believe. He has claimed that he will be imposing burdens only on luxury and semi-luxury items. But what we find is that hardly any item of necessary it has been left out, even the bread is not an exception. That reminds us of what was said by a Nazi agitator : "we don't want lower bread prices, we don't want highest bread prices, we don't want unchanged bread prices, we want national socialist bread prices." Now, it seems it is the Chavan bread prices that they want. Therefore, Government thinks that people will be able to put up with this kind of thing. Even if you examine it from the point of view of the balance between the direct and the indirect taxation, you will find that it is regressive. This is ironic that this has been so this year.

MR. DEPUTY SPEAKER : That is all now.

SHRI SHYAMNANDAN MISHRA : I am sorry I have not been able to cover many of my points. I thought that I would be getting 40 minute.....

MR. DEPUTY SPEAKER : You have had more than that.

SHRI SHYAMNANDAN MISHRA : Thank you very much. With these words, I have done.

SHRI M. SUDARSANAM (Narasaraopet) : Mr. Deputy-Speaker, Sir, at the outset, I would unhesitatingly say that this year's Budget reflects the urges and aspirations of the common man to a great extent.

This Budget spells out a philosophy of removal of glaring inequalities in wealth through increase in taxation above the assessable value of Rs. 40,000 by placing

[Shri M. Sudarsanam]

additional burden of wealth tax and additional wealth tax on urban lands and buildings. If one makes detailed calculations, one will realise that above a certain value of property and income, the net amount payable by way of income-tax and wealth-tax would be over 100 per cent.

16.20 hrs.

[SHRI N. K. P. Salve in the Chair]

The Budget should have exempted corporate profits of above 25 per cent provided they are ploughed back into industry resulting in increase of job potential and gross national income.

Further, I would like to suggest that to encourage savings, those that come into the orbit of wealth tax should get certain exemptions provided they make investments upto Rs. 1 lakh additionally in Government securities. This would be a direct form of saving.

To combat the poverty and solve unemployment problem, we must do some hard thinking on further improving agricultural, industrial and mineral production. Unfortunately, the impact of the Green Revolution has not percolated to the cash crops. The transfer of improved technology can reach desirable proportions only if it covers cotton, jute, oil-seeds and other types of agricultural products,—including tobacco. Increase in mineral production through appropriate incentives can result in greater employment.

It is very unfortunate that the Budget is not export-oriented. Coming as I do from an area which has a lot of export consciousness, because tobacco is an important foreign exchange earner, I cannot but keep referring to the inadequacy of the measures taken for promoting exports. We were assured on several occasions, about the formation of the Tobacco Board. But this is being delayed for one reason or the other, since a long time. In view of the tremendous global competition, Indian tobacco cannot really stand in competition with other growing countries, in view of the levy of

export duty. This export duty must be abolished in the interest of foreign exchange earnings.

Sir, I suggest that we should endeavour to increase employment and employment opportunities in productive effort and not through increase in administrative expenses. The public sector units should function efficiently and economically when alone our economy can improve.

I do feel that the burden that has been placed on the corporate sector this year largely through withdrawal of concession is fairly high and would,—to an extent,—effect productive activity and growth. But this impact would perhaps be only marginal and not as great as some of the Members of the Opposition benches would like us to believe.

I realise that if this tax burden was not imposed, the growth should have been faster. In any case, the objective factors which exist in the economy are comparatively so good today that notwithstanding this burden, I have no doubt that other things remaining the same, there will be the growth of industries.

In this connection I have only one very specific suggestion to make and that concerns the proposal for withdrawal of the development rebate. I suggest that the Finance Minister should consider extending the period of notice from May, 1974 to May, 1976 so that the schemes that are now conceived can get through and obtain the advantage of development rebate. To my mind, this will go to push the corporate activity and whatever loss is suffered by way of revenue would be more than made up by the increase in corporate earnings and consequently a larger accrual to the Exchequer by way of corporate taxes. This will also help the new entrepreneurs and would be of benefit equally to large and small-scale industries.

I now turn to some of the indirect tax proposals. Everybody in the House seems agreed that the tax on maida was ill-conceived. I would also like to add my voice and plead for its total withdrawal. Maida is mostly used for bread which is the poor man's food. Taxing a poor man's essential food cannot be correct.

Although I would hesitate to suggest specific items, I do feel that the Finance Minister should have thought of increasing excise duties on items which are in tremendous short supply and where the consumer is even otherwise not able to get them at reasonable prices.

This suggestion brings me to what I consider to be an important point. In our country, in some of the industrial products, we have already a tremendous shortage and the consequent ills that flow from it. At the same time there is the danger that shortages may develop in a few other items. The policy being followed by the Government to tackle the shortages through formal or informal price controls is, to my mind, not a right one. By doing so, we unwittingly affect the moral fabric of the society and do not really serve the interests of the consumers at large. Malpractices occur. I therefore, earnestly suggest that a fresh high-level review of the pricing of the Government must be initiated. The conclusion, to my mind, is that it is not incompatible to release the productive forces by allowing due increase and thereby promote production of such items. The commodities which I have in view are aluminium, paper, chemicals and dyestuffs including soda ash, caustic soda, cement and the like. If Government follows a liberal policy, there may be a temporary rise, but this will help improve the balance-sheets and curb malpractices under which the increases, in any case, go to somebody's pocket. At the same time, this constitute a powerful initiative for expansion in growth of these items.

The bulk of our population comes from the villages. But, unfortunately, the villages have not even got drinking water facilities. In my own constituency I can tell you that many villages have not got drinking water facilities. I am sure when the Finance Minister discusses matters relating to development of villages with the various State Finance Ministers, he will stress upon them the need to provide drinking water facilities in the villages.

Laying roads in the villages is most important and urgent. Many villages have

no roads. The produce is actually being carried in the villages by the villagers over their heads, in the absence of proper roads. So, road construction is very essential and priority must be given to lay roads, especially among villages in the backward districts. That is most important.

Mining project at Agnigundala, near Vinukonda needs very speedy work. The progress is very slow. This is a first-class copper zinc mine and can fetch decent foreign exchange and so, I request that top priority must be given to up a melting furnace there, to see that foreign exchange is earned, without further loss of time.

The coastal districts of Andhra Pradesh require one more refinery. At present we cannot develop and we cannot attract petro-chemical industries in the area. I would therefore request the Government to do something about it.

The conversion of Guntur-Macherla metre gauge line into broad gauge is urgent. Because of the Nagarjunasagar project there, agricultural produce has to come to the market, and unless this broad gauge line is put up, it is impossible for them to carry the products to the various destinations. New Railway connection linking up Nadi-kudi with Babynagar is very important. This survey has already been completed. The work on construction of this line should be earnestly taken in hand so that the problem of long distance can be overcome.

With these words, I once again give my general support to the tax proposals of the hon. Finance Minister and I am sure the House will approve them.

SHRI P. VENKATASUBBAIAH (Nandyal): Mr. Chairman, Sir, for the past three days, discussions are going on with regard to the Budget proposals introduced by the hon. Finance Minister. This Budget has generally evoked great attention and also strong criticisms from various political parties in the country. Not only that. The entire budget proposals have been evaluated and critically analysed in the context of the Congress party having got a massive majority in the recent mid-term elections.

[Shri P. Venkatasubbiah]

Though a budget as envisaged in the economic parlance is an annual feature for any Finance Minister, yet, this present budget is significant in the impact that it can create among the masses of our country.

One fact has clearly emerged after the recent elections. The electorate has chosen and has given its verdict in the clearest terms possible in favour of the left-of-the-centrist policies that have been enunciated by the ruling party in its election manifesto. Another factor that has emerged from these elections is that the main Opposition group in the Lok Sabha is the Communist Marxist group. So, it is clearly evident that the people who have chosen this party to come into power have also shown the direction that we should take, namely that as an alternative, the pendulum cannot be swung back but it has to go more radicalist. This is a clear evidence of the fact that whatever impact the budget can make can be viewed from the context of the alleviation of the sufferings of the general masses.

While introducing the budget, the Finance Minister has set out certain criteria and framed certain guidelines. We have, therefore, to see whether he has followed those criteria and kept up to the norms which he has himself enunciated.

One thing is very clear, namely that the Finance Minister has to do some right-rope walking. He has to augment the resources of the country as a first step towards ushering in social justice and economic equality in this country. Our main concern is to see whether this honest attempt on the part of the Finance Minister is going to be accepted and is going to be appreciated and implemented by the people of the country.

Our country is today facing not only internal pressures but also the threat from our neighbour Pakistan. The unprecedented influx of refugees numbering about 5.5 million in our country has posed a very serious problem not only to our economic stability but also to our political integrity and national security. This has to be borne in mind when the critics begin to criticise the budget.

Secondly, a plea has been made for giving more autonomy to the States and to give them more financial allocations from the Central Government. The recent DMK proposal in this connection through the Rajmannar committee's report should not be viewed lightly. It has got its repercussions on the Centre-State relationship, not only in the political aspect but also in its financial and economic aspects. Time and again it has been the slogan of some of the State Governments who do not have any other slogan, to say that the Centre is appropriating all powers and, therefore, the Centre should part with some of its powers to the States especially in the matter of financial allocations. The other day, through a non-official resolution, they demanded the setting up of a Federal Debt Commission to look into the financial aspects of the States Governments and also to make the Central Government part with more and more of their financial functions to the States.

The third major problem that we are facing in our country is the problem of massive unemployment. The Finance Minister has suggested some crash programmes for solving this problem. But the problem is so great and massive that by merely allotting a few crores of rupees, we shall not be able to solve this problem completely. The problem of unemployment of the educated youth is a big one. I would only suggest to the Finance Minister that to solve this enormous problem of unemployed educated youth, he should constitute a sort of revolving fund to which he could ask the educated youth after they have been employed to contribute something.

So far as the crash programmes are concerned, rural development works are being undertaken. I would like to bring to the notice of the Finance Minister that the production of khadi also should be included in these rural development works. I do not know about other States, but in my State, thousands of families, especially from the Harijans and other backward communities, supplement their income by mass spinning and weaving. So, khadi production should also be an item included in these rural development works.

Some time back, our Irrigation and Power Minister had said that the work of

linking up the Ganga with the Cauvery should be taken up. This is a grand programme which was envisaged a long time back by Mr. Cotton. I would re-emphasise this, and urge Government to take up this work. It may be a stupendous work involving crores of rupees, but ultimately it will prove to be a great boon for the whole country. It would provide employment not only to technical people but also to non-technical people. Besides, it will also promote national integration. So, the linking up of the Ganga with the Cauvery is a project which has to be looked into.

Another suggestion which I would like to make is a crash programme for providing houses to the unfortunate and weaker sections of the community. I do not find much provision having been made for providing houses or house-sites for these people; there is not even provision made for drinking water supply. The hon. Member who preceded me had also emphasised this fact.

The next thing that I would like to emphasise is in regard to agricultural production. We should not be complacent. When we look into the economic growth rate of 5.5 per cent, we find that the major portion of the growth is attributed to agricultural production. Industrial production is as low as it was before. Our country has been fortunate to have successively favourable monsoons, and, therefore, increased agricultural production. But we should not be carried away by the impression that agricultural production is going to be on the same level as it was before.

Every effort has to be made to see that industrial production comes up to our expectations. With huge public sector undertakings in our country, it should also be our endeavour to see that industrial growth comes up to the level of agricultural growth.

On the agricultural sector, I would also like to caution the Government that though the acreage under irrigation has increased year by year, the per-acre production has not proportionately increased.

This has to be borne in mind.

Then there is the question of dry farming for which provision has been made.

Then I would request the Finance Minister and the Prime Minister to go into the entire gamut of centre-state relationship in a very thorough manner and evolve a workable relationship. I placed the other day for a permanent Finance Commission to go into this matter to see that centre-state relationship is put on a firm footing so that the present bickerings may not be allowed to go on any further.

As my time is up, I conclude by saying that the duty on maida and other things should be dropped.

श्री दुर्गादास माटिया (अमृतसर) जो बजट हमारे सामने पेश हैं मैं उसका स्वागत करने के लिए खड़ा हुआ हूँ। इस बजट में हमें समाजवाद की झलक मिलती है। इसमें कोई शक नहीं कि जो जनता के मन में था या उसका खयाल था कि बहुत कुछ उसके लिए इस बार बजट में होगा, वह नहीं है लेकिन हालात के मुताबिक जो कुछ इसमें रखा गया है, वह अपनी जगह पर सही है। बंगला देश की वजह से हमारे सिर पर बहुत ज्यादा खर्चा पड़ गया है। फिर भी मैं समझता हूँ कि इसके अन्दर हमें एक डायरेक्शन मिलती है सोशलिज्म की तरफ जाने की और आगे बढ़ने की। समाजवाद एक या दो साल में नहीं आ सकता है। आपको याद होगा कि जब हमने पांच साला योजनाएँ बनानी शुरू की थीं तब पंडित जवाहरलाल नेहरू ने कहा था कि इन योजनाओं के प्रति हम सब की जिम्मेदारी होगी फिर चाहे वह गरीब हो या अमीर हो। अपनी शक्ति के मुताबिक सबको बोझा बरदाश्त करना होगा। हमने देखा कि योजनाओं में हमने किस कदर तरक्की की। ग्रीन रेवोल्यूशन हुआ। इंडस्ट्रियलाइजेशन के क्षेत्र में किस कदर तरक्की हुई। हम आगे ही बढ़ते जा रहे हैं। लेकिन अभी भी हमारा रास्ता लम्बा है। इसलिए एक या दो

[श्री दुर्गादास भाटिया]

बजटों में यह चीज तय नहीं हो सकेगी। हमें एक लम्बे रास्ते के लिए तैयार रहना होगा। हमें देखना होगा कि जिस कदम हम खर्च कर चुके हैं, क्या प्रोडक्शन उसके मुताबिक हुआ है? मुझे यह कहते हुए दुख जरूर होता है कि जिस कदम हम खर्च कर चुके हैं उसको देखते हुए प्रोडक्शन का लैवेल उस कदम नहीं बढ़ सका है जिस कदम बढ़ना चाहिये था। पब्लिक सेक्टर में हमारा जो काम हो रहा है वह स्वास्थ्यमय नहीं है। प्राइवेट सेक्टर के अन्दर इस बात की चर्चा है कि पब्लिक सेक्टर कामयाब नहीं हो सकता। मैं समझता हूँ कि यह एक चैलेंज है जिसको हमें स्वीकार करना होगा और जहाँ जहाँ कमियाँ हैं, उनको दूर करना होगा। अगर ढाँचा उसका खराब है तो उसको बदलना होगा, इंतजाम को बदलना होगा और साथ ही साथ पब्लिक सेक्टर का जो दायरा है उसको बढ़ाना होगा। लेकिन यह तभी हो सकता है जब ढाँचे में जो कमियाँ आ चुकी हैं और उनकी वजह से प्रोडक्शन उस कदम नहीं बढ़ रहा है जिस कदम बढ़ना चाहिये, उनको दूर करें और ढाँचे को ठीक करें। ज्यादातर पब्लिक सेक्टर में काम इसलिए कम होता है कि एडमिनिस्ट्रेटिव लैवेल पर मंजूरियाँ मिलने में सालों लग जाते हैं। उस बीच पब्लिक सेक्टर की जितनी मशीनरी है उसमें से पचास परसेंट बेकार पड़ी रहती है। यह केवल इसलिए होता है कि फैसले देर से होते हैं।

हमें इस बारे में कोई कमीशन बिठा कर यह देखना होगा कि जब प्राइवेट सेक्टर इतनी कामयाबी के साथ चल रहा है, तो फिर क्या वजह है कि पब्लिक सेक्टर ठीक तरह से नहीं चल रहा है। जब तक पब्लिक सेक्टर अच्छे तरीके से नहीं चलेगा तब तक ग्रामदानी नहीं बढ़ सकती है और जब तक ग्रामदानी नहीं बढ़ती है तब तक टैक्सों का बोझ और भी बढ़ाना पड़ेगा।

जहाँ तक डायरेक्ट टैक्सेशन का ताल्लुक है, मैं अर्ज करूँगा कि 1939 में एग्जेंप्शन लिमिट 2000 रुपये थी। आज 1971 में, जब कि करेन्सी का फैलाव बीस गुना बढ़ चुका है और कीमतें पंद्रह गुना बढ़ चुकी हैं, 6000 रुपये की एग्जेंप्शन लिमिट मौजूदा हालात से मेल नहीं खाती है। हम कहते हैं कि हम निचले दर्जे के लोगों को ज्यादा से ज्यादा फायदा पहुंचाना चाहते हैं। इस लिए यह जरूरी है कि मौजूदा मंहगाई और करेन्सी के फैलाव को देखते हुए एग्जेंप्शन लिमिट को 6000 रुपये से बढ़ाकर कम से कम 10,000 रुपये कर दिया जाये।

मंत्री महोदय ने यह यकीन दिलाया है कि नीचे के लोगों की सुविधा के लिए इनकम टैक्स के सिस्टम को सिम्पलीफाई कर दिया जायेगा। इसके लिए एक तो एग्जेंप्शन लिमिट को बढ़ा दिया जाये और दूसरे, वैल्यू टैक्स इनकम टैक्स और एसेसमेंट के लिए पहली रिटर्न वगैरह चार चार रिटर्न भरने के बजाये सिर्फ एक ही रिटर्न भरी जाये। चूंकि एक ही अफसर फैसला करने वाला होता है, इसलिए उसका टाइम भी बच जाएगा। वह बड़े टैक्स-गुजारों के लिए ज्यादा टाइम निकाल सकेगा और ज्यादा से ज्यादा टैक्स वसूल हो सकेगा। आज हालत यह है कि पचास साठ हजार कमाने वाले स्माल-स्केल इंडस्ट्रियलिस्ट्स और इंदारों को चार चार रिटर्न भरनी पड़ती हैं और उन्हें परेशान कर दिया जाता है।

जो सबसे पहले इनकम का अन्दाजा लगाने की रिटर्न दी जाती है, उससे कोई ज्यादा लाभ नहीं हुआ है। मैं समझता हूँ कि इससे बलेक बढ़ी है। अगर इस सिलसिले को बन्द करके एक ही जगह पर सारा इन्तजाम किया जाये तो यकीनन इनकम टैक्स अफिसर के पास

ज्यादा टाइम होगा कि वह किसिज को अच्छी तरह से देख सके।

जहाँ तक इनडायरेक्ट टैक्सिज का सम्बन्ध है, मैदा और कोर्स क्लायथ पर जो लैवी है, सब तरफ से उसकी चर्चा हो चुकी है। मैं समझता हूँ कि मंत्री महोदय को यह गलतफहमी हुई है कि मैदा अमीर आदमियों की खुराक है। पंजाब, काश्मीर और देश के दूसरे हिस्सों में मैदा आम तौर पर इस्तेमाल होता है। इसलिए इस पर लैवी लगाना दुस्त मासूम नहीं होता है। मुझे उम्मीद है कि मंत्री महोदय मैदा और कोर्स क्लायथ के बारे में जरूर ख्याल करेंगे।

मैं मंत्री महोदय का ध्यान इस तरफ दिलाना चाहता हूँ कि एयर इंडिया पर जो बीस परसेंट लैवी लगी है वह भी किसी हद तक जायज नहीं है, क्योंकि एयर इंडिया एक ऐसी पब्लिक अंडरटेकिंग है, जिसने काम्पीटिशन के बावजूद दूसरे देशों में नाम पैदा किया है और कामयाब हुई है। अगर आज उस पर...

सभापति महोदय : माननीय सदस्य अब समाप्त करें।

श्री दुर्गाबास भाटिया : मैं दो मिनट में पंजाब के बारे में कुछ कहना चाहता हूँ।

सभापति महोदय : माननीय सदस्य अपना टाइम ले चुके हैं। मेरी मजबूरी है। आपको अब और टाइम नहीं मिल सकता है। श्री चपलेन्दु भट्टाचार्य।

SHRI CHAPAL BHATTACHARYYA (Giridih) : At the outset I would call on the hon. Members to move away from the rather theoretical discussion, whether this budget is socialist one or capitalist one or really reflects welfare. It was forty years ago that a noted economist said that the battle of socialism was being won hour by hour. How prophetic that statement was

we at this stage can realise. So, whatever may be the nature of this budget that statement holds ground with added force. The battle of socialism is practically half won. This may be a transitional budget, second in a row with a substantial deficit financing and increase in the tax burden as also in the tax effort. But then that is a burden which we have to shoulder for effecting social change. The increase in excise duties, in their rates and coverage, does not necessarily make the tax system regressive. It really depends who has to foot the bill. Except maida, and probably coarse cloth and some varieties of soap, by and large the upper middle-class and the upper classes will have to participate in the payment of excise duties. The question is not whether at one sweep the traditional regressive fiscal system and tax structure could be changed, overnight. But a very bold effort has been made; there can be no doubt about it. The Kaldorian formula enunciated during the mid-fifties, that wealth tax, capital gains tax, expenditure tax, income-tax and estate duty and gift tax have to be given effect to on the basis of a single return. If there is any lacuna it is with regard to expenditure tax. For, lately there has been a great deal of increase in what Veblen called conspicuous consumption. Our friends on the opposite would remember that a socialist by conviction, Dr. Dalton when he took charge of the British finances had to move away from the theoretical formulations of progressive taxation and had to reduce direct taxation and go over to excise duties. The main point, which Kaldor had emphasised and which holds good today is that the expenditure and wealth tax would have been the main instruments for cornering resources and the disincentive effects which a high rate of taxation on income and the surcharges produce would thereby be done away with. Now we have not implemented the tax on expenditure. There is the other suggestion which Kaldor had made that every account over Rs. 50,000 should be compulsorily audited. That has not been given effect to. There have been loopholes. Estimates of evading taxes vary from a thousand crores to several thousand crores. It has an iceberg quality; what is visible is probably a fraction of what is invisible. But there has been a chorus of objections against any increase in governmental expenditure what-

[Shri C.E. Bhattacharyya]

soever. I do not fully agree with this view. There is at least one sector where increase in government expenditure may increase Government revenue. We are now spending Rs. 48-50 crores for collection of taxes and duties. The officials of the Finance Ministry can proudly say that we are not spending more than 1 to 1½ per cent on tax collection which is well in tune with the British budgetary system. But I must point out that at one time the British Finance Ministry officials had to raise this 1.5 per cent to nearly ten per cent. Take the smuggling that is going on. I come from an area in Bihar which exports mica. It has been traditionally exporting Rs. 15 to Rs. 18 crores; it is now down to Rs 10 crores. Forty per cent customs duty did all the trick. This duty has broken a hole in customs barrier and Rs. 6 to 7 crores worth mica is going to Nepal to be re-exported. If forty per cent export duty can do that trick, we can imagine what probably is happening as we increase the customs duty from 25 to 100 per cent. There has been a substantial increase in excise duties. Honesty has become a scarce commodity and honest implementation has become the need of the hour. We are standing on the great divide for hence forward the evolution which is ahead of us will be materially different from the years which have preceded us.

MR. CHAIRMAN : You have taken nine minutes; please conclude in one minute's time.

SHRI CHAPAL BHATTACHARYYA: If you cannot give me even fifteen minutes, how can I make my points ?

MR. CHAIRMAN : I am utterly helpless; kindly conclude in one minute's time.

SHRI CHAPAL BHATTACHARYYA: The increase in expenditure on tax collection will substantially increase tax receipts. Also the performance of the public sector undertakings have not come up to our expectations. There are more than a hundred incentives which are in use in economically developed countries and we can adopt one

of them to increase productivity and production.

We can harness the good will of the labour movement so that all the 79 public sector undertakings or thereabouts, the majority of them are not making profit could make profits, and the position could be very effectively reversed, if we set about doing the thing in the correct way.

17 hrs.

Sir, I come from Chhotanagpur. In the fifties, Mr. Kaldor made a prophetic statement that for 10 million jobs you have to produce 10 million tonnes of extra food. Now, we are faced with the perspective of 30 million jobs to be given, and so 30 million tonnes increase in food stuffs are the need of the hour. Therefore, a much greater drive and a wider coverage has to be given to the crash programmes and all other associated programmes for increasing the production of food (*Interruption*).

I come from a very backward region, ore-crop area, the Chhotanagpur plateau, with only a few industries. But we are importing Rs. 100 crores worth of cotton. Our soil is the best-suited for cotton. So, if we spend Rs. 1 crore a year, this cotton could materially alter the situation,

MR. CHAIRMAN : Now, may I request hon. Members to co-operate with me ? Quite a few more Members are anxious to speak, and the time is extremely limited. Kindly be co-operative and be considerate to the other Members who want to participate in the debate. (*Interruption*) I am helpless in the matter.

SHRI D. N. TIWARY (Gopalganj) : Please allow a Member to participate either in the debate on President's Address or on the budget or on the Finance Bill. Otherwise, many hon. Members would always be left. Earlier, there was a rule that a Member would be allowed to speak once either in the debate on the President's Address, or the budget or the Finance Bill.

MR. CHAIRMAN : I am afraid I cannot plead guilty on that score. It should

be taken up with the Minister of Parliamentary Affairs, All that I can say is, the time is limited and quite a few more Members are anxious to participate and make their contribution. Yes, Mr. Shiv Nath Singh. Please conclude within eight minutes.

श्री शिवनाथ सिंह (भुंभुनू) : माननीय सभापति जी, इस बजट के संबंध में सदन में और सदन के बाहर विभिन्न प्रतिक्रियाएँ हुई हैं। कई साधियों ने इस बजट को अपने हिसाब से बहुत प्रोडक्टिव बताया है और कई साधियों ने रिएक्शनरी बताया है, अनप्रोडक्टिव बताया है। मैं निवेदन करना चाहूंगा कि आज की वर्तमान हालत में जोकि इस समय देश में है, उसमें इससे कम कुछ भी नहीं किया जा सकता था। जो बजट पेश किया गया है वह आज के बातावरण में, आजके हालत में बिल्कुल फिट न हो लेकिन इससे कम नहीं किया जा सकता था। आज इस बजट में कोशिश की गई है कि कहीं पर वेल्थ एक्जुमुलेट न हो। इसको चेक करने के लिये, जैसा कि वित्त मंत्री जी ने कहा है कि बड़ी बड़ी इंडस्ट्रीज़ और कारखानों में काम करने वालों की तनखाह पाँच हजार से अधिक नहीं रहेगी और एक हजार से ज्यादा एलाउन्स नहीं रहेगा। इसी तरह से कुछ दूसरे प्राविधान भी रखे गए हैं और यह कोशिश की गई है कि चन्द हाथों में वेल्थ एक्जुमुलेट न हो। हम इस बात का स्वागत करते हैं लेकिन जहाँ वेल्थ एक्जुमुलेट होने का सवाल है उसको उसी समय साथ में देखना पड़ेगा जब आप टैक्स लगाते हैं कि उससे रिलीफ किसको मिलती है। देश में लोगों ने यह कभी नहीं कहा था कि टैक्स न लगाये जायें। आज लोग इस बात के लिए तैयार हैं कि टैक्स लगाये जायें लेकिन साथ में उनकी हालत भी सुधरे। चुनाव के समय में हमने बहुत सी बातें कही थीं और लोगों की एक्सपेक्टेन्स को जगाया था। जब बजट सामने आता है तो लोग उसकी अलोचना करते हैं कि

क्या इसीलिए हमने इतना बहुमत दिया था कांग्रेस को और इन्दिरा जी कि इतना ही बजट आयेगा और इस बजट से गरीब लोगों को कोई संतोष नहीं है। उन्होंने सोचा था कि उनके लिए मकान बनेंगे। पढ़े लिखे लोगों ने सोचा था कि उनको नौकरी मिलेगी। काश्तकार ने सोचा था कि उनको पंपिंग सेट्स के लिए लोन मिलेगा। हर आदमी समझता था कि गरीबी दूर होगी। सड़क पर सोने वाला यह सोचता था कि उसको किराये पर घर मिलेगा। लेकिन आज हम इस बजट में इस बात के लिए प्राविधान नहीं कर सके हैं। मैं यह मानता हूँ कि कुछ प्राविधान करने की कोशिश की गई है लेकिन वह बहुत नाकाफी है। जैसा हमने वायदा किया था उसके अनुसार इस बजट में बहुत कम रख रहे हैं। मैं यह निवेदन करना चाहूंगा कि आज के बदले हुए बातावरण में जैसा जनता ने हमारा साथ दिया था 'इस देश के पूँजीपति इस बात से डर गए थे कि इस चुनाव के बाद पता नहीं हमारी क्या गति होने वाली है। सन् 1947 में राजा-महाराजाओं और बड़े बड़े जागीरदारों को डर लगा था कि आजादी के बाद में अब हमारी क्या गति होगी। हमारी सरकार और हमारी पार्टी ने उनको अभयदान दिया। आज हम महाराजाओं की प्रीवी पर्स और विशेष अधिकार बन्द करने की बात सोच रहे हैं। हमारे देश का एक हिस्सा कश्मीर भी है जहाँ बिना मुआविजा दिए जागीरदारों की जागीर ले ली लेकिन उसका कोई रिएक्शन नहीं हुआ। हम भी उस वक्त राजा, महाराजाओं के विशेषाधिकार समाप्त कर सकते थे। लेकिन उस समय हम ने उन को प्रोत्साहन दिया, उन के साथ में सहयोग किया। लेकिन उन्होंने हमारे साथ सहयोग नहीं किया। यही हालत आज के उद्योगपतियों की भी है वे किसी प्रकार का कोई भी सहयोग हमारे साथ करने को

[श्री शिवनाथ सिंह]

तैयार नहीं हैं। इस चुनाव में कांग्रेस को जो बहुमत मिला है उस ने देश को एक नया संदेश दिया, अगर हम ने उस का आभास नहीं किया तो हमारी क्या हालत होगी ? आज भी कोरपोरेट सैक्टर को छोड़ दिया गया है। आज देश आर्थिक क्रान्ति चाहता है, आर्थिक ढाँचे में परिवर्तन चाहता है। देश में बहुत गरीब आदमी हैं, वे चाहते हैं कि उन पर टैक्स लगे और उस को देने के लिये तैयार भी हैं लेकिन वह साथ ही यह अपेक्षा भी करते हैं कि उस पैसे से उन का कुछ भला हो।

177 करोड़ रुपये के टैक्सेज का प्रस्ताव इस बजट से किया गया है। देश की आबादी 55 करोड़ है जिस का मतलब यह है कि प्रति व्यक्ति पर साढ़े तीन रु० का टैक्स पड़ता है। कोई भी परिवार इस को देने से इन्कार नहीं करेगा। लेकिन वह चाहता है कि इस से ऐसा काम हो जिस से हमारी आमदनी बढ़ सके। लेकिन इस और हमारा बजट कहीं भी दिग्दर्शन नहीं करता है। इसलिये हमारा बजट इस प्रकार का होना चाहिये जिस से वैल्य का ऐक्यमुलेशन बन्द हो। बड़े बड़े उद्योगपतियों की जो मोनोपली होती जा रही है उद्योगों के मामले में उस पर चैक लगना चाहिये।

हमारे देश में धन की कमी नहीं है। एल. आई. सी. और बैंकों के पास काफी धन है। उस धन को पब्लिक सैक्टर में लगायें तो आम आदमी की भलाई के काम हो सकते हैं। लेकिन देखने में यही आया कि एल. आई. सी. और बैंकों के राष्ट्रीयकरण के बाद भी बहुत सा पैसा इन बड़े बड़े उद्योगपतियों को ही मिलता है जिस से वह अपने साधन बढ़ाते

हैं और आम आदमी की आय में कोई विशेष इजाफा नहीं हुआ है। 23 साल में उद्योगपतियों के पास काफी उद्योग बढ़ते चले जा रहे हैं। इस को रोकने का एक ही रास्ता है और वह यह है कि पब्लिक सैक्टर को बढ़ाया जाये और प्राइवेट सैक्टर पर चैक लगना चाहिये। अगर ऐसा नहीं किया गया तो हमारी इन्कम का कोई लाभ गरीब आदमी को नहीं मिलेगा।

इस सदन में ऐग्रीकल्चर इंडस्ट्री के लिये बहुत कुछ कहा गया है। माननीय इन्द्रजीत गुप्ता इस बात को कह सकते हैं कि ऐग्रीकल्चर पर टैक्स लगना चाहिये। मैं उनकी और माननीय अटल बिहारी वाजपेयी की जानकारी के लिये कहना चाहता हूँ कि उन का कहना सही हो सकता है क्योंकि यह ठोक है कि ऐग्रीकल्चर क्लास ने जनसंघ और कम्युनिस्ट पार्टी का साथ नहीं दिया, बल्कि कांग्रेस का साथ दिया है और सम्भवतः यही बात उनको खल रही है। यद्यपि उन्होंने लैंड ग्रेव मूवमेंट चलाया लेकिन उन के शिकंजे में काश्तकार नहीं आये इसीलिये उन को टीस है। वित्त मंत्री ने कहा है कि ऐग्रीकल्चर क्लास में बड़े बड़े काश्तकारों पर टैक्स लगना चाहिये। आज देश की जो स्थिति है, अलग अलग प्रान्तों में सीलिंग हो चुकी है उस के बाद मेरी समझ में नहीं आता है कि अब कौन बड़ा काश्तकार है। कोई भी तो अब बड़ा काश्तकार नहीं हो सकता जब से सीलिंग लग चुकी है। काश्तकार की तीन, चार हजार रु० सालाना आमदनी मान कर के सीलिंग कायम की है। इसलिये जो गलत-फहमी फैलायी जा रही है कि बड़े बड़े काश्तकार हैं इस को मैं दूर करना चाहता हूँ।

मैं राजस्थान से आता हूँ वह पिछड़ा हुआ इलाका है। वहाँ आये दिन अकाल पड़ता है। पिछले दो साल में लोगों का पेट भरने के लिये

हम ने 150 करोड़ रु. खर्च किये। ऐसे प्रान्तों को, जो अधिक पिछड़े हुए हैं, जहां कि 30, 40 मील की दूरी से पीने का पानी हम को लाता पड़ता है, केन्द्र को अधिक सहयोग देना चाहिये। मैं निवेदन करूंगा कि जो अंडर डेवलप्ड प्रान्त हैं उन के विकास के लिये वित्त मंत्री जी अधिक साधन मुहैया करें।

आखीर में मैं एक बात निवेदन करना चाहूंगा। हमारे यहां तम्बाकू पर टैक्स लगाया गया है, लेकिन उसकी वास्तविकता को कोई जानता नहीं है। हमारे यहाँ ऐसे इलाके हैं जहाँ पर ऐसी तम्बाकू होती है कि जो टैक्स लगाया जाता है उसकी चौथाई कीमत में भी उसको कोई लेने के लिये तैयार नहीं हैं। राजस्थान जैसे इलाके में, जहाँ पर बहुत खराब किस्म की तम्बाकू होती है, कोर्स बेराइटी की तम्बाकू होती है, वहाँ पर अगर आपको टैक्स लगाना ही है तो पर एकड़ टैक्स लगाइये, और उसकी दर कम के लगाइये, भले ही आप अच्छी बेराइटी की तम्बाकू पर प्रति पाउंड के हिसाब से टैक्स लगायें। इसी तरह से राजस्थान के लोगों को रिलीफ मिल सकता है, वरना एक तरह से सबको हांकना उचित नहीं है।

यहां मैदे की बात कही गई। मैदे का टैक्स ऐसा है जिस को अगर आप हटा भी दें तो कोई फायदा नहीं होने वाला है। जैसे ही आप ने मैदे पर टैक्स लगाया उस के साथ ही मैदे की कीमत बढ़ गई। अगर अब आप उस को हटा भी दें तो उस से कोई रिलीफ जनता को मिलने वाला नहीं है। जो डबल रोटी पहले 75 पैसे की आती थी आज वह 80 पैसे की आ रही है। उस के दाम भी कम होने वाले नहीं हैं।

हां पेट्रोल पर जो टैक्स लगाया गया है उस को जरूर हटाना चाहिये। पेट्रोल पर आप ने

20 पैसे टैक्स लगाया है। इतना बड़ा टैक्स अभी नहीं लगाया गया। इस लिये आप पेट्रोल पर टैक्स जरूर हटा दें ताकि आम आदमी भी उस को खरीद सके। अगर आप टैक्स लगाना ही चाहते हैं तो बेल्दी क्लास पर लगायें। आप कार-परचेजिंग पर टैक्स लगायें। अगर आप पेट्रोल पर टैक्स लगाते हैं तो उस से कामन मैन सफर करेगा। इस लिये आप को पेट्रोल पर से तो टैक्स हटा ही देना चाहिये।

SHRI S. N. MISRA (Kannauj): Sir, I must congratulate the hon. Finance Minister for having given an impression that a new trend in the budget has been created and the trend that has been created is creating an impression that there will be a ceiling on income and holdings. I am not sure whether we shall succeed or not, but that is an impression that has been created and that is likely to advance our interests and the interests of the States because people would think that their accumulation would not be useful to them. Whether we succeed or not, we will at least succeed in creating an impression in the future.

We have certainly heard complaints from the poor and middle class people. One evening they presented a couplet before me which I am going to place before the House. What they said was :

दी है राहत के बहाने मुझे ईजा क्या क्या,
चुटकियां सैकड़ों लीं, फांस निकाली न गई।

I know that for a few hundred crores of rupees our hon. Finance Minister has tried to tax X, Y, Z items which may finally result in creating a little discontentment with the poorer sections of the people. I suppose there would be no dispute, it will not be disputable, that money saved is money earned. Unfortunately, our Finance Minister, almost every Minister and every Ministry here, is not guided by their own dictates; they are only guided by the bureaucrats and the clerks of the department. Therefore, I am afraid that all the suggestions that I am making before the

[Shri S. N. Misra]

House will not carry much weight. Yet, duty-bound I consider I must place some suggestions for saving on various items because if we can effect savings we shall have something left and no taxation would be needed.

My first suggestion is about civil expenditure. In 1947 we were expending less than Rs. 50 crores on civil expenditure. In the 1970-71 budget we have spent Rs. 1,500 crores, which is almost 50 times what we spent in 1947. In 1971-72 our budget figure of civil expenditure is Rs. 1,725 crores. If we could make a cut of Rs. 225 crores on this,—I know it is a very little sacrifice for the civil servants, sacrifice in the sense that our poor civil servants will be without air-conditioners, without foreign cars and they will not have some of the amenities which now they are enjoying at the expense of the civil expenditure—if only we could do this, then there will be no necessity for further taxation and this cut in civil expenditure is one which is absolutely indispensable in a socialist country where there should not be any disparities. We should be able to make this cut.

Secondly, we are under heavy indebtedness. Today we will have to pay Rs. 660 crores as interest. Is this justifiable that we should pay such a huge amount as interest?

यावत् जीवेत सुखम् जीवेत

ऋणं कृत्वा घृतम् पिबेत् ।

I do not think it is correct. We should economise and spend first on necessities only, for making the country healthy. To keep on borrowing is not a good policy. Therefore, economy in the civil expenditure of the budget is indispensable.

Then, I have seen in today's papers that the outstanding of income-tax and other dues is about Rs. 800 crores. I know it for a fact that an income-tax officer issues a recovery certificate. It first goes to the tehsildar. Then the tehsildar sends it out to a small man for verification. If you give him a few hundred rupees, he will

give a report that he went there, the person is missing, the firm is not existent and the money is not recoverable. So, I would suggest to the Finance Minister that we should follow the tradition which is existing in England of the Citizens' Council or Committee. That Committee assists in the realisation of taxes. If the same principle is adopted then these Rs. 800 crores of outstanding can be realised within a period of one year. I will immediately report that my nextdoor neighbour is a businessman with a good income, he is not dead, his firm is not under liquidation and then recovery would be made. In that case, we shall not need any taxation on any item.

Here I may say that we are going to have a forum for the members of the bar in Parliament. I might assure the Minister of Finance that we, the Members of Parliament and the members of the forum will assist in realisation.

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI) : Is it open only to the members of the bar?

SHRI S. N. MISRA : And also those who have the outlook of the bar. Here may I say for the information of the House that we are having illicit import of gold to the tune of Rs 500 crores and our officials, whether of excise or customs, are aware of this fact? The smugglers and black-marketeers fill their pockets and import Rs. 5,000 crores worth of gold. The officials will catch a few and show that they are doing very good work. I would request the Finance Minister to scrap the Gold Control Order. Let there be free import of gold into this country and let it be taxed. Do not allow them to make a profit. Now our money is spent, foreign exchange goes out in an oblique manner, which is known only to the officials and we do not get any benefit. So, that order must be scrapped.

Thirdly, we are spending a lot of money on prohibition. I know there are ideologies of Mahatma Gandhi which are being followed more in breach except in the case of prohibition. I am an absolute teetotaler myself. I think that instead of

creating about two lakhs of people who are criminals, instead of causing deaths of hundreds by the illicit liquors that they are producing, prohibition should be completely scrapped. We shall be able to get at least Rs. 300 crores if prohibition is lifted.

We are spending Rs. 30 crores on our foreign offices. And who man them? They are either ICS or IAS officers who never had sympathy with me, with the Government or with the country's aim. Either the rajas or the maharajas have been placed in charge of those offices, with the result that Pakistan had better propaganda than what we have done in respect of the Bangla Desh issue. Therefore we must be able to economise on this head also.

The less said the better about the public undertakings. About taxation also I remember another two lines. They are :—

चले हैं लूटने सैयादो-बागवां दोनों
वह चार तिनके जो बाकी हैं
आशियाने के,
मेरे नशेमन के चार तिनके जो मेरी
मेहनत की मिलकियत हैं,
अगर सलामत नहीं रहे वह, तो मैं
बहारों को क्या करूँगा।

Therefore do not tax people, economise on these and if you really have to tax, take only one item. The Population Control Act should be there and we should be able to tax people getting more than three children at the rate of one-sixth, if they are more, at one-sixth and if there are still more, at one-fifth.

SHRI P. R. SHENOY (Udipi): MR. Chairman, the burning problem that our country is facing today is that of vast unemployment and I am glad that the hon. Finance Minister has taken note of this fact while presenting the Budget before this House. The problem can be solved by rapidly increasing the constructive economic activity all round the country on a war footing. As a beginning the Finance Minister has increased the Central Plan outlay for the year 1971-72 by Rs. 155 crores.

He has also allotted Rs. 25 crores for creating job opportunities for educated unemployed in addition to Rs. 50 crores allotted for rural employment. He has also indicated that the policy of rapidly increasing the number of branches of nationalised banks will continue.

17.23 hrs.

[SHRI K.N. TIWARY in the Chair]

Considering the urgency and the gravity and the massive nature of the problem, I would say that the hon. Finance Minister should have been bolder by allotting larger amounts for the plan outlay and for creating job opportunities. He could have also stated that the policy of rapidly increasing the number of branches of nationalised banks would be pursued more vigorously.

The vast resources of this country can be fully and successfully exploited only in partnership with fellow countrymen. It is said that an idle brain is a devil's workshop but I do not know what an idle brain with idle hands and an idle stomach is like. We are today exporting iron ore and other ores to Japan and other countries because we do not want to make better use of them. Large quantities of iron ore of excellent quality are found in Kudremuk in Mysore State and we are already negotiating with foreign countries to dispose of this ore with least trouble to ourselves. I suggest that the Government should establish a steel plant in coastal Mysore to make the best use of the iron ore that is available in Kudremuk. I also suggest that the Government should go ahead with its plan for establishing new plants and for exploring the possibility of getting more ore and establishing more plants.

It is the duty of Government to utilise the full capacity of public sector undertakings. At present the utilisation of capacity in Durgapur steel plant is only 39.6 per cent and in Hindustan Steel as a whole is less than 60 per cent. The utilisation of capacity in Heavy Engineering in the year 1970-71 was less than 25 per cent. The Government must find out the causes for this under-utilisation and find out quick remedies so

[Shri P. R. Shenoy]

that all these public undertakings may be utilised to their fullest capacity.

The Finance Minister has made reference to the efforts that are being made in improving agriculture, but the efforts that are made in improving fisheries are far from satisfactory. The Government should give due consideration for deep sea fishing and should build up small fishing harbours along the long seashore that this country possesses. This country must also have more refrigerated vans for transporting fresh fish from one place to another.

The progress of certain projects that are undertaken by the Government is very poor. The Mangalore harbour is an example. The work on Mangalore harbour began in the year 1964 and crores of rupees have already been invested but the most important work of dredging has just begun. With the present dredging pattern I do not know how many years it will take to complete the work. We are told that by the time the work is completed the harbour will become out of date because it will have only a thirty-foot draught and ships weighing more than 25,000 tonnes cannot enter this harbour. I suggest that the Government must increase the depth of the draught to 40 feet and complete this work as early as possible.

Regarding taxes I must say that this country can have no real progress unless there is corresponding sacrifice on the part of the people. This sacrifice is made by way of paying taxes. Any finance minister of a developing country has to impose some taxes, direct or indirect, and directly or indirectly. However, I request the Finance Minister to give due consideration to the criticism made by Members of this House regarding the levy of taxes on items such as maida and coarse cloth.

Great concern is shown by all sections of this House regarding the rise in prices of essential commodities. The only remedy appears to be demonetisation of hundred-rupee and ten-rupee notes with a view to bring out unaccounted money. However, care should be taken to see that innocent

persons do not suffer by this measure.

With these observations and with sympathies to millions of refugees from Bangla Desh for whom a sum of Rs. 60 crores has been allotted in the Budget, I support the Budget.

SHRI A. N. VIDYALANKAR (Chandigarh): Mr. Chairman, I think that the general tone of the speech of the Finance Minister was really progressive and the Budget proposals are also progressive. This is unprecedented. Some of the principles which he enunciated in the course of his speech were never properly put in that clear manner. The intentions that he expressed in the Budget were admirable and unexceptionable and I welcome them. I think, even the levies that are criticized here, for instance, the duty on maida, toilet soap, cotton fabrics etc., are also not so excessive. Although I do not support them. If we analyse the whole thing, it increases the family cost by only one rupee per month per kilogram on account of maida. On toilet soap, the increase is only 2 p per cake. In the case of cotton fabrics, it is 1 to 5 p. per metre and in the case of coarse cloth, it is only 0.5 p. per metre. As regards lipsticks, shampoos and hair oil also, not more than 8 annas per month will be the increase in the family budget.

Now, Sir, although this increase is not much, why the common people object to this. The common people will not object to paying more. They are prepared for all kind of sacrifices provided they find that the other classes, the upper classes, the richer classes, also made sacrifices. When the common man sees that the big officers, the Ministers and the rich people were going about in luxurious cars, living in luxurious bungalows, just as it was mentioned here, when any ceremony takes place, they use a lot of electricity and all that, then they begin to feel why should their maida only be taxed? They do not object to pay more. But the main thing is the whole trend, the whole purpose and the whole attitude is found to be pro-upper classes. The richer classes, should be taxed more. In this Budget, the Finance Minister has made that attempt, I should say, an admirable attempt

to place the burden on those classes that can pay more. But the feeling is that more burden could be placed on them.

This Budget is a welfare Budget. The welfare Budget is not necessarily a socialistic Budget just as all philanthropy is not scientific socialism. A Budget which claims to be a socialistic Budget should try to control the commanding heights of economy. Whether the Budget tries to control the commanding heights of the economy, whether we acquire that grip, that grasp, over the whole economy and whether we can use the economic institutions as an instrument for the attainment of social justice that is the test. The common man looks from that angle and does not feel much enthusiastic about the Budget.

Why is it so? The main reason is that the instrument of our attaining socialism is the present bureaucracy and the present bureaucracy has no sense of commitment to our ideals. Unless that instrument is properly sharpened which is absolutely blunt at present, we cannot succeed. The bureaucracy is not working for the attainment of that objective, it is clear. We should find out methods as to how bureaucracy can be improved.

Mr. CHAIRMAN : The hon. Member may try to conclude now.

SHRI A. N. VIDYALANKAR : I only want that the Finance Minister should have explored other avenues, say for instance, the expenditure tax, the capital levy and all that. Why should not there be a total ban on the import of luxury goods? Take, for instance, the rich people who enjoy luxurious living in 5-star hotels. Why should not the expenditure incurred by them in these 5-star hotels be taxed? Why should not luxurious expenditure be curtailed? Why should not the Government expenditure be drastically curtailed? If we examine properly, we will see that the Government expenditure is growing day by day. It would be practically consuming what we try to squeeze from the public. Therefore, these are the things over which we should lay our fingers. The Finance Minister had stated that the taxation should

be such that it should control the rise of prices. But, no drastic measures have been taken to control the prices.

My hon. friend, Mr. Vajpayee, in the course of his speech, suggested the auctioning of licences. He has suggested a method by which he is trying to support those classes that try to monopolise everything. He means, if the licences are auctioned, rich class should monopolise everything. We want to remove monopolies in our economy. In Chandigarh, I see, lands are taken from the peasants at a very cheap rate, they are made into plots and auctioned, and the rich people are buying property and they are amassing property. Why should this go on in our present economy which aims at socialism? Therefore, this method of auctioning of licences that has been suggested by Mr. Vajpayee, the leader of the Jana Sangh party, can never be accepted. Whatever suggestions he has made are all in support of those classes whom we want to dispossess and from whom we want to take away monopolies. So, we should not adopt those methods. This method of auctioning property will create concentration of wealth and that will give wealth to those classes that are already in possession of wealth.

श्री हरी किशोर सिंह (पुपरी) : सभापति जी, मैं आपका आभारी हूँ कि आपने मुझे बोलने का अवसर दिया। बजट में जो सामान्य कर का प्रस्ताव है उसका मैं स्वागत करता हूँ। मैं वित्त मंत्री जी से सहमत हूँ जहाँ उन्होंने कहा कि सिर्फ बजट और वह भी एक साल के बजट द्वारा यह सम्भव नहीं है कि समाज में बुनियादी सामाजिक और आर्थिक व्यवस्था में क्रान्तिकारी परिवर्तन लाया जा सके। यह ठीक है कि एक साल के बजट के द्वारा ऐसा करना सम्भव नहीं है। लेकिन वित्त मंत्री जी के उस वक्तव्य की ओर भी आपका ध्यान दिलाना चाहता हूँ जहाँ उन्होंने कहा है कि तीन महीना पहले सरकार को जनता से जो भारी आदेश मिला था वह समाजवाद के साथ साथ तीव्र आर्थिक विकास के लिये था।

[श्री हरिकिशोर सिंह]

सामान्य स्थिति में वित्त मंत्री का यह बजट बहुत प्रगतिशील कहा जायगा। मैं कह सकता हूँ कि अभी तक जितने वित्त मंत्री आये हैं और उन्होंने जो कर प्रस्तावना की थी उस दृष्टि से यह काफी प्रगतिशील है और समाजवादी दिशा में हमारी प्रगति का द्योतक है। लेकिन बुनियादी प्रश्न जो उठता है वह यह है कि हम किस दिशा में जा रहे हैं? जिधर हम जा रहे हैं उस दृष्टि से हमें कुछ निराशा हो रही है।

वित्त मंत्री ने कंपनियों पर कर लगाया है उसकी मैं सराहना करता हूँ। उन पर अधिक कर लगना चाहिये था, खासतौर पर कौरपोरेट सेक्टर पर। मैं उन लोगों में भी नहीं हूँ जो वित्त मंत्री के कर प्रस्तावों का विरोध “जनता” की आड़ में कर रहे हैं, खास तौर पर मैं उन लोगों के सम्बन्ध में कहना चाहता हूँ जो पेट्रोल पर बढ़े कर का विरोध करते हैं, या मोटर के पुर्जों पर पर टैक्स लगा है उसका विरोध करते हैं। मैं समझता हूँ कि देश की साधारण जनता पेट्रोल पर बढ़े हुए कर या मोटर के पुर्जे पर बढ़े हुए कर से प्रभावित नहीं होगी। बल्कि मैं तो यहाँ तक कहता हूँ कि मैदे पर भी टैक्स वाजिब है। यह शहर में रहने वाले थोड़े से लोगों को ही प्रभावित करता है। गाँव में कोई भी डबल रोटी, पाव रोटी नहीं खाता। इसलिये मैं इस कर का समर्थन करता हूँ क्योंकि मैदे का उपयोग मिठाई के काम में भी आता है। मैं जानना चाहता हूँ कि इस देश के कितने लोग मिठाई खाते हैं?

मैं इस बात के लिये भी वित्त मंत्री जी की सराहना करता हूँ कि उन्होंने डाइरेक्ट टैक्सेशन के कुछ बहुत अच्छे प्रस्ताव किये हैं। लेकिन जहाँ उन्होंने यह दावा किया है कि यह कर प्रस्ताव जो उच्चतम आय समूह की

आमदनी पर लगाये गये हैं या धन कर (wealth tax) की दर में वृद्धि की गयी है वह वह बहुत कठोर हैं और कठिन हैं, ऐसा मैं नहीं मानता हूँ, और न इससे आर्थिक विषमता को कम करने की दिशा में खास प्रगति ही होगी। मंत्री महोदय ने स्वयं कहा है कि इससे केवल 14.5 करोड़ रुपये मिलने की सम्भावना है और वह भी अगले साल। इस साल कुछ नहीं मिलेगा। अगर सामाजिक न्याय और आर्थिक विषमता को दूर करने की दिशा में हम कोई कठोर टैक्स लगाते हैं और उससे सिर्फ 14.5 करोड़ रुपये मिलने की सम्भावना हो तो इससे बहुत लाभ होने वाला नहीं है। अगर हमारे वित्त मंत्री जी यह अपेक्षा रखते हैं कि आर्थिक विषमता को दूर करने के लिये यह आमदनी काफी होगी तो मैं समझता हूँ कि इस देश की आर्थिक स्थिति के बारे में वित्त मंत्री जी या तो कोई गहरी गलतफहमी में हैं या फिर यहाँ कोई आर्थिक विषमता है ही नहीं जो 14.5 करोड़ रुपया कर के रूप में लगाकर दूर की जा सके।

अब मैं कृषि के क्षेत्र पर आता हूँ। हमारे देश में कृषि के क्षेत्र में काफी असमानता है। मैं स्वयं एक कृषि क्षेत्र से आता हूँ और किसान परिवार का हूँ। गाँवों में काफी आर्थिक विषमता है। साथ ही वहाँ पर सामाजिक विषमता भी है, जिसको अभी तक दूर नहीं किया गया है। यह हमारे लिये बड़ी शर्म की बात है। हमारे यहाँ बहुत से भूमि सुधार के कानून पास किये गये हैं, लेकिन मैं इस बात से सहमत हूँ कि देश में और राज्यों में जो भी भूमि सुधार के लिये कदम उठाये गये हैं वह पर्याप्त नहीं हैं। इस सम्बन्ध में देश में एक अनिश्चित वातावरण है। बड़ा किसान सोचता है कि पता नहीं कि कब भूमि सुधार कर दिया जाये और उसकी भूमि ले ली जाये और छोटा किसान भी भूमि सुधार की समस्या से त्रस्त है। मैं समझता हूँ कि इस सम्बन्ध में भारत

सरकार को ऐसे कदम उठाने चाहिये जो निश्चित कदम हों और भूमि सुधार के सम्बन्ध में एक फाइनलिटि हो जाये, क्योंकि इसके न होने से उत्पादन पर बड़ा खराब असर पड़ रहा है। हमारे वित्त मंत्री जी ने इस दिशा में संकेत किया है, लेकिन, अगर केन्द्रीय सरकार को कोई अधिकार इस सम्बन्ध में प्राप्त नहीं है तो उसको संविधान में संशोधन करके भूमि-सुधार के सम्बन्ध में ठोस कदम उठाना चाहिये।

राज्य सरकारों पर भूमिपतियों का प्रभाव अधिक रहता है और वे भूमि सुधार की प्रगति में बाधक रही हैं। अतः भारत सरकार ही इस सम्बन्ध में ठोस प्रयास कर सकती है। आज कृषि के क्षेत्र में लगान माफी का वातावरण सा बन गया है और हर पार्टी के लोग इसमें शरीक हैं। आज समाजवादी और दूसरे दलों के लोग भी चाहते हैं कि कृषि के क्षेत्र में भूमिसुधार कानून बनाया जाये लेकिन साथ साथ वे लगान माफी का भी नारा दे रहे हैं। इसलिये केन्द्रीय सरकार ही अब कोई ठोस कदम उठा सकती है। मगर साथ ही मैं यह भी कहना चाहता हूँ कि कृषि सुधार में केवल भूमिसुधार ही सम्मिलित नहीं है। मैं चाहूँगा कि देहातों में कृषि सुधार के लिये और भी साधन हों तथा कृषि उत्पादन में वृद्धि के लिये और ठोस कदम उठाये जायें। इसके लिये मुझको कुछ सुझाव देने हैं।

देहातों में प्रखण्ड स्तर पर कृषि केन्द्र स्थापित किये जायें और उन कृषि केन्द्रों से किसानों को बीज की सुविधा मिले, उन्हें ऋण की सुविधा मिले तथा अच्छी फसल के लिये खाद की सुविधा भी मिले। हमारे वित्त मंत्री जी ने साधारण बीमे का राष्ट्रीयकरण करके बहुत अच्छा काम किया है चाहूँगा कि साधारण बीमे के राष्ट्रीयकरण

के बाद उसका विस्तार कृषि क्षेत्र में भी किया जाये। बहुत दिनों से यह बात सुनने में आ रही है कि फसल बीमे की योजना होगी, इसको कार्यान्वित किया जाना चाहिये। इस साल उत्तर भारत में फसल को बहुत नुकसान हुआ है। मुझे पता नहीं है कि जिन किसानों ने ऋण लेकर कृषि में लगाया है, उसकी लागत की भी बसूली कैसे होगी और अगले साल खेती कैसे होगी। इसलिये आवश्यक है कि देहात में क्राप इंश्योरेंस स्कीम लागू की जाये जिससे किसानों को थोड़ी राहत मिले।

अन्त में मैं उस महत्वपूर्ण विषय के सम्बन्ध में कहना चाहता हूँ जिसकी चर्चा वित्त मंत्री जी ने भी की है और जो हम सभी के दिल दिमाग को झकझोर रहा है देश बहुत असमान स्थिति से गुजर रहा है। असमान स्थिति को सुधारने की दिशा में पिछले आम चुनाव में जनता को बहुत आशा बंधी थी, लेकिन वह आशा निराशा में बदलती चली जा रही है। मैं नहीं समझता हूँ कि इस बजट के द्वारा हम देश में समाजवाद ला देंगे या गरीबी मिटा देंगे। लेकिन इस दिशा में ठोस कदम अगर हम नहीं उठावेंगे तो राष्ट्र और जनता में जो भावना जागृत हुई है, जनता की आकांक्षा बड़ी है, अगर उसको हम पूरा नहीं कर पायेंगे तो फिर देश में उसी तरह का निराशा का वातावरण पैदा हो जायेगा, जो आज से छः सात साल पहले था और शायद हमें जनतान्त्रिक तरीके से इस देश की सामाजिक एवं आर्थिक-व्यवस्था में मूलभूत परिवर्तन करने का अवसर नहीं मिलेगा।

DR. H. P. SHARMA (Alwar) : Mr. Chairman, Sir, the present Budget, coming as it does, in the wake of the recent General Elections, assumes far greater importance than a Budget presented in the

[Dr. H. P. Sharma]

regular or normal year. Even in a normal year the Budget gives concrete evidence as to how far the Government is willing to go to implement its progressive aims and policies. But, since our last General Election was fought on specific issues, this House as well as the country, has a right to expect that the Budget would reflect the hopes and aspirations aroused in the minds of the public.

The commitments and the promises we made to the public in the context of the problems of the country can be broadly summarised under three or four heads.

Our first commitment was that we would accelerate the rate of economic growth. Our second commitment was that we would try to reduce the disparities between the different sections of our population. The third commitment was that we would take some significant steps towards solving the problem of the unemployed. These were the commitments that we made.

Sir, the Budget has been called a retrograde Budget, an anti-people Budget and quite a few other epithets have been used to disapprove of the Budget. I certainly do not belong to that cadre of people who start with a defeatist attitude of mind.

The country has made some significant progress and we have taken some very significant steps in the direction of the country's development and I think, it is in the fitness of things, that we should remember and recall our successes also as our failures.

During the past year and in the first two years of the Fourth Plan, we have succeeded in fulfilling the objectives of this Budget attaining the assigned rate of economic growth. We have been able to fulfil in both the segments, in the agricultural sector as well as in the industrial sector. Apart from that, food production went up to 106 million tonnes though there were some gaps as regards pulses and a shortfall in cash crops. But this does not in any way minimise the success which we have achieved on our agricultural front.

I would like to make one other observation before I proceed further. I would like to sound a note of caution. We must not count our chicken too fast. There is the element of help from the Gods. For the past 4 years, the monsoons have been pretty regular and the quantum of rain sufficient. Agricultural production depends still to a large extent on the regularity of monsoons. It rests on a very slender and tenuous base. I wish the Government would keep that margin of uncertainty in mind in the rate of progress that we might assign to ourselves.

The rate of economic growth and everything else depends upon the mobilisation of our resources. The finance Minister has taken some very bold steps in this direction.

First there was the nationalisation of Banks and then the nationalisation of General Insurance. That has provided us funds which we can channelise into productive directions which we could not do previously. There are other things which we have been able to do and which I would like to enumerate here. For instance in the taxation items, there have been increase in the personal income-tax, in the rate of corporate taxes, in the rate of wealth tax etc. whereby a virtual ceiling has been imposed, and the Finance Minister deserves to be congratulated squarely on this.

There have been other welcome features of this budget namely that resolute steps are to be taken against benami holdings, undervaluation of property etc., and we find that Government have a strongly mind to share in the long-term capital gains that people make.

There are other sectors to from which Government can collect the resources. For instance, there is the agricultural sector. I do wish that Government would make up their mind and see that they tap this big sector which is going almost untaxed at present. I am not saying in any way, nor nor do I want to be misconstrued, that I am advocating that very small farmer should be taxed. But I think that there are people who are making Rs. 50,000, Rs. 1 lakh and Rs. 2 lakhs a year from the farming. I do not know why farm incomes

of that magnitude should be left out from the purview of taxation. I am not saying thereby that the small farmers or the peasants in general should be taxed. We must remember that the biggest part of our developmental expenditure has been spent on the construction of dams from which irrigation facilities have been provided or from which electricity has been generated which again has gone towards rural electrification. So, the biggest gainers of our developmental expenditure have been in the agricultural sector. So, I do think that Government should shed their old inhibition and tax those people who make very handsome income out of their farms, because an income of Rs. 1 lakh in the agricultural sector is not different from a similar income if it were earned by say a shopping business. Of course, there is a small tax on tractors, and it is good as far as it goes.

There are other sectors from which Government can augment their income. For instance, there are the public sector undertakings. I do not know why Government should be so touchy about this question and why they should be so sensitive every time this subject is brought up. I do not know why somehow it is considered as an attack on the Government's basic policies. I feel that Government have taken a very solid, very resolute and very correct step namely that Government should be the owner of the basic industries in this country. But I does not go along with this proposition that they should be run inefficiently. I think that we must take resolute steps to correct the deficit on this side. I do not want to repeat the various figures, but the case of Hindustan Steel is a case in point. In 1968-69 they had a loss of Rs. 40 crores, in 1969-70, the loss was Rs. 11/- crores; and in 1970-71 it is expected to be of the order of Rs. 12 crores. It may be that Government may have some very valid reasons due to which these losses were inevitable, such as political disturbances etc. But even then, I wish that Government are not touchy about this problem every time the issue of public undertakings is brought up here in this House. Government should serve as a model employer and they should display a model technique of running the undertakings, and especially when we have invested such huge amounts in these undertakings, the country has a right to expect

that we get proper return from them.

There are other avenues which are open to Government and which Government should tackle resolutely. So far as the recovery of the tax arrears is concerned, I think the entire House, that is the Opposition as well as the Treasury Benches all wish that everything should be done to recover these tax arrears which are of the order of about 900 crores or so. When some of the names of the assesseees are published and we read them, they read like a 'Who is Who' of the biggest capitalists of industry. I think that no leniency should be shown. Here, I would like to make one small suggestion. It is possible that sometimes there may be differences on the assessment, and that is why it is said that the income-tax cannot be recovered. But I think that there should be some time-limit for this purpose, and if the recoveries are not made within that time-limit, then the assesseees should at least pay interest on that amount. If Rs. 10 or 20 lakhs is kept pending and the assesseees go on doing this business of discussion and disputing, then it is but natural that the assesseees should be asked at least to pay interest on these amounts. Why should we be lenient in that regard?

MR. CHAIRMAN : The hon. Member should try to conclude now.

DR H. P. SHARMA : Please give me two or three more minutes.

MR. CHAIRMAN : The hon. Member has already taken about 15 minutes. After he concludes, I would like to call another Member also.

DR. H. P. SHARMA : I shall try to finish in two minutes. I shall skip over the other points and come to the question of price rise or price instability. Unless the Finance Minister can solve it, nothing can be done. About Rs. 400 crores were paid as dearness allowance during the last year alone. There is a pay commission which is sitting and which is going to revise the salaries once again. Every time there is a pay commission we know that it revises the salaries upward. So, we can expect that this time also, there would be further pay increases.

Since the time at my disposal is so short, I would in conclusion like to draw

[Dr. H. P. Sharma]

the attention of the Finance Minister to the problem which concerns my State, namely the State of Rajasthan. There has been a notice from the Reserve Bank of India to the Rajasthan Government that by 30th June, they should pay back the overdraft of about Rs. 85 crores. This is good and sound as far as it sounds, but the hon. Minister must see how this money was spent. This was not spent for augmenting the Rajasthan Government's income or anything of that sort. It was spent for humanitarian purposes, for saving the lives of hundreds of thousands of people. The Finance Minister will but be doing justice if he waives this. In cases of national calamity where money is spent, the Finance Minister should not go by the usual alphabetical list of recovery starting from Assam and so on. Then, there is the problem of security also. If you uproot the people living on the border, and they are the first to be attacked by famine. This also must be borne in mind. After all, we have a seven hundred mile-border, and we are doing the function of security on behalf of the nation, and when

we are faced with the security problem, the Finance Minister should be considerate to our State.

SHRI SATISH CHANDRA (Bareilly) :
I am grateful to you for having called me....

MR. CHAIRMAN : The hon. Member may please continue his speech tomorrow.

ORAL ANSWERS TO QUESTIONS

Influx of Refugees from East Bengal and their Rehabilitation

*391. SHRI SAMAR GUHA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the latest arrival of war evacuees from East Bengal and per head expenditure for food and other items for these evacuees, separately ;

(b) whether the evacuees who took shelter in relatives' houses or private quarters have been denied relief facilities ;

(c) the sanitation, baby food and milk arrangements made so far for them ;

(d) the reasons for not introducing self-help arrangements by the evacuees themselves for managing and running evacuee centres ; and

(e) the reasons for shifting them 25 miles away from the border areas ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) So far about 5 million evacuees have arrived from East Bengal. The per head expenditure for food is Re. 1/- per head per day in West Bengal and Rs. 1.10 paise per head per day in Assam,

Meghalaya and Tripura. It has not been possible to calculate separately the per capita expenditure on other items, e.g. improvised shelter, medical assistance etc.

(b) At present, no relief is provided to evacuees staying outside the camps. All relief facilities are available as soon as the evacuees register themselves and seek admission to the camps.

(c) Adequate sanitation arrangements are provided. As far as possible, arrangements for supply of baby food and milk are being made depending on their availability.

(d) The evacuees are already assisting the camp authorities in cooking food and their voluntary help is made use of in other spheres, wherever possible.

(e) Consequent on a large-scale influx, there has been heavy concentration of evacuees in camps situated on the border and these camps cannot contain any more persons. Steps are accordingly being taken to set up large-sized camps in the interior or in other States to which the evacuees will be dispersed from the border areas.

SHRI SAMAR GUHA : The conditions in which the refugees are staying belie all human imagination. Is it a fact that day before yesterday, the Chief Minister of West Bengal, Shri Ajoy Mukherjee, said in a press statement that about 18—20 lakh refugees are living in the open or under the shade of trees and they have no facilities for getting shelter in any camps ? Is it also a fact that the number of cholera deaths mentioned in a statement made in this House was less than the number indicated in a statement issued by Shri Jalaluddin Ahmed, Health Minister of West Bengal, on the same day when he put the figure at a thousand more ? Is it a fact that as they are not able to provide shelter to all the refugees, many of them have to take shelter in the houses of their relatives or benevolent persons in the border areas ? Is it true that this number runs into several lakhs ? If so, why do government not provide facilities for

getting ration or other food through government sources? Also, is it a fact that 400 gms. of rice, four pieces of potatoes and four pieces of onions are all that are given to a refugee? Is it true that they are not provided fuel, shawl, cash dole etc.? If so, how can they be expected to cook these things and eat them? How could they cook? I want to know from the Government.

SHRI BALGOVIND VERMA : I share the anxiety of the hon. Member. He has quoted the remarks of the Health Minister and the Chief Minister of West Bengal. It is true that we have not been able to provide shelter to all of them because the influx is so great. Every day more than a lakh of persons are crossing the border and coming to our side. Looking to the magnitude of the problem, we cannot think in terms of providing shelter to each and every one of them the moment he comes. Certainly we are making all possible efforts to get materials such as tarpaulins, tents etc. from wherever we can get them. Some refugees are staying with their relations..... (*Interruptions.*) They should get themselves registered and those who stay with their relations should also be given facilities, rations etc. So far as vegetables and other things are concerned, the volunteer agencies are managing the camps and they are providing them these things.

SHRI SAMAR GUHA : They are not providing—what they give is only 400 grammes of rice, four pieces of potatoes and four pieces of onions. How can they cook without oil or fuel?

SHRI BALGOVIND VERMA : We give all cash assistance to the Governments of West Bengal and the other Governments. It is up to the State Governments to give things to them according to the prescribed limits. Every refugee, we have prescribed, should be given 400 grammes of rice and 300 grammes of vegetable and 100 grammes of dal.

SHRI SAMAR GUHA : No vegetable is given; only 100 gms. of dal.....(*Interruptions.*) He does not know; he has not visited the place.

MR. SPEAKER : It is a very serious question and by your aggressiveness you make it loose all its importance.

SHRI SAMAR GUHA : I seek your protection, Mr. Speaker. The hon. Minister speaks so ignorantly, without knowing the things that are happening there. If I point this out, am I aggressive?

SHRI BALGOVIND VERMA : It was brought to my notice that we have written to the Governments concerned that they should adhere to the scale of rations prescribed, and the quantities issued should in no way be less.

SHRI SAMAR GUHA : The Government have announced it as their policy that they would take all precautions to see that the Bangla Desh refugees may go back to their homeland. In view of this policy statement made by the Government, may I know whether the Government are going to transfer the refugees from the border areas to the interior places or to the other States, and whether they have considered that by shifting the refugees to other States—it might take months—it may deaden their Bangla Desh sentiment and Bangla Desh emotions, and in that eventuality, it may be difficult for the Government to send the refugees back to Bangla Desh? May I know, also whether in shifting the refugees from Bangla Desh to other parts of India, the Government will see that both the Hindu and Muslim refugees are also sent and that there will be no selective choice of any community of the refugees?

SHRI BALGOVIND VERMA : There is no shift in our policy. The policy remains the same. We are determined that these people will go back to their homeland, Bangla Desh, the moment the situation is eased there, and we are sure that the situation will be eased there. (*Interruption*)

AN HON. MEMBER : What a wishful thinking?

SHRI BALGOVIND VERMA : About the second part of his question, namely, the dispersal of the refugees, there are some States like West Bengal and Tripura where the pressure is very high. The work of the authorities there is being paralysed because

of the huge numbers. So, we think it proper to disperse some of the refugees to some other neighbouring States where they may be properly accommodated in big-size camps.

So far as the shifting of the refugees is concerned, we make no distinction whether one is a Muslim or a Hindu refugee. Both the communities, as they have come, are being shifted from that place without any discrimination.

SHRI MOHAMMAD TAHIR : May I know whether it is a fact that some of the refugees who have entered Bihar were staying with their relations, but the local police force them to go to the camps? Now, as we know, there are so many refugees who are putting up with their relatives. May I know whether the Government is prepared to allow those persons also to return back to live with their relations in case they do not claim relief of any kind?

SHRI BALGOVIND VERMA : The number of refugees who have entered Bihar is very negligible. It is 4,301. The Government of India have taken all these aspects into consideration. The policemen might have been going there. There is no intention to remove them from their relations. They would be allowed to stay there.

श्री छटल बिहारी बाजपेई : अध्यक्ष जी, जो हमारे देश में शरण के लिए आये थे आज उन्हें मरण का सामना करना पड़ रहा है और जिसका कारण यह है कि सरकार ने पहले से अन्दाज़ नहीं लगाया कि कितने विस्थापितों को हमें अपने देश में रखना पड़ेगा, उनको बसाने का प्रबन्ध करना पड़ेगा। मैं जानना चाहता हूँ कि सरकार ने इस समय अन्दाज़ लगाया है कि भविष्य में और कितने विस्थापित आने वाले हैं? पहले कहा गया था उन्हें सीमा पर रखा जायेगा और अब सीमा से हटाया जा रहा है तो सरकार की इसके बारे में कोई नीति तय नहीं है। भविष्य में कितने शरणार्थी आने वाले हैं और उनके पुनर्वास की क्या व्यवस्था की जायेगी क्या इस दृष्टि से सरकार इस पर विचार कर

रही है? सरकार आये दिन अपनी नीतियां बदलती रहती है।

श्री बालगोविंद वर्मा : माननीय सदस्य ने यहां पर जो अपने विचार प्रकट किए हैं उसके सम्बन्ध में यही कह सकता हूँ कि यह दूसरे देश का मामला है, हमें उसके बारे में कोई पता नहीं है। हम सोच रहे थे कि मैक्सिमम 30 लाख तक रेफ्यूजीज इस देश में आयेंगे लेकिन हमारी वह आशा खत्म हो गई। अभी तक करीब 53 लाख विस्थापित आ चुके हैं और हर रोज करीब एक लाख और आ रहे हैं। ऐसी स्थिति में हम सदन को किस प्रकार आश्वासन दें कि कितने विस्थापित आयेंगे। अन्दाज़ा है कि 70-80 लाख तक हो सकते हैं लेकिन हम यहां पर कोई आश्वासन नहीं दे सकते क्योंकि कोई फीगर्स हमारे पास नहीं हैं, वे दूसरे देश से आ रहे हैं। उस देश की परिस्थितियों के बारे में भी हमें कोई विशेष जानकारी नहीं है। इसलिए यहां पर आपको यह बताना कि कितने विस्थापित आयेंगे बड़ा कठिन है।

जहां तक सरकार की नीति का सवाल है, हमारी नीति में कोई परिवर्तन नहीं हुआ है। जो विस्थापित आते हैं हम उनकी पूरी देखभाल करते हैं और अपने साधनों के अन्दर उनको हर तरह की सुविधा देने का प्रयत्न करते हैं।

SHRI JAGANATH RAO : In view of the fact that the influx of evacuees has exceeded 5 million and there is a likelihood of more coming in and in view of the various complaints received from time to time about the relief given to them, has Government considered the desirability of having a skeleton staff and a minister at Calcutta, as was done after partition, when the number of refugees was smaller?

SHRI BALGOVIND VERMA : In order to tackle this problem, we have established our branch secretariat there with one Additional Secretary in charge. Ministers also go there very often and we are in touch with it.

SHRI BISWANARAYAN SHASTRI : Some evacuees have entered into remote villages of Assam and Meghalaya and in some places they have been trying to occupy land forcibly, which is resented by the people. As a matter of fact, youths of Meghalaya observed hartal in Shillong against the influx of refugees into the villages. May I know whether Government will take strong measures to see that refugees are kept confined to the camps and they do not spread like epidemic into the villages ?

SHRI SAMAR GUHA : I protest against this very objectionable mark. It is due to the failure of the Government.

SHRI JYOTIRMOY BOSU : In fairness he should withdraw it. (*Interruptions*)

SHRI ATAL BIHARI VAJPAYEE : You should ask him to withdraw it.

MR. SPEAKER : Mr. Shastri, you are such a nice and perfect gentleman. This last word you said did not sound well. (*Interruptions*).

SHRI BISHWANARAYAN SHASTRI : He abused me ; therefore ; I was provoked.

SHRI ATAL BIHARI VAJPAYEE : This House has passed a resolution expressing solidarity with the people of Bangla Desh. When they come for shelter, they should not be described as an epidemic. I thought some members of the ruling party will also protest against it.

MR. SPEAKER : Will you please leave it to the hon. member to withdraw it ? (*Interruptions*).

SHRI BISWANARAYAN SHASTRI : I am not going to withdraw it.

SHRI BALGOVIND VERMA rose—

SHRI H. N. MUKERJEE : The minister does not come in the picture. You represent the House and you asked him to withdraw it.

SHRI INDRAJIT GUPTA : He has not the slightest consideration even to your request.

MR. SPEAKER : If there were some unparliamentary words, I would have expunged them without perhaps his consent. But so far as the deletion of the word which is objected to is concerned, I leave it to the good sense of the hon. member. If your colleagues do not like it, if we have passed a resolution to this effect...

SHRI BISWANARAYAN SHASTRI : I have no intention to hurt the feeling of that section of the House, if they do not we like it. I withdraw it.

SHRI BALGOVIND VERMA : The hon. Member has made a suggestion and we will look into it.

SHRI TRIDIB CHAUDHURI : My question arises from the answer that the hon. Minister gave just now with regard to the organisational set up that the Ministry has made in Calcutta to tackle the situation. Already an hon. Member has pointed out that when the refugees first started coming in after 1947 or 1950, in West Bengal we had one entire Ministry devoted to the work of refugee reception and rehabilitation. Now this Ministry is only tackling the residuary work of rehabilitation more or less because the Government position was that the rehabilitation work has finished, only some residuary work remains and they are tackling that. Are the Government satisfied with the organisation that they have set up ? Are the arrangements that they have made adequate to tackle this vast and stupendous problem, the size of which in the Minister's own confession they have not yet been able to assess ? Could I ask him whether he will at least draw the attention of the Government to the urgency, stupendousness and gigantism of the whole task so that one independent organisation could be built up to look into the whole matter ? Whether it should be a separate Ministry or a department under the charge of a Deputy Minister is for the Prime Minister to decide. We want to register our emphatic protest that the Minister of Rehabilitation is away from our country. Without meaning any disrespect to my hon. friend, the Deputy Minister, this is not the way in which this problem should be tackled. It is a national

crisis. Let the government be awake to the situation.

SHRI BALGOVIND VERMA : We are seized of the situation and we are satisfied with the arrangements which we have made there. We are reviewing the situation now and then and, if any need arises, we will do the needful.

श्री बी पी. मोयं : माननीय मंत्री महोदय ने एक प्रश्न का उत्तर देते समय कहा था कि जहां तक व्यवस्था का प्रश्न है, यह उन्होंने प्रान्तीय सरकारों को सौंप दिया है और वह सारी देखभाल कर रही हैं। प्रान्तीय सरकारों की लिमिटेशन को देखते हुए क्या मंत्री महोदय इस बात का ध्यान रखेंगे कि यह एक विशेष समस्या है और इस पर केन्द्र का सीधा सीधा अंकुश रहे ? शरणार्थियों के बीच में भयंकर किस्म का हैजा फैला हुआ है और सरकार की नीति यह रही है कि उनको अलग राज्यों में भेजा जाय। इस हैजे की समस्या को और राजनीतिक और सामाजिक समस्या को सामने रखते हुए क्या सरकार अपनी नीति को बदलेगी और जो शरणार्थी आये हुए हैं उन को बार्डर के आस पास ही रखेगी ?

श्री बालगोविंद वर्मा : जैसा अभी माननीय सदस्य ने कहा, यह जिम्मेदारी केन्द्र को लेनी चाहिए। केन्द्र की ओर से इस बात को ध्यान में रखा गया है और इसी लिए बड़े बड़े कैम्प बना कर वेस्ट बंगाल और दूसरे बार्डर के राज्यों से रिफ्यूजियों को हटाकर दूसरे राज्यों को ले जाना चाहती है ताकि बार्डर के राज्यों का बोझ कम हो जाये। जहां तक दूसरी जगहों पर उनको भेजने का प्रश्न है, हम इसको अच्छी तरह देख रहे हैं कि वहां कोई परेशानी न होने पाये, यानी अगर रिफ्यूजी वगैरह दूसरी जगह जायें तो हैजा वगैरह वहां न फैलने पाये। अगर हम उनको दूसरे दूर के राज्यों में ले जाते हैं तो यह हमारी पालिसी के खिलाफ है, लेकिन हमारी मजबूरी है क्योंकि जहां पर वह लोग आजकल हैं वहां जगह नहीं है।

श्री राम सहाय पांडे : आधे करोड़ से अधिक शरणार्थी हमारे देश में शरण लेने के लिए आये और हमने उनका स्वागत किया। उनके बसाने के प्रबन्ध में मंत्री महोदय ने कहा कि उनको सन्तोष है। उनको शासन की दृष्टि से सन्तोष हो सकता है, लेकिन जानना तो यह है कि शरणार्थियों को भी सन्तोष है या नहीं। आपने अनेक राज्यों को अप्रोच किया कि वह अपने यहां शरणार्थियों को बसायें। प्रश्न यह है कि किन किन राज्यों ने आप के सुझाव को माना और क्या प्रबन्ध किया। जिस तरह से मध्य प्रदेश ने माना, कैम्प में 50 हजार शरणार्थियों का स्वागत किया, उसी तरह यदि तमाम राज्य उत्साह के साथ उनका स्वागत नहीं करेंगे तो आपका काम कठिन हो जायेगा। मैं जानना चाहता हूँ कि किन किन राज्यों ने कितने कितने शरणार्थियों को अपने यहां बसाने का दायित्व लिया है ?

श्री बालगोविंद वर्मा : सभी राज्यों से बातचीत चल रही है। मध्य प्रदेश में करीब डेढ़ लाख रिफ्यूजी ले जाने का इरादा है। इसी प्रकार से उड़ीसा गवर्नमेन्ट ने भी उनको बेलकम किया है। वहां पर भी वह लोग जा रहे हैं। हम बिहार गवर्नमेन्ट से भी बात कर रहे हैं और यू. पी. गवर्नमेन्ट से भी कर रहे हैं। अभी सिर्फ पड़ोस के राज्यों से ही बात चल रही है क्योंकि हम यदि उनको ज्यादा दूर ले जायेंगे तो वापस करने में परेशानी होगी।

SHRI H. N. MUKERJEE : In view of the obvious fact that it is beyond our capacity to deal with this absolutely staggering problem, in spite of the complacent answer which the Minister gave to Shri Tridib Chaudhuri, may I know if Government's attention has been drawn to the discussion in the House of Commons yesterday in which Sir Alec Douglas Home referred to the demand made in the House of Commons in Britain about this matter being raised at the Security Council, because it was no longer an internal matter for Pakistan or for India, and Sir Alec Douglas Home answered that this was an issue for Pakistan or for

India and that neither upto now proposed taking such action at present? May I know, how is it that, in spite of the problem assuming tremendous and absolutely impossible proportions, we are not utilising forums which are open to us while the House of Commons discusses possibilities which we have not tried to explore? May I know what Government is trying to do in this direction?

SHRI BALGOVIND VERMA : We have seen this report in the newspapers.

SHRI S. M. BANERJEE : This is in this statement which has been circulated to all Members. The Prime Minister should have been there. She was expecting this question to come up. The Prime Minister is not abroad.

SHRI BALGOVIND VERMA ; This question does not relate to me but to some other Ministry. But because it is put to me, I am answering it. Therefore, he should not feel agitated. If he requires some more information, he should give notice of another question and he can get the proper information.

SHRI H. N. MUKERJEE : It is a matter affecting the country in an emergency fashion. I do not know if he cannot tell us what Government has in mind, whether Government has a unitary policy or not.

MR. SPEAKER : Perhaps he may not be in a position to answer. He can direct this question to the Ministry of External Affairs to be answered in this House later on.

SHRI JYOTIRMOY BOSU : In reply to sub-question (e), the Minister has said that refugees are being taken to places which are about 25 miles away from the border. In that connection may I ask—and he will be good enough to give us a correct answer—if in Meghalaya at Baghmara evacuees coming from Bangla Desh are not being allowed to enter India at all; if so, what is the reason; if not, what is the actual position?

SHRI BALGOVIND VERMA : This thing has not come to my notice. The hon.

Member has brought it to my notice. I will certainly look into and pass on the information to him.

SHRI JYOTIRMOY BASU : This matter was raised on the floor of the House with your permission, Sir. If the hon. Minister pleads ignorance, that is a very poor state of affairs. Let this go on record. The Government itself is not keen to help.

MR. SPEAKER : He has taken note of it...*(Interruptions)*

SHRI SAMAR GUHA : You should direct Mr. Khadilkar not to go abroad.

श्री रामचन्द्र विकल : एक प्रश्न पर ही आध घंटा हो गया है।

श्री अटल बिहारी वाजपेयी : बहुत महत्वपूर्ण प्रश्न है।

श्री प्रबोध चन्द्र : क्या मंत्री महोदय के इल्म में यह बात आई है कि कई प्रान्तों में रिफ्यूजी के आने से लोकल पापुलेशन और इनमें कई हद तक तनाव पैदा हो गया है और इस कारण से वहां स्टेट के सामने ला एण्ड आर्डर की सिचुएशन पैदा हो गई है? यदि हाँ, तो क्या सरकार इस ओर तवज्जह दे रही है?

श्री बालगोविंद वर्मा : इस सम्बन्ध में मुझे केवल यह कहना है कि हमें इस तरह की खबरें मिली हैं जैसे वेस्ट बंगाल से कि वहां पर थोड़ी सी तनातनी लोकल पापुलेशन में हुई है और वह इस कारण से कि वहां ये लोग जो आये हैं ये सस्ती लेबर देने के लिए तैयार हो जाते हैं जैसे रिक्सा चलाने के मामले में या और कामों में। वहां की जो लोकल लेबर है वह इसको पसन्द नहीं करती है कि ये लोग वहां पर सस्ता काम करें। इस वास्ते वहां पर यह जो प्राब्लेम है, इसको हमारे नोटिस में लाया गया है। उसी हिसाब से हम रिफ्यूजी को वहां से हटा रहे हैं।

MR. SPEAKER : This Question has taken more than half an hour. This is

something exceptional. I know there are a number of Members who are still keen to put questions. If they give a notice for half-an-hour discussion, I will agree to it.

DR. RANEN SEN : There should be a proper discussion on the evacuees from Bangla Desh.

SHRI ATAL BIHARI VAJPAYEE : We have already given notice under Rule 193 for a short duration discussion.

SHRI PILOO MODY : The least we can do for the refugees is to sit on a Saturday, if necessary.

MR. SPEAKER : Next Question.

Help from International Agencies Like Red Cross for Bangla Desh Refugees

*393, **SHRI S. M. BANERJEE :** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether International agencies like Red Cross have been contacted to help rehabilitate the evacuees from Bangla Desh ; and

(b) if so, what concrete assurances have been given by those agencies ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA): (a) and (b). Government has not approached any International agency for help in the matter of rehabilitation of evacuees from Bangla Desh. However, an appeal has been made to UN Secretary General and also a number of International voluntary agencies have been approached for assistance to provide relief in the form of food, shelter, medical supplies etc to the evacuees.

A statement showing the assistance received from or promised by various International agencies is laid on the Table of the Sabha. [*Placed in Library. See No. LT-368/71*]

SHRI S.M. BANERJEE : It appears from the statement that some of the countries and voluntary organisations have donated

either cash amount or given some relief in the form of milk powder, medicines, clothings, etc. But this appears to be not enough. I should like to know from the hon. Minister whether it is true that no request has been made by the Government of India. I would like to quote the statement made by Sir Alec Douglas-Home in the House of Commons. When he was asked by some of the Members in the House of Commons as to whether any request was made to the Government by the Government of India, he said :

"The answer to the question about more money being made available now, he said, was "that we will certainly consider whether that should be done. We have had no direct request from the Indian Government though there will be a meeting of the India Consortium on June 17. I would rather wait to see if there is an Indian request, as we anticipate at that time."

So, I would like to know whether the Government of India have made a request to the Government apart from making a request to the United Nations which has become a mere spectator of the sorrow and shame on our own brothers in Bangla Desh.

So, I would like to know whether any request has been made to other countries and if so what is that request.

SHRI BALGOVIND VERMA : As far as I know, Prime Minister has personally addressed letter to foreign Governments. Replies have also been received. I do not know how this particular time appeared in the Press. Otherwise, so far as I know, the Prime Minister addressed letters personally to the various foreign Governments.

SHRI S.M. BANERJEE : We are happy to know that the Prime Minister of USSR Mr. Kosygin has given a call for immediate steps and he has asked Pakistan to ensure safety in East Bengal. The Soviet Prime Minister has said that Pakistan must create conditions for peace and safety in East Bengal so that the refugees in India could safely return. My question is addressed to the Prime Minister. I am really sorry she is not present.

MR. SPEAKER : It is for the Government. This is about international agencies.

SHRI S.M. BANERJEE : International agencies also relate to the Minister of Foreign Affairs. At least the Prime Minister should have expected such questions. My question is this. Is the Minister in a position to answer whether similar call for immediate steps have been given by other countries and if so, which are those other countries ?

MR. SPEAKER : May I invite your attention to one thing ? This Question is about the International Agencies like Red Cross.

SHRI S.M. BANERJEE : External Affairs Minister is also in the same Government. (*Interruption*) Mr. Lekkappa, you have changed your sides now. If I asked the same question you would have supported me if you were in the Opposition.

SHRI K. LAKKAPPA : You must know the relevancy of the question.

MR. SPEAKER : I can only say, he is the only Member who has come to my rescue.

SHRI S.M. BANERJEE : The hon Minister said that Prime Minister had written to foreign countries. The Prime Minister of USSR has given a call to Pakistan Government to create conditions for peace and safety so that the refugees may return there. Have similar statements been made by other countries ? If not, what steps are taken by the Government in this regard ?

MR. SPEAKER : This is an important question but you cannot get the answer out of this particular Question, addressed to this Minister. He is not the Foreign Affairs Minister.

SHRI S.M. BANERJEE : Why Prime Minister is not here ?

MR. SPEAKER : Why should she be present when the question is addressed to another Minister ? Don't do that ; I am not going to allow this.

If the hon. Minister has some information about the agencies, he may please convey it to the hon. Member.

SHRI BALGOVIND VERMA : I have no information as such. I shall pass on the feelings of the hon. Member to the Minister concerned.

SHRI H.N. MUKERJEE : Would you kindly revive the practice that Jawaharlal Nehru used to have by being present on every day during Question Hour when he was in Parliament House, so that Ministers in trouble could be saved by his own effort ? The Leader of the House or the Prime Minister or somebody representing the Government as a collective entity should be present every day during Question Hour in the House. That sort of practice is being given up today by the present Prime Minister...

SHRI PILOO MODY : I entirely endorse what Shri H.N. Mukerjee has said. As a matter of fact, I have come to the conclusion that the Government and particularly the Prime Minister thinks that Parliament is only one of those playthings that have to be tolerated for six months in the year.

SHRI INDRAJIT GUPTA : Regarding the requests for relief which have been sent, according to the Minister, to various Governments and international agencies, I would like to know the reason for the kind of reports that we are reading in the papers that certain countries or agencies are offering some material which we later on say we do not require or in respect of which we tell them 'Please do not send them'. For example, if you would permit me to mention, in today's papers, we find that the Government of Australia has offered to send some medical teams, but the Government of India have hurriedly said 'Please do not send medical teams because we have got enough doctors'. Again, the Norwegian Red Cross sent a big consignment of cod fish, which is lying in Dum Dum, and now we are telling them 'please do not send any more of this' because it is a very unsuitable commodity for people who are suffering from gastro-enteritis. When these requests are made, do the Government of India have any clear conception about the specific things that they

want for relief purposes ? Do they specify these things to other countries or do they allow them to send anything that they like most of which we may find to be quite useless for our purposes ?

SHRI BALGOVIND VERMA : We have got a coordination committee both at the Centre and at Calcutta....

SHRI INDRAJIT GUPTA : Then, why are these things happening ?

SHRI BALGOVIND VERMA : ...At the Centre, it consists of various Ministries, and many voluntary organisations are associated with and represented on it. The same is the case at Calcutta. So, the situation is being reviewed, and the various Governments are being kept informed of whatever things are required. So, I do not know how the hon. Member is telling these things and apprehending mismanagement on the part of the Government.

SHRI INDRAJIT GUPTA : The hon. Minister does not know that such reports have appeared.

SHRI PILOO MODY : Does he eat cod fish ?

SHRI INDRAJIT GUPTA : Why do we not tell them in advance if we do not want certain things ?

MR. SPEAKER : Let us leave aside the cod fish and pass on to the next question.

Fixation of Minimum Price of Sugarcane

*394. **SHRI D. K. PANDA :** Will the Minister of AGRICULTURE be pleased to state :

(a) whether the recommendations of the Sen Sugar Inquiry Commission were followed in fixing the minimum price of sugarcane to cover up the bulk line opportunity cost of cane cultivation last year ; and

(b) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) No, Sir.

(b) The required data in this regard was not available as no comprehensive study aimed at providing information on cost of production of sugarcane and its competing crops in various regions had been undertaken in the recent past. However, in fixing minimum price of sugarcane for 1969-70 Government took into account various factors including available information on cost of production, the return to the grower from alternative crops and the general trend of prices of agricultural commodities.

SHRI D. K. PANDA : With regard to my question whether the Sen Commission's recommendations had been implemented last year, that is, in 1970, the answer is quite suggestive of an evasive character, because the hon. Minister refers in his answer only to the years 1968 and 1969. Secondly, there is a frank admission to the effect that they have not implemented the recommendations. Is the hon. Minister aware that these recommendations are also incorporated in the Sugarcane Control Order in fixation of the minimum sugarcane price ? Does the hon. Minister not think that the statutory direction in the Sugarcane Control Order is violated by the non-implementation of the recommendations ?

SHRI SHER SINGH : I have not evaded. I have accepted that we have not implemented the recommendations of the Sen Commission *vide* answer to (a) I have given the reason. It is because we have not been able to make a comprehensive study which can provide us all the information necessary for knowing the cost of production of Sugarcane and other commodities. The Commission had suggested that we should take into account the opportunity cost ; for that, we have to have a clear conception of the prices of other commodities also, the cost of production of sugarcane and also other commercial crops, that is if instead of sugarcane those crops were sown, what would they have yielded. Now we have entrusted this comprehensive study to agricultural universities and agricultural colleges ; we have given the work to Universities of Andhra Pradesh, Gujarat, Haryana, Kerala, Mysore, Maharashtra, Madhya Pradesh and Orissa. Expert teams, faculties in this subject and Professors of these subjects are going into it.

SHRI JYOTIRMAY BOSU : When will the work be completed ?

SHRI SHER SINGH : They have started work ; it will take some time.

SHRI D. K. PANDA : The hon. Minister has said that for 1969-70, the price was fixed based upon certain information available of cost of production and also return to the growers from alternative crops. Can he give us that information ?

SHRI SHER SINGH : I have said we could not make comprehensive study and these are rough figures.

SHRI D. K. PANDA : I wanted the information to which reference has been made in part (b) of the answer.

SHRI SHER SINGH : I require notice because it will be a long reply giving prices in various regions.

MR. SPEAKER : He wants the information on the basis of which minimum price was fixed for 1969-70,

SHRI SHER SINGH : As I said, so far we have not been able to make a comprehensive study. Now we are getting it done. The figures now available are rough figures on the basis of which we made some calculations and determined the price. We ourselves are not fully satisfied with the correctness of those figures. Hence this comprehensive study.

SHRI K. LAKKAPPA : Cultivation of sugarcane has declined in the country in States like Mysore, Maharashtra and others. This is because there is no support price given to the farmer. The Millowners are pressurising Government to scuttle the idea of a support price. Will Government change this attitude and give a support price to the grower ?

SHRI SHER SINGH : The price given to the grower is not on the low side. Even according to the Sen Commission recommendation, in 1965-66, when the report was submitted, we should have given Rs. 4.96, whereas the money paid was Rs. 5.36 per quintal. According to the Agricultural Price Commission the price that was suggested...

SHRI K. LAKKAPPA : That is not my question ; he is not answering my question.....(*Interruptions*)

SHRI SHER SINGH : I was saying that the Government has paid even more than the price which the Agricultural Price Commission or other Commissions suggested ; we are supporting it.

SHRI SHIVAJI RAO S. DESHMUKH : One of the important recommendations of the Sen Commission is the principle of proportionality should be strictly adhered to. A minimum price is fixed for the national average sucrose content and then increases are related to the increase in the percentage. The application of that principle which is not applicable to other crops should not come in the way. What really stands in the way of accepting the recommendation of the Sen Commission is the reluctance of the Government. Will the hon. Minister kindly make it clear ?

SHRI SHER SINGH : We have been paying a minimum of 9.4 per cent and beyond that we have been paying a premium for higher percentage of sugar.

SHRI M. RAM GOPAL REDDY : The consumption of sugar has gone up ; there are six lakhs of tonnes of production. If the Government are not going to enhance the rate per tonne to Rs. 100, next year there will be shortage of sugar. Is the Government going to enhance the price to Rs. 100 per tonne ?

SHRI SHER SINGH : There is some truth in what the hon. Member has said. The consumption of sugar is increasing every year. Production also has been on the increase. This year of course there is some shortfall and we have given more licences and more factories will come into operation.

फसल और ढोर बीमा योजना

*395. श्री रामचन्द्र विकल : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या किसानों की फसलों और ढोरों का बीमा करने की कोई योजना सरकार के विचाराधीन है ;

(ख) यदि हां, तो कब से और उसका व्यौरा क्या है ; और

(ग) किन-किन राज्य सरकारों ने उपर्युक्त योजना को स्वीकार किया है ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) to (c). The question of implementation of a scheme for Crop Insurance is under consideration of an Expert Committee. Its report is awaited.

Regarding Cattle Insurance, mortality data has been collected from certain selected districts and are being analysed. After the results of the analysis of the data are available it will be considered whether a pilot scheme should be drawn up.

श्री रामचन्द्र विकल : अध्यक्ष महोदय, मेरा प्रश्न हिन्दी में था। अच्छा होता मंत्री महोदय हिन्दी में जवाब देते।

मैं यह जानना चाहता हूँ कि जो विशेष समिति आपने बनाई फसलों के बीमे के संबंध में वह कब से बनी हुई है और उसके कौन कौन के सदस्य हैं और क्या सिद्धांत रूप से किसानों की फसलों के बीमे को वह मानते हैं या नहीं ?

SHRI ANNASAHEB P. SHINDE : A committee was set up in July 1970 and Mr. Dharma Narayan, the Chairman of the Agricultural Prices Commission is the Chairman of that committee. There are other Members, six of them, who are mostly experts in financial, actuarial and other matters and the Committee is expected to submit its report any time now ; the report is almost ready.

श्री रामचन्द्र विकल : मैं जानना चाहता हूँ पशुओं की मृत्यु के आँकड़े के लिए जो जिले मंत्री महोदय ने तय किए वह किन किन प्रान्तों के कौन कौन जिले हैं और उनका आधार क्या था ?

श्री अण्णासाहेब पी. शिंदे : जो जिले तय किए हुए हैं वह इस प्रकार हैं—कृष्णा जिला

आन्ध्र प्रदेश में, चिंगलपेट तामिलनाडु में, रोहतक जिला हरियाणा में और उत्तर प्रदेश में मेरठ जिला।

SHRI Y. S. MAHAJAN : Has the Punjab Government accepted it on a pilot basis and, if so, what are the results ?

MR. SPEAKER : There is no mention of Punjab here ; it is not relevant. Otherwise I would welcome it.

श्री लालजी भाई : मैं मंत्री जी से यह जानना चाहूँगा कि भिन्न भिन्न प्रान्तों में कितने पशु हैं उनके सही सही आँकड़े बताने की कृपा करेंगे ?

SHRI ANNASAHEB P. SHINDE : About the census of cattle, with due notice it should be possible for us, on the basis of the census report, to give the number.

अध्यक्ष महोदय : पहले इनसे यह पूछ लिया जाय पशुओं में किन किन को शुमार करते हैं ?

श्री अटल बिहारी वाजपेई : दो पैर वालों को नहीं करते।

Mango Production

*397. SHRI P. VENKATASUBBAIAH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether there is a growing demand in foreign countries of mangoes from our country ;

(b) whether there has been a steady decline of mango production in the country because of the negligence and a pathy in giving proper attention to the mango production ;

(c) the step Government propose to take to encourage farmers to go in for more production of mangoes : and

(d) whether Government are starting any Research Centre in the country to develop improved quality of mangoes and

also proper insecticides to prevent damage to mango crop on extensive scale every year ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Yes, Sir.

(b) No, Sir.

(c) The Fourth Five Year Plan includes a Centrally Sponsored Scheme on increased production of exportable fruits including mango. The Scheme envisages grant of incentives to farmers for planting new areas and intensification of production in the existing areas.

(b) Yes, Sir. The Indian Council of Agricultural Research has sanctioned an All India Coordinated Fruit Improvement Project which covers research on mango. The Council is also processing a Scheme for establishment of a Central Mango Research Institute at Lucknow in Uttar Pradesh.

SHRI P. VENKATASUBBAIAH : May I know whether the Government is aware of the fact that due to lack of help from the panchayat samithi level by the Block Development Officer or the agricultural experts, the crop is being subjected to different types of pests with the result that the production of mango crop, especially in Andhra Pradesh, is going down and, if so, what steps do Government propose to take so as to provide scientific and other technical knowledge for the farmers to avoid these pests ?

SHRI ANNASAHEB P. SHINDE : The Government is well aware of the diseases from which the mango crop suffers. Spraying the areas by way of prophylactic measure has been suggested, but of course, the problem is so vast. Aerial spraying itself presents many difficult problems. But that has been suggested to the State Governments, and we are prepared to help the State Governments in undertaking such plant protection measures for mangoes.

SHRI P. VENKATASUBBAIAH : May I know whether the Government propose to start a cell in Rajendranagar Agricultural

Institute in Andhra Pradesh in order to provide the necessary assistance to the farmers to take up mango-growing and also to see that different grafts are sent there for use by the farmers ?

MR. SPEAKER : It is a suggestion for action.

SHRI P. VENKATASUBBAIAH : Whether they propose to start it.

SHRI ANNASAHEB P. SHINDE : There is a place called Sangareddy in Andhra Pradesh where we are going to have such a centre.

श्री शंकर बयाल विह : अध्यक्ष महोदय, आम की बात आई है इसलिए मैं मंत्री महोदय से एक प्रश्न पूछना चाहता हूँ। उन्हें शायद इस बात की जानकारी होगी कि बिहार के दीघा में मालदह आम पैदा होता है जो देश का सबसे अच्छा आम माना जाता है। लेकिन दीघा में गंगा के किनारे जहाँ यह आम पैदा होता है, वहाँ पर लगातार मकान बनते जा रहे हैं, जिस की वजह से इस आम के पैदा करने के लिए जमीन नहीं बच रही है। क्या सरकार कोई उपाय करना चाहती हैं जिससे इस आम की फसल को बढ़ावा मिले और व मकान न बनें ?

SHRI ANNASAHEB P. SHINDE : It is true that as a result of increasing population and urbanisation, particularly kilns, etc., the mango crop is getting adversely affected. The Government is aware of it.

श्री रामावतार शास्त्री : आम की फसल हमारे बिहार में बहुत ज्यादा होती है, यू. पी. में भी होती है। मैं जानना चाहता हूँ कि आम की फसल का ज्यादा से ज्यादा विकास हो सके तथा आप ज्यादा से ज्यादा फारन-एक्सचेंज कमा सकें, इस दृष्टि से क्या आम की फसल ज्यादा बढ़ाने के लिए स्टेट गवर्नमेन्ट को मदद देने के लिए आप के पास कोई योजना है ? यदि कोई योजना है तो वह कौन सी योजना है ?

SHRI ANNASAHIB P. SHINDE : Normally like other subjects of agriculture, it falls within the purview of the State Governments. But the Centre has been helping the State Governments by giving block grants. It is coordinated research which is going to help the development of mango crop. In that, the Centre plays a big role through the Indian Council of Agricultural Research.

MR. SPEAKER : I would not have stopped this delicious discussion, but the time is already over.

WRITTEN ANSWERS TO QUESTIONS

Steps to Solve Shortage of Milk During Fourth Plan

***392. SHRI B. K. DASCHOWDHURI :** Will the Minister of AGRICULTURE be pleased to state the steps Government propose to take in the Fourth Five Year Plan period to solve the country-wide shortage of milk ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : Cattle development and dairy scheme in the Central and State Sectors of the Fourth Plan rely on scientific breeding, better management, veterinary care and proper marketing facilities for increasing milk production. The question of feed and fodder must be given more attention.

2. On the advice of the Scientists' Panel, cross-breeding programme for milk shed areas appertaining to dairy factories has been accepted as a part of our breeding policy. Under the intensive cattle development projects, steps are being taken to provide better quality bulls and to organise a system of artificial insemination and where there are practical difficulties to make facilities for natural service available. Key village blocks are also being opened in areas not served by intensive cattle development projects. New veterinary hospitals and dispensaries are being set up to take care of animal health. The Operation Flood which will step up milk supply in the four major metropolitan cities of Delhi, Bombay, Calcutta and Madras will organise cattle development work in 10 States and

one Union Territory. This will provide much needed fillip to milk production.

Labour Trouble in Durgapur Steel Plant

***396. SHRIMATI BIBHA GHOSA :
SHRI SAMAR MUKHERJEE :**

Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the management of Durgapur Steel Plant is holding back production for the last two and a half months in different units, particularly in mill shops in apprehension of labour trouble ;

(b) whether the offer made by the Hindustan Steel Employees' Union, Durgapur for joint efforts to improve the situation has been turned down by the management ; and

(c) if so, the steps Government propose to take to meet the demands of the workers of that establishment which have been outlined in a memorandum recently submitted to Government ?

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMAR MANGALAM) : (a) No, Sir. It may, however, be stated that whenever strikes and 'bandhs' seemed imminent, certain precautionary/safety measures had to be taken by the Management to save the Plant from damage.

(b) The Plant Management welcome all positive suggestions for improvement of production and productivity.

The Management had sent proposals to the Hindustan Steel Employees' Union in 1969 to associate itself in the various Joint Consultative Committees in order to settle matters of mutual concern like, improvement of production and productivity, shop level discipline, settlement of employees' grievances etc. In spite of many reminders, the Union has not so far nominated its representatives to the various Joint Committees.

However, a meeting was held between Hindustan Steel Employees' Union and the

Plant Management on 15th May, 1971 for Joint efforts in improving production in Steel Melting Shop. Similar joint meetings are proposed to be held to improve production in other areas of the Plant.

(c) Does not arise in view of reply to (b) above.

Underproduction in Durgapur and Rourkela Steel Plant

*398. SHRI N. K. SANGHI : Will Minister of STEEL AND MINES be pleased to state :

(a) whether underproduction in Durgapur and Rourkela Steel Plants is mainly due to breakdown of the plants arising from lack of preventive maintenance during the initial stages ;

(b) if so, the number of such breakdowns in each of the plants during the last two years ended 31st March, 1971 and the time of such occurrences ; and

(c) the action Government propose to take to remedy the past lapses ?

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMARA-MANGALAM) : (a) The production at Rourkela and Durgapur Steel Plants during 1970-71 was lower than that in 1969-70. This shortfall in production was partly due to disturbed industrial relations throughout the year in Durgapur and during the first half of the year in Rourkela and partly on account of certain technical and operational constraints/deficiencies including loss of production facilities due to breakdowns.

(b) The number of breakdowns exceeding one day during the year 1969-70 was as under :

Plants	Number of breakdowns exceeding one day	
	1969-70	1970-71
Rourkela Steel Plant	26	27
Durgapur Steel Plant	31	7

(c) The Management of Hindustan Steel Limited is quite alive to the importance of preventive maintenance and has taken a number of remedial measures including reorganisation and strengthening of maintenance organisations, timely procurement of spare parts, regular inspection of plant and equipment and advance planning of repairs etc.

Setting Up of Small Units of Steel Plant in Rajasthan

*399. SHRI S. R. DAMANI : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether in view of the acute shortage of steel and the long time involved to set up big plants, Government are considering to set up smaller units in the vicinity of iron ore belts ;

(b) whether in this connection Government have examined the recent findings of large iron ore deposits in Rajasthan suitable for the above purpose ; and

(c) if so, the decision taken by Government in this regard ?

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMARA-MANGALAM) : (a) There is at present no proposal to set up small steel units in the Central sector.

(b) and (c). Do not arise.

Profits of Coal Mining Companies in Private Sector

*400. SHRI C. K. CHANDRAPPA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the profits of the private sector coal mining companies have gone up very high during 1969-70 ; if so, how much ;

(b) whether the salaries and wages which accounted for 51.7 per cent of the value of production in 1969 have come down to 49 per cent in 1970 ; and

(c) whether the expenditure on welfare measures had come down from 5.3 per cent

in 1969 to 4.9 per cent in 1970 in relation to the value of production ?

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMAR-MANGALAM) : (a) to (c). The information is not readily available, it is being collected and will be laid on the Table of the House.

Scheme for Compulsory Labour Insurance

*401. SHRI NIHAR LASKAR :
SHRI S. M. KRISHNA .

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government have under consideration a proposal to have compulsory labour insurance in the country ; and

(b) if so, its main features, and when it is likely to be introduced ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BAL GOVIND VERMA) : (a) and (b). Government have no proposal under consideration to have compulsory labour insurance in the country. Two Schemes of Family Pension-cum-Life Assurance for workers in coal mines and in certain other industries and classes of establishments have, however, been introduced with effect from 1.3.71. The Schemes provide *inter-alia* for the benefits of family pension and life assurance for families of workers who die while in service. The Schemes have been notified in the Extraordinary Gazette of India.

Discontinuance of Minimum Attendance Qualification for Payment of Bonus under Coal Mines Bonus Scheme

*402. SHRI S. P. BHATTACHARYYA :
Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government have considered the question of discontinuance of the minimum attendance qualification for payment of bonus under the Coal Mines Bonus Scheme ; and

(b) if so, the decision taken thereon ;

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) and (b). The matter is under consideration.

Recognition under Code of Discipline to Employees' Union in National Industrial Development Corporation

*403. SHRI INDRAJIT GUPTA :
Will the Minister of LABOUR AND REHABILITATION be pleased to refer to the reply given to Unstarred Question No. 2753 on the 13th August, 1970 and state :

(a) whether it is a fact that allegations made by the management of the National Industrial Development Corporation Limited, against the Employees' Union, of breaches of the Code of Discipline have since been investigated and found untenable by the appropriate authority, viz. Delhi Administration ;

(b) whether in view of the above, the Delhi Administration had asked the National Industrial Development Corporation management to accord recognition to the Union without further delay ; and

(c) if so, why no action has been taken in the matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) to (c). Certain breaches of the Code of Discipline, alleged by the management against the National Industrial Development Corporation Limited Employees Union, were investigated by the Labour Commissioner, Delhi ; they were not found substantiated. The management was, therefore, advised by the Delhi Administration to accord recognition to the union. The union has, however, not yet been recognised by the management who have sought further clarifications in the matter from the Delhi Administration in whose sphere, the matter falls.

Coal Mines Facing Crisis due to Accumulation of Coal at Pit-Heads

***404. SHRI BISHWANATH JHUNJHUNWALA :
SHRI YAMUNA PRASAD MANDAL :**

Will the Minister of STEEL AND MINES be pleased to state :

(a) whether pit-head accumulations in the coal fields of Bihar have become disproportionately high ;

(b) whether as a result of this, the mines are faced with the problem of closure ;

(c) whether thousands of mine workers are facing unemployment ; and

(d) if so, the steps taken by Government to help the industry to ward off crisis, and to clear the accumulation of pit-head stocks ?

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMARAMAN-GALAM) : (a) Yes, Sir.

(b) and (c). The Coal Industry have represented that due to increased pit-head accumulations many mines face the problem of closure which might result in unemployment of mine workers.

(d) The stocks have accumulated because of shortage in the supply of railway wagons which in turn is due to large scale thefts of wagon parts, over-head wires, signalling and other railway equipment in the Bengal-Bihar area as a result of the deteriorating law and order conditions there. The Government of India is fully aware of the position and is taking steps in consultation with the State Governments to improve the law and order situation and restore normalcy in the Railway operations. Besides this, at the request of the Government of India, the Reserve Bank of India have advised all the Public Sector Banks functioning in Bengal and Bihar that they may take a sympathetic view when considering requests for financial assistance from collieries.

Procedure Re : Distribution of Steel

***405. SHRI P. K. DEO :** Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Government have formulated a new scheme/procedure in consultation with the Steel Priority Committee to obtain steel to meet the growing demand ; and

(b) if so, the salient features thereof and the extent to which the new scheme/procedure is likely to improve the steel shortage ?

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMARAMAN-GALAM) : (a) and (b). No new scheme/procedure has been formulated in consultation with the Steel Priority Committee.

Government have, however, set up a Billet Rerollers Committee for the purpose of regulating the production and distribution of materials rolled by billet rerollers. Copies of the relevant notifications outlining the salient features have been given earlier to the House.

The operation of the Billet Rerollers Committee does not add to steel availability in the country, but increases the proportion available for regulated distribution to priority sectors at regulated prices.

Linking of Wages with Productivity

***406. SHRI JYOTIRMOY BOSU :** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the increase in productivity (in terms of percentage) of the factory labourers in India as in 1954, 1964 and the latest year for which the figures are available ;

(b) the increase in real earnings of the labourers, in per cent, during the same periods ;

(c) whether the rise in the productivity of the Indian factory labourers, during the last three decades, was never matched by the corresponding rise in their real earnings ;

(d) whether the rise in real earnings during the last three decades has always lagged behind the rise in productivity ; and

(e) the basic idea behind the reported move of the Government to link up wages with productivity ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) Figures of productivity in respect of factory labourers as a whole are not available.

(b) The index of real earnings of factory workers earning less than Rs. 200/- per month (Base 1951 = 100) stood at 112 in 1954 and at 104.6 in 1964.

(c) to (e). Data for making such comparisons over the last three decades are not available. However, increased labour productivity, among other factors is essential for faster Economic growth which, in its turn, is just as essential for correspondingly increased gains and fair deal to labour.

Capacity of Vanaspathi Industry

*407 SHRI N. SHIVAPPA : Will the Minister of AGRICULTURE be pleased to state :

(a) the present installed capacity of the vanaspathi industry and the estimated requirement in the country ; and

(b) the efforts made by Government to increase the supply of Oilseeds and manufacturing capacity of the vanaspathi industry ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) :

(a) Installed capacity	About 10 lakh tonnes per year.
Estimated requirement during 1971.	About 6.30 lakh tonnes.

(b) The following steps have been taken to increase supply of oilseeds and

manufacturing capacity for the vanaspathi industry ;—

(1) To increase supply of oilseeds.

(a) Maximising indigenous production through :

(i) adoption of package approach in large areas under assured rainfall and irrigated conditions ;

(ii) extension of irrigation facilities ;

(iii) multiple cropping, use of high yielding varieties wherever these have been developed ;

(iv) adoption of moisture conservation and other dry-farming practices ;

(v) cultivation of new oil-seed crops like soybean and sunflower seed.

(b) Import of soybean oil, copra, tallow and rapeseed to the extent necessary.

(2) To increase manufacturing capacity of the vanaspathi industry.

(a) The industry was partially delicensed during the period September, 1968 to February, 1970, enabling the establishment of new factories or the expansion of existing units up to a capacity of 100 tonnes per day in either case, without need for a licence—provided that the total capacity of a group of factories under the same ownership, management or control did not exceed 200 tonnes per day. As a result a substantial increase in manufacturing capacity is now under way.

(b) Since October, 1966, the existing factories have been

allowed the facility of increasing their production to the extent of 25% over their licensed capacity, by addition of minor balancing equipment without need for obtaining a fresh licence therefor. However, during the de-licensed period referred to under (a), this facility was subject to the limit of 100 tonnes per day or 200 tonnes per day, as the case may be, referred to therein.

Radical and Progressive Policy of Industrial Relations

*408. SHRI M. M. JOSEPH : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether leaders of the Hind Mazdoor Sabha and All India Trade Union Congress urged the Central Government on the 13th May, 1971 to evolve a policy of industrial relations on a more radical and progressive direction ; and

(b) if so, the particulars thereof and the reaction of the Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) Yes.

(b) No details were spelt out. The entire question of future industrial relations policy, however, is under Government's consideration.

Removal of Zonal Restrictions on Movement of Food-grains

*409. RAJMATA GAYATRI DEVI : Will the Minister of AGRICULTURE be pleased to state :

(a) whether in the light of the record crop of food-grains this year, Government are thinking of removing the zonal restrictions imposed on the movement of the food-grains ; and

(b) if so, when ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) No, Sir.

(b) Does not arise.

इस्पात का निर्यात

*410. श्री अटल बिहारी वाजपेयी : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या इस वर्ष इस्पात के निर्यात में काफी कमी करने के बारे में कोई निर्णय किया गया है ;

(ख) यदि हां, तो इससे भारत को विदेश व्यापार पर क्या प्रभाव पड़ेगा ; और

(ग) विश्व बाजार में भारत की क्या स्थिति रहेगी और भविष्य में विदेशों में स्थापित किए जाने वाले भारतीय उद्योगों पर क्या प्रभाव पड़ेगा ?

इस्पात और खान मंत्री (श्री मोहन कुमार-मंगलम) : (क) : जी हां। निर्यात के बारे में सरकार एक विनियमित नीति का अनुसरण कर रही है जिससे बढ़िया किस्म के इस्पात की घरेलू मांग को पूरा करने की आवश्यकता तथा निर्यात को बढ़ावा देने की आवश्यकता में उपयुक्त संतुलन स्थापित किया जा सके।

(ख) और (ग). सभी बातों को देखते हुए भारत के विदेश-व्यापार पर कोई बड़ा प्रभाव पड़ने की उम्मीद नहीं है। इंजीनियरी सामान का निर्यात करने वाले उद्योगों के लिए आन्तरिक उपलब्धि बढ़ाने से उनके माल के निर्यात से बढ़िया किस्म के इस्पात के निर्यात की तुलना में अधिक आय होगी। जहां तक दूसरे देश में स्थापित किये जाने वाले भारतीय उद्योगों को इस्पात सप्लाई करने का सम्बन्ध है, प्रत्येक मामले में प्रवर्तमान परिस्थितियों को देखते हुए निर्णय किया जाता है।

त्रिजनी बौना गेहूँ का उत्पादन

*411. श्री कमल मिश्र मधुकर : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या देश में गेहूँ की अन्य किस्मों की तुलना में त्रिजनी बौना गेहूँ के उत्पादन में अधिक सफलता मिली है ;

(ख) यदि हां, तो देश को किन-किन क्षेत्रों में त्रिजनी बौना गेहूँ की सफलतापूर्वक काश्त की जा सकती है तथा इसकी काश्त के विभिन्न तरीके क्या हैं ; और

(ग) क्या सरकार ने यह भी सुनिश्चित कर लिया है कि त्रिजनी बौना गेहूँ का उत्पादन ऐसे सूखे क्षेत्रों में भी उसी अनुपात में हो सकता है जहां सिंचाई की उचित सुविधायें उपलब्ध नहीं हैं ।

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा साहब पी० शिंदे) : (क) इस अवस्था में ऐसा कोई मूल्यांकन करना संभव नहीं है । गेहूँ की ट्रिपल-जीन-बौनी किस्मों पर अनुसंधान का कार्य देश के विभिन्न अनुसंधान केन्द्रों में किया जा रहा है । गत फसल के मौसम में ऐसी तीन किस्में नियुक्त की गई थीं । लेकिन बीज की सीमित सप्लाई के कारण इसके अन्तर्गत सीमित क्षेत्र है । बड़े पैमाने पर खेती करने के पश्चात इन किस्मों की पूरी संभाव्य क्षमता का पता लगेगा ।

(ख) जब तक पंजाब, हरियाणा, पश्चिम उत्तर प्रदेश, राजस्थान, दिल्ली तथा उत्तर प्रदेश के तराई क्षेत्र में इन किस्मों की खेती करने की सिफारिश की गई है । उनकी खेती की पद्धति, मृदा तथा जलवायु की परिस्थितियों के अनुसार स्थान-स्थान पर भिन्न-भिन्न है । मूल रूप से गेहूँ की अन्य बौनी किस्मों की खेती में अपनाई जाने वाली पद्धति भिन्न नहीं है ।

(ग) इस समय शुष्क क्षेत्रों में खेती करने के लिए ये किस्में अधिक उचित नहीं समझी गई हैं ।

Exploratory Mining at Agnigundala Copper-Lead Project

*412. SHRI TEJA SINGH SWATANTRA : Will the Minister of STEEL AND MINES be pleased to state :

(a) the progress made in exploratory mining at the Agnigundala Copper-Lead project ;

(b) the results achieved so far ; and

(c) how long it will take to complete the exploratory mining programme ?

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMARAMANGALAM) : (a) and (b) . The Agnigundala copper-lead project comprise three blocks namely Bandalamottu, Nallakonda and Dhukonda. Exploratory mining programme started at Dandalamottu in July, 1970, envisages the driving of 2 adits, adit No. 1, 550 metres and adit No. 2, 240 metres in length, and Inclined drive to the extent of 500 metres and Raise/Winze connections of the order of 17.0 metres. Upto 30.4.1971 the progress of drive at adit No. 1 was 154 metres and at adit No. 2, 110 metres. The Inclined drive progressed by 43 metres.

The Exploratory Mining Programme taken up at Nallakonda in January, 1971 envisages the sinking of two shafts, the main shaft upto a length of 200 metres and ancillary shaft, 100 metres, and opening of the mine at 2 levels upto a strike length of 200 metres. The work of sinking of the 2 shafts is currently in progress.

Dhukonda copper-lead deposit is adjacent to Nallakonda and as such, it is proposed to take up its development in conjunction with the development of Nallakonda in due course.

(c) The Exploratory Mining Programme for Bandalamottu is expected to be completed by December, 1972 and at Nallakonda by June, 1973.

De-rationing of Foodgrains

*413. **SHRI S. C. SAMANTA :**
SHRI RAJDEO SINGH

Will the Minister of AGRICULTURE be pleased to state :

(a) whether controls are likely to be totally lifted in view of the improvement in supply of rationed food articles ;

(b) whether full quantities of rationed articles are not being purchased by the card holders and the ration shops have to face some difficulties in this respect ; and

(c) the names of the States in India where controls have been lifted and in which these are still prevailing and the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a). No. Sir.

(b) No, Sir.

(c) A statement indicating the position is laid on the table of the Sabha. [*Placed in Library. See No. LT—369/71*].

Government have been following a pragmatic policy in respect of food controls. Relaxations are made as and when the food situation warrants. After taking into consideration the local conditions and other relevant factors, it was decided at the time of the Chief Ministers' Conference held in April, 1971 that a relaxation of rationing regulations in West Bengal was not desirable at this stage. Wheat and wheat products were derationed in Bombay with effect from 1st May, 1971. Controls exist now mainly in respect of rice. At the Chief Ministers' Conference held at New Delhi in September, 1970, it was agreed that restrictions on rice should continue with a view to maximising internal procurement of rice in the context of Government's decision to stop all concessional imports after 1971.

Relief offered by Official, Non-Official and Foreign Agencies for East Bengal Refugees

*414. **SHRI BHOGENDRA JHA :** Will the Minister of LABOUR AND REHABILITATION be pleased to state the proportion and exact value of the relief being rendered to the refugees from East Bengal by official, non-official and foreign agencies and the manner and method of their co-ordination ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : The Government of India have purely on humanitarian considerations decided to extend necessary relief assistance to the refugees coming from East Bengal in the wake of political strife and military repression there. All expenditure incurred in this connection is being borne by the Government of India. The Government of India have in view of the magnitude of the problem appealed to Governments of all countries and the United Nations Organisation to give necessary aid for carrying out relief operations. The extent of assistance received from foreign agencies as well as non-official voluntary organisations so far is not very significant in relation to the scale of expenditure involved. So far we have received or been assured aid worth only about Rs. 14 crores from foreign Governments, UN system and other International voluntary agencies.

In order to co-ordinate the efforts of aid of all kinds received from the various International Organisations, Foreign Governments and Voluntary Agencies and also for ensuring its proper distribution on the basis of actual requirements of the refugees, a Central Co-ordinating Committee has been set up by the Government of India on which the concerned Departments of the Government and other important International Organisations and Indian Red Cross Society are represented.

A similar Co-ordination Committee has been set up in the Branch Secretariat at Calcutta to ensure proper distribution of aid received to the various camps in accordance with their needs and requirements.

**Import of Equipments from Russia for
Bokaro Steel Plant**

***415 SHRI SHYAMNANDAN MISHRA:**
Will the Minister of STEEL AND MINES
be pleased to state :

(a) whether equipments for the Bokaro Steel Plant are sought for to be imported from Russia because of the continuing failure of the Heavy Engineering Corporation, Ranchi ; and

(b) if so, the cost of the proposed imports from Russia ?

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMARAMANGALAM) : (a) and (b) A proposal has been recently made by Heavy Engineering Corporation Ltd, Ranchi, for import from the U.S.S.R. of about 5000 tonnes of certain completing items valued at about Rs. 750 lakhs for the manufacture of equipment for Bokaro Steel Plant. The details of the items and quantities are under negotiation with the USSR authorities.

Of the items proposed for imports, 1125 tonnes are bogies, which have to be imported due to non-availability from the private sector. The balance quantity is required to be imported to avoid delay in the construction schedule of Bokaro due to the inability of HEC, and some of its suppliers of castings and forgings, to adhere to their delivery schedules.

**Personnel Requirements of Supply Missions
in U.K. and U.S.A.**

***416. SHRI C. CHITTIBABU :** Will the Minister of SUPPLY be pleased to state .

(a) whether the study regarding the personnel requirement of Supply Missions in U.K. and U.S.A. has been completed ;

(b) if so, the result of the study ; and

(c) what follow-up action has been taken to reduce the staff in these Missions ?

THE MINISTER OF SUPPLY (SHRI D. R. CHAVAN) : (a) Yes, Sir.

(b) and (c). The strength of I.S.M., London is being reduced from 200 to 169 and that of I.S.M., Washington is being reduced from 111 to 101.

**विश्व बैंक के एक दल द्वारा महाराष्ट्र
में भूमिगत जल का सर्वेक्षण**

417. डा० लक्ष्मीनारायण पांडे : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या विश्व बैंक के एक दल ने महाराष्ट्र में 63 करोड़ रुपये की लागत वाली एक योजना के सम्बन्ध में भूमिगत जल का सर्वेक्षण किया है ;

(ख) यदि हा तो उसके क्या परिणाम निकले हैं ,

(ग) क्या सरकार का विचार यह सुविधा अन्य राज्यों को भी देने का है , और

(घ) यदि हा, तो यह सुविधा किस प्रकार दी जायेगी ?

कृषि मन्त्रालय में राज्य मंत्री (श्री अण्णा साहेब पी० शिंदे) : (क) विश्व बैंक के एक दल ने महाराष्ट्र राज्य में भूमिगत जल संसाधनों और भूमि के विकास और फार्मों के यन्त्रीकरण के विकास के लिए 62.14 करोड़ रुपये की एक संयुक्त कृषि ऋण परियोजना का मूल्यांकन करने के लिए मार्च-अप्रैल 1971 में भारत का दौरा किया ।

(ख) दल की रिपोर्ट की प्रतीक्षा है ।

(ग) और (घ). विश्व बैंक गुजरात, पंजाब, आन्ध्र प्रदेश, तमिलनाडु तथा हरियाणा प्रदेशों में कृषि ऋण परियोजनाओं के लिए वित्तीय सहायता उपलब्ध कराने को सहमत है । विश्व बैंक द्वारा मैसूर राज्य की परियोजना का मूल्यांकन कर लिया गया है तथा उत्तर प्रदेश, मध्य प्रदेश और बिहार राज्यों की परियोजनाओं का मूल्यांकन तैयार किया जा रहा है ।

कपड़ा उद्योग के कर्मचारियों की मजूरी में वृद्धि

*418. श्री मूलचंद डाया : क्या भ्रम और पुनर्वासि मंत्री यह बताने की कृपा करेंगे कि :

(क) देश में सरकारी क्षेत्र के "कपड़ा उद्योगों" के कर्मचारियों की मजूरी में गत दो वर्षों में कितनी वृद्धि की गई है ;

(ख) उस वृद्धि का आधार क्या है ; और

(ग) क्या इन कर्मचारियों की मजूरी में की गई वृद्धि अन्य सरकारी कर्मचारियों के वेतन में बढ़ते हुए मूल्यों के कारण की गई वृद्धि के अनुपात में नहीं की गई है ?

भ्रम और पुनर्वासि मंत्रालय में उप-मंत्री (श्री बालगोविंद वर्मा) : (क) से (ग) सूती कपड़ा उद्योग के लिए दूसरा केन्द्रीय मजदूरी बोर्ड 1964 में स्थापित हुआ और इसकी सिफारिशों सरकार ने अपने संकल्प डब्ल्यू० बी०-8(15)/68, तारीख 17 मई, 1969 द्वारा स्वीकार कर ली। सरकारी क्षेत्र की मिलों में और उन मिलों में जिनकी व्यवस्था प्राधिकृत नियंत्रकों द्वारा की जाती है, मजदूरी बोर्ड की सिफारिशों की क्रियान्विति की स्थिति मालूम की जा रही है।

Negligence of Food Corporation of India in Procurement of Foodgrains

*419. SHRI PILOO MODY : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the attention of Government has been invited to a report in the Statesman of the 24th May, 1971 saying that because of slow procurement of foodgrains by the Food Corporation of India, farmers have incurred colossal losses ;

(b) if so, the reaction of Government in this regard ; and

(c) whether Government have made any estimate of the total loss suffered by farmers due to the negligence of the Corporation and also due to unseasonal heavy rains and hailstorms ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) to (c). Government's attention has been drawn to the report in the 'Statesman' of the 24th May 1971, which appears to be based on a misapprehension. The rate of procurement of wheat during the current season is very much higher than during the corresponding periods of the preceding two years. Up to 4th June, 1971 the procurement of wheat in the current season was 28.81 lakh tonnes, as against 16.28 lakh tonnes and 15.12 lakh tonnes during the corresponding periods of the years 1970-71 and 1969-70 respectively. In procurement operations on such a colossal scale, in short period, certain difficulties and complaints are bound to arise and these have been sorted out by timely action.

2. There were unfortunately untimely rains in certain parts of Northern India, particularly in U.P., which caused damage to the crops and to the wheat crop. The extent of the loss suffered on this account is being assessed. Most of the losses have occurred in respect of grain either awaiting threshing or on the threshing floor with the farmers. It was an unexpected natural calamity for which no organisation can be held responsible. The Government of India and the Food Corporation of India however took prompt steps to meet the situation by lowering the specifications for purchase of wheat, so that as large quantities of rain-affected wheat as possible can be procured by the Food Corporation of India and other agencies which are procuring wheat.

Request to Pakistan for Financial Help for Refugees

*420 SHRIMATI BHARGAVI THANKAPPAN : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(b) whether India has requested the Pakistan Government to bear the additional financial and other burdens of the refugees who have taken shelter in India ; and

(b) if so, the reaction of Pakistan Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) The Pakistan High Commissioner in New Delhi was given a note which inter-alia stated that the Government of India reserve the right to claim from the Government of Pakistan full satisfaction in respect of additional financial and other burdens that the Government of India have had to shoulder for affording relief to these Pakistani nationals.

(b) The Government of Pakistan have rejected the demand as being totally unacceptable.

Mortgaging of Assets to Financial Institutions under the Mineral Concessions Rules, 1960

1763. SHRI INDER J. MALHOTRA : Will the Minister of STEEL AND MINES be pleased to state :

(a) the time taken for granting the permission under the Mineral Concessions Rules 1960 for mortgaging assets to Financial Institutions ;

(b) the number of cases which have come for intervention of Central Government and the time taken to dispose of such cases ;

(c) whether the statutory period of one year for disposal of the applications is sufficient for State Governments to dispose of the applications ; and

(d) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) This is not known, since it is the State Governments who are to grant the permission. If it is not disposed of within 12 months, the applicant is at liberty to file a revision petition to the Government of India under rule 54 of the Mineral Concession Rules, 1960.

(b) During the last three years nine cases were received by the Central Govern-

ment, of which four cases were disposed of within a period of one month, two cases within two months and the remaining three cases were disposed of within a period of about five to seven months.

(c) Yes, Sir.

(d) Does not arise, in view of (c) above.

आर एस-09 खराब ट्रैक्टरों के प्रयोग से मध्य प्रदेश के किसानों को हुई हानि

1764. श्री गंगा चरण दीक्षित : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या आर एस-09 ट्रैक्टर, जो जर्मन लोकतन्त्रात्मक गणराज्य द्वारा सप्लाई किये गये थे, मध्य प्रदेश में भी कृषि कार्यों के लिए उपयोग में लाये गये हैं और क्या इसके परिणाम स्वरूप किसानों को हानि हुई है ; और

(ख) यदि हां, तो क्या सरकार का इन किसानों को मुआवजा देने का विचार है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा साहिब पी० शिन्दे) : (क) आर० एस०-09 ट्रैक्टर मध्य प्रदेश कृषि उद्योग निगम की नियतित नहीं किये गये थे और न ही राज्य में कृषकों को बांटे गये थे ।

(ख) प्रश्न नहीं होता ।

Problems Facing Cane Growers and Workers of Sugar Industry in South India

1765. SHRI CHANDRA SHEKHAR SINGH :
SHRI T. S. LAKSHMANAN :

Will the Minister of AGRICULTURE be pleased to state the steps being taken by Government to mitigate the hardships of the cane-growers and the workers of South India Sugar Mills ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : As far as sugarcane growers are concerned, Government is fixing minimum price of sugarcane payable by sugar

factories. As regards payment of sugarcane price, large arrears of payment have been reported by the factories. The State Governments concerned have been asked to take stringent measures including coercive steps to ensure early payment of arrears of sugarcane price by the factories. In addition, the following further steps have been taken :

- (1) Authorities concerned have been requested to arrange increased bank advances to sugar factories to enable them to pay arrears of cane price.
- (2) Releases of sugar for sale are now being made in proportion to stocks instead of in proportion to production in order to reduce the disparity in stocks of sugar with factories.
- (3) Restrictions on price, distribution and movement of sugar have been removed with effect from the 25th May 1971.

As far as the sugar factory workers are concerned, the main hardship relates to the implementation of the recommendations of the Second Central Wage Board. The recommendations of this Board have been accepted by the Central Government and the State Governments are looking after their implementation.

Procurement Target in Foodgrains by Food Corporation of India

1766. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Food Corporation of India has set up any target for food procurement in the current rabi season ;

(b) if so, the statistics thereof, State-wise ; and

(c) the prices at which each of the food items are being procured, and how these prices differ from those of the past three years, separately for each food item year-wise ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) and (b). The Food Corporation of India is purchasing wheat as a price support measure in the States. There is no target of procurement as such as the Government is committed to purchase all quantities of wheat falling within the prescribed specification. The Corporation have, however, estimated that they will purchase 40.25 lakh tonnes of wheat during 1971-72 marketing season in the country. No specific targets are fixed for the purchase of other rabi grains which are purchased against demand.

(c) The Food Corporation is purchasing wheat (except indigenous red) of fair average quality at Rs 76/- per quintal during the current season. Other Rabi grains are purchased by the Corporation at prevailing market prices, as part of their commercial purchases. The statement showing the prices, for the last three years is attached,

मध्य प्रदेश में एल्युमिनियम कारखाने की स्थापना

पब्लिक सेक्टर एल्युमिनियम संयंत्र की स्थापना की जा रही है।

1767. डा० लक्ष्मी नारायण पांडे : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

Upward Trend in Prices of Necessities of Life

1768. SHRI SOMCHAND SOLANKI : Will the Minister of AGRICULTURE be pleased to state :

(क) क्या मध्य प्रदेश के रेवा और सतना जिलों में कच्चे एल्युमिनियम के निक्षेप पाये गये हैं ; और

(a) whether Government are aware of the fact that the prices are increasing day by day due to cornering and Zonal restrictions of certain items such as oil, sugar, rice, kerosene oil etc. ;

(ख) यदि हां, तो क्या वहाँ कोई एल्युमिनियम कारखाना स्थापित करने का प्रस्ताव है ?

(b) whether Government have found out any ways to check upward trend of prices of necessities of life ; and

(c) if not, the reasons therefor ?

इस्पात और खान मंत्रालय में राज्य मंत्री (श्री शाहनवाज खाँ) : (क) और (ख) मध्य प्रदेश के रेवा और सतना जिलों में अभी तक बाक्साइट के कोई भी आर्थिक महत्व के निक्षेप नहीं पाए गए हैं। सतना जिले में जारा पहाड़, राजा बाबा पहाड़, महाराजपुर पहाड़, सरदाह पहाड़, नारो पठार, अमगा सिरगो पहाड़ी, झालावार पहाड़ी और अंधी पहाड़ी से एल्युमिनियम लेटराइट और बाक्साइट के धरातलीय गोलाशभीय निक्षेपों के कुछ प्राप्तिस्थल बताए गए हैं। इन जिलों में से किसी भी जिले में एल्युमिनियम संयंत्र को स्थापित करने का कोई प्रस्ताव नहीं है। तथापि, अमरकंटक और फुटका पहाड़ क्षेत्रों के निक्षेपों पर आधारित मध्य प्रदेश में विलासपुर जिले के कोरवा में

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) Price position of rice (as also of other foodgrains), edible oils and sugar has generally shown a steady to easy undertone during the 1970-71 marketing season. In the case of kerosene oil, prices are fixed under the Kerosene (Fixation of Ceiling Prices) Order, 1970 issued under the Essential Commodities Act, 1955, and the Government have not received any complaints regarding increase in prices due to cornering, etc. There are no zonal restrictions in respect of edible oils, sugar and kerosene oil. Restrictions on price, distribution and movement of sugar were removed from the 25th May, 1971 but regulation of releases of sugar for sale will continue in order to maintain adequate

supplies of the commodity at reasonable rates. Zonal restrictions imposed in the case of rice are intended to sub-serve the objectives of food policy, particularly the attainment of procurement targets and prevention of excessive rise in prices, and there have been no reports of cornering.

(a) and (c). Besides undertaking programmes for increasing domestic production, Government have been taking all possible measures, such as, public distribution of foodgrains and restrictions on their movement, regulation of imports/exports, tightening of bank credit, etc. to check the rise in prices of necessities.

Labour-Management Disputes in Public Undertakings

1769. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the Prime Minister had recently addressed any circular letters to all the Central Ministries advising them to consult the Union Labour Ministry on all issues relating to labour-management disputes in the public undertakings in their respective spheres ; and

(b) The number of cases of such disputes in which the Central Ministries consulted and did not consult the Labour Ministry, separately during the last two years, year-wise ; and

(c) the steps contemplated to streamline the procedure ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) No Sir.

(b) and (c). The procedure for Inter-Ministerial consultations in such matters is generally adequate. Such consultations, which can be formal and recorded or otherwise, taking place whenever there is occasion and are a continuing process.

Import of Tractors during 1971-72

1770. SHRI JADEJA :
DR. LAXMINARAIN PAN-
DEY : .

Will the Minister of AGRICULTURE be pleased to state :

(a) the total number of tractors imported during the year 1969-70 and 1970-71 and the countries of their origin ;

(b) whether actual imports were short of the sanctioned imports ;

(c) if so, reasons therefor ; and

(d) the number of tractors proposed to be imported during the current year ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) During 1969-70 and 1970-71, the following tractors were shipped :—

Year	Name of country	No. of tractors shipped.
1969-70	U.S.S.R.	4,224
	Czechoslovakia	3,050
	Rumania	1,204
	G.D.R.	1,998
		10,476
1970-71	U.S.S.R.	3,000
	Czechoslovakia	5,402
	Poland	3,200
	Yugoslavia	650
	Rumania	1,586
	U.K.	1,050
		14,888

(b) and (c). The actual imports were short of sanctioned imports for many reasons. Important of these are :—

1. Inability of foreign suppliers to offer the required quantity of tractors.
2. Time taken in price negotiations with foreign suppliers.
3. Tests of tractors were going on at the Budni Station and imports could not be cleared pending release of test reports.
4. Suspension of imports of remaining quantity of RS—09 tractors.

(d) The programme for the import of tractors against the requirement of 1970-71 is under consideration of Government. Actual import of tractors during the financial year 1971-72 will depend on the programme to be approved and the number of tractors received against orders placed during the previous years.

Setting up of Tobacco Development Board for clearing Stocks of Tobacco in Andhra Pradesh

1771 SHRI M. RAM GOPAL REDDY :
SHRI A. K. GOPALAN :

Will the Minister of AGRICULTURE be pleased to state :—

(a) whether stocks of tobacco have accumulated in Andhra Pradesh ;

(b) whether there has been a demand by the tobacco growers that there should be a Tobacco Development Board to help in clearing the unsold buffer stocks of tobacco ; and

(c) if so, the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SINDE) : (a) The present unsold stock of tobacco in Andhra Pradesh is reported to be negligible.

(b) and (c). The Government of India have examined a proposal for setting up a Tobacco Board and have decided that the constitution of a Board is not necessary.

ग्रामीण क्षेत्रों का आर्थिक विकास

1772. श्री जगन्नाथराव जोशी : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या प्रयुक्त आर्थिक अनुसन्धान की राष्ट्रीय परिषद द्वारा आयोजित गोष्ठी में यह अनुभव किया गया था कि ग्रामीण क्षेत्रों में आर्थिक विकास की गति में तेजी लाने के लिए बाजारों की वर्तमान दो हजार की संख्या को बढ़ा कर चौदह हजार करने की अत्यन्त आवश्यकता है ; और

(ख) यदि हां, तो इस बारे में सरकार की क्या प्रतिक्रिया है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-साहेब पी० शिन्दे) : (क) राष्ट्रीय व्यावहारिक आर्थिक अनुसन्धान परिषद द्वारा अप्रैल, 1971 में बाजार नगरों तथा क्षेत्र विकास (मार्केट टाउन्स एण्ड काँसल डिवलेपमेंट) के सम्बन्ध में आयोजित विचार गोष्ठी के सन्दर्भ में तैयार किये गये एक पृष्ठभूमि कागजात में बताया गया था कि एक विपणन केन्द्र द्वारा 12 मील व्यास के क्षेत्र में समुचित रूप से सेवा की जा सकती है। 12500 से 14000 बाजार नगरों की आवश्यकता होगी, परन्तु इस कागजात में ही इन आंकड़ों को कोई विशेष महत्व नहीं दिया गया था।

पर्याप्त विचार विमर्श के उपरान्त, विचार गोष्ठी अपनी अन्तिम चर्चाओं में इस निर्णय पर पहुंची कि अन्तर्संबंधित बाजारों की सुव्यवस्थित शृंखला पहले से ही विद्यमान है। अतः नये बाजारों नगरों की स्थापना की अपेक्षा इन बाजारों को सशक्त बनाने पर अधिक बल दिया जाना चाहिए।

(ख) विचार गोष्ठी द्वारा नये बाजार नगरों की स्थापना का कोई सुझाव नहीं दिया गया है, अतः प्रश्न ही नहीं होता।

Setting up of an Agency for Exploration of Export Potential of Indian Fruits

1773. SHRI BALATHANDAYUTHAM :
SHRI P. GANGADEB :
SHRI S. A. MURUGANANTHAM:

Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government are going to set up a co-ordinated agency for carrying out research, development and to explore the export potential of Indian fruits ; and

(b) if so, the main features of the scheme ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Government have no such proposal under consideration.

(b) Does not arise.

ऋण का शीघ्र भुगतान करने हेतु सरकारी समितियों के लिए आदर्श कानून

1774. श्री रामावतार शास्त्री : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या विभिन्न राज्यों में सहकारी समितियों के सदस्यों को समय पर शीघ्र ऋण प्राप्त करने में कठिनाइयों का सामना करना पड़ता है ; और

(ख) यदि हां, तो क्या सरकार का विचार समस्त राज्यों के लिए कोई आदर्श कानून बनाने का है ?

कृषि मंत्रालय में उपमंत्री (श्री जगन्नाथ पहाड़िया) : (क) और (ख). भारत सरकार ने 1956 में एक समिति नियुक्त की, जिसने समग्र देश के लिए सामान्यतः उपयुक्त एक

सरल वैधानिक उपाय की सिफारिश करनी थी, जिससे कि इस आंदोलन की समन्वित प्रगति को सुकर बनाया जा सके। इस समिति ने एक आदर्श सहकारी समिति विधेयक, आदर्श सहकारी समिति नियमों और कुछ महत्वपूर्ण किस्मों की सहकारी समितियों के लिए आदर्श उप-विधियों के एक सेट के प्रारूप तैयार किए। इस समिति की रिपोर्ट राज्य सरकारों/केन्द्र शासित क्षेत्रों को आवश्यक कार्यवाही के लिए भेजी गई थी।

राष्ट्रीय विकास परिषद ने भी 1958 में हुई अपनी बैठक में सहकारी कानून तथा प्रक्रिया को सरल बनाने के प्रश्न पर विचार किया, ताकि सहकारी आंदोलन के ठोस तथा द्रुत विकास को सुकर बनाया जा सके। ये सुझाव राज्य सरकारों को वर्ष 1959 में आवश्यक कार्यवाही के लिए सूचित किए गए थे। भारत सरकार भी सहकारी विधान को आर्थिक विकास के लिए आमतौर पर और ग्रामीण विकास के लिए विशेष तौर पर कारगर माध्यम बनाने के प्रश्न पर बारंबार विचार करती रही है और राज्य सरकारों को अपने कानूनों में उपयुक्त संशोधन करने की सिफारिश करती रही है। भारत सरकार की कुछ सिफारिशों से ग्रामीण समाज के आर्थिक दृष्टि से पिछड़े वर्गों को सहकारी ऋण सुविधापूर्वक सुलभ करने की दिशा में स्पष्ट रूप से प्रभाव पड़ा है।

तथापि सहकारी विधान के एक आदर्श ढांचे के रूप में सहकारी विधि समिति की सिफारिशें और आदर्श विधि आज भी लागू है।

Crash Employment Programme in Orissa

1775. SHRI P. K. DEO : Will the Minister of AGRICULTURE be pleased to state :

(a) the District-wise break up of the crash programme for removal of rural unemployment in the State of Orissa ; and

(b) the number of persons who have been provided with employment by this programme ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) and (b). The Crash Scheme for Rural Employment provides for an allocation of Rs. 12.50 lakhs per district per annum during the remaining three years of the Fourth Plan (1971-72 to 1973-74). The Scheme envisages employment in every district to at least 1,000 persons for a period of about 10 months in a year at a wage not exceeding Rs. 100/—per month per head. The Orissa Government has recently submitted proposals for two districts under the scheme and these are being examined by the Central Government.

राजस्थान के ग्रामीण क्षेत्रों में बेरोजगारी की समस्या को हल करने के लिए द्रुत कार्यक्रम

1776. श्री शिवनाथ सिंह : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) राजस्थान में 15 मई, 1971 तक कितने बेरोजगार व्यक्तियों को, 1 अप्रैल, 1971 से चालू किये जाने वाले ग्रामीण क्षेत्रों में बेरोजगारी की समस्या को हल करने सम्बन्धी द्रुतगामी कार्यक्रम के अन्तर्गत, रोजगार पर लगाया गया ;

(ख) उन जिले/ब्लकों के नाम क्या हैं जहां इस कार्यक्रम को मई, 1971 तक आरम्भ नहीं किया ; और

(ग) इसके कारण क्या हैं ?

कृषि मंत्रालय में राज्य मंत्री (श्री शेर सिंह) : (क) से (ग) राजस्थान राज्य के 12 जिलों में ग्राम रोजगार की त्वरित योजना के अंतर्गत विभिन्न परियोजनायें शीघ्र ही कार्यान्वित की जाएंगी। राज्य सरकार से पहले कुछ प्रस्ताव प्राप्त हुए थे, परन्तु वे केन्द्रीय सरकार द्वारा जारी किए गए मार्गदर्शक सिद्धांतों के अनुसार नहीं थे। 4 जून को निम्नांकित 12 जिलों के बारे में पुनरीक्षित प्रस्ताव प्राप्त

हुए थे और 5 जून, 1971 को केन्द्रीय सरकार द्वारा उनके लिए मंजूरी दे दी गई थी :—

1. अजमेर
2. अलवर
3. भरतपुर
4. बूंदी
5. चित्तौड़गढ़
6. जलौर
7. जयपुर
8. कोटा
9. पाली
10. सीकर
11. टोंक
12. सिरोंही

शेष जिलों के बारे में प्रस्ताव अभी प्राप्त होने रहते हैं।

2. प्रत्येक जिले में लगभग 1,000 व्यक्तियों को रोजगार दिया जाना है।

Employees Provident Fund Claims in Tripura

1777. SHRI DASARATHA DEB : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the total number of Employees Provident Fund claims remaining to be settled upto 1970-71, in Tripura ;

(b) whether due to absence of a Regional Office at Agartala, it has become difficult for the workers and employees to take its help in getting their claims settled ;

(c) whether the Tripura Government has requested the Central Government to

start a separate Regional Office at Agartala ; and

(d) if so, the reaction of the Government in the matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : The administration of the Employees Provident Fund is the concern of the Central Board of Trustees set up under the Employees' Provident Funds and Family Pension Fund Act, 1952 and is not the direct concern of the Central Government. The Provident Fund authorities have reported as under :—

(a) As on 31-3-71, the total No. of claims which remained unsettled in respect of Tripura stood at 152.

(b) For settlement of claims, it is not necessary for any member to visit the Regional Office.

(c) Yes.

(d) The work load in respect of the accounts pertaining to Tripura does not justify opening of a separate office for Tripura.

Assistance for Bangla Desh Refugees

1778. SHRI S. C. SAMANTA :
SHRI TRIDIB CHAUDHURI :
SHRI C. K. CHANDRAPPAN :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the assistance and the form in which it has been made available by foreign countries for Refugees from Bangla Desh, country-wise ; and

(b) the assistance received from internal resources ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) A statement showing the details of assistance offered by various countries and International Organisations as

relief for refugees from East Bengal is laid on the Table of the House. [*Placed in Library. See No. LT—370/71*].

(b) Most of the assistance from internal resources has been received by the State Governments directly. Details are being collected and will be placed on the Table of the Sabha in due course.

Assistance from World Bank for Development of Ground Water Resources and Land Farm Mechanisation

1779. SHRI SUBODH HANSDA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether some of the States have submitted projects to the World Bank for development of ground water resources and land farm mechanisation ;

(b) if so, the names of these States ; and

(c) whether any amount has been sanctioned for some ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Yes, Sir.

(b) Gujarat, Punjab, Andhra Pradesh, Tamil Nadu, Haryana, Mysore and Maharashtra.

(c) Out of the seven States indicated above, the following five States have so far been sanctioned credit by the World Bank as indicating against them :—

States	Amount in dollars
1. Gujarat	35.00 million.
2. Punjab	27.50 million.
3. Andhra Pradesh	24.40 million.
4. Tamil Nadu	35.00 million.
5. Haryana	25.00 million.

In the remaining two States i.e. Mysore and Maharashtra, projects have been appraised by the World Bank and their reports are awaited.

Crop Security Loan System

1780. SHRI DINESH JOARDER : Will the Minister of AGRICULTURE be pleased to state :-

(a) whether Government propose introducing crop security loan system throughout India, instead of property security loan system, to help the sharecroppers and poor peasants ; and

(b) if so, when ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) and (b). The cooperative Credit Societies in the country, have, by and large, adopted the Crop Loan System, according to which Short Term loans are being advanced to cultivators based on production programmes and repaying capacity. The guidelines issued by the Reserve Bank of India for financing agriculture by commercial banks emphasise that Crop Loan System should be adopted instead of making these loans against mortgage security. Thus the policy is to provide Short Term agricultural credit on the basis of the Crop Loan System. The tenants and share croppers may, therefore, obtain short-term loans for production purposes on the basis of their production programme and repaying capacity.

Mobile Hospitals for Bangla Desh People

1781. SHRI M. M. JOSEPH : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether any mobile hospitals were sent to border areas for helping the Bangla Desh people ; and

(b) what other assistance was provided to the people of Bangla Desh from the Indian side ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) No mobile hospitals were sent for helping the "Bangla Desh people" in East Bengal. Mobile hospital facilities exist for only refugees from East Bengal in India.

(b) None. Relief facilities and medical care are extended by Government to refugees from East Bengal who have crossed over to the border States in India.

Shelter in Schools and Colleges Buildings to Evacuees from East Bengal

1782. SHRI SAMAR GUHA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether war evacuees from East Bengal have been housed in school and college buildings in the border areas of West Bengal, Assam and Tripura ;

(b) if so, the number of such educational institutions affected ;

(c) whether these educational institutions remained closed for giving shelters to war-evacuees ; and

(d) the steps taken by Government to reopen these educational institutions ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) to (d). Information is being collected from the border States and will be laid on the Table of the Sabha as soon as it is available.

Report of Protein Advisory Committee of Food and Agriculture Organisation

1784. SHRI P. GANGADEB :
SHRI NIHAR LASKAR :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government have seen the Report of the Protein Advisory Group of the Food and Agricultural Organisation in which it has been stated that more than 19 million children under the age of five in developing countries are in danger of death ;

(b) if so, the names of the affected countries ;

(c) whether it has also been stated in the Report that Algae could be successfully

substituted for milk in children's diet in India where large numbers of them received less than the necessary daily ration of milk ;

(d) if so, the other points suggested in regard to India ; and

(e) the steps being taken by Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) to (e). A copy of the report of the Protein Advisory Group, referred to in the question, has been called for and on receipt of the report, the information asked for will be laid on the Table of the Sabha.

Recommendations of Mission sent by United Nations' High Commission for Refugees about Refugees from East Bengal

1785. SHRI TRIDIB CHAUDHURI :
SHRI INDRAJIT GUPTA :
SHRI SAMAR GUHA :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the 3-man Mission under the leadership of Mr. Charles Mace, Deputy High Commissioner of the United Nations' High Commission for Refugees that came to India to assess the problem of refugees from East Bengal has submitted any report to the Secretary-General of the United Nations on its return ;

(b) the recommendations of the Charles Mace Mission in regard to relief to be provided to these refugees on short term as well as on long term basis ; and

(c) the action taken by India's Ambassador to the United Nations to ensure that the U.N.O. discusses and takes appropriate decisions on this Report so that the financial liability for providing relief and long term maintenance of these refugees are shared by the international community ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) Yes, Sir.

(b) The report is in the nature of providing a background to the situation regarding the East Bengal Refugees. It portrays the pathetic state of terror-stricken, miserably-clad and underfed refugees arriving from East Bengal, describes the arrangements made by the Government of India to provide relief to them and gives details of requirements given to the team by the Government of India for food-grains, shelter, medicines, transport etc. which were needed for a refugee population estimated at that time at 3 millions for a period of six months. The report is intended to enable foreign Governments to make assessments of the quantum of relief that they could provide in keeping them with the United Nations Secretary-General's appeal to all Nations and Private Organisations for emergency assistance.

(c) The Permanent Representative of India to the United Nations has been in touch with the Secretary-General of the United Nations. He also intervened in the meeting of the Economic and Social Council of the UN (ECOSOC) at its 50th Session held in New York from 26th April to the 21st May, 1971. Our Representative made three statements, two in the Social Committee of the Council on 12th and 17th of May, 1971, and third at the Plenary meeting on 21st May, 1971, wherein he dealt with broader aspect of East Bengal problem and also put forward concrete suggestions to solve the refugee problem.

Progress of Tubewell Project in Delhi

1736. SHRI A. N. CHAWLA :
SHRI SHASHI BHUSHAN :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether the attention of Government has been invited to a news item appearing in the 'Evening News' dated the 28th April, 1971 under the heading 'Tubewell Project makes no Headway' to the effect that the Development Department to Delhi Administration had drawn funds for tubewell projects under the Applied Nutrition Project sponsored by the United Nations International Children's Emergency fund, kept them with it and deposited them back in the Treasury without utilising them ;

(b) the reasons for which the amount was kept unutilised for a long period ;

(c) the persons held responsible for the negligence ; and

(d) when it is proposed to sink tubewells, their locations and the number of Tubewells proposed to be sunk ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) Dalhi Administration, who is aware of the news item referred to, has reported that the funds drawn from the Treasury on 31st March, 1970 are being used for construction of tubewells under the Applied

Nutrition Programme. It is not true that the funds have been deposited back without utilising them for the purpose for which they were drawn. It may be added that the Applied Nutrition Programme is sponsored by the Government of India and the UNICEF assists by supply of specified equipment and certain cash grants.

(b) and (c). Do not arise.

(d) It was proposed to sink 12 tubewells. Eight have since been completed. Work on two tubewells had to be given up as water could not be struck. Work on two other tubewells is in progress. Their locations are given below :

(i)	Government Higher Secondary School, Shinghu,	Alipur Block	Work has been completed in these tubewells.
(ii)	—do— Puthkhurd	„	
(iii)	—do— Tikari.	„	
(iv)	—do— Narela	„

(vi)	—do— Daulatpur,	„	
(vii)	—do— Jaunti,	Nangloi Block	
(viii)	—do— Mundka,	„	
(ix)	—do— Bankner,	Alipur Block	Work on these tubewells has been given up.
(x)	—do— Kanjhawala,	Nangloi Block	
(xi)	—do— Rithala,	Nangloi Block	
(xii)	—do— Ranikhera,	Nangloi Block	Work is in progress in these tubewells.

Auditing of Accounts of New Friends Cooperative House Building Society, New Delhi

1788. SHRI S. N. SINHA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether as required under Section 124 (1) of Bombay Cooperative Societies Act,

1925 as extended to the Union Territory of Delhi, the Registrar of Cooperative Societies or any person authorised by him audited the accounts of New Friends Cooperative House Building Society, New Delhi from year to year ; and

(b) whether the Chartered Accountant who audited the accounts of the Society for

the year ending June 1970 was appointed by the Registrar of Cooperative Societies ?

THE DEPUTY MINISTER IN THE MINISTRY OF AGRICULTURE (SHRI JAGANNATH PAHADIA) : (a) The statutory audit of the New Friends Cooperative House Building Society, New Delhi, has been conducted upto the year 1968-69 by the nominees of the Registrar of Cooperative Societies, Delhi

(b) The statutory audit for the year ending June 1970 has not yet been completed. The chartered accountant who is stated to have audited the accounts for this year was not appointed by the Registrar of Cooperative Societies.

Programme for Training Apprentices in Industrial Establishments

1789. SHRI SHYAMNANDAN MISHRA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether there has been a short-fall in the implementation of the programme for training apprentices in industrial establishments ; and

(b) the extent of the shortfall and the factors responsible for it such as the lack of facilities available for training ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) and (b). The number of apprentices actually in position at the end of 1970-71 was 46,438 as against the Fourth Plan target of 75,000. The progress could be better. Some of the factors which have impeded more brisk progress are : lack of adequate response on the part of some establishments and lack of training facilities in the case of the smaller establishments, lower rates of stipends and lack of hostel facilities.

C.B.I. Investigation in Andhra Fertilizer Transport Scandal

1790. SHRI JYOTIRMOY BOSU ;
SHRI B. N. REDDY :

Will the Minister of AGRICULTURE be pleased to state :

(a) the progress made in the investigation into the Andhra Fertilizer Transport Scandal by Central Bureau of Investigation ; and

(b) when the investigation is likely to be over ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) The matter is still under investigation by the C.B.I.

(b) According to the present indications given by the C.B.I. the inquiry is likely to take another five to six months.

Improvement of Agriculture Economy from a Subsistence Level

1791. SHRI P. VENKATASUBBAIAH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the present Fourth five-Year Plan will be revised to make it job-oriented and also transfer agricultural economy from the subsistence level to that of getting substantial incomes by the small farmers ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) and (b). Re-appraisal of the Fourth Five Year Plan is going on in the Planning Commission one of the objectives being to make it as much employment-oriented as possible. The question whether the existing special programmes, such as, those for small farmers, marginal farmers and agricultural labourers, require expansion or change is also being considered.

Research in Effectiveness of Insecticides and Pesticides

1792. SHRI P. VENKATASUBBAIAH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the insecticides and pesticides that are being used by the farmers in the country are losing their effect on the control of pests as the crops are becoming immune ; and

(b) whether any research is being made to remedy the situation ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) The problem of insecticides losing their effectiveness in the control of pests, which has already become quite serious in advanced countries, has just begun in India. The cases in which this phenomenon has been definitely recognised, being (a) the singhara beetle against BCG and DDT and tobacco caterpillar against BHC among the field pests and (b) the red flour beetle against malathion in the case of the pests of stored grains. The resistance in the case of the field pests has been so far localised but that of the stored product pest against malathion has been detected from several places.

(b) Yes, Sir. The research is being carried out in the Indian Agriculture Research Institute, New Delhi. It includes periodic determination of relative toxicity of various insecticides to each of the important pests ; studies on the development of insecticide resistance in insects and their cross resistance to other animals, and *ad hoc* solutions of the resistance problems as and when they are detected.

Application for Manufacture of Ferromanganese

1793. SHRI S. R. DAMANI : Will the Minister of STEEL AND MINES be pleased to state :

(a) the number of applications pending clearance on the 31st March, 1971 for the manufacture of ferromanganese ;

(b) the number of applications recommended by M.M.T.C. during the year ; and

(c) the places and the time by which the factories will come up ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (c). Only one formal application for the setting up of a new industrial undertaking for the manufacture of 45,000 tonnes of high carbon and low carbon ferromanganese by M/s. Universal Ferro & Phillip Bros.

(India) Ltd., Bombay, in Manecknagar, Tumsar (Maharashtra), is pending finalisation with Government as on 31-3-71. The time by which the unit is likely to come is not yet finally known as it will depend upon the timely finalisation of various other arrangements, such as, import of necessary capital equipment etc.

(b) Does not arise as MMTC are not required to make any recommendation in such cases.

Development of Horticulture Industry

1794. SHRI MUHAMMED SHERIFF : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government have chalked out any plan to develop horticulture industry in the country ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Yes, Sir.

(b) Statement is attached.

Statement

Development of horticulture industry in the Fourth Plan lays emphasis on (i) increasing general production for supplying certain minimum needs of the people ; and (ii) to increase production with a view to achieving sizeable export of fresh fruits and fruit products so as to earn a significant amount of foreign exchange. To achieve these objectives the following programmes are being developed :

(A) State Sector Programmes

(1) For raising new orchards long term loans at the rate of Rs. 1,500 Per acre for apples ; Rs. 1,000 per acre for other hilly fruits ; Rs. 3,000 per acre for grapes ; Rs. 500 per acre for other fruits, and Rs. 1,000 per acre for banana and pine-apple are being recommended.

(2) Emphasis on setting up of new progeny orchards-cum-nurseries.

(3) Intensification of training of gardeners.

(4) Rejuvenation of existing orchards through intensive cultivation.

(5) Emphasis on intensive cultivation of vegetables in big and industrial cities and promotion of kitchen gardening.

(B) Centrally Sponsored Schemes

Two Centrally Sponsored Schemes for organising production and exports of fruits (banana, mango and pine-apple) and white onion for dehydration are under consideration.

बिहार द्वारा देहातों में बेरोजगारी दूर करने सम्बन्धी कार्यक्रम के लिये वित्तीय सहायता की मांगें

1795. श्री रामावतार शास्त्री : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार के देहातों में बेरोजगारी दूर करने के द्रुत कार्यक्रम के लिए 1.75 करोड़ रुपये की राशि दी गई है ;

(ख) यदि हां, तो क्या बिहार सरकार ने इस योजना के लिए 5 करोड़ रुपये की राशि मांगी थी ; और

(ग) यदि हां, तो इस सम्बन्ध में केन्द्रीय सरकार की प्रतिक्रिया क्या है ?

कृषि मंत्रालय में राज्य मंत्री (श्री शेर सिंह) : (क) से (ग). ग्राम रोजगार की त्वरित योजना के अंतर्गत बिहार सरकार को 1971-72 के लिए 2,250 लाख रुपए की धनराशि राज्य के सत्रह जिलों के लिए मंजूर की गई है। यह धनराशि इस योजना के अंतर्गत 12.50 लाख रुपया प्रति जिला प्रति वर्ष के मानक प्रावधान पर आधारित है। राज्य सरकार ने 4 करोड़ रुपये देने के लिए अनुरोध किया था। केन्द्रीय सरकार राज्य के अनुरोध की जांच कर रही है।

Central Assistance for Haryana and Kerala under Crash Programme for Rural Employment

1796. SHRI TEJA SINGH SWATANTRA : Will the Minister of AGRICULTURE be pleased to state :

(a) the allocation of funds made to different States under the crash programme for removal of rural unemployment ;

(b) whether some States like Kerala and Haryana have complained that the funds allotted to them for the programme are not sufficient to meet their needs ;

(c) if so, whether these States will be provided with additional funds ; and

(d) the actual progress made in different States in this respect ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) to (c). Allocations to the State Government and Union Territories under the Crash Programme for Rural Employment are made at the rate of Rs. 12.50 lakhs per district per annum. Some of the State Governments, including Kerala and Haryana, have suggested that allocations be made with reference to the number of blocks in the districts or in rural proportion to the population in the districts rather than on the basis of Rs. 12.50 lakhs per district. This suggestion is under consideration of the Government.

(d) Proposals received from the State Governments of Bihar, Gujarat, Himachal Pradesh, Kerala, Madhya Pradesh, Punjab, Tamil Nadu, West Bengal and Rajasthan and the Union Territories of Andaman and Nicobar Islands, Goa, Daman and Diu, Manipur, Pondicherry, Tripura, Chandigarh and Laccadive, Minicoy and Amindivi Islands have already been sanctioned and necessary funds placed with the State Governments and Union Territories. Proposals received from the Governments of Andhra Pradesh, Haryana, Jammu & Kashmir, Maharashtra, Meghalaya, Mysore, Orissa and Uttar Pradesh and the Union Territory of NEFA are under examination and would be sanctioned soon.

Supply of Tank Armour Plates by HSL to Ministry of Defence

1798. SHRI MUKHTIAR SINGH MALIK :
SHRI S.M. KRISHNA ;

Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the Hindustan Steel Ltd have failed to supply tank armour plates order placed by the Ministry of Defence ;

(b) if so, the reasons therefor ; and

(c) the Government's reaction thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAH NAWAZ KHAN) : (a) to (c). As the matter pertains to Defence requirements, it will not be in the public interest to disclose details.

Employees Provident Fund Dues with Employers

1799. SHRI S.A. MURUGANANTHAM : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether a large number of industries have failed to pay their contribution to the Provident Funds of the employees ;

(b) if so, what is the outstanding arrears from the employers at present ;

(c) the names of the first ten companies who top the list of defaulters and the amount due from each of them ; and

(d) the steps taken to realise the arrears ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : The administration of Employee's Provident Fund is the concern of the Central Board of Trustees set up under the employee's Provident Funds and Family Pension Fund Act, 1952 and is not the direct concern of the Central Government. The Provident Funds authorities have reported as under :—

(a) and (b). As on the 31st December, 1970 a sum of about Rs. 1576 lakhs was due from the employers of defaulting unexempted establishments on account of the employers' shares of provident fund contribution as well as arrears of precoverage accumulation and those on account of cancellation of exemption.

(c) The names of the first ten unexempted defaulting establishments which were at the top of the list of defaulters together with the amount due from them as on the 31st December, 1970 is given below :—

Name of the Establishment	Approximate amount in default (in lakhs of Rs.)
1. India United Group of mills, Bombay.	262.22
2. Indore Malwa United Mills Ltd., Indore.	61.10
3. New Victoria Mills Co. Ltd., Kanpur.	37.64
4. Swadeshi Cotton & Flour Mills Ltd., Indore.	34.09
5. Hira Mills Ltd., Ujjain	31.87
6. Sholapur Spg. & Wvg. Mills Ltd., Sholapur.	30.83
7. Laxmi Ratan Cotton Milla Co. Ltd, Kanpur.	27.95
8. Model Mills Nagpur Ltd., Nagpur.	24.52
9. Atherton West & Co. Ltd., Kanpur.	21.58
10. Somasundaram Mills (P) Ltd., Coimbatore.	18.27

(d) Legal action by way of prosecution/recovery proceedings has been initiated against most of the defaulting unexempted establishments. Criminal cases for breach of trust have also been initiated against certain defaulting employers. Certain establishments have entered into agreements for paying arrears along with current dues according to the Schemes of payment settled with the State Governments/ Employees' Provident Fund Organisation.

Jobs for Persons Affected by Ban on Sale of Khoya

1800. SHRI B. K. DASCHOWDHURY : Will the Minister of AGRICULTURE be pleased to state :

(a) the remedy Government have suggested to provide jobs to the persons being rendered jobless every summer due to imposing ban on the sale of khoya and 'khoya' products ; and

(b) the total number of persons who become jobless due to this ban in the Union Territory of Delhi ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) Government have not suggested any remedy. Since, as far as Government are aware persons engaged in connection with sale of Khoya and Khoya products do not deal with these items exclusively but with other sweets and kindred articles which provide them employment during the short period the ban is in force.

(b) This information is not available.

Quarters for Mine Workers

1801. SHRI JAGADISH BHATTACHARYA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether a number of workers in the Gua and Baragamda Iron Ore and Managanese Ore Mines have not been provided with quarters with water and electricity facilities ;

(b) if so, the names of the mines which have not provided quarters to the workers ;

(c) the total number of workers to be provided with housing facilities ; and

(d) the steps proposed to be taken by Government in this matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) to (d). Houses are provided to workers in mines by the mine managements. So far as the Iron Ore mines are concerned, a Statutory Welfare Fund has been set up to supplement the efforts of mine managements in the matter of housing and other facilities. No such Statutory Welfare Fund has been set up for managanese mine workers. As such information is not available with the Government in respect of managanese workers.

A statement showing the housing position of mine workers in Gua and Baragamda Iron ore mines is laid on the Table of the House [*Placed in Library. See No. LT—371/71*]. The total number of iron ore mine workers who are yet to be provided with houses is 2384.

Efforts are being made to get additional houses constructed with the resources available from the Iron Ore Mines Cess Welfare Fund. Housing Schemes are accorded high priority for implementation. A Committee was also set up in 1969 to recommend *inter alia* housing schemes for iron ore miners. The recommendations of the Committee in respect of two Housing Schemes have been accepted and they are being adopted for implementation.

Misappropriation of Provident Fund Contribution in M/s. Somosundaram Mills Private Limited, Coimbatore

1802. SHRI DASARATHA DEB : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the attention of Government has been drawn to the misappropriation Rs. 19 lakhs of Provident Fund contributions of workers of M/s. Somasundaram

Mills Pvt. Ltd., Coimbatore, Tamil Nadu ;

(b) whether any action has been taken by Government against the management to collect the Provident Fund arrears ;

(c) if so, what ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : The administration of the Employees' Provident Fund is the concern of the Central Board of Trustees set up under the Employees' Provident Funds and Family Pension Fund Act, 1952 and is not the direct concern of the Central Government. The Provident Fund authorities have reported as under :—

(a) to (c). As on 28-2-1971, M/s. Somasundaram Mills (Private) Ltd., Coimbatore, Tamil Nadu were in default of about Rs. 18.37 lakhs of both shares of provident fund contributions. In July, 1970, the State Government had allowed several defaulting textile mills, including this establishment, to clear the arrears of provident fund dues by instalments. But the establishment did not comply with the instalmental Scheme. Accordingly, Revenue recovery certificates have been issued for the entire amount. Prosecution cases under Section 14 of the Employees' Provident Funds and Family Pension Fund Act are under progress. Action under Section 406/409 of Indian Penal Code has also been initiated. The State Government and the District Collector have also been approached for recovery of the dues.

Adjustment of Sugar-cane Price

1803. SHRI D. K. PANDA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether minimum price of sugar-cane for the last year is adjusted on the basis of an index of prices of competing crops so as to preserve the parity between the price of sugar-cane, on the one hand, and the price of competing crops on the other ;

(b) whether Government are inclined to follow the above principle as one of the

basis for fixation of minimum price of sugar-cane ; and

(c) if so, the steps taken by Government in this direction ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) The minimum price of sugar-cane is fixed having regard to the factors laid down in clause 3 of the Sugar-cane (Control) Order, 1966. These are :

- (a) the cost of production of sugar-cane ;
- (b) the return to the grower from alternative crops and the general trend of prices of agricultural commodities ;
- (c) the availability of sugar to the consumer at a fair price ;
- (d) the price at which sugar produced from sugarcane is sold by producers of sugar ; and
- (e) the recovery of sugar from sugarcane ;

(b) and (c). The return to the growers from alternative crops and the general trend of prices of agricultural commodities is already one of the principles which is taken into account for the purpose of fixation of cane price.

Inquiry Committee on Sugar Industry

1804. SHRI D. K. PANDA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether an Inquiry Committee set up by Government on Sugar Industry has made any arrangement for taking or consulting representatives of Cane Growers Associations and Workers' Unions either Industry-wise or State-wise ;

(b) whether Government have issued any directions to the Committee in this regard ;

(c) if not, the arrangements made for assessing the real requirements of each

industry as proclaimed by Government ; and

(d) the time fixed for completion of the work of the Inquiry Committee ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) to (c). The Sugar Industry Inquiry Commission already has on it members representing the interests of sugar-cane growers and sugar factory workers. Government have also prescribed its terms of reference. The Commission will during the course of its deliberations and before making its recommendations, consult all interests it considers necessary, including representatives of sugarcane growers and sugar factory workers.

(d) As per the terms of appointment of the Commission on the 28th September, 1970, the Commission are required to submit their report to the Government by the 31st August, 1971. But, they have asked for extension of time by one year and the matter is under consideration.

Implementation of Wage Board Awards in Manganese Mines of Baragemda and Gua Area of Bihar

1805. SHRI SOMNATH CHATTERJEE : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether attention of the Government has been drawn to the non-implementation of the Wage Board awards in the iron ore and manganese mines of Baragemda and Gua area of Bihar ;

(b) if so, the reasons for non-implementation of the awards ; and

(c) the steps taken by Government to implement the award in these mines ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) Out of 16 Iron Ore Mines, 4 are reported to have implemented the recommendations of the Wage Board partially ; the remaining 12 have not implemented the recommendations. No Wage Board was set up for manganese mines.

(b) and (c). The recommendations are not enforceable statutorily and implementation has to be secured mainly through persuasion and advice. Necessary efforts in this regard are continued to be made.

Report by the Committee on Water Supply in Collieries

1806. SHRI DINESH JOARDER : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether any Committee was set up at the 10th Session of Industrial Committee on Coal Mining held at Dhanbad on 30th January, 1967 on the problem of water supply in the collieries ;

(b) if so, whether the Committee has submitted its report ;

(c) their main recommendations ; and

(d) the action taken thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) to (d). A three man Sub-Committee set up in pursuance of the decision of the Industrial Committee on Coal Mining (30th January, 1967) made certain recommendations for expediting implementation of water supply schemes and payment to the colliery managements under the Subsidy Scheme of the Coal Mines Labour Welfare Fund. These recommendations and action taken thereon are indicated in the Statement laid on the Table of the House. [*Placed in Library. See No. LT—372/71*].

Introduction of Concept of Water Management in Agriculture

1807. SHRI P. GANGADEB :
SHRI NIHAR LASKAR :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Director-General of Indian Council of Agricultural Research has urged upon the agricultural scientists to introduce the concept of water management into agriculture so that huge acreage of land,

was saved from the acute problem of soil salinity every year ;

(b) if so, whether he has also urged that effective use, of the country's water resources for increasing agricultural production through multiple cropping should be made ; and

(c) if so, the reaction of the Union Government ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Yes, Sir.

The Indian Council of Agricultural Research emphasizes the concept of scientific water management for increasing agricultural production which also saves large areas of irrigated land from becoming saline.

(b) Yes.

The multiple cropping and scientific use of water resources are advocated for increasing agricultural production.

(c) The Union Government have already taken up multiple cropping programme and water management pilot projects for increasing agricultural production.

शहरी क्षेत्रों में रोजगार की व्यवस्था करने के लिए द्रुत कार्यक्रम

1808. श्री नरेन्द्र सिंह बिष्ट : क्या भ्रम और पुनर्वास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने शहरों में रहने वाले लोगों के लिए रोजगार की व्यवस्था करने के लिए कोई द्रुत कार्यक्रम बनाया है अथवा क्या सरकार का विचार उनको अपना कारोबार आरम्भ करने के लिए कुछ विशेष वित्तीय अथवा अन्य सहायता देने का है ; और

(ख) यदि हाँ, तो उसकी मुख्य बातें क्या

भ्रम और पुनर्वास मंत्रालय में उप-मंत्री (श्री बालगोविंद वर्मा) : (क) और (ख). शहरी इलाके के लिए इस नाम का कोई कार्यक्रम सरकार ने नहीं तैयार किया है। फिर भी चौथी पंचवर्षीय योजना में, कृषि, उद्यान, परिवहन, संचार, सिंचाई व बिजली और शिक्षा, प्रशिक्षण, स्वास्थ्य और परिवार नियोजन के क्षेत्र में हो रहे विभिन्न विकास कार्यक्रमों के कारण बेरोजगार लोगों (जिनमें शहरी इलाके के लोग भी शामिल हैं) के लिए ज्यादा से ज्यादा नियुक्ति अवसर जुटाने के सतत् प्रयत्न किए जा रहे हैं।

इन्जीनियरी के ग्रेजुएटों डिप्लोमा प्राप्त लोगों को स्वनियोजन की सुविधा दिलाने के लिए एक योजना उद्यमी इन्जीनियरों की सहायता व प्रशिक्षण शीर्षक से चल रही है। योजना का उद्देश्य इस श्रेणी के बेरोजगार लोगों का उद्योग संचालक के रूप में विकास करने के लिए उपयोगी प्रशिक्षण पाठ्यक्रम तैयार करना है। चौथी पंचवर्षीय योजना में इस हेतु 3 करोड़ रु० (एक करोड़ प्रशिक्षण कार्यक्रम चलाने के लिए और दो करोड़ उद्योग स्थापना के लिए वित्तीय सहायता देने के लिए) की व्यवस्था की गई है। इसके अलावा स्टेट बैंक आफ इंडिया और राष्ट्रीयकृत बैंकों की ऋण नीति में भी सुधार किया जा रहा है ताकि उन लोगों को जो अपना निजी उद्योग स्वयं स्थापित करना चाहते हैं बहुत आसानी से ऋण मिल सके।

सन् 1971-72 के बजट में 25 करोड़ रुपये की व्यवस्था की गई है जिसका उपयोग शिक्षित बेरोजगारों को राहत देने हेतु बनी योजनाओं के परिचालन में किया जायगा। इसका लाभ कस्बों और शहरों में रहने वाले शिक्षित बेरोजगार लोगों को भी मिलेगा।

Export of Steel

1809. SHRI P. GANGADEB :
SHRI NIHAR LASKAR :

Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Government have decided not to allow any export of steel during the current year ; and

(b) if so, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). No, Sir. The Government is following a regulatory policy in respect of exports so that a proper balance is achieved between the need to satisfy indigenous demand and that to promote export to the maximum extent possible.

Formation of Billet Re-Rollers Committee

1810. SHRI P. GANGADEB : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Government have decided to form a Billet Re-rollers Committee ; and

(b) if so, its functions ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) Yes, Sir.

(b) A copy each of the relevant Notifications is placed on the Table of the House. [Placed in Library. See No. LT-373/71].

मध्य प्रदेश में ग्वालियर में ढोरों की मुख तथा खुर की बीमारियों के लिए टीकों का उत्पादन करने हेतु संस्थान की स्थापना

1811. श्री हुसम खन्द कछवाय : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश में ढोरों को सामान्यता मुख तथा खुर की बीमारियां हो जाती हैं

जिनके परिणामस्वरूप वहां प्रतिवर्ष बहुत बड़ी संख्या में ढोर मर जाते हैं।

(ख) क्या इन बीमारियों के लिए टीकों का उत्पादन इस समय बहुत ही सीमित मात्रा में इन्डियन वैटरीनरी रिसर्च इंस्टीट्यूट, इज्जतनगर में किया जा रहा है ;

(ग) क्या इन टीकों का उत्पादन करने के लिए मध्य प्रदेश के ग्वालियर प्रभाग के किसी भी जिले में एक संस्थान स्थापित करने का सरकार का प्रस्ताव है ; और

(घ) यदि हां, तो कब तक और यदि नहीं, तो इसके क्या कारण हैं ?

कृषि मंत्रालय में राज्य मंत्री(श्री शेर सिंह) :

(क) पशु-चिकित्सा सेवा निदेशालय, मध्य प्रदेश द्वारा भेजी गई रिपोर्ट के अनुसार वर्ष 1970 के दौरान उनके राज्य में खुर तथा मुंह पके रोग से 13059 गायें तथा भैंस पीड़ित थीं, जिनमें से 13 की मृत्यु की सूचना मिली थी।

(ख) जी हां, फिर भी, भारतीय पशु-चिकित्सा अनुसंधान संस्थान की खुर तथा मुंह पके रोग विरोधी टीके के निर्माण करने की उत्पादन क्षमता को हाल ही में बढ़ाया गया है।

(ग) राज्य सरकार के सम्मुख इस प्रकार का कोई प्रस्ताव नहीं है।

(घ) खुर तथा मुंह पके रोगों के लिए प्रयोग होने वाले टीके के उत्पादन के लिए अत्यन्त ही आधुनिकतम तकनीकों, उपकरणों, रसायनों तथा कांच के सामान की आवश्यकता होती है जोकि देश में उपलब्ध नहीं होते हैं। हाल ही में यह निर्णय किया गया है कि इसके उत्पादन को अधिक बढ़ाने के लिए बंगलौर में एक उत्पादन केन्द्र स्थापित करने के लिए डेनिश सहायता का लाभ उठाया जाए। अन्य केन्द्रों की स्थापना के प्रश्न पर इस केन्द्र के संचालन के अनुभव प्राप्त करने के बाद ही विचार किया जा सकता है।

**दुग्ध सप्लाई योजना हेतु मध्य प्रदेश
को अनुदान**

1812. श्री हुकुम चन्द कछवाय : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) 1968-69, 1969-70 और 1970-71 के वित्तीय वर्षों में मध्य प्रदेश में दुग्ध सप्लाई योजनाओं हेतु केन्द्रीय सरकार द्वारा राज्य सरकार को कुल कितना अनुदान दिया गया और कितना दुग्ध-पाउडर दिया गया है ; और

(ख) वित्त वर्ष 1971-72 में राज्य सरकार को कितना अनुदान और दुग्ध पाउडर दिया जायेगा ।

कृषि मंत्रालय में राज्य मंत्री (श्री शेर सिंह) :

(क) भोपाल नगर में दुग्ध कमी के मौसम के दौरान जब दुग्ध उत्पादन में साधारणतः कमी हो जाती है, उस दुग्ध वितरण की कमी को पूरा करने के लिए मध्य प्रदेश को दुग्ध चूर्ण उपलब्ध किया गया । मध्य प्रदेश को दिए गये दुग्ध चूर्ण की मात्रा नीचे दी गयी है :—

1968-69	52.013 मीटर टन	(यह अनुदान था, क्योंकि यह विश्व खाद्य कार्यक्रम से सहायता के रूप में मिला था)
1969-70	28.00 ,,	(13 मीटर टन विश्व खाद्य कार्यक्रम सप्लाई का अनुदान और अनुदान के रूप में दिया गया और 15 मीटरी टन वाणिज्यिक आयात से)
1970-71	65.000 मीटरी टन	(वाणिज्यिक आयात)

(ख) 150 मीटरी टन के आवंटन को अन्तिम रूप दे दिया गया है और इसमें से, अप्रैल-जून की जरूरतों को पूरा करने के लिए 100 मीटरी टन का नियतन कर दिया गया है । राज्य सरकार ने अब अपनी मांग को 100 मीटरी टन से कम करके 70 मीटरी टन करने का अनुरोध किया है ।

**छोटे किसानों के लिए विकास योजनाओं हेतु
मध्य प्रदेश को अनुदान**

1813. श्री हुकुम चन्द कछवाय : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश के 75 प्रतिशत किसानों के पास 10 एकड़ से भी कम भूमि है ;

(ख) क्या उस राज्य में उक्त किसानों की संख्या को देखते हुए राज्य सरकार ने उस राज्य

के लिए कम से कम पांच विकास योजनायें स्वीकृत करने हेतु केन्द्रीय सरकार से अनुरोध किया है ;

(ग) क्या राज्य सरकार ने मुरैना, टीकमगढ़ और छत्तरपुर जिलों में इन योजनाओं के कार्यान्वयन के लिए अनुदानों की मांग की है ; और

(घ) यदि हां, तो राज्य सरकार ने कितने अनुदान की मांग की है और केन्द्रीय सरकार ने इस बारे में क्या कार्यवाही की है ?

कृषि मन्त्रालय में उपमन्त्री (श्री जगन्नाथ पहाड़िया) : (क) मध्य प्रदेश में 74.4 प्रतिशत छोटे कृषकों की जोनें 10 एकड़ या उनसे कम हैं ;

(ख) तथा (ग). राज्य सरकार ने अपने राज्य में लघु कृषकों की विशाल संख्या को

देखते हुए राज्य में लघु कृषक विकास एजेन्सी परियोजनायें चलाने का आशय प्रकट किया था। किन्तु योजना के मार्गदर्शी स्वरूप तथा इस प्रयोग का परीक्षण देश के विभिन्न भागों में करने की बांछनीयता को देखते हुए और प्रशासनिक व्यवस्था तथा योजना की सुनिश्चित सफलता से सम्बन्धित अन्य घटकों को दृष्टि में रखते हुये, मध्य प्रदेश सरकार को अन्य अधिकांश राज्यों के समान आधारों पर ही तीन लघु कृषक विकास एजेन्सी परियोजनायें आवंटित करने का निश्चय किया गया था। छिदवारा तथा रतलाम उज्जैन की परियोजनाओं की संस्वीकृति के उपरान्त, विलासपुर की परियोजना राज्य सरकार के प्रतिनिधियों द्वारा बतायी गई प्राथमिकता के आधार पर स्वीकार की गई थी। भारत सरकार को टीकमगढ़—छत्तरपुर जिलों में कोई परियोजना रिपोर्ट नहीं प्राप्त हुई है।

(घ) चतुर्थ पंच वर्षीय योजना की अवधि में प्रत्येक लघु कृषक विकास एजेन्सी परियोजना का परिव्यय 1.5 करोड़ रुपये (औसतन) होगा। इस आधार पर मध्य प्रदेश की तीनों परियोजनायें कुल 4.5 करोड़ रुपये के नियतन की अधिकारी होंगी, बशर्ते कि परियोजनाओं की प्रगति अनुमोदित कार्यक्रम के अनुरूप हो।

यहां यह भी स्पष्ट कर दिया जाये कि लघु कृषक विकास एजेन्सियों परियोजनाओं के साथ-साथ, दुर्ग तथा सिंहौर जिलों के लिए सीमान्त कृषकों (जिनकी जोतें 2.5 एकड़ से कम है) और कृषि श्रमिक के लिए एक-एक करोड़ रुपये के परिव्यय की दो परियोजनायें भी राज्य में कार्यान्वित की जा रही हैं।

उत्तर प्रदेश के देहातों में रोजगार की व्यवस्था करने की योजना

1814. श्री हुकुम चन्द कछवाय :

श्री ओंकार लाल बैरवा :

क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या केन्द्रीय सरकार को उत्तर

प्रदेश सरकार से ग्रामीण क्षेत्रों में रोजगार की व्यवस्था करने सम्बन्धी योजना मिली है ;

(ख) इस योजना को क्रियान्वित करने के लिये राज्य सरकार ने कितनी वित्तीय सहायता मांगी है ; और

(ग) इस योजना के अन्तर्गत कितने व्यक्तियों के लिये रोजगार की व्यवस्था की जायेगी ?

कृषि मन्त्रालय में राज्य मंत्री (श्री शेर सिंह) : (क) जी हां।

(ख) राज्य सरकार ने राज्य के 54 जिलों के लिए लगभग 675 लाख रु० के प्रस्ताव भेजे हैं।

(ग) इस योजना में प्रत्येक जिले में कम से कम 1,000 व्यक्तियों को वर्ष भर में लगभग 10 महीनों के लिये अधिक से अधिक 100 रु० प्रतिमास प्रति व्यक्ति तक की मजदूरी पर रोजगार देने की परिकल्पना की गई है।

देहातों में रोजगार की व्यवस्था करने के लिए मध्य प्रदेश की योजना

1815. श्री हुकुम चन्द कछवाय :

श्री ओंकार लाल बैरवा :

क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश सरकार ने राज्य के देहाती क्षेत्रों में रोजगार के अवसर पैदा करने के लिए केन्द्रीय सरकार को कोई योजना बताई है ;

(ख) इस योजना के अनुसार कितने जिलों में रोजगार के अवसर पैदा किये जायेंगे और राज्य के प्रत्येक जिले में ऐसे कितने अवसर पैदा किये जायेंगे और आरम्भ में कितने व्यक्तियों के लिए रोजगार की व्यवस्था की जायेगी ; और

(ग) उपर्युक्त योजना को क्रियान्वित करने के लिए वित्तीय वर्ष 1970 में राज्य सरकार को कितनी राशि दी गई थी और वर्ष

1971-72 के लिये कितनी राशि की मांग की गई है ?

कृषि मंत्रालय में राज्य मंत्री (श्री शेर सिंह) : (क) जी हां। ग्राम रोजगार की त्वरित योजना के अन्तर्गत अब तक मध्य प्रदेश के उन चालीस जिलों के लिए प्रस्ताव प्राप्त हो चुके हैं। सोलह जिलों के प्रस्तावों को मंजूर किया जा चुका है।

(ख) इस योजना को राज्य के समस्त 43 जिलों में लागू करने का प्रस्ताव है। प्रत्येक जिले में कम से कम 1000 व्यक्तियों को ज्यादा से ज्यादा 100 रु० प्रतिमास प्रति व्यक्ति तक की मजदूरी पर वर्ष भर में लगभग 10 महीनों की अवधि के लिये रोजगार सुलभ किया जायगा।

(ग) यह योजना पहली अप्रैल, 1971 से केन्द्रीय क्षेत्र की योजना के रूप में चालू की गई है और 1970-71 में कोई धनराशि नहीं दी गई थी। 1971-72 में मध्य प्रदेश सरकार को इसके 43 जिलों के लिए 12.50 लाख रु० प्रति जिला प्रतिवर्ष की दर से कुल 537.50 लाख रु० की धनराशि दिए जाने की सम्भावना है।

Committee on Rehabilitation of Disabled Miners

1816. SHRI ROBIN SEN :
SHRI B. N. REDDY :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government have set up any Committee under the Chairmanship of Director-General of Mines Safety to go into the problem of disabled Miners and their rehabilitation ;

(b) whether the Committee has submitted its report ; and

(c) if so, the broad recommendations of the report and the action taken thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) Yes, Sir,

(b) Not yet.

(c) Does not arise.

Expert Committee on Working Hours for Mine Workers

1817. SHRI ROBIN SEN :
DR. SARDISH ROY :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government have set up an Expert Committee to go into the question of working hours for Mine workers ;

(b) if so, the main recommendations of the Expert Committee ; and

(c) if no report has been submitted the reason for the delay and when it is going to be submitted ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) A Committee has been set up to carry out investigations into the occurrence of fatigue amongst mine workers. On the basis of its investigations, the Committee is to make such recommendations as may be appropriate, including recommendations as to working hours.

(b) The Committee has not yet submitted its report.

(c) Investigations are yet to be completed in a number of mines. The report may be submitted in 1973.

Dispersal of Refugees from East Bengal

1818. SHRI P. VENKATASUBRAH :
SHRI H. N. MUKERJEE :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether at the recent conference of the Chief Ministers of West Bengal, Bihar, Assam and Meghalaya, it was decided to send the refugees from East Bengal to different States ; and

(b) if so, whether steps are being taken to send the refugees to different States ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) No, Sir,

(b) It has since been decided by the Government to shift 50,000 refugees from West Bengal to the Central Camp at Mana in Madhya Pradesh.

Boosting up of Production of Commercial Crops in Dry-Farming Areas

1819. SHRI P. VENKATASUBBAIAH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government are aware that the production of commercial crops under dry farming has gone down considerably with the result that there is scarcity of these commodities in the country ; and

(b) whether any incentives are proposed to the dry farming areas in order to boost up production of commercial crops in the country ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a). No separate figures of production of commercial crops in dry farming areas are available. The production of these crops, like cotton and oilseeds is mainly concentrated in rainfed areas. As such the production of these crops has been showing wide fluctuations, from year to year, due to vagaries of weather.

(b) There is no proposal to provide incentives to boost up production of commercial crops in dry farming areas. The State Governments, however, provide various incentives for the development of commercial crops through their plans. A Centrally Sponsored Scheme under Dryland Agricultural Development has been sanctioned, in which 24 pilot projects have been started as Demonstration-cum-Training projects. The crop rotations to be followed in these projects, commercial crops will come in. Loans and subsidies have been provided to the participating farmers for inputs, permanent works and other infrastructural activities.

Shifting of Head Office of National Mineral Development Corporation Ltd.

1820. SHRI C. D. GAUTAM : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Government have decided to shift the Head Office of the National Mineral Development Corporation Ltd ; and

(b) if so, the place and the date by which it will be shifted ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) No Sir. The matter is still under consideration.

(b) Does not arise.

Working of Stateowned Agricultural Farms

1821. SHRI S. R. DAMANI : Will the Minister of AGRICULTURE be pleased to state :

(a) the working result of the State-owned Agriculture Farms during 1970-71 and how they compare with the figures of the two previous years ;

(b) the average yield per acre and the cost of production and how they compare with the achievements of the progressive farmers around the area ; and

(c) the new innovations, if any, made in the farming techniques in order to make them model farms for larger outputs and economic working ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) The working results for the year 1970-71 are not yet available as the financial year of the State Farms Corporation of India which controls the Central State Mechanised Farms, corresponds to the agricultural year which closes on the 30th June, 1971. Consequently the working results of the Central State Farms for the years 1967-68, 1968-69 and 1969-70 are given in statement 'A' The total profit for

all the farms during the year 1969-70 was Rs. 33.81 lakhs.

(b) Material is being collected and will be placed on the Table of the Sabha.

(c) The Central State Farms are not strictly intended to be model farms for private farmers though a very large number of farmers visit these every year. It is, due to the vast area of the farms which ranges from 6,000 acres to nearly 30,000 acres. The broad objectives of the Central State Farms are to produce quality seed, to make a con-

tribution to mechanisation of agriculture in the country by demonstrating the use of the modern machines and to do land leveling and land development work on commercial terms for the benefit of private farmers. These objectives are, by and large, being fulfilled. The functions of the Central State Farms are not the same as of agricultural research institutions though there is a close liaison between the two and the Central State Farms are quick to introduce any improved agricultural and agronomical practices suggested by the research institutions not only for their own benefit but also for the benefit of the farmers in the neighbourhood.

Statement 'A'

Working Results of Central State Farms

Study into working of Durgapur Steel Plant

1822. SHRI S. R. DAMANI : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether a complete study has been ordered to identify the technical drawbacks in the Durgapur Steel Plant ;

(b) if so, its findings ;

(c) whether Government have enquired into the allegation that management was holding back production and directly indulged in stoppages ; and

(d) the specific cases on which the allegation is based and the steps taken to correct the situation ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). No study has been ordered recently. In September, 1966, a one-man Committee consisting of Shri G. Pande, then Vice-Chancellor of Roorkee University, was appointed to identify and assess the deficiencies in the Durgapur Steel Plant and to ascertain the causes therefor. The Committee submitted its Report in April, 1967. A copy of the Report of this Committee was laid on the Table of the House on the 19th July, 1967. A report on the progress of implementation of the recommendations made by this Committee was also laid on the Table of the House on April 10, 1968.

(c) and (d). There is no truth in the allegation. When there were frequent work stoppages, particularly in February and March, 1971, certain precautionary/safety measures had to be taken to save the plant from damage and production was, therefore, restricted during those days.

Scheme For Drought Affected Areas

1823. SHRI C. K. CHANDRAPPA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether any special schemes have been prepared for the development of chronically drought affected areas in the country ;

(b) if so, the particulars of such schemes ;

(c) the estimated cost thereof ; and

(d) the extent of financial aid to be given to the States for the schemes ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) to (d). Rural Works Programme is a special scheme to assist the chronically drought affected areas of the country. 54 districts (Statewise list at Statement I) of the country have been selected for implementation of the programme on objective criteria such as incidence and pattern of rainfall, percentage of irrigated area, frequency and extent of drought etc. Under the Programme, labour intensive and productive schemes will be organised to provide employment to agricultural labour as also to mitigate the severity of scarcity conditions in these areas. These schemes will be in the sectors of medium and minor irrigation (all aspects), soil conservation and afforestation and village and district roads. An outlay of Rs. 100 crores has been made in the non-plan Central sector for the programme during the IVTH plan period. Each selected district will get an allocation of approximately Rs. 2 crores over the programme period. The total financial assistance available to any State under the programme will be according to the number of selected districts. A sum of Rs. 9.05 crores was released to the State Governments during the financial year 1970-71 on the basis of anticipated expenditure upto March, 1971 reported by the State Governments.

तीसरी और चौथी योजना के आरम्भ में बंजर और कृषि के अन्तर्गत भूमि

1824. श्री जगन्नाथ राव जोशी : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) तीसरी और चौथी योजना के आरंभ में कुल कितने एकड़ बंजर और कृषि योग्य भूमि थी और देश में इस समय ऐसी कितनी भूमि है ;

(ख) कुल एकड़ भूमि में से कितने एकड़ भूमि पर खेती होती है जिसके लिये उचित सिंचाई की व्यवस्था नहीं है ; और

(ग) उसके लिये सिंचाई की कब व्यवस्था की जायगी ?

कृषि मन्त्रालय में राज्य मंत्री (श्री शेर सिंह) : (क) तीसरी पंचवर्षीय योजना के आरंभ में (1960-61 के अन्त में) कुल बंजर भूमि (अकृष्य भूमि सहित) और काश्त अधीन कुल भूमि क्रमशः 507 लाख हैक्टर और 1448 लाख हैक्टर थी। 1967-68 के बाद के आंकड़े अभी उपलब्ध नहीं हैं। 1967-68 के दौरान तदनुरूप आंकड़े क्रमशः 481 लाख हैक्टर और 1518 लाख हैक्टर थे।

(ख) वर्ष 1967-68 के लिये भूमि प्रयोग की अन्तिम उपलब्ध सांख्यिकी के अनुसार कृषि अधीन (कुल) भूमि में से कुल खेती वाली भूमि जिस पर समुचित सिंचाई प्रबन्ध उपलब्ध नहीं है लगभग 80 प्रतिशत है।

(ग) विशेष सिंचाई कार्यक्रम केवल चौथी पंचवर्षीय योजना के लिये अभी तक बन गये हैं। यह आशा है कि चौथी योजना के अन्त तक सिंचाई के अधीन लगभग 25 प्रतिशत क्षेत्र (कुल) लाया जायेगा।

Self-sufficiency in Foodgrains

1825. SHRI DHARAMRAO AFZAL-PURKAR : Will the Minister of AGRICULTURE be pleased to state :

(a) the quantum of foodgrains imported during last three years ; and

(b) by what time the country is likely to become self-sufficient in foodgrains ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) About 3.12 million tonnes.

(b) It is envisaged that concessional imports of foodgrains would be stopped after 1971.

Regarding Employees of Central Potato Research Institute, Patna

1826. SHRI RAMAVATAR SHASTRI : Will the Minister of AGRICULTURE be pleased to state :

(a) the number of temporary and permanent workers of the Central Potato Research Institute, Patna, separately and the duration of service put in by each worker ;

(b) whether the Officer-in-charge of the said Institute has dismissed the senior workers and, if so, whether he has violated labour laws as a result thereof ; and

(c) the action proposed to be taken by Government against the officers ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) The information presumably relates to casual workers. This includes the categories of monthly-rated casual workers and daily-rated casual workers. At present there are 27 casual workers on roll of whom 4 are monthly rated and 23 are daily rated casual workers.

The casual workers are employed according to the periodic requirements of work and are retrenched after completion of

the work. The question of duration of service of such workers does not, therefore, arise.

(b) None of the monthly rated casual workers has been dismissed. The daily rated casual workers are engaged from amongst those who turn up for work when the season begins according to the principle of last-come-first-go, subject to their suitability and according to the requirement of work.

(c) Does not arise.

पटना स्थित केन्द्रीय आलू अनुसंधान संस्थान की कृषि योग्य भूमि के कार्य परिणाम

1827. श्री रामावतार शास्त्री : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पटना स्थित केन्द्रीय आलू अनुसंधान संस्थान के पास कुछ कृषि योग्य

भूमि है, यदि हां, तो उसका क्षेत्र कितना है ;

(ख) क्या उस भूमि पर प्रति वर्ष खेती होती है ;

(ग) यदि हां, तो उस भूमि पर उगाई जाने वाली फसलों के नाम क्या हैं और प्रत्येक फसल कितने-कितने एकड़ भूमि में उगाई जाती

(घ) इन फसलों से गत तीन वर्षों में वर्षवार हुई आय का व्यौरा क्या है ; और

(ङ) सरकार को गत तीन वर्षों में इस खेती से हुए लाभ अथवा हानि का वर्षवार व्यौरा क्या है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अन्नासाहेब पी० शिंदे) : (क) लगभग 48 एकड़।

सरकार द्वारा खाद्यान्नों की बसूली और किसानों के लिये प्रोत्साहन मूल्यों का निर्धारण

1828. श्री रामावतार शास्त्री : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या 1971-72 के लिये सरकार ने किसानों के लिये खाद्यान्न के प्रोत्साहन मूल्य निर्धारित किये हैं ; और

(ख) यदि हां, तो तत्सम्बन्धी ब्यौरा क्या है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अन्ना साहिब पी० शिंदे) : (क) सरकार द्वारा 1971-72 के लिए गेहूँ के निर्धारित अधिप्राप्ति मूल्य किसानों के लिये लाभकारी हैं ।

Effect of Grow More Food Campaign in West Bengal

1829. SHRI SUBODH HANSDA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Grow More Food Campaign has been effective in West Bengal ;

(b) if so, to what extent it has been able to increase the food production in the State ;

(c) whether Government help is inadequate in this grow more food campaign ; and

(d) whether such difficulties will be removed without going into formalities ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) to (d). Information has been called for from the State Government and will be placed on the table of the Sabha as soon as it is received.

Production of Wheat in Non-Wheat Producing States

1830. SHRI SUBODH HANSDA : Will the Minister of AGRICULTURE be pleased to state :

(a) the non-wheat producing States producing wheat for the last three years ;

(b) how much wheat is produced by these States annually and how much is the production of the current year ; and

(c) the average per acre production of this foodgrain in those States and how it compares with any wheat-producing areas in our country ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) and (b). The States are not divided into wheat producing and non-wheat producing States. In some States, production of wheat is substantial, while in others production is marginal. Estimates of wheat production for 1970-71 have not yet been finalised. However, an idea of the increase in production in the past used to be marginal, can be had from the list in Statement I laid on the Table of the House. [*Placed in Library. See No. LT- 374/71*] which shows the production of wheat in all States during 1964-65 and the last three years. Among the States where wheat production used to be marginal, West Bengal has shown a substantial increase in production.

(c) Statement II showing average per hectare yields of wheat during 1969-70 in different States is laid on the Table of the

House. [*Placed in Library. See No. LT-374/71*]

**Location of Fruit Research Project at
Coimbatore, Madras**

1831. SHRI SUBODH HANSDA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government have proposed to locate Fruit Research Project at Coimbatore in Madras ;

(b) if so, the object of this research ; and

(c) the financial outlay for this project ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) Yes, Sir. The Indian Council of Agricultural Research has sanctioned a research centre at Coimbatore in the State of Tamil Nadu, under the All India Coordinated Fruits Improvement Project.

(b) The object of research at this centre will be to undertake intensive investigations on a number of problems on fruits like banana, grapes and papaya.

(c) The financial outlay for this centre is Rs. 4.43 lakhs for the period 1970-71 to 1973-74.

**Reduction in Working Hours for
Plantation Workers**

1832. SHRI INDRAJIT GUPTA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the Tripartite Industrial Committee on Plantation had taken a decision to reduce the working hours of Plantation workers from 54 hours to 48 hours a week ;

(b) whether it has been implemented ; and

(c) if not, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) Yes.

(b) Not yet.

(c) It requires amendment of the Plantations Labour Act, 1951, which matter is under consideration.

Coal Reserves of National Coal Development Corporation to Satpura Power Plant

1833. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the National Coal Development Corporation owns the coal reserves in the region of Satpura Power Plant ;

(b) whether the Corporation have failed to mine the coal resources in this region adequately and as a consequence three turbines out of five in the Satpura Power Plant are lying idle ;

(c) if so, the targets for mining set by the Corporation and those for supply to Satpura Power Plant during 1970 and how much of it have been achieved ; and

(d) the reasons for the failure to supply adequate quantity of coal to the Power Plant ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) Yes, Sir.

(b) The Corporation is making every effort including development of another mine, known as Pathakheda Expansion, to supply adequate quantity of coal to the power station. The Station is operating in accordance with the system load condition ; the number of generating sets in operation at any time varying from 3 to 4 sets for which necessary coal is being obtained from National Coal Development Corporation's Pathakheda mines and Panch Valley coal-fields.

(c) and (d). During 1970-71, the Corporation produced 0.42 million tonnes of coal from Patharkheda I Colliery and supplied 0.41 million tonnes to Satpura Power Station. In 1964, the Corporation had prepared a project report for a second mine (Patharkheda-II), known as Patharkheda Expansion, with a targetted output of 0.45 million tonnes for achieving a total production of 0.90 million tonnes per annum from both the mines. This was not proceeded with as construction of Power Station lagged behind schedule and there was hardly any demand for coal by the Power Station until 1967-68. Even, the coal raised from Patharkheda-I project was not taken in full by the power station resulting in the accumulation of stocks. It was also considered that Corporation should not go ahead with further investment in the mine without a long term agreement with the power station. This agreement has not yet been signed. However, considering the rising demand of the Satpura Power Station the Government have approved the project report of Patharkheda-II to enable the Corporation to increase their out-put of coal to 0.90 million tonnes per annum.

Wheat Purchased by Food Corporation of India in Haryana

1834. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of AGRICULTURE be pleased to state the quantity of wheat purchased by the Food Corporation of India this year in Haryana ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : The Food Corporation of India do not themselves procure wheat in Haryana as they have not been entrusted this work by Haryana Government. They only take over on behalf of the Central Government the quantity of wheat procured by the Government of Haryana and the State Marketing Federation for the Central pool. During the current marketing season from 1st April to 31st May, 1971, the total quantity of wheat procured in Haryana for the Central Pool was 4.28 lakh tonnes.

Surplus Staff in Hindustan Steel Ltd.

1835. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the Hindustan Steel Ltd. is carrying with it surplus staff ;

(b) if so, the number of such staff ; and

(c) the reasons for their becoming surplus and how Government propose to utilise their services more profitably ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) to (c). In the earlier stages, particularly at the Million Tonne Stage of the Steel Plants under Hindustan Steel Limited, manning was based on Project Report estimates and practices followed in the existing Steel Plants in the country. From April, 1968, detailed work measurement studies have, however, been undertaken in the Works Departments of the Bhilai, Rourkela and Durgapur Steel Plants. Out of a total employment of 66,528 in these Departments, 59,741 persons have been covered by these studies so far and these have revealed a surplus of 2,733 employees in different categories. Efforts are being made to redeploy them against future vacancies in expansion units and in the Bokaro Steel plant to the extent possible.

Location of Resources of non-ferrous Metals

1836. SHRI P. K. DEO :
DR. LAXMINARAIN PANDEY:

Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the recent surveys have located large resources of non-ferrous metals like lead, zinc and Copper in different parts of the country ;

(b) if so, the areas where such deposits have been discovered and the estimated potentiality thereof ; and

(c) the extent to which self-sufficiency in these metals is likely to be achieved as a result of these discoveries ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). As a result of investigations carried out by the Geological Survey of India, sizeable reserves of copper at Rakha, Roam Siddheswar, Tamapahar, Turamdih, Ramchandra Pahar in Singhbhum belt, Bihar ; Khetri, Koliha, Madankunda, Akwari, Satkui, Bagoni in Khetri copper belt, Rajasthan ; Dhukonda, Nallakonda, Bandalamottu in Agnigundala lead-copper belt in Andhra Pradesh ; and lead-zinc in Zawar mines, Rajasthan, Ambamata lead-zinc-copper belt, Gujarat ; and lead at Sargipalli in Orissa have been located. In addition some promising copper prospects have also been located at Kalyadi in Mysore, Malanjhand in Madhya Pradesh, Pular Parsori in Maharashtra, Mailaram in Andhra Pradesh, Purdariba in Rajasthan.

The total estimated reserves of the deposits are of the order of 200 million tonnes of copper ore ; 100 million tonnes of lead-zinc ore and 15 million tonnes of lead ore

(c) The demand estimated by the end of the Fourth Five Year Plan is of the order of 124,000 tonnes for copper, 142,000 tonnes for zinc and 97,400 tonnes for lead.

The present production capacity of copper is 9,600 tonnes per annum, which is likely to be expanded to 16,500 tonnes by the end of the current year. Besides this, on commissioning of the Khetri copper complex, production capacity is estimated to be further expanded by 31,000 tonnes by 1974-75.

The present production capacity of zinc is 38,000 tonnes per annum of which 20,000 tonnes is based on imported concentrates and 18,000 tonnes on indigenous ore deposits. The production capacity is expected to be doubled by the end of the Fourth Plan. Another Zinc Smelter with a capacity of 30,000 tonnes per annum is also proposed to be set up at Vizag.

With the doubling of the existing two smelters, the new smelter at Vizag and development of the other proved deposits, it may be possible to attain near self-sufficiency in respect of zinc metal by the end of the 5th Five Year Plan or so.

The present installed capacity for lead 5 400 tonnes per annum. The question of modernisation of the only lead smelter at Tundoo (Bihar) is presently under examination. Studies for the development of the other deposits of lead are being taken in hand.

Per Capita Expenditure on East Bengal Refugees

1837. SHRI JYOTIRMOY BOSU : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the *per capita* daily expenditure for the refugees from East Bengal before the commencement of the new influx ;

(b) the *per capita* daily expenditure for the refugees who have migrated since the last week of March, 1971 ;

(c) whether the Government consider the current *per capita* daily expenditure to be adequate ;

(d) if not, whether Government are considering to increase this amount ; and

(e) if so, the extent thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) and (b). The *per capita* daily rate of expenditure on supplying food to refugees from East Bengal before the commencement of fresh exodus was 80 paise per head per day. This rate has been increased to Re. 1/- per head per day and the Government of West Bengal have been authorised to incur expenditure on supply of food to refugees from East Bengal in that State at this rate.

The *per capita* daily expenditure on other items of relief and the cost of overhead, for refugees from East Bengal, entering

into West Bengal, since 25th March '71 cannot be worked out, as the conditions are still uncertain due to continuing influx.

(c) to (e). Do not arise.

**Programmes for Small Farmers,
Agricultural Labour and Dry Areas
during Fourth Plan**

1838. SHRI JYOTIRMOY BOSU :
Will the Minister of AGRICULTURE be
pleased to state :

(a) the specific programmes in the
Fourth Five-Year Plan for small farmers,
agricultural labour and dry areas ;

(b) the State-wise and district-wise
progress of the schemes taken up during
1970-71 ;

(c) the overall impact of the schemes
on the levels of living of the small farmers
and agricultural labour ;

(d) the increase in the yield of
agricultural products in the dry areas where
the schemes were executed ; and

(e) the specific schemes taken up during
the current year and the total amount
of money allocated for them ?

THE DEPUTY MINISTER IN THE
MINISTRY OF AGRICULTURE (SHRI
JAGANNATH PAHADIA) : (a) The
following are the Central Sector
Schemes :—

(i) Small Farmers Development Agency
Projects (SFDA) in each of the
46 districts are expected to cover
approximated 50,000 farmers having
holdings between 2.5 to 5 acres
of land, in each project. 45 of
these projects have been sanctioned
so far ;

(ii) Marginal Farmers and Agricultural
Labourers Projects (MFAL). In
each of the 41 districts are expected
to cover marginal farmers having
holdings upto 2.5 acres and landless
agricultural labourers to the extent

of 20,000 per project. 34 projects
have already been approved so far.

(iii) Integrated Dry Land Agricultural
Development Pilot Projects are
taken up in 24 different districts
receiving rainfall between 375-
1125 mm. These will beco-
terminus with the Coordinated
Research Projects under Dry Land
Agriculture of the Indian Council
of Agricultural Research. Each
Project will cover a compact area of
8,000 acres. Twenty such projects
have been sanctioned already.

(b) to (d). A statement is laid on the
Table of the House. [*Placed in Library.*
See No. LT—375/71].

Since most of these projects have just
been started and some are yet in the
process of being established, it is too early
to make an assessment of their overall
impact on the level of living of small
farmers and agricultural labourers as also
the increase in yield in these areas.

(e) The above three schemes will be
operated during 1971-72 as well. The
total financial outlay in the Fourth Five-
Year Plan for these schemes is of the
following order :—

SFDA : Rs. 67.5 crores.

MFAL : ... Rs. 47.5 crores.

Dry Land Rs. 20.0 crores.

Funds are being released with reference
to definite proposals from the project
authorities concerned.

Proposal to set up Pit Safety Committee

1839. SHRI SAMAR MUKHERJEE :
Will the Minister of LABOUR and REHA-
BILITATION be pleased to state :

(a) whether Government are considering
any proposal to set up Pit Safety
Committee ;

(b) if so, whether workers' represen-
tatives will be taken in the Committee ;
and ;

(c) the functions of the committee ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) Pit Safety Committees are already functioning on a voluntary basis in 470 coal mines and 240 metalliferous mines, employing 100 or more persons.

(b) All major categories of workers employed in these mines are already represented on the Pit Safety Committees.

(c) The main functions of these committees are—

- (1) To promote safety consciousness amongst the workers and encourage cooperation in the adoption and observance of safety practices through discussions and consideration of suggestions on safety at regular spot meetings, as well as through appropriate forms of publicity and propaganda, including the observance of mines safety weeks ; and
- (2) To make periodical reviews of the position with regard to accidents, suggest measures to prevent their recurrence and, when necessary, hold independent enquiries into accidents.

त्रिजनी बीना गेहूँ के बीजों की आवश्यकता तथा उनके वितरण का अनुमान

1840. श्री कमल मिश्र मधुकर : क्या कृषि मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने त्रिजनी बीना गेहूँ की उक्त किस्म के बीजों की आवश्यकता का कोई अनुमान लगाया है और क्या उसने किसानों में उनका वितरण करने के लिए उचित व्यवस्था भी की है ; और

(ख) यदि हाँ, तो उसका ब्यौरा क्या है ?

कृषि मन्त्रालय में राज्य मंत्री (श्री अण्णा-साहिब पी० शिन्दे) : (क) तथा (ख). मार्च-अप्रैल, 1971 में आयोजित अनेक प्रादेशिक सम्मेलनों के माध्यम से, भारत सरकार ने बीजों की आवश्यकता का मूल्यांकन किया था, जिसमें कि गेहूँ की हीरा नामक ट्रिपल-जीन बीनी किस्म सम्मिलित है और जिसे राजस्थान को छोड़कर उत्तर-पश्चिमी क्षेत्र में अर्थात् पंजाब, हरियाणा, दिल्ली तथा उत्तर प्रदेश में कृषि के लिए निर्मुक्त कर दिया गया है, उत्तर प्रदेश के प्रतिनिधि ने प्रादेशिक सम्मेलन में बताया कि 3,000 क्विन्टल से 3,500 क्विन्टल तक हीरा बीजों की आवश्यकता पड़ेगी। इसके अतिरिक्त पश्चिम बंगाल तथा मध्य प्रदेश की सरकारों ने भी इस किस्म का विस्तृत आधार पर परीक्षण करना चाहा और 6,000 क्विन्टल की अपनी आवश्यकता प्रकट की। राष्ट्रीय बीज निगम ने इस किस्म के आधारिक बीजों के गुणन का कार्य प्रारम्भ किया है और 2,200 क्विन्टल बीजों के उत्पादन की संभावना है। आधारिक बीज राज्य सरकारों तथा अन्यो को प्रामाणिक बीजों के गुणन के लिए वितरित किये जायेंगे। फिर भी कृषकों को प्रामाणिक बीज केवल रबी 1972-73 से ही पर्याप्त मात्रा में उपलब्ध हो सकेंगे।

उत्तर प्रदेश कृषि विश्व विद्यालय ने 'यू० पी० 301' नामक ट्रिपल-जीन बीनी किस्म विकसित की है, जो कि केन्द्रीय किस्म निर्मुक्ति उपसमिति द्वारा नहीं बल्कि उत्तर प्रदेश किस्म निर्मुक्ति समिति के माध्यम से निर्मुक्त की गई थी। इस किस्म के निर्मुक्ति में, इसका कृषि क्षेत्र उत्तर प्रदेश दिखाया गया है, किन्तु यह बीज अन्य राज्यों में भी लोकप्रिय है। तराई विकास निगम द्वारा 38,000 क्विन्टल गेहूँ के 'यू० पी० 301' बीजों के उत्पादन की संभावना है। इन बीजों का वितरण तराई विकास निगम के अनेक वितरण केन्द्रों तथा राज्य सरकारों की एजेंसियों के माध्यम से किया जायेगा।

बिहार में सोयाबीन की खेती

1841. श्री कमल मिश्र मधुकर : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उस भूमि में सोयाबीन उगाई जा सकती है जहां पर कि मकई उगाई जाती है ;

(ख) यदि हाँ, तो बिहार में सोयाबीन की खेती के विकास के लिए केन्द्रीय सरकार ने क्या कार्यवाही की है ;

(ग) क्या इस बारे में बिहार सरकार और केन्द्रीय सरकार के बीच कुछ बातचीत हुई है और उस पर केन्द्रीय सरकार का क्या रवैया है ; और

(घ) यदि हाँ, तो इस बारे में केन्द्रीय सरकार की क्या प्रतिक्रिया है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-साहिब पी० शिन्डे) : (क) जी हाँ ।

(ख) से (घ). बिहार सरकार और केन्द्रीय सरकार के अधिकारियों के बीच विचार-विमर्श के परिणामस्वरूप बिहार सरकार का 1971-72 में विभिन्न जिलों में 160 हैक्टर क्षेत्र में बीज गुणन करने और प्रदर्शन करने का प्रस्ताव है । इस कार्य के लिए अपेक्षित बीज बिहार सरकार ने पहले ही प्राप्त कर लिए हैं ।

अरण्डी, तिलहन, अलसी और सरसों की फसलों का विकास

1842. श्री कमल मिश्र मधुकर : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार अपनी इस नीति को क्रियान्वित कर रही है कि किसानों पर, इस बात के लिए जोर देने पर अधिक ध्यान दिया

जायेगा कि वे निर्यात-प्रधान फसलें, विशेषकर तिलहन अधिक पैदा करें ताकि निर्यात व्यापार में वृद्धि की जा सके ।

(ख) यदि हाँ, तो सरकार ने तिलहनों की किस फसल के विकास की ओर अधिक ध्यान देने के लिए उसे चुना है ;

(ग) क्या उपरोक्त योजना के अन्तर्गत बिहार में अरण्डी, तिलहन, अलसी और सरसों की फसलों के विकास का कोई कार्यक्रम क्रियान्वित किया जा रहा है ; और

(घ) यदि हाँ, तो उसकी मुख्य-मुख्य बातें क्या हैं ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-साहिब पी० शिन्डे) : (क) जी हाँ ।

(ख) तिलहन की निम्नलिखित फसलें चुनी गई हैं :—

(i) मूँगफली

(ii) एरंड

(iii) सोयाबीन

(ग) वर्ष 1970-71 के दौरान बिहार में एरंड प्रदर्शन की एक केन्द्रीय आयोजित योजना 20 हैक्टर क्षेत्र पर क्रियान्वित की गई थी । इस योजना की लगभग 40 हैक्टर क्षेत्र पर वर्ष 1971-72 के दौरान भी जारी रखने का विचार है । बिहार में अलसी तथा सरसों की फसलों के विकास की कोई केन्द्रीय प्रायोजित योजना क्रियान्वित नहीं की गई है ।

(घ) एरंड की केन्द्रीय प्रायोजित योजना में अल्पावधि किस्मों तथा सब पैकेज प्रणालियों को अपनाकर एरंड की अधिक उत्पादनशील किस्मों के संहित प्रदर्शनों को करने की व्यवस्था है, जिससे उनकी अधिक उत्पादन बढ़ाने वाली

किस्मों की (i) वर्तमान किस्मों को बदलकर तथा (ii) नये क्षेत्र में बहुफसली खेती के प्रतिमानों को शुरू करके, वैज्ञानिक आधार पर खेती लोकप्रिय बनाई जा सके।

इस योजना के अन्तर्गत प्रदर्शनी की लागत पूरी करने के लिए केन्द्रीय सरकार द्वारा वर्षा से सिंचित फसल के लिए 125 रुपये प्रति हेक्টার तथा सिंचित फसल के लिए 200 रुपये प्रति हेक्টার की व्यवस्था की गई है।

दिल्ली में कृषि विज्ञान मेला

1843. श्री कमल मिश्र मधुकर : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) इस वर्ष दिल्ली में आयोजित कृषि विज्ञान मेले पर कुल कितना व्यय किया गया तथा मेले में राज्य-वार कितने दर्शक आये थे ;

(ख) क्या राज्यों और जिला मुख्यालयों में इस प्रकार के मेले आयोजित करने की कोई योजना है ; और

(ग) यदि हां, तो उसका व्यौरा क्या है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा साहेब पी० शिन्डे) : (क) भारतीय कृषि अनुसंधान संस्थान नई दिल्ली में दिनांक 17 मार्च 1971 से 20 मार्च 1971 तक कृषि विज्ञान मेले के आयोजन पर किया गया कुल व्यय 6,702 रुपये था। मेले में आने वाले दर्शकों की संख्या 20,000 थी। दर्शकों में से लगभग 50 प्रतिशत दर्शक तो दिल्ली तथा आस-पास के क्षेत्रों से ही आए थे और शेष अन्य संघशासित क्षेत्रों तथा राज्यों से आये थे। दर्शकों का राज्यवार व्यौरा उपलब्ध नहीं है।

(ख) तथा (ग). कृषि मंत्रालय के विस्तार निदेशालय में देश के ग्रामीण क्षेत्रों तथा नगरों में कृषि प्रदर्शनियों का आयोजन करने की नियमित व्यवस्था है। कभी कभी यह प्रदर्शनियां

स्वतन्त्र रूप में आयोजित की जाती हैं परन्तु प्रायः अधिकतर ये किसी बड़ी प्रदर्शनी/मेले जहां बहुत बड़ी संख्या में दर्शक आते हैं, के अंग के रूप में आयोजित की जाती हैं। विस्तार निदेशालय प्रचार एवं प्रदर्शनी गाड़ी की सहायता से दिल्ली के ग्रामीण क्षेत्रों तथा पास के राज्यों में किसानों के गांवों में ही कृषि प्रदर्शनी (तस्वीरों के प्रदर्शन तथा कृषि संबंधी शिक्षणात्मक फिल्में दिखाना) का भी आयोजन करता है। कुछ राज्यों को इस प्रकार की गाड़ियां पहले ही उपलब्ध कराई जा चुकी हैं तथा शेष को कराई जा रही हैं।

इसके अतिरिक्त कृषि मंत्रालय का विस्तार निदेशालय पशु-प्रजनकों, फल उगाने वालों, तथा कृषक समाज के लाभ के लिए प्रतिवर्ष अखिल भारतीय तथा क्षेत्रीय पशु मेले, कुक्कुट प्रदर्शनी तथा फल प्रदर्शनियों का आयोजन करता है। इन प्रदर्शनियों के दौरान अन्य प्रदर्शित वस्तुओं के साथ कृषि वस्तुयें भी प्रदर्शित की जाती हैं।

राज्य कृषि विभागों के पास भी अपने राज्यों में कृषि/पशु मेलों का आयोजन करने अथवा उनमें भाग लेने के लिए अपनी निजी व्यवस्था है। अधिकांश राज्यों के कृषि विभाग कृषक क्षेत्र दिवसों का भी आयोजन कर रहे हैं। यह आयोजन किसानों के प्रशिक्षण तथा शिक्षण के लिए केन्द्रीय प्रायोजित योजना तथा साधारण कार्यक्रम दोनों के ही अन्तर्गत किये जाते हैं। इनके अन्तर्गत किसानों को प्रदर्शन स्थलों, अनुसन्धान संस्थानों में ले जाया जाता है तथा उन्हें कृषि की विकसित प्रणालियां दिखाई जाती हैं। कृषि विश्वविद्यालयों/महाविद्यालयों द्वारा कृषक मेलों का आयोजन एक नई विशेषता है। ये कृषक मेले किसानों को प्रणालियों तथा प्रदर्शन के परिणामों को देखने का तथा नवीनतम कृषि तकनीकों की जानकारी प्राप्त करने का अत्यन्त ही स्वर्णिम अवसर प्रदान करते हैं। इसके अतिरिक्त उन्हें वैज्ञानिकों से प्रत्यक्ष रूप से अपनी समस्याओं के विषय में विचार विमर्श करने का अवसर मिलता है।

Value of Rs-09 Tractors and their Distribution to States

1844. SHRI D. D. DESAI : Will the Minister of AGRICULTURE be pleased to state :

(a) the quantity and value of RS-09 tractors imported so far from East Germany and the average price per tractor, the quantity and value of the tractors given to various States ;

(b) whether despite operational defects in the very first consignment of these tractors, imports were continued ; and

(c) if so, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) 1,998 number of RS-09 tractors with a total value of Rs. 212.00 lakhs were imported from GDR. These tractors were supplied to the Agro-Industries Corporations at the rate of Rs. 10,600/—(C&F) per tractor. The allotment of these tractors was made to the various State Agro-Industries Corporations as indicated below :—

Name of State	Tractors allotted
Andhra Pradesh	364
Gujarat	478
Punjab	600
Rajasthan	400
Mysore	56

(ख) कोयले की अनियमित सप्लाई के क्या कारण हैं ;

(ग) स्थिति में कब तक सुधार हो जाने की सम्भावना है ; और

(घ) मूल्यों में वृद्धि को रोकने के लिए सरकार ने क्या कार्यवाही की है ?

इस्पात और खान मंत्रालय में राज्य मंत्री (श्री शाहनवाज खाँ) : (क) अनियमित आपूर्ति के कारण कोयले की कीमतों में वृद्धि होने की रिपोर्ट मिली है।

(ख) यह बैगनों की कमी के कारण है जो रेलवे के सन्मुख बंगाल-बिहार क्षेत्र में विधि और व्यवस्था की कठिनाइयों के परिणाम-स्वरूप है।

(ग) और (घ). उत्पादन केन्द्रों में कोयले की कोई कमी नहीं है और वास्तव में गर्त-मुखों पर पर्याप्त मात्रा में स्टॉक संचित हो गया है। भारत सरकार सम्पृक्त राज्य सरकारों के परामर्श से पूर्वी क्षेत्र में विधि और व्यवस्था स्थिति में सुधार लाकर रेलवे द्वारा कोयले का शीघ्र संचलन सुनिश्चित करने का प्रयास कर रही है।

मध्य प्रदेश में पाये गये मैंगनीज और बौक्साइट अयस्क के निक्षेप

1870. डा० लक्ष्मी नारायण पांडे : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश में मैंगनीज और बौक्साइट के भारी निक्षेपों का पता लगाया गया है ;

(ख) यदि हां, तो क्या उक्त खनिज पदार्थों को निकाला नहीं जा रहा है ;

(ग) क्या केन्द्र सरकार ने राज्य सरकार को कोई सहायता दी है जिससे इन खनिज पदार्थों को निकाला जा सके ; और

(घ) यदि हां, तो यह सहायता किस तिथि को दी गई थी ?

इस्पात और खान मंत्रालय में राज्य मंत्री (श्री शाहनवाज खाँ) : (क) जी हां। भारतीय भूवैज्ञानिक सर्वेक्षण द्वारा किए गए अन्वेषणों के

परिणामस्वरूप मध्य प्रदेश के सुरगुजा, रायगढ़, बिलासपुर, शाहडोल दुर्ग, भण्डला, बालाघाट, जबलपुर, रेवा, सतना, पन्ना, गुना, शाजापुर, शिवपुरी और बस्तर जिलों में बाक्साइट के और छिन्दवाड़ा, बालाघाट, शबुआ और जबलपुर जिलों में मैंगनीज के अनेक निक्षेप और लघु प्राप्तिस्थल अवस्थापित किए गए हैं।

(ख) हिन्दुस्तान ऐलूमिनियम निगम द्वारा शाहडोल जिले, दामगढ़ और जालेस्वर क्षेत्रों में, जो कि अमरकंटक पठार का एक अंग है, बाक्साइट के निक्षेपों का समुपयोजन किया जा रहा है। भारतीय भूवैज्ञानिक सर्वेक्षण द्वारा किये गये विस्तृत समन्वेषण भण्डला, बिलासपुर, सुरगुजा, शाहडोल और बालाघाट जिलों में निक्षेप उपदर्शित किए हैं। कोरवा में स्थापित किए जा रहे अपने ऐलूमिनियम संयंत्र को संघोषित करने के लिए भारत ऐलूमिनियम कम्पनी द्वारा फुटका-पहाड़ और अमरकंटक पठार के क्षेत्रों को प्रमाणित निक्षेपों का विकास किया जा रहा है। 'मैंगनीज और इन्डिया लिमिटेड' और कुछ प्राइवेट अभिकरणों द्वारा मैंगनीज अयस्क निक्षेपों का समुपयोजन किया जा रहा है।

(ग) उत्तर नकारात्मक में है—मध्य प्रदेश सरकार ने इन खनिजों के समुपयोजन के लिए केन्द्रीय सरकार से सहायता के लिए निवेदन भी नहीं किया है।

(घ) प्रश्न नहीं उठता है।

मध्य प्रदेश में कृषि के विकास के लिए विश्व बैंक से सहायता देने का अनुरोध

1872. श्री गंगा चरण बोक्षित : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश की राज्य सरकार ने राज्य में कृषि के विकास के लिए विश्व बैंक से वित्तीय सहायता देने का अनुरोध किया है ;

(ख) यदि हां, तो इस राज्य द्वारा कितनी राशि की वित्तीय सहायता की मांग की गई है ; और

(ग) क्या केन्द्रीय सरकार ने राज्य सरकार के इस अनुरोध पर अपनी अनुमति दे दी है ?

कृषि मन्त्रालय में राज्य मंत्री (श्री अण्णा-साहिब पी० शिन्डे) : (क) तथा (ख). मध्य प्रदेश सरकार ने भूमिगत जल विकास फार्म यंत्रीकरण और भूमि विकास के लिए लगभग 47.40 करोड़ रुपये के कुल परिव्यय की एक ऋण परियोजना तैयार की है, जिसके लिए विश्व बैंक से वित्तीय सहायता प्राप्त की जायेगी।

(ग) परियोजना विचाराधीन है।

मध्य प्रदेश की कपास की फसल की बीमारी से सुरक्षा

1873. श्री गंगा चरण दीक्षित : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश में कपास की फसल गम्भीर रूप से कई बीमारियों से ग्रस्त है ;

(ख) क्या मध्य प्रदेश सरकार ने इस सम्बन्ध में केन्द्र सरकार को कोई अभ्यावेदन दिया है ; और

(ग) यदि हां, तो सरकार द्वारा मध्य प्रदेश की कपास की फसल को बीमारियों से बचाने के लिए क्या उपाय किये गये हैं अथवा किये जाने का विचार है ?

कृषि मन्त्रालय में राज्य मंत्री (श्री अण्णा-साहिब पी० शिन्डे) : (क) और (ख). जी हां।

(ग) राज्य सरकार से प्रतिवेदन प्राप्त होने पर, सितम्बर-अक्तूबर 1970 में केन्द्रीय दलों ने रोग पीड़ित क्षेत्रों का दौरा किया।

केन्द्रीय दल ने यह सिफारिश की थी कि राज्य में कपास की फसलों को कीड़ों तथा महामारियों से बचाने के लिए संगठित नियन्त्रण उपाय किये जाने चाहिए। राज्य कृषि विभाग ने राजकीय कीट एवं रोग अधिनियम के अन्तर्गत, खन्डवा, खारगोन और धार जिलों को कीटों तथा रोगों से संक्रामित क्षेत्र घोषित कर दिया था जिस क्षेत्र में केन्द्रीय दल ने कीट नियन्त्रण कार्य चालू रखने की सिफारिश की थी उस का क्षेत्रफल 61,860 एकड़ है। राज्य सरकार द्वारा मांगी जाने पर राष्ट्रीय संकट राहत निधि के अन्तर्गत केन्द्रीय वित्तीय सहायता स्वीकृत की जाएगी जो कीटनाशी दवाओं पर होने वाले कुल व्यय का 50 प्रतिशत अनुदान के रूप में तथा 25 प्रतिशत ऋण के रूप में होगी। इसका निधरिण वास्तव में आवरित क्षेत्र तथा नियंत्रण परिचालन कार्य पर होने वाले व्यय के आधार पर किया जाएगा।

मध्य प्रदेश में वन्य जीवन रक्षा-स्थल के लिए क्षेत्रों का विकास

1874. श्री गंगा चरण दीक्षित : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या वन जीवन बोर्ड ने मध्य प्रदेश के कुछ क्षेत्रों का रक्षा स्थलों के रूप में विकास करने की सिफारिश की है ; और

(ख) यदि हां, तो उनका व्यौरा क्या है और सरकार ने बोर्ड की सिफारिशों को कार्यान्वित करने के लिए क्या कार्यवाही की है ?

कृषि मन्त्रालय में राज्य मंत्री (श्री शेर सिंह) : (क) तथा (ख). जी हां।

राज्य वन्य जीवन बोर्ड की सिफारिशों पर एक राष्ट्रीय उद्यान अर्थात् शाहडोल जिले में बन्दागढ़ राष्ट्रीय उद्यान तथा एक रक्षा-स्थल होशंगाबाद जिले के बोरी में स्थापित किया गया है। निम्नलिखित 8 अन्य रक्षा-स्थलों को

स्थापित करने की सिफारिशों पर राज्य सरकार विचार कर रही है :—

रक्षा-स्थल	जिला
1. कुटर्ह	बस्तर जिला

Import of Steel

1875. SHRI JYOTIRMOY BOSU : Will the Minister of STEEL and MINES be pleased to state :

(a) whether Steel worth 42 crores of rupees in being imported this year ;

(b) if so, the particulars of parties through whom this steel in being imported ;

(c) the value of import licences given to each party ;

(d) the value of each category of steel which Government have decided to import ; and

(e) the reasons for this shortage ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) No precise estimate of imports this year (1971-72) can be made. They are expected to exceed Rs. 100 crores.

(b) Imports are made by actual users, as well as the public sector canalising agencies :

(c) This information is available in the Weekly Bulletin of Industrial Licences, import Licences and Export Licences, a Government Publication, a copy of which is available in the Parliament Library ;

(d) The categories for which import is permissible are given in the Import Trade Control Policy Book No. 1. I appendix 41, Sch. A to D, a Government publication, a copy of which is available in the Parliament Library. The extent to which each category will be imported will depend on the extent to which import licences are issued against the requirements indicated by consumers during the year, and the extent to which such licences are utilised ;

(e) Indigenous production of the categories permissible for import is not adequate to meet domestic requirements. The annual import policy, permitting the import of different categories of steel, is framed after taking into consideration the extent to which domestic availability is likely to meet requirements.

Strike by Employees of Hindustan Steel Works Construction Ltd , Calcutta

1876. SHRI BHOGEN DRA JHA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the employees of the Hindustan Steel Works Construction Ltd., Calcutta, are on strike from the middle of may, 1971 ; and

(b) if so, the demands of the employees on the steps taken to redress the same ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) Yes, Sir. There has been a partial strike from the 17th May, 1971, among daily-rated workers of the Hindustan Steel-works Construction Limited employed on equipment and structural erection works, and also some employees engaged in the stores organisation.

(b) The charter of demands submitted by the workers is given in the statement attached. The demands which the management of H.S.C.L. agreed to consider, after discussion with the representatives of the unrecognised Union, viz. United Proutist Labour Federation, which has organised the strike, are as follows :

1. Modification of wage structures of all categories of workers of H.S.C.L. including monthly rated workers.
2. Housing or house rent allowance in lieu.
3. Overtime wages for work done on overtime basis.
4. Conveyance allowance from Workmen's residence to work site.
5. Absorption of daily rated employees to Company's scale.
6. Medical facilities to the dependents of the daily rated workers (wife and children).
7. Seniority list of workers to be published.
8. Quick disposal of grievance regarding accidents, including workmen's compensation for H.S.C.L. workers.
9. Education facilities upto middle standard by Education Department.

It was agreed with the representatives of all the Unions, including the Secretary of UPLF, that item 1, 2, 4, 5 and 6 of the demands specified above, may be referred to arbitration. However, the Executive Committee of UPLF did not accept the proposal for arbitration. As UPLF is not a representative body of the workers acceptable under the Industrial Disputes Act, H.S.C.L. have advised the workers to constitute a new committee under the Act for further negotiations with H.S.C.L. Meanwhile, most of the workers on the Stores side have resumed duty and are discussing their demands with H.S.C.L. separately.

Hindustan Steel Works Construction Ltd.

1877. SHRI BHOGEN DRA JHA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the Hindustan Steel Works Construction Ltd., do not do most of the construction work themselves, but it is done by private contractors, resulting in occasional labour trouble, work stoppage etc.; and

(b) if so, whether it is proposed to end the system of engaging private contractors and to ensure that construction job is done entirely by the Hindustan Steel Works Construction Ltd. ; and

(c) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) It is true that Hindustan Steelworks Construction Ltd. have entrusted most of the construction work relating to civil engineering and structural works to private contractors. However, this is not the only or even the main factor responsible for occasional labour troubles at Bokaro.

(b) and (c). Hindustan Steelworks Construction are already executing departmentally the works relating to erection of equipment and in certain areas also the erection of structurals. It is neither advantageous nor practical to eliminate the private contractors altogether, particularly for civil works and structurals. In these areas it is necessary to employ substantial equipment and machinery which are available with the private contractors who have gathered the necessary skills and expertise for executing massive works of this type.

राजस्थान में खाद्यान्न की वसूली

1878. श्री मूलचंद डागा : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) वर्ष 1971 में भारतीय खाद्य निगम ने राजस्थान राज्य से कितना बाजरा और कितना गेहूं खरीदा है तथा उनकी वसूली दर क्या है ;

(ख) क्या गेहूं और बाजरे की खरीद सीधे काश्तकारों से नहीं करके दलालों के माध्यम से की गई थी जिसके परिणामस्वरूप बजाये काश्तकारों के दलालों को लाभ हुआ ;

(ग) क्या भारतीय खाद्य निगम के कर्मचारियों ने उचित समय पर खाद्यान्न नहीं खरीदा जिसका परिणाम यही हुआ कि किसानों को पूरा लाभ नहीं मिल सका ; और

(घ) खरीद के समय भारतीय खाद्य निगम ने किस किस्म के दाजरे और गेहूं को प्राथमिकता दी ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-साहिब पी० शिन्डे) : (क) भारतीय खाद्य निगम ने मई, 1971 के अन्त तक केन्द्रीय तथा राज्य सरकार के खाते में 60.6 हजार मी० टन बाजरा और 65.8 हजार मी० टन गेहूं खरीदा है। यह खरीदारी खाद्यान्नों लिए निर्धारित अधिप्राप्ति मूल्यों पर की गई है।

(ख) शुरू में, यह शिकायत थी कि भारतीय खाद्य निगम उत्पादकों से सीधे खरीदारी नहीं कर रहा है। अतः राज्य सरकार के परामर्श से उत्पादकों को प्रमाणित करने के लिए प्रत्येक क्रय केन्द्र के लिए सलाहकार समितियां गठित की गई थीं और उन सलाहकार समितियों की सहायता से भारतीय खाद्य निगम के कर्मचारी अब सीधे ही उत्पादकों से खरीदारी कर रहे हैं।

(ग) जहां तक बाजरा का संबंध है, भारतीय खाद्य निगम वर्षा से प्रभावित खाद्यान्नों

की खरीदारी नहीं कर सका क्योंकि बाजरा निर्धारित मानकों से घटिया किस्म का था। निर्दिष्टियों में ढील देने से इन निर्दिष्टियों के अन्तर्गत आने वाले वर्षा से प्रभावित ऐसे खाद्यान्न की खरीदारी की जा रही है।

(घ) भारतीय खाद्य निगम केन्द्रीय/राज्य सरकार द्वारा निर्धारित निर्दिष्टियों के अनुसार खाद्यान्नों की खरीदारी करता है।

राजस्थान के सिंचाई की सुविधाओं से रहित क्षेत्रों में कृषि विकास परियोजना

1879. श्री मूलचंद डागा : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) सिंचाई की सुविधाओं से रहित किन-किन क्षेत्रों में कृषि विकास परियोजनाएं आरम्भ की गई हैं तथा इन परियोजनाओं की संख्या कितनी है और उनमें कितने व्यक्तियों को लाभ होने की संभावना है ; और

(ख) राजस्थान में निकट भविष्य में ऐसी कितनी परियोजनाएं आरम्भ की गई हैं अथवा आरम्भ किए जाने की संभावना है तथा उनके नाम क्या हैं ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-साहिब पी० शिन्डे) : (क) चौथी योजना की अवधि के दौरान बारानी खेती के अन्तर्गत 24 मार्गदर्शी परियोजनाएं चलाने का इरादा है। वर्ष 1970-71 के दौरान आन्ध्र प्रदेश, गुजरात हरियाणा, मध्य प्रदेश, महाराष्ट्र, मैसूर, राजस्थान, तमिलनाडू तथा उत्तर प्रदेश के प्रत्येक राज्य में इस प्रकार की एक-एक तथा कुल 9 मार्गदर्शी परियोजनाएं आरम्भ की गई थीं। शेष 15 योजनाएं चालू वित्तीय वर्ष में आरम्भ की जा रही हैं। अनुमान है कि इन परियोजनाओं से एक लाख से अधिक व्यक्ति लाभान्वित होंगे।

(ग) राजस्थान में पहले ही जोधपुर में एक मार्गदर्शी परियोजना चल रही है। अन्य दो परियोजनाओं के लिए स्थान का चुनाव सरकार के विचाराधीन है।

मोतीहारी (बिहार) में माडर्न बेकरी के एक एकक की स्थापना

1830. श्री विभूति मिश्र : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या जनता में माडर्न बेकरी के उत्पादों की भारी मांग है ;

(ख) यदि हां, तो क्या बिहार के चम्पारन जिले में स्थित मोतीहारी में उसका एक एकक स्थापित करने का प्रस्ताव है ; और

(ग) यदि हां, तो कब तक ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहिब पी० शिन्दे) : (क) जी हां।

(ख) जी नहीं।

(ग) प्रश्न ही नहीं उठता।

Sanction of New Posts in Employees Provident Fund Organisation due to Increase in work

1881. SHRI R. P. YADAV : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether work-load of the Employees Provident Fund Organisation has increased manifold on account of the introduction of Family Pension Funds with effect from the 1st March, 1971 ;

(b) if so, whether new posts in the Employees Provident Fund Organisation have been sanctioned ; and

(c) if not, the reasons thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHA-

BILITATION (SHRI BALGOVIND VERMA) : The administration of the Family Pension cum-Life Assurance Scheme is the concern of the Central Board of Trustees set up under the Employees' Provident Funds and Family Pension Fund Act, 1952 and not the direct concern of the Government of India. The Provident Fund authorities have intimated as under :

(a) to (c). Although the Family Pension scheme has been introduced with effect from 1-3-71, the date for exercise of options by employees has been extended to 31st August, 1971. The scope of work load thrown on the Organisation would depend on the extent of options exercised in favour of the Scheme by 31-8-1971 as also the number of persons who would become members of the Employees' Provident Fund scheme after 1-3-71. So far no new posts have been sanctioned. The increase in workload is, however, being assessed and necessary staff will be provided to the extent justified.

Setting up of an Explosives Plant in Public Sector

1882. SHRI MAYAVAN :
SHRI MURASOLI MARAN :

Will the Minister of STEEL AND MINES be pleased to state :

(a) whether a decision has been taken to set up an explosives plant in the public sector ; and

(b) if so, its location ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAH NAWAZ KHAN) : (a) and (b). Not yet. This decision will be taken only after the examination of the feasibility report prepared and submitted recently by Engineers India Ltd. to the Government.

Lock-out in Simna Chhera Tea Estate Tripura

1883. SHRI BIREN DUTTA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government are aware that a long drawn lock-out is continuing in

Tripura tea garden known as Simna Chhera Tea Estate ;

(b) whether the tea garden labourers are suffering due to illegal lock-out ; and

(c) the steps Government propose to take to reopen the garden ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) to (c). The information is being collected and will be laid on the Table of the House after it is received.

Training to ITI Trainees in specialised Skills to Promote Self-Employment

1884. SHRIMATI BHARGAVI THANKAPPAN : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the Centre has formulated a scheme to impart Industrial Training Institution trainees additional training in specialised skills to promote self-employment ; and

(b) if so, the State-wise details regarding the percentage of apprentices undergoing such training ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) Yes.

(b) The Scheme is to be implemented by the State Governments. It was forwarded to them for taking appropriate action. The Governments of Gujarat and West Bengal have already introduced the Scheme in their States ; information in regard to the percentage of apprentices undergoing the training there is being collected from them and will be placed on the Table of the House after it is received. The Scheme is yet to be implemented in the other States.

Lock-out in Golakpur Tea Garden, Tripura

1885. SHRI BIREN DUTTA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether lock-out is continuing from March 1971 in Golakpur Tea Garden of Tripura ;

(b) whether the lock-out has been declared illegal by the Tripura Administration ; and

(c) if so, whether any compensation will be paid to the workers and employees of the garden ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) to (c). The information is being collected and would be laid on the Table of the House after it is received.

Allotment of Agricultural Land to Delhi Colonists from West Pakistan against their Claims

1886. SHRI DALIP SINGH : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the number of Delhi Colonists who are from West Pakistan and who have been allotted agricultural land in the Union Territory of Delhi so far in settlement of their claims ;

(b) whether there are still some such colonists residing in the Union Territory of Delhi whose claims have not been fully or partially settled ;

(c) if so, the names of such colonists together with their addresses ; and

(d) the total area of agricultural land, together with its break-up, village-wise, available in the Union Territory of Delhi for allotment to such colonists ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) 76.

(b) Originally the claims of all Delhi Colonists had been satisfied. Subsequently, however, due to the following developments,

out of 76 mentioned above, part claims of 15 have been reopened for settlement :

- (i) Certain areas were declared urban and the allotment of land in that area was revised.
- (ii) In certain plots of land, Bhoomidari rights were acquired by tenants and, consequently, the allotment of these plots were cancelled.
- (iii) Certain plots of land were declared as non-evacuee property on appeals or representations to higher tribunals
- (vi) The claims of certain Delhi Colonists were enhanced on examination of revenue records received from Pakistan.
- (c). The information is given in the Statement Laid on the Table of the House. [*Placed in Library See No. LT-378/71*].
- (d) The question of availability of rural agricultural land for allotment to such colonists is under examination.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

PAKISTAN'S REPORTED USE OF RAVI WATER

SHRI P. GANGADEB (Angul) : Sir, I call the attention of the Minister of Irrigation and Power to the following matter of urgent public importance and I request that he may make a statement thereon :

"Pakistan's reported use of Ravi water even after the expiry of the Agreement in April, 1970."

THE MINISTER OF IRRIGATION AND POWER (DR. K.L. RAO) : The flow in Ravi varies from year to year from 5 million acre feet to 7 million acre feet, the average flow being of the order of 6.4 million acre feet. At the time of partition, about 1.5 million acre feet of these waters were being utilised in the areas now in India.

Under the Indus Waters Treaty 1960, the entire flow of the Ravi has become available for the unrestricted use of India from 1st April, 1970

By the construction of the UBDC extension, Madhopur-Beas Link, the Harike headworks, Sirhind Feeder and partial construction of the Rajasthan Canal, additional 2.5 million acre feet is being used. When the Pong Dam is completed, due to integrated operation of the system, the works mentioned above will be capable of utilising another 1.5 million acre feet of Ravi waters. This leaves a balance of 1 million acre feet in an average year which will go down the river Ravi and this occurs mostly in monsoon months. To impound these flood waters, alternate proposals for a storage dam are under study

SHRI P. GANGADEB : In view of its national importance, the Punjab Government had made a provision of Rs. 26.61 crores for this project in the draft fourth plan, but it was rejected by the working group of the planning Commission. I want to know why the Planning Commission did not give priority for this project, knowing fully well that the utilisation of this river water would have definitely benefited the country, rather than wasting it away for such a long time ?

DR K.L. RAO : As it is, in order to complete the works we have undertaken, which will enable the utilisation of 8 million acre feet of the waters now going down the rivers, that is to say, making use of most of the waters that is now going down the river, we have got to find Rs. 210 crores more than what we have provided for in the Fourth Plan. Due to financial stringency we could not provide it. If we could further provide Rs. 90 crores we could construct a dam utilising 1 million acre feet of water from Ravi. That is why the Planning Commission correctly felt that whatever we can spare we should concentrate on building up or completing works which we have undertaken.

SHRI N. SHIVAPPA (Hassan) : Under the Indus Treaty Agreement Pakistan has received a foreign aid of R. 1,000 crores besides supply of water at the rate of about 2 million acre feet annually for the past so many years. Now the surplus water is flowing to Pakistan. After the expiry of the

[Dr. K. L. Rao]

treaty on the 1st April 1970 India has exclusive right and no obligation over the eastern rivers. According to statistical analysis and admitted technical opinion, by the Ravi waters alone 3 lakhs acres of land will become irrigable which will produce a crop worth Rs. 45 crores every year. If we want to take advantage of this potential and take up the construction of this work at the national level the completion of this project will take up another 7 to 10 years. In view of this, what financial allocation is being made by the Planning Commission and the Minister for the completion of this project on the river Ravi? This is a project which raised a controversy which was about to erupt as a war and then the World Bank took some initiative as long back as 1950 to bring the two parties to a settlement. I want to know whether the government is serious in allotting sufficient funds to finalise this project at an early stage to see that our water is not lost. Because, after the construction of the Mangla dam, according to their press notes and their own admission, Pakistan no longer needs this water whether under the transitory agreement or otherwise. They are no longer in need of this water and it is now going waste. Why should we allow this water to flow waste? Why not the government be serious in this matter? What is the amount that the government have earmarked for the construction and completion of the dam?

DR. K.L. RAO : The three rivers which are assigned to us are Sutlej, Ravi and Beas. We are using already three-fourths of their waters and only one-fourth of the water is going down the river. Now only 9 million acre-feet of water is flowing in Sutlej, Beas and Ravi in the monsoon season. By constructing and completing the dam in Beas we will be able to make use of 8 million acre-feet out of 9 million acre-feet and by constructing a dam in Ravi we will be able to make use of 1 million acre-feet. What we are trying to do is to complete the works which will require a large amount of money, the Pong dam first, so that we can utilize 8 million acre-feet. When it is constructed, the water that is lost in the monsoon will be only 1 million acre-feet in Ravi. Even in Ravi we feel that we should not leave any water unused. Therefore, we are already

having some schemes for Ravi. A scheme has been submitted by Punjab and two schemes by Himachal Pradesh. We are examining them and we hope to start these projects in the Fourth Plan by making some provisional expenditure for preliminary survey.

But the actual work will be done in the Fifth Plan.

SHRI N. SHIVAPPA : What is the estimated finance that we may require for this project?

DR. K. L. RAO : We have to find, as I submitted in the very beginning itself, another Rs. 210 crores to complete the works on the Beas itself. This we did not provide in the Plan. Beyond what we have provided in the Plan we must find another Rs. 210 crores to complete the works on the Beas. The works on the Ravi will cost us another Rs. 90 crores to Rs. 100 crores. So, in order to completely stopping the water from going down the rivers, we require Rs. 310 crores—Rs. 210 crores on the Beas, Rajasthan Canal and everything connected with it and Rs. 100 crores on the Ravi. We are now concentrating on trying to find Rs. 210 crores from outside the Plan. That is the main thing that we are trying to do now. Out of the Rs. 100 crores also, we propose to do works worth Rs. 10 crores to Rs. 15 crores in the Fourth Plan so that we can catch up with the preliminaries and finish the work in the Fifth Plan.

SHRI BIRENDER SINGH RAO (Mahendragarh) : Much needed water is still flowing down the Ravi in Pakistan when dry lands in Haryana and Rajasthan are very much in need of water. The Minister has lifelong association with projects of irrigation and power. He has stated that the works could not be completed for lack of finances. He knew ten years ago that these surplus waters of Ravi and the Beas will be available from April 1970. I would like to know from him the amount of loss that the Haryana Government is suffering on the newly constructed canals. The old canals, like the Western Jamuna Canal, are also carrying hardly 10 per cent of the full capacity in winter

months. After that, about four years ago, the Gurgaon Canal was completed. Now the Jui Canal and the Loharu Canal have been newly completed. All these works were taken up relying on the surplus Ravi and Beas waters.* There must be a huge loss that the Haryana Government is suffering because the canals are not carrying their full capacity and waters have not been available to these canals. I would like to know the extent of the loss suffered by the Haryana Government alone on the Gurgaon Canal project and on the Jui and Loharu Canal projects, calculating the interest on the huge investments and also the amount incurred on maintenance and other staff.

DR. K. L. RAO : I would not like to submit about the sharing of the waters between Punjab and Haryana. It is only when that is decided that it will be known how much is the loss that the hon. Member has asked about. There is 7.2 million acre feet of water obtained from the Ravi and the Beas to be shared. The question as to how to share this water has not yet been decided. We appointed a technical committee to give us the data. The data has come just now. Further discussions have to be held about how to divide this 7.2 million acre feet of water between Punjab and Haryana. Then only we will know how much water will go into the various canals that the hon. Member has mentioned and how much water will not go into these canals.

श्री राम सहाय पांडे (राजनंदगांव) : अध्यक्ष जी, माननीय सिंचाई मंत्री के उत्तर से ऐसा अनुभव होता है कि उनकी दशा बड़ी दीन है। किसी भी योजना के सम्बन्ध में उत्तर देते हुए वे कहते हैं कि पैसा नहीं है, साधन नहीं है लेकिन फैक्ट्स एण्ड फीगर्स और स्टैटिस्टिक्स में वे बड़े तेज हैं परन्तु उनके पास पैसा नहीं है। यह जल समझौता सन् 1960 में हुआ था और उसमें स्पष्ट था कि रावी जल सम्पूर्ण रूप से भारत को मिलेगा सन् 1970 में। इस संधि के अन्तर्गत सन् 1970 समाप्त हुआ, अप्रैल समाप्त हुआ तो फिर क्या कारण है कि जो योजनाएँ आपने ली थीं, पोंग डैम या जितनी

भी स्कीमें थीं उनको समय से पहले पूरा क्यों नहीं किया ताकि पूरा जल इस देश को मिल सके ? इसका दायित्व किस पर है ? यह प्रश्न पाकिस्तान से सम्बन्ध रखता है और यह जल हमारा है लेकिन हमको इसलिए नहीं मिल रहा है क्योंकि हमारे पास पैसा नहीं है। हमारी स्टोरेज स्कीम्स इसलिए पूरी नहीं हुई कि हमारे पास पैसा नहीं है। प्रत्येक प्रश्न पर डा० राव का यही उत्तर आता है कि पैसा नहीं है। तो यह दायित्व किस का है ? आपके पास पैसा नहीं है तो चव्हाण साहब से लीजिए, उनके पास भी न हो तो प्रधान मन्त्री जी से लीजिए या फिर अध्यक्ष जी आप ही कहीं से दिलवाइये। ... (व्यवधान) ... तो ये जो योजनाएँ पूरी नहीं हो पा रही हैं इसमें जब तक पानी और पैसा इन दोनों का समन्वय नहीं होगा तब तक पानी कभी नहीं मिलेगा। लेकिन पानी मिलना चाहिए और पैसे का कोई न कोई इन्तजाम किया जाना चाहिए वरना हर बार यही उत्तर देना कि फाइनेंस न होने के कारण जो पानी हमको मिलना चाहिए वह पाकिस्तान को मिल रहा है या बेकार जा रहा है, यह उचित नहीं है। आपको कोई ऐसी योजना बतानी चाहिए ताकि बार-बार आपकी यह जो हीनता, दीनता और अकिंचन की स्थिति है वह मिटे और इस देश को पानी मिले।

DR. K. L. RAO : I am afraid, the hon. Member is taking a very easy position in regard to finances. I am in-charge of a Ministry which only spends and incurs expenditure on both irrigation and power projects. We have got a large number of projects which we are not able to complete because of lack of money. The Planning Commission is trying to do their best and we fight with the Planning Commission to get more money. But all the same it is not possible to complete all the projects we have.

Then, unfortunately, due to various other factors like devaluation and rise in prices, the estimates have gone up heavily. For example, in the case of Beas-Sutlaj project, the cost has gone up twice.

[Dr. K. L. Rao]

The original estimate was Rs. 90 crores and now it is Rs. 180 crores. The estimates have gone up in each one of these projects. There are many factors which are outside the control of the Ministry of Irrigation and Power, like, the rise in cost and prices. If there is a tax on steel, aluminium and all that, naturally, the whole cost goes up. The cost of every project goes up. The cost of rural electrification goes up. What we can do with Rs. 10 crores ; we will not be able to do half that work.

What I submit is we are trying to do as much as possible. Take, for example, Rajasthan. What about the loss suffered by Rajasthan. The Rajasthan Canal Stage II is not yet being started. It requires Rs. 90 crores. Unless they do that, there is a loss to them. One has got to do the best with the resources available. The hon. Member talks of getting more funds and all that. We want more money. If you require the money only for irrigation and power, then you can get more. But you ask for money for everything, for education, and all that. There is a limit to that. What I submit is that it is a very serious matter. In the matter of irrigation and power, the Ministry has to go a long way and that requires money. These are the two sectors in which considerable money is being spent also.

श्री राम शेखर प्रसाद सिंह (छपरा) : माननीय अध्यक्ष जी, माननीय मन्त्री महोदय ने जवाब देते हुए कहा है कि दो तिहाई पानी का उपयोग हम करते हैं और केवल एक तिहाई हिस्सा बरसात के दिनों में बह जाता है। उन्होंने यह भी उत्तर में बताया कि रुपया बहुत लगेगा और बहुत सी दूसरी योजनायें भी कम्पलीट करनी हैं परन्तु इन योजनाओं का अन्तर्राष्ट्रीय महत्व है क्योंकि एक दूसरे देश से पानी बचा कर अपने यहां रखना है और यह बहुत जरूरी है और इसके लिए जल्दी भी करनी चाहिए। और अगर यह जरूरी नहीं है तो मन्त्री महोदय बता दें कि इस पानी की आवश्यकता नहीं है, यह पानी बेकार जाता है इसलिए पैसा लगाने की जरूरत नहीं है। चूंकि

यह एक अन्तर्राष्ट्रीय विषय है, इस देश का पानी दूसरे एक ऐसे देश में जा रहा है जिससे कि हमारे सम्बन्ध अच्छे नहीं हैं तो ऐसी स्थिति में इमर्जेंसी के तरीके पर इसको बनाने में क्या एतराज है और जो पैसे की जरूरत हो उसको इमर्जेंसी को देखते हुए खर्च किया जाये ?

DR. K. L. RAO : As I have submitted already, apart from the Fourth Plan provision that has been made for the conservation of Beas water, we require Rs. 210 crores more than what is provided in the Fourth Plan and for the control of Ravi waters by construction of the Thain Dam, we require another Rs. 90 crores. In all, Rs. 300 crores are required outside the Plan provision to be made for the Fourth Plan. If that money is found, I can assure the House that we will complete all the works and see that not a drop of water is wasted, within 5 years.

SHRI BIRENDER SINGH RAO : We are not at all satisfied by the statement of the Minister. We have a right to ask for clarification.

MR. SPEAKER : No, Sir. I am not prepared for that.

**BUSINESS ADVISORY COMMITTEE
SECOND REPORT**

**THE MINISTER OF PARLIAMEN-
TARY AFFAIRS AND SHIPPING AND
TRANSPORT (SHRI RAJ BAHADUR) :**
Sir, I beg to move :

"That this House do agree with the
Second Report of the Business Advisory
Committee presented to the House on
the 9th June, 1971."

SHRI K. S. CHAVDA (Patan) : When
I raised a question regarding the appoint-
ment of the Committee for the Welfare of
the Scheduled Castes and Scheduled Tribes,
you were pleased to say, Mr. Speaker, that
it is a question of time and it is bound to
come. I would like to know from the
Government when they are coming with
the motion for the appointment of the
Committee on the Welfare of the Scheduled
Castes and Scheduled Tribes. And, secondly,
I want to know about the re-introduction of
the Bill.

MR. SPEAKER : This is not part of
the Business Advisory Committee.

SHRI K. S. CHAVDA : It should
have come immediately after the Motion
regarding the appointment of the Public
Accounts Committee, Estimates Committee
and Public Undertakings Committee. This
is a most important Committee for the
welfare of the Scheduled Castes and
Scheduled Tribes.

MR. SPEAKER : The Minister can
reply to him later ; this does not arise out
of the present Motion. These are two
separate things. Now, the question is :

"That this House do agree with the
Second Report of the Business Advisory
Committee presented to the House on
the 9th June, 1971."

The motion was adopted.

**GENERAL BUDGET, 1971-72—GENERAL
DISCUSSION—Contd**

MR. SPEAKER : The House will now
take up further discussion on the General
Budget. Shri Satish Chandra was on his
legs.

SHRI SATISH CHANDRA (Bareilly) :
Mr. Speaker, Sir, I have come back to this
House after a long gap of nine years. I had
the privilege to be here for a decade and a
half. I find that there are now quite a
number of new faces, new traditions and a
new type of atmosphere. I am still trying
to acclimatize myself to the new environ-
ments.

I have been listening patiently to
speeches delivered from the Opposition side
including some by my erstwhile colleagues
and have found a striking similarity in
those speeches either from my friend Shri
Indrajit Gupta or Shri Shyamnandan Mishra
or for that matter from Shri Atal Bihari
Vajpayee or Shri H. M. Patel. All of them
want to have faster rate of economic growth
and appear to be anxious that we move
forward in a rapid way ; they are, however,
opposed to all fresh taxation proposals of
the Finance Minister. The pattern of
speeches made by opposition leaders lead me
to think that instead of taking any lessons
from what had happened during the past
few months including the verdict of the
electorate, they are still trying to make
political capital out of a difficult situation.

The Finance Minister has to perform a
difficult task. It is a difficult task any-
where and at any time, more so in a country
like our, which is poverty-stricken, is trying
to build up its economy after a long period
of alien rule and has not been able to shake
off completely its feudal outlook and
traditions, social prejudices, superstitions and
ignorance.

In a developing country, the task of a
Finance Minister becomes doubly difficult.
He has to make extra effort to mobilise
resources with a view to usher an era of
development, progress and prosperity.
Instead of extending sympathy to the Finance

Minister and offering constructive suggestions, he has been unreasonably subjected to unkind remarks.

My hon. friend Shri Shyamnandan Mishra said yesterday that the Finance Minister had made a wonderful gift to the Opposition and that he welcomed that gift. I am surprised that the leader of a group should, in trying to appear to be intelligent, witty and humorous, make such remarks and laugh with a sense of self satisfaction. When the wise laugh, the world laughs with them. But we saw yesterday that when he laughed, his few camp-followers just smiled with him.

SHRI R. D. BHANDARE (Bombay Central) : Smiled at him.

SHRI SATISH CHANDRA : I am glad. ..

SHRI SHYAMNANDAN MISHRA (Begusarai) : Only my hon friend was looking somewhat morose. Every other Member was laughing.

SHRI SATISH CHANDRA : I am glad that Shri Madhavrao Scindia, Shri Shyamnandan Mishra and Shri Atal Bihari Vajpayee are now the champions of the masses.....

SHRI SHYAMNANDAN MISHRA : We had been together. So, why does he say 'now' ?

SHRI SATISH CHANDRA : the champions of those who have rejected them. They try to put up brave faces in this House together with the erstwhile bureaucrats. I shall leave it at that.

In examining the budget proposals, we should keep in mind the accepted objectives. Those objectives have been enunciated ever since the attainment of Independence. The nation has to march forward on road to progress in a planned manner. My hon. friend Shri Shyamnandan Mishra knows more about it than I do, because he had been closely associated with process of planning.

In determining our objectives, we had taken care to assess the long term as well as

short-term requirements of the nation. After all, what is it that we want to achieve ? We want a rise in the national income, in the per capita income and in the general standard of living of the people.

We want to solve the unemployment problem which has so far defied solution. That can only be done if we develop our economy at a fast rate and create employment opportunities for a large number of people. We want to train technical manpower and this takes a much longer time than setting up a vast factory. We want progress oriented towards establishing a just social order. It is not merely economic growth, for the benefit of a few. The fruits of economic development have to be shared by all so that there is equitable distribution of wealth in the country. Such regions, communities and classes as are backward should have equality of opportunity to grow so that every citizen feels the sensation of being a partner in the great enterprise of building a democratic socialist structure of society.

Now, whenever even a modest step is taken to check the concentration of wealth and economic power in a few hands, the rich and the privileged classes raise a hue and cry.

I am glad that the experience gained during the last few months has brought about some change in the mental outlook of our friends in the Opposition. Not very long ago, they opposed the abolition of the privy purses of former rulers ; now they pose as champions of the downtrodden and the poor classes.

How do they want us to proceed ? They do not want taxes. They, however, plead for higher investment and faster rate of growth. They want that the needs and requirements of the people should be met. In a poor country like India, these needs and requirements are tremendous. The vastness of the country inhabited by 550 million people is a problem in itself. To give them all social justice is not an easy task. We can move towards the attainment of socio-economic objectives only slowly. If we do not lose sight of those objectives

[Shri Satish Chandra]

and take proper steps, I am quite sure we shall be able to march ahead.

Although all of us want technological development, more industries, better agriculture, trained manpower and so on, we try to oppose taxation in every shape or form. There might be differences here and there. But I am surprised that in criticising the proposals put forward by the Finance Minister, my hon. friends have not made one constructive suggestion as to how this process of economic and social development should be accelerated or how the objectives that we have in mind could be achieved. In the absence of such constructive suggestions and in the face of similar objections being raised against budget proposals by the left and the right, I am persuaded to believe that what the Finance Minister is doing is the right thing and that he has chosen the correct middle path on which alone the country can march ahead to progress.

MR. SPEAKER : Almost all the Opposition parties have exhausted their time but the DMK has got three minutes and the United Independent Group also has got three minutes. The Telangana Praja Samiti has got 22 minutes. If they do not turn up I shall distribute it among the Opposition Members. The Muslim League has got six minutes. The surplus that we save by lunch hour, I shall have that distributed too. The Congress had not enough time ; the list is very long ; 28 Members want to speak ; that will require two full days more. I think each of them can take three or four minutes just to press their points as this is the last day and Mr. Chavan is to start his reply at 4 p. m. I shall try to accommodate as many Members as possible and hope that the Deputy-Speaker will also do so.

THE MINISTER OF PARLIAMEN-
TARY AFFAIRS, AND SHIPPING AND
TRANSPORT (SHRI RAJ BAHADUR) :
You may ask the Members to confine
their observations to as few minutes as
possible, at any rate not exceeding ten
minutes.

MR. SPEAKER : If I give ten minutes,
hardly five or six Members can speak
because then the other Opposition Members'
time also will be there.

SHRI M. RAM GOPAL REDDY
(Nizamabad) : The time of the Telangana
Praja Samiti may be given to other Members
from the Telangana ?

MR. SPEAKER : Telangana Members
who fought against them ?... (*Interruptions*)

श्री एम० रामगोपाल रेड्डी : अध्यक्ष
महोदय, मैं हृदय से इस बजट का समर्थन करने
के लिए खड़ा हुआ हूँ। माननीय श्याम नन्दन
मिश्र और माननीय अटल बिहारी वाजपेयी ने
भाषण देते हुए हमारे प्रधान मंत्री का मुकाबला
श्रीमती भंडारनायके और डा० सुकर्ण के साथ
किया था। इसका मैं विरोध करता हूँ। कारण
यह है कि हमारी प्रधान मंत्री ने बड़ी मेहनत
से हमारा इमेज दुनिया के सामने पेश किया है।
उनको इस तरीके से बोलना नहीं चाहिए था।
अगर उनको हमारे प्रधान मंत्री को किसी के
साथ कम्पेयर करना ही था तो जान कैंनेडी के
साथ करना चाहिए था। उन्होंने वहाँ के लोगों
की खुशहाली और उन्नति के वास्ते तथा
उनका उद्धार करने के वास्ते बहुत काम किया
था, दरिद्र नारायण की बड़ी सेवा की थी।
हमारी प्रधान मंत्री भी जो दरिद्रनारायण हैं,
जो लोग गरीब हैं उनकी उन्नति के वास्ते जी
जान से कोशिश कर रही हैं। हमारे इन
माननीय सदस्यों ने गरीबी हटाओ का जो नारा
है, इस नारे का मजाक उड़ाने की कोशिश की
है। मैं उनको बतलाना चाहता हूँ कि गरीबी
हटाओ का नारा एक आदर्श है, एक आइडियल
है और उस आइडियल तक पहुँचने का जो
जरिया है वह यह बजट है और आगे आने वाले
बजट होंगे।

अपोजीशन की तरफ से हुए भाषणों को
मैंने सुना है। हर किसी ने यह कहा है कि
देहानों में बहुत उन्नति हो गई है और वहाँ पर
एग्रिकलचरल इनकम टैक्स लगा दिया जाए।
मैं आपको इस सम्बन्ध में आंध्र प्रदेश की
मिसाल देना चाहता हूँ। वहाँ पर एग्रिकलचर
पर इनकम टैक्स लगाया गया था इससे पहले।

तब हुआ यह कि टैक्स वसूल करने पर जो खर्चा हुआ उसका आधा भी टैक्स वसूल नहीं हुआ। बाद में इसको खत्म कर दिया गया।

अध्यक्ष महोदय, देहातों की हालत क्या है? वहां पर सम्मर में धूल ही धूल रहती है और बारिश के दिनों में इतना कीचड़ होता है कि चलना मुश्किल होता है। देहात में न रोडज हैं और न इलेक्ट्रिसिटी। आज देहात पर जो और बोझ डालने की कोशिश की जा रही है, वह गलत है। हमारे देश में देहात और सिटीज में कितना अन्तर है, यह इस बात से प्रकट होता है कि हमारे देश में जितना जी० एन० पी० है, उस का ४५ परसेंट देहात से आता है और ५५ परसेंट सिटीज से आता है, लेकिन ४५ परसेंट जी० एन० पी० को ६० परसेंट देहात के लोग खाते हैं और ५५ परसेंट को सिटीज के २० परसेंट लोग खाते हैं। देहात और सिटीज का यह अन्तर कब मिटेगा और यह डिसपैरिटी कब खत्म होगी? मनुष्य ने जमीन और चांद के अन्तर को मिटा दिया है, लेकिन हम देहात और शहरों के अन्तर को नहीं मिटा पाये हैं। इस लिए माननीय सदस्य देहात पर और बोझ डालने की बात न करें।

मैं समझता हूं कि जराअत पर कोई इनकम टैक्स नहीं लगाना चाहिए। बल्कि जमीन पर जो लगान लिया जा रहा है, वह पूरे का पूरा हटा देना चाहिए। आज शूगरकेन की प्राइस के बारे में क्वेस्चन के दौरान मैंने कहा था कि शूगर का प्राइजेशन एक साल में पांच लाख टन गिर गया है, आने वाले साल में और पांच लाख टन गिर जायेगा और दो साल के बाद लोगों को शूगर पांच रुपये किलो के हिसाब से खरीदनी पड़ेगी। श्री जगजीवन राम ने जो पालिसी अपनाई, उस का नतीजा यह हुआ कि शूगर का प्राइजेशन २२ लाख टन से ४३ लाख टन तक पहुंच गया। लेकिन अब वह ४३ लाख टन से घट कर ३८ लाख टन हो गया है और आईन्दा वह ३० लाख होने वाला है, जब कि

हमारा कनजम्प्शन ३६ लाख टन हो गया है। इस लिए जराअत के साथ इस किस्म का सलूक नहीं किया जाना चाहिए और उस पर टैक्स नहीं लगाना चाहिए।

ट्रैक्टर पर जो टैक्स लगाया गया है, वह नावाजिब है और इस की वजह से लोग ट्रैक्टर का इस्तेमाल बन्द कर देगे। पहले जमाने में इंगलैंड में हैट लगाने पर टैक्स लगाया गया था। इसका नतीजा यह हुआ कि लोगों ने हैट लगाना बन्द कर दिया और वह टैक्स खत्म हो गया। अगर ट्रैक्टर पर से टैक्स न हटाया गया, तो कोई भी आदमी ट्रैक्टर से खेती नहीं करेगा। आज हम लोग ग्रीन रेवोल्यूशन पर खुश हो रहे हैं, लेकिन अगर ट्रैक्टर पर टैक्स लगाया गया, तो हमारा प्राइजेशन गिर जायेगा। हम जानते हैं कि जहां पर ट्रैक्टर से काश्त की जाती है, वहां ज्यादा पैदावार होती है और जहां हल से काम लिया जाता है, वहां पैदावार कम होती है। अभी तक हमारे देश में ट्रैक्टर का इस्तेमाल बहुत कम है। इस लिए सरकार को थोड़े दिन तक इन्तजार करना चाहिए। जब ट्रैक्टर का इस्तेमाल ज्यादा हो जाये, तब वह उस पर टैक्स लगाये। हमारे देश में तो ट्रैक्टर का इस्तेमाल शुरू ही हुआ है। इस टैक्स का परिणाम यह होगा कि उस का इस्तेमाल बन्द हो जायेगा।

गवर्नमेंट की तरफ से स्कीम बनाई गई है कि हर एक फैमिली के कम से कम एक सदस्य को नौकरी मिले। आज हमारे मुल्क में यह हालत है कि किसी फैमिली के तो सब के सब सदस्य नौकर हैं और किसी फैमिली का एक सदस्य भी नौकर नहीं है। मैं गवर्नमेंट से इस्तदुआ करूंगा कि वह एक लैजिसलेशन लाये कि जब तक मुल्क के हर एक आदमी को नौकरी न मिल जाये, तब तक एक फैमिली के एक से ज्यादा सदस्य को गवर्नमेंट में नौकरी नहीं मिलनी चाहिए।

SHRI P. ANKINEEDU PRASADA RAO (Ongole): Sir, I rise to support the budget proposals as presented before the House by the hon. Finance Minister. I congratulate the Finance Minister for succeeding in his earnest efforts to keep the promises made to the people for which they have given a massive mandate. Sincere efforts have been made, in formulating the budget proposals, to cast the seeds for the formation of a true socialist society in this country. Our efforts should be mainly to bring down the economic inequalities and mobilise all our resources and incomes to be spent in the interests of the common man. Only then we will be able to achieve the socialist goal. In any country where true socialism has been achieved, it was not done in a day or two. It is not done as a miracle. It has to be achieved through constant efforts. It will be the same in our country also. We have to put in our efforts to mobilise our resources, bring down social inequalities and try to achieve socialism.

I welcome the taxation proposals. Most of them will affect only the affluent sections of society. I welcome the concessions announced by the Finance Minister for the lower and middle income groups. I also welcome the increases in the wealth tax, in the tax on tractors and in the surcharge on income tax. All these will hit only the affluent sections. In this budget, the Finance Minister has aimed at hitting mostly the affluent sections of society, not the poorer classes.

Allotting a substantial amount for children's nutrition is also a welcome aspect of the budget. Even though the Finance Minister may abolish the tax on maida due to the overwhelming opinion in the House, I request him not to go back on this allotment of funds for children's welfare.

The increase in the plan outlay by Rs. 155 crores this year, the allotment of Rs. 25 crores for the educated unemployed and Rs. 50 crores for rural employment, though meagre compared to our requirements, will go a long way towards building up a socialist Society.

I want to make a few suggestions. The general feeling is that public sector

undertakings are not working properly. They should become assets to the nation, not liabilities. They are the pivots of a socialistic pattern of society for achieving economic growth. We should make the managerial cadre in public sector projects and the officers cadre in the Government to realise their responsibilities and work sincerely, in tune with the interests of the nation. Then only the developmental programmes and the economic growth which we are contemplating will be successful. Until we encourage those officers who are sincere, honest and hard-working and chuck out those officers who take things easy, who are responsible for the non-implementation of the developmental programmes, we will not be able to gear up the machinery and achieve socialism in this country, because delay in administration is one of the hindrances to progress in society.

Coming to agriculture, some of the hon. Members have categorically stated that agriculture is not taxed in this budget. I personally feel that we should not criticise those who oppose taxes on agricultural production, being politically motivated, or keeping in view few affluent agriculturists, or agriculturists in fully developed agricultural areas. We must think of small farmers doing cultivation in dry lands and most of them belong to the low income group. It is a pity that these agriculturists are not having a union of their own to make a hue and cry of their plight. Their position in the society is gradually deteriorating. Because of the vagaries of nature and the impact of direct and indirect taxes their position is becoming very pitiable. In fact, most of them are trying to leave agriculture and get employment either under government or in the private sector. So, some steps should be taken by the government to protect the small farmers and agriculturists. The nationalised insurance corporations can help them by introducing crop insurance. They can also protect the farmers by assuring them a minimum price for their produce. That will go a long way to help the small farmers.

Finally, I come to a problem which is facing my own area. Recently I have seen in the papers that the farmers of Andhra have asked for a statutory tobacco board. This country is earning from tobacco Rs.

30 crores by way of excise duty and an equivalent amount as foreign exchange. But the tobacco growers are not getting a remunerative price for their produce. So, the Andhra Government put up a proposal for the establishment of a statutory tobacco board to look after the interests of the tobacco growers. For reasons best known to themselves, they have turned down this proposal. I would request the Central Government to reconsider this proposal and see that a statutory tobacco board is formed.

While concluding my speech by giving these few suggestions, Sir, I thank you for giving me an opportunity and I thank the Finance Minister for introducing a socialist budget.

SHRI N. K. SINHA (Muzaffarpur) : Mr. Speaker, Sir, I rise to extend my general support to the Budget proposals which the hon. Finance Minister has placed before this House. He has not concealed facts and with his characteristic disarming candour he has put every side of the financial picture of the country before this House. Loopholes he has pointed out, strength he has shown and there is sufficient determination to move forward with the march of time.

The country is on the move. This mass of humanity, the Indian people, is on the move. We have no doubt that the desired goal will be achieved, given time. I purposely say, given time, because our problems are difficult and it remains to be seen as to how much time is made available to the parliamentary democratic structure for solving the problems of the Indian people.

The first problem of this country, in my opinion, should be the food problem. If we solve this problem, other problems will, in my opinion, come to be solved in course of time. We have 69.5 per cent of our working force depending upon agriculture but still we have only about 20 per cent of land irrigated and 20 per cent of our villages are electrified. Our production this year has been 137 million tonnes. By 1980 we require about 190 million tonnes. To achieve this production target it is necessary that our irrigation projects are completed as early as possible.

But in this respect the progress somehow is not very encouraging. For instance, there is a project in my State, the Gandak Project, very well known in the country for its being a very cheap project and for being executed from indigenous know-how and resources. It should have been complete by now, but much of the work on this project still remains to be done.

We have heard Dr. Rao say this morning that there is a dearth of funds for irrigation projects. I do not understand why there should be a dearth of funds for such useful projects, like the Gandak Project, specially when we have now nationalised the banks. There does not seem to be any difficulty in financing irrigation projects, specially projects like the Gandak Project, with the money obtained from the nationalised banks.

The only argument that can be against this is that the rate of interest of banks is sometimes high. But the increase in food production compensates for all the expenditure that is made, even by securing money at high rate of interest for these projects. Projects, like the Gandak Project, should not be allowed to languish for want of funds. This is my first request.

The second request is this. A large area of land in my State in Tirhut was included in the first project report of the Gandak project, but now after giving some water to the eastern canal in Nepal it is felt that those areas will not be irrigated. There should be adequate funds for boring schemes to sink tubewells to cover those areas because they are chronically drought-affected.

Another point with regard to sinking tubewells is that experience has shown that these tubewells are being sunk in the fields of only rich farmers. This is leading to social tension. As we all know, 50 per cent of our population has got 17 per cent of our land. Now, if the social tensions are allowed to be created, it may endanger rural peace. Steps should be taken to see that poor people also benefit by the schemes of the Government.

This brings us closer to the problem of land reforms.....

MR. SPEAKER : He may continue after lunch. We now adjourn for lunch to re-assemble at 2 P.M.

[MR DEPUTY-SPEAKER in the Chair]

GENERAL BUDGET, 1971-72—GENERAL DISCUSSION—*Contd.*

SHRI JYOTIRMOY BOSU (Diamond Harbour) : I wish to bring to the notice of the Government through you, Sir, that a gentleman, Syed, Badrudduja, aged 75 years, has been arrested and detained without trial in the jail. His wife is weeping all the time. Even interviews are refused. Legal interviews are refused. What sort of heartless Government is this, Sir ? A man aged 75 has been arrested and detained like this. What sort of Government is this ? Would the Government look into the matter ? Could you kindly tell them, Sir, that this is not the right thing to do ?

AN HON. MEMBER : Where is the Minister ?

MR. DEPUTY-SPEAKER : The Deputy Minister is present here, Shri N. K. Sinha may continue his speech.

SHRI N. K. SINHA : I was talking about land reforms. The case in regard to a larger ceiling was based on the assumption that increase in production through higher level of mechanisation was not possible in a small plot of land. But now, thanks to research, it has been proved that the manpower requirement of a typically quadruple crop rotation is higher than that of the traditional maize-wheat rotation by as much as 300 per cent. This formulation indicates that in fact, it is basically technology which can attain a high level of productivity with higher levels of employment, provided the area covered is small. In fact, the progress made so far in the matter of land reforms in the country leaves much to be desired. We

have had about 20 Chief Minister conferences, and yet a national consensus on this issue has not been evolved. In my opinion, steps should be taken as early as possible to introduce land reforms so that the rural discontent may be controlled. Whether it is the Girijans of Andhra Pradesh or the Harijans of Bihar, it is the same position everywhere. With the influx of refugees, God alone knows what number of recruitment the Naxalities will be able to make out of them.

Since the time at my disposal is short, I would only mention a few points. With regard to unemployment, the fund so far allotted is very meagre. It is only Rs. 50 crores and Rs. 25 crores. What proportion does it bear to the revenue receipts of the Central and State Governments ? This is a national problem, a massive problem, and for solving this problem, the allotment of this paltry sum is really a pity. I would request the Finance Minister to increase the fund adequately.

We have been mentioning small-scale and rural industries in the matter of solving the problem of unemployment. But the House must be aware that the products of these small-scale and rural industries have no market and, therefore, they cannot be sold, and even Government who should be the largest purchaser of these products are reluctant to purchase the products of these small-scale and rural industries. I think that this will tell very much upon the expansion of rural and small-scale industries.

With regard to public sector undertakings, the sooner the inefficiency goes, and the sooner the losses are made up, the better it would be. They represent our hopes and aspirations. But the way they are being managed leaves much to be desired. The management style has to change ; and the trade union organisations also have to revise their attitude. A clear thinking has to be made with regard to the public sector undertakings. It is a pity that our public sector undertakings cannot supply the materials which the railways require. Recently, we saw in the papers that the railways were going to set up three factories for producing their own wheels, axes and traction bearings. What is the guarantee that if the trade unions behave as they

behave; sometimes, these plants of the railways will not meet the same fate as our other public sector undertakings? Therefore, I plead that the losses that we are incurring in the public sector should be made to disappear as early as possible.

With regard to Bangla Desh, I would submit that it is a case where clear thinking is required. We must be ready not for 5 million, but we should be ready for about 10 million people to come to this country. How is it that in the political spectrum of the world, we are almost alone in this country? Where do we go now from here? This requires thinking not only in the Rehabilitation Ministry but also in the External Affairs Ministry. It is a strange thing that we become friendless whenever such an occasion arises.

With regard to taxes, my hon. friends have already mentioned about maida and cloth and other things. I hope that the Finance Minister will consider these suggestions.

With regard to agricultural income-tax, I would like to submit that in some States, agricultural income is already taxed under State Acts. If we are to tax agricultural income here, then it would mean that the same person will be taxed for the same income at two places. I hope that the Finance Minister will take care to see that the same person is not taxed for the same income at two places.

श्री जांबुवंत धौटे (नागपुर) : उपाध्यक्ष महोदय, संक्रमण काल के उत्तरार्थ में से हमारा भारत गुजर रहा है। ऐसी अवस्था में किस वक्त हमारे ऊपर, हमारे भारतवर्ष के ऊपर आपत्ति आयेगी, यह कहना बड़ा मुश्किल है। इसी पार्श्वभूमि में इस देश में मध्यावधि चुनाव हुए और उसमें सत्ता कांग्रेस ने कई आश्वासन जनता को, इस देश के आप लोगों की दिये। गरीबी हटाओ उस में का बहुत प्यारा नारा रहा।

एक माननीय सदस्य : नारा नहीं, आदर्श।

श्री जांबुवंत धौटे : आदर्श सही। एक बड़ा प्यारा स्लोगन गरीबी हटाओ का दिया।

इस लिए इस देश की जनता की, आम तौर पर मजदूरों की, मेहनतकश लोगों की अपेक्षा शासनकर्त्तियों से, पार्टी इन पावर से, ऊंची उठी। इस पार्श्वभूमि में, जब हम संक्रमण काल से चल रहे हैं, टुकड़े टुकड़े के लिए गरीब मोहताज हैं, यह बजट लाया गया है। जब यह बजट लाया गया है तब हमारे सारे लोगों की अपेक्षाएँ ऊंची उठी हैं और ऐसी अवस्था में हम इस बजट में समाजवाद खोजते हैं। इस बजट में समाजवाद कहाँ है, यह हम खोजते हैं। लोगों को इस बजट में समाजवाद दिखता नहीं है, लेकिन जो हमारी अर्थ-व्यवस्था है वह न पूँजीवादी अर्थ-व्यवस्था है। और न समाजवादी अर्थ-व्यवस्था है, न ही कोई फौजी अर्थ-व्यवस्था है। तीनों को मिलाकर जो संकर होता है ऐसी हमारी मिश्रित अर्थ-व्यवस्था है और ऐसी मिश्रित अर्थ-व्यवस्था में इसी प्रकार का बजट लाया जा सकता है।

मेरा कहना है कि यह बजट एक ठीक बजट है, आज की आर्थिक-स्थिति में, मिश्रित अर्थ-व्यवस्था में, इस के सिवा दूसरी तरह का बजट नहीं लाया जा सकता था। बजट हर साल आता है लोक सभा में और विधान सभाओं में, और उस के ऊपर टीका टिप्पणी भी होती है विरोधी दल की ओर से। जब हमारी प्रान्तीय सरकारें स्थापित हुई थीं उस वक्त भी जो बजट लाया गया था उस की अपोजीशन की तरफ से, जो कांग्रेस का अपोजीशन था, लोगों ने टीका टिप्पणी की थी। उसका कारण यह है कि मिश्रित अर्थ-व्यवस्था में हम समाजवादी बजट नहीं ला सकते। उस का मिक्चर कर के, खच्चर कर के, जो बजट आता है वह बजट इस वक्त आया है। इस बजट में जब हम समाजवाद ढूँढने की कोशिश करते हैं उस वक्त हम पाते हैं कि इस बजट का ढाँचा तो समाजवादी है, लेकिन उस की आत्मा पूँजीवादी है। ढाँचा समाजवादी और आत्मा पूँजीवादी। हमारे देश की हालत भी यही है कि हम समाजवाद के बारे में बोलते

[श्री जे० बी० धोटे]

हैं तो बहुत जोरों से समाजवाद कहते हैं लेकिन हम पूंजीवादी रास्ते से गुजर रहे हैं। जब हम समाजवाद की बात बोलते हैं और पूंजीवादी रास्ते से जाते हैं तो फिर वही याद आता है कि हिन्दुस्तान हमारा, चीनो अरब हमारा, सारा जहाँ हमारा, लेकिन रहने को घर नहीं है। बोलते समाजवाद हैं, लेकिन जिस रास्ते से हम जाते हैं वह 100 प्रतिशत पूंजीवादी रास्ता होता है। इसीलिए मैं कहता हूँ कि इस बजट का ढाँचा समाजवादी है और आत्मा पूंजीवादी है।

आज हमारे देश की अवस्था ऐसी है कि हम अपने देश में जब बार-बार समाजवाद का नारा सुनते हैं तो देखते हैं कि सारी पार्टियाँ समाजवाद बोलने लगीं। सारी कम्युनिस्ट पार्टियाँ, जो तीन खेमों में बंटी हुई हैं, वह भी समाजवाद कहते हैं, पी० एस० पी० भी समाजवाद कहती है, एस० एस० पी० भी समाजवाद कहती है।

एक माननीय सदस्य : जनसंघ ?

श्री जाम्बुवंत धोटे : जनसंघ भी समाजवाद कहता है, हिन्दू महा सभा भी हिन्दू समाजवाद की बात कहती है। केवल स्वतन्त्र पार्टी समाजवाद की बात नहीं कहती। आम जनता इस को अपनी तरह से समझ लेगी यह अलग बात है। पार्टी इन पावर तो समाजवाद कहती ही है, नारा ही लगाती है, हमारी पार्टी फावर्ड ब्लाक भी समाजवाद की बात कहती है, सारे लोग समाजवाद की बात कहते हैं, चिल्ला चिल्ला कर कहते हैं कि हम समाजवादी हैं। आप को शायद पता होगा कि बिड़ला साहब भी समाजवाद बोलते हैं, टाटा भी समाजवाद बोलते हैं। इतना ही नहीं, सुखाड़िया साहब भी समाजवाद कहते हैं, आम्बेडकर के मुख्य मंत्री श्री ब्रह्मानन्द रेड्डी भी समाजवाद कहते हैं और महाराष्ट्र के मुख्य मंत्री आदरणीय श्री वसन्तराव नायक भी कहते

हैं कि वह समाजवादी हैं। आप को मालूम होगा कि जो इस देश की पन्चप्रधान श्रीमती इन्दिरा गांधी हैं उन्होंने लैंड रिफार्म के बारे में एक वक्तव्य दिया था कि सीलिंग के ऊपर फिर से विचार होना चाहिए और परिवार की परिभाषा होनी चाहिये। उस वक्त आप को याद होगा कि यही ब्रह्मानन्द रेड्डी, सुखाड़िया और महाराष्ट्र के आदरणीय मुख्य मंत्री वसन्तराव नायक ने कहा था कि इस सीलिंग के सवाल पर हमारा विरोध है। इतना ही नहीं, प्रधान मंत्री के खेमे में महाराष्ट्र के मुख्य मंत्री ने यह सुझाव दिया था कि वह जान की बाजी लगा देंगे, और इस को महाराष्ट्र के मुख्य मंत्री ने कभी भी कंट्राडिक्ट नहीं किया। यह स्थिति है। ऐसी अवस्था में हमारे आदरणीय मुख्य मंत्री महाराष्ट्र में क्या क्या कहते हैं यह भी सुनिये। नागपुर में उन की एक तकरीर हुई और खुली सभा में उन्होंने कहा...

SHRI ANANTRAO PATIL (Khed) : Why should be bring personalities ? He should speak on the budget and on the taxation proposals.

श्री जाम्बुवंत धोटे : जनरल बजट क्या होता है यह उन्हें मालूम नहीं। वह यहां पर महाराष्ट्र के मुख्य मंत्री के रिप्रेजेन्टेटिव हैं, वह उन की नुमाइन्दगी करने वाले हैं। नागपुर में जो तकरीर हुई महाराष्ट्र के मुख्य मंत्री श्री वसन्तराव नायक की उस में खुली सभा में उन्होंने कहा कि गरीबी पूर्व जन्म का पाप है। गरीब लोग आज इसलिए गरीब हैं कि उन्होंने पूर्वजन्म में पाप किया है।

SHRI ANANTRAO PATIL : I challenge you.

SHRI JAMBUWANT DHOTE : I accept the challenge.

गरीबी हमारे पूर्व जन्म का पाप है। मैं आप की ओर से उन से पूछना चाहता हूँ कि किस समाजवादी किताब में, ग्रन्थ में श्री वसन्त

राव नायक ने वह सिद्धान्त पढ़ा है कि गरीबी पूर्वजन्म का पाप है। जब नारा लगाया जाता है, घोषणा की जाती है गरीबी हटाओ की, उसी वक्त हजारी लोगों के सामने महाराष्ट्र के मुख्य मंत्री कहते हैं, कि गरीबी पूर्व जन्म का पाप है। जिस वक्त उन्होंने यह वक्तव्य दिया उस वक्त मामला बिगड़ गया, लोग खोल उठे लाठी चार्ज भी हो गया। ऐसी स्थिति में वह समाजवाद की बातें करते हैं, वह समाजवादी बने हैं और समाजवादी बने घूम रहे हैं। जमींदारी नष्ट हुई तो इस देश में फसल अच्छी नहीं होगी, यह भी एक सिद्धान्त वे इस देश में लाये। जमींदारों के नुमाइंदे गरीबी हटाओ का नारा देकर पार्टी इन पावर में आ कर जमे हुए हैं, और एक नमूना तो आप ने देख ही लिया है हमारे मित्र का।

श्री अनन्तराव पाटिल : दाढ़ी का त्याग नहीं कर सकते हैं और कहते हैं कि हम समाजवादी हैं।

श्री जांबुवंत घोटे : यदि उन्होंने हज्जाम का काम शुरू कर दिया तो मैं दाढ़ी मुंडवा लूंगा। लेकिन मैं उस प्रोफेशन का आदर भी करता हूँ।

जब आप गरीबी हटाओ का नारा लगाते हैं तो एक मुख्य मंत्री है जो कहता है कि गरीबी पूर्व जन्म का पाप है। ताजमहल के ऊपर बहुत से शायरों ने शायरी की है और बहुत कुछ लिखा है। लेकिन एक शायर ने जो कुछ कहा है वह मैं आपको सुनाना चाहता हूँ :

दौलत का सहारा लेकर एक शहनशा ने
हम गरीबों की मुहब्बत का उड़ाया है
मजाक।

यही चीज महाराष्ट्र के मुख्य मंत्री श्री बसन्त राव श्री नायक ने की है जब उन्होंने यह कहा है कि गरीबी पूर्व जन्म के पापों का नतीजा

है। ऐसा कह कर उन्होंने गरीबों की बेइज्जती की है, हमारी मजाक उड़ाई है।

गरीबी हटाओ के संदर्भ में इस देश की लाडली प्रधान मंत्री श्रीमती इंदिरा गांधी का भी एक स्टेटमेंट आया है। उन्होंने उस तकरीर में कहा है कि हम गरीबी हटा रहे हैं अमीरी नहीं। गरीबी और अमीरी में जो फासला है उसको हमें कम करना है। यह हमारा खास उद्देश्य है। अगर हम गरीबी हटाना चाहते हैं तो हम को अमीरी भी हटानी पड़ेगी। जब तक अमीरी हम नहीं हटाते हैं तब तक गरीबी नहीं हट सकती है। हमारा पहला स्लोगन यह होना चाहिए आज यदि हम समाजवादी होने का दावा करते हैं और समाजवाद की बात करते हैं कि अमीरी भी हम हटायें और गरीबी भी हम हटायें। अमीरों के खिलाफ भी हमें आवाज बुलन्द करनी होगी और इसके लिए घोषणा करनी होगी कि अमीरी हटाओ।

महाराष्ट्र के मुख्य मंत्री श्री नायक के बारे में मैंने जो कहा है उसको लेकर उनके एक नुमाइन्दे ने जवाब देने की कोशिश की है। मैं आह्वानपूर्वक कहता हूँ इस वक्त कि अपने आपको समाजवादी कहने वाले श्री बसन्त राव जी नायक के पास ढाई हजार एकड़ जमीन है। इसको मैं रिकार्ड के आधार पर साबित कर सकता हूँ। पचासों ट्रक्स उनके चलते हैं। अनेकों ट्रैक्टर हैं। अंगूर के बगीचे उन्होंने लगवा रखे हैं। इस सब का रिकार्ड है।

SHRI ANANTRAO PATIL : Sir, if an hon. Member makes—

MR. DEPUTY-SPEAKER : Order, please. I will hear you. Now, the hon. Member has taken almost 15 minutes. Let him conclude. Let me first hear the point of order.

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : Sir, I am sorry that he has brought in the

[Shri Raj Bahadur]

name of Shri Naik. He is not in the House and allegations are made against him. If it had not been his maiden speech, perhaps I would have drawn your attention to stop it. I understand this is his maiden speech and therefore I did not stand up. But I think it is all out of order to make an allegation against a person who is not in the House.

MR. DEPUTY-SPEAKER : Just a minute. Now, we have freedom of speech in this House, but also we have certain conventions that it is not desirable to refer to a person when he is not here to defend himself. The hon. Member has made a reference, and I would request him to kindly stop at that. Do not proceed further, and conclude your speech.

श्री जांबुवंत धोटे : जब गरीबी हटाओ की बात होती है तो उस वक्त महाराष्ट्र में ही एक शादी होती है जोरों के साथ शंकर राव मोहित के घर की। उस में बड़े-बड़े नेता लोग सम्मिलित होते हैं। उस शादी में करीब डेढ़ लाख लोगों को खाना खिलाया गया, इतना ही नहीं हुआ। लेकिन लोगों को ठंडा पानी पीने के लिए मिले, इसके लिए कुयें के अन्दर बर्फ डाली गई, कुआँ बर्फ से भर दिया गया ताकि लोगों को पीने के लिए ठंडा पानी मिल सके। आटे को बनाने के लिए, उसको मलने के लिए हाथी लाए गए। बदकिस्मती की बात यह है कि हमारे योजना मंत्रालय में राज्य मंत्री श्री धारिया भी वहाँ मौजूद थे। मुझे और अधिक इसके बारे में कुछ नहीं कहना है। उनको सब मालूम है।

ऐसी अवस्था में मेरा कहना यह है कि गरीब टुकड़ों टुकड़ों के लिए मुहताज हों, दाने दाने के लिए मुहताज हों, उनके खाने का कुछ इन्तजाम न हो, वे भीख मांगते फिरते हों, टुकड़े मांगते फिरते हों, उनके बच्चे चीखते चिल्लाते हों, यदि उन गरीबों की गरीबी दूर करने तथा उनको ऊपर उठाने के लिए हम कुछ नहीं कर सके तो यह जो हालत है यह कायम नहीं रह सकती है, जो अवस्था है वह

कायम नहीं रह सकती है और एक दिन आएगा कि सारे लोग उठेंगे और इनक्लाब ही नहीं बल्कि खूनी इनक्लाब होगा। खूब बरदाश्त कर लिया है उन्होंने। मैं कहूंगा।

अन्त न देखो गरीबों का ज्वालामुखी भड़क जाएगी। गरीबों का अन्त आपको नहीं देखना चाहिए। उनमें जो ज्वालामुखी उठ रही है वह भड़क जाएगी और आपका गरीबी हटाओ का नारा कुछ नहीं कर सकेगा।

श्री मोहम्मद ताहिर (पूर्णिया) : जनाब डिप्टी स्पीकर साहब, जो बजट पेश किया गया है यह घाटे का बजट है। आम तौर पर घाटे के बजट ही पेश किए जाते हैं। लेकिन इसकी मुझे फिक्र नहीं है। घाटे तो होते हैं और पूरे होते ही रहते हैं।

मैं समझता हूँ कि बजट बनाते वक्त फाइनेंस मिनिस्टर ने इलैक्शन मैनिफेस्टो का खयाल नहीं किया। उसका खयाल उनको करना चाहिए था और उसकी रोशनी में बजट बनाना चाहिए था। लोग गरीबी हटाओ के बारे में बहुत कुछ कहते हैं। मेरा खयाल है कि यह शायद मुम्किन नहीं है। आप हाथ की पाँच उंगलियाँ देखें। छोटी बड़ी सब तरह की उंगलियाँ हैं। इस वास्ते मैं समझता हूँ कि अमीर भी रहेंगे, गरीब भी रहेंगे, सब रहेंगे। असली चीज यह है कि गरीबों से हमें मुहब्बत करनी चाहिए। अगर फाइनेंस मिनिस्टर के खयाल में यह बात होती तो मैं समझता हूँ कि सब से पहला काम बजट में वह यह करते कि ओल्ड एज पेंशन के लिए प्राविजन हो। इस मुल्क में ऐसे लोग हैं जो बूढ़े होने की वजह से काम नहीं कर सकते हैं, उनके पास खाने पीने का कोई इन्तजाम नहीं है। उनके लिए पेंशन होनी चाहिए थी। मुझे अफसोस के साथ कहना पड़ता है कि यह बजट इससे खाली है। अगर आज इस बजट में इसका प्राविजन कर दिया जाता तो मुखालिफ सबका मुँह बन्द हो जाता और कोई आवाज नहीं उठा सकता था।

हमारे फाइनेंस मिनिस्टर ने माइनोरिटीज के वास्ते कोई प्राविजन नहीं किया है। इस इलैक्शन में आवाज उठाई गई थी कि इंदिरा को हटाओ और गरीबी को दूर करो। लेकिन इस मुल्क के लोगों ने यह तय किया कि इंदिरा को रखो और गरीबी को हटाओ। इस में हमारी माइनोरिटीज ने, क्रिस्चियन ने, मुस्लिम ने, सिखों ने, हरिजनों वगैरह ने, दिल खोल कर मौजूदा हुकूमत की मदद की है। माइनोरिटीज के बारे में इलैक्शन मैनिफेस्टो में जो कहा गया है उसका भी खयाल नहीं किया गया। माइनोरिटीज पर कितने ही जुल्म इस मुल्क में होते रहते हैं। उसके बारे में इन्होंने एक लफ्ज भी नहीं कहा है। कांग्रेस ने इसके बारे में कहा था :

“The Congress has determined that this shall not happen in this country.”

कांग्रेस ने यह ऐलान किया कि वह इस बात के लिए डेटरमिन्ड है कि मुल्क में माइनोरिटी के लोगों को कोई तकलीफ नहीं होगी और कोई फसाद नहीं होगा। लेकिन इस बजट में इग सिलसिले में कोई प्राविजन नहीं है, जिस से यह मालूम हो कि गवर्नमेंट माइनोरिटीज के लिए कुछ करने जा रही है। इसलिए मैं यह सजेस्चन देता हूँ कि प्राइम मिनिस्टर एक माइनोरिटी कौंसिल कांस्टीट्यूट करें, जिस के चेयरमैन वह खुद हों। तब माइनोरिटीज के लिए कुछ काम हो सकता है।

रेफ्यूजीज के बारे में जिस किस्म की बातें होती हैं, उन से ऐसा मालूम होता है कि कुछ लोगों को गवर्नमेंट से खास दुश्मनी है। इस मुल्क में पचास लाख—ज्यादा से ज्यादा पचपन लाख—रेफ्यूजीज आये होंगे। इस मुल्क का आबादी कितनी है?—पचपन करोड़। क्या यह मुमकिन नहीं है कि एक आदमी या एक फैमिली एक रेफ्यूजी का इन्तजाम अपने जिम्मे ले ले। मैं आफर करता हूँ कि मैं एक रेफ्यूजी के खाने, कपड़े, रहने वगैरह का सब इन्तजाम करने के लिए तैयार हूँ। अगर मुल्क के सब लोग ऐसा करें, तो फिर हमें मदद के लिए अमरीका, ब्रिटेन और रशा के पास जाने की क्या जरूरत है? इन रेफ्यूजीज का इन्तजाम करना हमारा काम है और हम कर सकते हैं।

جو بحث پیش کیا گیا ہے وہ گھائے کا بجٹ ہے عام طور
پر گھائے کے بجٹ ہی پتہ کئے جاتے ہیں۔ لیکن اس کی
مجھے فکر نہیں ہے۔ گھائے تو ہوتے ہیں اور پورے
ہوتے ہی رہتے ہیں۔

میں سمجھتا ہوں کہ بجٹ بناتے وقت فائینانس
منسٹر نے ایکشن مینی فیٹو کا خیال نہیں کیا۔ اس کا
خیال کرنا چاہیئے تھا۔ اور اس کی روشنی میں بجٹ بنانا چاہیئے
تھا۔ لوگ غریب ہٹاؤ کے بارے میں بہت کچھ کہتے ہیں۔ یہ
خیال ہے کہ یہ شاید ممکن نہیں ہے۔ آپ ہاتھ کی پانچ انگلیاں
دیکھیں۔ چھوٹی بڑی سب طرح کی انگلیاں ہیں۔

اس واسطے میں سمجھتا ہوں کہ امیر بھی رہیں گے اور غریب
بھی رہیں گے۔ سب رہیں گے۔ اصلی چیز یہ ہے کہ غریبوں
سے ہمیں محبت کرنی چاہیئے۔ اگر فائینانس منسٹر کے خیال
میں یہ ہوتا تو میں سمجھتا ہوں کہ سب سے پہلے کام وہ بجٹ
میں یہ کرتے کہ اولڈ ایج پنشن کے لئے پروویڈ کیا جوتا۔
اس ملک میں کتنے ہی بوڑھے لوگ ہیں۔ ایسے لوگ ہیں
جو بوڑھے ہونے کی وجہ سے کام نہیں کر سکتے بڑبا۔ ان
کے پاس کھانے پینے کا کوئی انتظام نہیں ہے۔ ان کے لئے
پنشن ہونی چاہیئے تھی۔ مجھے افسوس کے ساتھ کہنا پڑتا
ہے کہ یہ بجٹ اس سے خالی ہے۔ اگر آج اس بجٹ میں
اس کا پروویڈن کر دیا جاتا تو سب مخالفوں کا منہ بند
ہو جاتا۔ اور کوئی آواز نہیں اٹھا سکتا تھا۔

ہمارے فائینانس منسٹر نے اقلیت کے واسطے

کوئی پروویژن نہیں کیا ہے۔ اس الیکشن میں آواز اٹھائی گئی تھی کہ اندرا کو ہٹاؤ اور غربی کو دور کرو۔ اس ملک میں لوگوں نے یہ طے کیا کہ اندرا کو رکھو اور غربی کو کو ہٹاؤ۔ اس میں ہماری اقلیت نے کرجنر نے۔ مسلمز نے۔ ہریجنوں وغیرہ نے دل کھول کر موجود حکومت کی مدد کی ہے۔ اقلیت کے بارے میں الیکشن مینیفیسٹو میں جو کہا گیا تھا اس کا بھی خیال نہیں کیا گیا اقلیت پر کتنے ہی ظلم اس ملک میں ہوتے رہتے ہیں۔ اس کے بارے میں انہوں نے ایک لفظ بھی نہیں کہا ہے۔ کانگریس نے اس کے بارے میں کہا تھا:

“The Congress has determined that this shall not happen in this country.”

کانگریس نے یہ اعلان کیا کہ وہ اس بات کے لئے ڈیٹرمینڈ ہے کہ ملک میں اقلیت کے لوگوں کو کوئی تکلیف نہیں ہوگی اور کوئی فساد نہیں ہوگا۔ لیکن اس بجٹ میں اس سلسلے میں کوئی پروویژن نہیں ہے جس سے یہ معلوم ہو کہ گورنمنٹ اقلیت کے لئے کچھ کرنے جا رہی ہے۔ اس لئے میں یہ سمجھتا ہوں کہ پرائم منسٹر ایک مائینورٹیز کونسل کونسیٹیوٹ کریں جس کی چیئرمین وہ خود ہوں تب اقلیت کے لئے کچھ کام ہو سکتا ہے۔

رفیجز کے بارے میں جس قسم کی باتیں ہوتی ہیں ان سے ایسا معلوم ہوتا ہے کہ کچھ لوگوں کو گورنمنٹ

سے خاص دشمنی ہے۔ اس ملک میں پچاس لاکھ زیادہ سے زیادہ بچپن لاکھ رفیجز آئے ہیں۔ اس ملک کی آبادی کتنی ہے۔ بچپن کو ڈر کیا یہ ممکن نہیں ہے کہ ایک آدمی یا ایک فیملی ایک رفیجز کا انتظام اپنے ذمے لے لے۔ میں آفر کرتا ہوں کہ میں ایک رفیجز کے واسطے کھانا، کپڑے رہنے وغیرہ کا سب انتظام کرنے کے لئے تیار ہوں۔ اگر ملک میں سب لوگ ایسا کریں تو پھر ہمیں مدد کے لئے امریکہ، برطانیہ اور رشتیا کے پاس جانے کی کیا ضرورت ہے۔ ان رفیجز کا انتظام کرنا ہمارا کام ہے اور ہم کام کرتے ہیں۔]

DR. KAILAS (Bombay South): Sir, the Finance Minister, in fulfilment of his commitment made on the 24th March of this year while presenting his budget for 1971-72, has presented this budget for the overall growth of economy of this country.

SHRI PILOO MODY (Godhra): How?

DR. KAILAS: I am going to explain that. The criticism of the opposition seems to be politically motivated, though I must say that some useful suggestions have been given by the opposition also.

We are committed to bring down the prices, stabilise the prices, reduce the disparity between the rich and the poor and create avenues for employment for both educated and uneducated people. Since these conditions are fulfilled by this budget, I say that this budget is well-planned as it has given incentive to industrial growth; it has created vigilance of property conveyance; it has given scope for long-term savings and measures to prevent tax evasion; it has provided a ceiling on company remuneration and still proposals of wealth-tax and

deterrent check on unnecessary foreign travels. I must also congratulate the Finance Minister for not touching the electronic industry such as television, radio as also refrigerator because these industries need help for many many years to come not only to sustain the internal demand but also for export to earn foreign exchange.

The Budget is a socialistic one, provided the levy on maida, soaps, coarse cloth and petrol is withdrawn. The middle class during the last 23 years of independence has been crushed and I feel the burden of these levies will be falling directly on the middle class people, specially when I talk of petrol. I know, it is the middle class people who use taxis, because they cannot afford a vehicle or a car. If levy on petrol is not withdrawn, it is going to create a vicious circle. Hence, I appeal for the consideration of the Finance Minister that he should consider withdrawal of the levy on petrol also.

During the mid-term election high hopes had been created among the common man. If duty on maida, soaps, coarse cloth and petrol is removed. I am sure, those hopes, which are almost dying down, will be revived. We want people to have active participation in the developmental activity of this country and of this Government. I am sure, once these measures which I have suggested are taken, the affection, the love and the confidence of the common man will revert back to the Government, under the leadership of Smt. Indira Gandhi.

The tax on maida will bring in Rs. 7.4 crores, on soaps Rs. 2.5 crores, on coarse cloth about Rs. 2 crores and on petrol Rs. 36.3 crores. I do not want that, when the duty on maida is withdrawn, the nutrition programme of children should be withdrawn forthwith. It should not be done. Hence, another liability for implementing this scheme will be on the Central Government at the tune of Rs. 9.2 crores. That makes a total of Rs. 57.4 crores. If these measures are taken, the gap of Rs. 220 crores should not be widened but we should try to get this lessened. But when I am asking for the withdrawal of these taxes, naturally, the

gap will be widened. Hence I am making a few suggestions.

The rich farmers and those rich people, who have almost their business on the agricultural farms are earning lakhs of rupees per year and are not being taxed. Most of their black money has gone into the development of these farms. They must be taxed. Secondly, advertisements on TV should be considered. I am sure, when TV goes to Srinagar, Calcutta, Madras and Bombay, almost Rs. 2 lakhs to Rs. 3 lakhs per day will be the income out of this. Thirdly the entry to the aerodromes is put at Re. 1/- today. Let this be increased to Rs. 2/-.

MR DEPUTY-SPEAKER : You can send these suggestions to the Finance Minister.

DR. KAILAS : One thing more and I will take my seat. The public undertakings, according to me, should have earned by now. There is much criticism, almost from every quarter, including Members belonging to the ruling party, but nothing is being done to augment their profit or earnings to wipe out losses I suggest, a ministry may be created to look after the public undertakings so that these may perhaps be looked after very well.

Sir I feel government expenditure should be reduced ruthlessly. For this austerity measure, it should begin specially from our ministers. I am sorry to say as I belong to the same party that it hurts me when I hear our ministers called modern rajas and maharajas. I cannot understand this why this is not practised. In future let us hope this is not uttered by the people and the press.

May I request the Finance Minister to issue instructions to income-tax officers to consider an assessee as an honest person until and unless he is proved otherwise. This is the way we can collect more taxes. If this is the belief that people are not prepared to pay, how are thousands of charitable institutions running and how are crores of rupees being paid by rich people to run them. By such instruction, I am sure corruption will be minimised to a great extent.

[Dr. Kailash]

I wanted to say a few words more but I have no time.

श्री परिपूर्णानन्द पैन्गूली (टिहरी गढ़वाल) : उपाध्यक्ष महोदय, मैं इस बजट का समर्थन करता हूँ और यह निवेदन करना चाहता हूँ कि हमारे विरोधी दल के भी कुछ लोगों ने यह स्वीकार किया है कि विकास की प्रगति जारी रहनी चाहिए। उन्होंने यह भी स्वीकार किया है कि देश में सुरक्षा के लिए जो पैसा रखा गया है वह कम है। वह यह भी स्वीकार करते हैं कि बंगला देश पर पाकिस्तानी सैनिक शासन ने जो अत्याचार किया है उस के फलस्वरूप जो स्थिति पैदा हुई है उस का सामना करने के लिए साधन कम जुटाए गए हैं। किन्तु यह सब होने के बावजूद हमारे विरोधी सदस्य कहते हैं कि कर अधिक लगाया गया है। मेरा यह निवेदन है कि अगर कर अधिक सम्पन्न वर्ग पर लगाया जाता तो अधिक अच्छा होता। आज लिगोटी पहन कर हल चलाने वाले व्यक्ति पर भी कर लगाया गया है जो उस की सीमा के बाहर है। बहुत सा धन हमारे देश में ब्लैक मनी के रूप में सर्कुलेट होता है। 25 अरब से 30 अरब रुपये तक इस तरह से सर्कुलेट होते हैं। इनकम टैक्स का बकाया करीब 9 अरब रुपये है और इसी प्रकार बहुत सी ऐसी मद हैं जिन पर कि इनकम टैक्स लगाया ही नहीं गया है। यदि यह सब धनराशि सरकार एकत्रित करने के लिए अपने साधनों का उपयोग करे तो पैसे का अभाव नहीं हो सकता है। वस्तुस्थिति यह है कि देखा यह गया है कि प्रत्येक वर्ग से पैसे की वसूली की जाय।

प्लान के अन्दर जहाँ तक पहाड़ी क्षेत्रों का सम्बन्ध है मैं यह निवेदन करना चाहता हूँ कि आप की प्लानिंग लद्दाख से लेकर नेफा तक लगभग असफल रही है। इस प्लानिंग में आमूलचूल परिवर्तन करने की आवश्यकता है। वहाँ की जनता की आवश्यकता और उस की आकांक्षा के अनुरूप प्लानिंग का स्वरूप बनना

चाहिए। उस की प्रायोरिटीज नये सिरे से फिक्स होनी चाहिए और वहाँ जो कर्मचारी रखे जायें, जो अधिकारी सरकार वहाँ रखे वह ऐसे लोग हों जो निष्ठापूर्वक वहाँ काम कर सकें और लोगों की आवश्यकता को समझ सकें। मिसाल के रूप में मैं कहना चाहूँगा कि हिन्दुस्तान के 200 जिले बैंकवर्ड घोषित किए गए हैं। उन में से 36 जिले उत्तर प्रदेश के हैं और उन में भी सब से नीचे की सीढ़ी पर पांच जिले उत्तर प्रदेश के पहाड़ी क्षेत्र के हैं। उन में से टिहरी गढ़वाल जिला जिस की पर कैपिटल इनकम हिन्दुस्तान में लोएस्ट है उस को मैं रेप्रेजेंट करता हूँ। इसलिए मेरा निवेदन है कि पहाड़ी जिलों का नियोजन पूरे तौर से बदला जाय और मंत्री महोदय विशेष रूप से इस की ओर ध्यान दें।

कैश प्रोग्राम की बात कही गई है और बेरोजगारी को मिटाने की बात कही गई है। दूसरी पंच वर्षीय योजना के आरम्भ में 35 लाख आदमी बेरोजगार थे और चौथी पंच वर्षीय योजना के आरम्भ में 1 करोड़ हो जायेंगे जिस में से 70 लाख आदमी गांवों के हैं। गांवों की बेरोजगारी दूर करने के लिए जो कैश प्रोग्राम शुरू किया गया है मैं विनम्रता पूर्वक कहना चाहता हूँ कि कैश प्रोग्राम टैस्ट वर्क का ही दूसरा रूप है और जहाँ तक पहाड़ी क्षेत्र का सवाल है मैं नहीं समझता कि पहाड़ में यह योजना सफल हो पाएगी। आवश्यकता इस बात की है कि कैश प्रोग्राम में उत्पादन बढ़ाने वाली वस्तुओं को श्रीगणेश किया जाय। आज जो इस प्रकार कैश प्रोग्राम के नाम पर काम शुरू किया गया है वह अधिक सफल नहीं होने वाला है।

अन्त में मैं यह निवेदन करना चाहता हूँ कि जहाँ तक पहाड़ के क्षेत्र का सवाल है वहाँ से सारा कच्चा माल चाहे वह खनिज पदार्थ है चाहे वन-सम्पत्ति है मैदानों की बड़ी बड़ी फैक्ट्रीज को भेजा जाता है जिन पर कि बड़े

बड़े उद्योगपतियों का कंट्रोल है। आवश्यकता इस बात की है कि वन-आधारित उद्योग और मिनरल वेस्ट इंस्ट्रीज पहाड़ों पर स्थापित की जायें। आज सीमेंट कारखाने की बात है। टिहरी गढ़वाल में एक बहुत बड़ा डैम टिहरी डैम बनने जा रहा है जिस पर, दो अरब रुपय खर्च होगा। इस के अलावा पंचेश्वर डैम, किशाऊ डैम बनने वाले हैं लेकिन कोई भी योजना वहां सीमेंट के कारखाने की नहीं है। मेरा निवेदन है कि एक सीमेंट का कारखाना देहरादून में स्थापित किया जाना चाहिए और इन पहाड़ी क्षेत्रों से कच्चा माल बाहर न भेज कर वही उन के लिए वन-आधारित उद्योग, और मिनरल वेस्ट इंस्ट्रीज स्थापित की जायें आखिर कब तक पहाड़ का आदमी यहां बर्तन मल्लो के लिए आता रहेगा? दस लाख आदमी आज कुमायूं और उत्तराखण्ड का यहां आता है इन कामों के लिए। दिल्ली की बेरोजगारी अगर दूर करनी है तो उसका हल यहां नहीं बल्कि बाहर है। इन शब्दों के माध्य में उग वजेट का स्वागत करता हूं।

DR. MELKOTE (Hyderabad) : Mr. Deputy-Speaker, Sir, I find from the papers that different strata of society have reacted very differently to the Budget. That is but natural. But what struck me more was the reference in one of the papers which said that this budget is not meant for '*garibi hatao*' nor for the '*middle classes hatao*'. From the way promises were made by the Treasury Benches during the election, one anticipated a very much sever dose of taxation because unless they do it they would not be in a position to fulfil all the promises that they have held out before the people. And when they have now a steamroller majority, they will have to do it this year, next year, and the year next to that, because in the last two years again they will have to face the coming election. So, from that point of view I would like to say that this was not totally unexpected by me, though the amount of taxation was rather unexpected and gave me a good shake.

The Budget shows that the amount of uncovered deficit is about Rs. 230 crores. This is not the correct figure for the simple reason that with the tax structure that they have enunciated I am quite sure that they would be able to mop up much more than Rs. 230 crores and thereby there would be no deficit left. This is the overall position of the Budget. Many people have rightly given number of constructive suggestions. They said that the poor people are hit hard and they have attacked particularly the taxes on petrol and maida, and coarse cloth. I join them in saying so.

But then we have got to look at the budget from a different angle altogether. If the people have got to prosper and *garibi hatao* has got to be done, employment potential has got to be created. This amount of money that we would be getting through this tax structure would be totally inadequate. I would have expected the Finance Minister to put a heavier dose of taxation particularly the direct ones, so that the richer people shed more money for the benefit of the poor. But as things stand the indirect taxes are so much that it is the common man who is feeling the burden of the whole thing. But even so, supposing the common man is prepared to tighten his belt for the sake of the nation, what would be the outcome of the whole situation?

Recently, at the Labour Conference certain important policy decisions were announced. For the past 20 years we in INTUC have been saying consistently that the prosperity of the nation depends upon the amount of production that is turned out whether it is by the peasants or the workers in the factories. A good direction seems to have been given now by the Prime Minister asking the workers to produce more. This is a call in the right direction. When all these years this call was given, the workers were feeling shy and today also they are feeling shy. What is the reason? The reason is that both in the public sector and private sector the management of the factories is not going on exactly to the liking of the people or the workers.

[Dr. Malkote]

So far as the private sector is concerned, all the profits are mopped up and the workers are restive that they do not get their dues. In the public sector through a variety of reasons Government loses lot of money, there is mismanagement and this is also due to several labour conditions that exist in the country. There are varieties of labour unions and federations here. The production has not gone up to the extent that it ought to have taken place. If we compare the industries in India with industries in foreign countries, I should say that we have one of the best industrial plants available in any part of the world. We have purchased machinery from all parts of the world, whether it be Russia, or Japan or America or England or France or Sweden or Switzerland, and we have set up beautiful factories. With those machines, if a German or a Swedish or a Russian worker produces a certain quantity of material and is paid a wage of the order of Rs. 1500 in Germany or Rs. 1000 in England or Rs. 2000 in Sweden or Switzerland, he produces that much and produces it cheaper, because when that product is brought to India and sold it is sold cheaper than what we produce in our own country. It is not that the Indian worker is not intelligent or that he is not hard-working or that he cannot produce the same thing. When an Indian worker goes to those foreign countries, he works shoulder to shoulder with the compatriots in those countries, he works on the same machinery and produces as much as those countrymen and produces possibly much more as well. I have travelled widely in many parts of the world and the management and the workers have told me everywhere that the Indian worker is very intelligent and hard-working and he produces much more than what the workers in most of those places produce. If an Indian worker who has gone from India to those countries for training can produce with those machinery a certain amount of material, when he comes down to this country and produces it with the same machinery, we find that the production goes down to about one-fifth or one-sixth. Why does this happen? It is that the worker is bad? If so, why do you not dismiss him? Why do you not have the

strength to do that? If the reason be that the Government laws are coming in the way, why do you not modify them? If it is neither of these, and it is the management which is cussed, because we know that most of these factories are managed by the ICS people who have had no training in the industrial sector, why do you not dismiss that management itself?

Unless some kind of understanding is brought wherein the worker begins to feel that he is going to get the benefit of his work, we cannot improve matters. The worker should feel that he gets to the extent that he deserves. For instance, if he earns about Rs. 2000 in England or Germany etc., when he comes down to this country, he is not paid even Rs. 250 or Rs. 300. I have several times offered a solution on behalf of the INTUC on the floor of this House. If a worker produces the same amount as he produces in those countries with the same machinery, when he comes down to our country, provided the conditions are similar, why do you not pay him at least Rs. 500 or Rs. 750 instead of Rs. 150 and mop up the balance of Rs. 750 for the sake of the nation? The Indian worker is prepared to work. In many places, production is taking place, but the production is not up to the mark, not because the worker is incapable of doing it, in fact, he is willing to do that, but because the management is cussed and does not allow him to produce more. In fact, they put various factors before us such as that there is labour intransigence, that there is a fight between the different labour federations and so on. If this be so, then it should be very easy to rectify this.

We have only to inspire the worker to produce more and say 'It is for your country that you are producing more'. In a country like ours, where the unemployment problem has got to be tackled, two things have got to be done very early. Firstly, we have to make the worker understand that he is on par and on a level with the management in prestige and dignity. In 1953, 1955 and 1965, I had occasion to go to Germany and found that the workers there were saying 'For the sake of our belly we work for 8 hours, but for the sake of my country, I work

another six hours extra'. That means that he works for 14 hours a day. A German worker is thus supposed to be hard-working, and today the German worker is at the top position in the world. There is no unemployment there. Every worker goes in a motor-car with a transistor producing music and clad in good clothes, and he eats well. Why can the same thing not occur in our country after 20 years of Independence? This could occur in our country also if the kind of thing that had taken place in Germany could take place here also. In 1949, in Germany, they had demonetised their currency. We had also demonetised the currency in our country in 1966. In 1949, a German worker was telling me that the workers and the management were one. I asked him 'How'? Does the management share their profits with you? The worker said 'The management gets Rs. 10000, but I get only Rs. 500 or Rs. 600, but both of us get the amount in cheques, and both of us go to the bank and put in the money there, because it helps the ways and means position of the Government'. 'When I draw the money, I draw in driblets'. This is one idea. The second was this; until the economy improved, both the management and the worker could not draw more than Rs. 250 worth or so from the bank. Though the management got Rs. 10,000, he could draw only Rs. 250, the same as the worker could draw, so that the management and the worker would lead the same standard of life, wear the same type of clothes, eat the same type of food and so on. Thus both were on par and enthusiasm went up for the economic recovery of the nation. That was how in the course of four or five years, they were able to make up for their war losses and emerge economically triumphant.

In a country like ours, with a population explosion, with a poverty explosion, with a border problem looming large, thanks to Pakistan, this method of mere taxation to raise more resources is not sufficient. We have to enthuse the peasant in the field and the worker in the factory; that is the only way to raise the national income or improve the national well-being, it is not merely by making budgetary provisions.

Secondly, we are faced with a very peculiar situation. Already we have various disparities in the country, various anomalies in the country, various urges in different parts of the country, as for example, the situation in Telengana. Add to this there is the problem created by Pakistan. In such a critical situation, is it not necessary for Government to realise that it must have the full backing of the entire people, the nation as a whole, and therefore there should be a statesmanlike approach displaying breadth of vision to solve problems like the Telengana issue quickly and urgently, so that every one can give of his very best for the national effort of reconstruction?

The third thing is this. There is so much talk about getting more money by the tax medium. In a country like ours, there is plenty of agricultural land. A considerable portion of it can be irrigated, provided we spend more money. It is computed that where a farmer can do farming on dry land of 15-20 acres, when converted into wet land, he cannot do more than 2 acres. In places like Andhra, it is very difficult to do more than this, because they raise three crops a year. When you convert dry land into wet, agricultural potential increases, benefiting the peasant and the country when crops like paddy and other things would buy as much as cash crops. In such cases, it is necessary to give as much water as necessary. The budgetary provision towards this appears to me to be insufficient.

Then again no country has benefited itself fully from agriculture alone. Already the revenue collected from land is going down; many people are saying that no revenue should be collected from land itself. At the same time, we have got to give a subsidy to the agriculturist so that he comes up to the level of the worker of the city in prosperity and well-being. If this is so then it is mainly from industrial manufactures that you got a lot of money. There was a time when the annual expenditure of the Government of India was Rs. 300 or Rs. 400 crores; today it is of the order of Rs. 3000 crores or more, ten times as much. This money comes almost entirely from imports and exports and manufactured goods. Therefore, ultimately, it is the industrial labour that comes to the succour of the agriculturist. As the industrial worker originally hails from agriculturists families, to that extent with

[Dr. Melkote]

his prosperity the agriculturists in the rural sector also are benefited. When these things are occurring, a lot of improvement is taking place in different sectors of the population like the employees under Government and shops and establishments.

15.00 hrs.

I raised a question in 1953 at the All India, Finance Ministers' Conference held at Delhi when Shri Deshmukh was the Finance Minister. Then I happened to be the Finance Minister in the State of Hyderabad. We had our own mint in Hyderabad and we used to mint our currency; the last Re. 1 currency note had my signature on it. When the currency and mint was taken over by the Government of India the salary of a worker who was getting Rs. 60 went up immediately to Rs. 120 a month and the workers of the State other than these shouted as to why they should not get more. The Telangana personnel and the Andhra personnel have been fighting a battle to equalise their pay structure and allowances and every thing with the Central Government employees. Many of the State Governments have come up to the level of paying the same rates of allowances. In Hyderabad for ever 56 days employees valiantly struggled but ultimately they yielded. How long can they sustain themselves on a strike? It is said that the Chief Minister is a very strong person. He may be a very strong person so far as this aspect is concerned. Don't you think that in a democracy this type of attitude is not correct. What the workers at least could expect should be that instead of the Chief Minister saying that he cannot pay, he could have referred the issue to adjudication and place cogent facts and figures to prove financial stringency and the verdict of adjudication would have been a fair solution. But the Chief Minister remained stubborn and now one could see how the Government employees could react to the whole situation particularly in the wake of the coming elections. May be the Chief Minister is a strong person and he is capable to make that the workers bend before him but then the line comes when workers also would wreak vengeance. The employees are already talking about it. Is this the exemplary way the Government should

behave in the very first year after elections? Should not the Central Government take up the issue because the issue in dispute was allowances on par with the Central Government servants. The Central Government did not make a single step. We gave a call attention notice here and then we were told by the Speaker that it was a State question and could not be raised here. The Central Government is very much involved in the whole affair because it cannot treat the States on different footing. There should be a kind of monetary adjustment between the States and the Centre with regard to the level of allowances and other things. In 1953 when I raised this question of disparities the reply was that the Central Government servants were liable to be transferred from one State to another; subsequently they amended their reply and said that class III and IV would not be transferred. If they were not to be transferred, how is it possible to justify payment to them of almost double the salary of a State Government servant or for the State Government to say that the Central scales will not be given to the State servants. This is a matter which the Centre should take up with the States and this problem is coming up frequently. When the States ask for money to be drawn from the Reserve Bank for their benefit, the Central Government comes in the way; it is not for nothing that the State Governments ask for money; they want it for a certain specific purpose. Apart from this there are other questions that are before the House—taxation on tobacco. Andhra Pradesh produces the largest amount of tobacco. Personally I feel that tobacco should be taxed mainly to prevent smoking. The world over, even in the WHO they have removed the ash trays so that nobody would smoke. One method of discouraging smoking is to increase the tax on it. When you do that and when you are getting money out of that, when the agriculturist get benefit out of it, as it a cash crop, you have to take into consideration the other side of the picture and see to what extent it benefits or hurts the State Government, to what extent it would be a loss to the agriculturist or the other people. I feel that this type of tax structure which affects the common man but does not help the agriculturist or the state Government should not be included in any kind of tax measures.

I would only end by making this appeal to the Finance Minister that the tax structure which affects the common man should go. I am sure that in this budget he has purposely included some taxes as paddings to tell you at the end, to assuage the feelings of the House, be it on this side or that side, that he had come forward to waive the tax on maida and tax on a few other items would go. This is exactly how budgets are prepared. Such things are always provided for in the budget. I am sure that the tax on maida as well as on petrol and coarse cloth would be removed by him.

Thank you very much.

MR. DEPUTY-SPEAKER : Shri Kartik Oraon. Five minutes.

SHRI KARTIK ORAON (Lohardaga) : But I think you will protect me, because in five minutes it is very difficult to speak.

Sir, actually I do not know whether to support or oppose this budget. I must say that whatever has been done, it is for a very good purpose and it has a very good intention behind it, and therefore, I am going to support this budget.

I do not want to go into the jugglery of words and figures. I would simply like to drive home certain salient features which are in tune with our committed policies. The massive mandate, the Government have received, has cast a heavy responsibility on the Government. Now, the poor people are round the corner. They are just watching what this Government is going to offer them. As a matter of fact, I do not think that *garibi hatao* is an appropriate term or an apt slogan. In fact, it should be *garibi ghatao*. You cannot *hatao* the *garibi* because the rich and the poor people have always lived together. The rich have always sympathised with the poor people. They have shed tears at times over the pitiable condition of the poor people. Unfortunately, they have not tried to redress the grievances in which task they are supposed to co-operate.

Even in the most progressive countries of the world there is nothing like *garibi hatao*. There are the rich and the poor

everywhere. The only thing that you can do is to reduce the standard of poverty. For instance, this is what we can do. For those people who are getting, say, Rs. 100 per month today, they must be given Rs. 500 tomorrow. That should be the target which we should keep. I do not think the Government have any such target in mind. That means it is shooting without any aim. In my opinion, I would like to say that a person in our country with a family of five should not get anything less than Rs. 500 p.m. Why? Family planning programme says two or three children; that is all. Today, every family of five needs Rs. 10 a day. That means for 30 days, it comes to Rs. 300. Then there is house-rent, clothing, medical help, the marriage of children and so on. So, his earning should not be anything less than Rs. 500 a month. That is what I was driving at and the Government should try to look towards that aspect, and the present policy of making the poor poorer and the rich richer must be changed.

It is very difficult for us to say that we should *hatao* the *garibi*. You cannot *hatao* the *garibi*; you can only *ghatao*, and for that, you have to bring about a sweeping change in the economic, social and emotional levels of our people. That is how we can do it.

In fact, the concept of freedom sometimes can be had in two ways: sometimes the process of freedom can be achieved by making good laws; and sometimes even by breaking bad laws! We have to do every possible thing to get the resources in our country. There is nothing like saying that our country is poor. Our country is not poor. The only thing that we have not been able to do is to take firm action against the tax-evaders and offenders. There is only one guide-line by which you can sort out everything, and that is, "such results of human conduct which the law seeks to prohibit must be made punishable. One guide-line and everything is over.

We are not short of resources. What is wanting is the effective and efficient utilisation of all the resources that are available, that are known and unknown. If they are unknown, they must be unearthed. So, I would like to say that today

[Shri Kartik Oraon]

we have got the resources. The only thing is, you must find them out.

Now, according to Prof. Kaldor of Germany, tax evasion here in 1958 was about Rs. 2,000 crores. This might have gone up to Rs. 5,000 crores by now. Then, the leakage in foreign exchange in the form of over-invoicing, under-invoicing and smuggling of gold will come to another Rs. 1,000 crores; tax-arrears, Rs. 899 crores. This comes to about Rs. 7,000 crores. Even if we work very conservatively, it will not be less than Rs. 2,500 crores. On the top of it, we have these "white elephants", namely, the public sector undertakings. We have invested Rs. 15,000 crores in them. According to the most conservative and reasonable calculation, a project should yield within 3 years of going into production a dividend of not less than 10 per cent of the capital outlay. At that rate, we must get at least Rs. 1500 crores as return.

We should not do anything which would touch the poor people. We have done certain things rightly or wrongly, but we should try to avoid those things. Already demands have been made for removing the taxes on maida, kerosene, coarse cloth and ready-made garments. We say we want to give inducements to small-scale industries, but both small-scale and large-scale industries are charged the same rate of central excise duty, whether they employ fifty persons or five persons.

The problem of unemployment is threatening our country. I must congratulate the Finance Minister for bringing forward certain proposal by which we can create employment opportunities. For instance, he has provided Rs. 50 crores for crash programmes, etc. That is not enough. Firstly, the age of retirement must be reduced to 55. Only registered contractors must be allowed to practise the profession of engineering and they should be compelled to employ a sufficient number of engineers and technicians. Next, there should be a restriction on the number of students in technical colleges.

Coming to regional imbalances, even in our fourth five year plan, we have set the

target of developing under-developed areas. These regional imbalances always contribute to frustration and discontent in different parts of the country like Telengana and Chotanagpur. Most people do not know that Chotanagpur is being treated as a colony by people from other parts of Bihar and other States. We have been reduced to the stage of refugees in our own homes. There are rich mines there. All the big projects are there. It is the richest area inhabited by the poorest people. We are always sympathetic to Bangla Desh but I would like to invite the attention of Government to the Bangla Desh treatment meted out in different parts of the country. These under-developed areas must be developed by communication, irrigation, roads, etc. All sorts of facilities should be given to them, so that there is least scope for any resentment or move to have a separate State. The basis for the demand for separation is resentment, frustration, dissatisfaction and discontentment and exploitation.

There is no provision for building cheap houses for the poor people. After 23 years of freedom, what have we to show to the world? The huts of the poor people are the reflections of what is being done in our country.

Lastly, let the houses of justice in our country be filled with good men, but not so good as to forget the frailties of human nature.

श्री शशि भूषण (दक्षिण दिल्ली) : उपाध्यक्ष महोदय, जिन हालात में यह बजट आया है उस को देखते हुए मैं यह कह सकता हूँ कि मंत्री महोदय को भी कर लगाने में ज्यादा खुशी नहीं हुई होगी। लेकिन जब मैं यह देखता हूँ कि बजट में ग्रामीण क्षेत्र के रोजगार के लिये 50 करोड़, झुग्गी झोंपड़ियों की सफाई और पुनर्वास के लिए 80 करोड़ रुपये शिक्षित बेरोजगारों के लिए 25 करोड़ रुपये और पूर्वी बंगाल के शरणार्थियों के लिए 60 करोड़ रुपये रखा गया है, इन सब मदों को जब देखता हूँ तो 177 करोड़ रुपये का जो अधिक कर लगाया गया है वह मुझे सही नजर आता है। लेकिन इस के साथ साथ जब हम कर लगाते हैं तो हमें यह

बात जरूर सोचनी चाहिए कि इस गरीब देश में जब हम कर लगा कर पैसा इकट्ठा करते हैं तो उसको सही तौर पर खर्च किया जाय। कर तो आप एक पैसा लगाते हैं लेकिन बाजार वाले दुकानदार 10 पैसा बढ़ा देते हैं। प्रोडक्शन पर हमारा अधिकार नहीं है, वितरण पर हमारा कोई अधिकार नहीं है और प्राइसेज कोई बढ़ाये या घटाये उस पर हमारा कोई अधिकार नहीं है, ऐसी सूरत में कर जितना लगता है उस से दस गुना मार्केट में कीमतें बढ़ जाती हैं। इस को रोकने के लिए जल्द कदम उठाने चाहियें। मान लीजिये पेट्रोल पर टैक्स लगाया गया तो सारी सरकारों को आप आदेश दे सकते थे कि टैक्सी के किराये बढ़ा दिये जायें ताकि जो टैक्सी वाले हैं उन को तकलीफ न हो। लेकिन ऐसा नहीं होता है। आप दिल्ली ऐडमिनिस्ट्रेशन में जब टैक्सी वाले किराया बढ़ाने की बात करते हैं तो उन को इजाजत नहीं मिलती है। पेट्रोल का ज्यादा पैसा देना पड़ता है लेकिन टैक्सी वाले किराया नहीं बढ़ा सकते। फिर हमारा पैसा सही खर्च हो यह भी देखना चाहिए।

यह भी मैं देखता हूँ कि हम लोग बेकार की चीजों में काफी पैसा खर्च कर देते हैं और कई जगह व्यर्थ की चीजें खरीदते हैं। खास तौर पर मैं एक बात का जिक्र करना चाहता हूँ कि जो विदेशी एड हम लेते हैं, कभी 40 या 50 लाख की एड ली सेक्रेटरी साहब का भी फोटो छप रहा है और एड देने वाले का भी फोटो छप रहा है। हमारा बड़ा राष्ट्र है, हमें यह खयाल रखना चाहिए कि छोटी छोटी एड लेकर इस तरह गौरव का अनुभव न करें। आज इस एड के चक्कर में पड़कर 400 अमरीकन ऐडवाइजर्स ऐग्रीकल्चर मिनिस्ट्री में रखे हुए हैं। फार्ड फाउन्डेशन यहां बैठा हुआ है, मैं देखता हूँ कि सैकड़ों आफिशियल्स बाहर ट्रेनिंग के लिए जाते हैं जिस का कोई मकसद नहीं है। यह तो ऐसे ही है जैसे किसी यूथ होस्टल में चार खूब-सूरत दुष्चरित्र नारियां लाकर बैठा दी जायें

तो होस्टल में रहने वालों का ध्यान ताश खेलते समय और पढ़ते समय उधर ही लगा रहेगा। इसी प्रकार आज अफसरों का ध्यान बाहर जाने का ही बना रहता है। और मजे की बात यह कि कोई अधिकारी कोआपरेटिव की ट्रेनिंग लेने बाहर गया अपनी बीबी के साथ और जब लौट कर आया तो दूसरी मिनिस्ट्री में उस का ट्रांसफर हो जाता है, परिणाम यह होता है कि उसकी ट्रेनिंग का कोई भी लाभ सम्बन्धित मंत्रालय को नहीं मिलता है। इससे देश का अपमान होता है, और किसी तरह से अपने भाई भतीजों को बाहर ले जाकर रोजगार दिलाने की बात की जाती है।

हमारे देश में आज जो विदेशी कम्पनियां हैं, कोलगेट कम्पनी ही एक मामूली सी कम्पनी है जिस ने 10 लाख रुपये देश में इनवेस्ट किया और पांच करोड़ के असेट बना लिए। 20 करोड़ रुपये विदेशों में मुनाफा भेज दिया और फिर भी हमारे देश में मौजूद है। अगर राष्ट्रीयकरण की बात करें तो कहा जायगा कि इस के असेट्स का हम को मुआवजा देना पड़ेगा। जिस देश में विदेशी कम्पनियों का शोषण में इतना बड़ा हाथ हो वहां के आर्थिक ढांचे में सामाजिक परिवर्तन लाने के लिए हम को दृढ़ संकल्प के साथ क्रान्तिकारी कदम उठाने होंगे। आप ने तो बहुत मामूली सा टैक्स साबुन पर लगाया लेकिन जो साबुन विदेशी कम्पनियां बनाती हैं और जिसकी लागत चार आना भी नहीं है, वही साबुन मार्केट में एक रुपये का बिकता है। टैक्स के खिलाफ बहुत से लोग चिल्लाते हैं लेकिन कम्पनियों के राष्ट्रीयकरण की बात नहीं की जाती है। जो लोग सबसे ज्यादा मंहगाई बढ़ाते हैं वही सबसे ज्यादा शोर करते हैं और वही पार्टियां मंहगाई बढ़ाने के लिए जिम्मेदार हैं जिस के आढ़ती और परचूनिye दुनिया को लूटते हैं और सब से ज्यादा देश में गरीबी लाते हैं। तो मैं चाहता हूँ कि प्राइसेज पर नियंत्रण करने के लिए सरकार के पास अपनी ताकत हो जिस से वह दामों को चैक कर सके।

[श्री शशि भूषण]

आप विदेशों से चीजें खरीदते ही हैं, आप अपने ही खिलाफ खबरें खरीदने के लिए रायटर को पैसा देते हैं, बी० बी० सी० को पैसा देते हैं, और वही रायटर और बी० बी० सी० हिन्दुस्तान के खिलाफ हमेशा प्रोपेगेंडा करते हैं। हम पी० टी० आई० को 55 लाख रुपये मकान बनाने के लिए देते हैं, लाखों रुपये उस को बैंकों से कर्जा दिलाते हैं, लेकिन उस के बाद भी जब देश के हित का सवाल आता है तब यह जो एजेंसियां हैं वह वेस्टेड इंटरेस्ट की बातें करती हैं। जब हमारे देश में सवाल आया देश के साथ खड़ा होने का तब वह खड़ी नहीं हुई। हम को चाहिए कि हम एक नेशनल एजेंसी अपने देश की बनायें ताकि लेटिन अमरीका, अफ्रीका और एशिया के देशों में हम अपनी खबरें भेज सकें। बंगला देश में जो अत्याचार हो रहे हैं उन की खबर देने के लिए हम को रायटर की शरण लेनी पड़ती है। क्या वजह है कि हम अपनी एजेंसियों के द्वारा बंगला देश की खबरें दूसरे देशों में नहीं पहुंचा सकते।

कम से कम हम बंगला देश के रिफ्यूजीज की रक्षा के लिए 100 करोड़ की लेवी इकट्ठा करने की दृष्टि से जनता से कर सकते थे। जब हिन्दुस्तान की जनता अपना खून बहाने को तैयार है तब जिस समय हम अपनी आजादी का आखिरी पन्ना लिख रहे हैं वह हर कुर्बानी के लिए तैयार होगी। अगर उन पर लेवी लगाई जाय तो गरीब से गरीब आदमी अपना हिस्सा देने के लिए तैयार होगा। इस लिए बजाय इस के कि हम इस तरफ से इनडायरेक्ट टैक्स लगाने की कोशिश करते, 100 करोड़ की लेवी लगा सकते थे।

बहुत सी ऐसी चीजें हैं जिन से पैसा इकट्ठा किया जा सकता था। मिसाल के तौर पर नमक है। अगर आप उस पर थोड़ा सा टैक्स लगा दें तो कोई खास हर्ज नहीं होगा। अगर हर परिवार से आप 10 पैसे भी ले लें

हर महीने तो करोड़ों रुपये पैदा कर सकते हैं।

एक माननीय सदस्य : महात्मा जी ने इस कर को हटाने के लिए आन्दोलन किया था।

श्री शशि भूषण : महात्मा जी ने आन्दोलन किया था और उनको मारा भी आप ही लोगों ने था। नमक साफ आ सके, अच्छा नमक अच्छे पैकेटों में मिल सके, ऐसी हालत में उस पर टैक्स लगा कर पैसा लिया जाये तो कोई हर्ज की बात नहीं है। इस से देश में कोई रिजेंटमेंट नहीं होगा। लोग गांधी जी का नाम लेंगे कि नमक पर कर लगाकर भी हिन्दुस्तान आगे बढ़ रहा है। बहुत से नये टैक्स हो सकते हैं जिन का जनता को बहुत भार नहीं उठाना पड़ेगा, लेकिन लोगों को सुचारु रूप से अच्छी चीजें मिल सकेंगी। इस देश में हमें सोचना चाहिए कि हम को अधिक से अधिक पैसे की जरूरत है। अगर वित्त मंत्री चाहे तो किसी भी तरह बंगला देश के लिए वह लेवी लगा सकते हैं, राष्ट्र उन का साथ देगा और जो लोग साथ नहीं देंगे हमारी पार्टी उन को देखेगी। वह हमारा साथ दें।

SHRI UNNIKRISHNAN (Badagara) : Mr. Deputy-Speaker, Sir, as I listened to the impressive array of speakers we have had from the other side of his House, I felt that they were overcome by a sense of complete frustration and futility because just a few weeks ago they were trounced at the polls and now when the country is faced with this great burden and a tragedy across our eastern frontiers in Bangla Desh, they have come up with the criticism of this Budget that this is not a socialist Budget, that this is an anti-people's budget and so on. We have had the strange spectacle of a blue-blooded young maharaja and a blue-blooded Marxist, Shri Samar Mukherjee, saying that this is an anti-people's budget. Both of them, like the confluence at Allahabad, converged on the same point and said that this is against the people. But nobody from this side, certainly not the Finance Minister or anybody responsible from this Party, has

called this a socialist budget, because when we have feudal relations in our society and in our economy, when we still have capitalist modes of production, we cannot have a socialist budget ! . We are in the process of achieving socialist relations of production in our society. So, I am sorry that this sort of a completely negative approach has been adopted by the Opposition in this country.

Again, the young maharaja talked of the Mahratta fraternity—it was a narrow approach, I am sorry to say ; and I hope, it does not hurt anyone—instead of appealing to the fraternity of 550 million people. Mahrattas were undoubtedly great ; they have made great constructive contribution to our history, but it is the sense of the fraternity of 550 million people that we have to develop in this country in today's context.

No amount of negative approach or even a micro-economic analysis of the incidence of the various taxes which have been proposed will enable us to unravel the complexities of our economy. I would like the House to view this Budget in a larger canvas. That is also partly my complaint, more than the Finance Minister with the officials of the Finance Ministry and his economic advisers, because they look at the problem micro-wise and not in a larger canvas of our problems.

In this connection, I would invite the attention of this House to a brilliant study made on "Poverty in India" by Prof. Dandekar and Prof. Rath of the Institute of political Economy, Poona. Here, they show how the National Sample Survey Estimates of consumption by various categories of Indian population have been colossally under-estimated and, they say that in 1960-61, about 45 per cent of the people in rural areas and nearly 50 per cent of the people in urban areas were below the poverty line. Mr. Piloo Mody's party or probably the Forum of free enterprise has been circulating a pamphlet entitled "Agriculture in Asia" by Mr. Colin Clark which says, "After all, the Asians and Indians do not need so many calories." But we differ from them in this view. This is their approach. That is why they fundamentally differ from us.

Prof. Dandekar says, if we have to fight this problem, and he is also supported by

Mr. Galbraith who is no great socialist we have to cut the privileges, rights and consumption patterns of the top 20 per cent of Indian people. At the bottom of the Economic Pyramid are the rural and urban poor. They are completely outside all spheres of economic activity. We need colossal investment and here the problem is how we can get investment in large proportion. He says there should be a cut in the consumption of the top 20 per cent of population. I should say, it should be on 30 to 35 per cent of top layers of population where you cut not only their consumption but also attack their rights and privileges which would lead to the argument for a change in our Constitution.

In this connection, while I welcome the provisions made for employment programme, in this Budget, that is Rs. 50 crores for a crash programme, Rs. 25 crores for educated unemployed and Rs. 18.5 crores for rural works, I beg to say, that is not enough. It only adds up to Rs. 93.5 crores. Unless we attack the rights and privileges of the top 25 per cent or 30 per cent of population, unless we reduce their consumption, we cannot generate enough investment for any kind of future investments in Indian economy. That will also amount to attacking the monopolies of big business houses in industry and "Kulaks" in the rural areas. And that would mean changing the tax structure of the whole country. That is the basic thing.

Again and again, we have been attacking and taxing the same urban sector. As Prof. Gulati has recently pointed out, the Finance Minister is putting his hand in the same pocket. If we have change this, we have to change constitution provisions. I would appeal to him to immediately examine the possibility of having another Taxation Enquiry Commission. We have had a series of Taxation Enquiry Commissions, right from the days of Dr. John Mathai to Mr. Boothalingam. But these were primarily confined to specific problems of direct taxation and certain selected areas of taxation. We should have a comprehensive Taxation Enquiry Commission to examine all these taxation problems.

I would also like to ask the trade union leaders like Dr. Melkote and other distinguish-

[Shri Unikrishnan]

shed Members of this House whether they could persuade the labour to make their contribution not only in increasing productivity but also in retaining at least half of the bonus in industry by converting it into equity capital or something like that. By this way, about Rs. 60-70 crores can be saved and reinvested every year.

Lastly, I would like to make one suggestion. I would like to ask the hon. Minister what steps our representatives in I.M.F. have taken to seek a rise in the international price of gold. This is a fundamental and basic problem as far as under-developed countries are concerned, particularly, India, where due to smuggling and various other reasons we lose heavily and also our currency is weakened. This would also strengthen our rupee. If we have to do this, we will have to ask for a rise in the international price of gold even if it means displeasing the big empire of the dollar.

In conclusion, I would like to say that all pledges will be redeemed and all promises will be fulfilled. You have to wait for a while. I am sure the Finance Minister, when he comes before us next time, will listen more to the voice of reason of our party and the commitments we have given.

श्री शफकत जंग (कैराना) : डिप्टी स्पीकर साहब, मैं कोई इकोनोमिस्ट नहीं कि बजट पर बहस कर सकूँ। जिन हालात में से हम गुजर रहे हैं, उनके मुताबिक ही मैं अपने तासरात इस हाउस के सामने पेश करना चाहता हूँ।

आज हर तरफ करप्शन है, बदअमनी है, कल्ल ब गारत है और आम बेचैनी है। जहाँ तक मैं समझता हूँ इसका सबब सोशल, पोलिटिकल और इकोनोमिक बेइंसाफी है। मुस्तसर लफजों में कहा जाये तो यह कहा जा सकता है कि जब तक एक्सप्लायटेशन हमारी सोसाइटी में से खत्म नहीं किया जाता तब तक अमन और सलामती दुनिया में पैदा नहीं हो सकती। अगर हम अमन और शान्ति चाहते हैं तो हमें हर किस्म के एक्सप्लायटेशन को खत्म करना होगा। इन्सान अपनी नेचर के एतराज से बुरा या भला

नहीं है। हालात उसे बुरा या भला बनने पर मजबूर करते हैं। आज हमारी सोसाइटी उस बीमारी की मानिन्द है जिस का खून खराब हो गया है। उसके जिस्म पर हजारों लाखों फुंसिया हैं। अगर आप इस बीमारी का इलाज मरहम के जरिये से करें और हर फुंसी पर मरहम लगाते रहेंगे तो मैं समझता हूँ कि उसका इलाज नहीं हो सकेगा। उस हालत में बीमार बहुत जल्द मर जाएगा। इसका इलाज मेरे खयाल में इंजेक्शन नहीं बल्कि जुलाब है। मौजूदा बजट को देखकर मुझे यह अन्दाजा हुआ है कि शायद हमारी गवर्नमेंट हमारी सोशल, इकीनोमिक और पोलिटिकल बीमारी का इलाज मरहम वाला इलाज अख्तियार करके करना चाहती है। इसका जो अन्जाम होगा वह जाहिर है। बीमारी घटने के बजाय बढ़ेगी और पब्लिक में ऐसा फस्ट्रेशन होगा कि उससे निबटना नामुम्किन हो जायेगा।

आज हमारे मुल्क की दौलत लाइफ सेंटेंस वाले कैदी की तरह चन्द हाथों में कैद है। मैं प्रधान मंत्री से और वित्त मंत्री से अपील करूँगा कि अगर पब्लिक की भलाई मंजूर है तो वह इस मजलूम कैदी को इन जालिम हाथों से जल्दी से जल्द निजात दिला दें। तब हर खराबी का इलाज खुद ब खुद हो जायेगा। बहुत मुद्त से मैं सुन रहा हूँ कि अर्बन प्रापर्टी पर सीलिंग लगाई जाएगी। लेकिन आज तक कुछ नहीं हुआ है। अगर कुछ और असें तक यह मामला इसी तरह खटाई में पड़ा रहा तो मैं समझता हूँ कि कोई प्रापर्टी ऐसी बाकी नहीं रहेगी जिस को हद बन्दी कि जद में लाया जा सके। प्रापर्टी को लोग इस तरह तकसीम कर लेंगे कि वह हद बन्दी की हद से बाहर निकल जाएगी।

इसी तरह शूगर इंडस्ट्री का मामला है। जब इन्हें नेशनलाइज किया जाएगा तो ये मिलें एकरही लोहे के अम्बार के सिवा और कुछ नहीं रह जाएगी। जब से यह सवाल उठा है

मिल मालिकों ने अपना तमाम सरमाया उन से हटाकर दूसरी अपनी फैक्ट्रीज और इंडस्ट्रीज में लगाना शुरू कर दिया है। काश्तकारों का करोड़ों रुपया उनके जिम्मे है और उसकी तरफ कोई तवज्जह नहीं दी जा रही है।

अपने इलाके की एक बहुत बड़ी परेशानी की तरफ मैं आपकी तवज्जह दिलाना चाहता हूँ। मैं मुजफ्फरनगर, उत्तर प्रदेश का रहने वाला हूँ। यह इलाका बहुत जरखेज इलाका है हिन्दुस्तान का। लेकिन वहाँ लोगों के पास ट्रांसपोर्ट की सहूलियत नहीं है। एक छोटी लाइन एस० एस० आर० शाहदरा सहारनपुर लाइन थी। पता नहीं किस वजह से वह बन्द करवा दी गई है। मैं दरखवास्त करूँगा कि हमारी मुश्किल और हमारी दुशवारी का मंत्री महोदय खयाल करे और ऐमा इन्तजाम करें ताकि यह जो पब्लिक की परेशानी है यह दूर हो सके। इसकी वजह से हजारों मजदूर बेचारे बेकार हो गए हैं और लोगों की दिक्कत बढ़ गई है, वे दिक्कतों में फँस गए हैं।

SHRI ANANTRAO PATIL : Mr. Deputy-Speaker, Sir I am very much thankful to you for giving me this opportunity to speak on the budget. I have been waiting for this opportunity for a long long period for the last three days consecutively. I am aware of the limitation of time, and so, I shall try to be very brief, and avoid repetition of the points which have been made already by the various Members.

Though I am tempted to hit back at the Member who has made baseless allegations full of lies against the Chief Minister of Maharashtra, yet, I restrain myself.....

श्री जांबुवंत धोटे : मैंने जो आरोप लगाया है उसका सबूत मेरे पास मौजूद है। मैं फिर से आह्वान करता हूँ कि इसकी इनक्वायरी की जाए। मुझे मालूम है कि ये भी उन जमींदारों में से एक है।

श्री अनन्तराव पाटिल : **

MR. DEPUTY-SPEAKER : Let not the hon. Member get into a controversy. Let him go ahead with his speech.

SHRI ANANTRAO PATIL : I have left that point. I have said that I shall restrain myself.

श्री जांबुवंत धोटे : इन्होंने जिस शब्द का प्रयोग किया है उसको आप देखें। इनको क्षमा मांगनी चाहिए।

MR. DEPUTY-SPEAKER : Order. Let the hon. Member come to the points relating to the budget.

SHRI ANANTRAO PATIL : I left that point already.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Sir, I think you did not hear what the hon. Member had said.**

MR. DEPUTY-SPEAKER : I do not know what words were used. If they are unparliamentary, I shall look into them.

SHRI ATAL BIHARI VAJPAYEE
Please expunge them.

SHRI ANANTRAO PATIL : If it is unparliamentary, I am prepared to withdraw it.

श्री जांबुवंत धोटे : इनको क्षमा मांगनी चाहिए। मुझे मालूम है वह कैसे है।

MR. DEPUTY-SPEAKER : I have said that I would look into the records and see if they are unparliamentary.

SHRI ANANTRAO PATIL : I have withdrawn it.

MR. DEPUTY-SPEAKER : The hon. Member has withdrawn it, and I think that that should be enough.

SHRI MUKHTIAR SINGH MALIK (Rohtak) : It is very unfortunate that that word has been used.

[Shri Muktiar Singh Malik]

उन्होंने** शब्द का प्रयोग किया है। इस को रहने देना क्या पार्लिमेंटरी होगा ?

श्री जांबुवंत धोटे : पार्टी इन पावर के माननीय सदस्य ने जो शब्द इस्तेमाल किया है वह बड़ा आपत्तिजनक है। मैंने महाराष्ट्र के मुख्य मंत्री के लिए जो आरोप किए हैं, उनको लेकर वह मुझे गालियां देते हैं।**

MR. DEPUTY-SPEAKER : He has withdrawn that word. That should be enough. He is an agent of Shri V. P. Naik.....

श्री जांबुवंत धोटे : ** इनको माफी मांगनी चाहिए।

MR. DEPUTY-SPEAKER : Order, order. That is beside the point. There is no point of order now.

SHRI ANANTRAO PATIL : He has made baseless allegations. **

MR. DEPUTY-SPEAKER : This would not go on record.

SHRI JAMBUWANT DHOTE*

SHRI ANANTRAO PATIL : While offering their comments on the budget, many Members have welcomed the budgetary policy.

श्री जांबुवंत धोटे : मैं दरखास्त करता हूँ कि जिस ढंग से इन्होंने शब्द वापरा है उस के लिए या तो इनको आपकी तरफ से वार्निंग दी जाए या वे क्षमा मांगें। पार्लियामेंटरी सिस्टम की बात कही जाती है।

MR. DEPUTY-SPEAKER : That is enough please. The hon. Member has withdrawn it.

श्री जांबुवंत धोटे : उपाध्यक्ष महोदय, मैं आपसे प्रार्थना करता हूँ.....

MR. DEPUTY-SPEAKER : When he has withdrawn it, that is enough.

श्री जांबुवंत धोटे : उपाध्यक्ष महोदय, मेरी बात सुन लीजिए।

SHRI K. N. TIWARY (Bettiah) : He is disturbing the House. When the word has been withdrawn, the matter is closed and no other point arises.

श्री जांबुवंत धोटे : **

SHRI K. N. TIWARY : This is very objectionable.

MR. DEPUTY-SPEAKER : It will not go on record.

SHRI JAMBUWANT DHOTE : I withdraw my word.

SHRI ATAL BIHARI VAJPAYEE : Mere withdrawal will not serve the purpose. It will go on record all the same and might be published in the press.

SHRI JYOTIRMOY BOSU : If you look to the rule, you will see that these words have to be expunged.

MR. DEPUTY-SPEAKER : Those unfortunate words will not form part of the record.

SHRI ANANTRAO PATIL : Many members have welcomed the budgetary policy and congratulated the Finance Minister on his labours. He deserves compliments for presenting a socialistic budget. I do not say it is a socialist budget ; it is a socialistic budget. He has done his best to avoid taxing the common man.

SHRI PILOO MODY : Question ?

SHRI ANANTRAO PATIL : The Jana Sangh leader, Shri Vajpayee, said in his speech that the taxation is a massive burden after the massive mandate. I agree the burden is heavy, but in a country like ours which is a sub-continent with 55 crore people, Rs. 200 crores comes to Rs. 4 per head per

**Expunged as ordered by the Chair *vide* Col. No.....

*Not recorded.

year or one paisa per day. The distribution is very even ; the Finance Minister tried to be as selective as possible in his taxation proposals.

Much has been said about the tax on maida, cloth, readymade garments and petrol. I do not subscribe to the view that the tax on maida has hit the poor. There are millions and millions of people living in the rural areas, in hilly tracts and so on who have not seen eaten bread made out of maida. But if the middle class and the worker in urban areas or cities are hit or put to difficulties, I would urge upon the Finance Minister to withdraw the proposal and give relief to those sections. No member has mentioned that the amount collected from this levy would go towards a fund for the health and nutrition of children. The Finance Minister expects an amount of Rs. 7.4 crores for this purpose. This is a commitment of the ruling party that we will look after the health and nutrition of children.

SHRI JYOTIRMOY BOSU : And leave the corporated sector untouched.

SHRI ANANTRAO PATIL : As regards the levy on petrol and garments, I think the middle class should be prepared to share this burden.

There is no mention in the budgets of the steps Government propose to take to curb monopolies and break the concentration of economic power in the hands of a few. There should be decentralisation of big industries and diffusion of ownership. Small-scale and ancillary industries should be set up in rural areas which are mostly backward and where the Adivasis and Harijans live. After nationalisation of banks, many more branches have been opened and more loans have been given. Branches of banks should be opened in rural areas and loans should be advanced to artisans living in rural areas.

Now I come to monopolies.

I am afraid the Finance Minister must have forgotten to tax the monopolies in the

newspaper industry. This is a very important industry and it has to play its role in democracy in building up socialist society. These monopolies are to be taxed. There was a proposal made by the ex-Finance Minister, Mr. T.T. Krishnamachari to tax the advertisement revenue of big newspapers belonging to monopolies. He has also not touched the black money. It is not very easy to dig out black money. If we can find away out and if we can break the source, it will be a tremendous advantage and something will come out of it. The last point is : something is wrong with our public sector...(*Interruptions*) The first and foremost remedy is to replace the civil servant by the professional management. There should be a professional management cadre and the public sector industries should be manned by professional management.

SHRI V. N. P. SINGH (Phulpur) : Mr. Deputy-Speaker, the Members on both sides have pounded the budget and by now I think every point that has to be discussed has been pulverised to maida...(*Interruptions*) Not only has time been budgeted, but the talent and capability of the Members of the Opposition has also been budgeted and if they had come out with one workable suggestion I am sure our Finance Minister would have given them a development rebate for the productivity of their mind. A nation's budget is the documented will of the nation to improve itself. And, to evaluate it we have to go beyond the "balance sheet" to the some total of the economic, political and legal framework in which it is conditioned and which it attempts to reshape and remould. Even a cursory glance at the Indian scene will show that extreme poverty is being perpetrated by extreme inequalities. Our forms and institutions of self-government like panchayats, zila parishads and development blocks are mere expression of the compromise between the groups of the upper class. That is why when developmental benefits are to flow they strictly follow the contours of economic and social power structures. And when a budget is framed in this social and political background it has its limitations. No amount of public expenditure can remove the inequalities of inegalitarian society in which great disparities exist. These injustices cannot be removed by budget alone.

[Shri V. N. P. Singh]

Today, this issue of equality is not purely one of value. It is not only an egalitarian value ; it is of instrumental utility. Here, I would quote our Prime Minister (*Interruption*) Well, Mr. Mody, I wish you had participated in, and improved the debate ; but I am sorry that you have not participated yet. I would quote just one sentence from what the Prime Minister said :

“Social justice is not only compatible with economic growth but is an essential condition for sustained growth.”

In this context, let us see how far our Finance Minister has led us to a society in which there will be equality. Let us see the surcharge on income. The surcharge on income above Rs. 15 000 has been increased by as much as 50 per cent on the previous rates. The lowering of deduction and increasing the rates of taxation on capital gains will result in an increase of 70 per cent over the previous rate of taxation. A person earning Rs. 5,500 a month will have to earn a lakh of rupees more to add Rs. 200 to his income.

MR. DEPUTY-SPEAKER : The hon. Member's time is up.

SHRI V. N. P. SINGH : Though I cannot ask the Finance Minister to give a tax holiday, but I think you will give me—a new-comer in the House—a time-holiday.

MR. DEPUTY-SPEAKER : You can get a time-holiday by sitting down now.

SHRI V. N. P. SINGH : Some hon. Members raised the bogey that increase in taxes will result in more tax-evasion. May I ask those hon. Members, who the tax-evaders are ? Not the rickshaw-puller, not the labourer, not the small farmer. Tax-evasion is the sole monopoly of the rich, and our Finance Minister has rightly dealt a blow to the operators of the economic underworld by tightening the noose of benami transactions and transactions that result in an under-evaluation of property.

MR. DEPUTY-SPEAKER : Please conclude.

SHRI V. N. P. SINGH : I thank you for having given me this much time. I have not been able to express myself fully today, but I hope at some later point, some later day, I will be able to have a full say.

श्री टी० सोहन लाल (करौल बाग) :
उपाध्यक्ष महोदय, मैं इस बजट का समर्थन करने के लिए खड़ा हुआ हूँ। जहाँ तक बजट के घाटे का सवाल है वहाँ तक मैं ऐसा समझता हूँ कि जितना टाइम है उस के अनुसार ही मैं वित्त मंत्री महोदय को कुछ सुझाव देने की कोशिश करूँगा। वास्तव में कुछ परम्परायें ऐसी बन गई हैं कि अच्छी चीजों के होते हुए भी विरोधी पक्ष उस के विरोध में ही बोलता है। होना तो यह चाहिए था कि जिस तरीके से घाटे का बजट पेश किया गया है उस घाटे को दूर करने के लिए कुछ सुझाव दिए जाते और जहाँ जहाँ टैक्स ज्यादा लगा है उनके बारे में बताया जाता। मगर ऐसा मैं कभी भी नहीं देखता। जितनी भी स्पीचेज हुई हैं वह विरोध मात्र के लिए हुई हैं। जैसे कि मैं कल अटल जी का भाषण सुन रहा था। अगर उनका वही भाषण दिल्ली म्यूनिसिपल कारपोरेशन के लिए होता तो मैं समझता हूँ कि बड़ा अच्छा होता। कारपोरेशन के अन्दर जनसंघ के दोस्तों ने यह कहा था कि कांग्रेस वालों ने बड़े बड़े टैक्स लगा रखे हैं। लेकिन 1967 के बाद में जो टैक्स वहाँ पर लगे, मैं आप को बताना चाहता हूँ झुग्गी बालों पर भी उन्होंने टैक्स लगाये। जिस झुग्गी का दायरा 80 फीट भी नहीं है उस पर भी बीस बीस रुपये और पच्चीस पच्चीस रुपये साल का हाउस टैक्स लगा दिया गया। क्या वह अपने उन दोस्तों को यह सलाह देंगे कि गरीबों के ऊपर जिस तरीके से उन्होंने टैक्स लगाए हुए हैं वह उस को माफ कर दें ? मैं समझता हूँ कि यह चीज उन को वहाँ कहनी चाहिए बजाय इस हाउस में कहने के। यहाँ पर तो जो भी रोज़ मर्चा की ज़रूरियात की चीजें हैं जिन से गरीब आदमी का पाला पड़ता है उन पर कोई भी टैक्स नहीं लगा है और मैं समझता हूँ कि यह

केवल एक विरोध मात्र के लिए टैक्सों की आलोचना की गई है।

मैं कभी कभी सोचा करता हूँ कि कई चीजें ऐसी हैं जिन्हें कि हम परम्पराओं के तौर पर अपना कर चलते हैं। मैं देखता हूँ दिल्ली के अन्दर जब से हमने काम आरम्भ किया, गांधी जी के उपदेश को लेकर कुछ काम शुरू किए गए। जहाँ तक गांधी जी के उपदेश का सवाल है जो चीज हमारे मतलब की थी उस को तो हम ने मान लिया और जो हमारे मतलब की नहीं थी उसे हम ने नहीं माना। जैसे एक शराब को बन्द करने की बात है। इस की वजह से आज कितने आदमी खराब हो गए हैं और वह क्राइम का काम करते हैं। शराब बनती है और शराब का पीना कम नहीं हुआ। आज पुलिस खुद बनवाती है और उन से पैसा वसूल करती है। अगर यही दुकानें टैक्स लगा कर के खोली जातीं तो करोड़ों रुपये बन सकते थे। लेकिन हम देखते हैं कि गांधी जी का नाम लेकर के कहा जाता है कि शराब बन्दी होनी चाहिए। ठीक है, गांधी जी ने कहा था कि शराब बन्दी होनी चाहिए लेकिन यह नहीं कहा था कि इंगलिश शराब तो चप्पे चप्पे पर हो और देशी शराब की दुकान दस मील की दूरी पर हो। इस से तो नाजायज शराब बन करके बिकती है। क्योंकि दस मील दूर से तो कोई लेने जायगा नहीं। पुलिस उसके लिए खुद आदमी मुकर्रर करती है और उन से शराब बिकवाती है। हजारों आदमी आज इस क्राइम में लगे हुए हैं। या तो दिल्ली के अन्दर बिलकुल शराब बन्दी होनी चाहिए और उसके लिए कठोर कानून बनाया जाना चाहिए कि जो शराब पीयेगा उसे दस साल की और जो शराब बनाएगा उसे २० साल की सजा होगी और अगर आप यह नहीं कर सकते तो आप को यह भी अधिकार नहीं है कि आप उन लोगों को क्राइम के लिए मजबूर करें। इसलिए मेरी आप से रिक्वेस्ट है कि आप इन चीजों को देखें।

सिले सिलाए कपड़े पर टैक्स का जहाँ तक सवाल है मैं आप को बताना चाहता हूँ कि जितना रेडी मेड कपड़ा है वह खास तौर से मिडिल और गरीब लोग खरीदते हैं और विशेष रूप से बच्चों के काम में वह आता है। मालदार आदमी तो टेलर से सिलवाता है। वह कब बना बनाया कपड़ा खरीदेगा? इसलिए मैं समझता हूँ कि वह टैक्स खत्म किया जाना चाहिए। मैदे के ऊपर से भी टैक्स बिलकुल हटा दिया जाय। अभी हमारे एक महाराष्ट्र के भाई ने कहा कि मैदे के ऊपर टैक्स कोई बहुत बड़ी बात नहीं है। मैं उन से कहना चाहता हूँ महाराष्ट्र के अन्दर तो गरीब आदमी आम तौर पर पावरोटी और कुशल खाता है। इसलिए मैदे पर से तो टैक्स जरूर हटा लिया जाय। इन शब्दों के साथ मैं इस बजट का समर्थन करता हूँ और अपने साथियों से निवेदन करता हूँ कि अभी मैं नया आया हूँ, मुझ से गलती हो सकती है, लेकिन आगे मैं और अच्छे ढंग से अपनी बातें रखूंगा।

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): Sir, after this very long, useful, constructive and at times rambling debate of 20 hours, I must express my gratefulness to those members who participated in this debate. The debate has disclosed two types of arguments. One is the line of argument based on the examination of economic policies and objectives. The second category of arguments is based purely on party lines and thus negative in nature. I mainly propose to deal with the first category of arguments which went into the examination of the economic policies and objectives, which are really important. If I get some time at the end, perhaps I may deal with the political arguments because, as a matter of fact, I would like to deal with them.

16.00 hrs.

Let me begin with one statement. In my budget speech I have very humbly stated that I have not been able to achieve all the objectives that I have set before me; not only I have not achieved all the objectives

[Shri Yeshwantrao Chavan]

but I am not sure whether I will be able to reconcile all of them. Therefore, I have not made any big claim in my budget speech. But, at the same time, if the hon. Members would take care to read my budget speech, I have very clearly and categorically stated the objectives and the directions in which we want to go.

One important thing that I marked in the budget debate is, a good thing for the country, that from all sides I find a surprising unanimity on the basic principles to which our economic policies or objectives should be directed. This is a good thing for the country, a country which is going to be run on democratic basis, particularly in view of the emergency on our eastern borders. It was very interesting to see that though some hon. Members wanted to criticise my budget and its performance, with which I may not agree, at least the test they put for the examination of this budget was the same. Even coming from the young Maharaja of Gwalior, it was very interesting to see that he was prepared to call it a pro-capitalist budget. That is something which I welcome, as it does from the Maharaja. It is very refreshing. Perhaps he has on him the impact of modern trends and if he maintains this progress he will realise that he is on the wrong horse. As a good horse breeder and a good rider, possibly he has chosen a wrong horse. Very soon I hope he will come to realise that he has a place somewhere else perhaps.

But let me come to my main point that there was a refreshing agreement about the policies. I know that there is criticism about taxation and if you go into the individual or particular levies there can be views for and against it. But if we generally look at the problems that we have to face in this country and tackle, it will ultimately be found that there is no other go. As far as I am concerned, I can say that I have consciously gone through each and every item and tried to see its effect. Unfortunately, as the tax structure stands today, the indirect tax is a major source of income or taxation in this country. Naturally, therefore, it has to go into a larger number of items. But, while selecting items, I have taken much care to

see that the lower strata, the lower income-group, the poor man is not touched as much as possible. Of course, it is very difficult and physically impossible to say that nothing is touched. It was not possible for me to do so. I will come to that aspect a little later.

I think it is agreed on all sides that we have to accelerate the process of growth. It is also generally agreed, at the same time, that we must ensure that the benefits go primarily to the under-privileged and the unemployed and that we bring about a sizable reduction in inequalities and, at the same time, give price stability. These are the general principles, the principles which were very lucidly stated by my hon. friend, Dr. V.K.R.V. Rao. I agree with him. As far as those principles are concerned, I think there is no doubt that these are the lines on which we have ultimately to examine ourselves and test ourselves.

If you try to put this test, I must say and I do claim that I have made sincere and serious attempts...

SHRI K. MANOHARAN (Madras North) : Not inroads, but attempts !

SHRI YESHWANTRAO CHAVAN : I have made attempts and experiments and I have made definite progress in the direction in which our economy had to go. I have no doubt about that in my mind.

It is also true that these social and economic objectives cannot merely be achieved by a budgetary process—hon. Members would allow that—not at least by one budget. I quite agree that the budget is a very powerful instrument in this respect and I have tried to make as much use of it as possible, but even then you cannot do it with a single budget ; possibly, you will have to wait for a series of budgets for the achievement of all over objectives.

I must say, hon, Members were entitled to ask whether the Budget proposals will take the economy in the right direction or not, I think, it is certainly legitimate for me that I answer at least on two points, namely, whether the Budget will promote growth and whether, at the same time, it

will promote the objective of social justice in the widest possible sense. These are the two criteria on which I would like to speak in this particular matter.

Many Members have said that this Budget is not growth oriented. My hon. friend and colleague, Dr. V.K.R.V. Rao, himself said it and I was rather surprised when he said it, because he is an objective intellectual. I have got great respect for him. Certainly, I would like to meet his points.

He has raised another point which also needs to be answered. It is a legitimate point that he has raised. He has said that the Planning Commission has said that agricultural production should increase by 5 per cent and industrial production by 8 or 9 per cent, then alone there can be a 5.5 per cent rate of growth. He, therefore, questioned my claim that with 5 per cent rate of growth of agricultural production and 5 per cent in organised industries..... *(Interruption)*

SHRI SHYAMNANDAN MISHRA (Begusarai) : This was my point.

SHRI YESHWANTRAO CHAVAN : Possibly, you did not hear him. I thought, you were following Dr. V.K.R.V. Rao.

SHRI SHYAMNANDAN MISHRA : I did not hear him.

SHRI YESHWANTRAO CHAVAN : He had said it before.

SHRI SHYAMNANDAN MISHRA : In economic matters, in many respects, I am prepared to follow him. He is a scholar, and I have respect for him. But I had not heard him.

SHRI YESHWANTRAO CHAVAN : I have respect for you also, so far as respect is concerned.

I would like to tell him that there is nothing wrong with the Planning Commission or with me or with my assessment. What we normally do not take into consideration is a very rapid growth of the small-scale industries. The progress made in this sector and other services sector certainly

contributes to national growth. Industrial growth is normally understood to mean the other major industries, but the growth of other services and small-scale industries ultimately give us the assessment that the present claim that I make about the national growth is correct.

SHRI SHYAMNANDAN MISHRA : what is the weight of the small-scale industry and the tertiary sector ?

SHRI YESHWANTRAO CHAVAN : It is substantial. I think, it should be about 9 or 10 per cent for small industry.

SHRI SHYAMNANDAN MISHRA : No.

SHRI YESHWANTRAO CHAVAN : You can check up your arithmetic and analysis. I will stick to mine. If my hon. friend, Dr. V.K.R.V. Rao, meant to say that according to him it is not satisfactory growth, possibly I could have logically understood it.

DR. V.K.R. VARADARAJA RAO (Bellary) : That also I said.

SHRI YESHWANTRAO CHAVAN : But to say that this is not growth oriented Budget, possibly was not to understand it. I must say this very humbly.

The major way in which a budget can promote growth is by providing for substantial increases in developmental outlays without adding to the forces of inflation. I think, it is an undisputable statement I am making. Nothing would have been easier for a Finance Minister than to leave the Budget more or less as it was presented in March. If I had done it, certainly it would not have been necessary for me to come before the House with any significant proposals for mobilisation of additional resources. But had I done that, would I really have served the purposes of economic growth ?

Hon. Members will recall that the provision in the Plan that we had made in the Interim Budget at the Centre was at the same level as in the Budget for 1970-71. True, there was a very large shortfall in relation to budgeted outlays last year so that if fully implemented the Plan provision even in the

[Shri Yeshwantrao Chavan]

Interim Budget this year would have meant a substantial increase in Plan expenditure over the actual level achieved last year. Even in the Interim Budget, we had made a full provision for Central assistance to the States and the Union Territories. I could have very well called it a day and argued that with the unexpected demands made by the need to provide relief to evacuees from East Bengal, it was no longer possible to provide for an increase in the Plan outlay beyond what was budgeted last year. I have no doubt, however, that had I taken the line of least resistance, this Government would have served ill the requirements of growth at the present juncture. The additional provision of Rs. 155 crores that we have now made for the Centre's Plan proper is the absolute minimum that is necessary if we are to maintain the tempo of development in keeping with what has been envisaged in the Fourth Plan.

Quite apart from what has been provided in the Plan, it has been said and said rightly by many economic commentators that the pace of investment in the economy both in the public and the private sectors needs to be greatly accelerated. I share that view.

Hon. Members would recall that industrial production over the past year has not increased rapidly as one would have desired. Quite apart from that investment in agriculture, family planning, food procurement, roads, shipping, ports and harbours, social welfare and communications could not have been left at the levels provided for in the Interim Budget without retarding the growth in these vital sectors. I agree that having provided additionally for the Plan, the responsibility for ensuring that these expenditures would, in fact, be incurred is all the greater. But it would certainly be our endeavour to make sure that the increased Plan provisions are fully utilised.

Quite apart from the increase in the Plan provision which will certainly stimulate growth, we have also provided Rs. 75 crores outside the Plan for employment in the rural areas and among the educated young and this provision too whether we call it outside the Plan or not is developmental in character and will make for both growth and greater social justice. Technically, it is outside the

Plan. But really speaking, it is meant for schemes for educated youth, agriculture and rural works which are developmental in character.

AN HON. MEMBER : A very small amount.

SHRI YESHWANTRAO CHAVAN : This is how we have to begin. You cannot immediately reach the moon. Certainly, we have to make an attempt and this is a right step in the right direction.

Then, as a matter of fact, my hon. friend Shri Indrajit Gupta took me to task for making additional Plan provision only for what he thought were infra-structure activities like roads and communications and not for making any additional provision for industry, particularly, public sector industry. It is not merely an increase of Rs. 155 crores. If you take the actual level of expenditure in 1971-72, the increase is more and, including Non-Plan expenditure for employment, it is Rs. 375 crores, a little more than that.

Of the increase of the order of Rs. 300 crores in the Central Plan provision for 1971-72 against the likely actual level of expenditure in 1970-71, about Rs. 97 crores represent increase in the investment of public sector undertakings. In addition, the public sector undertakings are expected to utilise Rs. 205 crores from their internal resources. In other words, the total outlay on public sector undertakings in 1971-72 will be of the order of Rs. 738 crores as against Rs. 641 crores in 1970-71. This is not a] mean provision for public sector.....

SHRI SHYAMNANDAN MISHRA : What will be the new investment in the public sector.

SHRI YESHWANTRAO CHAVAN : This is going to be about Rs. 97 crores.

SHRI INDRAJIT GUPTA (Alipore) : What the public sector undertakings themselves generate, you cannot take credit for that.

SHRI YESHWANTRAO CHAVAN : I will deal with that point. But to say

that merely it is meant for infrastructure is not correct. Creating infrastructure is not merely providing for the private sector. How do you say that ? This is intended for creating communications, having better roads, better harbours, having rural electrification in the rural areas, etc. The most important private sector is Agriculture. We cannot forget that also. Therefore, to say that investment in the infrastructure is only meant for the private sector is, I should say, either trying to be blind to the realities or trying to be politically biased ; and this is all that I can say.

SHRI PILOO MODY : There is a third alternative, ignorance.

SHRI YESHWANTRAO CHAVAN : This is not an argument which shows any objective assessment of the economic principles. It is a politically-biased criticism.

Now, the increase in the Shipping Sector of Rs. 16 crores is primarily meant for Shipping Development Fund Committee which disburses loans to various shipping companies for acquisition of ships. Out of the total provision of Rs. 35 crores, an amount of Rs. 21 crores is already earmarked for the Shipping Corporation of India, a public sector undertaking. The balance amount will be disbursed both to the public sector and private sector shipping companies which may come up with concrete proposals for acquisition of ships during 1971-72. This is a growth contribution.

During the three years of the Fourth Plan from 1969-70, the disbursement out of the Development Fund would be of the order of Rs. 88 crores, of which the public sector shipping companies would get Rs. 57 crores. That shows the major share of the public sector.

The increase of Rs 13 crores over the interim Budget for the development of major and minor ports is meant for development, modernisation and improvement of the existing major ports particularly Vishakapatnam, Haldia, Madras and Cochin. This is particularly necessary in order to enable these ports to handle larger ships and larger volume of exports of iron ore and import of crude oil.

The increase in the provision in the Central Plan for roads, education and social services which is of the order of Rs. 40 crores is basically employment-oriented. How can anybody say this is merely infrastructure ? These 40 crores investments are essentially employment-oriented. When we talk of crash employment programme and educated employment programme of the order of Rs. 25 crores and many other investments, these are all employment-oriented investments. It is said, it is a small thing, a drop in the ocean. Well, I think, we have to take a major share of whatever ocean we have ; we cannot take oceans from nowhere. Ultimately the oceans are in our own pockets and they are small pockets. But what can we do about it ?

These increased investments in public sector undertakings are essentially employment-oriented. The balance of the additional Rs. 300 crores will be allocated in the following sectors, namely, Agriculture and Food, Rs. 78 crores, including purchase of buffer stocks ; Irrigation and Power Rs. 10 crores, P&T Rs. 11 crores and others Rs. 35 crores. If this is not growth, I do not know what else is growth.

Before I conclude my observation on this point, I must also briefly refer to a similar criticism made by Dr. Rao that he was not able to describe the Budget as a growth-oriented budget. Well, I think I have made that point and I don't want to repeat the same thing again. But I would like to tell him that this is growth-oriented budget. If he says that it is not to his satisfaction, possibly, I may say, yes, because he is a practising economist. Only the other day he and I sat on the same side and took decisions which ultimately are reflected in the Budget.

DR. V.K.R. VARADARAJA RAO : My idea is not reflected in the Budget. I had nothing to do with this year's budget.

SHRI YESHWANTRAO CHAVAN : So, the main question is whether I would have been justified in raising resources on an even more ambitious scale than what I have proposed for, or leaving a larger deficit in the Budget. I am sure that Dr. Rao will not advocate either of these two courses

[Shri Yeshwantrao Chavan]

For, if I had kept this whole deficit uncovered, what would have been the inflationary effect of it? Really speaking, every Finance Minister of a nation is on the horns of a dilemma in this regard, namely 'Shall I leave the deficit uncovered and have the flood of on inflationary forces or shall I not?' If he levies taxes, then in a country like ours, where indirect taxes have to be resorted to, some erratic and irrational reactions occur and these certainly let loose certain forces of price instability and inflation. I am quite aware of them. But I shall deal with that matter again when I come to the question of price stability and other matters.

The provision that we have made fully takes into account the requirements of all public sector enterprises which are under way and for all the projects included in the Plan outlay which are likely to be taken up in the coming year. I can assure the House that if the enterprises now under construction such as Bokaro, the fertiliser plan and the like require in fact a larger sum than we have now provided, we shall come up with the necessary request for supplementary provision and would not in any case allow the implementation of these projects to be slowed down for financial reasons. If there are any other reasons, I cannot help it. But I can assure the House that if their performance is good and they need some more money they will not be slowed down only on account of financial paucity. I think I have taken care of the point that was raised by Dr. V.K.R.V. RAO about the growth rate.

Now, the question comes about the taxation on the corporate sector. This is one of the points raised by many Members. Some have said that I have given an overdose and I have unnecessarily touched the corporate sector and thereby created conditions which will not be helpful to economic growth. This was the argument at one end. At the other end, it has been said that I have completely left the corporate sector untouched. So, I think the House would know that the truth lies somewhere in between, and there is no doubt about it.

As far as the corporate sector is concerned, the total incidence of the new proposals this year would be about Rs 16 crores, and the total revenue from the direct taxation this year is expected to be Rs. 27 crores. So, hon. Members would very obviously see that it is very simple arithmetic, that more than 50 per cent contribution from direct taxation is from the corporate sector. So, to say that it is not touched is not seeing the obvious thing.

It has been said on the one side that by raising corporate taxation to the extent I have done, I would be discouraging investment. It has also been urged on the other hand that I have not increased corporate taxation sufficiently. I do not think that any apology is needed for raising Rs 16 crores as additional revenue under the corporate sector in a year in which I have had to raise a total of Rs. 220 crores by way of additional taxation including the share of the Centre and the States. If the corporate sector feels that no matter what the circumstances of the nation may be, they should somehow enjoy permanent immunity from additional taxation, I am afraid they are likely to have little sympathy from this House or from the people at large.

The question, therefore, only is this, granted the need for corporate sector also to make a significant contribution, would it have been better to raise corporate taxation in general rather than remove or reduce some of the concessions which have outlived their utility? I do not propose at this stage to go into the defence of each of the proposals regarding the corporate taxation which possibly we might discuss at the stage of the Finance Bill.

To those who feel that the corporate sector should have been made to bear a larger proportion of the total tax burden, I would say only this much that particularly the one relating to the development rebate—it is not merely that I have touched the corporate sector, but I have made certain announcements on many other policy matters—will cast a much longer shadow than what might have been thought of at first sight. I make no apology for the fact that in general our rates of corporate taxation are somewhat higher than those in the other

countries. At the same time, there is urgent need to present something which will stimulate growth of industrial production. I believe that the selective approach that I have adopted will stimulate industrial investment and growth over the next few years and at the same time increase substantially the contribution of the corporate sector to the national exchequer in the long run. This is the approach I have taken in this particular matter. .

Now comes the very usual controversy, to which many members referred, about the contribution of direct taxes *vs* indirect taxes. The general criticism was that we have laid more emphasis on indirect taxes, but if we see the general trend of increase in direct taxes in the last five or six years, there is a continuous growth in quantum of such taxes in the totality of taxation in the country. This year new levies in the nature of direct taxes are for a limited period ; really speaking, the direct taxes to which I have made reference, are going to contribute Rs. 57 or Rs. 58 crores for next year. Really speaking, this is an additional dose of direct taxation that we have tried to give through the instrumentality of this budget, and I think it is not a less important effort.

Shri Samar Mukherjee of the CPI (M) said that in the last 23 years, the ratio of direct taxes to the total revenue of the Central Government in tax collection has declined and that of indirect taxes has increased. The point raised is a valid one. It has been our anxiety to increase the proportion of direct taxes to the total taxation. At the same time, it must be realised that in the ultimate analysis, it is only by accelerating the process of growth of industrialisation that this purpose can be served. During the last four or five years, we have made significant strides in this direction. Thus, while in the budget of 1968-69 the contribution of direct taxes was Rs. 10 crores, in 1969-70 it went up to Rs. 23 crores ; in 1970-71, it further increased to Rs. 36 crores and the taxes levied in the current year (full) will yield Rs. 57 crores. It will not, therefore, be correct to say that all our energies have been concentrated on getting additional resources only from indirect taxes.

It must also be realised that the picture presented by Shri Mukherjee is only partial as the revenues of the State Government have not been taken into account by him. If this is to be seen in its proper perspective, we must take into account the combined revenues of the Central and State Governments and also the proportion they bear to the national income. The low proportion of direct taxes to the total revenue of the Central and State Governments is attributable to two factors. In the first place, in a developing economy like ours, it is inescapable that the major tax contribution has to come from indirect taxes. It is only when the economy develops and the number of taxpayers liable to pay tax increases that the contribution from direct taxes will increase. This is also borne out by the fact that in all countries which are in different stages of development, direct taxes contribute about 3-4 per cent of the total tax revenue as a percentage of national income.

Another factor which accounts for the comparatively low contribution of direct taxes to the total tax revenue is that the agricultural sector is entirely outside the purview of central direct taxes. The State Governments have not for various reasons found it possible to raise adequate resources from this sector. As far as we are concerned, we have made very clear our stand in this matter. In my budget speech, I have devoted a couple of paragraphs to this particular aspect. There is certainly some constitutional difficulty for us, but I have no doubt in my mind that, whether it be the rich in the urban areas or the rich in the rural areas, they must all be taxed and must make their contribution. In this matter, I have said that with the cooperation and help of my colleague, the Planning Minister, who is also Deputy-Chairman of the Planning Commission, possibly we might succeed in our effort to persuade the State Governments to come round and have a new look at this whole problem again. I was saying that it was within the purview of the State Governments. Hon. Members will recall that I had highlighted this point in my budget speech by stating that constitutional prerogatives of the Union Government to initiate measures of reform in the countryside are restricted.

Hon. Members are also aware that there is a persistent demand for increasing the

[Shri Yeshwantrao Chavan]

exemption limit for income-tax. During the budget debate several Members suggested that the exemption limit should be increased to Rs. 7,500 or even Rs. 10,000. There is also pressure on me that I should raise more from direct taxes. It is therefore difficult for me to reconcile the demand to increase the proportion of direct taxation in a developing country like ours with the demand to give relief to the lower class of income-tax payers. But as I said earlier the direction in which our efforts will have to be concentrated is now quite clear.

The other criticism that was made was that there was no incentive for savings. I have read this argument for decades ; it was there even when I was not a Minister, or the Finance Minister. It is a hackneyed argument normally advanced by economic experts and pundits and other people representing big industry. There are two or three factors responsible for this criticism. First of all there are those people who believe that the increase in wealth tax rates will discourage accumulation of wealth. It is one particular class which is trained to accumulate wealth so far. They had no idea and they never had any training that a time will come when there will have to be some sort of a restriction and control over the accumulation of wealth and they go on complaining that there is no scope for accumulation of wealth and that there is no incentive for savings. If incentive for saving means accumulation of wealth, I do not care for such savings. As far as this group of persons is concerned, I plead guilty to the charge that my proposals are aimed at discouraging accumulation of wealth beyond a point. Most hon. Members and practically all the organised political parties in the country have given up the ideology of accumulation of wealth through perpetuation of inequalities.

As I said to begin with, at least theoretically, most of them have agreed to this proposition and it is good for this country. The complaint from this particular group that there is no incentive for savings is possibly rejected by the country as a whole. If some people do not have an opportunity to accumulate property beyond Rs. 10 or 15 lakhs, they would be discouraged from saving. That is what they say. But this is

the price we should be prepared to pay for the larger benefit of spurring the masses of people to greater effort and for their cooperation in the task of building up the nation. I have no doubt that this effort and cooperation from the vast majority of the people will not be forthcoming unless extreme inequalities of wealth and economic power are effectively curbed.

Those who believe that there can be no accumulation for society as a whole without any opportunity for a few people to amass vast personal fortunes have certainly not understood the social and political undercurrent that runs through developing societies today. There is also a feeling that the increase in surcharge from 10 to 15 per cent in the case of income in excess of Rs. 15000 per annum will reduce the ability of the persons concerned to save. I entirely agree that those who have now to pay more by way of income tax will in all probability reduce their savings to some extent. I do not refute that but here again one has to balance this factor against the need of the society to raise some resources for the overall social purposes of development and social welfare. Carried to its logical conclusions the theory that any increase in income tax is not justified because it may lead to some reduction in personal savings could amount to a plea for no taxation whatsoever. I wish I could have spared even those with an annual income of more than Rs. 15000 from the burden of paying additional income tax but if more money is to be raised it cannot be said that no part of it should be raised by way of personal taxation. If personal taxation is to be raised it can hardly be argued that in our conditions those with incomes above Rs. 15000 per annum need particularly to be spared. I do not think that anybody can argue that way.

The charge that my proposals would discourage savings is sometimes sought to be justified with reference to the changes proposed in regard to deduction in lieu of contributions to life insurance, provident fund and the like. Here, as far as savings of Rs. 1,000 and below per annum are concerned, actually the deduction is raised to a full hundred per cent, so that there is in fact a greater incentive for savings for the

bulk of income-tax payers for whom the total annual savings cannot exceed the figure of Rs. 1,000. In fact, even up to a total saving of Rs. 5,000 per annum the deduction now permissible under the new rules would be greater than what it was before so that the incentives for saving will increase right up to the level when such savings are a little short of Rs. 5,000 per annum. It is only in cases—I agree—of those who save more than Rs. 5,000 per annum that the deduction now would be less than before. But surely it is not irrelevant to ask, how many persons there are in this country who can save more than Rs. 5,000 per annum. It is a question which could honestly be asked by everyone to oneself. The vast majority of people, the largest possible number, cannot save beyond Rs. 5,000 per annum. I have made all possible provisions to see that there is an incentive for saving, as far as this part is concerned. Those who want to save more than Rs. 5,000 per annum, there is a disincentive. I do not want to enlarge on this point more. I would only make one more point in this connection.

If the quantum of deduction is reduced somewhat for savings above Rs. 5,000 per annum, then the ceiling on total saving which can qualify for deduction is raised—this is one point which the hon. Members should take note of—from Rs. 15,000 to Rs. 20,000 per annum. In fact, even for savings between Rs. 5,000 and Rs. 15,000 per annum, since the tax rates have gone up, the value of every rupee of deduction permitted would now be greater. I hope Shri Piloo Mody would agree with that. I fail to see, therefore, how my proposal in respect of personal taxation can be considered to be detrimental to a large flow of savings over a period.

Another very fashionable argument was made with regard to the budget, namely, that it has struck the common man. I quite see; as I have said in the beginning, because of certain levies on certain items, it has affected the common man. I cannot say that the common man is not affected. But what ultimately is the test, what major test one should apply to see whether it substantially affects the common man or not? (*Interruptions.*)

SHRI SHYAMNANDAN MISHRA :
His rupees should not be eroded.

SHRI YESHWANTRAO CHAVAN :
Well, your idea of the common man is different from my idea of the common man. Your common man uses costly clothes, rides in a car ; my common man walks on the *rasta*.

AN HON. MEMBER : On the bullock-cart.

SHRI YESHWANTRAO CHAVAN :
He has not even a bullock-cart.

SHRI SHYAMNANDAN MISHRA :
I don't possess any flat on the Marine Drive.

SHRI YESHWANTRAO CHAVAN :
I rent one. But you have built a very beautiful house in Patna. I have seen that. (*Interruptions*) I dined with one of my friends who was your neighbour and he showed me your house.

AN HON. MEMBER : Marine Drive.

SHRI YESHWANTRAO CHAVAN :
I merely rent a flat there.

SHRI PILOO MODY : Both of them do not know who the common man is. Can I tell them both that the common man is the consumer ? (*Interruptions*)

SHRI YESHWANTRAO CHAVAN :
Let us not go into personalities.

SHRI SHYAMNANDAN MISHRA :
A Government built flat might have been shown which I have.

SHRI YESHWANTRAO CHAVAN :
Then you will have to receive and give ; both. (*Interruptions*) So, ultimately, when we go into the effect on the common man, what is more important is the effect on the wage which goes into his purse, which ultimately affects the consumer price index.

Now, what are those items which go into it ? Kerosene : I have not touched kerosene in the budget.

AN HON. MEMBER : Indirectly.

SHRI YESHWANTRAO CHAVAN :
Not by my budget. The increase was announced by Petroleum Minister, and the

[Shri Yeshwantrao Chavan]

increase was due to increase in the international prices. This is not a part of the budget proposals. I must say I had made it a doctrine with me not to touch kerosene in the budget. Sugar, tea, coffee, footwear, matches and vegetable products are not touched in the budget. Soap and cotton fabrics are partially there.

As far as soap is concerned, I have exempted laundry soap. About the other soaps, I have made further enquiries as to exactly what has happened and I would like to give certain information. The prices of Lux and Rexona have not changed after the budget. The incidence of duty of Rs. 2.54 per gross has been absorbed by the company. After the budget, the manufacturers have announced the price structure and they have not increased the price. But I know certain retailers are taking advantage of it. I think after some time, this will be adjusted. Otherwise, we will have to think of other steps if retailers are taking undue advantage of it. But after the budget proposals were announced, the companies producing these soaps have announced their price structure and they have absorbed the excise duties. The prices are the same. The same thing is true about another popular soap used by poor people—Lifebuoy. The duty on Lifebuoy also has been absorbed by the company. Unfortunately, at the retailers' level, something is happening and we will take care of it.

SHRI N. K. P. SALVE (Betul): Have the companies absorbed it on a permanent basis?

SHRI YESHWANTRAO CHAVAN: At present they have announced that they have absorbed it. Afterwards if they do something, we will have to deal with them when they do it. How can I answer a hypothetical question? I am saying that laundry soap is not affected. The prices of other poor man's soaps are also not affected. So, how can we say that the common man is affected?

SOME HON. MEMBERS: What about maida?

SHRI YESHWANTRAO CHAVAN: Before proceeding further, I may say that

I have decided to withdraw the excise duty on maida and coarse cloth. (*Interruptions*). I have done this because of the overwhelming view in my party. Out of deference to my party's view, I have done it. But I would ask my party members not to ask for more concessions.

SHRI R. S. PANDEY (Rajnandgaon): At least the petrol supplied to taxies and scooters should be exempted.

SHRI YESHWANTRAO CHAVAN: How can you do that? When the price of petrol is raised, the taxiwallas should be given better rates and we are going to support their demand for increasing the fare as far as we can go. I know, the common taxiwalla is a friend of our party and we must take him into account. So, I am quite aware of this. But, I do not want any further pressures for any other reduction.

SHRI K. MANOHARAN: You have given some concession to your party people. But what about the opposition people?

SHRI YESHWANTRAO CHAVAN: This demand has not come from my party alone. This demand has come from the opposition as well.

Here I must say one thing. There is one important commitment which as a party we have made. We have accepted the principle of having a children's charter, a charter for the children. In order to create the financial resources for the fulfilment of the children's charter we have to impose a cess. Do not forget that we have passed this resolution in the Bombay session. So, I had every justification for what I had done. I do not want to go into the arguments again. Some time or other, our country will have to come forward in accepting a cess whose collections will be ear-marked for the children. I am giving this as a fore-warning. There is no other alternative except to accept a cess, some time or other, if not on maida but in some other form..... (*Interruptions*). Though I have withdrawn the excise duty on maida, the provision for children is not withdrawn. It will remain as it is. It will only mean to that extent our deficit will remain uncovered.

एक माननीय सदस्य : मंत्री जी इस मामले में बहुत भ्रष्टाचार है। बच्चों का सोयाबीन तेल बाजार में बेचा जाता है। इस से भ्रष्टाचार बढ़ रहा है, बच्चों का आहार बन्द किया जाता है, इस का आप प्रबन्ध करें।

श्री यशवंतराव चव्हाण : ठीक बात है।

SHRI JYOTIRMOY BOSU : What about coupons for scooters and taxis ?

SHRI YESHWANTRAO CHAVAN : The only solution for that is that the regional or State transport authorities must allow a reasonable rise in fares for taxis and scooters. There is no other way. There is no feasible and workable administrative device that I can think of.

Coming to prices, this question we have discussed many times, even during the question hour. I have explained the reasons for the price rise and the steps we have taken to deal with the same. As I said, the prices started rising from the middle of 1969 onwards. The main reason was the shortage of industrial raw materials like cotton, oilseeds etc. Naturally, we had to take a series of fiscal and monetary policy decisions which helped us to reduce the prices and the prices have been reduced in the month of March, particularly food prices.

Now the question is : what will be the effect of the taxes on the prices. I will explain that. We have taken many measures in this particular matter. Sir, if you will allow me, I can give a long list of the administrative steps we have taken in this matter. In the case of oilseeds the price index has come down from 233 in January 1971 to 211.8 in March 1971. The process was assisted by tightening of control on the bank advances against vegetable oils, oilseeds and vanaspati towards the end of January. Imports of soyabean oil for the hydrogenated oil industry have been continued at a level of approximately 100,000 tonnes per annum, supplies of rapeseed from Canada further helped to augment the availability of oil for edible purposes. The overall shortage of oils and fats has also been sought to be taken care of through imports of mutton tallow for the soap industry.

An import policy has been framed with the object of ensuring that actual users do not suffer from lack of essential steel. While exports are being regulated, actual users have been granted an increase in their import quotas. Bulk imports of scarce varieties of steel, such as plates and sheets, have been arranged. The projected import of steel for 1970-71 was of the order of 600,000 tonnes as against an import of 425,000 tonnes in 1969-70.

A Bureau of Industrial Costs and Prices was set up during the year for review and examination of the cost structure of industries referred to it for study, and to recommend prices; a number of references have been made during the year to the Bureau. Administrative control over prices has been continued to be exercised in respect of a number of commodities. The commodities which remained subject to statutory price control during the year included certain varieties of mill-cloth, agricultural tractors, motor cars and scooters, cement, synthetic rubber, vanaspati, certain fertilizers, kerosene, sugar and industrial alcohol. Sugar was decontrolled very recently. Two additional categories were brought under statutory price control in 1970-71, namely, aluminium and its products, and electric wires and cables. While the prices of the latter are yet to be determined, the prices of aluminium and its products were frozen at the levels prevailing on February 28, 1970 as an interim measure pending the report of a special study group. During the year, prices of drugs and medicines too were brought under a system of comprehensive regulation and control with the coming into effect of the Drugs (Price Control) Order in May 1970. The cost structure of the units manufacturing drugs and medicines was examined by the Tariff Commission and norms for the fixation of fair selling prices were suggested. Prices of seventeen essential bulk drugs have been announced, and of other bulk drugs have been frozen pending a detailed study. A Drug Prices Review Board has been set up to assist the Government in the fixation of drug prices at reasonable levels.

The Tariff Commission has also submitted its report in respect of fair prices of rayon tyre yarn, cord and fabric, and a reduction

[Shri Yeshwantrao Chavan]

in the prices thereof has been announced. As a consequential measure, tyre manufacturers have been prevailed upon to reduce the price of truck tyres. On the basis of the study made by the Oil Prices Committee, the retail selling prices of all petroleum products other than furnace oil, motor spirit and naphtha were reduced with effect from June 1, 1970. Informal control over prices has been continued to be exercised in respect of soap, rubber tyres and tubes, bicycles, matches and iron and steel; producers are not expected to increase the prices of these commodities without the Government's prior approval. During the year, the necessity was felt of extending this kind of control to the paper industry, the prices of whose products have risen significantly since decontrol in 1968.

The three main factors underlying the instability of prices during the year have been inadequate supply of essential goods, a certain excess supply of money and exercise of monopoly power, of which speculative hoarding is but one example. While, given the several imperfections of the system, the last factor does indeed play a part; it is on the central question of adequate supplies and prudent fiscal and monetary policies that efforts at maintaining a stable price level will hinge. Among the shortages that have bedevilled the economy during the year, the most persistent and insidious from the point of view of the price level for essential commodities are those relating particularly to cotton and oilseeds. Even in regard to foodgrains, while the general situation has been good, supplies have been short for pulses and, even for rice, the position is only marginally satisfactory. In the case of most of these bulk commodities, it would be futile to hope that chronic internal shortages can be made good by imports. Even in 1970-71, the import bill for cotton, trice, tallow and soyabean oil has been considerable. There can be no enduring solution to the problem of prices as long as the country is not able to have adequate production of foodgrains, cotton, pulses and oilseeds and such other food articles as milk and vegetables. Among industrial products too, apart from iron and steel—where output has been hampered by organisational problems—there are areas

such as paper and non-ferrous metals where price stability will depend upon substantial increases in productive capacity.

There is similarly need for enforcement of due restraint on the demand side. I must emphasize this particular aspect. While credit for the hitherto neglected sectors must continue to be allocated in adequate magnitudes, the search should be continuously on to enforce credit and fiscal discipline elsewhere in the economy, both in Government and outside. Once success is achieved on this front, the speculative elements will discover that their ability to distort has been effectively limited. This is what generally I have to say about prices.

Now, my hon. friend, Dr. Austin and some other Members also mentioned about the shortfall in expenditure. They asked whether the Finance Ministry is mostly guilty about this matter. I would like to plead not guilty. In fact, we have taken certain steps in this particular matter.

The shortfall in expenditure on the Central Plan schemes in 1971 was about Rs. 179 crores as compared to a Budget provision of Rs. 1195 crores. We have given considerable thought to this question and a detailed study was undertaken to identify reasons for the shortfall. The Prime Minister herself had convened a meeting of all the Secretaries to Government and urged that a continuous review should be taken of various steps with a view to ensure their speedy implementation and various steps, four of which I would like to detail here, have been taken.

- (1) The task forces have been organised in the administrative Ministries to review periodically both the physical and financial performance of Plan schemes and take steps to remove such bottle-necks as may come to light in order that the progress of schemes may not suffer.
- (2) The steps are being taken to modify the existing procedures for scrutiny and sanctioning of schemes with a view to expedite their clearance.

- (3) The expedition in the submission of monthly statement of accounts by the accounting officers.
- (4) The scrutiny of expenditure statements in the Ministry of Finance and drawing the attention of administrative Ministries wherever significant shortfalls can be visualised so that they would take remedial measures in time to avoid the shortfall.

So, we have identified the problems and these specific steps have been taken.

Then, naturally, some Members did make a mention of one thing and that is what new initiatives we have taken. I tried to re-read my Speech again. I thought I should point out the new initiatives we have taken so as to remind the Members, at this stage, that this Budget has certainly taken many new important initiatives which got wide social and economic implications. As far as I tried to search for those initiatives, I could find 11 of them. If the hon. Members go through my Budget Speech probably, they may find more. I have put them as under:

- (1) To put down undervaluation of properties, the Government will take powers to acquire properties at prices that correspond to what is recorded in sale-deeds.
- (2) To discourage benami holdings of property, it has been decided that if at the time of assessment a person fails to declare income from a piece of property or the property itself so as to evade payment of income and wealth taxes, he will be debarred from enforcing his claim to such property in a court of law.
- (3) In view of our commitment to reduce the inequalities of income and wealth, whether in the rural areas or in the urban areas, I had stated in my Budget Speech that ultimately the basis of tax has to be the size of income or wealth irrespective of whether it is derived from agricultural or non-agricultural sources. Several Members were critical of the fact that the new rich class in the rural areas has been left out of the ambit of taxation. There was also a legitimate concern about the evasion of taxes which is taking place as a result of the incomes derived from urban sources being shown as rural incomes. I agree that these matters would require very careful consideration and with this end in view, I had stated in my Budget Speech that these and other related matters would be discussed with the State Government.
- (4) The new provisions relating to the wealth tax impose a virtual ceiling on holding of wealth to a much lower level than hitherto and take us much nearer to our objective of imposing a ceiling on urban property.
- (5) The work of recovery of arrears of estate duty is being transferred from the State Governments to the Income-tax-Department at the Centre.
- (6) The valuation Cell located in the Central Board of Direct Taxes is being further strengthened.
- (7) A committee is being appointed to review the self removal procedure scheme with a view to suggesting improvements which could reduce leakage of revenue.
- (8) A comprehensive review of the Foreign Exchange Regulation Act has been undertaken and an amending Bill for the purpose is being introduced in the Parliament during the current session.
- (9) To effectively counteract the leakage of foreign exchange through under-invoicing and over-invoicing and other manipulations, a committee was set up and its recommendations which have just been received, are under active consideration of the Government.

[Shri Yeshwantrao Chavan]

(10) To discourage payment of high salaries and remunerations which are hardly in consonance with the norms of egalitarian society, a ceiling has been put on the remuneration of company employees which would be deductible in the calculation of taxable profits. Together with the existing ceiling of Rs. 1000/- per month in the case of perquisites, the allowable overall ceiling on remuneration and perquisites for purposes of taxation will be at Rs. 6000/- per month.

(11) To tighten the incidence of the wealth-tax, the existing provision in the Act excluding from aggregation the assets transferred by an individual to the spouse or minor children is done away with. A similar provision is being made in respect of conversion of assets of individuals into those of Hindu undivided families.

17.00 hrs.

These are some of the new initiatives which we have taken.

Some Members certainly made a point about the provision for Bangla Desh. Some of them think that Rs. 60 crores is small amount; but as I said earlier, this is a problem which will have to be looked at in its proper perspective because naturally we will have to see that ultimately our brothers from Bangla Desh who have come here will go back to their country in an honourable and dignified manner. You cannot make such commitments as permanent factors of a Budget and make provision for that. We want the international community to take its proper share in these responsibilities. Here or outside some important persons say that really speaking the deficit in this budget will go to some Rs. 1100 or Rs. 1500 crores only on this basis. Well, this is a very fantastic statement to make. But certainly the provision made in the budget is a symbolic provision that this country can afford to make in its Budget. But this is essentially a political question. We will have to make a

judgement not as a purely budgetary matter, but as an important political matter as such.

Now, I would like to come to the performance of Public Undertakings. This is an important matter. Several hon. Members referred to the performance of Public Enterprises and urged the need for improving their functioning and efficiency all round so as to generate adequate surplus for re-investment.

I share the anxiety and the concern of the House in this important area. As the hon. Members will recall, I dwelt at great length on this problem in my Budget Speech.

While I am acutely conscious of the deficiencies of the public sector, I must mention that during 1969-70 the performance of the public sector has shown an improvement in comparison to the previous years. Of the 81 running concerns, 49 made a profit of Rs. 72.27 crores as against 41 in 1968-69 which made a profit of Rs. 66.07 crores. 32 enterprises including Hindustan Steel Ltd. made a net loss of Rs. 75.76 crores in 1969-70 as against 32 enterprises which made a loss of Rs. 94.18 crores in 1968-69. I am saying that improvement is there.

The overall return on the capital employed in 1969-70 after providing Rs. 175 crores for depreciation was 4.2 per cent on capital employed as against a return of 2.7 per cent in 1968-69. In 1969-70, 24 enterprises declared dividends ranging from 3 per cent to 21 per cent.

To take a particular category of public enterprises and say that the whole thing is wrong is something very wrong. As one of the Members of this side explained yesterday, the public enterprises have got a very historical task to perform. They have undertaken initiative in establishing production in very important sectors. There again, we have identified the problems. (*Interruption.*) One of the problems is Mr. Jyotirmoy Bosu.

SHRI JYOTIRMOY BOSU : With over-capitalisation you will never make a profit.

SHRI YESHWANTRAO CHAVAN : I may tell you that in my speech I have said that we have identified the problem. One problem is the problem of inventories. This is one of the problems. We have to go into these matters. We have got problem of proper planning for the maintenance of the units. Then there is the problem of managerial and operational efficiency. That is the second problem. The third problem is the problem of the personnel management and there comes the problem of industrial relationship. The loss incurred by the Hindustan Steels is really speaking a result of the politics of a party which claims to have more interest in the public sector...

SHRI P. R. DAS MUNSI (Calcutta South) : One political party has become responsible for damaging all the industries in West Bengal, i.e. C. P. I (M).

SHRI JYOTIRMOY BOSU : Let not Shri Y. B. Chavan try to take advantage of his position and attack my party. I may tell him that the public sector is suffering from over-capitalisation.

SHRI P. R. DAS MUNSI : One single political party has been responsible for the collapse of all the industrial possibilities of West Bengal.

SHRI YESHWANTRAO CHAVAN : Before evaluating the performance of public sector enterprises in financial terms...

SHRI JYOTIRMOY BOSU : What about Bhopal Heavy Electricals ? We do not have any union there.

SHRI YESHWANTRAO CHAVAN : Infectious things happen.

SHRI JYOTIRMOY BOSU : I wish he has the good fortune to get the infection.

SHRI PILOO MODY : But the disease is on his side.

SHRI YESHWANTRAO CHAVAN : I must also mention the contribution by

public sector enterprises in the matter of export earnings. We have achieved significant results in this direction. In 1965-66 exports by manufacturing enterprises in the public sector were to the tune of Rs. 4.60 crores. I would like hon. Members to listen to me carefully because the figures are eloquent. In 1965-66 it was only Rs. 4.60 crores, but in 1969-70 these exports have reached a level of Rs. 84.64 crores. This is something significant. This is about manufacturing concerns. Similarly, the earnings of foreign exchange, by aviation, shipping and ship-repairing concerns etc. have also recorded a marked increase from Rs. 30.20 crores in 1965-66 to Rs. 85.24 crores in 1969-70. Therefore, to say that efforts are not being made and that progress is not being made is trying to be unfair to ourselves.

I had mentioned in my budget speech the directions in which we had to take steps. I have just indicated them, and we shall pursue those matters very carefully. I can assure the House that it is certainly our responsibility, and we are not unaware of our responsibility in this matter. I have said in my budget speech that financial surplus from the public sector is going to be one of the very important factors in our economic strategy in this country. And certainly, we are determined to see that that day arrive very soon.

SHRI PILOO MODY : What about foreign travel ?

SHRI JYOTIRMOY BOSU : Shri Y. B. Chavan has been made to say things which he would not have wanted to say by himself.

SHRI YESHWANTRAO CHAVAN : I think I have tried to meet the major points of criticism that were made.

SHRI JYOTIRMOY BOSU : what about demonetisation ? What about the Wanchoo Committee's report ?

SHRI YESHWANTRAO CHAVAN : I am not answering that question, because that proposal is not under our consideration now. So, what is the use of answering it ?

श्री हुकम चन्द कछवाय (मुरैना) : 60
लाख रुपये का क्या हुआ ?

SHRI YESHWANTRAO CHAVAN : I have mentioned about the nutrition programme of children. There was some criticism that there was some shortfall in the nutrition programme. Unfortunately, the administrative arrangements that we had to make were rather delayed and the work was started only late in July last, and, therefore, there were certain difficulties and certain loopholes as one hon. Member had mentioned. But we cannot be discouraged by these things. We have to take speedy measures. This year, I think that we shall have to increase the age group. Last year we had accepted the age group from 0 to 3. But this year, we shall have to accept the age group from 0 to 6, and we shall have to take more administrative steps to see that the provision that we have made this year is completely utilised.

Coming to the political criticisms, I have to deal with them. But I would say just two or three words about it. There has been a criticism that this budget is a capitalist budget. I would say that it was merely an ideological and parrot-like repetition of the old thing. Some hon. Members illustrated it also. They said that it was a capitalist budget because there was an increase in the defence budget of this country, because there was provision for police in this country and so on. Now, do those parties want our security to be safe or not ?

AN HON. MEMBER : They do not want it.

SHRI YESHWANTRAO CHAVAN : So, that is the meaning of the phrase 'capitalist budget'. They do not want any arrangements for the C.R.P. and for that matter C.R.P. itself. We know very well what was happening in West Bengal.

SHRI DASARATHA DEB (Tripura East) : They were using the C.R.P. for suppressing the political liberties of the people.

SHRI YESHWANTRAO CHAVAN : West Bengal has been the home of patriots

at whose feet all of us should sit and learn. What happened to a man like Hemant Kumar Basu ? He was killed in broad daylight in the streets of Calcutta, and not a single man was coming forward to give evidence in that case. Have we come to that pass ? If we provide for police to combat these activities, they call this a capitalist budget ! Why do they call it a capitalist budget ? Their main difficulty is this. Our main attack in this budget is on poverty. What is poverty ? It was Prof. Dandekar who has mentioned in his book—I may tell Shri Unni Krishnan who referred to this that I have also read that book and I agree with his assessment—that, really speaking, the problem of poverty in this country is a problem of slow development, and unequal distribution of income and wealth.

SHRI JYOTIRMOY BOSU : All these 23 years of Congress rule.

SHRI YESHWANTRAO CHAVAN : We are trying to attack the problem and taking away the basis of revolutionary politics in that effort. That is the main reason why they attack this budget.

I also claim to be a student of Marxism.

SHRI P. R. DAS MUNSI : That party should be taxed.

SHRI YESHWANTRAO CHAVAN : I have read Marx. But unfortunately I have tried to understand Marx intelligently, not blindly. In the context of the change that has taken place, in the situation in the world today, though the basic analysis in certain matters still remains true and valid the way they are trying to apply it to Indian conditions merely shows that they have forgotten their roots in India. They are misled by certain ideologies which, really speaking, seem to be un-Indian in nature. I do not want to say anything more about it,

Coming now to the political criticism of my hon. friend, the leader of the Congress (O) Shri Shyamnandan Mishra, the first sentence of his budget speech was that this budget 'is a gift to the Opposition parties'. If it is a gift to the Opposition parties, I have made it ; and I have made that gift free of tax.

SHRI SHYAMNANDAN MISHRA :
 You have done it at the cost of the Prime Minister all right.

SHRI YESHWANTRAO CHAVAN :
 By saying this, they think they can certainly start and have certain political projections and then they can go back and win back the people. We know how poor their judgment has been, as far as the people are concerned. I have got great regard and respect for my hon. friend, but I must say I have a very poor respect for his political judgment.

He says there are three important B's—he thinks in terms of bees—in the budget ; Bangla Desh, Budget and some bank...

SHRI SHYAMNANDAN MISHRA :
 Bank cheating. Why are you not coming out with the facts ? From which account was the money drawn ? Why are you not coming out with it ?

SHRI YESHWANTRAO CHAVAN :
 This is not part of the budget ; we can discuss it later, if he wants to.

He says we have got three Bs. May I tell Shri Mishra : 'We are quite aware you carry bees in your bonnet'. That we know very well. Fortunately now it appears to be more than one bee. This time there are three bees. What can I say more on this type of criticism ?

SHRI SHYAMNANDAN MISHRA :
 You at least carry three if I carry one.

SHRI YESHWANTRAO CHAVAN :
 You mentioned the bees. You were proud of those bees. That was why I mentioned about it ; otherwise, I would not have talked about it.

SHRI C. M. STEPHEN (Muvattupuzha) : The people have ignored him. Why talk about it ?

SHRI YESHWANTRAO CHAVAN :
 The main point I am making is this. Now the nation has made certain commitments. Let us not try to judge this budget from a merely narrow party political angle.

SHRI JYOTIRMOY BOSU : It is a petty accountant's budget.

SHRI YESHWANTRAO CHAVAN :
 This is a petty man's reaction.

My main point is that this is a commitment which this nation has made. We have set ourselves on the march towards achievement of socialism in this country. This commitment has to be fulfilled and I am glad that by this one Budget I can humbly claim that on that long, hard and tortuous journey we have taken one very definite and positive step forward. Sir, I have done.

MR. SPEAKER The cut motions are before the House.

SHRI DASARATHA DEB : Sir, the Central Government has again brought before this House the Manipur Budget. In the last session when the supplementary Budget for Manipur was presented, I had pointed out the unfortunate fact that a democratically elected State Assembly in Manipur has not been constituted so that the Budget could be discussed in a meaningful manner. This unfortunate situation has arisen because of the high-handed and arbitrary decision of the Congress Government at the Centre in not allowing the democratic rights for the people of Manipur. Last year the Prime Minister had made an announcement that her government, was agreed in principle to give full statehood to Manipur. But, true to the traditions of the ruling congress, she has again betrayed the people of Manipur and Tripura. It is now more than one year since that announcement was made. Why no Bill has been introduced ? I do not know whether that Bill would be introduced at all.

Why is Manipur not given full statehood ? Why is the State Assembly not reconstituted ? Sir, it is very clear that they are afraid of facing the people of Manipur, who have seen the hollowness of the tall talks of congress socialism.

The records of congress rule and its disastrous effects are there for every one to see. After 24 years of congress rule in India and outright neglect of the people of Manipur and other hilly areas, the people have been realising that until the congress misrule is ended for ever, they have no hope of survival.

17.19 hrs.

[SHRI K. N. TIWARY *in the Chair*]

After 24 years of independence, Manipur remains one of the most backward areas in India, along with Tripura, Nagaland etc. The Union Territory of Manipur comprises an area of 22,352 sq. Km. Of this,

over 87 per cent of the area are entirely hilly tracts and only about 13 per cent of the area is covered by the valley. Anyone who has visited Manipur knows that in most of the hilly areas there is not even a road good enough for walking, not to speak of motorable roads. Industry, agriculture, irrigation and power, communication and roads, education and public health etc. have not been the primary concern of the Congress Government so far as Manipur is concerned.

Sir, this can be seen from the allocation now made in Manipur budget. You will find that the biggest amount has been allotted for police administration and jails. The whole administration seems to be nothing but an agency to oppress the people. No wonder if they have been keen to use the Preventive Detention Act borrowed from Orissa.

You will find in the police budget that last time we had voted Rs. 1,12,20,000 and now we are asked to vote again Rs. 2,24,41,000. For jails, we had already voted last time, during the supplementary budget, a sum of Rs. 1,86,000, and now we are asked to vote about Rs. 3,71,000.

Now, coming to the fourth five year Plan allocation, they have allocated for Manipur only Rs. 30.25 crores. This amount, if spent on the priority sectors of industry and agriculture, cannot fully nullify the backwardness of the backward areas, a backwardness resulting from long years of neglect by the Centre. This can be seen from the figures for the four Plans for Manipur. In the first Plan, the outlay was Rs. 1.55 crores ; expenditure, Rs. 1.03 crores. The second Plan outlay was Rs. 6.25 crores ; expenditure, Rs. 5.97 crores. The third Plan outlay was Rs. 12.88 crores ; expenditure, Rs. 12.81 crores. In the annual plan for 1969-70, the outlay was Rs. 4.72 crores ; expenditure, Rs. 4.72 crores. In the annual plan for 1970-71, the outlay was Rs. 5.19 crores ; no expenditure is there yet. The total is Rs. 30.25 crores.

These figures show the magnitude of the problems of that backward area. Even if

this money is spent honestly, you cannot meet the situation there and you cannot solve even a fraction of the multitude of problems of that particular area.

Coming to industrial development, I should say that the then Minister of Industrial Development, Shri Fakhruddin Ali Ahmed, had said on 22nd April, 1969 in the Lok Sabha, in reply to the starred question No. 7249, that the Government of Manipur had suggested the establishment of the following industries in that territory during the fourth Plan. The industries suggested were ; (1) cement factory, capacity 100 tonnes per day ; (2) pulp-cement Board, capacity 50 tonnes per day ; (3) integrated starch-cum-glucose-cum-cornflake unit ; (4) manufacture of watches, precision and scientific instruments ; (5) paper mill, capacity 10 tonnes per day and advance action for the establishment of a capacity of 100 tonnes per day ; (6) rosin and turpentine unit ; (7) cotton ginning and extension service and advance action for spinning mill. The Union Minister, Shri Fakhruddin Ali Ahmed, had also stated that "decisions on these proposals would naturally depend on the availability of resources and fund allocations. A clearer position in this regard would only emerge when the fourth Plan is finalised shortly."

Now, the fourth plan has been finalised. From these figures you will see that the people of Manipur have been betrayed by the Central Government and no industry worth the name is being set up in Manipur, and instead, the Central Government is trying to oppress the people who ask for bread with lathis, bullets, jails and the Preventive Detention Act.

As regards electricity, Manipur has excellent potential for generating hydro-electric power. Unfortunately, the abundant resources of the State remain unutilised. You will be surprised to know that one unit of electricity in Manipur costs Rs. 1.25. This is simply because of the inability of the Congress Government to utilise the vast untapped hydro-electric power. Only paltry sums have been spent on electricity in Manipur's plan.

Sum spent on electrification of Tamenglong Area in 1970-71 was Rs. 3.3 lakhs. Plan outlay for continuing schemes in 1970-71 :

- (1) Levmaikrong (Stag II) Rs. 4 lakhs
- (2) Electrification of Joribam area Rs. 0.20 lakhs
- (3) Electrification of Mao-Tadub area Rs. 0.50 lakhs. Very meagre amounts have been spent on electrification. It is not a plan at all.

As regards communication, it is very miserable. This Government should lay more stress on development of roads. Manipur people have been demanding road construction and improvement of roads leading to the sub-divisional headquarters of the hill areas like Imphal-Tamenglong Road, Pallel to Chandel Road, Imphal-Ukrul Road, Tiddim Road and Sansak-Chassad Road. Roads on the border areas also need improvement. The Finance Minister is talking about insecurity and other things. If you want to strengthen security, at least in the border areas, the position of roads must be improved.

Top priority should be given to agriculture. In the hill areas where agricultural production is low, terrace cultivation should be introduced in a bigger way. To conserve soil in the hill areas, adequate facilities must be given to farmers for preparation of terraces and contour bunds. A lot of propaganda was made of the special potato development programme for Manipur. But I do not know what has happened to it. I do not know whether the Finance Minister himself knows about it.

I understand a scheme was formulated for the development of progeny orchard cum-nurseries and cashew plantation. India is short of raw cashew to the extent of about 70 per cent. Many factories in Kerala are closed down for want of adequate raw nuts and because of the control of the industry and trade by monopoly elements and speculators. Therefore, it will be a good step forward if the Government started cashew production in Manipur and thus help, at least marginally, to reduce the

[Shri Dasaratha Deb contd]

present hold of private interests to some extent.

Manipur is a fine place for starting poultry farms, piggery and animal husbandry industries. While finalising the plan, the Central Government have never taken into account the great potentialities of Manipur in this respect. In 1970-71 it was proposed to create two veterinary hospitals at the district headquarters of Manipur West and Manipur North districts, but nobody knows what has happened to that. I hope the Minister while replying, will inform the House about it.

If you look into the fourth Plan document, you will notice a very interesting fact. Under the head "Major and Medium Irrigation Programme, the following entries are made: Continuing schemes—Nil. New schemes—Nil. Investigation research and miscellaneous items—Rs.0.10 crores only. From this data I should come to this conclusion that the emphasis of the Manipur plan is not on development but on police administration and jail.

Then, coming to the tribal problem, I will deal with it very shortly. Even though the tribal problem is national problem, the Congress Government never gives serious thought to this. It is an admitted fact that the tribals in India, whether they are in Manipur, Tripura or any other place, they are very much neglected. They were neglected during the British period and they are being neglected during the Congress Raj also. Their aspirations for looking after themselves have always been met with repressive measures. The other day I was reading some memorandum submitted by a section of the tribals in Manipur. It was complained that Chongthu tribe of Manipur has not been recognised as a scheduled tribe. I do not know what is the difficulty on the part of the government in recognising this tribe as a scheduled tribe. Because they are not included in the list of Scheduled Tribes, so they are deprived of the facilities which other tribes are now enjoying as Scheduled Tribes.

Then the tribals of Manipur want to have regional autonomy within the state

of Manipur. They do not want to secede from Manipur. They want to have a proper share in looking after themselves within the State of Manipur. The geographical position of the tribal belts in that territory are also favourable for creating a scheduled area there. Further, the Administrative Reforms Committee headed by Shri K Hanumanthaiya made a recommendation that some sort of scheduled area should be constituted and some regional committee should be there for Manipur so that they can do their development work. I do not know why government have not accepted this recommendation and examined the possibility of creating such a regional committee in Manipur.

Secondly, autonomy for tribal people is very very essential if they are to be protected from an age-old exploitation perpetuated by the richer and influential section of the people belonging to the major and advanced communities. I know the difficulty of the government in providing the democratic right to the people. The vested interests will not readily give up their lust for exploitation. They want to keep the backward tribal people under their feet. Because, they want to build up their fortune at the cost of the tribals and this government represent those exploiters.

Whenever a demand is made by a major section of the people to have a State on the basis of language, then the government consider it as a democratic demand. But when the poor tribal people demand autonomy, then it is the fashion of the government, it is the fashion of the vested interests to malign them as separatists. When the rich people demand a separate State it is democratic, but when the poor people demand autonomy it is separatism. But the tribal people do not want to be separated from India. They want to be in India and they want a rightful place in India. Since it is a legitimate demand our government should give proper thought to this problem and find out whether it is possible and feasible in cases where there is a contiguous tribal belt with a sizable population to have the minimum autonomy to look after the development work excluding the law and order problem. With this, I again say that the

Government in this session itself should bring forward the Bill to give full statehood to Manipur and Tripura. They should also incorporate in that Bill itself as to what would be the administrative position of the Tribal area. I suggest that provision for a regional committee must be there.

SHRI PAOKAI HAOKIP (Outer Manipur) : Mr. Chairman, I am glad that I am given time to say something on the Manipur Budget. Just now ended the discussion on the national Budget and it is being followed by the Manipur Budget. An hon. friend from that side has spoken on the problems of Manipur and how the problems of Manipur have been growing, referring to the grievance of the Tribal people and the problems of Manipur as a whole. Some of the points and problems which he talked of are true. The Central Government has not been very much forward in paying good attention that the Government should these days.

I must also point out here that problems are there but it is most unfortunate that the demand for conferment of full-fledged statehood on Manipur has not so far materialised. As the House knows, this demand has been there for the last two decades. The people there have been feeling that whatever demand they have been putting forward all these years for the consideration of the Government, the nation and the people, has not been met adequately or in time.

It is very unfortunate or very sad to say that this Budget discussion has got to be made in this House once again because of the fact that there has been no Assembly and popular government. It is good in one sense that such problems have come to be brought forward to this House so that this august House may have the chance to have a view of the problems of Manipur and try to see the problems in such a way that the problems are solved. It is very unfortunate, as I said, that instead of bringing forward a Bill and legislate on it, and allow to have a ministry there so that the people themselves there be allowed to have the fullest opportunity to conduct their business in their own way, that way not to

trouble the House or the Government and also that way to save the precious time of the House to discuss other national problems, this Budget is being discussed here. Anyway, I am thankful to the hon. Minister for bringing this Budget before the House and allowing the opportunity to the House to discuss it.

Coming to the problems of hill area, when I talk of the hills in particular, it is not that I am not talking of the problems as a whole. But since I come from the hill area, it is natural that I must have a clear idea about the problems of the tribal people. As the House knows, Manipur is in an area of about 9000 sq. miles out of which only 700 sq. miles is plain area. The rest of it is the hilly area. What are its problems can be imagined very easily.

This area though thinly populated is a vast area and so many things can be done here. Most of the necessities of life have so far not been offered to the tribal people there in respect of schools, drinking water, postal facilities, roads and communications. The most important ones are, roads, communications and education also. In regard to education, it has not been so far adequately looked into. The facilities that have been provided so far are very negligible. I may tell you that the people are very enthusiastic to open schools and institutions voluntarily. This enthusiasm of opening schools and institutions in order to develop the foundation of our national democracy or democratic set up has been very much suppressed. The suppression may be due to lack of finance. If it is so, why is the Government not looking into it and provide an adequate amount of money so that the people can go ahead with their enthusiasm? This has not been done so far. Any number of schools there is not adequate today. This is one problem there. I do not want to elaborate further on that.

As regards drinking water, as the House know, this is a hilly area, a mountainous area and in a hilly area, we know, the drinking water is a problem. So, water has to be provided there through some method. The only method to get water there is through water pipes, that is, the pipe system. This pipe system has not been adequately

[Shri Paokao Haokip]

provided for, not to speak of inadequacy, but it has not been introduced so far in that hilly area. So, the people face a lot of difficulties there.

As far as roads and communications are concerned, the total length of communications and roads in Manipur is very very negligible. We all know the importance of roads and communications in the border areas. Manipur, as we know, is a border area. From the point of view of defence of the country, it is very important that these roads and communications are strengthened and improved. I am speaking of Manipur only. I am confining to my State only. If our roads are not developed and properly strengthened in the border area, how can we ensure the safety of the country? So, from this point of view, we have to develop and strengthen these roads and communications in this border area. Government should see that progress in this vital area in regard to this particular problem is made.

Then, I wish to say this. This is about the progress of Manipur for the last 23 years. Manipur was only one district previously. Recently, it has been divided into five districts. The proposal now made of forming them into a number of districts is not sound. I will tell now how it is not sound. The basis on which it is formed is not desirable. We are told that this is being done for the convenience of administration. But, convenience of administration has not been realised at all by this step. Some of the tribal areas have been still included in the central valley which are so far away. Therefore, they are facing various difficulties and there are problems in the field of administration. This is how these districts have been formed in Manipur.

In order to remove the difficulties due to the existence of the 5 districts as at present, at least 2 more districts should be added, namely, Sadar Hills, from which I am coming, and Tengnoupal. This is very necessary in terms of population, in terms of area and development of roads. If these two could be considered for inclusion I think we will solve many difficulties. I do not think that there should be any difficulty in

doing this, if Government sincerely want to remove the difficulties of the people of Manipur as a whole.

Another change which has been brought about in Manipur is this. Formerly, it was administered by a Chief Commissioner, but now it is under the charge of a Lt. Governor. In spite of all these changes, we feel that our aspirations have not been fulfilled. For, after all, all these are nothing but administrative changes. These administrative measures will never satisfy the aspirations and wants of the people of Manipur, until and unless the demand of the people there, which is a just demand, for the grant of Statehood to Manipur is met.

My hon. friend Shri Dasaratha Deb referred to the Chongthu tribe and pointed out that this tribe had not been included in the list of recognised Scheduled Tribes. It is not that I am trying to refute his point or anything of that kind. But there are 29 major tribes in Manipur. Again, I feel like saying that the policy of recognising these different tribes, and especially so many tribes, has not been a very desirable one. For, instead of uniting all the tribes, we are simply dividing them by this policy, and unnecessary problems arise thereby, and again these have to be brought to the notice of Government and Government are not able to cope with those problems. So far as the Chongthu tribe is concerned, it is a fact that it has not been recognised. But my point is this. What is the purpose of recognising these small tribes? I would suggest that the old tribes should be recognised under one nomenclature. That is what I have been demanding both in this House as well as outside. They should all be recognised under the name Huki tribe, which is the old name and the old nomenclature under which the old tribal people have been living.

In conclusion, I would submit that Government should bring forward a Bill on Manipur and thereby try to remove the existing regional imbalances, political imbalances, social imbalances and economic imbalances, so that our committed pledge to bring about socialism in our country is achieved at an early date.

SHRI S. M. BANERJEE (Kanpur) : After the announcement in this House that Government accept statehood for Manipur and Tripura in principle.....

MR. CHAIRMAN : He should confine himself to Manipur only.

SHRI S. M. BANERJEE : I was referring to the announcement. About Manipur, we expected that some decision might be taken by Government. I remember a delegation of the CPI headed by the leaders of Manipur came to Delhi and submitted a memorandum to the Prime Minister. Some of us also met her. She also assured us that she never wanted to deny statehood to the people of Manipur. But it is a sad commentary on parliamentary democracy that today, instead of granting statehood to the people of Manipur, there is no democratic election to the Assembly there. Whenever there was a struggle by the poor people of Manipur for their democratic rights, they were ruthlessly and mercilessly beaten and put behind the bars. I know the people of Manipur want statehood. They will fight for it and until it is granted they will not stop their struggle. It may be a calm before the storm, but I am sure every man in Manipur is preparing himself for giving another fight and compel the Central Government, which wants to treat and has treated Manipur so shabbily till today, to granting them their right. They want to teach the Central Government a lesson and compel them to concede their demand.

Another Union Territory, Himachal Pradesh, was granted statehood and others have been granted the same. But what has Manipur done ?

In this House, all sections have unanimously supported the demand. But what is the condition today ? My hon. friend, Shri Dasaratha Deb, has narrated the story of the sad plight of Manipur people under Central rule. What is the condition of the roads ? Are there any hydel schemes ? What about power ? What about small industries ? Nothing has been done. When a delegation of MPs went there, they were inspired by what they saw. The hospitality shown to them by the people there, the lakes there, their handicrafts, their culture and last but not least the absolute integrity of the ordinary people all won their admiration. But when it came to brasstacks, it was denied to them. They are suffering a lot. Manipur has a glorious tradition, a glorious past, a glorious culture. Manipuri dance has a wonderful charm of its own which is inimitable and widely appreciated even in other countries.

MR. CHAIRMAN : He can continue tomorrow.

18.00 hrs.

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

Paradeep Port Trust Board

*421. SHRI D. K. PANDA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) when the present Paradeep Port Trust Board in Orissa was constituted;

(b) whether steps have been taken to constitute the Board according to the provisions of the Major Port Trusts Act; and

(c) if not, the reasons there for?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) The present Board for the Port of Paradeep was constituted on the 1st November, 1967.

(b) The Board has been constituted according to the provisions of Section 4 of the Major Port Trusts Act, 1963.

(c) Does not arise.

Shri D.K. Panda : What are the reasons for not reconstituting the board under section 3(4).

Shri Raj Bahadur : The port was commissioned as late as 1966-67. To begin with there is a wise provision in the Major Port Trusts Act that they shall have first trust board and then we can have regular trust boards. It is a provisional one according to section 4.

2

SHRI D. K. PANDA : In view of the fact that the cargo berth is not completed and the construction work could not be given to the Orissa Construction Corporation which is a public sector undertaking and though the Maximum capacity is fixed at 18,000 tonnes the actual handling of iron ore is restricted to 11,000 tonnes and when the interest repayment now exceeds the income from port, it shows that there is slow progress. When the first board was constituted at the beginning under section 4(1) there was defective management.....

MR. SPEAKER : I am not going to allow this; he should put a question.

SHRI D. K. PANDA : In view of all this, I want to know why the provisions of the Act are not being followed; it is mandatory under section 3(1) ?

SHRI RAJ BAHADUR : It is wrong to say that mandatory provisions of the Port Trusts Act are not being followed. The provision is that the first board of trustees should be appointed. The board has come into being. I may point out to the hon. Member that even the major ports commission which went into the question of the compositions of the board has provided that smaller ports like Paradeep should not have more than 13 members and even the first board of trustees has got as many as 12 members with one labour representative.

SHRI P. K. DEO : Is it not a fact that a long time back the port trust has sent its recommendations to the Government to expedite the construction of the general cargo berth and to expedite the construction of the railway marshalling yard there but nothing has been done inspite of reminders. Yesterday listening to Mr. Chavan's reply to the budget debate, my heart sank to my stomach when he mentioned about development of infrastructure of all ports, except Paradip.

SHRI RAJ BAHADUR : The cargo berth is expected to be completed by 1973, according to my information.

SHRI JAGANATH RAO : The Chairman of the Paradip Port Trust has been changed. Why not the other members of the trust also be changed, now that four years have elapsed?

SHRI RAJ BAHADUR : Some members have been changed. I have got the details of the changes that have been made. For example, Shri Bhagwan Kotak was nominated *vice* Shri K. B. Sircar. There are changes in the list of certain officers also. The Board consists of a large number of officials of the various departments and, naturally, this is the first Board, and it does require some time to be formed.

SHRI JYOTIRMOY BOSU : Will the hon. Minister kindly tell us the amount of money that has been advanced by the Orissa State Government for the construction of this port which is a Central affair, and whether the Central Government is considering to repay that, and if so, how soon, and why....

MR. SPEAKER : It is about the constitution of the Board; not regarding payment of money.

SHRI JYOTIRMOY BOSU : It is a Trust, and the money has to be repaid.....

MR. SPEAKER : You are widening the scope of the question. Next question.

Target of Shipping Tonnage Proposed by the Shipping Corporation of India.

*424. **SHRI N.K. SANGHI :** Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) the target of shipping tonnage proposed by the Shipping Corporation of India Ltd. at the end of March, 1971 and how much of it has been achieved;

(b) the reasons for the shortfall, if any; and

(c) whether there is any proposal to obtain ships on long time charter and if so, the tonnage thereof ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) the

target was 8,70,006 GRT and actual achievement was 8,63,358. GRT.

(b) The shortfall was due to delay in the delivery of a cargo vessel M.V. 'Vishva Darshan' being built by the Hindustan Shipyard Limited. The ship is now expected to be delivered shortly.

(c) There is no proposal at present to obtain ships on long time charter.

SHRI N.K. SANGHI : From what the hon. Minister has said, it looks there is very little shortfall in shipping. But according to the fourth Plan target, it is four million GRT. We are lifting only 21 percent of our cargo in our bottoms. So, may I know what is being done to reach 50 percent target in respect of carrying our import and export in our own ships?

SHRI RAJ BAHADUR : I must say we are doing very well, so far as tonnage is concerned to build up our own shipping and think the question that my hon. friend has put does not arise out of this question because this relates exclusively to the Shipping Corporation of India. But for his benefit, I may tell him that today we are having as much as 2.4 million GRT in operation and about 800,000 GRT on order, and we hope to achieve the target of four million tonnes, the total tonnage on order and that in operation, put together, by the end of the fourth Plan, period. Of course, we are lifting only 21 percent of our total trade, but it should also be realised that our trade is also increasing very fast, and today 21 per cent constitutes a much larger tonnage of trade lifted. It is a much larger fraction as compared to what our ships carried some 10 to 15 years back. We have however to build up a level of shipping tonnage with which we can carry 50 per cent, total trade but that will take time.

SHRI N.K. SANGHI : Since we have in order 10 ships from the German Democratic Republic, six out of which are container-oriented, may I know whether suitable action has been taken to develop the container service in the railway so that while we get the ships from the German Democratic Republic, we are able to carry the load properly and get the ships properly taken care of ?

SHRI RAJ BAHADUR : So far as the container service is concerned, it is a very laudable objective in mechanisation tonnage

with which. But the fact remains that we have got to tune up our port arrangements for that; we have also to tune up the railway arrangements, and we have also to synchronise also many arrangements. Therefore, it will be too early for me to state how soon we are going to take to containerisation and to acquire container ships.

SHRI VAYALAR RAVI : In the Cochin port, which is a major port, many of the shipping liners are refusing to go there because of the explosive berth recently instituted there. In view of the fact that many of the major liners are not coming to Cochin due to the explosive berth will Government consider shifting the explosive berth to some other minor port ?

SHRI RAJ BAHADUR : I do not know how this supplementary arises out of this question, but I will certainly bear in mind what he has stated.

Demand for Upgradation of Cochin City

*425. **SHRI A. K. GOPALAN :** Will the Minister of FINANCE be pleased to state :

(a) whether Government have received any memorandum requesting the upgradation of Cochin city in view of the recent Census;

(b) if so, the main demands contained in the memorandum; and

(c) whether Government propose to upgrade Cochin city, and if so, when ?

THE MINISTER OF STATE IN MINISTRY OF FINANCE (SHRI K.R. GANESH)
(a) Yes, Sir.

(b) The demand in the memorandum is that the question of upgradation of Cochin for the grant of house rent and city compensatory allowances to the Central Government employees posted there should be taken up urgently on the basis of the provisional census figures.

(c) Any further classification/reclassification of cities and towns including Cochin will have to await the final report of 1971 Census.

SHRI A. K. GOPALAN : What are the conditions for upgrading ? Have those conditions not been satisfied by Cochin city ?

SHRI K.R. GANESH : The criteria laid down by the Pay Commission for house rent and compensatory allowance is population. According to the 1961 census, the population of Cochin was 3,40,810. That is why it is a C class city.

SHRI A. K. GOPALAN : Last time when the same question was put, it was said that the question of upgrading is related to census figures. I do not know why it is now said that the Pay Commission's report should be awaited. Is it not done on the basis of population ?

SHRI K.R. GANESH : I have not been understood. I said, the Pay Commission has laid down population as the criteria. Cochin was declared C class on the basis of 1961 census figures. The provisional figures for 1971 are available, but the Government has decided to await the final figures which will be coming in a few months' time.

SHRI A.K. GOPALAN : The census figures are out now. Why can't the Government decide now ?

SHRI K.R. GANESH : Unless the final figures are available, it will mean upgradation of many other cities.

श्री अटल बिहारी वाजपेयी : बड़े ताज्जुब की बात है कि मंत्रीजी बार-बार यह कह रहे हैं कि 1971 के अन्तिम आंकड़े जब तक नहीं आएंगे वह शहरों का दर्जा बढ़ाने के बारे में विचार नहीं करेंगे, मगर क्या यह सच नहीं है कि कुछ शहरों का दर्जा बढ़ाया गया है....

वित्त मंत्री (श्री यशवंतराव चव्हाण) :
1961 की बेसिस पर।

श्री अटल बिहारी वाजपेयी : 1961 की बेसिस पर 1971 में दर्जा कैसे बढ़ सकता है ? फिर 1971 के आंकड़ों के लिए आप रुकें क्यों नहीं और अगर कुछ शहरों का दर्जा बढ़ सकता है तो कोचीन का या ग्वालियर का दर्जा क्यों नहीं बढ़ सकता ?

SHRI K.R. GANESH : On the basis of an agreement with the employees' association, there was a mid-term survey of 40 cities, the basis was that cities which in the 1961 census had 10 per cent less population to qualify for the next higher class were selected. On the basis of that selection, they were upgraded. Cochin and Gwalior did not come in that.

श्री शंकर दयाल सिंह : मंत्री महोदय क्या यह बताने की कृपा करेंगे कि जो शहरों के अपग्रेडेशन की बात चल रही है उसमें बिहार के राँची, पटना और जमशेदपुर भी आते हैं या नहीं ?

SHRI K.R. GANESH : As I said, the question of upgradation of cities will be taken up only when the final figures are available.

SHRI N. SREEKANTAN NAIR : In view of the fact that there was an artificial separation of Cochin and Ernakulam, in view of the fact that the cost of living in Ernakulam and Cochin are very high and that Greater Cochin now contemplates to bring in a much larger area making it really consonant with cost of living there, will Government consider upgrading the Cochin city as a special case?

SHRI K.R. GANESH : As I mentioned, it is a question of waiting for a few months before the final figures are available.

Youth Hostels in Towns

*426. **SHRI P. R. DAS MUNSI :** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government propose to open free Youth Hostels in the Presidency or big towns in the next year; and

(b) if so, broad outlines of the scheme in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION : (DR. SAROJINI MAHISHI) : (a) and (b). It is proposed to set up new Youth Hostels at Jaipur, Madras, Hampi, Trivandrum, Bhopal, Patnitop and Darjeeling during the current Plan with a view to promoting youth travel by providing inexpensive accommodation. The pattern of the scheme is that the State Governments concerned will offer land as their contribution while the cost

of construction and furnishing will be borne by the Central Government.

SHRI P.R. DAS MUNSI : I understand from the reply of the Minister that the Charges will be inexpensive for the youth in general. I would like to know whether it will be free as in many parts of the world such as USSR and Japan. I also want to know what are those inexpensive charges. It is said about tourist homes also that their charges are inexpensive but we know it for a fact that in some tourist homes it is costlier than some of the expensive hotels in the city. Will the government provide hostel facilities free of charge to the university and college students?

DR. SAROJINI MAHISHI : By "inexpensive" it means at less cost. There is no comparison of youth hostels with costly hotels. These youth hostels are being built with a view to encouraging domestic tourism and also travel by youth in the country. They will be inexpensive.

SHRI P. R. DAS MUNSI : Who would actually be able to take advantage of them? Now the existing belief is that they are meant for the sons of IAS and ICS officers, Ministers and Secretaries. Would students of recognised Institutions and recognised clubs be treated as youths ?

DR. SAROJINI MAHISHI : Youth has reference to age and not with reference to IAS officers.

SHRI P.R. DAS MUNSI : Now unless the youths are sons of IAS or ICS officers, or they get some recommendation letter, they are not able to avail of them.

SHRI SAMAR GUHA : May I know whether it is a fact that a sum of Rs. 22 lakhs has been provided for the improvement of tourism in West Bengal in the current plan and in that programme the setting up of youth hostels has also been included? If so, whether it is not a fact that Darjeeling and Digha, one a hill resort and another a sea resort, are the two main centres to attract the youths? Out of these Digha is less costly compared to Darjeeling where the cost of living is much higher. So, why is Digha not being developed and why youth hostels are not being established there?

DR. SAROJINI MAHISHI : The amount provided is Rs. 25 lakhs, and not Rs. 22 lakhs, for the construction of youth hostels in West Bengal. I think the Minister of Tourism of West Bengal also agreed that it should be set up at Darjeeling. Digha, which is a beach resort, can be developed by the State Government.

श्री नवल किशोर शर्मा : मैं मंत्री महोदया से पूछना चाहूंगा कि यह जो होटल होंगे इनके जो चार्ज होंगे सारे देश में उनका पैटर्न एक ही होगा या अलग-अलग हर स्टेट के लिहाज से होगा ?

डॉ. सरोजिनी महिषी : सारे देश में उनका पैटर्न एक ही होगा ।

Changes in Investment Policy towards India by Japan

*428. **SHRI S.M. KRISHNA :**
SHRI NIHAR LASKAR :

Will the Minister of FINANCE be pleased to state :

(a) whether it is a fact that a Japanese Mission headed by Mitsubishi, after its visit to India, suggested to the Japanese Government for changes in regard to investment policy towards India;

(b) if so, how far these changes in Japan's investment policy will help India; and

(c) what are the items on which Japan has shown interest in India?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Government have no information in this regard.

(b) Does not arise.

(c) During the last one year the Japanese have shown interest in the export/manufacture of items like Ossein, Flourspar, Electronic components, Deep sea fishing, Power cables Textile machinery, Fertilizers, T.V. Transmission equipment, Dry cells, Capacitors, High Carbon and Special grade wire rods etc.

SHRI S. M. KRISHNA : Is it not a fact that a delegation consisting of 12 leading Japanese industrialists, led by Mitsubishi, came to India about a month and a half ago, went round the country meeting industrialists as

well as Government officials to find out if the investment climate in India had appreciably changed after the last elections? Has it also come to the notice of Government that the leader of the delegation in a press interview said that after the recent general elections in India the investment climate had appreciably changed?

SHRI YESHWANTRAO CHAVAN : At least I will correct him in certain matters. The leader of the delegation was not Mitsubishi because it is a concern.

SHRI S.M. KRISHNA : I know Nakagawa was the leader.

SHRI YESHWANTRAO CHAVAN : Mr. Nakagawa, the Managing Director of the company, was the leader. They came here, went round, saw thing and made a statement before leaving India at Calcutta. They indicated some good feelings about India and expressed the view that the hon. Member has mentioned. But we have not got any information whether they have made any recommendation to the Government of Japan. That we do not know, but certainly we know that they have issued some statement. They have also assured us that they will send us some report. We are expecting that report.

SHRI S.M. KRISHNA : During the last visit of the Prime Minister of India to Japan it was suggested that a small cell of the India Investment Centre, attached to the Indian Embassy, would be started in Tokyo so that the leading industrialists of Japan could be educated about the investment sphere in New Delhi and other parts of India. I would like to know if Government have taken steps to start that cell in Tokyo; If so, what is the progress that the cell has made in attracting Japanese investment in India?

SHRI YESHWANTRAO CHAVAN : I have not got exact information about any decision taken by the Investment Centre to start a local office there. It is a question of finding out various methods of getting the Japanese industrialists and other people interested in investment in India. That can be done in many ways. A cell or office is also one of the ideas. But at the present moment I have not got any definite information about the cell idea.

SHRI N. SREEKANTAN NAIR : Has

the attention of the Government been drawn to a newspaper statement that America is utilising Japan to curb and, if possible, demolish our industrial development? It was published in yesterday's papers. Instead of aiding they are trying to sabotage.

MR. SPEAKER : This is about Mitsubishi and not about the Americans.

SHRI SHYAMNANDAN MISHRA : He has said that Japan is being used for that purpose.

MR. SPEAKER : In this way you can connect anything.

Circulation of Counterfeit Currency

*429. SHRI P. VENKATASUBBAIAH : Will the Minister of FINANCE be pleased to state :

(a) whether Government are aware that there is a large scale circulation of counterfeit currency in the country;

(b) if so, the steps Government have so far taken to check the circulation of counterfeit currency; and

(c) whether any foreign power is involved?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH) : (a) From the number of counterfeit currency notes recovered in circulation or seized by the police from counterfeiters, it would appear that the problem of circulation of counterfeit currency, although not completely eradicated, is of a magnitude which can be considered extremely small in relation to the totality of currency in circulation.

(b) A statement explaining the position in brief is laid on the Table of the House.

(c) There is no evidence to suggest that any foreign power is involved in the circulation of counterfeit currency in this country.

Statement

The offences relating to counterfeiting of currency and bank notes come under the Indian Penal Code, which already provides for deterrent punishment. The offences of counterfeiting and forgery are dealt with by

the State Policy authorities, who keep a watch in this behalf and organise raids on information of counterfeiting being done by any person. The Central Bureau of Investigation also keeps the problem of counterfeiting of Indian currency under continuous study by keeping records of different techniques adopted and by reviewing periodically the appearance of counterfeit Indian currency. They have also created a 'cell' in their Economic Offences Wing to undertake investigations of serious offences of counterfeit currency and coordinate the investigations in the States. Government are setting a new bank note Press at Dewas to print notes of the denominations of Rs.10/- and above where the printing technology to be used will be such as to make counterfeiting of these notes extremely difficult, if not impossible.

SHRI P. VENKATASUBBAIAH : Is the Government aware that some places notably Coimbatore and Bangalore, have become notorious as centres of counterfeit currency and many innocent people are being duped by these people? Not only that.....

MR. SPEAKER : Please ask a question.

SHRI P. VENKATASUBBAIAH : I started with asking whether the Government is aware of the fact that Coimbatore and Bangalore are considered to be notorious centres of this racket in forged currency.

The Government is not able to check this sort of racket going on with the result that small people are being deceived and some people are getting benefited and becoming rich overnight. May I know whether the Government is aware of this fact and, if so, what action they are taking in this regard?

MR. SPEAKER : The supplementaries should not be in the form of making suggestions and giving information. They should be directly in the shape of questions. I hope you will avoid it in future.

SHRI K.R. GANESH : As the House knows, as far as Coimbatore is concerned, a large amount of currency was seized even before it went into circulation. The Government has taken various steps in connection with the stopping of this evil. The printing of counterfeit currency is an offence punishable under the Indian Penal Code. The C.B.I.

is also keeping a close watch on it and studying the various methods and techniques used in it. They have set up a cell in the Economic Offences Wing to find out, to evaluate and to locate the evil. A new press is going to be set up at Dewas in which an improved technology will be used and, after using that technology, it will become impossible to print counterfeit currency, particularly, of denominations of Rs. 10 and above.

SHRI P. VENKATASUBBAIAH : May I know whether the Government is aware of the fact that much of the Chinese currency has also been pumped into India through some neutral countries and, if so, whether the Government is going to make a thorough investigation in the matter?

SHRI K. R. GANESH : This matter is being continuously looked into by the C.B.I. and they have said that there is no foreign power involved in the printing of counterfeit currency.

SHRI K. LAKKAPPA : The most influencing centres of circulation of this fake currency are the heads of religious institutions in Mysore State. May I know whether the Government has probed into the matter. The *Mathadhipaties* in Mysore State are manufacturing and circulating fake currency. I would like to know whether the Government of India would take action against these *Mathadhipaties* in Mysore State who are indulging in this racket and whether they will nationalise these religious institutions. Is the Government of India going to investigate into all this?

SHRI K.R. GANESH : He is giving an information.

SHRI K. LAKKAPPA : Let the Minister give a categorical reply to my question.

MR. SPEAKER : I did not know such things are done in your State.

SHRI K. LAKKAPPA : I want a categorical reply to my question. These *Mathadhipaties* are in league with the manufacture and circulation fake currency. May I know whether the Government of India will probe into this matter?

SHRI K. R. GANESH : This is an offence under the Indian Penal Code. It

comes under the jurisdiction of the State Government and it is for them to take action.

श्री हुकम चंद कछवाय : अध्यक्ष महोदय, पिछले अनेक वर्षों से समाचार-पत्रों में यह बात आती रही है कि जली नोट काफी छापे जाते हैं और उनका काफी चलन है। मैं जानना चाहता हूँ कि इस संबंध में आपने कितने लोगों को पकड़ा, कितनों पर मुकदमा चलाया और कितनों को सजा हुई? क्या यह सही है कि जो जगारी की आज कमी होती जा रही है, उसकी पूर्ति विदेशों से सिक्के चोरी-छिपे लाकर की जा रही है, क्या इस तरफ सरकार का ध्यान गया है?

अध्यक्ष महोदय : इतना लम्बा प्रश्न है, इसके लिये तो काफी स्टेटिस्टिक्स चाहिये।

SHRI K. R. GANESH : The second part does not arise out of the main question. I have figure of the recovery of counterfeit currency with me. It is a long list. The amount of counterfeit currency which has been seized, compared to the total currency in circulation is infinitesimally small.

श्री हुकम चंद कछवाय : अध्यक्ष महोदय, मैंने पूछा था कि कितने लोग पकड़े गये, कितनों पर मुकदमा चलाया गया, कितनों को सजा दिलाई गई?

MR. SPEAKER : That is a separate question. That does not arise out of this. You may give a separate notice. It is not relevant.

श्री अटल बिहारी वाजपेयी : यह तो रेल-वंट क्वश्चन है। माननीय मंत्री जी ने माना है कि ऐसी करेन्सी पकड़ी गई है। जब करेन्सी पकड़ी गई है तो यह पूछना कि कितने लोग पकड़े गये हैं—यह कैसे इरिल्वेंट है। अगर मंत्री महोदय के पास जवाब नहीं है तो वह कह सकते हैं कि इसकी इस वक्त जानकारी नहीं है।

MR. SPEAKER : It is not relevant. How is the Minister aware that you are going to ask how many people were arrested? You may give separate notice.

श्री हुकम चंद कश्यप : आप ऐसा कह कर चीस देना चाहते हैं, अगर ऐसा है तो हम बाहर चले जाते हैं। मैंने तो सीधा सवाल पूछा है, अगर सरकार के पास जानकारी नहीं है तो कहे कि जानकारी नहीं है। क्या आप चाहते हैं कि हम प्रश्न ही न पूछें ?

MR. SPEAKER : The question is whether Government are aware about this and this is addressed to the Minister of Finance. You ask whether they are aware that there is large-scale circulation of counterfeit currency. You ask, if this is so, the steps Government have taken so far. He gave the reply.

SHRI A. K. GOPALAN : The Minister should give us information about the number of people arrested. If he does not have the information, let him say that he requires notice.

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, आप इस पर शांति से विचार करें, हम इसमें कोई गर्मी पैदा नहीं करना चाहते हैं। आप का निर्णय हमको मान्य होगा। जब मंत्रीजी कहते हैं कि मुद्रा पकड़ी गई तो उनसे पूछा जा सकता है कि इसके बारे में कितने लोग पकड़े गये। वह कह सकते हैं कि हमारे पास जानकारी नहीं है लेकिन आप इस को इर्रलेवेन्ट नहीं कह सकते।

अध्यक्ष महोदय : यह सवाल इस सवाल के किस पार्ट में उठता है ?

श्री अटल बिहारी वाजपेयी : (बी) में उठता है।

SHRI K. R. GANESH : I have the figures as far as the counterfeit currency that has been detected is concerned. As for the number of persons arrested, we shall have to collect the information from the various State Governments, because the State Governments are the prosecuting agencies. We shall supply the figures. Surely, when the counterfeit currency has been detected some people would have been arrested also.

SHRI JAGANNATH RAO JOSHI : What are the steps taken to check it ? The answer should include the number of persons arrested also.....

MR. SPEAKER : After all, the hon. Minister should have some knowledge about it. It is no use all the Members getting up and asking for this information.

SHRI JYOTIRMOY ' BOSU : That shows that Government are callous over the issue.

MR. SPEAKER : Not at all. मुझे अफसोस है कि बजाय मुझे हैल्पफुल होने के आप भी इसमें शामिल हो जाते हैं।

श्री अम्बेडकर : माननीय मंत्रीजी ने बताया कि काउन्टर-फीट क्यायन्ज को रोकने के लिये किसी हाई-टेक्नीक का प्रयोग किया जायगा और एक नया प्रेस देवास में खोला जा रहा है जहां करेंसी बनेगी। मैं जानना चाहता हूं कि जो नई करेंसी बनेगी, उसको देखते हुए क्या पुरानी करेंसी को बन्द किया जायगा या पुरानी करेंसी भी चलती रहेगी ? हाई-टेक्नीक के प्रयोग के बाद पुरानी करेंसी को चालू रखने से कोई फायदा नहीं होगा।

अध्यक्ष महोदय : आप माधन बन्द कीजिये, प्रश्न कीजिये। बड़ी मुश्किल हो गई है, सब को कहना पड़ता है।

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : The hon. Member is really shifting the ground of his question. As I have stated, we are starting a new press, but the idea is not to discontinue the old currency. Really speaking, the capacity of the present press is falling short of our requirements, and, therefore, we are adding the additional capacity for printing.

श्री अम्बेडकर : मंत्री महोदय ने कहा है कि हाई-टेक्नीक का प्रयोग होगा, जिसमें काउन्टर-फीट करेंसी की गुंजाइश कम हो जायगी—इसलिये यह सवाल इसमें पैदा होता है।

श्री बलवंतराव चव्हाण : यह गलत है, माहडिया यह नहीं है कि पुरानी करेंसी को बन्द कर दें। ऐसी बात नहीं है।

श्री बी०पी०बोर्ड : जाली नोट छापने का काम या जाली सिक्के बनाने का काम बढ़ता जा रहा

है, क्योंकि बहुत ही आसानी से आदमी रात भर में लक्ष्मि बन जाता है। इसको रोकने के लिये क्या सरकार ने कोई ऐसा निश्चय किया है कि इसकी सजा को बढ़ाया जाय, क्योंकि इसके लिये इनाम ज्यादा है और सजा कम है ?

SHRI K. R. GANESH : It is a good suggestion, and we shall take that into consideration.

SHRI SHYAMNANDAN MISHRA : May I know whether there is any truth in the report that some attempts had been made at duplicating and triplicating some of our own currency in some of our printing presses? I would like to believe that it is not true, but even so, there may be some truth in the report that there has been some attempts at duplicating and triplicating some of our currency in our printing presses.....

AN HON. MEMBER : In the Government printing presses.

SHRI SHYAMNANDAN MISHRA : That is what I mean, I meant the Government printing presses.

SHRI YESHWANTRAO CHAVAN : As far as I am concerned, I have no such information; I have not received any such complaints.

SHRI K. MANOHARAN : Let him try to inquire.

SHRI YESHWANTRAO CHAVAN : We shall have to make inquiries, because it seems to be an ingenious way of doing things.

SHRI ATAL BIHARI VAJPAYEE : That is done.

SHRI YASHWANTRAO CHAVAN : We shall look into this aspect.

National Plan for Tourism

*430. SHRI P. K. DEO : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Travel Agents Association has urged Government to draw up a national plan for Tourism in the country in consultation with the industry; and

(b) if so, the reaction of Government in regard thereto?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI):

(a) Yes, Sir.

(b) The suggestion is under examination.

SHRI P. K. DEO : How far is the government proposal to abolish the tax holiday on hotel promotion going to be helpful in promoting tourism in the country?

DR. SAROJINI MAHISHI : We are going to have a debate on the Demands for Grants when this can be discussed.

SHRI P. K. DEO : I would like to have the Ministry's reaction.

MR. SPEAKER : They will indicate it during the debate at that time.

SHRI P. K. DEO : Are they not capable of replying now?

SHRI H. M. PATEL : Why should they not reply now?

DR. SAROJINI MAHISHI : It is our view that the hotel industry should also be encouraged. We shall have to abide by whatever view Government takes.

SHRI P. K. DEO : No less a person than the Chairman of Air India has categorically stated that while the 20 per cent tax on foreign travel will yield Rs. 7 crores, Government in Air India would be losing Rs. 8.5 crores on this account. Air India being a government concern, this is a matter of great concern to us. How far is this tax going to promote tourism?

MR. SPEAKER : From the national plan he has gone to the tax on fare. It is not relevant.

SHRI S. M. BANERJEE : What Shri Deo says is that a memorandum has been sent by Air India to Government....

MR. SPEAKER : I have not permitted him.

श्री फूलचंद बर्मा : मैं मंत्री महोदय से प्रश्न (क) के संदर्भ में जानना चाहता हूँ। क्या आप मध्य प्रदेश के उज्जैन नगर को, जहाँ भगवान् कृष्ण ने शिक्षा ली थी और जहाँ राजा विक्रमादित्य का बहुत दिनों तक शासन रहा और जो कि एक ऐतिहासिक नगर है, जो पर्यटन स्थल की दृष्टि से बहुत ही महत्वपूर्ण स्थान है, उस नगरको भी अपनी सयोजना के अन्तर्गत शामिल कर रहे हैं ?

MR. SPEAKER : The question was about a national plan for tourism in consultation with industry.....

SHRI S. M. BANERJEE : Then you tell us what questions to ask. At this rate, why the hell do we have the question hour?

SHRI H. M. PATEL : I think the question is very relevant.

MR. SPEAKER : Will he repeat the question?

श्री फूलचंद बर्मा : मैं प्रश्न (क) के संदर्भ में मंत्री महोदय से जानना चाहता हूँ कि जो आपकी योजना है उसके अन्तर्गत मध्य प्रदेश का उज्जैन नगर भी आता है जो कि पर्यटन की दृष्टि से बहुत ही उपयुक्त स्थान है ?

MR. SPEAKER : It is about a specific place.

DR. SARAJINI MAHISHI : There are many such places in the country. It is for the State Governments to contribute their share for the development of such places.

SHRI S.M. BANERJEE : Is it a fact that after the announcement of the 20 per cent levy on foreign travel, a memorandum was submitted to the Minister by Air India for reconsideration of the entire matter?....

(व्यवधान)

I would like to know whether he has taken up the matter with the Finance Ministry and if so the reaction of the Finance Ministry.. (Interruptions) It is relevant because it affects tourism. The question is whether this tax is going to affect seriously tourism at the

national level? Let him say whether he has received a memorandum and what are his reactions.

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : The tax on foreign travel is part of the broader proposals which the Finance Minister and the Government have taken up and what takes place between the Government departments is not a matter which could be discussed here. Our Ministry has certain views in the matter and ultimately it is for the Finance Minister to take a total view of the revenue requirements of the country and I do not think that an individual tax as such could be discussed in this way....(Interruptions)

SHRI PARIPURNANAND PAINULI : Will the hon. Minister be pleased to stay as to whether the important shrines of Badrinath and the three Dhams and Amarnath will be included as part of internal tourism?

DR. SARAJINI MAHISHI : It is in fact part of internal tourism and many improvements to the existing tourist facilities are being thought of.

MR. SPEAKER : The next is Shri Samar Guha's question. As the Minister is ill I postpone this question.

SHRI SAMAR GUHA : I should get an opportunity to ask this question as I got an opportunity today.

MR. SPEAKER : Everything will be there; your interests will be fully safe.

Universal Tyres Limited, Calcutta

*432. SHRI JYOTIRMOY BOSU : Will the Minister of COMPANY AFFAIRS be pleased to state

(a) whether the Industrial Licensing Policy Committee, on the basis of the criteria laid down in its main report, vide paragraphs 2.16 and 2.17 included M/s. Universal Tyres Limited, 18/C Lake View Road, Calcutta 29 in the list of Birla Group of Companies;

(b) whether in 1969-70, the said company received Rs. 2,23,199 as interest free loan from Birla Brothers Private Limited;

(c) if so, whether the Company Law Board in its letter No. 18(6)-1-RS/70, dated the 30th January, 1971, excluded Universal Tyres Limited from the Birla House; and

(d) if so, on what grounds?

THE DEPUTY MINISTER IN THE DEPARTMENT OF COMPANY AFFAIRS (SHRI BEDABRATA BARUA) : (a) to (d). A statement is laid on the Table of the House.

Statement

(a) M/s. Universal Tyres Limited was managed by M/s. Birla Brothers Private Limited as Secretaries and Treasurers when the I.L.P.I. Committee included this company in the list of companies shown by it in its Report as belonging to the Birla House. The Central Government in a Press Note issued on the 19th February, 1970 regarding the modified industrial Licensing Policy stated *inter-alia* that the individual companies/undertakings of the 20 Larger Industrial Houses listed by the Industrial Licensing Policy Inquiry Committee which do not attract any of the criteria laid down in Para 2.16 read with 2.17 of the ILPIC Report, may approach the Department of Company Affairs, for exclusion of their names from their respective Houses. It was in terms of this notification that M/s. Universal Tyres Ltd., made an application for exclusion from the Birla House on the ground that the Secretaries and Treasurership of Birla Brothers Pvt. Ltd. in this company was terminated with effect from 1st January, 1969 and that none of the criteria laid down for the purpose by the ILPIC Report was applicable to it.

(b) The company received interest free loan from M/s. Birla Brothers Pvt. Ltd. when it was managed by the latter as Secretaries and Treasurers. The amount of loan outstanding as on 31st December, 1968 was Rs. 2,23,199. The company received further loan from M/s. Birla Brothers Pvt. Ltd. to the extent of Rs. 25,000 during the period January to May, 1969. The loan outstanding for repayment to its erstwhile Secretaries and Treasurers as on 31st December, 1969 has been shown in the Balance Sheet of M/s. Universal Tyres Limited at Rs. 2,48,199.

(c) Yes, Sir.

(d) The examination of the latest information regarding the company's shareholding pattern and management control furnished by it indicated that after the termination on 1.1.1969 of the Secretaries and Treasurership of M/s. Birla Brothers Pvt. Ltd., M/s. Universal Tyres Ltd. did not factually attract any of the criteria connecting it with the Birla House as laid down in Para 2.16 read with 2.17 of the ILPIC Report.

SHRI JYOTIRMOY BOSU : In the statement it has been admitted that this dummy company, Universal Tyres, had received interest free loan from M/s. Birla Brothers, at one time to the tune of Rs. 2,23,199--it must have been much more and a further loan of Rs. 25,000 and that they had terminated the secretarieship and treasurership of that company but the money that was given by Birla brothers as loan or whatever it is still remained in the books and accounts as outstanding to them. In these circumstances, how was the Government so kind as to exclude Universal Tyres Limited from coming under the criteria for inclusion in the Birla House?

SHRI BEDABRATA BARUA : The interconnections of the big business houses may have to be reviewed from time to time according to the information that we receive. I have said that we have accepted the advice of the industrial licensing policy enquiry committee in regard to criterion. It does not appear to come under the criterion about representation in the Board or the 33 per cent equity capital and other conditions. It is true that the loan continued to be advanced till May 1969 even after the termination of the managing agency-secretaryship of the company, but then and the resignation was itself sent in May 1969 having retrospective effect from the 1st of January, 1969. Now, in view of this the Company Law Board considered that criterion could not possibly be applied. In case it is found that the 9.6 per cent shareholders in the Birla House appeared to take more interest or there appears some benami or dummy actually operating for the House of Birlas, then steps will be taken to rope the company back into the house.

SHRI JYOTIRMOY BOSU : The hon. Minister has admitted here that the existing regulation on criteria is insufficient to meet the manipulation and other things that they are

doing today. May I draw the attention of the House to one criterion for inclusion in the house? I refer to item 2.16, sub-para 4, which says "...the concern is found to have special characteristics which would warrant their inclusion in the house". May I ask the hon. Minister, in view of this, why is it that it was not included in the house? Also, will the Government now institute a through probe into the matter and try to see that these loopholes are plugged and the company brought to book and included in the house?

SHRI BEDABRATA BARUA : The Company was under the managing agency of Birla Brothers Private Limited which was terminated. The special characteristics that were defined were such as a majority of members of the board of Directors for the House which technically they did not have; or that it has to be controlled by persons closely affiliated to the house which in this case has been repudiated particularly in view of the fact that one director Shri Ramakrishna Rao is also who purchased a large number of shares and should be given at least the benefit of doubt as to his independence, and time should be allowed so as to see if the majority of shareholders function independently or not. *(Interruption)*

SHRI JYOTIRMOY BOSU : The special characteristics suggests....

MR. SPEAKER Order, order. Let the Minister conclude.

SHRI BEDABRATA BARUA : I would like to assure the Members that in spite of this decision, the decision for exclusion is not final. At any stage, if it is found-I beg to repeat it-that the house of Birlas has taken more interest in the affairs of this company, or they have some such control or if any discoveries come to light, even if their share interests do not appear to be sizable, I can assure the House that all possible steps will be taken.

SHRI JYOTIRMOY BOSU : Is the Government going to institute a probe into this matter and include this company in the House?

SHRI BEDABRATA BARUA : The question of probe does not arise, and the

Government can in any case take a decision. The Government feels that at present the decision was correctly taken in the light of the facts disclosed.

SHRI K. LAKKAPPA : My friend Shri Bosu has put a supplementary. But then here is a State where one Ramakrishna Rao of Bangalore has taken from Birla; the Birlas have nothing to do with this company. I am told that the Modi Co., is trying to sabotage this move in order to get into the manufacture of tiles. May I know whether it is a fact that even with this probe and other things are being entered into, by making a complaint against this company, in order to sabotage that, the company run by Ramakrishna Rao is taken over by the Modi Co., and, if so, what is the reaction of this Government?

SHRI BEDABRATA BARUA : The matter was decided by the Company Law Board. *(Interruption)*

SHRI K. LAKKAPPA : I mentioned the Modi Co.

SHRI BEDABRATA BARUA : We are not aware of the activities of Mr. Modi. The matter was decided on the basis of representations made by the company in accordance with the notification issued by the Government in January, 1970.

SHRI S.M. BANERJEE : I would like to know whether this file was gone into by the Ministry of Industrial Development before it came to the Company Law Board, or the Company Law Board went into it before it came to the Ministry of Industrial Development, and whether it has been made amply clear to them that in the event of any suspicion that there is a visible or invisible hand of Birlas, again there will be an enquiry into this matter.

SHRI BEDABRATA BARUA : About his first question, the matter was decided in the Department of Company Affairs because this Department is in charge of the application of the law relating to this particular aspect. Only this company is released from the big business houses, the question of licences and other matters will go to the Industrial Licensing Committee.

About his second question, as I have already stated, in case the hands of Birla become visible, there need to be no probe; Government can proceed *suo motu* and bring back the company into the big business houses.

and the appellate order has been received on the 13th May, 1971; as a result of the appellate order the demand of Rs. 1.39 lakhs stands reduced to about Rs. 91,000/-. Steps are being taken to recover this amount after giving detailed effect to the appellate order.

**Recovery of Income Tax From
M/s Bird And Co., Ltd.**

*433. SHRI K. LAKKAPPA : Will the Minister of FINANCE be pleased to state :

(a) the amount of Income tax to be recovered from M/s Bird and Co., Ltd.;

(b) whether Government's attention has been drawn to the press reports in "The Blitz" dated 15th May, 1971, where in it has been stated that a sum of Rs. 1.14 crores is outstanding as Income-tax arrears against M/s Bird and Co.;

(c) since when this amount has been outstanding; and

(d) the steps taken or proposed to be taken to realise this amount?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH) : (a) The amount of Income-tax to be recovered from M/s Bird and Co. Ltd. is Rs. 6.66 lakhs.

(b) Yes, Sir, but the correct amount of Income-tax arrears is Rs. 6.66 lakhs and not Rs. 1.14 crores.

(c) Out of the total demand of Rs. 6.66 lakhs, Rs. 5.27 lakhs was raised on the 31st July, 1967 and the balance Rs. 1.39 lakhs on the 6th March, 1970.

(d) The first demand of Rs. 5.27 lakhs mentioned above has been stayed by the High Court at Calcutta till the disposal of the assessee's writ petition by that Court. The second demand of Rs. 1.39 lakhs mentioned above, was held in abeyance till the disposal of appeal filed before the Appellate Assistant Commissioner. This appeal has since been decided

SHRI K. LAKKAPPA : This is a free country, a country which is the tax evaders' paradise. Our Finance Minister is levying new taxes. I am in possession of a series of literature regarding the nefarious activities of Bird and Company. There was a raid by the customs authorities in March 1963 on the company for alleged violation of the Sea Customs Act and Foreign Exchange Regulation Act. Even the wives of the Directors of this company draw monthly salaries as if they are executives of the company, without in fact attending the office. To that extent mischief is done to evade taxes. May I know whether the assessing officers of this country have not made any assessment of this company? Are there any high-ups involved in this matter to sabotage the collection of taxes from this company? What is the reaction of the Government....

MR. SPEAKER : The Question Hour is going to be over. You want a reply or not?

SHRI K. LAKKAPPA : Will the ministry make an earnest effort to constitute a detailed enquiry into the shady deals of this company?

MR. SPEAKER : Shall I declare the Question Hour to be over? I want to punish you a little now.

SHRI K. LAKKAPPA : I want a reply, Sir.

SHRI K.R. GANESH : The hon. member has laid before the House all the alleged misdeeds of Bird and Company. This particular question relates to the specific issue of income-tax arrears. Therefore, while the information supplied by him may be very useful, and there is no hesitation in saying that the government would probe further into the activities of such houses, I am not in a position to reply to that because this question does not relate to that.

WRITTEN ANSWERS TO QUESTIONS

Representative of workers on the Committee to study the Administrative Structure of Indian Air lines.

***422. SHRI S.M. BANERJEE :** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether a Five-Member committee to study the administrative structure of the Indian Airlines, with special reference to labour-management problems, has been formed;

(b) if so, whether any worker-representative has been associated with this Committee; and

(c) if not, the reasons for the same?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a). Yes, Sir

(b) and (c). The Committee consists of persons who are experts in various branches of management. It is meeting representatives of the Unions and other employees before preparing its report, and it was therefore not considered necessary to have a special workers representative.

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) to (c). Three new airports have been included in the Fourth Plan at Tirupathi, Shillong (Barapani) and Calicut. Work at Tirupathi has already commenced and is expected to be completed in 1972. Work at Shillong (Barapani) and Calicut is also expected to commence shortly.

गुरुकुल-कांगड़ी विश्वविद्यालय का बन्द होना

***434. श्री रामचन्द्र बिकल :** क्या शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि :

(क) गुरुकुल कांगड़ी विश्वविद्यालय जिस तारीख को बन्द किया गया था और इसके क्या कारण और

(ख) गुरुकुल कांगड़ी विश्वविद्यालय के प्रबंध में सुधार करने हेतु केन्द्रीय सरकार द्वारा क्या कार्यवाही की गई है और उसके क्या परिणाम निकले हैं ?

शिक्षा और समाज कल्याण मंत्रालय तथा संस्कृति विभाग में उप-मंत्री (श्री डी. पी. वाइच) :

(क) रजिस्ट्रार, गुरुकुल कांगड़ी विश्वविद्यालय द्वारा भेजी गई सूचना के अनुसार, अप्रैल, 1970 से विश्वविद्यालय एक दिन के लिए भी बन्द नहीं हुआ है।

(ख) विश्वविद्यालय अनुदान आयोग ने अपनी नीति के अनुसरण में, विश्वविद्यालय के कार्यकरण के निरीक्षण के लिए एक समिति नियुक्त की है। समिति ने विश्वविद्यालय का दौरा अप्रैल के अंतिम सप्ताह में किया था। आशा है कि समिति अपनी रिपोर्ट शीघ्र पेश कर देगी। समिति और आयोग की सिफारिशें प्राप्त होने पर आगे की कार्रवाई की जाएगी।

Appointment of Managing Director and Deputy Managing Director of Shankar Sugar Mills Calcutta

*435. SHRI INDRAJIT GUPTA : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether M/s Shankar Sugar Mills, Ltd., Calcutta has been declaring losses and passing over dividends for the last few years;

(b) whether despite the bad financial condition of the Company, the Company Law Board, permitted the appointment of one Shri K.K. Kanoria and another Shri V.K. Kejriwal as Managing Director and Deputy Managing Director on exorbitant salaries and emoluments; and

(c) if so, the ground on which the approval for their appointments on such terms was given by the Company Law Board?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY): (a) A statement showing the profit and loss position of the company during the 3 years ending 30th September, 1967, 30th September, 1968 and 30th September, 1969, as furnished by the company, is laid on the Table of the House. The company had declared dividend @10% during the years ended 30th September, 1967, and 30th September, 1968, No dividend was declared during the year ended 30th September, 1969.

(b) and (c). The Company Law Board, while considering the proposal of the company considered various factors relevant including, the financial position, the size of the company and working result of the company. On the advice of the Company Law Board the company considerably slashed down the remuneration earlier proposed by it for the Managing Director and the Deputy Managing Director. The reduced remuneration proposed was approved by the Company Law Board as the total remuneration payable to the Managing Directors was lower than the managing agency commission paid when the company was being managed by the Managing Agents.

Agreement for Loan From U.S.A.

*437. SHRI H.M. PATEL : Will the Minister of FINANCE be pleased to state :

(a) whether an agreement for non-project loan of Rs. 116.25 crores was recently signed with U.S.A.;

(b) the total non-project loan given by U.S.A. to India since 1962;

(c) the names of projects for which the present loan is proposed to be utilised; and

(d) the amount, if any, left over unutilised from the previous non-project loans signed by U.S.A. and the manner in which the amount was utilised or is proposed to be utilised?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) A non-project loan agreement for Rs. 116.25 crores (\$ 155.0 million) was concluded with the U.S. Government on 13.3.1971. The loan amount was raised to Rs. 127.50 crores (\$ 170.0 million) by an amendatory agreement signed on 22.4.1971.

(b) The non-project loans given by U.S.A. to India since 1962 total to Rs. 1343.0 crores (\$ 2174.1 million).

(c) The present loan is not intended for any specific project and is available for financing the import of a variety of items like fertilizers, industrial raw materials, maintenance, spares etc.

(d) As on 1.5.1971, the unutilised balance from the previous non-project loans amounted to Rs. 84 crores (\$ 111.9 million). This amount is fully covered with import recommendations and is expected to be utilised in the course.

Inadequate Facilities for Tourists in Mysore

*438. SHRI DHARAMRAO AFZALPURKAR : will the MINISTER OF TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether Government's attention has been drawn to the inadequate facilities available for tourists in Mysore; and

(b) if so, the measures proposed to be taken by Government to provide more facilities?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) Government is aware of the general inadequacy of accommodation and transport facilities in the country, including Mysore.

(b) The following schemes have been taken up in Mysore State in the Central Sector:—

(i) A 91-room luxury hotel has recently been opened by the India Tourism Development Corporation in Bangalore.

(ii) A Youth Hostel is being constructed at Hampi.

(iii) The Travellers Lodge at Hassan is being enlarged by adding 20 rooms.

Representation against Increased Fees in Flying Clubs

***439. SHRI ATAL BIHARI VAJ-PAYEE :** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Flying Clubs have increased their fees from Rupees 25 and Rupees 40 per hour to Rupees 105 per hour since 27th February, 1971 if so, the reasons for this increase;

(b) whether Government have received any representation from Co-operative Hind Flying Club Limited, U.P against the order of the Director General, Civil Aviation, increasing the fees; and

(c) if so, the action taken thereon?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) There has been no change in the hourly rate for subsidised flying. However, in the context of the prevailing unemployment amongst holders of Commercial Pilot's Licences, subsidised flying available to individual trainees has been limited upto Private Pilot's Licence standard (*i.e.* upto sixty hours) with effect from 1st April 1971.

(b) and (c). Some representations were received in the matter, and on reconsideration

trainees who had obtained their Private Pilot's Licence and had done 150 hours of flying on 31st March, 1970 have been permitted to avail of subsidised flying upto the maximum limit of 250 hours, subject to the usual conditions. Trainees who had not completed 150 hours on that date can do further flying at the non-subsidised rates of Rs. 75/- per hour.

Credit Scheme For Technicians and Engineers

***440. SHRI MUHAMMED SHERIFF :** Will the Minister of FINANCE be pleased to state :

(a) whether Government have decided to introduce a guaranteed credit scheme under which technicians and engineers would be provided financial assistance from the nationalised banks to start industries with Government standing surety for them;

(b) the total investment envisaged under the scheme; and

(c) when the scheme is likely to come into operation ?

THE MINISTER OF FINANCE (SHRI YASHWANTRAO CHAVAN) : (a) to (c). Credit Guarantee Corporation of India (Ltd.) has started a new credit guarantee scheme for providing guarantees covering credit facilities granted to small borrowers by banks in certain priority and neglected sectors. There is also a credit guarantee scheme for small scale industries administered by the Industrial Finance Department of the Reserve Bank of India. These guarantee schemes would make for an easier flow of credit through nationalised banks to small borrowers in priority and neglected sectors including technicians, engineers etc.

Allocation of Foreign Exchange to States

***441. SHRI MURASOLI MARAN :—** Will the Minister of FINANCE be pleased to state :

(a) whether there is any proposal to make bulk allotments of foreign exchange to State Governments which they themselves may be able to release for various projects;

(b) whether any request to this effect has been made by any of the State Governments; and

(c) if so, the reaction of Government thereto ?

THE MINISTER OF FINANCE SHRI (YASHWANTRAO CHAVAN) : (a) No, Sir.

(b) and (c). The question has been raised by some State Governments from time to time. In view of the present difficult foreign exchange situation and the complexities of procedures relating to utilisation of aid from different sources, it is not feasible to make bulk allocations of foreign exchange to State Governments. Requests for release of foreign exchange from the State Governments are considered in accordance with current policies in this regard and relief is provided to the extent possible.

Rates of Interest on Deposits

*442. SHRI T. S. LAKSHMANAN : Will the Minister of FINANCE be pleased to state :

(a) whether the rate of interest on deposits consequent on the increase in bank rate, has also been increased; and

(b) if so, by what percentage ?

THE MINISTER OF FINANCE (SHRI YASHWANTRAO CHAVAN) : (a) Yes, Sir.

(b) A statement is laid on the Table of the House.

Statement

Use of Hindi in the Reserve Bank of India

*443. SHRI S. C. SAMANTA : Will the Minister of FINANCE be pleased to state :

(a) whether the Reserve Bank of India have reconsidered the matter of attending to the correspondence entered into with the Bank in the language of the Union;

(b) If so, whether necessary arrangements now existing in the Bank for transacting business in Hindi and if so, the nature and extend thereof; and

(c) whether similar facilities exist in other Banks also?

THE MINISTER OF FINANCE (SHRI YASHWANTRAO CHAVAN) : (a) Yes, Sir.

(b) Yes, Sir. Arrangements have been made in the Public Accounts Department of the Reserve Bank to record, whenever necessary specimen signatures of drawing disbursing Officers in Hindi and to accept and pass cheques bearing drawer's signature or payee's endorsement in Hindi. Further, the standard forms used by the Public in their dealings with the Bank are also being made available to them in Hindi, whenever required.

(c) Commercial Banks have generally taken steps to bring into use forms, pamphlets and other literature in Hindi and/or other regional languages in addition to English.

Agricultural Loan by the Nationalised Banks to Rural Areas

*444. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of FINANCE be pleased to state:

(a) whether the units of the Nationalised Banks in the rural areas are able to meet fully the need for agricultural loan;

(b) the regions where the units are not in a position to meet the need; and

(c) the regions where the loan advanced is not being repaid regularly?

THE MINISTER OF FINANCE (SHRI YASHWANTRAO CHAVAN) : (a) No, Sir; the needs for agricultural credit are very large and it cannot be expected that the branches of the nationalised banks in the rural areas by themselves would be able to meet these fully.

(b) Does not arise in view of the reply to (a).

(c) Regular or irregular repayment of loans depends on many factors and it cannot be said that irregular repayment is confined only to a particular region.

Rupee Value of U. S. Dollar

*445. SHRI RAJDEO SINGH : Will the Minister of FINANCE be pleased to state:

(a) whether Government are aware that the present Rupee value of U.S. Dollar in open and black market is creating difficulties; and

(b) if so, the steps Government have taken or propose to take to eliminate black marketing in dollars ?

THE MINISTER OF FINANCE (SHRI YASHWANTRAO CHAVAN) : (a) and (b). Presumably, the Honourable Member is referring to the alleged unauthorized transactions in foreign exchange and the reported disparity between the official exchange rate and the rates prevailing in the free market. All authorized transactions take place only on the basis of the official rate of exchange. Unofficial rates of exchange pertain to transactions, if any, which take place in contravention of the Exchange Control Regulations. In the context of the country's overall transactions in foreign exchange, such illegal transactions are necessarily of a sporadic and marginal character.

The Enforcement Machinery of the Government is constantly on the vigil and takes action on individual cases that come to notice. Certain legislative measures are also under contemplation for strengthening the existing provisions of the Law.

Subsidised Publication of University Level books

*446. SHRI K. M. MADHUKAR :
SHRI A. N. CHAWIA :

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Government have sponsored a scheme of subsidised publication of University level books;

(b) the subjects on which the said books have so far been published and the number of books published so far;

(c) the main features of the scheme; and

(d) the annual expenditure likely to be incurred by Government on the scheme and whether the amount earmarked for the purpose is considered adequate?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA):

(a) Yes, Sir.

(b) and (c). A statement is laid on the Table of the House. [Placed in Library. See LT-385/71.]

(d) There is a Fourth Plan provision of Rs. 3 crores and a provision of Rs. 10.00 lakhs in the Budget Estimates, 1971-72 for the implementation of this scheme. The provision for each year will be made on a year-to-year basis depending upon the progress of the expenditure.

पर्यटन केन्द्रों के रूप में मध्यप्रदेश में नए स्थानों के विकास का प्रस्ताव

*447. श्री गंधा चरण दीक्षित : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का विचार चालू वर्ष में मध्यप्रदेश में कुछ स्थानों का पर्यटन केन्द्रों के रूप में विकास करने का है; और

(ख) यदि हां, तो उन स्थानों के, जिलावार, नाम क्या है?

पर्यटन और नागर विमानन मंत्री (डा० कर्णसिंह) : (क) और (ख). जी हां। लखुराहो, कान्हा-विस्ली राष्ट्रीय उद्यान, सांची और मोभाल में पर्यटन सुविधाएँ प्रदान की जायेंगी।

एयर इंडिया द्वारा मलेशियन एयर सर्विस की सहायता

*448. श्री विमल सिन्हा : क्या पर्यटन

और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या एयर इंडिया ने मलेशियन एयर सर्विस की सहायता करने का प्रस्ताव किया है; और

(ख) यदि हां, तो किस प्रकार की सहायता दी जायेगी?

पर्यटन और नागर विमानन मंत्री (डा० कर्णसिंह) : (क) और (ख). मलेशिया सरकार के अनुरोध पर एक राष्ट्रीय हवाई कंपनी की स्थापना के लिये एक रूपरेखा (ब्लू प्रिंट) तैयार करने में मलेशिया सरकार की सहायता करने के लिये एयर इंडिया और इंडियन एयरलाइन्स दोनों में से एक-एक अधिकारी को मलेशिया में प्रतिनिधित्व भिजा गया। इन अधिकारियों ने अपनी रिपोर्ट दे दी है जिस पर मलेशिया सरकार द्वारा विचार किया जा रहा है।

Boeing-737 Aircraft of Indian Airlines
Damaged In a Lightning Storm

*449. DR. KARNI SINGH : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether a Boeing-737 air craft of Indian Airlines was recently involved in a lightning storm and got damaged and pressurisation also failed in the air; and

(b) if so, the reasons why the Bonding of the Aircraft against lightning, which protects planes from lightning threat, was not properly done ?

THE MINISTER OF TOURISM AND CIVIL AVIATION : (DR. KARAN SINGH) :

(a) The investigation made into this matter by the Civil Aviation Department does not bring out any evidence of lightning having struck the plane.

(b) There was no defect in the bonding of the aircraft.

Foreign Tourists Visiting Kerala

*450. SHRIMATI BHARGAVI THANKAPPAN : Will the Minister of TOURISM AND

Civil Aviation) be pleased to state :

(a) the number of foreign tourists who visited Kerala during the years 1969-70 and 1970-71; and

(b) the foreign exchange earned as a result thereof ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). Since tourist arrival statistics and estimated foreign exchange earnings are compiled on an all-India and not on a state-wise basis, specific information relating to tourists visiting Kerala during the last two years and foreign exchange earned from them are not available.

Loan given to Collieries Producing Coking Coal

1887. SHRI INDER J. MALHOTRA : Will the Minister of FINANCE be pleased to state the number of collieries producing coking coal which have been given amounts over Rs. 5 Lakhs as loan since 1969 ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : Statistics regarding bank advances to collieries producing coking coal are not maintained separately.

Loans for Development of Coal Mines in West Bengal and Bihar

1888. SHRI INDER J. MALHOTRA : Will the Minister of FINANCE be pleased to state :

(a) whether any cases of loans required for the development of coal mines West Bengal and Bihar are pending;

(b) If so, the number of such cases pending and the amount involved; and

(c) for how long these cases are pending and how much extra employment is envisaged directly or indirectly in case these loans are materialised ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). Information is not readily available and the same will be placed on the table of the House as soon as it becomes available.

Auction for realisation of Arrears of Income-Tax

1889. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of FINANCE be pleased to state :

(a) Whether the Tax Recovery Officer, New Delhi had conducted an auction on 3rd March, 1971 for realisation of Income Tax dues amounting to thousand of rupees from certain parties;

(b) if so, the exact nature of demand, the name of the parties and the actual amount fetched at this public auction; and

(c) the reasons for resorting to this method by the authorities and whether the parties had asked for more time to clear up their dues in instalments ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes Sir, The property bearing No. 112-113, Gautam Nagar, New Delhi was put to auction.

(b) The information is given as under :

Name of the party	Exact nature of demand	The actual amount fetched at this public auction
1.	2.	3.
Shri M. R. Dhawan Prop. M/s M. R. Dhawan & Co., Asaf Ali Road New Delhi.	Income tax arrears amounting to Rs. 33,63,119 as on the 31st March, 1970.	Nil, as the highest bid of Rs. 1,25,000 was rejected by the Tax Recovery Officer being inadequate.

(c) The assessee was in default for non-payment of huge arrears of Income-tax over a number of years. He did not approach the Income-tax authorities for payment of the arrears in instalments; on the contrary the question regarding recovery of arrears was discussed with him a number of times by the Income-tax authorities but the assessee was non-cooperative. The sale of the property was originally scheduled for the 17th November, 1970 but it was kept in abeyance at the specific request of the assessee as he himself wanted to find out a customer for sale of the property by negotiations. However, neither any serious efforts were made by the assessee in this respect nor any concrete proposals put forward. The mode of sale by auction had thus to be resorted to in the interests of revenue.

Provision to build a port at Chandbali in District Balasore, Orissa,

1890. SHRI ARJUN SETHI : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether there is any provision to build a port at Chandbali in the District of Balasore, Orissa to strengthen our transporting facility and Navy in the Eastern part of India; and

(b) if not, the reasons therefor ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) and (b). The executive responsibility for development of ports other than major ports vests in the State Government concerned. The Government of India however gives loans to the State Governments under the Centrally Sponsored scheme for the development of one selected port in each maritime State. For this purpose, Gopalpur in Orissa has been selected. As regards Chandbali, the Government of Orissa have intimated that they have not made any provision for the development of this port.

Education facilities in Delhi

1891. SHRI H. K. L. BHAGAT : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Government are aware of the growing requirements for school and college education facilities in Delhi; and

(b) if so, what are the future plans to meet these requirements ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) and (b). The requisite information is being collected from the educational authorities in Delhi and will be laid on the table of the Sabha as soon as possible.

Special Increment demanded by Graduates working in L. I. C.

1892. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether Graduates working in the Life Insurance Corporation have been demanding any special increments for themselves from the Corporation;

(b) if so, the reasons for non-acceptance of this demand; and

(c) the likely recurrent expenditure per year if this demand is accepted by Government ?

THE MINISTER OF FINANCE (SHRI YESHAWANTRAQ CHAVAN) (a) and (b). The L. I. C. had been giving at the time of confirmation in service two special increments to graduates recruited to the cadre of Assistants. Such increments were, however, not allowed to employees who passed the degrees examination after their entry into the service, since it was felt that such an incentive would encourage absenteeism especially during the examination months. Recently the LIC took a policy decision not to place any restrictions on the prosecution of part-time studies. In the light of this decision, it has now decided that with effect from 1.4.71 the increments will be given to all employees who had passed their graduation examination after 1.9.1956 while they were in the assistant's grade and had not received the special increments for graduation. This benefit will, however, not be available to those who acquired the degree qualification after they had been promoted to higher cadres

like Section Heads, Higher Grade Assistants, Superintendents.

(c) Rs. 25 Lakhs per annum (approximately).

Legislation to control freight levies by International Shipping Lines

1893. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether Government contemplate bringing forward any legislation with a view to contral increase in freight levies by international shipping lines whose ships touch Indian ports; and

(b) whether this is necessitated because of another 15 per cent freight rise contemplated by the Conference of Shipping Lines ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) At present no such legislation is contemplated.

(b) A Government Delegation is presently discussing the proposed increase of 15 per cent by the India-U. K. Conference on 11th and 12th of this month and the outcome of these discussions is awaited.

मध्यप्रदेश में विश्वविद्यालयों को पुस्तकालय भवनों के लिये अनुदान

1892. डा० लक्ष्मी नारायण पांडे : क्या शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि :

Seizure of Contraband Goods at Palam Airport

1896. SHRI DALIP SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether some contraband items which were imported by an officer of the Nigerian Diplomatic Mission, were detected by the Customs Staff at Palam Airport in the month of January, 1971; and

(b) if so, the action taken by Government against the importer ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). Some goods were seized by the Customs staff at Palam Airport in the month of January, 1971. The Nigerian High Commission extended fullest co-operation to the Government of India in the matter and the officer concerned has left India shortly thereafter.

World Bank Aid for Pilot Family Projects

1897. SHRI MUHAMMAD SHERIFF : Will the Minister of FINANCE be pleased to state :

(a) whether any aid was offered for pilot family projects in some of the States in India by the World Bank; and

(b) if so, the details thereof ?

THE MINISTER OF FINANCE (SHRI YASHWANTRAO CHAVAN) : (a) and (b). A project for an intensive family planning programme in selected districts of U. P. and Mysore with proposed assistance from the International Development Association which is an affiliate of the World Bank is under consideration. The details of the project have not yet been finalised.

Dens for Sale of LSD in India

1898. SHRI C. CHITTIBABU : Will the Minister of FINANCE be pleased to state :

(a) whether dens to sell LSD to young people have sprung up in various cities and that trafficking in narcotics has been on the increase in our country;

(b) whether this trafficking in narcotics/drugs has international ramifications; and

(c) the steps Government propose to take to root out this evil ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESHI) :

(a) There is no information with the Government that dens to sell LSD to young people have sprung up in various cities in this country.

Regarding trafficking in narcotics (L.S.D. is a psychotropic substance), reports for the last four years received from the various enforcement agencies indicate that trafficking in narcotics is on the increase.

(b) Yes, Sir. Trafficking in narcotics has international ramifications.

(c) All the enforcement agencies both of State and Central Governments concerned with suppression of illicit traffic in narcotics, such as State Excise, Police, Customs and Central Excise, Central Bureau of Narcotics, Central Bureau of Investigation Border Security Force and Railway Protection Force are on the alert. Preventive measures have been tightened in the opium growing areas. General anti-smuggling measures have also been strengthened at the land borders and vulnerable sectors of the coast.

Scholarships to Harijans and Tribal Students

1899. SHRI G.Y. KRISHNAN : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the amount and number of scholarships given to the Harijans and forest students has gone down in terms of individual student during the last three years; and

(b) if so, to what extent?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION & SOCIAL WELFARE (SHRI K.S. RAMASWAMY) :
(a) No, Sir. All the eligible Scheduled Caste and Scheduled Tribe students (irrespective of their number) are to be awarded scholarships under the Post-matric Scholarships scheme in accordance with the rates laid down under the scheme.

(b) Question does not arise.

Dilapidated Condition of Permanent Liability Camps in West Bengal

1900. SHRI S.C. SAMANTA : Will the Minister of EDUCATION & SOCIAL WELFARE be pleased to state :

(a) whether the Committee on Review of Rehabilitation Work in West Bengal have drawn the attention of Government to the miserable plight of refugees living in Permanent Liability camps due to their dilapidated condition;

(b) the reasons for not maintaining the camps in habitable conditions; and

(c) the steps being taken for the immediate repairs of those camps?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION & SOCIAL WELFARE (SHRI K.S. RAMASWAMY) :
(a) No, Sir. Their report is yet to be submitted.

(b) and (c). Central Government provides funds for annual repairs and also additional funds for periodical and immediate repairs as and when asked for by the State Government who are primarily responsible for running and maintenance of these Homes.

Archaeological Discovery at New Building site of Delhi High Court

1901. SHRI R.R. SINGH DEO : Will the Minister of CULTURE be pleased to state :

(a) whether an important and significant archaeological discovery has been made at the site where the new building for the Delhi High Court is proposed to be constructed; and

(b) if so, whether Government propose to excavate the site further?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) :
(a) Yes, Sir.

(b) It has been decided to excavate the site further and finish the work by 15th July, 1971. The site is, however, at present under the occupation of Army authorities and the

Ministry of Defence have been approached to get the site vacated. The excavation work will start as soon as the site is vacated by the Army authorities.

Payment of interim Relief to the Supervisory staff in Public Undertakings

1903. SHRI INDRAJIT GUPTA: Will the Minister of FINANCE be pleased to state :

(a) whether any directive was issued to the managements of public sector undertakings regarding the payment to their Supervisory staff (drawing salaries up to Rs. 1,250/- per month) of the interim relief sanctioned for the Central Government employees;

(b) if so, the particulars of the said directive;

(c) whether Government are aware that no uniform pattern is being followed and in many cases interim relief, is not being given to the staff concerned from 1st April, 1970 but from a subsequent date or dates, thereby causing serious discontentment among the staff; and

(d) whether any action is proposed to be taken in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b) : The recommendations of the Third Pay Commission and the Government's decisions thereon regarding the grant of interim relief apply only to Central Government employees. As such, the question of issuing any directive to management of public enterprises on this matter does not arise.

(c) As the pay and allowances of the non-supervisory employees of Central Government undertakings have their linkages with Wage Board awards, Labour Tribunal awards, bipartite agreements/Tripartite agreements, etc. and in the case of other employees, these are determined by the managements of the respective enterprises, there are bound to be some inter-company differences in allowances, including the additional allowances granted to employees in some form or the other, by some enterprises, after the grant of interim relief to Central Government employees.

(d) No Sir.

Overtimes Allowance to Sweepers Farashes and Chowkidars of the Central Government

1904. SHRI INDRAJIT GUPTA : Will the Minister of FINANCE be pleased to state :

(a) the circumstances in which Sweepers Farashes and Chowkidars in the employment of the Central Government are being treated differently in the matter of Overtime Allowance than other Class IV staff drawing the same scales of pay;

(b) whether such discrimination is in conformity with the Ministry of Finance Circulars of 31st December, 1965 and 13th February 1970 on the subject of Overtime Allowance; and

(c) the reason for continuing the "emergency" rates of overtime allowance even after the proclamation of emergency has been withdrawn ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH):(a) and (b) . All regular Class IV staff working in offices, including Sweepers, Farashes and Chowkidars are at present treated alike in the matter of payment of overtime allowance.

(c) As part of economy in administrative expenditure, the revised rates of overtime allowance are still in force. They will be reviewed when the Report of the Pay Commission is received.

Tenders received by Paradeep Trust Board for Construction of General Cargo Berth

1905. SHRI D. K. PANDA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) the total number of tenders received by the Paradeep Trust Board for construction of the General Cargo berth;

(b) whether the Orissa Construction Corporation is one of the tenderers; and

(c) whether Government have decided to entrust the construction work to the Orissa Construction Corporation ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR):(a) In all four tenders were received by the Paradeep Port Trust for the construction of the General Cargo Berth.

(b) Yes.

(c) No.

Retired Officers in the Nationalised Banks

1906. **SHRI B.K. MODAK :** Will the Minister of FINANCE be pleased to state :

(a) the total number of retired officers in the nationalised Banks re-appointed after their retirement;

(b) the reasons for their re-appointment;

(c) whether Government have received any memorandum protesting against this action; and

(d) if so, the action taken on the basis of the memorandum?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) At present there are sixty one retired bank officers reappointed in the nationalised banks.

(b) to (d). Government have not received any memorandum protesting against re-appointments of officers though some nationalised banks have received such representations. The programme of large scale branch expansion undertaken since nationalisation as also the diversification of credit pattern have created serious problems of shortage of trained and experienced manpower. With the increasing activities of the banks, it is essential that adequate number of officers with specialised knowledge and expertise become available to them. The various training schemes and recruitment procedures in the banks are being further looked into but in the meanwhile, in the interest of work, it has been necessary to reappoint some retired bank officers. The Boards of Directors of the banks are competent to deal with all matters relating to staff. These Boards are vigilant and extensions or re-appointments are given only in selective cases.

Construction of Ships at Cochin Shipyard

1907. **SHRI S.M. KRISHNA:**
SHRI P. GANGADEB:
SHRI MUHAMMED SHERIFF.

Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether Government have taken any decision to start construction of ships at the Cochin Shipyard;

(b) if so, how many ships will be built annually; and

(c) what will be the expenditure involved?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR): (a) Yes, Sir. The Government of India have sanctioned the Cochin Shipyard Project with a building dock for ships of 66,000 DWT and a ship repair dock to accommodate ships upto 85,000 DWT. The work on the construction of the Shipyard is in progress. It is expected that the keel of the first ship to be built at the Shipyard may be laid early in 1974.

(b) The production target is two ships of 66,000 DWT each per annum.

(c) The estimated cost of the Cochin Shipyard Project is Rs. 45.42 crores. A plan for ship-building (as distinct from the construction of the Shipyard) and training of personnel therefor are programmed to be worked out later this year.

Demands of Higher Secondary and Primary School Teachers in Delhi

1908. **SHRI S.M. BANERJEE,**
SHRI A.N. CHAWLA :

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to State :

(a) whether the demands of the teachers of Higher Secondary and Primary Schools in Delhi have been considered;

(b) if so, the decision taken by Government thereon; and

(c) whether any financial aid has been given to raise their salaries?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D.P. YADAVA) : (a) and (b). The pay scale of teachers in Delhi were revised with effect from 27.5.70. Further representations made in this regard are under consideration of Government.

(c) As the expenditure on pay and allowances of teachers in Delhi is met out of Consolidated Fund of India, the question of giving any financial aid to Delhi Administration for the purpose does not arise.

Amount granted to the Central Government Employees as a Result of Successive Pay Commission's Awards

1909. SHRI SHYAMNANDAN MISHRA : Will the Minister of FINANCE be pleased to state :

(a) the amounts granted to the Central Government employees as a result of the successive Pay Commissions' award since 1965; and

(b) the number of various categories of employees who have been benefited by these awards?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). Since 1965 only the Third Pay Commission has been appointed by the Government to review the question of pay structure and other conditions of the service of all Central Government employees. The Third Pay Commission has submitted an interim report on "Interim Relief". The Interim Relief as recommended by the Third Pay Commission at rates ranging from Rs. 15/- to Rs. 45/- per mensem according to pay ranges has been sanctioned to the Central Government employees drawing pay upto Rs. 1250/- p.m. with effect from 1st March 1970. This benefit has been granted to all regular Central Government employees and workcharged establishment entitled to dearness allowance numbering in all to about 27 lakhs.

Introduction of LIC's New "Centenary" Policy

1910. SHRI SHYAMNANDAN MISHRA : Will the Minister of FINANCE

be pleased to state :

(a) whether the Life Insurance Corporation has introduced a new policy called the "Centenary" policy; and

(b) if so, the main features of this policy?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) The L.I.C. has introduced with effect from 1.5.71 a new policy known as "Centenary Policy" to suit the needs of people with fluctuating incomes. It is primarily meant for people from rural areas though it will also be issued to people from urban areas.

(b) The distinguishing feature of this policy is that if a default occurs in the payment of premiums, not more than once in every block of three years subsequent to the first two years, the policy does not lapse but is kept in force if the policyholder continues payment of other premiums under the policy. Reduction in the Sum Assured are effected depending on the number of defaults.

Expenditure incurred on Advertisement(s) by Public Undertakings

1911. SHRI SHYAMNANDAN MISHRA : Will the Minister of FINANCE be pleased to state :

(a) the amount spent by the Public Sector Undertakings on advertisements during the years 1968, 1969, 1970 separately; and

(b) the expenditure incurred on this account during the period from November 1970 to April, 1971.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH) : (a) and (b). According to information available, the Central Government industrial and commercial undertakings spent nearly Rs. 557 lakhs on advertisements during 1968-69. As this is a matter, which comes within the sphere of day-to-day administration of the enterprises, Government do not keep any record of expenditure incurred on this account.

Investment made by Industrial Development Bank Of India and Industrial Finance Corporation of India

1912. SHRI N.K. SANGHI : Will the Minister of FINANCE be pleased to state :

(a) the quantum of investment so far made by the Industrial Development Bank of India and Industrial Finance Corporation of India in Rajasthan and how it compares with all-India investment;

(b) the number of units to whom loans have been granted by the Industrial Finance Corporation of India and how many of them are in the production stage now; and

(c) whether the amount sanctioned by the Industrial Development Bank of India for re-finance to the Rajasthan State Finance Corporation on its loans to small scale industries during the year 1968-69 is only about 60 per cent of that of the previous year and if so, the reasons thereof?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) the required information is given in the attached Statement.

(b) Out of the 13 units assisted by the Industrial Finance Corporation of India in Rajasthan, 12 units are in production. The financial assistance to the remaining one unit was sanctioned recently in February, 1971.

(c) The refinance assistance sanctioned by the Industrial Development Bank of India to the Rajasthan State Financial Corporation in respect of its loans to small scale industries (including small road transport operators) during the fiscal year 1968-69 amounted to Rs. 16.60 lakhs. In 1967-68, however, the above Corporation had not availed of any refinance assistance from the Industrial Development Bank of India.

The IDBI in collaboration with the Reserve Bank of India, Agricultural Refinance Corporation, the Industrial Finance Corporation of India and the Industrial Credit and Investment Corporation of India has already conducted a survey of Rajasthan, to assess the infra-structure facilities, supply of raw materials and market prospects for developmnet of industries which could be advantageously located in this State. The Survey Report is being finalised and the necessary follow up action will be undertaken when the report is ready.

Complaints Regarding Non-Payment of Taxes by Businessmen possessing Assets of Rs. 5 Crores and above

1913. **SHRI SAT PAL KAPUR :** Will the Minister of FINANCE be pleased to state :

(a) the number of businessmen whose assets exceed rupees five crores and against whom complaints regarding non-payment of income tax, wealth tax and gift, tax have been received during the last three years; and

(b) the action taken on each such complaint?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH) : (a) and (b) The information is not readily available and is being collected. It will be laid on the Table of the House as soon as it is collected.

Over-charging by Drivers of three wheeler scooters in Delhi

1914. **SHRI G.Y. KRISHNAN :** Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether a number of visitors coming to Delhi from outside have been cheated by the three wheeler scooter drivers by being over-charged;

(b) whether complaints have also been received about rude behaviour of these drivers towards visitors; and

(c) if so, the remedial steps to be taken in the matter?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) and (b). The Delhi Administration have stated that complaints have been received against drivers of three-wheeler scooters for over charging and rude-behaviours. As the complainants do not always indicate whether they are residents of Delhi or visitors from other places, it is not possible to state the percentage of complaints made by visitors.

(c) The Delhi Administration have stated that they have taken the following steps :—

(i) A Special Cell has been created in the Directorate of Transport, Delhi, to attend to complaints of mis-behaviour, refusal and over-charging against taxi/auto-rickshaw drivers. This office works round the clock and complaints can also be registered on telephone (No. 224379) to be followed by written statements. On receipt of such complaints, the Enforcement Staff of the Department serves notices on the erring drivers/owners under the relevant provisions of the Motor Vehicles Act, 1939, and the Rules framed thereunder. The Enforcement Staff is also deployed for dealing with public complaints against auto-rickshaw/taxi drivers on the spot for over-charging, misbehaviour and refusal to carry passengers.

(ii) Permanent complaint booths have been set up at the old Delhi and New Delhi Railway Stations, Inter-State Bus terminus and Palam Airport, which function round the clock. Besides, complaint booths have also been set up at the Regal, Daryaganj, Chandni Chowk and Gurudwara Road, which function in the evenings. Whenever a report is made against any driver, the complaint is recorded at the complaint booth.

(iii) Special police staff is deputed daily in a mobile van from 9.00 P.M. till the close of

the last cinema shows, to check against the offending drivers, especially at Cinema Houses Railway Stations, Palam Airport etc.

(iv) In order to obviate the chances of refusal, over-charging and misbehaviour at the two Railway Stations and Inter-State Bus Terminus, taxis and scooters are made to stand in a queue and are required to carry passengers in their turn, whatever may be their destination. The Traffic Police on duty there ensure that no inconvenience is caused to the intending passengers.

(v) In order to detect the defaulting drivers special raids are also organised by the Traffic police intermittently in plain clothes and the drivers are prosecuted for refusal, misbehaviour and over-charging.

(vi) Complaint books have been supplied to all Police Stations for the facility of the complainants to lodge a complaint at the nearest Police Station.

(vii) At the monthly public meetings at the Police Stations, the members are informed about the availability of complaint books at the Police Stations.

(viii) All the Officers and Head Constables of the Delhi Traffic Police carry challan books while proceeding on duty. If any complaint is made to them action against the offending drivers is taken on the spot.

(ix) Besides prosecutions in courts of law, a number of complaints of a serious nature are also referred to the Licensing Authority, Delhi for taking disciplinary action against the defaulting drivers by disqualifying them, for a specified period, for holding or obtaining a driving licence, under Section 15(1) (c) of the Motor Vehicles Act.

Income Tax arrears outstanding against Industrial Houses/Companies

1915. SHRI MUKHTAIR SINGH MALIK : Will the Minister of FINANCE be pleased to state :

(a) the names of such industrial houses or companies against whom Income tax amounting to more than rupees one lakhs has been out-standing;

(b) the years from which these amounts have been outstanding ; and

(c) the steps taken or proposed to be taken to realise these arrears?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH) : (a) and (b). The information regarding the names of industrial houses or companies against whom income-tax amounting to more than Rs. 1 lakh has been outstanding is not readily available and its collection requiring scrutiny of very large number of assessment records will involve considerable time and labour.

However, if the Honourable Member desires to have information regarding any specific assessee (s), the same could be furnished.

(c) Such steps as are available under the law for realising the arrears in question are being taken/proposed to be taken depending upon the facts and circumstances of each case.

Development of Ports in Kerala

1916. SHRI A.K. GOPALAN : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the Kerala Government had discussed with the Central Government about the implementation of the recommendations made by Indo Poll Company on the development of Ports in Kerala; and

(b) if so, the action taken by Government on the basis of the discussion?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) and (b). The Kerala Government had engaged M/s. Indo Poll Company Limited, Bombay for a feasibility study of the cargo and fishing harbours in the State. The Company has submitted its report. Out of the ports included in the report, Beypore was selected by the State Govt. for development as a cargo-cum-fishing Harbour under the Centrally Sponsored Scheme under the Fourth Five Year Plan and a detailed Project Report was prepared by the State Government and sent to the Central Government. This has been scrutinised and detailed comments suggesting the lines on which Beypore should be developed taking into account the traffic

potential, shipping trends and technical considerations have been sent to the State Government for their consideration. A reply from the state Government is awaited.

New Football Stadium at Calcutta

1918. SHRI P. R. DAS MUNSI : Will the Minister of EDUCATION AND SOCIAL welfare be pleased to state :

(a) whether Central Govt. propose to construct a Football Stadium other than a composite station in the Eden Gardens at Calcutta in cooperation with the State Governments; and

(b) if so, what is the scheme in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K.S. RAMASWAMY): (a) and (b). No such proposal is under consideration of the Government of India.

दिल्ली के स्कूलों के अध्यापकों के लिये क्वार्टर

1919. श्री नाथूराम अहिरवार : क्या शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली प्रशासन ने उच्चतर माध्यमिक स्कूलों के अध्यापकों के लिये कुछ क्वार्टरों का निर्माण किया है;

(ख) यदि हां, तो उनकी श्रेणीवार संख्या क्या है; और

(ग) उन क्वार्टरों में से कितने प्रतिशत क्वार्टर अनुसूचित जातियों और अनुसूचित आदिम जातियों के अध्यापकों को आवंटित किये जायेंगे?

शिक्षा और समाज कल्याण मंत्रालय तथा संस्कृति विभाग में उपमंत्री (श्री डी. पी. यादव) : (क) से (ग). अपेक्षित सूचना दिल्ली प्रशासन से एकत्र की जा रही है और यथाशीघ्र समा पटल पर रख दी जाएगी।

Working of Unit Trust of India

1920. SHRI S.R. DAMANI: Will the Minister of FINANCE be pleased to state :

(a) the latest available working results of the Unit Trust of India;

(b) the policy followed by the Unit Trust of India for investments;

(c) the total investments made so far and the return on them; and

(d) whether Government propose to diversify its activities and if so in what manner?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) The working result of the Unit Trust of India for the years ended 30th June, 1970, which is the latest year for which the published annual report and accounts of the Trust are available, are as follows :

Sales of Units.	Rs. 22.83 Crores
Repurchases of Units.	Rs. 2.04 Crores
Net income for the year.	Rs. 5.84 Crores
Dividend Distributed :	
on initial capital.	Rs. 0.20 Crore
on Unit capital.	Rs. 5.58 Crores
Rate of Dividend :	
on initial capital.	4%
on Unit capital.	7.2%

(b) Investments of the Trust are governed by Regulation 36 of Unit Trust of India General Regulations, 1964. Regulation 36(1) provides that the investment by the Trust from the funds of the Unit Scheme of 1964 in securities of any one company shall not exceed five per cent of the total amount of the said funds or fifteen per cent of the securities issued and outstanding of such company whichever is lower, provided that the aggregate of the investments in the capital initially issued by new industrial undertakings shall not at any time exceed five per cent of the total amount of the said funds. These limits however do not apply to investments in debentures of companies which fulfil certain criteria laid in Regulation 36(1A) for this purpose.

Within the above statutory framework the Trust makes the investments to obtain maximum return on investments consistent with the security of the capital.

(c) The details of investments* made by the Trust upto 31st, March, 1971 and the returns thereon are as under :

Type	Cost (Rs. in Crores)	Yield%
1. Ordinary Shares.	33.94	7.52
2. Preference Shares.	12.79	8.32
3. Debentures.	38.49	7.56
4. Govt. Securities and Corporation Bonds.	0.50	4.96
	<u>85.72</u>	<u>7.64</u>

* Excludes investments in shares of Nationalised Banks, advance deposits against underwriting commitments and cash balances.

(d) The endeavour of the Trust is to introduce new schemes and plans to suit the varying investor preference and tap the savings of the community. In pursuance of these efforts, the Unit Trust of India has under active consideration a savings-cum-insurance plan in co-operation with the L.I.C. This plan is expected to be finalised soon.

Road Accidents in Delhi.

1922. SHRI TEJA SINGH SWATANTRA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether road accidents in Delhi are on the increase :

(b) if so, the reasons therefor; and

(c) the steps taken to minimise these accidents?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) No.

(b) Does not arise.

(c) The Delhi Administration have taken the following measures to reduce road accidents:—

(i) Road safety education, including lectures on road safety and observance of traffic rules, is imparted in educational institutions.

(ii) Hand bills and comics on road safety are distributed among the public and children

(iii) Cinema slides on traffic safety and television shows on road safety are also arranged.

(iv) Roads are being widened and foot paths improved, wherever possible.

(v) Light signals and blinking lights have been installed on various road junctions.

(vi) One way traffic has been introduced in the congested parts of the city. Heavy vehicles are not allowed to pass through such areas.

(vii) A Traffic Training Park for children is functioning at full swing on the Irwin Road.

(viii) Transport vehicles are subjected to rigid inspection, before certificates of fitness in respect of them are issued.

(ix) Speed 'traps' of vehicles by mobile patrols are frequently arranged and action is taken under the law against drivers who are found to be driving rashly and negligently or at excessive speeds.

(x) Vehicles are subjected to surprise checks by mobile police patrols and Flying Squads.

(xi) Plying of heavy vehicles has been restricted to the hours during the day in certain areas.

(xii) Speed limits have been fixed on many roads and indicated on boards.

(xiii) Two mobile courts function round the month for on-the-spot prosecutions and trial.

Besides the above measures, the limits of fine, which may be imposed for driving at excessive speed, under Section 115 of the Motor Vehicles Act, have been enhanced. The Government of India have also appointed a Study Group on Road Safety (a) to enquire into the incidence of road accidents, both in urban areas and on highways in India, and ascertain the causes of such accidents (b) to recommend a suitable organisational set up for collection and analysis of data/statistics relating to such road accidents, the measures necessary for education of road users in road safety etc.

Scrutiny of School Text Books By National Council of Educational Research And Training.

1923. SHRI TEJA SINGH SWATANTRA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the crash programme of National Council of Educational Research and Training to scrutinise school text books prescribed in all the States and to delete passages detrimental to national integration has not made much headway;

(b) if so, the reasons therefor; and

(c) the steps taken to expedite the programme?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE : (SHRI D. P. YADAV) : (a) to (c). The crash programme visualised scrutiny of school textbooks through the following three agencies:—

(i) National Institute of Education of the National Council of Educational Research and Training;

(ii) Regional Colleges of Education of the National Council of Educational Research and Training;

(iii) State Governments and Union Territories.

The National Institute of Education and Regional Colleges of Education have completed the work according to schedule.

A majority of State Governments and Union Territories have also completed the work and, as for the rest, the delay is mainly because of some administrative problems in setting up a suitable machinery for scrutiny. The National Council of Educational Research and Training is in constant touch with the State Governments, and making every effort to complete the work as early as possible.

Scheme to Co-ordinate Activities of Tourism and Archaeological Departments.

1924. SHRI P. VENKATASUBBIAH : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether Government are aware that there is a lack of coordination between Tourism and Archaeological Departments with the result that all the places of tourist attraction are not properly high-lighted; and

(b) whether there is any comprehensive scheme to co-ordinate the activities of these two Departments so as to provide more literature on places of tourist attraction and also for the proper upkeep of centres of archaeological importance?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) and (b). A comprehensive scheme has been evolved which envisages coordinating committees at both the Central and local levels, and the creation of administrative machinery to take follow up action.

Invitation to Rhodesia to Participate in 1972 Olympic

1925. SHRI A.K. SAHA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Government are aware that Rhodesia has received an official invitation to take part in the 1972 Olympic Games to be held in Munich, Germany; and

(b) if so, the reaction of Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) and (b). Yes, Sir. Government of India has since co-sponsored a resolution for adoption by the United Nations Committee on Colonialism deploring the International Olympic Committee's continued recognition of the so-called "National Olympic Committee of Rhodesia" and the invitation extended to Rhodesia to participate in the forthcoming Olympic Games at Munich and urging the International Olympic Committee to take urgent steps to suspend the so-called "National Olympic Committee of Rhodesia" from its membership and annual forthwith the invitation to Rhodesia for the Olympic Games at Munich. The resolution was adopted. The Indian Olympic Association is also being informed accordingly.

Injustic done to Former Deputy Librarian, National Library, Calcutta.

1926. SHRI SAMAR GUHA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether a memorandum dated 1st July, 1970 signed by National Professors, Vice-Chancellors, eminent educationists, well known historians and other intellectuals was submitted to the former Education Minister drawing the attention of Government to the injustice done to the former Deputy Librarian, National Library Calcutta;

(b) if so, the text of the memorandum and the names of signatories; and

(c) the steps taken by Government to remedy the injustice caused to him?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. D.P. YADAV) : (a) No, Sir.

(b) and (c). Question does not arise.

Loans given by Public Sector Financial Institutions to Presons/Institutions

1927. SHRI JAGADISH BHATTACHARYA : Will the Minister of FINANCE be pleased to state :

(a) the total amount of loan given by the Public Sector Financial Institutions in the financial years 1969-70 and 1970-71; and

(b) the names of persons or institutions which have received loans to the extent of rupees fifty lakhs or more during the above period ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). The required information in respect of the two All India Public Sector financial institutions namely the Industrial Development Bank of India and Industrial Finance corporation of India is given in Statements I & II laid on the Table of the House. [Placed in Library. See No. LT-387/71]

'Book Banks' in Secondary Schools and Higher Educational Institutions

1928. SHRI JYOTIRMOY BOSU : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the Education Commission 1964-66 recommended that--

(i) a programme of 'Book Banks' should be developed in Secondary Schools and in Institutions of higher education and

(ii) grant for the purchase of books should be made to more talented of the students;

(b) if so, the steps taken by Government to implement the said recommendations; and

(c) the results of the steps so far taken?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAV) : (a) Yes, Sir.

(b) and (c). As School Education is a State subject and the Education Commission has recommended that the State Education Departments should have a fund at their disposal to assist book-banks in secondary schools, the recommendation of the Commission has been forwarded to State Governments for their consideration and necessary action.

As for institutions of higher education, the University Grants Commission has recently

approved the following programmes covering students amenities and welfare;

- (1) Grants to colleges for establishing or developing book-banks....

Rs. 52.00 lakhs

- (2) Establishment of Text Book Centres in residential areas Rs. 150. "

Resources made available to Joint Stock Companies by Institutional Financial Agents

1929. SHRI JYOTIRMOY BOSU : Will the Minister of FINANCE be pleased to state :

(a) the total amount of resources available in Joint Stock Companies by each Institutional financial agency in India and abroad (including World Bank and other international financial institutions separately) year-wise during the last three years;

(b) the share of 75 large and 20 larger business houses in the total resources made available by each of the institutions during the same periods; and

(c) the share of the Houses of Tata, Birla, Sahu Jain, Bangur, Goenka, Mafatlal and Martin Burn in the total resources made available by each of the institutions during the same periods ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). The information is being collected and will be laid down on the Table of the House.

LIC's Investment in Industrial and Non-Industrial Project.

1930. SHRI JYOTIRMOY BOSU : SHRI DINEN BHATTACHARYA :

Will the Minister of FINANCE be pleased to state the Life Insurance Corporation's investments, Statewise, in industrial as well as non-industrial Projects separately, year-wise from 1968-69 to 1970-71 ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : A statement giving the required information is laid on the Table of the House [Placed in Library. See NO.LT.—388/71]

Loans and Aids Received from Foreign Countries

1931. SHRI JYOTIRMOY BOSU : SHRI M. M. JOSEPH :

Will the Minister be pleased to state :

(a) the total amount of loans and aids received by India from foreign countries (country-wise) upto 30th April, 1971; and

(b) the amount paid towards interest, debt servicing charges and capital repayment to each country for these loans during the current year and the amount to be paid during the succeeding three years ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Two Statements (No. I and II) containing the details required are laid on the Table of the House. [Placed in Library. See No. LT—389/71]

Assistance to Nigeria for Building Shipping Industry

1932. SHRI B.K. DASCHOWDHURY : SHRI N. S. BISHT : SHRI M.M. JOSEPH :

Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether Government of Nigeria have sought India's help for its shipping industry; and

(b) if so, how Government of India propose to assist the Nigerian Government in this matter and on what terms and conditions ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING & TRANSPORT (SHRI RAJ BAHADUR) : (a) Minister of Transport in the Government of Nigeria had indicated their need

for secondhand dry cargo vessels and tankers from India and for training masters and marine engineers for Nigeria during his recent visit to this country.

(b) It was conveyed that India's Merchant Fleet is also in the process of being built up and as such, such vessels may not be within our capacity to offer, but that the scope for providing training to marine engineers from Nigeria and for reserving a few seats in the new training-ship which will replace Dufferin shortly would be explored.

Housing Societies Benefited under "Own your Housing Scheme"

1933. SHRI B. K. DASCHOWDHURY : Will the Minister of FINANCE be pleased to state :

(a) the number and names of Housing Societies benefited so far under "Own Your Housing Scheme"; and

(b) the extent to which Life Insurance corporation has helped in solving the housing problem of the beneficiaries?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN) :

(a) The Life Insurance Corporation grants loans under its "Own Your Home" Scheme only to individual policyholders, including members of Co-operative Housing Societies, and not to Housing Societies.

(b) The "Own Your Home Scheme" was introduced on 1.1.64 and the number of houses built till 30.9.70 with the help of loans under the Scheme is 5665. The LIC's contribution to housing is not confined to loans granted under this scheme. It has been giving substantial loans to State Governments and Apex Co-operative Housing Finance Societies as well as loans under its various mortgage schemes, such as Property Mortgage Scheme, Staff Housing Schemes, Public Limited Companies Scheme and Scheme for loans to cooperatives of employees of public limited companies.

कृषि भूमि पर सम्पत्ति कर

1934. श्री रामचन्द्र विकल का वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) कृषि योग्य भूमि पर किस तिथि से सम्पत्ति कर लगाया गया है;

(ख) उसके आधार क्या है; और

(ग) किन-किन राज्यों ने कृषि योग्य भूमि पर सम्पत्ति कर लगाये जाने का समर्थन किया है तथा किन-किन राज्यों ने इसका विरोध किया है?

वित्त मंत्रालय में राज्य मंत्री (के. आर. गणेश) : (क) 1 अप्रैल, 1970।

(ख) कृषि भूमि पर घन-कर, वित्त अधिनियम, 1969 के माध्यम से घन-कर अधिनियम, 1957 के एक संशोधन द्वारा लगाया गया था। तत्कालीन वित्त मंत्री ने 1969-70 का बजट पेश करते हुए लोक सभा में अपने भाषण में इस कर के लगाये जाने के आधार को स्पष्ट किया था। इस भाषण का सम्बद्ध अंश इस प्रकार है:-

"कृषि-सम्बन्धी सम्पत्ति पर अभी तक सम्पत्ति कर नहीं लगता। इस सुविधा से अधिक घनी व्यावसायिक तथा व्यापारिक वर्गों को जमीन खरीदने के लिए प्रोत्साहन मिला है परन्तु सामान्य अर्थ-व्यवस्था में यह बाधापि न्यायसंगत नहीं है कि अन्य उत्पादनकारी सम्पत्ति पर तो कर लगाया जाय पर कृषि भूमि सम्बन्धी सम्पत्ति को कर से छूट दी जाय।"

(ग) पंजाब को छोड़ कर अन्य किसी राज्य सरकार ने कृषि-भूमि पर घन-कर लगाए जाने को चुनौती नहीं दी है।

Implementation of Policy of the Nationalised Banks

1935. SHRI INDRAJIT GUPTA : Will the Minister of FINANCE be pleased to state.

(a) whether he had publicly admitted that the policy of the Nationalised Banks as envisaged by Government, is meeting with

difficulties in implementation because the Directors and top executives of the said banks continue to be the same persons who held these posts prior to nationalisation;

(b) if so, what stands in the way of changing the personnel concerned; and

(c) the action, if any, taken by Government in the matter?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) to (c). Finance Minister while addressing a meeting of the Presidents of the District Congress Committees on 7th May, 1971 mentioned several important steps which had been initiated to achieve the basic objectives underlying nationalisation. In view of the reorientation of the policies of the banks with a view to meet the credit requirements of the neglected sectors, he stressed that unless there was a keen and acute awareness of the shortcomings of the banks, it would be difficult to make positive improvements in a given time. It was in this context that he referred to the need for a greater attunement of the bank staff at all levels with the changed perspective in which the banks have to function. He had also clarified that changing the personnel at various levels of the banks is neither feasible nor, in the ultimate analysis, an answer to all the deficiencies of the banks.

The first Boards of Directors of the banks have been constituted after nationalisation. There is, therefore, no question of the new Boards of Directors not being in tune with the changed perspective in which the banks have to function.

Appointment of Managing Director of Shanker Sugar Mills Ltd., Calcutta

1936. SHRI INDRAJIT GUPTA : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether, by a resolution adopted at the extraordinary meeting held on 14th January, 1971 of shareholders of M/s Shankar Sugar Mills, Ltd., Calcutta, one Shri B.K. Kanoria was appointed as Managing Director in place of Shri K.K. Kanoria who had resigned;

(b) whether the approval of the Company Law Board has been given for the said appointment and, if so, on what terms;

(c) the salary, perquisites and other emoluments approved as remuneration for the Managing Director; and

(d) whether the Company Law Board has taken note of objections from the shareholders on grounds of absence or inadequacy of profits?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY): (a) No copy of such a resolution passed by the shareholders was filed with the Company Law Board.

(b) to (d). The Company Law Board after taking into consideration all the facts and circumstances of the case had come to the provisional conclusion that the proposal of the company should be rejected. The company was informed of the provisional decision of the Company Law Board on 15th April, 1971 so as to enable the company to make any representation against the proposed decision of the Company Law Board. The company in its letter dated 26th April, 1971, has stated that it wants to make a representation in writing as well as in person, against the proposed decision of the Company Law Board. No written representation has so far been received.

Sale of Shares of Golden Tobacco Company

1937. SHRI RAMSHEKHAR PRASAD SINGH : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether the Directors of Messers Golden Tobacco Co. have been selling their shares to the public at a premium i.e., at the rate of Rs. 1255/- for 100 shares;

(b) if so, whether Government have inquired into the causes for disposal of shares in this manner; and

(c) whether the financial position of the company is not sound?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY): (a) M/s.

Golden Tobacco Co. Ltd., has not approached the Controller of Capital Issues for public issue and has not yet got itself enlisted on any Stock Exchange. Information sought or is not available.

(b) Does not arise.

(c) The financial position of the company as is obtained from its published Annual Accounts for the last 3 years is as under:—

	(In lakhs of Rs.)		
	30-6-68	30-6-69	30-6-70
1. Net Worth	3.89	4.67	4.84
2. Total Assets	12.04	14.79	15.99
3. Turnover	32.17	37.97	32.68
4. Profit before Tax	2.50	3.08	1.14
5. Current Ratios (i.e. ratio of current Assets to Current Liabilities)	2.2	2.2	2.2

सरकारी कर्मचारियों की सेवा की शर्तों के बारे में संसद् सदस्यों को पत्र

1939. श्री रामावतार शास्त्री : क्या संसदीय कार्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उन्होंने पांचवीं लोक-सभा के प्रथम सत्र के प्रारम्भ में सरकारी कर्मचारियों की सेवा की शर्तों के बारे में संसद् सदस्यों को एक पत्र लिखा था; और

(ख) यदि हां, तो उक्त पत्र को लिखने का औचित्य क्या था ?

संसदीय कार्य तथा परिवहन और नौवहन मंत्री (श्री राजबहादुर) : (क) चुनावों के पश्चात् प्रत्येक लोकसभा के प्रारम्भ में अथवा सदस्य के सदन के लिए पुनर्निर्वाचित हो जाने के तुरन्त बाद, संसदीय कार्य मंत्री, एक गोपनीय परिपत्र द्वारा, संसद् सदस्यों को उनके संसदीय कर्तव्यों के सम्बन्ध में भारत सरकार के मंत्रालयों से जानकारी प्राप्त करने अथवा उन्हें सुझाव देने के बारे में कुछ परिपाटियों की ओर उनका ध्यान आकर्षित करते हैं। इस परिपत्र में सरकारी कर्मचारियों की सेवा की शर्तों में से एक का उल्लेख किया गया है जो केन्द्रीय सिविल सेवाएं (आवरण) नियम,

1964 के नियम 20 पर आधारित है। यह नियम सरकारी कर्मचारी को सरकार के अधीन अपनी सेवा से संबंधित मामलों के बारे में अपने हितों की वृद्धि करने के लिए किसी वरिष्ठ अधिकारी पर राजनीतिक अथवा अन्य प्रभाव डालने अथवा डलवाने का प्रयत्न करने का निषेध करता है।

(ख) संसद् सदस्यों को इन परिपाटियों के बारे में अवगत करा देना उचित समझा गया।

मिश्रित संस्कृति का विकास

1940. श्री रामावतार शास्त्री : क्या संस्कृति मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने देश में मिश्रित संस्कृति के विकास के लिये एक योजना बनाई है; और

(ख) यदि हां, तो उक्त योजना को कब तक क्रियान्वित किये जाने का विचार है ?

शिक्षा और समाज कल्याण मंत्री और संस्कृति विभाग मंत्री (श्री सिद्धार्थ शंकर राय) :

(क) जी, हां,

(ख) प्रश्न नहीं उठता।

Widening of National Highway No. 11

1941. RAJMATA GAYATRI DEVI : Will the Minister of SHIPPING AND TRANSPORT be pleased to state.

(a) whether with a view to put a stop to accidents, Government have decided to widen the National Highway No. 11 (Jaipur-Bikaner Highway) to twenty two feet; and

(b) if so, how Government plan to implement this decision?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) and (b). Considering the requirement of the present and expected near future traffic, provision has been made in the Fourth plan to undertake widening to two lanes (23 ft.) of 117 miles out of the total length of about 200 miles of the Jaipur-Bikaner Section of the National Highway No. 11. Out of the remaining-83 miles about 20 miles near Bikaner are already two-lane. The left over reach of 63 miles will be between Goshainsar and Ratangarh, which has recently been completed with a single-lane carriage way and opened to traffic. This widening of 117 miles is likely to cost Rs. 150 lakhs.

Construction of New Aerodromes in Rajasthan

1942. RAJMATA GAYATRI DEVI : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) Whether Government are considering to construct some new aerodromes in Rajasthan and to develop the old ones; and

(b) if so, the main features of the plan in this regard?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). No new aerodromes are proposed to be constructed in Rajasthan during the Fourth Plan period. Proposals for improving the aerodromes at Jaipur and Udaipur are under consideration. These relate to extension of passenger lounges at both places and black-topping of over-run at the Jaipur runway. Jodhpur is also going to be linked by air shortly.

Earmarking of Credit from Nationalised Banks for Agrarian Sector

1943. SHRIMATI BHARGAVI THAKKAR : Will the Minister of FINANCE be pleased to state :

(a) whether Government propose to earmark at least 50 per cent of the credit from the nationalised banks for the agrarian sector; and

(b) if so, when this proposal is likely to be implemented?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) No, sir; as the needs of various sectors of economy vary from place to place, it is neither desirable nor feasible to earmark a fixed percentage of credit to any one sector. Priority is, however, being given to the sectors which had been hitherto neglected for the purpose of bank credit.

(b) Does not arise.

राजस्थान में चम्बल नदी पर पुल के निर्माण के लिये ऋण

1944. श्री हुकम चन्द कछवाय : क्या नौबतल और परिवहन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार अपने पत्र संख्या पी. एल. 10(167) 70 दिनांक 22 जनवरी, 1971 के अनुसार चम्बल पर शिवपुर कला और सवाई माधोपुर के बीच एक अन्तर्राष्ट्रीय पुल के निर्माण के लिए ऋण देने को सहमत हो गई है;

(ख) यदि हां, तो कितने ऋण की स्वीकृति दी गई है, और उसका पुनः मुग्तान किस अवधि में तथा किन शर्तों पर किया जायेगा; और

(ग) पुल के निर्माण के लिए राजस्थान सरकार को ऋण की राशि कब तक दे दी जायेगी और पुल का निर्माण-कार्य कब तक आरम्भ हो जायेगा?

संसदीय कार्य तथा नीतिनियम और परिवहन मंत्री (श्री राज बहादुर) : (क) जी, हाँ—

(ख) और (ग). प्रस्तावित पुल पर 70 लाख रु० लागत आने का अनुमान है तथा इस सारी लागत के लिए ऋण देने की व्यवस्था कर ली गयी है। क्योंकि यह पुल राजस्थान तथा मध्यप्रदेश की सीमा पर पड़ता है अतः 70 लाख रु० का ऋण राजस्थान तथा मध्यप्रदेश द्वारा आपस में बराबर बांटा जायेगा। वर्षानुवर्ष के वास्तविक खर्च की पूर्ति के लिए संबंधित राज्य सरकारों द्वारा अपेक्षित योजनाओं और अनुमानों की मंजूरी के बाद संबंधित सरकारों से मांग प्राप्त होने पर दिया जायेगा।

इस समय, अंतर्राज्यीय या आर्थिक महत्व की राज्य सड़कें/पुलों की ऐसी केन्द्रीय प्रायोजित योजनाओं के लिए स्वीकृत ऋणों की अदायगी के लिए निम्नलिखित शर्तें हैं:—

(1) ऋण 15 वर्षों की अवधि में प्रतिदेय है, ऋण की अदायगी शेष बकाया राशि पर के ब्याज सहित 15 बराबर किस्तों में होगी जो ऋण लेने से अगले वर्ष से शुरू होगी।

(2) वार्षिक प्रतिदेय धन (मूलधन तथा ब्याज के रूप में) प्रतिवर्ष पहली जुलाई, अक्टूबर, जनवरी तथा मार्च का चार बराबर किस्तों में वसूल किया जायेगा।

(3) ऋण पर प्रतिवर्ष 5 प्रतिशत ब्याज देना होगा इस शर्त के अधीन कि यदि मूल धन

और/या ब्याज नियत तारीख को समय पर चुकाया जाय, तो ब्याज की दर घटाकर 4 $\frac{3}{4}$ प्रतिशत वार्षिक कर दी जायेगी।

क्योंकि वह एक ऐसी ऋण योजना है जिससे दो राज्य संबंधित हैं, कार्य का आरम्भ होना, योजना की क्रियान्विति के लिए और योजना के निष्पादन के लिए अनुमानों की तैयारी तथा निविदाओं की व्यवस्था करने से संबंध उनकी सहमति पर नभर होगा।

अमरीका से वित्तीय सहायता

1945. श्री हुकमचन्द कछवाय : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) वित्तीय वर्ष 1968-69, 1969-70 और 1970-71 में भारत को अमरीका से कितनी वित्तीय सहायता मिली और पी०एल० 480 कार्यक्रम के अन्तर्गत कितनी सहायता मिली; और

(ख) वित्तीय वर्ष 1971-72 में भारत को कुल कितनी वित्तीय सहायता तथा पी०एल० 480 कार्यक्रम के अन्तर्गत लगभग कितनी सहायता मिलने की सम्भावना है ?

वित्त मंत्री (श्री धनंजयराव चव्हाण) :

(क) निम्नलिखित तीन वर्षों में भारत को हस्ताक्षरित करारों के अनुसार, संयुक्त राज्य अमेरिका से प्राप्त आर्थिक सहायता और पी०एल० 480 सहायता का ब्यौरा इस प्रकार है:—

	1968-69	1969-70	1970-71
आर्थिक सहायता	203.1 करोड़ रुपये (27.07 करोड़ डालर)	155.1 करोड़ रुपये (20.67 करोड़ डालर)	171.2 करोड़ रुपये (22.82 करोड़ डालर)
पी० एल० 480 सहायता	168.2 करोड़ रुपये (22.43 करोड़ डालर)	143.0 करोड़ रुपये (19.15 करोड़ डालर)	118.7 करोड़ रुपये (15.83 करोड़ डालर)

(ख) : जब तक प्रमरीकी कांग्रेस और संयुक्त राज्य प्रशासन द्वारा 1971-72 के लिए पी० एल० 480 सहायता और आर्थिक सहायता के स्तरों का निश्चय नहीं कर लिया जाता तब तक इन आंकड़ों का अनुमान लगाना सम्भव नहीं है।

उत्तर प्रदेश सरकार को ऋण

1946. श्री हुकम चन्द कछवाय : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) उत्तर प्रदेश सरकार के नाम केन्द्रीय सरकार द्वारा दिये गये ऋणों की इस समय कितनी राशि बकाया है;

(ख) वित्तीय वर्ष 1971-72 के दौरान उत्तर प्रदेश सरकार को कितना ऋण दिया जायेगा; और

(ग) राज्य सरकार को दिये गये ऋणों पर लिये जाने वाले ब्याज की दर क्या है और इस समय राज्य सरकार के नाम कुल कितना ब्याज बकाया है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) :
(क) 31 मार्च, 1971 की स्थिति के अनुसार 686.45 करोड़ रुपये बकाया हैं।

(ख) उत्तर प्रदेश राज्य की 1971-72 की आयोजना के लिए, ऋणों और अनुदानों के रूप में, 105.20 करोड़ रुपये की केन्द्रीय सहायता निर्धारित की गई है। राज्य सरकार को दिए जाने वाले ऋणों की वास्तविक मात्रा इस बात पर निर्भर करेगी कि राज्य सरकार, समग्र उच्चतम सीमाओं के अधीन रहते हुए, विभिन्न क्षेत्रों के लिए कितना परिष्कृत निर्धारित करती है। इसके अलावा, राज्य सरकार को, अल्प बचतों की संगृहीत राशि के बदले और केन्द्र-प्रायोजित योजनाओं आदि के वित्तपोषण के लिए भी ऋण दिए जाएंगे। राज्य सरकार ने अपने 1971-72 के बजट में कुल 83.56 करोड़ रुपये के केन्द्रीय ऋण की प्राप्ति की कल्पना की है।

(ग) राज्य सरकारों को दिए गए ऋणों पर, आम-तौर पर, 5 प्रतिशत वार्षिक की दर से ब्याज लिया जाता है और ठीक समय पर मूलधन की वापसी अदायगी और ब्याज की अदायगी के लिए 114 प्रतिशत की छूट (रिबेट) दी जाती है।

इस समय उत्तर प्रदेश सरकार के नाम केन्द्रीय ऋणों के ब्याज की कोई राशि बकाया नहीं है।

बकाया विदेशी ऋण और ब्याज का भुगतान

1947. श्री हुकम चन्द कछवाय :

श्री जगन्नाथ राव जोशी :

क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) वित्तीय वर्ष 1971-72 के अन्त तक भारत पर विदेशी ऋण की कुल कितनी राशि बकाया हो जायेगी; और

(ख) वर्ष 1971-72 में भारत सरकार द्वारा भारतीय तथा विदेशी मुद्रा में कुल कितना ब्याज दिया जाना है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) :

(क) भारत द्वारा 31 मार्च, 1971 तक प्राप्त विदेशी मुद्रा और भारतीय रुपयों में परिशोध्य विदेशी ऋणों की कुल बकाया रकम 7,809 करोड़ रुपये थी। चूंकि 1971-72 के अन्त तक बकाया ऋणों की रकम विदेशी ऋणों की अतिरिक्त निकासियों और वापसी अदायगियों पर निर्भर करेगी इसलिये, इस समय यह बताना संभव नहीं है कि 1971-72 के अन्त तक बकाया ऋणों की वास्तविक रकम कितनी होगी।

(ख) 1971-72 के दौरान भारत द्वारा विदेशी मुद्रा और भारतीय रुपयों में परिशोध्य विदेशी ऋणों पर अदा किये जाने वाले ब्याज की कुल रकम का अनुमान 200 करोड़ रुपये का है।

गवर्नमेंट प्रेस, फरीदाबाद के कर्मचारियों को
नगर भत्ता

1948. श्री हुकुम चन्द फख्खवाय :

श्री जगन्नाथ राव जोशी :

क्या वित्त मंत्री यह बताने की कृपा करेंगे कि:

(क) क्या फरीदाबाद स्थित राष्ट्रीयकृत बैंक, जीवन बीमा निगम और स्टेट बैंक आफ इंडिया में काम कर रहे कर्मचारियों को मंहगाई भत्ता दिया जाता है;

(ख) क्या गवर्नमेंट प्रेस, फरीदाबाद के कर्मचारियों को उक्त भत्ता नहीं दिया जाता है; और

(ग) यदि हां, तो इसके क्या कारण हैं ?

वित्त मंत्रालय में राज्य मंत्री (श्री के. आर. गणेश) : (क) जीवन बीमा निगम के जो कर्मचारी फरीदाबाद में काम करते हैं उनको नगर प्रतिपूर्ति भत्ता नहीं दिया जाता है। परन्तु स्टेट बैंक आफ इंडिया और राष्ट्रीयकृत बैंकों में वहां काम करने वाले ऐसे कर्मचारियों को यह भत्ता दिया जाता है जो अवार्ड (Award) वेतन पाते हैं।

(ख) सरकारी मुद्रणालय में काम कर रहे कर्मचारियों को कोई नगर प्रतिपूर्ति भत्ता नहीं दिया जा रहा है।

(ग) केन्द्रीय सरकार के केवल उन्हीं कर्मचारियों को नगर प्रतिपूर्ति भत्ता दिया जाता है जो 'ए', 'बी-1' और 'बी-2' श्रेणियों के नगरों में तैनात हैं। फरीदाबाद का वर्गीकरण उसकी

1961 की जनगणना के आधार पर 'सी' श्रेणी के नगरों में है, इसलिए वहां पर तैनात केन्द्रीय सरकारी कर्मचारी यह भत्ता पाने के हकदार नहीं है।

(b) As a working rule, Income-tax Officers (Class I), ordinarily with not less than 8 years services in the grade, are being considered for promotion to the grade of Assistant Commissioners of Income-tax.

(c) On the 1st April, 1971, the number of Assistant Commissioner of Income-tax in the Income-tax Department was 401 and the number of vacancies in that grade was 60.

(d) 12 years and 2 months.

केन्द्रीय हिन्दी निदेशालय और वैज्ञानिक तथा तकनीकी शब्दावली आयोग में अनुसंधान सहायक के पद को स्थायी बनाना

1951. श्री जगन्नाथ राव जोशी : क्या शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या यह सच है कि केन्द्रीय हिन्दी निदेशालय और वैज्ञानिक तथा तकनीकी शब्दावली आयोग में कार्य कर रहे एक भी अनुसंधान सहायक को अपने पद पर अभी तक स्थायी घोषित नहीं किया गया है जबकि इन कार्यालयों में अनुसंधान सहायकों के कई स्थायी पद कई वर्षों से खाली पड़े हैं; और

(ख) यदि हां, तो सरकार का इस मामले में क्या कार्यवाही करने का विचार है ? *

शिक्षा और समाज कल्याण मंत्रालय में तथा संस्कृति विभाग में उपमंत्री (श्री डी० पी० यादव) (क) और (ख). केन्द्रीय हिन्दी निदेशालय और वैज्ञानिक तथा तकनीकी शब्दावली आयोग में जो स्थायी पद उपलब्ध हैं उन पर योग्य अनुसंधान सहायकों को स्थायी बनाने के प्रस्तावों को पहले ही अंतिम रूप दिया जा चुका है तथा इन्हें संघ लोक सेवा आयोग के अनुमोदनार्थ भेज दिया गया है जिसकी अभी प्रतीक्षा है।

वैज्ञानिक और तकनीकी शब्दावली आयोग और केन्द्रीय हिन्दी निदेशालय के प्रमुख अधिकारियों के दौरो पर किया गया अध्य

1952. श्री जगन्नाथ राव जोशी : क्या

शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि वैज्ञानिक और तकनीकी शब्दावली आयोग और केन्द्रीय हिन्दी निदेशालय के प्रमुख अधिकारियों द्वारा गत छः महीनों में कितनी बार सरकारी दौरे किये गये और सरकार ने उस पर कितना व्यय किया ?

शिक्षा और समाज कल्याण मंत्रालय में और संस्कृति विभाग में उपमंत्री (श्री डी० पी० यादव): 31 मई, 1971 को समाप्त होने वाली छः माहों में वैज्ञानिक और तकनीकी शब्दावली आयोग के अध्यक्ष ने दो सरकारी दौरे किये जिन पर 1403.05 रुपये खर्च हुए। इसी अवधि में केन्द्रीय हिन्दी निदेशालय के निदेशक ने चार सरकारी दौरे किए जिन पर 1,890.85 रुपये खर्च हुए।

Students' Participation in University Management

1953. SHRI DHARAMRAO AFZALPURKAR : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state the progress made in the implementation of the proposal regarding the students' participation in University management ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAV) : The question of students' participation in University affairs is under consideration of a committee set up by the University Grants Commission on the Governance of Universities and Colleges. The first part of the report which will *inter-alia* deal with this subject, is likely to be submitted to the University Grants Commission by June 15, 1971. Further action will be decided upon after the recommendations of the committee and the commission have been received by the Government.

Criteria for taking Liquid Assets out of India by Indian Emigrants

1954. SHRI VIKRAM CHAND MAHAJAN : Will the Minister of FINANCE be pleased to state :

(a) whether a citizen of India who wants to emigrate is allowed to take his liquid assets out of India;

(b) if so, to what extent; and

(c) the criteria laid down for taking out these assets and the reasons therefore ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). Under the extant regulations, Indian nationals emigrating from India are not, as a general rule, allowed any exchange facilities for transfer of their assets out of India. Exchange facilities to a limited extent are, however, granted selectively in genuine cases of hardship where there are compelling reasons for the intending emigrant to leave the country and settle abroad and where complete denial of exchange facilities is likely to cause undue hardship to the emigrant. In addition, persons emigrating to countries which require immigrants to bring with them a certain minimum amount of funds are released such minimum amount of foreign exchange subject to the condition that the said amount would be repatriated to India within one year.

Seizure of Imported Whisky from the Executive House keeper of Ashoka Hotel

1955. SHRI VIKRAM CHAND MAHAJAN : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether duty free imported whisky was recovered from the Executive House Keeper of Ashoka Hotel, New Delhi in the month of May, 1971;

(b) whether any proceedings were initiated against the person concerned; and

(c) if so, the result thereof ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) (a) to (c). The Executive House Keeper of Ashoka Hotel is allotted a room in the hotel for residential purpose. On the 7th April, 1971 when she was away on duty at Bangalore, her room was opened to accommodate some overflow of guests. It is alleged that a large number of liquor bottles were found in her room, including five bottles which bore

the stamp "Duty free". The Excise and police authorities at Delhi have since taken charge of all these liquor bottles and, a case having been filed with the police, investigations are in progress.

बैंकों द्वारा राजस्थान में किसानों को ऋण न दिया जाना

1956. श्री बृजराज सिंह कोटा : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को इस आशय की शिकायतें प्राप्त हुई हैं कि जयपुर और राजस्थान में सेंट्रल बैंक, युनाइटेड कमर्शियल बैंक और पंजाब नेशनल बैंक जैसे बैंक नियत समय पर किसानों को ऋण नहीं दे रहे हैं; और

(ख) यदि हां, तो उन शिकायतों पर क्या कार्यवाही की गई है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) :
(क) और (ख) . ऐसी कोई निर्धारित अवधि नहीं है जिसमें बैंकों से यह अपेक्षा की जाती है कि वे ऋण के आवेदन पत्रों को निपटा देंगे फिर भी बैंक इस बात का प्रयत्न कर रहे हैं कि वे ऋण के लिए आवेदन-पत्रों की जांच कर लें तथा जरूरतमंद व्यक्तियों के मामलों में शीघ्रता से ऋण दे दें। सरकार को ऋणों की स्वीकृति में विलम्ब के संबंध में यदावदा शिकायतें प्राप्त होती रहती हैं। ये संबद्ध बैंक को समुचित कार्रवाई के लिए प्रेषित कर दी जाती है।

'एयर इण्डिया' को एक ज्वायन्ट स्टॉक कंपनी के रूप में परिवर्तित करना

1957. श्री अटल बिहारी वाजपेयी : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को कोई ऐसा सुझाव प्राप्त हुआ है कि एयर इण्डिया को एक ज्वायन्ट स्टॉक कंपनी के रूप में परिवर्तित किया जाये जिससे कि वह अपनी दिन प्रति दिन की समस्याओं पर प्रभावशाली रूप से काबू पा सके; और

(ख) यदि हां, तो इस बारे में सरकार की क्या प्रतिक्रिया है ?

पर्यटन और नागर विमानन मंत्री (डा० कर्ण सिंह) : (क) : जी, हां।

(ख) सरकार ने इस प्रस्ताव पर ध्यानपूर्वक विचार कर लिया है और इस निष्कर्ष पर पहुंची है कि सदन के एक अधिनियम के अन्तर्गत निमित्त कारपोरेशन के वर्तमान स्वरूप को बदलने की कोई आवश्यकता नहीं है।

चीनी मिल्स संघ की उत्तर प्रदेश शाखा द्वारा बैंकों से वित्तीय सहायता की मांग

1958. श्री अटल बिहारी वाजपेयी :
श्री पी. गंगादेव :
श्री निहार लास्कर :

क्या वित्तमंत्री यह बताने की कृपा करेंगे कि :

(क) क्या चीनी मिल्स संघ की उत्तर प्रदेश शाखा ने हाल ही में मंत्री महोदय को दिये एक ज्ञापन द्वारा यह मांग की है कि चीनी के मूल्यों को बढ़ाया जाये और गन्ने के मूल्यों का भुगतान करने के लिये उन्हें बैंकों से पर्याप्त वित्तीय सहायता दी जानी चाहिये; और

(ख) यदि हां, तो उस बारे में सरकार ने क्या कार्यवाही की है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) :
(क) जी, हां।

(ख) सरकार ने हाल ही में स्थिति की समीक्षा की है और 25 मई, 1971 से चीनी के मूल्य, वितरण और लाने से जाने पर से नियन्त्रण हटा लेने का निर्णय किया है। परन्तु बित्री के लिए मिलों से बाहर चीनी निकालने पर सरकार नियंत्रण रखेगी। बैंक चीनी मिलों को सामान्यतः चीनी के स्टॉक, फालतू कल पुर्जों तथा उपभोग में आने वाली और प्राप्तव्यय मर्चों पर ऋण दे रहे हैं।

1963. **SHRI MUHAMMED SHERIFF :**
Will the Minister of **TOURISM AND CIVIL AVIATION** be pleased to state :

(a) whether terminal buildings at the airports of Cochin and Mangalore are proposed to be extended; and

(b) if so, the approximate cost involved in each extension and the time by which these are likely to be completed ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :
(a) Yes, sir.

(b) The estimates of expenditure are

under preparation. The work is expected to be completed during the current plan period.

Proposal to build East Coast Road in Tamilnadu.

1964. **SHRI MURASOLI MARAN :**
Will the Minister of **SHIPPING AND TRANSPORT** be pleased to state :

(a) whether there is any proposals to build an East-Coast Road in Tamil Nadu;

(b) whether any financial assistance has been sought for by the Government of Tamil Nadu for this purpose; and

(c) If so, the action taken thereon ?

THE MINISTER OF PARLIAMENTARY AFFAIRS) AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) to (c). The East Coast Road (Madras-Kovlam-Cuddalore-Nagapattinam-Tuticorin-Cape Comorin) is an existing road except for a missing link of 25 miles between Mahabalipuram and Markanam. In addition, the road requires further improvements in regard to bridges and surface of the road. The State Government have been pressing for Central financial assistance for the development of this road,

The following works are already in progress on this road with Central fund :

Name of work	Source of financing
(1) Construction of Missing link between Mahabalipuram and Markanam 25 miles.	Central Aid Programme of State Roads of inter-State of economic importance.

Financial Assistance to Tamilnadu

1965. SHRI MURASOLI MARAN: Will the Minister of FINANCE be pleased to state.

(a) whether any request has been made by the Government of Tamil Nadu to provide financial assistance to implement the recommendations of the state Pay Commission ; and

(b) if so, the reaction of the Central Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Yes, sir.

(b) Decisions on matters relating to the emoluments of State employees are entirely for the State Government to take and have to be based on their own appreciation of their resources position. The categorical position of the Central Government in this regard has been stated in the House a number of times.

Clearing of Baggage by Preventive Officers at Santacruz Airport

1966. DR. KARNI SINGH :
MAHARAJA MARTAND SINGH:

Will the Minister of FINANCE be pleased to state:

(a) the average time taken by Preventive Officers in clearing baggage at the Santacruz Airport ;

(b) the number of officers working in each shift, the actual number of officers available for clearing luggage after taking into account those on static duties and on leave and the average number of passengers handled by them daily;

(c) whether the Preventive Officers are not allowed any weekly off or holiday and are also called upon to work overtime; and

(d) if so, the steps taken by Government to augment clearing staff to reduce the delays in baggage clearance and also to improve the conditions of their service and duty hours ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) For expeditious clearance of baggage, passengers have been categorised as (i) Tourists (ii) Non-tourists having no dutiable goods and (iii) Non-tourists having dutiable goods, unaccompanied baggage etc.

Tourists normally take 3 to 10 minutes for their clearance through Customs depending on whether they have any currency to declare or are carrying any articles which are to be entered in the Tourist baggage Re-export forms issued to them.

Non-Tourists who do not have dutiable goods in their baggage and who are not selected at random for detailed examination take, on an average, 5 to 7 minutes depending on whether they have any radio set or

currency (for which forms are required to be issued) to declare. Non-tourists having dutiable goods and or requiring Landing Certificate to clear unaccompanied baggage, normally take 15 to 20 minutes for their clearance. Those passengers whose baggage is taken up for detailed examination on the basis of selection at random take longer time to clear through Customs. Persons claiming Transfer of Residence concessions normally take 20 to 30 minutes. Passengers who bring in their baggage dutiable articles which also require an import licence, have to face quasijudicial proceedings. The articles not covered by a valid licence are generally confiscated with option for releasing the goods on payment of fine and duty. In such cases it takes 45 minutes to an hour or even longer depending on the nature of articles involved. These cases together with case which are taken up at random for detailed examination constitute about 60 to 65 per cent of the incoming traffic. 5 to 10 per cent are cleared without detailed examination. Tourists constitute the balance of about 30% of the traffic.

(b) 25 officers work in each shift; 7 of them are available for clearance of import baggage and 3 for the clearance of export baggage. This excludes 2 or 3 officers in each batch on leave. Night shifts are augmented by diverting 4 officers from the day shift.

On an average, 600 passengers are cleared each way, i.e. incoming and out-going. the traffic is at its maximum between 11 P.M. and 9 A. M. and accounts for approximately 80% of the total traffic during a period of 24 hours. The traffic by day between 9 A.M. and 11 P. M. is rather lean, but then the staff strength is depleted and there is considerable amount of other work connected with the clearance of detained packages involving payment of duty and other formalities.

(c) Officers are not given any weekly off or holiday at present. The question of allowing them weekly off for such of those persons who have opted for the same is under consideration. In the meantime the officers are called upon to work on overtime.

(d) The question of augmentation of staff is under active consideration in consul-

tation with the staff Inspection unit of the Ministry of Finance (Department of Expenditure). However sanction has been issued recently for an additional complement of 33 posts of Air Customs Officers as an interim measure.

Aerodrome at Abu

1967. DR. KARNI SINGH :

SHRI FATESINGHRAO GAEAKWAD :
Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the aerodrome at abu is ready to begin functioning; and

(b) if so, when Government propose to connect abu by Air service from tourist centres like Agra and Delhi so as to attract tourist traffic ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH):

(a) The airstrip at Abu belongs to the Government of Rajasthan. According to the information available in the Civil Aviation Department, it is 3543 feet long suitable only for fair-weather operations with light aircraft.

(b) Indian airlines have no such proposal under consideration.

Study made by Indian Institute of Management of State Bank RE: Organisational structure of India

1968. SHRI T. S. LAKSHMANAN :
Will the Minister of FINANCE be pleased to state :

(a) whether the study and Survey by the Indian Institute of Management, Ahmedabad on the Organisational Structure and Control of the State Bank of India has been completed ;

(b) if so, the recommendations thereof ; and

(c) the action taken on these recommendations ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Yes, Sir.

(b) The main recommendations are :—

- (i) That in regard to branches, the work should be organised on the basis of Customer-groups served;
- (ii) The banking work presently handled at Local Head Office be separated from the Administrative Wing;
- (iii) In the organisational set-up of Local Head Offices, there should be (a) unified command of branch operations (b) machinery to undertake planning and promotional work in all spheres of the Bank's activity (c) adequate specialist support for each market segment as well as personnel and public relations
- (iv) Central office activities should be divided on the basis of (a) planning and research (b) operating control of circle performance (c) staff and specialist functions in the sphere of personnel, premises etc. (d) machinery for the appraisal and sanction of large advances.
- (v) A system of performance budgeting for deposits, advances, income and expenses for the critical areas of Bank's operations be introduced. The budget will be in the form of an annual plan for each branch.
- (c) The recommendations are being tested by practical application in two circles as an experiment. A review will be made after a period where after the question of implementation of the recommendations in the entire bank will be considered.

Proposal to Set up a Corporation for removing Bottlenecks in Shipping Industry

1969. SHRI B. NARAYANAN : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether there is any proposal to set up a Corporation with a view to removing the major bottlenecks being faced by the shipping industry in general and shippers in particular; and

(b) if not, how Government propose to solve these bottlenecks?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING & TRANSPORT (SHRI RAJ BAHADUR) : (a) No Sir. There is no such proposal.

(b) The problems of the shipping industry and those of the shippers are different. The industry's problems are (a) availability of ships, (b) the necessary foreign exchange and/or credit facilities for financing them, and (c) to balance costs with revenue. Government are already assisting the industry in regard to (a) by bilateral trade arrangements or otherwise and (b) through negotiating Suppliers' Credit or Aid facilities or releasing free foreign exchange limited to 20% and approving their foreign exchange borrowings from commercial banks on acceptable terms. The third problem particularly so far as it pertains to liner services has its repercussions on shippers. The shippers problems are (i) ensuring stability of freight rates and (ii) adequacy and regularity of services. Government have been emphasising the need to ensure a modicum of stability over a reasonable period in freight rates so that the interests of trade may not get disrupted; and the need to contain costs by the shipowners taking suitable steps. The Government have also impressed upon the Liner Conference the need to ensure adequacy and regularity in shipping services. The Freight Investigation Bureau liaises between the Liner Conferences and the shippers and assist in solving problems, both of a general and of a particular character that arise from time to time between the two.

Road Accidents in the Union Territories and on National Highways

1970. SHRI SUBODH HANSDA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether road accidents are on an increase in the Union Territories and on National Highways;

(b) if so, whether any study has been made to find out the reasons therefor; and

(c) whether any step is proposed to be taken to check such accidents?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) to (c) . The information required is being collected and will be laid on the Table of the Sabha, when received.

Shortage of Light Houses

1971. SHRI SUBODH HANSDA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether there is still shortage of light-houses for Indian shipping; and

(b) if so, how does Government plan to remove this shortage?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) and (b) . There is no shortage of light-houses along the coast of India. However, proposals have been drawn up and are under execution to provide further facilities for better navigation around the coast, including entry into ports.

Difficulties Experienced by the People on account of restrictions imposed on credit facilities in Nationalised Banks

1972. SHRI S. C. SAMANTA : Will the Minister of FINANCE be pleased to state :

(a) to what extent and in what manner the credit facilities in the Nationalised Banks which existed before 1966, have been modified and restricted;

(b) the reasons for such modifications and restrictions ; and

(c) what difficulties have appeared before the businessmen industrialists and other people on account of these modifications and restrictions?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). It is presumed the Hon.'ble Member is desirous of information regarding modification in credit policy since nationalisation. One of the objectives of nationalisation was to diversify credit especially to hitherto

neglected sectors like agriculture, small scale industry, small business, transport, retail trade etc. In pursuance of this objective, nationalised banks have stepped up their due lending to the sectors which have not been receiving their due share of bank credit and are taking greater cognisance of viability and social utility of projects rather than of credit-worthiness of borrowers in the traditional sense. Simultaneously care is taken to ensure that the flow of bank credit is so-regulated as to ensure that hoarding for speculative purposes is continually checked and genuine requirements for productive purposes are met. All large loans are subject to close scrutiny both by the boards of the nationalised banks and the Reserve bank. As the credit given now is oriented towards needs of production, no difficulties have been noticed in the way of those who require credit for productive purposes.

हरिजनों के लिये पक्के मकान बनाने की योजना

1973. श्री गंगाचरण बोक्षित : क्या शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्यप्रदेश सरकार ने हरिजनों के लिये पक्के मकान बनाने की एक योजना बनाई है;

(ख) यदि हां, तो क्या केन्द्रीय सरकार के प्रायोजन में, अनुसूचित जातियों और अनुसूचित आदिम जातियों के लोगों को इस प्रयोजना के लिये कोई सहकारी समिति बनाई गई है; और

(ग) यदि नहीं, तो इसके क्या कारण हैं?

शिक्षा और समाज कल्याण मंत्रालय में उप-मंत्री (श्री के. एस. रामास्वामी) : (क) से (ग). जानकारी राज्य सरकार से एवत्रित की जा रही है और प्राप्त होने पर उसे समा पटल पर रख दिया जाएगा।

Ways and means to cut down Administrative cost in Indian Airlines.

1974. SHRI BISHWANATH JHUNWALA : Will the Minister of

TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether Government have considered ways and means to cut down administrative cost of operation of the Indian Airlines; and

(b) how does the administrative cost per aircraft of Indian compare with those in other developing countries ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) The administrative cost is under constant review by the management of Indian Airlines. A committee has also recently been appointed which *inter alia*, will examine the administrative structure of the airlines.

(b) The cost per available tonne kilometre in Indian Airlines compares favourably with that in airlines in several developing countries.

Parliamentary Committee for watching the Activities of the Nationalised Banks and Insurance Companies

1975. **SHRI BISHWANATH JHUNJHUNWALA :** Will the Minister of FINANCE be pleased to state :

(a) whether Government propose to set up a permanent Parliamentary Committee to keep a watch on the activities of the Nationalised Banks and insurance Companies; and

(b) if so, when such a Committee is likely to be set up ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) No Sir.

(b) Does not arise.

इन्दौर जिले में कर्मों और व्यक्तियों द्वारा आय-कर का भुगतान

1976. श्री कलचन्द वर्मा : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्यप्रदेश के इन्दौर जिले में कितने व्यक्तियों और कंपनियों पर आयकर लगाया गया ;

(ख) गत तीन वर्षों में इन्दौर जिले में आयकर की कितनी राशि बसूल की गई। दिसम्बर, 1970 तक आयकर की कितनी राशि बकाया है ;

(ग) ऐसे व्यक्तियों और कंपनियों की कितनी संख्या है, जिन पर अभी तक पांच हजार रुपये से भी अधिक आयकर की राशि बकाया है ; और

(घ) बकाया राशि बसूल करने के लिये उनके विरुद्ध अब तक क्या कार्यवाही की गई है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के. आर. गणेश) : (क) से (घ) . सूचना तत्काल उपलब्ध नहीं है और एकत्र की जा रही है। जैसे ही यह उपलब्ध होगी, सदन की मेज पर रख दी जाएगी।

Setting up of Advisory Committee in the Ministry of Finance

1977. **SHRI RAJDEO SINGH :** Will the Minister of FINANCE be pleased to state :

(a) whether there is a proposal to constitute an Advisory Committee in place of the National Credit Council to advise the Government on financial policies ;

(b) if so, the composition and functions of the committee; and

(c) whether this committee will keep in view the steady increase in the demand for credit facilities by the neglected sectors of the economy like small farmers, small scale industries and new entrepreneurs ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). The question of setting up an alternate forum in place of the erstwhile National Credit Council is under active consideration of the Government.

Circulation of Indian Currency

1978. SHRI RAJDEO SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether Indian currency in circulation has been increased this year; and

(b) if so, to what extent ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Yes Sir.

(b) The total value of currency in circulation with the public amounted to Rs. 4566 crores as on May 21, 1971 and showed an increase of Rs. 353 crores over the year.

Aid to the Uttar Pradesh Government from Banks

1979. SHRI RAJDEO SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether the Uttar Pradesh Government is getting less aid from the Banks;

(b) if so, whether as a result of the nationalisation of Banks less credit has been advanced in the field of agriculture and small-scale industries in Uttar Pradesh in comparison to what has been allotted to other States in similar sectors; and

(c) if so, the reasons thereof ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). As banks do not give aid to State Governments, it is presumed that the Hon'ble Member refers to bank advances to small-scale industries and agriculture. Data in regard to advances granted by scheduled commercial banks to small-scale industries and agriculture in Uttar Pradesh and other States and outstanding as on the last Friday of June, 1969 and December, 1970 are given in the statement. Laid on the Table of the House [Placed in library. See No. LT-390/71] The aggregate advance of all scheduled commercial Banks to all sectors in the country rose from Rs. 3599 crores at the end of June 1969 to Rs. 4451 crores at the

end of December 1970. Against this increase of about 24% the outstanding credit given to agriculture and small-scale industries in U.P. as shown in the enclosed statements, increased during the aforesaid period by over 104%; One particular deficiency in U.P. before the nationalisation of the 14 banks, was the relatively small number of branches of commercial banks in the State. The number of commercial banks branches in U.P. has increased from 747 at the end of June, 1969 to 1971 at the end of March, 1971; there will be an addition of about 200 more branches by the end of 1971. This will help considerably in increasing bank credit to agriculture and small-scale industry in the State.

City Compensatory Allowance to Central Government Employees at Bhubaneswar, Orissa

1980. SHRI CHINTAMANI PANIGRAHI : Will the Minister of FINANCE be pleased to state :

(a) whether Government are aware that Bhubaneswar, the capital of Orissa has been declared a city by the recent census; and

(b) if so, the reasons for not extending city allowances to all the Central Government employees working at Bhubaneswar ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes Sir; on a provisional basis.

(b) Compensatory (city) allowance is admissible to Central Government employees stationed in 'A', 'B-1' and 'B-2' class cities only. Classified on the basis of 1961 census figures. Bhubaneswar is, at present an unclassified city because its population according to the 1961 census was less than 50,000. Any further classification/re-classification of cities and towns including Bhubaneswar will have to await the results of the 1971 Census. The final population figures are still awaited.

रायगढ़ जिले की झील में खुदाई कार्य

1968-69 1969-70

1981. श्री जगन्नाथ राव जोशी :

श्री हुकम चन्द कछवाय :

(लाख रुपयों में)

क्या शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या भारतीय पुरातत्त्वविद्य सर्वेक्षण विभाग ने रायगढ़ जिले की झील में मई, 1971 में खुदाई कार्य आरम्भ किया था;

(ख) क्या खुदाई कार्य इस बीच पूरा हो गया है; और

(ग) इसके परिणामस्वरूप वहां क्या-क्या वस्तुएं प्राप्त हुई और उनका ऐतिहासिक महत्व क्या है?

शिक्षा और समाज कल्याण मंत्रालय में और संस्कृति विभाग में उप-मंत्री (श्री डी. पी. यादव) :

(क) से (ग) सूचना एकत्र की जा रही है और सभा पटल पर रख दी जाएगी।

नई दिल्ली स्थित अशोक होटल की आय और व्यय

1982. डा. लक्ष्मी नारायण पांडे : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) गत दो वर्षों में नई दिल्ली स्थित अशोक होटल के कर्मचारियों तथा अधिकारियों को बेतन तथा भत्ते देने और अन्य विविध कार्यों पर व्यय करने के अलावा सरकार ने इसके रखरखाव पर कितना व्यय किया है; और

(ख) उपरोक्त अवधि में अशोक होटल से कितनी आय हुई?

पर्यटन और नागर विमानन मंत्री (डा. कर्ण सिंह) : (क) अशोक होटल द्वारा 1968-69 और 1969-70 के दौरान अपने अधिकारियों और कर्मचारियों के बेतन तथा भत्तों पर, एवं अन्य विविध भर्तों पर किया गया व्यय निम्न प्रकार है :—

1970-71 के लेखे अंतीम रूप से तैयार नहीं हैं।

(ख) 1968-69 और 1969-70 के दौरान होटल का राजस्व क्रमशः 151.20 लाख और 180.08 लाख रुपये था जिसके परिणाम-स्वरूप 1968-69 में 11.58 लाख रुपये तथा 1969-70 में 6.90 लाख रुपये की बचत हुई।

Arrangement in the Tourist Lounge of Calcutta International Air-Terminal Building

1983. DR. RANEN SEN : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the tourist lounge of the Calcutta International Air Terminal building lack facilities such as, money exchangers, arrangements to buy Indian stamps or to post letters causing inconvenience to the transit passengers; and

(b) whether repeated demands from the employees of Civil Aviation and Customs Departments for a cheap canteen have not been heeded to by authorities, causing difficulties to the employees concerned.

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH):

(a) Money changing and Postal facilities are available on the ground floor of the international terminal building at Calcutta airport. A proposal to provide money changing facilities in the transit lounge is under consideration of the State Bank of India. There is no demand for postal facilities in the transit lounge.

(b) A departmental canteen exists at Calcutta airport to meet the needs of the employees. As it is located near the domestic terminal building, a proposal for providing another canteen at the new international terminal building is under consideration.

**Assistance to Colleges in Madhya Pradesh
for Playground and Sports Material**

1984. DR. LAXMINARAYAN PANDEY : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the names of colleges affiliated to the various Universities of Madhya Pradesh to which the University Grants Commission propose to give assistance for expansion of playgrounds and for buying sports material;

(b) the names of colleges which have sought such assistance;

(c) the policy or the rules framed by the

Commission in this regard; and

(d) the decision taken by the Commission on the question of giving assistance to these colleges ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) to (d). As a part of the National Sports Organisation programme for universities and colleges, financial assistance is envisaged for development of physical facilities in the universities and colleges. A provision of Rs. 106.50 lakhs has been made in the Fourth Plan for this programme. The scope of financial assistance is as under :—

Type of facility	Maximum cost of the project (in lakh Rs.)	Government' Share
Gymnasium for a University	2.50	75%
Gymnasium for a college of 1500 students or more	1.50	75%
Gymnasium for a small college	0.75	75%
Sports pavilion/track	2.50	50%
Swimming Pool (50M x 21M)	5.00	50%
Swimming Pool (25M x 12M)	2.50	50%
Play field for a University	0.15	75%
Playfield for a College	0.10	75%

2. The University Grants Commission has been entrusted with the task of scrutinising the request for assistance for the establishment of the physical facilities and sanctioning the grants on behalf of the Government of India. It has been decided to give top priority to the establishment of multi-purpose playfields. A manual giving detailed instruction regarding the laying out of multi-purpose playfields has been compiled by the National Institute of Sports, Patiala and is underprint. As soon as this publication is received the Universities and colleges will be requested to submit their request for the repairs and renovation to existing playfields or for establishing multi-purpose playfields where no playfields exist but grounds are available. It has also been

decided that financial assistance may be given for establishing gymnasia at Universities and colleges; Such gymnasia will not include provision for indoor stadia for games like Badminton, Volleyball, Basketball etc.

The names of the colleges in Madhya Pradesh which have sought financial assistance from the University Grants Commission are given in statement I laid on the Table of the House. [Placed in Library, See No. LT-391/71] The Commission will give financial assistance to as many universities and colleges as possible subject to the limitation of financial resources. The Colleges have also been informed accordingly.

मध्य प्रदेश में सांस्कृतिक संस्थानों को अनुदान

1985. डॉ. लक्ष्मी नारायण पांडे : क्या संस्कृति मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश की उन सांस्कृतिक संस्थाओं के नाम क्या हैं जिन्होंने सांस्कृतिक संस्थाओं को अनुदान देने के कार्यक्रम के अंतर्गत अनुदानों के लिए आवेदन पत्र दिये हैं; और

(ख) उन पर क्या निर्णय लिया गया है ?

शिक्षा और समाज कल्याण मंत्री और संस्कृति विभाग मंत्री (श्री सिद्धार्थ शंकर राय) : (क) जहां तक संस्कृति विभाग से संबंधित योजनाओं की बात है, चालू वित्तीय वर्ष के दौरान हमें मध्य प्रदेश की किसी भी सांस्कृतिक संस्था से अनुदान के लिए कोई भी आवेदन पत्र प्राप्त नहीं हुआ है। तथापि, संगीत नाटक अकादमी में चालू वर्ष के दौरान निम्नलिखित संस्थाओं से वित्तीय सहायता के लिए आवेदन पत्र प्राप्त हुए हैं :-

- (1) रंगा श्री लिटल बेल ट्रप, ग्वालियर।
- (2) कला मन्दिर, ग्वालियर।
- (3) भारतीय संगीत महाविद्यालय, ग्वालियर।
- (4) शंकर गांधर्व महाविद्यालय, ग्वालियर।
- (5) श्रीकृष्ण संगीत महाविद्यालय, इन्दौर।
- (6) ललित कला केन्द्र, ग्वालियर।
- (7) आदर्श भारतीय कला मन्दिर, ग्वालियर।
- (8) आदर्श कला निकेतन, जबलपुर।
- (9) आर्टिस्ट कम्पाईन, ग्वालियर।

(ख) संगीत नाटक अकादमी से प्राप्त अनुदान विषयक आवेदन पत्रों पर अनुदान समिति तथा अकादमी के कार्यकारी मंडल द्वारा जुलाई, 1971 में विचार किया जाएगा।

मध्य प्रदेश में नर्मदा नदी पर पुल का निर्माण

1986. श्री गंगाधर दीक्षित : क्या नौबहन और परिवहन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को मध्य प्रदेश में हार्द-हांडिया के निकट नर्मदा नदी पर एक पुल का निर्माण करने के संबंध में मध्य प्रदेश सरकार से कोई अभ्यावेदन प्राप्त हुआ है;

(ख) यदि हां, तो पुल के निर्माण करने के पक्ष में अभ्यावेदन में क्या मुख्य कारण प्रस्तुत किये गये हैं; और

(ग) क्या सरकार का विचार इसकी व्यवहार्यता के बारे में अध्ययन करने का है ?

संसदीय कार्य तथा नौबहन और परिवहन मंत्री (श्री राज बहादुर) : (क) जी नहीं।

(ख) और (ग) . प्रश्न नहीं उठते।

मध्य प्रदेश में हवाई अड्डा अथवा हैलिपैड का निर्माण

1987. श्री गंगाधर दीक्षित : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश में उन स्थानों के नाम क्या हैं जहां पर्यटकों तथा अन्य लोगों के लिए हवाई अड्डों का निर्माण किया गया है; और

(ख) उन स्थानों के नाम क्या हैं जहां चालू योजना की अवधि में हैलीपैडों के उतरने के लिए हवाई अड्डों अथवा हैलिपैड का निर्माण करने का प्रस्ताव है ?

पर्यटन और नागर विमानन मंत्री (डा. कर्ण सिंह) (क) मध्य प्रदेश में भोपाल, बिलासपुर, इन्दौर, जबलपुर, खंडवा, खजुराहो, पन्ना, रायपुर तथा सतना में हवाई अड्डे हैं जो नागर विमानन विभाग द्वारा नियंत्रित किये जाते हैं। इनके अतिरिक्त, राज्य सरकार अथवा प्राइवेट पार्टियों के नियंत्रण के अंतर्गत राज्य में 17 हवाई अड्डे/हवाई पट्टियां हैं।

(ख) चालू योजनावधि के दौरान मध्य प्रदेश में किसी हवाई अड्डे अथवा हैलिपैड के निर्माण का प्रस्ताव नहीं है।

मध्य प्रदेश में नर्मदा नदी पर कालाघाट पुल का निर्माण

1988. श्री गंगाधरण दीक्षित : क्या नौबहन और परिवहन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश में नर्मदा नदी पर कालाघाट पुल का निर्माण कार्य में निश्चित कार्यक्रम के अनुसार प्रगति नहीं हो रही है जिसके परिणामस्वरूप निर्माण लागत में लगातार वृद्धि हो रही है;

(ख) यदि हां, तो उसके क्या कारण हैं; और

(ग) उस पुल के निर्माण कार्य में तेजी लाने के लिये सरकार का क्या कार्यवाही करने का विचार है ?

संसदीय कार्य तथा नौबहन और परिवहन मंत्री (श्री राज बहादुर) : (क) से (ग) . मध्य प्रदेश में नर्मदा नदी पर कालाघाट पुल का निर्माण-कार्य अभी प्रारम्भ नहीं हुआ है इस कार्य के लिये निविदाएं प्राप्त हो गई हैं और वे विचाराधीन हैं। अधोमूमि से संबद्ध खोज के बारे में कुछ अन्वेषणों का भी अध्ययन किया जा रहा है। अन्वेषणों को शीघ्रता से करने और निविदाओं से संबद्ध निर्णय को अंतिम रूप देने के लिये कदम उठाये जा रहे हैं अतः लागत में वृद्धि का प्रश्न इस समय नहीं उठता।

भारत से मूर्तियों और चित्रों का चोरी छिपे देश से बाहर ले जाया जाना

1989. श्री विभूति मिश्र : क्या शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या यह सच है कि ऐतिहासिक महत्व की मूर्तियों और चित्रों को चुराके विदेशों में तस्क़र करने के दृष्टिकोण से ले जाये जाने की घटनाओं की संख्या में कोई कमी नहीं हुई है;

(ख) यदि हां, तो क्या इस संबंध में कोई विशेष कार्यवाही करने का सरकार का विचार है :

(ग) क्या सरकार कोई ऐसा कानून बनाने पर विचार कर रही है जिसके अंतर्गत कोई भी व्यक्ति अपने पास ऐतिहासिक महत्व की मूर्तियों और चित्रों को न रख सके; और

(घ) यदि नहीं, तो इसके क्या कारण हैं ?

शिक्षा और समाज कल्याण मंत्रालय में तथा संस्कृति विभाग में उप-मंत्री (श्री डी. पी. यादव) : (क) जी हां।

(ख) से (घ) . स्मारकों/संग्रहालयों से चोरियों को रोकने तथा पुरावशेषों के अवैध निर्यात को रोकने के लिए निम्नलिखित उपाय किये गये हैं अथवा किये जाने का विचार है :—

(1) केन्द्रीय संरक्षित स्मारकों में और उसके आस पास तितर-बितर पड़ी मूर्तियां, जिनकी उस स्थान पर जहां कि वे पड़ी हैं पर्याप्त सुरक्षा नहीं की जा सकती, उन्हें एकत्रित करके मूर्तियों के शोडों में एकत्रित किया जा रहा है जहां उनकी अच्छी प्रकार से देखभाल की जा सकती है।

(2) केन्द्र सुरक्षित स्मारकों के पहरा-निगरानी के स्टाफ को उपलब्ध निधियों के अंतर्गत यथासम्यक सीमा तक सुदृढ़ किया गया है।

(3) राज्य सरकारों से अनुरोध किया गया है कि भारतीय पुरातत्व सर्वेक्षण के अर्धीन चुने हुए संग्रहालयों और स्मारकों पर पुलिस गार्ड की व्यवस्था कराये।

(4) सर्वेक्षण के पहरा-निगरानी स्टाफ को अधिक सतर्क रहने के लिए चेतावनी दी गई है। चोरी के मामलों को तत्काल पुलिस को सूचित किया जाता है।

(5) ज्यों ही चोरी के मामले नजर आते हैं, इनकी सूचना विशेषज्ञ सलाहकार समिति और प्रमुख बन्दरगाहों के सीमा शुल्क प्राधिकारियों को भी भेजी जाती है ताकि चोरी हुए पुरावशेषों को चोरी से देश के बाहर भेजे जाने पर नजर रखी जा सके।

(6) केन्द्रीय संरक्षित स्मारकों की मूर्तियों का पूरा प्रलेख रखने के लिए सर्वेक्षण द्वारा एक क्रमबद्ध कार्यक्रम बनाया जा रहा है। प्रलेख द्वारा चोरी गई मूर्तियों की शिनाख्त में सुविधा होगी और चोरी से देश के बाहर भेजी जा रही कलाकृतियों की रोकथाम हो सकेगी। इस प्रयोजन के हेतु आवश्यक स्टाफ अनुमोदित किया गया है।

(7) पुरावशेषों के संबंध में सरकार एक व्यापक विधेयक पेश करना चाहती है जो वर्तमान पुरावशेष (निर्यात नियंत्रण) अधिनियम, 1947 का स्थान ले लेगा। प्रस्तावित विधेयक में पुरावशेषों के अर्वाध निर्यात को रोकने की व्यवस्था के अतिरिक्त पुरावशेषों के व्यापारियों को लाइसेंस देने और पुरावशेषों को रखने वाले व्यक्तिगत मालिकों के पास जो पुरावशेष हैं उनकी रजिस्ट्री करने तथा संबंधित कानून का उल्लंघन करने के लिए और बड़ा दण्ड देने की व्यवस्था होगी।

(8) अर्वाध तरीकों से पुरावशेषों के बाहर भेजे जाने को रोकने के लिए विदेशों से द्विपक्षीय करारनामे किये जाने का विचार है।

(9) यह प्रस्ताव है कि सीमा-शुल्क स्टाफ को पुरावशेषों के शिनाख्त के लिए सेवावालीन प्रशिक्षण प्रदान किया जाए ताकि वे चोरी से भारत के बाहर भेजे जाते समय पुरावशेषों का पता लगा सकें। सीमा-शुल्क प्राधिकारियों को चोरी से विदेशों में पुरावशेषों को भेजने की रोकथाम के कार्य में सहायता देने के लिए भारतीय पुरातत्व सर्वेक्षण के अधीन उप-अधीक्षक पुरातत्ववेत्ताओं के 6 पद अनुमोदित किए गए हैं जिन्हें महत्वपूर्ण हवाई अड्डों और बन्दरगाहों पर तैनात किया जाएगा।

(10) केन्द्रीय आंच ब्यूरो ने इस श्रेणी के मामलों से संबंधित अपराधों, अपराधियों तथा माल के केन्द्रीय रिकार्डों को रखना शुरू कर दिया है। यह कार्य जनवरी, 1969 से शुरू किया गया था।

(11) कलाकृतियों के सभी संग्रहकर्ता तथा विदेशी व्यापारियों की एक सूची संकलित करने में पेरिस स्थित आई. सी. पी. ओ. इन्टरपोल के महासचिव की सहायता ली गई है। पूर्ण होने पर यह सूची सीमा-शुल्क प्राधिकारियों को भेज दी जाएगी ताकि कोई भी पैकिट जो सूची में अंकित व्यक्तियों के पतों पर देश के बाहर चोरी से भेजे जाएं उनकी रोकथाम की जा सके।

Amount Received by Delhi State Nari Niketan

1990. SHRI ACHAL SINGH : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether some money was given to the Delhi State Nari Niketan by the Delhi Social Welfare Advisory Board, Delhi;

(b) if so, the number and date of the letter sanctioning the grant;

(c) whether the accounts of the same were received by Government; and

(d) if not, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K.S. RAMASWAMI) : (a) and (b). The Central Social Welfare Board sanctioned a grant of Rs. 10,425 for the condensed course of Education for Adult Women for 1965-67; and another grant of Rs. 8,000 for a similar course for 1968-70, in its two letters No. F.4-2 (DLH)/65-CC dated the 5-11-1965 and No. F.3-1/DLH/68-CC dated the 22-3-1968, respectively.

(c) and (d). The accounts of these grants are to be sent to the Central Social Welfare Board, and not to Government.

इण्डस्ट्रियल डेवलपमेंट बैंक आफ इण्डिया द्वारा उद्योगों को दिये गये ऋण

1991. श्री मूलचन्द्र डागा : क्या वि. मंत्री यह बताने की कृपा करेंगे कि :

(क) गत तीन वर्षों में इण्डस्ट्रियल डेवलपमेंट बैंक आफ इण्डिया ने किन्-किन उद्योगों को

ऋण दिये हैं और उन्हें किस-किस तारीख को तथा कितनी-कितनी राशि दी है;

(ख) उपर्युक्त बैंक ने अब तक कुल कितनी राशि के ऋण दिये हैं और उसकी ऋण देने की क्षमता कितनी है;

(ग) क्या नये उद्यमकर्ता उपर्युक्त बैंक द्वारा दी गयी सुविधाओं का लाभ नहीं उठा रहे हैं; और

(घ) यदि हां, तो इसके क्या कारण हैं?

वित्त मंत्री (श्री यशवन्तराव चव्हाण):

(क) मांगी गयी सूचना जितनी उपलब्ध है, विवरण में दी गयी है, जो समा पटल पर रखा गया है। [ग्रंथालय में रखा गया। देखिये संख्या LT 392/71]

(ख) भारतीय औद्योगिक विकास बैंक ने अपनी स्थापना के समय से अर्थात् जुलाई 1964 से 31 मार्च, 1971 के अन्त तक क्रमशः 147.80 करोड़ रुपये तथा 101.40 करोड़ रुपये के ऋण (जिनमें निर्यात के लिये ऋण भी शामिल हैं) स्वीकृत तथा वितरित किये।

अपनी चुकता पूंजी तथा प्रारक्षित निधियों के अलावा भारतीय औद्योगिक विकास बैंक को, केन्द्रीय सरकार से तथा रिजर्व बैंक की राष्ट्रीय औद्योगिक ऋण (दीर्घावधिक संचालन) निधि से ऋण लेकर, बाण्ड जारी करके, 12 महीने या उससे अधिक की अवधि के लिये जनता द्वारा जमा करायी गयी रकमों से, तथा सरकार के पूर्वानुमोदन से विदेशी वित्तीय संस्थाओं से विदेशी मुद्रा में ऋण लेकर, रुपया इकट्ठा करने का अधिकार है। इस प्रकार भारतीय औद्योगिक विकास बैंक के पास, उससे की जाने वाली मांगों को पूरा करने के लिये पर्याप्त साधन है।

(ग) जी, नहीं।

(घ) यह प्रश्न उपस्थित नहीं होता।

केन्द्रीय सरकार के कर्मचारियों की उपलब्धियों में असमानता

1992. श्री मूल चन्द्र डागा : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि:

(क) क्या केन्द्रीय सरकार के कर्मचारियों के वेतनों में भारी असमानता है;

(ख) यदि हां, तो इस असमानता को दूर करने के लिये क्या सरकार का कोई उपाय करने का विचार है; और

(ग) यदि नहीं, तो इसके क्या कारण हैं?

वित्त मंत्रालय में राज्य मंत्री (श्री के. आर. गणेश): (क) से (ग). केन्द्रीय सरकार के कर्मचारियों के वेतनमान, विभिन्न पदों के कार्यों तथा जिम्मेदारियों, भरती के लिये निर्धारित योग्यताओं आदि को ध्यान में रखकर द्वितीय वेतन आयोग की सिफारिशों के आधार पर बनाये गये हैं। अल्प वेतन पानेवाले कर्मचारियों को विभिन्न भत्ते तथा वेतनेतर लाभ देकर उच्चतम ग्रेड के कर्मचारियों की दर लगने के बाद की परिलब्धियों और न्यूनतम वेतन पानेवाले कर्मचारियों के अधिकतम पारश्रमिक के बीच अंतर को भी क्रमिक रूप से कम किया जा रहा है। फलस्वरूप, न्यूनतम और उच्चतम (कर घटाने के बाद) परिलब्धियों के बीच असमानता का अनुपात 1947 में 1:38 से घटकर वर्तमान में लगभग 1:14 हो गया है। केन्द्रीय सरकार के कर्मचारियों की परिलब्धियों की वर्तमान रचना की समीक्षा का सारा प्रश्न पहले से ही तृतीय वेतन आयोग के सामने है और सरकार को उनकी सुसमोक्षित सिफारिशों की प्रतीक्षा है।

छात्रावासों के निर्माण के लिए अनुदान

1993. श्री फूल चन्द्र डागा : क्या शिक्षा और सञ्चार कल्याण मंत्री यह बताने की कृपा करेंगे कि:

(क) वर्ष 1970-71 के दौरान विश्व-विद्यालय अनुदान आयोग द्वारा छात्रावासों के निर्माण के लिये किन-किन कालिजों को सहायता दी गई है और प्रत्येक कालिजों को कितनी सहायता दी गई;

(ख) क्या राजस्थान के पाली नगर में बंगड कालिज द्वारा छात्रावास के निर्माण के लिए अनुदान के रूप में सहायता मांगी गई थी;

(ग) यदि हां, तो इस प्रयोजन के लिए कितनी धनराशि की मांग की गई है; और

(घ) क्या उक्त कालिज के लिए अब तक कोई अनुदान मंजूर किया गया है और यदि नहीं, तो इसके क्या कारण हैं?

शिक्षा और समाज कल्याण मंत्रालय में तथा संस्कृति विभाग में उपमंत्री (श्री डी. पी. यादव) :
(क) एक विवरण सभा पटल पर रखा गया है। (ग्रंथालय में रखा गया। देखिये नंबर LT-393/71)।

(ख) से (घ) . विश्वविद्यालय अनुदान आयोग को बंगड कालिज से कोई प्रस्ताव प्राप्त नहीं हुआ है। हां, पाली शहर (राजस्थान) के बांगुर कालिज से 2,55,200 रु. (जिसके हेतु 1,27,600 रु. विश्व विद्यालय अनुदान आयोग का हिस्सा होगा) की अनुमानित लागत पर छात्रावास के निर्माण के लिए एक प्रस्ताव प्राप्त हुआ है। कालिज से इस संबंध में कुछ अतिरिक्त जानकारी मांगी गई है।

Allotment of Land to S.C. and S.T. Families in Rajasthan Canal Areas

1994. SHRI P. L. BARUPAL : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state:

2. 14—Nationalised Banks	179	265	86
3. Other Commercial Banks	271	345	74
Total	601	818	217

(b) and (c). Information is not readily available. This will be collected to the extent possible and will be laid on the Table of the House.

Persons belonging to Scheduled Castes and Scheduled Tribes in Income-Tax Department, Delhi

2001. **SHRI K. M. MADHUKAR :** Will the Minister of FINANCE be pleased to state :

(a) the total number of posts reserved for persons belonging to Scheduled Castes and Scheduled Tribes in the cadres of Supervisors, Head Clerks, Inspectors, Upper Division Clerks, and Lower Division Clerks in the Income Tax Department, Delhi.

(b) the total number of promotions made in each cadre during the last three years, year-wise and the number of persons belong-

ing to Scheduled Castes and Scheduled Tribes among them in each cadre.

(c) the total number of post remained unfilled due to non-availability of candidates of these categories in each cadre during the last three years (year-wise) and carried over to next year;

(d) the steps taken to fill the posts reserved for them and whether some posts in the above cadre have also been reserved; and

(e) if so, the reasons for taking such a decision ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). The information is given in statements I, II and III laid on the Table of the House. [Placed in Library. See No. LT 394/71.]

(d) Unfilled vacancies are carried forward to 3 subsequent recruitment years. Yes Sir, some posts have also been dereserved.

(e) In the Revenue earning Departments, it would not be in the interest of work to keep posts unfilled for indefinite periods.

**Increase in flying Training Fees by
Delhi flying Club**

2002. SHRI PAINULI : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Delhi Flying Club has increase its training fees;

(b) If so, to what extent the revised fees have adversely affected the economy of the Club,

(c) how many boys, who have already completed almost half of their training, had to abandon their further course due to abrupt increase in the fee; and

(d) whether sufferers would be compensated ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH):

(a) There has been no change in the hourly rate for subsidised flying. However, in the context of the prevailing unemployment amongst holders of Commercial Pilot's Licenses, subsidised flying available to individual trainees has been limited up to Private Pilot's Licence standard (i.e. upto sixty hours) with effect from 1st April, 1971.

(b) does not arise.

(c) It has been decided that trainers who had obtained their Private Pilot's Licence and had done 150 hours of flying on 31st March, 1970 will be permitted to avail of subsidised flying upto the maximum limit of 250 hours subject to the usual conditions. Trainees who had obtained their P.P.L. on or before 31st March, 1971 but had not completed 150 hours on that date can do further flying at the non-subsidised rate of Rs.75/-per hour.

(d) Does not arise.

12 hrs.

**CALLING ATTENTION TO MATTER
OF URGENT PUBLIC IMPORTANCE**

REPORTED REFUSAL OF SOME STATES TO ACCOMMODATE BANGLA DESH EVACUEES

MR. SPEAKER : We will now take up the Calling Attention. Shri Indrajit. Gupta.

SHRI INDRAJIT GUPTA (Alipore) : But where is the Minister ?

MR. SPEAKER : He has written to me that he is answering the question in the Rajya Sabha and as soon as it is over he will be back here. He must be on his way now. So, in the mean while, we can take up the formal business now. Let us take up Papers to be laid on the Table.

SHRI P. K. DEO (Kalahandi) : This is a very novel procedure. This is never done. We strongly protest against it. He should be pulled up.

MR. SPEAKER : He is busy in the Rajya Sabha. As soon as it is over he will come here. Why should I pull him up? (Interruptions) May be the same question is being raised in the other House. If he is not present there, they will also take him to task. So, let us not make too much of such things. He should not lose patience like that. I find that the Minister has already come. Let us now take the Calling Attention.

SHRI INDRAJIT GUPTA : Sir I call the attention of the Minister of Labour and Rehabilitation to the following matter of urgent public importance and request that he may make a statement thereon :

'The reported refusal by Governments of Andhra Pradesh, Tamil Nadu and some other States to accommodate any evacuees from Bangla Desh.'

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : The Government's attention has been drawn to news report which appeared in some Newspapers about the reported refusal of the Govern-

ments of Andhra Pradesh and Tamil Nadu and some other States to accommodate any evacuees from East Bengal. It may be mentioned in this connection that the Government of India want to accommodate these evacuees from East Bengal as near the border as possible so that they are in a position to return to their homes as soon as normal conditions are created in East Bengal. Till then the Government of India is extending necessary relief assistance to these orrefugees from East Bengal purely on humanitarian considerations.

Of late, however, due to a heavy onrush of refugees from East Bengal there has been serious congestion in the border States of West Bengal and Tripura and the State Governments concerned have been complaining of their inability to cope with the problem. To relieve the pressure of refugees in these two States, therefore, it has been decided to disperse some refugees from there to large-sized camps either in the interior of West Bengal and Tripura or in other States. These camps will be run and administered by the Central Government. It has been decided to locate these Central Camps on the Central Government's land as far as possible i.e. on abandoned air-fields etc. Such camps are being set up in neighbouring States like Bihar, Orissa, Uttar Pradesh and Madhya Pradesh. It is not proposed to send these refugees from West Bengal to outlying places in Andhra Pradesh and Tamil Nadu, if it can be avoided. So far the Government of India have not approached other State Governments to set up any Central Camps, as these camps, as already stated, are being set up on Central Government lands and will be administered and run by the Centre. The question, therefore, of the reported refusal by the Governments of Andhra Pradesh and Tamil Nadu to accommodate any evacuees from East Bengal, does not obviously arise.

SHRI INDRAJIT GUPTA : I am happy to learn from the statement that there is no State Government which has refused to take evacuees. We have to base ourselves on newspaper reports and on that basis we had tabled this calling-attention notice. I take the Minister's reply to be a contradiction of these newspaper reports which have specifically quoted ministers of Tamil Nadu and Andhra Pradesh as saying something different.

I hope, he has contradicted that and said that there is no basis of truth for this.

Now I would like to know one or two things, with your permission, about the dispersal policy. In the first place, there is a contradiction in the statement in so far as it has said that because there has been congestion in the border States of West Bengal and Tripura, the State Governments concerned have been complaining of their inability to cope with the problem; and that to relieve the pressure of refugees in these two States, that is, West Bengal and Tripura, it has been decided to disperse some refugees from there to large-sized camps either in the interior of West Bengal and Tripura or in other States. One part of the statement seems to me to be contradicted by another because by removing them to the interior of the same two States I do not know how congestion or pressure is going to be relieved on them. This may be clarified or at least they should change their line of argument that congestion is in the border areas and so they will be removed to the interior. Congestion on the States cannot be relieved by removing them from the border to the interior of the same State. Besides, I found the statement by the Chief Secretary of the Government of West Bengal also saying that 12, what he has described as giant, camps are going to be set up in West Bengal itself.

About this dispersal to other States I would like to know a few facts. How many refugees are proposed, at least in the first instalment, to be sent to the other States? The newspaper reports say that Government has decided to send 300,000 people. Of course, it is a very small number in comparison with the total of 50 or 55 lakhs of refugees who have come. Is this a correct figure or not?

Secondly, what arrangements are being made for their transport? Newspaper reports, again, say that the railway authorities have been asked to provide seven trains a day from Calcutta and it is estimated that each train will carry about 1,000 people. That means, if seven trains actually do operate, they can carry at the most 7,000 people a day. If 300,000 people are to be moved, at the rate of 7,000 people a day, I calculate, it will take almost a month and a half; 43 days will be taken to remove only these 300,000 people. There.

[Shri Indrajit Gupta]

fore, I would like to know from the Government whether they have got any plan to increase the transport facilities, depending not only on trains but also, if necessary, on road transport and, as the newspaper says that some very big size planes have been provided for them from some foreign country which are capable of carrying over 100 or 200 people in each plane, whether these forms of transport are also going to be employed or not; otherwise, the dispersal will be extremely slow and will, I am afraid, lead to further complications.

I would also like to know whether these trains are going to be run non-stop or they are going to go on halting all along at various stations. Government will see to it that they are run non-stop not from Calcutta only but from the border stations. For example, from Bongaon and other places trains can start and go absolutely non-stop right through to wherever the camp sites are going to be. Have they any such proposal? They can give them food in the train and for water also they can make provision.

Now, these camps are to be Central camps, as he says, administered directly by the Centre and, therefore, he has stated that the Government of India has not approached other State Government and so the question of their refusal does not arise. This is all right as far as State Government's formal permission is not required in such cases. But after all that is a technical way of looking at it. If 100,000 or 200,000 people are brought into a particular State, naturally, they are not living in a vacuum and, I am sure, some consultation with the particular State Governments must be held. So I would like to know whether any hesitation or any doubts or any questions which may be raised by the State Governments concerned, U. P., Bihar, Madhya Pradesh and Orissa, have been sought to be dispelled. For example, naturally, they would like to know that the refugees who go to their State are free from any cholera infection and all that. Have they taken steps to ensure that only those refugees will be sent to other States who have not suffered from any of these diseases and that they have been properly inoculated and so on.

Secondly, as to whatever States they may go, really I want to know whether they have made arrangements for taking relief material to those camps. Some States may legitimately

be worried by the reports which continue to appear that this relief material is still not being cleared from Dum Dum airport. I am sorry to raise this matter again to which I referred the other day. The State Governments may say, "If you send the people here, then you send the relief material also." Here is yesterday's paper giving photograph of all the material piling up. Although we were assured that it will be removed very quickly, I want to know what has been done about it. It is reported in today's papers that some international organisation has been told not to send any more material because it cannot be cleared at this end. Why should not the State Governments have doubts about it?

Lastly, there is another disquieting report that many refugees are not wanting to go to other States. The report has appeared that in one train which was supposed to accommodate 1000 people, about 800 people did not want to go by that train. There is a report that some people are trying to instigate people not to go far away from Bengal and so on. I do not know whether the reports are correct. If these reports are correct, I would ask the Government whether they think that the remedy lies only in some coercive measure, as is reported in the press, that these refugees have been told, if they refuse to go, their ration would be stopped, or I want to know whether they will resort to some form of propaganda campaign in the camps to persuade these people to go and, for that work, whether they will associate with them these Awami League leaders and other leaders who have come from East Bengal and on whom, I presume, these refugees have got more confidence than on people whom they have not seen and met before. What are they going to do about it?

SHRI BALGOVIND VERMA : The hon. Member has raised as many as 7 questions and I would like to reply to all of them so that the misapprehensions which are in the mind of the hon. Member may disappear.

So far as the first question regarding congestion in border States is concerned, the congestion is confined to particular places which are near the border. The pressure of population has increased very much near the border and there are places which are far off from the border where the pressure of population is not so much. So, we have decided that if at all the refugees are to remain in the border States,

then they should be evenly distributed. With that end in view, we have decided that some of the refugees who have to remain in Tripura or in West Bengal have to be dispersed to some distant places in the same States.

Another thing that he asked was how many refugees we intend to remove from Tripura and West Bengal. We want to set up 50 large-size Central camps in West Bengal, Tripura and other neighbouring States. We want to remove as many as 25 lakh refugees to these Camps.

SHRI DASARATHA DEB . (Tripura East) : How many from Tripura ?

SHRI BALGOVIND VERMA : I have got the information. If you want I will give you later on.

So, in this way, we want to relieve the pressure of these States. We are doing our best.

Regarding the transport facilities, trains are there. We have received big-size transport planes from America, from Russia and from Australia. We are receiving from U.K. One way, we will be using these transport planes for carrying the materials needed for the refugees, and in the other way, while returning, they will be bringing in the refugees to the various camps. Certain trials are also going on. These planes are there and they are landing at various parts to see whether they can land safely there.

Regarding the non-stopping of trains I may say this. They go on running non-stop and they stop only at stations where it is necessary to stop for taking water or other provisions.

About the doubts of the States regarding the refugees, I may say, we have taken every precaution to see that such refugees who are suffering from cholera or other diseases are not sent; only those are sent who are not suffering from cholera or other diseases. This is being checked. Doctors are there. With the permission of the doctors only, these refugees could be shifted from there. We do not want that this dirty disease should spread all over India. Therefore, we are taking every precaution before removing these refugees from there. We take this precaution to see that they are free from these diseases.

About non-lifting of the relief material from Dum-Dum airport, I may say, now there is no material left at Dum-Dum airport. That photograph is old enough. A plane had come from outside. The material was taken out from the plane and it was lying there. It was then that the photograph was taken. The material was for Coach Behar Relief Society and some matters were under dispute and this dispute is now over. The Danish Ambassador has assured us and delivery might have been done by today morning.

When I went to Calcutta on the 6th and 7th, I found that refugees were willing to live together. Refugees coming from a single village wanted that they should be put in a single place. This is but natural. We have therefore decided that the people of a single village, wherever this can be arranged, should be sent together; and if this cannot be arranged or made available, they should be persuaded to go. Therefore, every effort will be made and no coercion will be used for the purpose.

SHRI DEVINDER SINGH GARCHA (Ludhiana) : It has been proclaimed by various authorities, and it is very clear also from the statement of the hon. Minister that we are looking after the Bangala Desh refugees with the hope that very soon they would be able to go back to their ancestral homes after the restoration of what the hon. Minister calls normal conditions in East Bengal. But the statement of the Pakistani President Mr. Yahya Khan a few days ago should have given us a very strong jolt. He had said that he was willing to take back a few Pakistanis who had strayed into India, but he could not throw open the flood-gates for Indian destitutes to enter Pakistan. It is very clear from this that he intends to label these Bangla Desh refugees as Indian destitutes and, therefore, Pakistan would not be willing to take back at least the majority of these people in the near future.

They have been pushing Pakistanis or East Bengal citizens into India intentionally and in a very calculated way. They evacuated a five strip all along the Bangla border. They did not take a single person from the five-mile strip deeper into East Bengal, but pushed them on to Indian territory. In view of this, can we reasonably hope that Pakistan would

[Shri Divender Singh Garch]

be willing to take these people in the near future, and are we willing to fix a deadline by which Pakistan must accept its citizens back, failing which we would be free to take whatever pre-emptive action we need to take to preserve our economic and political security?

SHRI BALGOVIND VERMA : We think that within six months, time, normal conditions will be restored in East Bengal or Bangla Desh, and these poor unfortunate people will be allowed to return.

SHRI SAMAR GUHA (Contai) : What does he mean by normal conditions ?.....

MR. SPEAKER : This interruption is not to be recorded. The hon. Member is in the habit interrupting in this manner.

SHRI SAMAR GUHA : **

SHRI BALGOVIND VERMA : We are not concerned with what Pakistan says. Our Prime Minister has spoken here in this very House that it is not only the internal affair of Pakistan but it is also an internal affair of India and India has got every right to take any action it deems fit. So, it is up to the Government of India to take whatever action it deems fit. We are educating international community on the point. So, I think the hon. Member should not entertain any fear. We hope that conditions will return to normalcy within six months, and they will go back to their country.

श्री आर. बी. बड़े (खरगोन) : जहाँ तक रेफ्यूजीज का सम्बन्ध है, यह केवल पश्चिमी बंगाल का सवाल नहीं है, बल्कि यह एक राष्ट्रीय-नैशनल सवाल है। इस लिए सभी स्टेट्स को पर्सवेड करना चाहिए कि वे कुछ शरणार्थियों को अपने यहाँ आश्रय दें और सटल करें। मैं मध्य-प्रदेश से आया हूँ। शासन का इरादा माना कैम्प में पन्द्रह हजार शरणार्थी रखने का है। यू. एन. आई. की रिपोर्ट में कहा गया है :

“About 13,000 refugees are still awaiting rehabilitation at the transit camps at Mana in Raipur.”

पहले ईस्ट बंगाल से जो रेफ्यूजीज आये थे, उनमें से 13,000 अभी रिहैबिलिटेशन के लिए बेट कर रहे हैं। इस रिपोर्ट में कहा गया है :

“Though the Centre wants to settle the remaining refugees in Dandakaranya, the State Government finds it difficult to make available any more land to the Development Authority overlooking the claims of the landless Harijans and Adivasis of Bastar District.”

माना कैम्प बस्तर डिस्ट्रिक्ट में है। मध्य-प्रदेश गवर्नमेन्ट ने कहा है कि वहाँ पर ईस्ट बंगाल से पहले आये हुए 65,000 रेफ्यूजीज हैं। इसके अलावा तिब्बत और बर्मा के रेफ्यूजी भी वहाँ पर हैं। अब सरकार ईस्ट बंगाल से और रेफ्यूजीज वहाँ भेज रही है। मध्यप्रदेश गवर्नमेन्ट का कहना है कि माना कैम्प में बिल्कुल जगह नहीं है। मैं यह जानना चाहता हूँ कि इस बारे में सरकार की क्या प्रतिक्रिया है।

चम्बल घाटी में मुरेना का क्षेत्र है, जहाँ से श्री कछवाय चुनकर आये हैं। वह क्षेत्र 275 मील लम्बा और 150 मील चौड़ा है। वहाँ पर इन रेफ्यूजीज को बसाया जा सकता है। क्या सरकार ने इस बारे में मध्यप्रदेश सरकार से सम्पर्क स्थापित किया है?

जम्मू-काश्मीर में अभी तक रेफ्यूजीज को नहीं भेजा गया है। वह भी हिन्दुस्तान का एक प्रदेश है। मैं यह जानना चाहता हूँ कि कुछ रेफ्यूजीज को जम्मू-काश्मीर में क्यों नहीं भेजा जाता है।

समाचारपत्रों में यह समाचार प्रकाशित हुआ है : “आदिवासी युवा बाल्याण संघ के आव्हान पर आज शिलांग में 12 घंटे की हड़ताल रही। यह हड़ताल मेघालय में बंगला देश के विस्थापितों के आगमन के विरोध में की गई।” एक समाचार में यह भी कहा गया है कि वहाँ पर

शरणार्थियों का पता लगाने के लिए मकानों को खर्च किया गया।

अध्यक्ष महोदय : यह कालिंग एटेन्शन नोटिस कुछ स्टेट्स के रेफ्यूजीज को अपने यहां रखने से इन्कार करने के बारे में है। हालांकि इस सवाल से बाहर जाकर कई किस्म के सवाल किये गये हैं, लेकिन फिर भी मैं चुप रहा। लेकिन आप तो सब हदों से गुजर गये हैं। आप थोड़ा बहुत रेलिबेंट तो रहें। यह बहुत गलत बात है।

The simple question was whether certain States had refused to take them. But here is a very good Minister who is replying to all sorts of questions and I am a good Speaker keeping silent all the time.

SHRI ATAL BIHARI VAJPAYEE : (Gwalior): And we are good members who are raising all sorts of questions.

श्री आर. बी. बड़े : एक समाचार में यह कहा गया है कि जो शरणार्थी पश्चिमी बंगाल से बाहर नहीं जाना चाहेंगे, सरकार उनकी कोई जिम्मेदारी नहीं लेगी, उनको राशन भी नहीं दिया जायेगा। देश में इस समाचार से बहुत खलबली मच गई है कि जो शरणार्थी अपने रिश्तेदारों के पास चले जायेंगे, उन्हें अनाज नहीं दिया जायेगा और शासन उनकी कोई जवाबदारी नहीं लेगा। मैं यह जानना चाहता हूं कि इस समाचार में कहाँ तक सत्यता है और इस बारे में सरकार की नीति क्या है।

श्री बालगोबिन्द बर्मा : जहाँ तक माना कैम्प का सम्बन्ध है, जो पुराने रेफ्यूजी हैं, उनको बसाने के लिए अलग व्यवस्था है और वह प्रबन्ध अलग से किया जा रहा है। जो नये रेफ्यूजी आ रहे हैं, उनके लिए अलग से व्यवस्था की गई है और उनका पुराने रेफ्यूजीज से कोई सम्बन्ध नहीं है।

हम माना कैम्प में 1 लाख 50 हजार रेफ्यूजी ले जाना चाहते हैं। हमने एक टीम वहाँ भेजकर पता लगा लिया है कि वहाँ पर कितनी

जमीन है। वहाँ पर इतनी जमीन है कि हम वहाँ पर कैम्प बना सकते हैं। यह सारा खर्च और व्यवस्था सेन्ट्रल गवर्नमेन्ट करने जा रही है। इस लिए न वहाँ के लोगों को और न सरकार को किसी प्रकार की चिन्ता करनी चाहिए।

जहाँ तक रेफ्यूजीज को जम्मू-काश्मीर में ले जाने का सवाल है, हम उनको केवल बार्डर के पास रखना चाहते हैं। उन्हें दूर ले जाने की जरूरत नहीं है और न हम ले जाना चाहते हैं।

MR. SPEAKER : Does the Minister really believe that they will go back ?

SHRI SAMAR GUHA : If the Government leaves the nincompoop stance in respect of Bangla Desh, they will go back.....

(Interruptions)

SHRI S. M. BANERJEE (KANPUR) : He is always attacking the Government and by attacking the Government he is strengthening the hands of Yajna.

SHRI SAMAR GUHA : I repeat if this Government sheds the nincompoop stance they will be compelled to stop the butchery, killing and turning away and then they will go back. But the Government here are talking and talking.....

(Interruptions)

SHRI S. M. BANERJEE : He is overdoing it.

MR. SPEAKER : I should say to prof. Samar Guha that something is wrong with you.

SHRI S. M. BANERJEE : It is always wrong, not sometimes.

SHRI SAMAR GUHA : What the Government is doing is a great wrong, I may be a little bit wrong..... (Interruptions)

SHRI PILOO MODY (Godura) : Are you disagreeing with him ?

MR. SPEAKER : I only disagree with Pilo Mody.

श्री बाल गोबिन्द बर्मा : सरकार की मंशा रेफ्यूजीज को दूर ले जाने की नहीं है क्योंकि दूर ले जाने पर खर्चा बैठेगा और उन्हें हमें वापस

श्री बाल गोबिन्द वर्मा :

भी भेजना है तो हम पास ही रखना चाहते हैं। इसलिए पड़ोस की स्टेट्स में ही हम उनको रखेंगे और जैसे ही संभव होगा हम उन्हें वापस भेजेंगे। जैसा माननीय सदस्य ने बताया कि रिफ्यूजीज के साथ में कोई ऐसी व्यवस्था है कि खाना नहीं दिया जायगा या उन्हें तंग किया जायगा इसकी हमें कोई जानकारी नहीं है। अखबारों में निकल रहा है वह हम ने भी देखा है। लेकिन हमारे यहां तो कोई ऐसा फैसला नहीं लिया गया है और यह जो डर है यह काल्पनिक है, इसको दिल से निकाल देना चाहिये।

श्री फूलचन्द वर्मा (उज्जैन) : अध्यक्ष महोदय, अभी जब मंत्री महोदय जवाब दे रहे थे तो मैंने उन्हें ध्यानपूर्वक सुना। उन्होंने कहा कि जो माननीय सदस्य इन्द्रजीत गुप्ता हैं उन्होंने एक छोटी सी समस्या के ऊपर सात प्रश्न पूछे। मेरा इस संघ में मंत्री महोदय से कहना है कि मंत्री जी स्वयं कम्प्यूज्ड हैं और हमारी सरकार कम्प्यूज्ड है। आज यह रिफ्यूजीज की समस्या हमारे देश के लिए जीवन मरण की समस्या बनी हुई है। यदि हम इसको बारीकी से देखेंगे, उसका अध्ययन करेंगे तो हमें पता लगेगा कि हमारा आर्थिक ढांचा चरमराकर गिरने जा रहा है। लेकिन मंत्री महोदय को शायद इस बात की जानकारी नहीं है, शायद वह अपना उत्तरदायित्व नहीं समझते कि इस संघ में कुछ कहा जाय। मैं पूछना चाहता हूँ कि आज जो बंगला देश के रिफ्यूजीज की समस्या है क्या यह याह्या खां की समस्या है या यह जो हमारी दबू और विवेकहीन सरकार है उसकी समस्या है? .. (व्यवधान)... मंत्री महोदय ने बहुत छोटी समस्या कहा इसको जबकि इसका हमारे राष्ट्रीय जीवन से संबंध है ..

श्री बाल गोबिन्द वर्मा : माननीय सदस्य शायद गलत समझे हैं। मैंने छोटी समस्या का तो नाम भी नहीं लिया है। यह बेकार की बात रहे हैं।

श्री फूलचन्द वर्मा : मैं मंत्री महोदय से जानना चाहता हूँ कि क्या शरणाधियों की बसने की जो समस्या है इनको बसाने के लिए क्या कोई नेशनल पालिसी तैयार कर रहे हैं जिससे कि सभी प्रांतों की समानता के स्तर पर केन्द्रीय सहायता मिले जिस आधार पर उनको बसाया जा सके?

दूसरे, जैसा अभी माननीय सदस्य बड़े साहब ने कहा है कि माना कैम्प मध्यप्रदेश के बस्तर जिले में है वह जम्मू और काश्मीर से काफी दूर पड़ता है तो जम्मू और काश्मीर में उनको क्यों नहीं ले जाकर बसाना चाहते?

तीसरे, पश्चिमी बंगाल की सरकार ने यह निर्णय लिया था कि 40 किलोमीटर दूर सीमा से लगी हुई जितनी जमीन है वहां पर शरणाधियों को बसाने की व्यवस्था करेंगे, वहां उन्होंने बंजर भूमि को भी अक्वायर कर लिया है, केन्द्रीय सरकार की स्वीकृति भी चली गई है तो मैं जानना चाहूंगा कि वहां पर कितने लोगों को बसाया गया है?

इसके अलावा जो शरणाधियों की समस्या है यह हमारे देश की रक्षा नीति से संबंधित है, हमारी अर्थ नीति से संबंधित है, साथ ही साथ इस देश में चलनेवाली राजनीति से संबंधित है तो इन सब प्रश्नों के संदर्भ में इसको रखते हुए क्या मंत्री महोदय उनका उत्तर देने की कृपा करेंगे?

श्री बाल गोबिन्द वर्मा : अध्यक्ष महोदय, हमारे सम्मानित सदस्य ने जो चार्ज हम पर लगाए, मैं कहना तो नहीं चाहता था लेकिन मैं इतना जरूर कहूंगा कि शायद वह सुनने में गलती करते हैं, मेरे कहने में कोई गलती नहीं है। उन्होंने सुनने में गलती की है। जहां तक रिफ्यूजीज को बसाने की बात है हमारी गवर्नमेन्ट उनको बसाने नहीं जा रही है। यह बसाने का प्रश्न क्यों ला रहे हैं? बसाने का मतलब परमानेंटली सेटिल करना होता है। हम तो केवल एक बड़े समय के लिए उनको रख रहे हैं, कैंप बना

रहे हैं, कैम्पों में उनकी व्यवस्था कर रहे हैं और जैसे ही स्थिति वहाँ ठीक हो जायगी, वैसे ही उनको हम वापस भेज देंगे।

श्री कलचन्द बर्मा : कोई नेशनल पालिसी है क्या इस संबंध में ?

श्री बाल गोबिंद बर्मा : हमारी पालिसी तो नेशनल लेवेल पर ही तय होती है। नेशनल लेवेल पर हम अपनी पालिसी तय करते हैं, यह तय करते हैं कि वहाँ कैम्प बनाना है, वहाँ पर किन किन आदमियों को भेजना है। यह सब कुछ यहाँ से तय होता है। तो नेशनल पालिसी तो है ही हमारी।

जहाँ तक दूर भेजने की बात है, हम दूर नहीं भेज सकते क्योंकि दूर के स्थानों पर भेजने का हमारा इरादा नहीं है। जो पुरानी पालिसी है उसी पर हम चल रहे हैं।

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Sir, I have a very important matter to be brought to your notice. I will take not more than a minute.

MR. SPEAKER : Only one minute.

SHRI JYOTIRMOY BOSU : Yes, sir. Mr. John Stonehouse, a member of Parliament, and a former British Minister, has suggested the setting up of an International Commission of Jurists to consider the war-crimes of Pakistan military leaders in Bangla Desh, and to bring them on trial. He has very correctly pointed out that the awful genocide, horror and barbarity of the Pakistan army in the State had passed the stage of being an internal affair and was now a matter for the world community to take note of. He has demanded immediate action by the Security Council under the Genocide Conference in which Pakistan is a signatory. He insists that the convention be enforced by every form of United Nations pressure and if necessary by direct intervention. We must react to it immediately and set the ball rolling without any delay.

Thank you.

MR. SPEAKER : Papers to be laid on the Table.

SHRI JYOTIRMOY BOSU : What is the reply, Sir? A senior Minister, the Minister of Defence, is sitting there. What do they think of this? (Interruption)

MR. SPEAKER : No, no. I am not going to ask him say anything. I am not going to agree to your request.

BUSINESS OF THE HOUSE

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : With your permission, Sir, I rise to announce that Government Business in this House during

the week commencing from 14th June, 1971, will consist of:—

- (1) Consideration of any item of Government Business carried over from to-day's Order Paper.
- (2) Consideration and passing of the Salaries and Allowances of Officers of Parliament (Amendment) Bill, 1971
- (3) Discussion on the Statutory Resolution seeking disapproval of the Maintenance of Internal Security Ordinance 1971 and consideration and passing of the Maintenance of Internal Security Bill, 1971.
- (4) Discussion on the Statutory Resolution seeking disapproval of the West Bengal Security (Tripura Re-enacting) Second Amendment Ordinance, 1971.
- (5) Discussion on the Resolution seeking approval of the Proclamation issued by the President on the 13th May, 1971 in respect of the State of Gujarat.
- (6) Consideration and passing of the Mysore-State Legislature (Delegation of Powers) Bill, 1971 as passed by Rajya Sabha.
- (7) Consideration of a motion for concurrence in the recommendation of Rajya Sabha for reference of the Advocates (Amendment) Bill, 1970 to a Joint Committee.

SHRI SAMAR GUHA (Contd) rose:—

MR. SPEAKER : I have examined your letter. These matters cannot be raised now while the Business Advisory Committee report is under consideration. I cannot allow that. I will forward it to the minister, but I am not going to make it a debating hour.

SHRI SAMAR GUHA : I want to make a submission through you to the Minister of Parliamentary Affairs. It has never happened in this House before. Important ministers are going outside when the House is in session

MR. SPEAKER : Nothing will go on record.

SHRI SAMAR GUHA : ***

***Not recorded

MR. SPEAKER : I am very much tired of you. Please sit down. You say so many things which have nothing to do with the business before the House. You abruptly get up and start interrupting. Kindly sit down. Otherwise, I will have to do a very unpleasant duty. May I bring it before the House that this gentleman is interrupting all the time, defying the Chair? This is very wrong. The question is about the report of the Business Advisory Committee. The Business Advisory Committee confines itself with the total business before the House, including the no-day-yet-named motions. You are introducing anything in the world in this. You are asking, 'Why Mr. Khadilkar has gone abroad. What about Mujibur Rehman? Holding regular half-hour discussions and so on. I will have to ask him to withdraw if he persists like this.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Sir, may I suggest that Shri Samar Guha may see you in your chamber and convince you?

MR. SPEAKER : Do you think that he does not see me in my chamber ? In fact, I would invite all of you to sit with me when he sees me in my chamber.

SHRI P. K. DEO (Kalahandi) : The Lokpal and Lokayukt Bill, which had been passed by the Lok Sabha and which was pending in the Rajya Sabha, lapsed because of the midterm poll. As early as 1966 the Administrative Reforms Commission submitted a report to the government recommending an institution like Ombudsman. On the basis of that report Government prepared a Bill, the House referred it to the Joint Committee, which took evidence and then submitted a report to the House. The Lok Sabha passed this Bill and then referred it to the Rajya Sabha for their passing. Now that Bill has lapsed on account of the Mid-term poll, may I know when that bill is likely to be brought up again? Similarly, the Commissions of Inquiry Amendment Bill also lapsed on account of the dissolution of Lok Sabha. When will that Bill be brought up again ?

SHRI PILOO MODY (Godhra) : And also the Architects Bill.

SHRI RAJ BAHADUR : All the Bills that were pending before the House and which lapsed because of the dissolution of the Fourth Lok Sabha are being considered for re-introduction.

SHRI PILOO MODY : With priority?

SHRI RAJ BAHADUR : We shall try to take an appropriate decision about priorities. It applies to Architects Bill and other Bills.

DEMANDS FOR GRANTS (MANIPUR) 1971-72-(Contd.)

MR. SPEAKER : The House will now take up further consideration of the Manipur Budget. Shri S. M. Banerjee will continue his speech.

SHRI S. M. BANERJEE (Kanpur) : Sir Yesterday I was referring to the difficulties faced by the people of Manipur and the indifference of the government towards some of the burning problems. I have explained yesterday that Manipur is a beautiful place which can be developed as one of the main attractions for our tourists, both from India and abroad.

Another problem which is agitating the minds of the people of Manipur is the want of good roads. If one wants to go to Manipur from Calcutta he has to go by train which passes through Nagaland, through unsafe places, where people are looted and murdered. The other alternative is to go by plane.

We have requested several times in this House both the Minister of Civil Aviation and the Minister of Finance—a representation was made to the Prime Minister also by the representatives who came to see her to discuss the various problems confronting the people of Manipur to reduce the plane fare from Calcutta to Imphal. If one has to travel, it is not for enjoyment's sake or for recreation or luxurious travelling but he or she has to travel because there is no other way out. So

[Shri S. M. Banerjee]

till communications improve and there are road facilities, as long as the people of Manipur and Tripura have to travel by plane, because there is no other way out, we should introduce some sort of a *janata* plane so that the fare may be reduced. An assurance was given in this House—I do not exactly remember the date—two years back that this matter will receive sympathetic consideration from the Minister. Unfortunately, the Civil Aviation Minister is not here but I would request the hon. Minister of Finance, Shri Ganesh, who is here, to pass on this information to him with the request that if this could be done this would be a boon to the people of Manipur.

Then, about the development of small-scale industries, you know, the handicrafts of Manipur are world famous. There are certain items like a sort of quilt which they manufacture in their cottages as home industry. It is something which could be matched by any good quilt in the international market. But even in Delhi we do not get it. When we go to the Manipur and Tripura Cottage emporium these things are not available because they cannot produce more. There is no means of production there. So, for export purposes these small-scale industries should be developed. Government should spend some money on it so that the people of that particular area, specially the women, who are very hard-working, can manufacture these things both for internal consumption and for export to other countries through our Foreign Trade Ministry.

I have already said about the building of roads. This is necessary for security purposes. You know, Manipur is a very sensitive area. For the purpose of security the Border Roads Organisation is trying to construct certain roads but they are only meant for the army. There should be a big road, a national highway, from Calcutta to Manipur. May be, the Government may have to spend a lot of money but this is necessary as any attack either by China or by Pakistan or by any other country which is adjacent to Manipur and Tripura may completely isolate these two Union territories from the rest of the country. Airlifting will not be possible to that extent. So, I would request that proper attention should be paid to the construction of good roads.

About tourism I have mentioned. I would also mention that proper colleges and schools

and trading institutes should be there. Training should be given not only in handicrafts but also to make good articles. I know, they solely depend on the subsidy which they get from the Centre. Even items of daily consumption are being sent from other States and they do not have them in Manipur. This dependence on the Centre should come to an end. That would come to an end only when elections are held, a democratic government comes into power and statehood is granted.

Last but not the least, I would again request this Government to realise the gravity of the situation and grant Statehood to the people of Manipur. All sections in Manipur want Statehood. Why should they not? When the Statehood was granted to Himachal Pradesh, we were all happy. I remember my hon. friend, Shri Meghachandra, a Member from Manipur, who said, "we hope the fate of Manipur and Tripura is also going to be changed and they will be granted Statehood." I would request the hon. Finance Minister to convey our feeling which is a genuine feeling of the people of Manipur for their Statehood. If they do not get Statehood, there will be struggle and, ultimately, they will get Statehood. What will then be the grace left for this Government?

श्री ज्ञानेश्वर प्रसाद यादव (कटिहार) : अध्यक्ष महोदय, मनीपुर के सम्बन्ध में जो मांगें यहां पर रखी गई हैं उनके सम्बन्ध में मुझे भी कुछ निवेदन करना है। मनीपुर का क्षेत्र प्राकृतिक साधनों से भरपूर है। मनीपुर एक सीमावर्ती क्षेत्र है। आवश्यकता इस बात की थी कि जितने भी सीमावर्ती राज्य हैं उनके सम्बन्ध में केन्द्रीय सरकार पहल करती लेकिन आज देखने को यह मिलता है कि विकास के दृष्टिकोण से मनीपुर उपेक्षित रहा है। एक सीमावर्ती राज्य होने के कारण वहां पर विशेष सुविधाएं देने की आवश्यकता थी। सुरक्षात्मक दृष्टिकोण से भी मनीपुर जहां पर स्थित है वहां उसका एक महत्वपूर्ण स्थान है। लेकिन हमें देखने को मिलता है कि नागालैंड जिसकी आबादी मनीपुर के मुकाबले आधे से भी कम है और यदि क्षेत्रफल की दृष्टि से देखा जाय तो मनीपुर का क्षेत्रफल नागालैंड के मुकाबले दुगुने से भी अधिक है—नागालैंड की आबादी चार लाख है तो मनीपुर की आबादी दस लाख से भी अधिक है—ऐसी स्थिति

में मनीपुर को केन्द्र शासित क्षेत्र रखना वहाँ की जनता के साथ बहुत बड़ा अन्याय है। वहाँ की जनता बहुत दिनों से संघर्षरत है और वह चाहती है कि वहाँ पर पौपुलर गवर्नमेंट बने। जिस प्रकार से केन्द्रीय सरकार ने हिमाचल प्रदेश को पूर्ण राज्य का दर्जा प्रदान किया उसी प्रकार से मनीपुर को भी पूर्ण राज्य का दर्जा प्रदान करना चाहिए। इसके अभाव में हम देखते हैं कि वहाँ पर असंतोष की ज्वालाएं भड़क रही हैं। इस असंतोष के कारण वहाँ पर पृथक्तावादी तत्व और कुछ मनचले लोग जो कि चीन और पाकिस्तान से सठ-गाठ रखते हैं, जो कि अपने इस देश के हित को नहीं सोचते हैं उन्होंने वहाँ पर कुछ गड़बड़ पैदा करना शुरू कर दिया है। इसलिए इस बात की आवश्यकता है कि वहाँ पर तुरन्त लोकप्रिय सरकार की स्थापना की जाये। आज वहाँ पर पृथक्तावादी तत्वों ने मनीपुरी और गैर-मनीपुरी का झगडा खड़ा कर दिया है। ऐसी स्थिति में मैं आपके माध्यम से मांग करना चाहता हूँ कि सरकार प्रवर्धित स्थिति जितने पहाड़ी राज्य है उनके बारे में एक कमेटी बिठाये जो कि वहाँ पर सुरक्षा के दृष्टिकोण से और विकास के दृष्टिकोण से वहाँ की क्या स्थिति है उसके बारे में निर्णय करे।

MR. SPEAKER : The hon. Member may continue his speech after Lunch. We adjourn for lunch to re-assemble at 2 P.M.

13.00 hrs.

The Lok Sabha adjourned for Lunch till Fourteen of the Clock.

The Lok Sabha re-assembled after lunch at five minutes past Fourteen of the Clock.

[MR. DEPUTY-SPEAKER in the Chair]

DEMANDS FOR GRANTS (MANIPUR),
1971-72-Contd.

SHRI JYOTIRMOY BOSU : With your permission, I wish to say that I have received

a telegram from the Dandakaranya 'Employees' Union. They had given notice of certain demands to Government. The matter is two months old. Government have so far turned a deaf ear to them and they are now on a hunger strike. May I request you to ask Government to take note of this and, if possible, to make a statement on this immediately?

श्री ज्ञानेश्वर प्रसाद यादव : उपर्युक्त महोदय, मणिपुर में, जो बिल्कुल प्रकृति की गोद में स्थित है, गावों की संख्या 1802 है और उनमें से लगभग 1 हजार गाव के भीतर यातायात की कोई सुविधा नहीं है। यहाँ तक कि उसकी राजधानी इम्फाल तक पहुँचने में उनमें रहने वाले लोगों को दो या तीन दिन का समय लग जाता है। कभी-कभी तो ऐसा होता है कि मौसम खराब होने के कारण या किसी अन्य कारण से जब वहाँ हवाई जहाज नहीं पहुँचता है तब वहाँ के लोगों का दुनिया से या शेष भारत से कोई भी सम्बन्ध नहीं रहता है। इस प्रकार की स्थिति में कुछ ऐसे राजनीतिक तत्व हैं, जो पृथक्तावादी मनोवृत्ति में विश्वास रखते हैं तथा वहाँ की भोली-भाली पहाड़ी जनता के बीच में भारतीय सच से भ्रमगाव की बात करते हैं। इसका एक कारण यह भी है कि 23 वर्षों तक इस सरकार ने मणिपुर का जो विकास होना चाहिये था उसकी ओर ध्यान नहीं दिया और जिसके फलस्वरूप वहाँ पर एक आर्थिक असन्तुलन पैदा हो गया। इस आर्थिक असन्तुलन के कारण वहाँ के लोगों में एक इस प्रकार की पृथक्तावादी मनोवृत्ति का सृजन हुआ है जिसका वर्णन नहीं किया जा सकता।

मणिपुर के बगल में आप देख सकते हैं कि नागालैंड स्थित है। उसकी आबादी मणिपुर से आधी है और क्षेत्रफल भी आधा ही है, लेकिन वहाँ के किसानों को या टीचर्स को अथवा अन्य एडमिनिस्ट्रेटिव आफिसर्स को मणिपुर के आदमियों की तुलना में दुगुनी वन्स्वाह मिलती है। वहाँ नागालैंड के एम०एल०ए० को 456 रु. मिलता है

श्री निजेश्वर प्रसाद यादव]

वहां मणिपुर में जो सरकार चुनाव के बाद बनी उसमें एम०एल०ए० को 250 रुपये मिलते थे। इस प्रकार के असंतुलन के कारण वहां एक अलगाव की भावना उत्पन्न हो गई है और वहां के लोग कुछ इस प्रकार सोचने लगे हैं कि हम देश के अन्दर कुछ इस प्रकार की स्थिति पैदा करें जैसी नागालैंड में कुछ वर्ष पहले हुई थी, मीजोलैंड में हुई थी। आप ने देखा कि हल्ला गुल्ला की सरकार, घक्का मुक्की की सरकार जो भारत सरकार है, उस में जब राजनीतिक चेतना आती है तब सूझ बूझ से काम लेती है तथा वहां की जनता की भावना का आदर करती है। मणिपुर के लोग भी इस बात को जानते हैं लेकिन वहां की जनता, जो सांस्कृतिक क्षेत्र में उससे ऊंची है, जिस की अपनी सांस्कृतिक धरोहर है, वह सांस्कृतिक मर्यादा में रह कर अपना राजनीतिक आंदोलन चलाया करती है।

एक तरफ तो वहां इस प्रकार की भावना है और दूसरी तरफ हमारी सरकार वहां की जनता के साथ खिलवाड़ कर रही है। इस कारण वहां सैपेरेटिस्ट भावना बहुत अधिक बढ गई है। फ्री प्रेस जर्नल जो चार अक्टूबर का है, उसमें जो कुछ निकला था, उसको मैं पढ कर आपको बतलाना चाहता हूं। यह बम्बई से निकलता है :

"All this had led to a definite separatist movement, which cuts across political party lines. Even the Congress Party is not untouched. Only last year at the State Congress political conference, which was attended by the Congress President Shri Nijalingappa by invitation, a resolution was passed calling for boycott of and non-cooperation in the 1972 General Election.

When Shri Nijalingappa protested against it informally to the State Congress leaders, Shri Koirang Singh and other leaders expressed the helplessness of the State Congress, sandwiched as it was between the Central

Party discipline and the growing popular feeling, which was increasingly being exploited by the opposition parties."

पृथक्तावादी मनोवृत्ति के कुछ राजनीतिक तत्व जो वास्तव में विदेशों के साथ सांठ गांठ रखे हुए हैं, इस प्रकार की भावना से लाभ उठाना चाहते हैं। मैं यह भी कहूंगा कि वहां की दस लाख जनता के लिए भी यह सोचने वाली बात है।

उस पर्वतीय क्षेत्र में तीन जातियां मुख्यतः रहती हैं, एक नागा, दूसरी कुकीज और तीसरी मिजो। लेकिन अधिकांशतः वहां ट्रेडीशनली हिन्दू है। हिन्दू धर्म को मानते हैं। लेकिन क्रिस्चियन मिशनरीज द्वारा वहां की मोली माली जनता के साथ खिलवाड़ की जा रही है। वहां की जनता अर्धविकसित है, उपेक्षित है और दारिद्र्यमय जीवन व्यतीत करती है। हमारी जो उस क्षेत्र के प्रति उपेक्षापूर्ण रीति नीति रही है, उसका उपयोग क्रिस्चियन मिशनरीज इस प्रकार से करना चाहते हैं कि लोगों में भारतीय संघ से पृथक् होने की मनोवृत्ति पैदा हो और वहां ऐसा माहौल पैदा किया जाए कि अलगाव के लिए अनुकूल वातावरण तैयार हो। ठीक उसी प्रकार का आन्दोलन वहां पर क्रिस्चियन मिशनरीज करना चाहते हैं कि जिस प्रकार का आन्दोलन उन्होंने अन्य पर्वतीय क्षेत्रों में छेड़ा था। इस सबका नतीजा यह हुआ है कि आज नागालैंड ट्रवलसम स्पाट बन गया है। मैं चाहता हूं कि केन्द्रीय सरकार का ध्यान उस ओर आकृष्ट हो। २३ साल तक आपने उस क्षेत्र की अपेक्षा की है। आपने जनता के सामने कुछ वादे किये हैं। जनता के सामने आपने विकास की कुछ योजनाएं रखी हैं। गरीबी मिटाने का आपने एलान किया है और गरीबी हटाने का नारा दिया है। इस नारे में अगर आपका वास्तव में तनिक भी विश्वास है तो इसको आप वहां साकार करें, इसको आप वहां क्रियान्वित करके दिखायें सात समुद्र पार के रहने वाले ईसाई मिशनरी वहां की मोलीमाली जनता के बीच रह कर उसको शिक्षण सुविधायें प्रदान करते हैं तथा और भी अन्य प्रकार की सुविधायें प्रदान करते हैं। वैसी

स्थिति में मैं चाहता हूँ कि आप भी इस प्रकार के पर्वतीय क्षेत्रों के लिए एक प्राणीय गठित करें। वह आसन्न सुझाव दे कि वहाँ पर पर्वतीय क्षेत्रों में कृषि को किस प्रकार से विकसित किया जाए, उद्योग वर्गों को किस प्रकार से विकसित किया जाए, हमारे जो होनहार बच्चे हैं, उनके वास्ते किस प्रकार से पढ़ने लिखने की व्यवस्था की जाए। जहाँ तक यातायात के साधनों का सम्बन्ध है, वह क्षेत्र चिरकाल से अपेक्षित रहा है। यातायात की सुविधायें प्रदान करने की बहुत आवश्यक है। मैं चाहता हूँ कि यातायात की सुविधायें प्रदान करके उस क्षेत्र को शेष भारत के साथ जोड़ने का कृपा की जाए। वहाँ सड़कों का जाल बिछाया जाए।

मनीपुर सीमावर्ती क्षेत्र है। चीन जो हमारा दुश्मन है, उसकी सीमा के साथ उसकी सीमायें लगती हैं। पृथक्तावादी मनोवृत्ति के लोग वहाँ के लोगों को पैकिंग में जते रहते हैं। विद्रोह भी वहाँ सक्रिय है। गुरिल्ला टेनिंग देकर के वहाँ पर गड़बड़ी मचाना चाहते हैं। ऐसी अवस्था में वहाँ विकास के लिए, बच्चों की पढ़ाई लिखाई के लिए, सड़के बनाने के लिए विशेष कदम उठाए जायें। काटेज इंडस्ट्रीज का भी आप वहाँ जाल बिछावें। योजना बनाकर पर्वतीय क्षेत्रों की जनता के लिए मनीपुर की जनता के लिए आप कुछ ठोस काम करें, यही मेरा आप से निवेदन है।

SHRI N. TOMBI SINGH (Inner Manipur): Mr. Deputy-Speaker, Sir, I must at the outset express thanks on behalf of the people of Manipur and also on my own behalf to the honourable House for the deeper understanding of the problems, longstanding demands of this eastern border, a strategic region of the country, and also for the increasing appreciation of the legitimacy of these demands reflected in the deliberations in this House contributed by all section.

Yesterday evening, when the consideration of the Manipur budget, second stage, was quickly following on the heels of the concluding part of the discussion on the general

budget, highlighted by the triumphant reply of the hon. Finance Minister, hitting back to all the unreasonable criticisms to the budget, there was a sharp contrast provided on the Himalayan budget of the country standing side by side with the pigny Manipur budget, and this gave a lot of thought to those of us who represent this backward and small region. In a way this was indicative that in this country, the big and the small, the one and the many have to coexist and develop together, and this was something which was giving a deeper and sadder thought to us, when the House quickly thinned away when this discussion was taken up. Fortunately, the discussion has been continued today, and the situation in the House is a little better and we are grateful to the Members who have taken interest in this subject.

Before I make any observations on the budget, I would like to make a reference to two points in the hon. Finance Minister's budget speech which are very relevant to this budget. These are, the mandate received from the nation and the assurance and commitment expressed regarding the removal of regional disparities in the country in the sphere of industrial development. I would be going with the mandate. As this Government and, also the ruling party to which I belong, received a massive mandate from the people about socialism, and rapid economic development of the country, we also, each one of us, received mandates from our own States as well as from our own constituencies. In the territory of Manipur, it was for the first time that two seats were won by the ruling party in the history of Indian Independence, and this was quite indicative of the people's confidence and sense of co-operation with the Government and which also equally implies that the people have given them their approval, and those of us who have been elected from the area have to fulfil in our performance the mandate given by them.

The mandate mainly received from the people of this area is, firstly, the much-talked of much-appreciated and also reflected by the deliberations of this House the demand for Statehood. The Government of India under the able Prime Ministership, of Shrimati Indira Gandhi, showed tremendous wisdom in making a timely announcement before the

[Shri N. Tombi Singh]

dissolution of the fourth Lok Sabha in the month of October last, and that saved a situation which was developing into one of terrific magnitude. Now, the question remains when the Government of India, under the able leadership of the Prime Minister, is going to fulfil this commitment to the people and show their great wisdom

Manipur has no popular Government now. The popular Government functioning under the Union Territories Act was dissolved in October, 1969. In coming October, President's rule will be completing its second year. This is a very significant aspect of the political situation there. All the political parties there, including my party, decided that there would be no participation in any election under the existing Union Territories Act, because the people have realised that the Assembly and Ministry under this Act are just a semblance of a popular government. The powers are so limited, the restrictions and limitations are so many, that there is no charm in it. Therefore, it was decided once and for all that until full Statehood is established, there will no participation in elections. This question came up when the Lok Sabha was dissolved, because it was our right to demand mid-term election under the existing law. But the people there, irrespective of party affiliation or ideology, decided not to participate in such elections. It might have been a coincidence or perhaps it was out of respect to the people's will that the Government of India also did not order mid-term elections under the existing law in Manipur. Even if there was an order to that effect, there would have been no participation in the election. Therefore, any further delay in bringing the necessary legislation for conferment of Statehood on Manipur will create serious problems. Ideologically and temperamentally, I am not one who usually gives warnings or threats, because of all the parties the Congress Party has never indulged in mere threats. But on different occasions, we have received replies from the House Minister and other ministers that the matter is being examined, it is under consideration, it is coming up in due course, etc. Such stock replies are misplaced and are not called for under the existing circumstances. Though the Finance Minister is not in charge of Home Affairs or directly dealing with political issues, I hope he would be competent to reply to this. We reasonably expect that in his reply, he will

make a definite commitment that the Bill will be introduced and passed in this session. I am not merely expressing sentiments. I am putting the facts before the House and before the Home Ministry.

Having said this, I come to the next issue—preservation of the territorial integrity of Manipur.

There has been a lot of discussion on this subject and there has been discovery of a lot of mistakes on the part of the Government of India. If I remember correctly, even the Prime Minister had admitted publicly on some occasions that while the three sub-divisions of Manipur were included in the cessation of operations agreement entered into between the Government of India and Nagaland it was without the knowledge and consent of the people of Manipur. That was a great mistake. It was admitted that it was too late to correct that mistake. Even now Manipur is the victim of such a mistake. This has happened only because there was no proper understanding of our area. Delhi being far away from Manipur the people here do not know the real problems of Manipur.

Many friends here talk of Manipur having a common border with China. In fact, we have common border with Burma in three directions. There is no common border with China. Burma is our major neighbour and we have a long common border with her. On the Burmese side, as well as on the other side, that is, the border with other States of our country, we have many problems and there has been no adequate attempt made to fathom and understand the depth of these problems. Our only consolation is that at the national level there are signs of increasing understanding of the problems, and if this goes on at rapid speed no more further mistakes will be made. Any attempt to disintegrate Manipur, to weaken or reduce the size or territorial integrity of Manipur will not only endanger Manipur but will be a danger to the whole of that region and of the country for that matter. I am saying this with all conviction in my command and the knowledge of the historical background the conditions obtaining there and the security problems of that area.

Coming to the removal of the regional disparities in the industrial sphere, Manipur is full of industrial potentialities. Raw mate-

rials, for paper, matches, and cement are available there. Here I may say that for some time I had an opportunity to associate myself with government, I know how the Eastern Zonal Council was discussing the development of the eastern region in the sphere of industries and power supply. Decision were taken only on political consideration. Small units like Manipur, Tripura, Nagaland, NEFA and Meghalaya should not be judged by their size or population alone but by their resources and potentialities, too. Now in order to conduct a geological survey in Manipur we require a lot of political pull. So, in spite of the potentialities we are not able to have a geological survey. For instance, we have been depending on our own resources of iron ore at Kakching for our necessities in the early days.

A geological survey will discover a number of valuable things which will not only be useful for Manipur but will also enrich the country.

There has been in some quarters, even in responsible quarters, a very improper and wrong attitude shown towards the small units. The other day, last Friday, I remember, when we discussed a Private Member's Resolution, there was a reference by some hon. Member from the other side that the Central Government should see that for political misbehaviour grants are withdrawn and they are punished by withdrawing financial assistance. This is nothing but an expression of colonial attitude. We have been trying to justify our sympathy for Bangla Desh because that has been treated as a colony by West Pakistan. We should search our own hearts and develop a proper attitude towards small units.. So that we may not commit such a mistake ourselves. I do not talk of Manipur alone; there might be other victims of this improper attitude. I know, many big officers coming to Manipur from outside just talk very irresponsibly. We cannot blame them; they reflect the thinking of a certain section of the people. They say that they are spending in Manipur, a small area, their money and they have a right to interfere in our affairs, as if it is a small colony of a big country and every body just entering it from outside the border has a right to interfere and safeguard his money. The whole concept, the attitude, the pattern of financing is wrong.

We see in this Budget that some amount has been earmarked. We have nothing to say against that. The point I would like to emphasize is that when we spend, there are two aspects of it. One is just temporary and routine expenditure, which goes in the form of salaries and other things, and which goes from hand to mouth. The other form of expenditure is long term investment in the form of industries and similar other things, which will grow into national assets and which will not only strengthen that region but will also strengthen the national economy and the national security in that area. The second aspect is lacking and we have to develop the awareness of if not only in the ruling party or in the Opposition parties but the whole country has to educate itself about that. Every citizen has to educate himself in the proper attitude.

We have been demanding the inclusion of Manipuri language in the Eighth Schedule. This may sound very strange to some of our friends who are always interested in the number of people and ask, "How many are you; what is your population?" This runs counter to the whole concept of culture. Manipur is not a mere accidental collection of a few people. It has had its history and cultural background for the last thousands and thousands of years unconnected with the rest of the world and surrounded by long ranges of hills. It has developed into a very rich culture. Now it is a part of India and we are all proud, that it is a part of India. The people of India have also contributed to the development of this culture. This culture and development of the Manipur language has taken place in spite of the smallness of the area. It has been the language of the court and of offices till its integration with the rest of the country in October 1949. Now when we demand its inclusion in its right place, in the Eighth Schedule of the Constitution, we are asked how many people speak that language and how many books are there. The same question arose when we wanted Manipuri to have a place in the higher university education when we found it hard to convince the learned people of a particular university, who had no knowledge of Manipuri, as to the attainment of this language be proposed the opening of a Manipuri Section in the University Library so that one could judge the attainment of

[Shri N. Tombi Singh]

the language after seeing the number of books written in the ages, the number of subjects covered and the history of the development of the language.....

MR. DEPUTY SPEAKER : Please conclude now.

SHRI N. TOMBI SINGH : Yes, Sir. I am grateful for the indulgence that you have shown to me.

Having said this, with all the emphasis at my command, I would like to say that sufficient measures be taken up at the Government level and necessary legislation be taken up to include Manipuri in the Eighth Schedule as early as possible.

MR. DEPUTY SPEAKER : You have made your point. That is all.

SHRI N. TOMBI SINGH : I wanted to cover a few other points.

With these few words, I would like to emphasize once again that in his reply, about the confirmment of the Statehood on Manipur, a definite deadline may be indicated. They have received a massive mandate from the people, including the people of Manipur.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH): Mr. Deputy-Speaker, Sir, I am thankful to hon. Members who have taken part in the debate on the Demands for Manipur.

The debate has been very instructive and, particularly, the Members who come from Manipur have put before this House the real feelings of the people of that area.

Coming from an area which is as ancient and as under-developed as Manipur, knowing the problems of a distant far-stretched area, knowing the problems and complexities of development of such an area, knowing the inherent inadequacies in the administrative system of such an area, I am in a position to understand more intimately the problems that have been focused here, particularly, by Members belonging to Manipur.

The major question raised here was the question of Statehood. As this House knows, the Prime Minister had announced that the

Government of India have accepted in principle the demand of the people of Manipur along with Tripura and Meghalaya for Statehood, thus putting the seal of the Government of India on the basic aspirations of the people of Manipur.

The Cabinet Sub-Committee has been discussing this question and the problem that is there is of finding an integrated constitutional arrangement for the entire north-eastern area consisting of Manipur, Meghalaya and Tripura. This discussion that is going on has reached an advanced stage and legislative proposals are being drawn up. There is no question, as some hon. Members from the other side pointed out, of going back on the assurance that has been given to the people of Manipur. I can only assure the House that in the quickest possible time, the necessary legislation for the Statehood of Manipur will be introduced. I have noted the warning that our friend has given. I shall communicate this to the administrative Ministry concerned. He wanted a commitment that the Bill will be introduced in this session of the House.

There has been quite a lot of general political criticism made that for the last 20 years we have not been able to do anything. The only point that I wish to submit here is that in our recent Parliamentary election, the mid-term poll, the people of Manipur have sailed with the national mainstream and for the first time, as the hon. Member pointed out, both the seats in the Manipur area were won by the present ruling party.

A Territory like Manipur requires a much faster rate of development. It requires much greater outlay. It requires much greater investment. This, the Government of India has been trying to do. Plan after plan, the outlay on Manipur has increased tremendously from the First Plan to the Present Plan-- and efforts are being made, within the resources available, to realise the strategic importance of the area, particularly in the present almost explosive situation that exists as a result of the tragic events that have taken place in Bangla Desh.

In the Plan outlay, whereas Rs. 12.88 crores were allotted during the Third Plan-- which itself is much higher than what was allotted in the previous Plans preceding it,

in the Fourth Plan, the Plan outlay is of the order of Rs. 30.25 crores. This is a much higher outlay, more than twice the figure of the Second Plan. We realise the need for building the infra-structure, the need of providing roads, communication facilities, social services etc. and these have been taken care of as far as the Fourth Plan is concerned.

Mr. Dasaratha Deb made the point that there is more expenditure on Police and less expenditure on Education, Social Services and Development. This is actually a general criticism, a political criticism, but, as far as facts are concerned, I think they will disprove this. Of course, in a strategic area like Manipur, with certain political distortions that have taken place there, and with so many other factors, the Police there is bound to be more than in other areas; but even then I wish to point out that the expenditure on Education in 1971-72 is Rs. 4.62 crores whereas the expenditure on Police is only Rs. 3.37 crores.

SHRI DASARATHA DEB (Tripura East) : What about Industries and Agriculture ?

SHRI K. R. GANESH : I have heard you patiently. I will come to that. I have taken you very seriously.

As far as Education is concerned, there has been a slight increase, even this year, from Rs. 4.5 crores to Rs. 4.62 crores. Manipur has 14 colleges, one Industrial Training Institute, one Law College, one Science College, one BT college, one Arts College, and one Sangeet Maha Vidyalaya. The Student population is 2 1/2 lakhs of which 80,000 are girl students. There is 13 per cent outlay for 1971-72 on the Plan side and on the non-Plan side it is 25 per cent. These are figures which show that one need not be ashamed, need not be on the defence.

As I indicated in the beginning, coming from a Territory which has got similar problems I know that higher outlay for development is necessary.

But a very serious attempt has been made to meet the immediate requirements of the Manipuri people. As far as education is concerned, the provision that has made and the institution that has been created there will not stand at a disadvantage as

compared with those in many other parts of the country.

In education itself, there has been a demand for having a university of Manipur. Then, the proposal is there to have a centre of the Jawaharlal Nehru University for post-graduate studies, and a team headed by Dr. Nag Chaudhuri is visiting that area and their report is awaited.

If we take the health services also, the provision for health services in 1970-71 was Rs. 34 lakhs, and in 1971-72, it is Rs. 49 lakhs. Manipur has 13 hospitals, 12 primary health centres, 38 primary health sub-centres and 63 dispensaries, and 200 beds are proposed to be added to the existing hospitals. So, in this sphere of public health also, an attempt has been made to provide modern medical facilities as far as possible to the people of Manipur. Once again, I submit that in an area like that in which the medical facilities have to be provided on a scale which may be much bigger than the developed areas, much more might have to be done considering the resources. I think that the Government of India will take this into consideration. Transport and communications, for industrial development and for strategic reasons and for giving minimum facilities to the people are very vital in an area like Manipur. In the Fourth Plan, nearly Rs. 10.88 crores have been allotted for roads and Rs. 80 lakhs for road transport, and this works out to one-third of the total Plan outlay of Rs. 30.25 crores. A road linking Silchar in Assam to Imphal with a length of about 224 k. m. is already under construction, and this will meet the immediate needs of the communication system as far as Manipur is concerned.

In the same way, if we take electricity Manipur has got very inadequate electricity. The installed capacity has been doubled to 5500 k. w., and a Rs. 2.85 crores are being spent this year on hydro-electric project at Loktak in the Central sector.

In connection with industrial development, yesterday, another Member from Manipur pointed out that the administration of Manipur had recommended various projects for the consideration of the Central Government. I have tried to find out the stage in which these projects are or the stage in which these proposals are. I have some facts about them.

[Shri K. R. Ganesh]

As far as the cement factory is concerned, a survey by the Geological Survey of India to assess the availability of limestone and other materials in Manipur has been undertaken, and the Government of Manipur has entrusted to the Cement Corporation of India the work of preparation of a feasibility report. It is expected that this report will be ready in the course of the current year.

For the paper mill also, a project report and pre-investment survey of forest and river discharge during the year and other factors connected with the project are under consideration and are under preparation, and the preparation of the feasibility report has also been taken up, and once the viability of this project is established, it is intended to request the public sector corporation to set up a project for the manufacture of paper.

As far as the starch-cum-glucose-cum-corn flakes unit is concerned, this can be taken up only when the power supply in Manipur is increased. In the meanwhile, the Food Corporation of India has been requested by the Manipur Administration to procure maize in Manipur in the current year so that cultivators get adequate price for their produce.

A provision of nearly Rs. 46 lakhs has been made for large and medium industry. Shri Deb pointed out that this provision may not be large, but I can assure him that because Manipur's development now depends on the infra-structure that has got to be built, the communications system that has to be expanded and the additional power that will be generated, there will be no difficulty in providing the finance for any viable project that the administration of Manipur as well as the Planning Commission and other agencies have.

Apart from this, the whole territory Manipur has been selected for concessional finance by financial institutions like IFC, IDBI, and the whole territory outside the municipal limits of Imphal has also been selected for 10 per cent outright grant by Government to new industries that may be set up there. Recently a survey team sponsored by the IDBI carried out a survey to explore the possibilities of establishing industries in Manipur. So the attention of Government and its various institutions and financial agen-

cies is directed to locating places where industries could be set up and helping in the integrated development of the area.

These are some of the points raised. As I said in the beginning, the aspirations of the Manipur people for full statehood and the desire of these cultured and hard-working people for rapid development to come up to the level of the other advanced communities of India in the shortest possible time, as have been placed in this House, are recognised by Government and all efforts are being made, within the resources available, to see that they are fulfilled.

"That clauses, 2 and 3, the Schedule, Clause 1, the Enacting Formula and the Title stand part of the Bill,"

The motion was adopted. Clause 2 and 3, the Schedule, Clause 1, the Enacting Formula and the Title were added to the Bill.

SHRI K. R. GANESH : Sir, I Move. :

"That the Bill be passed."

MR. DEPUTY-SPEAKER : The question is :

"That the Bill be passed."

The motion was adopted.

**BENGAL FINANCE (SALE TAX DELHI
VALIDATION OF APPOINTMENTS
AND PROCEEDINGS) BILL.**

MR. DEPUTY-SPEAKER : We have a few minutes more and I think we can take up the next Bill.

**THE MINISTER OF STATE IN THE
MINISTRY OF FINANCE (SHRI K. R.
GANESH) :** MR. Deputy-Speaker Sir, I beg to move :

"That the Bill to validate appointments of certain officers under the Bengal Finance (Sales Tax) Act, 1941, as in force in the Union Territory of Delhi and to validate proceedings taken by such officers under that Act and the Central Sales Tax Act, 1956, be taken into consideration."

Sir, as the hon. Members are aware, Section 3 of the Bengal Finance (sales Tax) Act, 1941 extended to the Union Territory of Delhi in 1951, provides that for carrying out the purposes of the Act, the Chief Commissioner (now Lt. Governor) may appoint a person to be Commissioner of Sales Tax together with such other persons to assist him as the Lt. Governor thinks fit. In several cases the officers to assist the Commissioner of Sales Tax were appointed not under the said Section 3 but under the service rules wherein the appointing authorities are not the Lt. Governor in all cases. Though the various officers mentioned above were subsequently appointed by the Lt. Governor under Section 3, with retrospective effect, their appointments are not in accordance with the provisions of Section 3 aforesaid as that Section does not permit any appointment with retrospective effect.

These appointments are, therefore, for obvious reasons of doubtful validity. In a writ petition filed before the Delhi High Court, the Delhi Woollen Mills challenged the appointment of one Assistant Sales-Tax Officer who was appointed with retrospective effect from 15.2.1965 by an order of the Lt. Governor dated 26.4.1968 issued under the said Section 3.

*Introduced/moved with the recommendation of the President.

[Shri K. R. Ganesh]

The Delhi Administration reviewed the position in this context and found that there were nearly 374 such appointments which had been given retrospective effect. It was also found that in about 5.55 lakh cases assessments have been framed by such officers and a demand of Rs. 15.25 crores (both under the local Sales Tax Act and Central Sales Tax Act) was created by them. The Assistant Commissioners of Sales Tax likewise appointed and exercising appellate jurisdiction have disposed of over 32 thousand appeals since 1st November, 1951 when the liability to pay tax under the Act commenced. Under the law, the dealers, on whom assessments have been made by officers not validly appointed, can challenge them within a period of three years from the date of an adverse judicial pronouncement. Such assessments can also be challenged by dealers in the course of recovery proceedings. In case the refunds of tax already collected were to be allowed as a result of any adverse judicial pronouncement, it would, apart from creating serious inroads to the resources position of the Government, have resulted in an unintended benefit to the dealers and not to the purchasers as the former would have already reimbursed to themselves, the sales tax from the purchasers. With the approval of the Executive Council, the Delhi Administration moved the Government of India for the immediate promulgation of an Ordinance to rectify the defect.

The Ordinance titled the Bengal Finance (Sales Tax) (Delhi Validation of Appointments and Proceedings) Ordinance, 1971 promulgated by the President on 18th May, 1971 validates appointments of the Officers concerned and the proceedings taken by such officers under the aforesaid Bengal Act and the Central Sales Tax Act, 1956. The need for validating the proceedings under the latter Act has arisen because the administrative authorities under both the Acts are the same.

The present Bill seeks to replace the above Ordinance by an Act of Parliament. I request the House to unanimously accept the Bill.

CONSTITUTION (AMENDMENT) BILL.
(Amendment of Article 324)

SHRI SHYAMNANDAN MISHRA (Bengal) : I beg to move for leave to introduce a Bill further to amend the Constitution of India.

MR. DEPUTY—SPEAKER : The question is :

“That leave be granted to introduce a Bill further to amend the Constitution of India.”

The motion was adopted

SHRI SHYAMNANDAN MISHRA : I introduce the Bill.

CONSTITUTION (AMENDMENT)
BILL—contd.

(Amendment of articles 81, 82 and insertion of new article 281 A) by Shri Murali Maran.

MR. DEPUTY—SPEAKER : We now take up further consideration of the following motion moved by Shri Murali Maran on the 28th May, 1971:—

“That the Bill further to amend the Constitution of India, be taken into consideration.” We have originally allotted two hours for this, and we have taken one hour and 36 minutes. There are just 24 minutes more. Last time I think we agreed to give some more time to this Bill. But we had not fixed up by how much. I think one hour will do. (Interruption) Shall we extend it by one hour? I think that should be enough. We have 24 minutes remaining from the two hours that had been allotted. So, it will now be one hour and 24 minutes more.

DR. KARNI SINGH (Bikaner) : Will I have time to move my Bill for consideration?

MR. DEPUTY—SPEAKER : Yes. Now, Mr. Salve was on his legs on the last occasion. He will continue.

SHRI N. K. P. SALVE (Betul) : Mr. Deputy—Speaker, Sir, part of my speech was over that day. I think that was the part in which I was pointing out to Mr. Maran that in his weighty arguments he had come out with voluminous statistics and those statistics were absolutely overwhelming. They were so complicated that one very happy feature of those statistics was hardly any one understood the same in the House.

AN HON. MEMBER: Including yourself.

SHRI N.K.P. SALVE: I could not follow those statistics very clearly and I hope when he replies, some of the salient statistics, I am sure, he will repeat. At any rate, trying to get the Constitution amended on the basis of statistics as he has come out with, I think, is over simplification of the matter for the simple reason that nobody will dispute, nobody will doubt that by this amendment, a very cardinal, a very basic and fundamental principle of the Constitutional law which we have followed in our Constitution for years and which has been followed in different constitutions in different countries is sought to be dislodged. That principle was described by Shri Bhandare as the principle of equality of the people of the country. Unless there are very weighty arguments for us to change our Constitution and change it in a manner as to justify the departure from this cardinal principle, I am afraid Mr. Maran will not find any support whatsoever for the amendment to the Constitution which he is seeking.

The proposed amendment to the Constitution proceeds upon the assumption that the population in 1951 in our country was as it were an ideal population, and that it must constitute an immutable basis for the representation to be given to people in this House in terms of article 81, whereas article 81 contemplates representation in this chamber not statewide; it deems the entire country as a whole, the people as a whole, the nation as a whole; representation to the people as a whole in this chamber. Now, Shri Maran wants in the year of grace 1971, to take the population in 1951.

[Shri N. K. P. Salve]

And, on the basis of that population, give representation. May I ask, what is so magical about the 1951 population? He said, we started family planning in 1951 and since we have done well in that field as compared to other States, we must not be penalised. This is an extremely tenuous and weak argument, which proceeds on the assumption as though until 1951 all other States were going ahead with utmost efficiency in producing children, and since Madras has excelled all other States, therefore in 1971 Madras should be rewarded for what it did in 1951. The illogicality of this argument becomes very clear when you see that a day may come when in a particular State there may be people four times as much as in Madras State and whereas for every 100,000 men there may be a representative from Tamil Nadu, in other States for every 400,000 men there may be a representative. Therefore, it is not possible to so amend the Constitution which will take us to such an absurd situation. At any rate, if we had at all known that 1951 population is going to be the basis for determining the number of representatives, before 1951 we would have tried our best in the productivity of children. I do not know whether Mr. Maran was married or not in 1951, but I was married.

SHRI R. V. SWAMINATHAN (Madurai) : Even now he is a bachelor.

SHRI N. K. P. SALVE : So, the mystery is immediately solved why he has this particular approach towards the population problem. We know the famous Malthusian theory that while means of subsistence grow algebraically, population grows geometrically. This theory was shown to some great critic in France, who there upon said, "Mr. Malthus seems to have done very well, except that he had not consulted his wife." When this was shown to Mr. Malthus, he said, "I have no wife. How am I to consult her?" Thereupon, the French critic said, "That is why there is this absurdity." We do not produce children with the help of algebra or geometry. We produce them usually with the help of wives. (Interruptions).

I do not want Mr. Maran to rely very seriously on the statistics. Population is not a problem of algebra or geometry. It is basically a human problem. Statistics are sometimes lies. The minister was extremely fascinated

when I told the House the other day that there are three types of lies—lies, damned lies and statistics. So, let us not be overwhelmed by statistics. It is a human problem. (As I said, if we had known that 1951 population is going to be the basis for determining the number of representatives in this chamber, we would have produced more children in 1951. How can we undo that mistake now? If Madras has done better in family planning, why does Mr. Maran think that other States will not do better? I understand that Maharashtra is doing extremely well in family planning and some day they might excel Tamil Nadu. In fact, I was told the other day that in Maharashtra they are implementing the family planning programme with a vengeance. In the case of the wife they do tubectomy and in the case of the husband vasectomy, because they do not want to leave either of them to chance independently; Maharashtra is doing so well in the matter of family planning.

Kindly do not consider that article 81 is such a great disincentive to family planning. Other States will follow Maharashtra and surely we will bring about a proper adjustment.

It hurts me that DMK has brought this resolution. They have got a wonderful set of people here who are dedicated men. Their record of public service is magnificent. This odour of parochial approach is something which I want them to get away from. Why do you look only at Tamilnadu? Why not my State? Madhya Pradesh has been neglected so much that it is difficult for me to describe it. If the Central Government had considered that Madhya Pradesh was not in India it would not have been as bad as this. They seem to consider that India is nowhere near Madhya Pradesh. This is our miserable condition. I would invite Shri Maran sometime to come to my rescue, to my constituency, which is on the way to Madras on the main Grand Trunk route. Look at the magnificent work the DMK members have done. They are 24 members and we are 22 on this side of the House from Madhya Pradesh. While we were not able to do anything, those 24 members were able to browbeat and intimidate the Government of India and get everything for themselves. They have such magnificent qualities. Why do they want 2, 3 or 4 more members. It is quality that matters and not number. Look

at the entire problem from the viewpoint of the nation as a whole. After all, what is it that article 81 contemplates? It wants the population of the whole country to be taken into consideration. When you are sitting in this chamber, for God is sake, forget that you belong to Tamilnadu or Madhya Pradesh. Kindly consider that we are Indians first and Indians last. It is India's interest which must come first and everything else afterwards. Therefore, what does it matter whether your population in 1951 was more or less. We have to consider the problems of India of today and not of the India of the past. To take into account the population of 1951 as the basis now looks very irrational.

Only one word about allocation of funds. there is hardly any section in this House which has a great grievance about the allocation of funds as we from Madhya Pradesh.

SHRI G. VISWANATHAN (Wandiwash): Do not be parochial.

SHRI N.K.P. SALVE : If I had been parochial, I would have moved a Bill or resolution for larger allocation for Madhya Pradesh. I am speaking of our grievances. Our Chief Minister seems to feel that we are a set of nincompoops, including the distinguished President of the vanquished Jan sangh. He feels that all of us are not able to do anything for Madhya Pradesh. I hope Shri Manoharan will teach me the technique of DMK, how they manage to browbeat the Central Government. I am prepared to go him provided he teaches me the right technique.

I would have no objection even for larger representation. Let Tamilnadu have more, representation, if they want. After all, that is a State which has made a tremendous contribution to the cultural, political and social life of this country. If they come here in larger numbers, well and good. But we have to look at the problem as a whole.

Coming to the allocation of funds, by this amendment of article 281 Shri Maran seeks to introduce the element of population.

I am sure, he will at least admit that if we want to eradicate regional disparities, surely, that does not depend on population one bit. Regional disparities are completely divorced

or separate from purely population. Therefore, if we want to get rid of regional disparities, it is some other considerations which must come into play. Surely, in the Tamil Nadu State itself there will be districts which are backward and other districts which are more backward. Likewise in my State some districts are backward and others are more backward; the State as a whole is backward.

SHRI PILOO MODY (Godhra): The whole country is backward.

SHRI N. K. P. SALVE : Madhya Pradesh has a *per capita* income which, I think, compares only with that of Orissa.

What is of importance is allocation of funds from the Centre. Grants from the Centre should be done on a rational basis keeping the picture of the entire country as a whole in view and keeping in view the regional disparities in which ever State they are, including Gujarat State. Personally, I think, that State must be very poor financially from where Shri Piloo Mody is elected.

Therefore, in view of this position of the matter and the very, very erudite principle which has been enunciated by Shri Bhandare, who has just now come, that this will dislodge the principle of equality of people—that is the only principle I remember in his speech which was distinctive for its original contribution and brilliant for its eloquence; that is one reason why I have forgotten that speech—I submit that Shri Maran would do well to withdraw this Bill.

श्री एस. रामगोपाल रेड्डी (निजामाबाद) :
उपाध्यक्ष महोदय, मैं दक्षिण भारत से आया हूँ और आन्ध्र प्रदेश का प्रतिनिधित्व करता हूँ। वहाँ की पालियामेंटी सीटें कम हो गई हैं, फिर भी हम शिवायत नहीं करते हैं। 1961 में जो सेन्सस हुआ था उस में बेस्ट बंगाल की पापुलेशन 43 परसेंट बढ़ी, आन्ध्र की 21 परसेंट बढ़ी और तमिलनाडु की 15 परसेंट बढ़ी, लेकिन सीटें नहीं बढ़ी इसकी वजह से वहाँ पालियामेंटी सीटें कम हुई हैं। मैं अपने तमिलनाडु के माइनों से डी.एम. के माइनों से यह उम्मीद कर रहा था की प्रापर्टी के बारे में जो कंस्टिट्यूशन को बदलने की बात है उसके लिये कोई तरमीम लायेंगे, लेकिन बदकिस्मती

[श्री एम० गोपाल रेड्डी]

से वह लोग ऐसी तरकीब लाये हैं जिस से एक प्राविंस के मुकाबले में दूसरे प्राविंस के झगड़ा करने की बात हो रही है। मैं इसकी शिद्दत के साथ मुत्सलिफत करता हूँ।

तमिलनाडु के लोग इंटेलिजेंट हैं, लेकिन उनकी तरक्की का राज यह है कि पहले पहल जब अंग्रेज आये तब वह मद्रास पोर्ट पर उतरे, जिसकी वजह से वहां काफी तरक्की हुई। इसके बाद चूंकि वह कलकत्ता पोर्ट में उतरे इसलिये बेस्ट बंगाल की तरक्की हुई। इसी तरह से जो बम्बई का पोर्ट है वहां पर अंग्रेज ट्रेडर्स आये और इस वास्ते वहां तरक्की हुई। इसलिये यह कहना कि हमने अपनी मेहनत से तरक्की की है यह गलत है। चूंकि पहले वहां अंग्रेज उतरे इसलिये उनकी तरक्की हुई। जो तमिलनाडु के लोग हैं वह फैमिली प्लानिंग को अच्छी तरह समझते हैं इसलिये उन्होंने उसको जल्दी शुरू कर दिया है। जो बैंक बर्ड एरिया है वह फैमिली प्लानिंग को नहीं जान सके और उसके जल्दी न शुरू करने की वजह से वहां पर ज्यादा लोग हो गये और वह और भी ज्यादा बढ़ाते चले आ रहे हैं। चूंकि वह लोग ज्यादा तरक्की नहीं कर सके, बिना पढ़े लिखे हैं, इसलिये उनके साथ नाइन्साफी नहीं हो सकती। जो लोग पीछे पड़े रह गये हैं उनको आगे लाने की जरूरत है।

हम लोग यहां पर गरीबी हटाओ का स्लोगन लगाकर आये हैं, हमारे डी०एम०के० वालों ने भी वही स्लोगन लगाया था और जीत कर आये हैं। उनको इस चीज को नहीं भूलना चाहिये जहां लोगों में गरीबी है उसको हटाने की जरूरत है। बैंक बर्ड एरिया में जहां ज्यादा गरीबी है ज्यादा रुफ्या खर्च करने की जरूरत है। अगर हम ग्लास में पानी डालें तो वह मसावी तरह से ऊपर उठता है। इसी तरह से तरक्की भी होनी चाहिये। जिस तरह से माली गार्डन में बम्बी घास को काट देता है और जो घास नीचे गिरी हुई होती है उसको ऊपर उठाकर ठीक करता है। इसी तरह से जो स्टेट्स पीछे पड़ी हुई हैं उनकी तरक्की होनी चाहिये, वरना जो नक्सलाइट्स का

काम करते हैं, लेफ्ट कम्युनिस्ट हैं, उन लोगों को सुविधा हो जायेगी। अगर पिछड़ी हुई स्टेट्स को पीछे रखने की कोशिश की जायेगी तो एक न एक दिन वह लोग रिवोल्ट करने के लिये तैयार हो जायेंगे। इसलिये हमको दूसरी सभी स्टेट्स को मदद करनी चाहिये। आज हम देख रहे हैं अमरीका दूसरे देशों को मदद दे रहा है अमेरिकी में खुद बड़ी बड़ी इंडस्ट्रीज हैं, लेकिन वह दूसरे देशों को पैसा इसलिये दे रहा है कि वह नहीं चाहता कि वहां पर गरीबी बढ़े और अमरीका को उससे खतरा पैदा हो। मैं चाहता हूँ कि हमारे डी०एम०के० वाले दोस्त समझें। अगर हिन्दुस्तान पीछे रह गया तो उसका एक आदमी भी आगे नहीं बढ़ सकेगा। जो आगे बढ़ भी जाएगा उसको भी पीछे लाना पड़ेगा। आगे की सोच कर इस बिस्म की कोई डिमांड उनको नहीं करनी चाहिये। यह जो डिमांड है, यह मंजूर नहीं होती है या यह जो तरकीब है यह पास नहीं होती है और इसको रिजेक्ट कर दिया जाता है तो लोगों में बुरे खयाल बाकी रह जायेंगे। इस वास्ते उनका नेबर होने की हैसियत में मैं उनसे अपील करता हूँ कि वह इस तरकीब को वापिस ले लें ताकि अच्छी फिजा हिन्दुस्तान में पैदा हो सके। यदि फिजा खराब हो गई तो यह किसी के हित में नहीं होगा। हमेशा जिद नहीं करना चाहिये। हमेशा जिद करने से लाभ नहीं होता है। इसका एक फायदा जरूर हो गया है कि लोगों का ध्यान इधर चला गया है। लेकिन ऐसा काम नहीं होता चाहिये कि लोगों के दिल में खटास रह जाए। डी०एम०के० वाले हमेशा हठधर्मिता से काम करते हैं। उन्होंने क्वेश्चन आवर का बायकाट किया। उसको उन्होंने मनवा लिया। हर चीज वह सेंटर से मनवाने की कोशिश कर रहे हैं। इसकी भी कोई हद होती है, मानने की भी एक हद होती है। उनको चाहिये कि वे जरा अपने आपको काबू में रखें। उनकी चल रही है लेकिन ज्यादा चलाने की वह कोशिश न करे। परसों तक आई०ए०एस० और आई०पी०एस० के जो कम्पीटीशंस हुआ करते थे उनमें मद्रास के लोगों का बीस पच्चीस प्रतिशत भाग रहा करता था। आजकल थोड़े पंजाब और दिल्ली यूनिवर्सिटी बगैरह वाले आगे आ रहे हैं।

किसी भी मुल्क के मुस्तलिफ हिस्सों में ज्यादा फर्क नहीं रहना चाहिये। उससे नुकसान होगा, बहुत नुकसान होने का भ्रमकान रहेगा। इस वास्ते मुल्क के सभी हिस्से एक संग आगे बढ़ें इसकी व्यवस्था होनी चाहिये। परहैड के हिसाब से पैसा नहीं देना चाहिये, सैंटर को सहायता नहीं देनी चाहिये। जो गरीब और पिछड़ी हुई स्टेट्स हैं उनकी ज्यादा मदद करने की मैं सिफारिश करता
